Subject: Stride Forward Progress Report
Date: Friday, June 24, 2022 12:17:21 PM

Hello, Stride Forward Stakeholders

I hope you are doing well and our thoughts and prayers are with those dealing our recent forest fires in whatever capacity.

Just a brief update on recent activities

- Online Survey #2 Report posted
  - Interesting results around transportation satisfaction, decisions behind mode choice, and attitude toward multi-family housing
  - Got to: https://www.metroplanflg.org/strideforward-documents
- Paper surveys distributed
  - Paper versions of our online surveys were made available at the Adult Center, Community Centers, Libraries and Transit Downtown Connection Center
- Live events tables
  - Earth Day, Bike Fair, Movies on the Square, Community Market, Farmers Market
- Technical activities
  - "Onward" Future Conditions Projection: some technical difficulties are near resolution and this "stay the course" approach will be presented soon
  - Accessibility Analysis: determining how easily people can get to groceries, medical or other needs. Progressing on course
  - Transportation Demand Management: review of international strategies underway

Upcoming events

- Online Survey #3 – pending "Onward" analysis, mid-July (tentative)
  - A brief survey providing basic "Onward" information and seeking feedback
- Live events tables
  - A repeat of the earlier events with "Onward" information provided
- Stakeholder Survey
  - A brief survey just for you!

Thank you for your continued support.
Have a great weekend,
Dave
