**to:** RITA WILLIAMS  
**from:** DOUG KNEUPPER   
**subject:** PHASE 3 BAYOU GOLF COURSE CART PATH  
**date:** November 17, 2008

Eleven bids were received for the Phase 3 Bayou Golf Course Cart Path Project at the bid opening on November 12, 2008.

The low bidder was El Dorado Paving Company, Inc. with a bid of \$140,955.00. This amount was higher than our estimate by approximately \$15,000 but compared to the other bid amounts and with rapidly rising construction/material costs, we feel this bid is acceptable.

We have contacted all of the references provided by El Dorado Paving Company, Inc. These references were from their completed projects over the years. The feedback from the references is that El Dorado Paving Company, Inc. has the experience, expertise, and is a creditable company. They are responsive, responsible, able to complete work on time, and provide quality results.

They were highly recommended for this cart path project.

We recommend the cart path project be awarded to El Dorado Paving Company, Inc.
