Subject: RE: 2021 lubricants contract award

To Whom It May Concern,

Regarding the lubricants bids just received I recommend we award the contract to Texas Fueling Services Inc. Reledyne was the lowest bid but about half of what they bid were not from national oil companies as set forth in the bid documents. Apache was taken out of consideration because of far too many mistakes and failures to meet specs. Suncoast was the most expensive by a large margin.

Best regards,

Chris J Sonnier
