What Is Cultural Arts?

Cultural Art is where an artist expresses their point of view on their culture. Whether it be heritage or where they live. In my experience of learning art, cultural art showcases the different types of art around the world. Many beautiful works reflect the artists in a way that not everyone can understand in the beginning.

Cultural Art takes many forms. It can either be in painting, sculpting, or clothing. There are countries with fascinating clothing that have an important meaning behind it. In the countries of Africa, there are clothes where the colors have a certain meaning to them. Blue represents love and peace, red represents tension, green represents prosperity and life, white represents purity and spirituality, and gold represents wealth and fertility. It is captivating how a piece of clothing can have a beautiful meaning to it. Shows how beautiful the world could be.

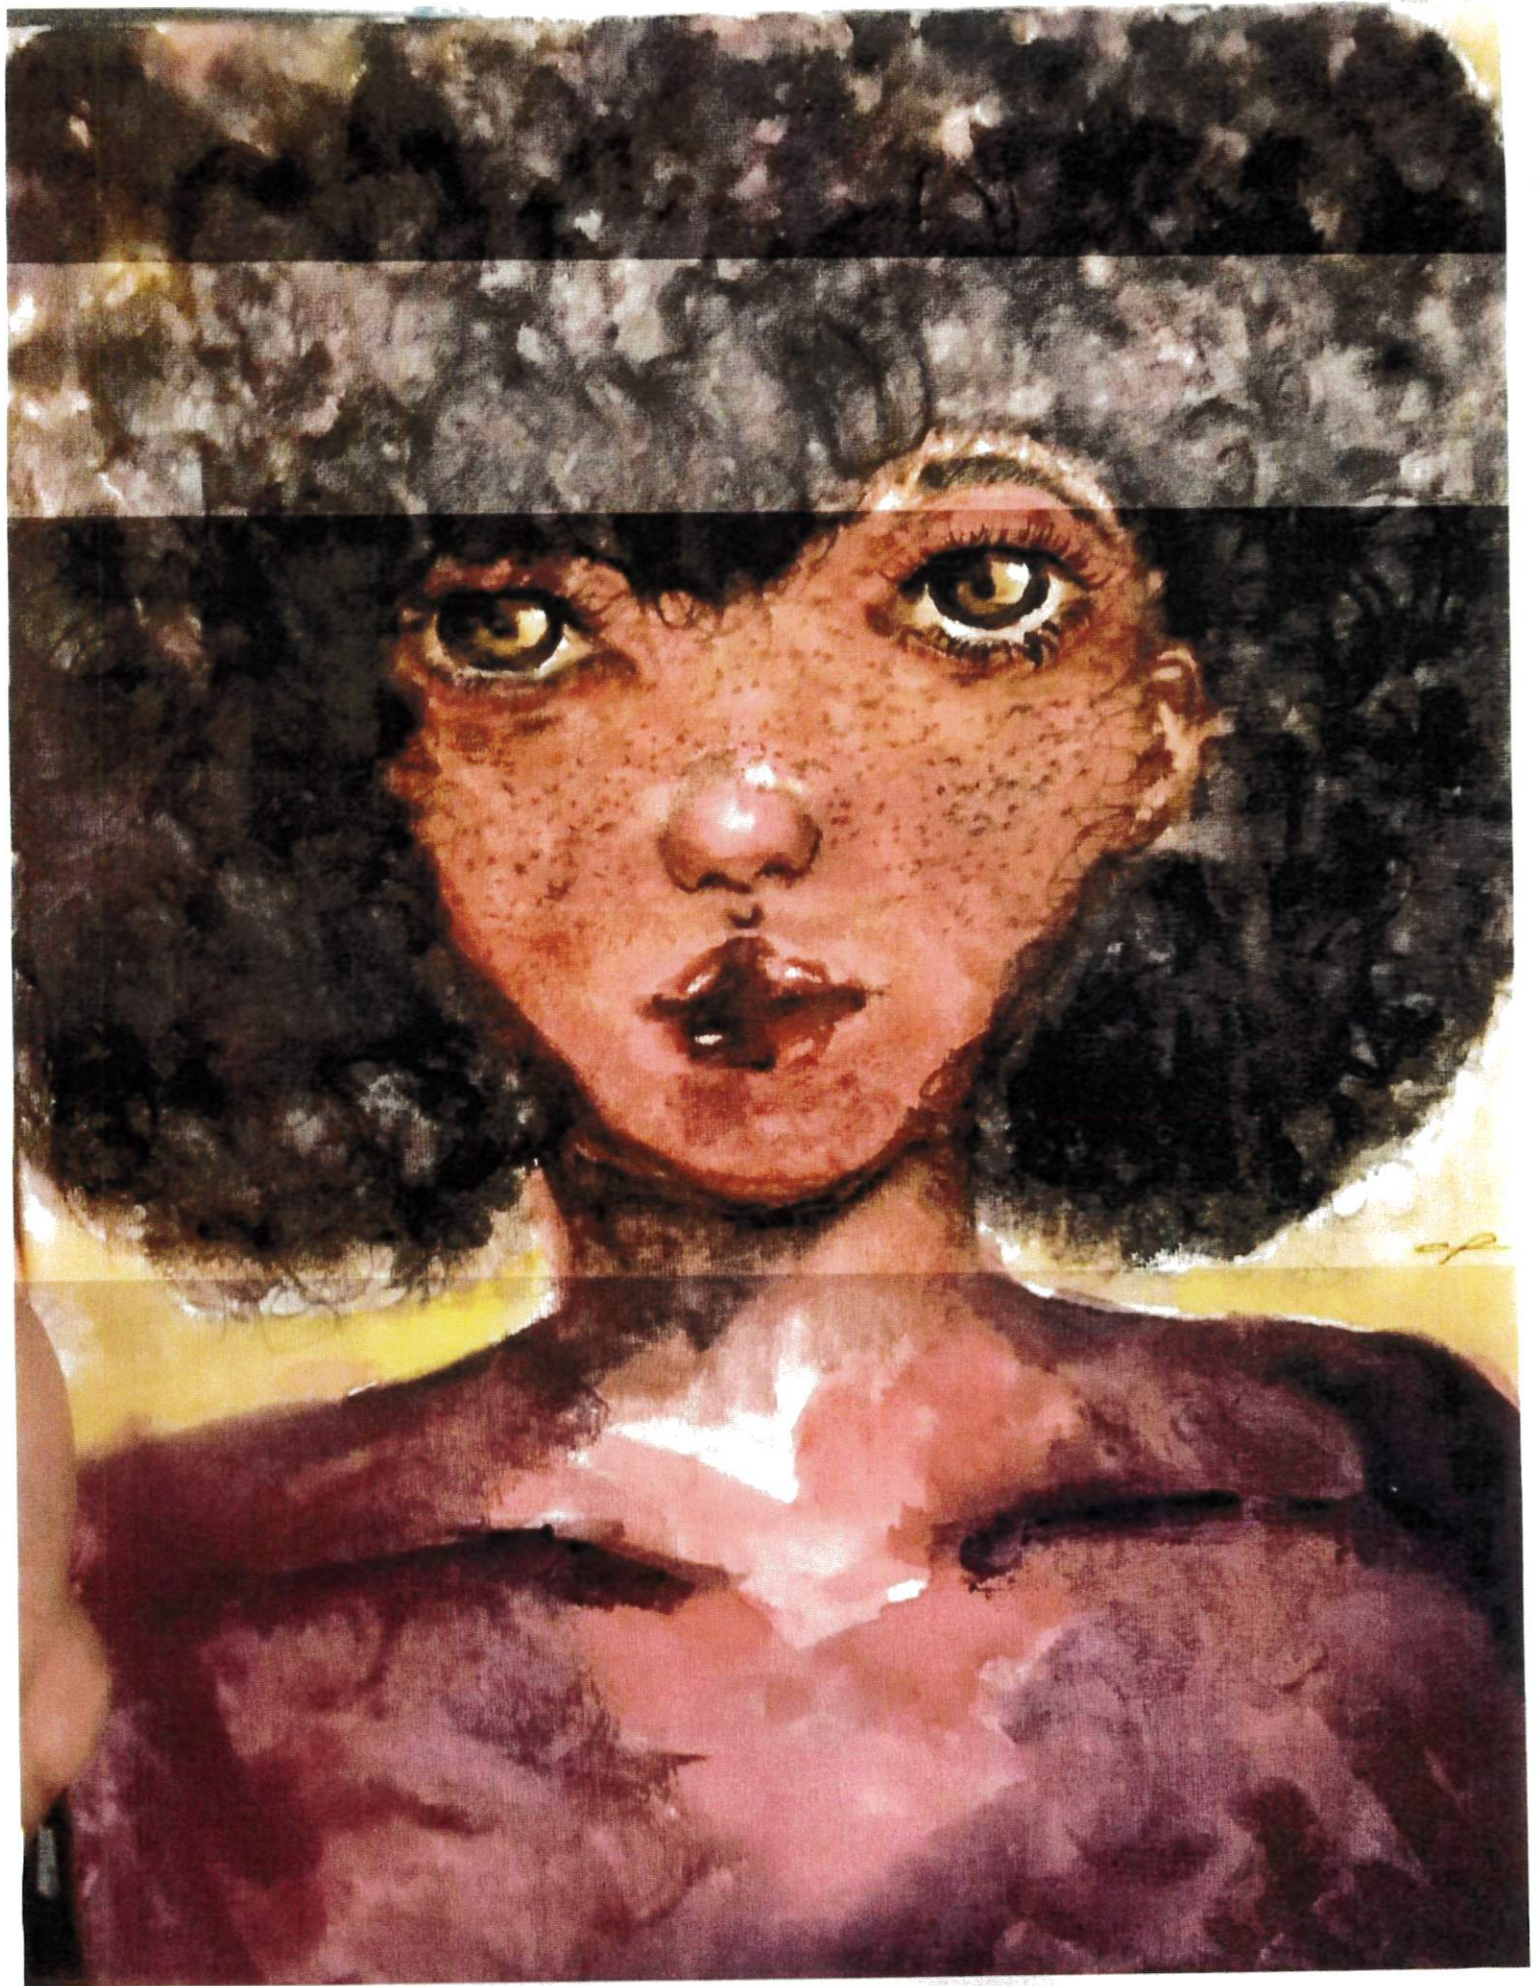

Cultural Art is a substantial form of art because we get to see how each country is different and significant. Everywhere we go, there are beautiful works of art that are different from one another, and each one will have a certain impact on your view of the world. These artworks have a history behind them and it is best that we learn to appreciate the thought behind them. Learn how to appreciate the culture behind it. We might come to be inspired to do something similar. Make a statement in the art world.

Art is captivating and feels you with comfort but it can also be a great way to learn about someone or somewhere. Not everyone is capable of expressing themselves verbally, so it is best to do it in a way that they feel most satisfied. With their works of craft. Just how I express myself with my works of craft.

To whom it may concern,

It is my complete pleasure to write a letter of recommendation for Chloe Richardson. She is a wonderful student and an exceptionally talented artist. I have known her for two years, as she transferred from another school at the beginning of her junior year. She is perhaps the most reliable and hardworking student I have had in the art studio in my 30-year career. She has a bright future and will achieve much given the financial aid she needs.

Chloe plans to attend a university and major in the Fine Arts with the goal of becoming a free-lance artist, showcasing her work in galleries and on-line. She has demonstrated she is capable of college level coursework in Dual credit and AP courses during her junior and senior years in high school. Chloe is ranked No. 14 (Spring 2023) in her class.

She is dedicated to the organizations of which she is a member. Chloe is a Varsity singer in the Master Chorale, a member of Mu Alpha Theta, and a member of La Marque High School Student Council. She is the current President of the National Art Honor Society.

She is also accomplished. A Gold medalist at UIL Solo & Ensemble, advancing to State, and in the visual arts, a Gold medal at VASE, Visual Arts Scholastic Event, and finalist at the Houston Livestock & Rodeo Art Contest.

Her community service activities include: a blanket drive, serving at the Community Senior Citizens Dinner (Texas City Chuck Doyle Center) and serving as an usher and choir member at her church.

She is deserving of award, and I hope that you consider giving her a scholarship. Thank you for advocating for our students.

Sincerely,

Joan Finn
