Montana Code Annotated 2011

[Previous Section](#) [MCA Contents](#) [Part Contents](#) [Search](#) [Help](#) [Next Section](#)

16-3-306. Proximity to churches and schools restricted. (1) Except as provided in subsections (2) through (4), a retail license may not be issued pursuant to this code to any business or enterprise whose premises are within 600 feet of and on the same street as a building used exclusively as a church, synagogue, or other place of worship or as a school other than a commercially operated or postsecondary school. This distance must be measured in a straight line from the center of the nearest entrance of the place of worship or school to the nearest entrance of the licensee's premises. This section is a limitation upon the department's licensing authority.

(2) However, the department may renew a license for any establishment located in violation of this section if the licensee does not relocate an entrance any closer than the existing entrances and if the establishment:

(a) was located on the site before the place of worship or school opened; or

(b) was located in a bona fide hotel, restaurant, or fraternal organization building at the site since January 1, 1937.

(3) Subsection (1) does not apply to licenses for the sale of beer, table wine, or both in the original package for off-premises consumption.

(4) Subsection (1) does not apply within the applicable jurisdiction of a local government that has supplanted the provisions of subsection (1) as provided in [16-3-309](#).

History: En. Sec. 13, Ch. 84, L. 1937; Sec. 4-415, R.C.M. 1947; amd. and redes. [4-4-107](#) by Sec. 92, Ch. 387, L. 1975; R.C.M. 1947, [4-4-107](#); amd. Sec. 1, Ch. 152, L. 1981; amd. Sec. 1, Ch. 662, L. 1983; amd. Sec. 196, Ch. 56, L. 2009.

Provided by Montana Legislative Services

42.12.129 DETERMINATION OF PROXIMITY TO PLACE OF WORSHIP OR SCHOOL

- (1) In order to apply the provisions of 16-3-306, MCA, the department must find:
- (a) the entrance doors of the premises proposed for licensing and the entrance doors of the place of worship or school are situated on the same street; and
 - (b) the physical address of the premises proposed for licensing is designated as the same street as the physical address of the place of worship or school; and
 - (c) the distance, measured in a straight line, from the entrance doors of the business proposed for licensing and the entrance doors of the place of worship or school is 600 feet or less.
- (2) If the above three-part test is not met in its entirety, the provisions of 16-3-306, MCA, do not apply.
- (3) The distance between entrance doors is measured by a geometric straight line, regardless of intervening property and buildings. An entrance is considered to be a means of ingress to the premises generally used by the public. This does not include egress-only doors, delivery, or service entrances.
- (4) In the event that a county or city government should enact an ordinance or resolution supplanting the provisions of 16-3-306, MCA, the restriction shall not apply.
- (5) A conformed copy of such supplanting ordinance or resolution must be submitted to the department by the applicant.
