INTRODUCTION

The Billings Urban Area planning process is organized and conducted in a cooperative, coordinated, and comprehensive manner. The Yellowstone County Board of Planning, as the designated Metropolitan Planning Organization (MPO), is charged with the responsibility of administering the planning process. Under federal regulations, an MPO must be established for urban areas with populations greater than 50,000 in order to receive federal funds for construction projects and transportation planning. This document, the Billings Urban Area Unified Planning Work Program (UPWP), and a companion document, the Prospectus, is the foundation upon which the planning process is based.

The UPWP is developed each year, and once adopted and approved by FHWA and FTA, is in effect from October 1 to September 30. The UPWP contains a task by task discussion of projects, which are to be undertaken during the program year. It also contains appropriate funding information, staffing information, and a schedule for each project. The UPWP undergoes a comprehensive review at the local, state, and federal levels each year.

This year, Federal Fiscal Year 2015, the format for work program activities conforms to Federal Transit Administration (FTA) Circular 8100.1C, specifically Chapter IV. The Montana Department of Transportation and the Yellowstone County Board of Planning have mutually agreed upon use of this format.

The UPWP is a detailed description of projects, which occur on a routine basis. Once adopted, the document is only amended if there is a change in the planning process. The UPWP also contains information pertaining to the organization of the planning process, agencies involved, and agreements between agencies involved in the process.

Cost overrun guidelines have been established by the Montana Department of Transportation, and agreed to by the Yellowstone County Board of Planning. Those guidelines will determine the allowable overruns for any work program element. Overruns that surpass those outlined in the guidelines will require a UPWP amendment.

This document includes two chapters, Highway and Transit. Each chapter contains individual work elements. These work elements describe work the planning and transit staff will undertake in the program year as well as work accomplished in the past year. Also included is a breakdown of funding sources which include, Planning (PL) funds and Local (City & County) funds which are used to provide funding for non PL eligible activities.

DATES OF LOCAL APPROVAL

CHAPTER I

YELLOWSTONE COUNTY BOARD OF PLANNING

SECTION I UNIFIED PLANNING WORK PROGRAM

41.11.100 PROGRAM SUPPORT & ADMINISTRATION

100 PROGRAM ADMINISTRATION (4301)
--

OBJECTIVE

- To administer the area-wide planning process.
- To support the Board of Planning and other Boards, Commissions, and the City Council and County Commissioners in their decision-making activities in the planning process.
- To engage in administrative and financial actions related to identified planning activities and to prioritize those activities.
- To enhance staff skills and maintain staff exposure to the "state-of-the-art" in planning methodology and computer software.
- To maintain contact with, provide input to, and receive feedback from various local, state and federal agencies, committees and groups during the planning process.

ACCOMPLISHMENTS - FISCAL YEAR 2014

Ensured conformance with federal, state, and local administrative and regulatory requirements, as well as maintenance of planning operations.

Members of the planning staff attended various professional meetings, workshops, and conferences at which planning, transportation, transit, bicycle/pedestrian and related topics were presented and discussed.

Specifically, the City-County Planning Division (Planning Division) and members of other local, state and federal departments and agencies actively participated in a diverse set of local meetings, including the Billings Technical Advisory Committee (TAC), Policy Coordinating Committee (PCC), Billings & Yellowstone County Zoning Commissions and Boards of Adjustment, Board of Planning, City Annexation Committee, City Development Process Review Committee, Community Development Board, Traffic Control Board, Bicycle and Pedestrian Advisory Committee, Historic Preservation Board, Billings Livability Partnership and others. The Alternative Modes Coordinator (now being called the Bicycle-Pedestrian Coordinator) position was reestablished in the Planning Division as a city staff position and is responsible for grant writing for the Division. The CTEP program was administered from this work element by Planning Division staff and coordination of TA Program applications and local approvals will be administered through this work element going forward.

Planning staff received updates in computer software programs for the geographic information system and its application to mapping data layers such as streets, land use, address, ownerships and environmental data. Staff regularly utilizes an application tracking and project management software system that integrates the existing City building permit, finance and land management software, as well as coordinated subdivision and development project reviews across City and County departments. The aerial photography coverage was updated in Fall 2014. Staff also updated the City

Annexation Policy and Limits of Annexation Map, and assisted in updates to the City's Capital Improvement Program. Implementation of the City's Complete Streets Policy is ongoing with the development of a Complete Streets Benchmark Report to be published every three years.

PROPOSED ACTIVITIES - FISCAL YEAR 2015

All administrative functions of the Planning Division will be performed under this work element. Program management activities will include, but not be limited to the following:

1. Correspondence
2. Public Relations
3. Employee Guidance, Supervision, and Training
4. Program Organization and Management
5. Consultant Liaison Activities
6. Staff Meetings
7. Negotiations
8. Preparation of Contracts
9. Staff Training
10. Performance Monitoring
11. Office equipment acquisition
12. Budget Management and Administration

PL Eligible Activities

- As per the MPO's public participation plan and ongoing public outreach efforts, the planning staff will make available the documents and guidelines for transportation planning activities to the community, as well as keep abreast of federal and state requirements as they relate to the overall planning processes. These activities may include distribution of the Billings Area Bikeway and Trail Master Plan to community organizations or individuals, distribution of the current Billings Area Tour Map for bicycle and pedestrian users and visitors, distribution and explanation of the latest Billings Urbanized Area Traffic Count Map, explanation and distribution of the MPO's public participation plan to groups involved or interested in transportation planning processes in the community, and explanation and information dissemination of the TA program to possible project applicants in the community.
- Staff will update the PL & Memorandum of Agreement as necessary to meet the requirements of MAP 21.
- Quarterly progress and expenditure reports will be prepared and transmitted to the Montana Department of Transportation (MDT) in order to maintain federal funding support.
- The FY 2015 UPWP will be continually appraised and monitored in terms of content and budget allocations and will be revised when deemed necessary.
- The Fiscal Year 2016 UPWP will be developed under this work element.
- The Board of Planning, Board of County Commissioners and City Council will be kept informed of the activities of the staff and its progress in completing the approved UPWP.
- All planning staff will participate in recognized and approved training programs in order to improve staff skills and capabilities. Planning expertise will be maintained through enrollment in appropriate planning and transportation-related courses at area colleges, workshops, seminars, webinars and conferences.
- Staff will adapt software programs to effectively utilize traffic data and continue computer-training programs.
- The use of PL funds for out-of-state travel and/or registration fees for the above or other purposes will continue to be subject to prior approval of MDT.
- The TA Program administration will be funded through this work element.

- Moving Ahead for Progress in the 21st Century (MAP-21) legislation will be reviewed to become familiar with changes affecting the metropolitan planning process as well as any continuing resolutions extending MAP-21 or new introduced legislation.
- The Bicycle-Pedestrian Coordinator was reestablished as a City staff position and is being proposed to move to full time status. The position will be funded out of several work elements (100, 200 and 300).
- The Transportation Planning Coordinator (Planner II) and Zoning Coordinator (Planner II) positions have been moved to Senior Planner status in the Man Month Table.
- Grant writing services will continue to be incorporated within the Bicycle-Pedestrian Coordinator position. Bicycle-Pedestrian activities in this work element will include:
 - Work field inspections, handle complaints and investigate problem areas of the trail system.
 - Presentations as needed.

Locally Funded Activities

- General administrative activities will include maintenance of files, library documents, daily correspondence and preparation of necessary periodic reports.
- Interagency committee participation is included in this work element.
- All staff members will continue to participate in and encourage increased cooperation between state and local agencies, departments and governing bodies.
- The Planning Division will serve both as a coordinator of and a participant in meetings and committees.
- Planning Division involvement will include participation with such agencies as the Housing Authority, Big Sky Economic Development Authority (BSEDA), Air Pollution Control Board, RiverStone Health (formerly the City-County Health Department), legislative study committees, and other agencies.
- Staff will also continue a summer intern program as interest and needs arise; oversight of these individual(s) will take place in this work element.

STAFFING

26 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

The Planning Division will be responsible for administering the area-wide planning process for the City and County.

PRODUCT

- An ongoing administrative program focused primarily at effective and expeditious implementation of this UPWP.
- The continual enhancement of the Planning Division staff skills and knowledge.
- Maintenance of a coordinated, comprehensive, and cooperative planning process that is endorsed and supported by the local community.

FUNDING SCHEDULE - ADMINISTRATION

FUNDS PROGRAMMED - FISCAL YEAR 2014

FUNDING SOURCE

AGENCY	PL	LOCAL	TOTAL
MPO	\$156,750	\$128,250	\$285,000
TOTAL	\$156,750	\$128,250	\$285,000

DISBURSEMENT PERCENTAGE

AGENCY	PL	LOCAL	TOTAL
MPO	55	45	100

FUNDS PROGRAMMED - FISCAL YEAR 2015

FUNDING SOURCE

AGENCY	PL*	LOCAL	TOTAL
MPO	\$161,150	\$131,850	\$293,000
TOTAL	\$161,150	\$131,850	\$293,000**

*The matching ratio is Federal PL--86.58% and State match-13.42%.

**Two computers (Planning Technician-Modeling \$2,000 and Presentation Computer \$2,000) and Adobe Package and Community (\$2,000) will be purchased through this element.

OBJECTIVE

- To coordinate the dissemination of information and exchange of ideas between planning agencies and the interested public, decision-makers, and other departments, agencies, and organizations as related to the Billings MPO.

ACCOMPLISHMENTS - FISCAL YEAR 2014

Members of the planning staff were involved in a wide range of service tasks. Planning services included presentations related to roadways and alternative transportation, responding to citizen inquiry and complaints regarding streets, subdivision layout, site distance, zoning request, conformance with the 2014 Transportation Plan Update and the Billings Area Bikeway and Trail Master Plan, Yellowstone County and City of Billings 2008 Growth Policy, West Billings Plan, and various neighborhood and community plans.

Staff presented transportation planning information to its organization and agency partners as needed for educational and decision making purposes. Planning staff also shared information with the community and stakeholders throughout the development of several planning efforts including the Hospitality Corridor Planning Study, Exposition Gateway Concept Plan and the Billings North Bypass Final EIS. The Billings MPO hosted 30 webinars covering a variety of topics including transportation and mobility related topics.

PROPOSED ACTIVITIES - FISCAL YEAR 2015**PL Eligible Activities**

- Staff will continue to organize a very successful series of webinars and “brown bag lunch” seminars on a wide range of planning topics, including multi-modal transportation planning and funding, collaborative community planning techniques and planning for sustainability as well as various Institute of Transportation Engineers, Pro Bike/Pro Walk, Sustainable Communities, and Federal Highway Administration webinars.
- Staff is also targeting webinars which educate the public on the transportation planning process and funding as related to the operation of the MPO.

Locally Funded Activities

- Staff will continue to develop and use website tools to enable citizens to access information on upcoming planning activities, board and commission meetings, and recent land use applications, as well as interact with various planning processes through email notification and online comment programs. Staff will look at implementing citizen access to the ImageSilo software for access to historical data related to transportation, zoning and other planning applications.
- Continue increasing community awareness of the interrelationships between land use development and transportation needs through dissemination of information and drafting of planning documents that incorporate both elements together.

STAFFING

3.5 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

As Assigned.

PRODUCT

- A responsive and flexible planning process utilizing staff capable of providing short-term findings and recommendations, as well as ongoing customer service to the public on all levels of planning projects and regulations.

102 CITIZEN INVOLVEMENT (4303)

OBJECTIVE

- To solicit information concerning community values and goals and to receive community input into the development of plans and projects.

ACCOMPLISHMENTS - FISCAL YEAR 2014

Numerous meetings with service clubs, civic groups, and professional organizations were attended by staff members to discuss all facets of local planning. The Planning Board used extensive public input to review and receive comments on a wide range of planning issues throughout the City and County. Meetings of neighborhood task force organizations and neighborhood advisory committees were also attended as requested to answer questions and review long-range planning issues, particularly related to transportation planning and projects, as well as code enforcement complaints. Projects specifically related to citizens and citizen boards included the 2014 Long Range Transportation Plan, the Hospitality Corridor Plan, Highway 3 Corridor Study and the ZooMT to Riverfront Park Non-Motorized Access Planning Study. Staff, in coordination with other agencies participated in the implementation of the EBURD Master Plan which included converting 1-way streets to 2-ways with multi-modal amenities, and implementing a form-based code for the EBURD. Projects identified in the South Billings Master Plan were prioritized and scheduled through a series of public meetings. Three of the top four projects focus on improved roadways and bicycle and pedestrian facilities.

PROPOSED ACTIVITIES - FISCAL YEAR 2015

PL Eligible Activities

- Outreach to the public and all affected jurisdictions for ongoing transportation projects, including but not limited to Bench Boulevard North, North Billings Bypass, Zimmerman Trail reconstruction, short-term rail traffic mitigation projects in downtown Billings, the 2014 Long Range Transportation Plan, the Highway 3 Corridor Study and the Zoo MT to Riverfront Park Non-Motorized Access Planning Study.
- The staff will continue to support the Bicycle and Pedestrian Advisory Committee. The Committee is responsible for forwarding recommendations to the Planning Board and governing bodies on bicycle safety, trails, bike lanes, pedestrian safety and access, and other matters. The group will be involved in the nomination and review of TA Program eligible project, bicycle and pedestrian signing and safety projects, grant applications for non-motorized transportation projects, and community education and outreach on bicycle and pedestrian safety within the MPO.
- TAC and PCC meetings will be held and meeting information disseminated as necessary.
- Staff will continue to update and maintain the MPO's website to provide the most current up to date information to the community.
- Staff will implement web-based public engagement software (Mind Mixer) that uses social media and conventional web-based interfaces to engage the public in MPO community planning projects and processes.

Locally Funded Activities

- Meetings with various citizen groups will be coordinated and attended for the purpose of soliciting information and ideas on a broad range of planning issues within the Billings Urban Area and throughout Yellowstone County.
- Some of the specific projects that will include community participation include the ZooMT to Riverfront Park Non-Motorized Access Planning Study, the Highway 3 Corridor Study, the North Billings By-Pass, and the 2014 Long Range Transportation Plan.
- Community participation using new tools and techniques will also be included in all planning studies proposed within this document.

STAFFING

4.0 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

City/County Planning

PRODUCT

- A comprehensive and coordinated solicitation and collection of public opinions in order to accurately reflect the preferences and priorities of the citizens within the Billings Urban Area.

FUNDING SCHEDULE - CITIZEN INVOLVEMENT

** Mind Mixer Program - \$10,000

41.12.200 GENERAL DEVELOPMENT & COMPREHENSIVE PLANNING

200 Community Planning (4304)

OBJECTIVE

- To maintain records and make projections of population and dwelling unit data, land use information, employment data, and to maintain adequate financial records, files and reports.
- To provide current, accurate information pertaining to the quantity of residential, commercial, industrial, and public land in the MPO and across the County.
- To summarize and analyze development trends and to provide visual information to the City Council, County Commission, Planning Board and the public during the public input process for transportation and land-use decision making.
- To recommend implementation of the goals, policies, and strategies of the adopted 2008 Yellowstone County/City of Billings Growth Policy.
- Implementation of the 2014 Billings Urban Area Transportation Plan.

ACCOMPLISHMENTS - FISCAL YEAR 2014

The 2010 Census and most recent American Community Survey (ACS) data has been updated and placed in various databases as it has become available. Data gathered and updated included annual information related to population estimates for city and counties within the State of Montana. This annual information is used by the public and public agencies for planning purposes. The ACS is accessed for review and dissemination, and updated information released by the US Census Bureau in regards to commuting patterns. Other data gathered includes:

- Building Permits, Demolition Permits, Electrical Permits, Subdivision Applications, Zoning Applications, Special Reviews, Variances, temporary use permits, sign permits, zoning compliance permits and zoning clarification documents, annexation data, population trends, land use trends, school enrollment, employment data and general economic indicators.

The planning staff continued to review the 2010 Census data and the 2012 ACS figures and estimates for population and demographic data. Staff attended a 3-day workshop on using and understanding the census data. This workshop will help staff assist the community in accessing and understanding the data. The Census information was made available to various local agencies and organizations and to the general public. This data was used for developing reports, grant applications and planning documents such as the 2014 Long Range Transportation Plan, the 2014 Recreational Trails Grant Application, and the Billings Area Bikeway and Trail Master.

Several datasets, including the general land use map of the County were updated so as to maintain an inventory of existing conditions. This information was utilized in various planning studies and provided to other departments and the general public. Zoning data developed in element 204 for the entire City and County zoning jurisdictions was provided to neighborhood task force groups and others as requested. Numerous other special purpose maps were prepared for meeting purposes including bicycle trail maps, annexation maps, estimated development density maps and tables for the Limits of Annexation Map area, and other project influence areas. Natural resource, 2010 Census, and jurisdictional boundary information was updated or developed. Traffic count station locations were geo-positioned and linked with the City-County traffic count matrix. The City also completed new aerial imagery of the land inside the City Limits and along the fringe areas and it will be loaded into the City's GIS base map for use in application reviews, transportation planning efforts, and general customer inquiries.

Ongoing review and implementation of sub-area neighborhood and transportation plans, and other planning documents was carried out by staff.

PROPOSED ACTIVITIES - FISCAL YEAR 2015

PL Eligible Activities

- The web-based GIS software will be upgraded and expanded to ensure compatibility with available datasets and utilize the existing data sets more effectively. Since the City is in the process of converting to a new electronic project tracking and management system, staff is researching the future connection between this system and GIS. The GIS will be utilized to develop a series of maps, including existing and proposed pedestrian trail routes and projects in the community, maps to implement the 2014 Long Range Transportation Plan, the Hospitality Corridor Study and the Exposition Gateway Concept Plan, updates to a preferred growth area map in conjunction with the City's Limits of Annexation Map, mapping of focus areas for implementation of the City's Infill Development Policy, and others.
- The planning staff, under the direction of the Board of Planning, will continue to work on long-range planning projects according to the priorities established by both the City of Billings and Yellowstone County. In particular, the continuing implementation of the South Billings Master Plan, and completion of the ZooMT to Riverfront Park Non-Motorized Access Planning Study, and the Highway 3 Corridor Study. Staff is also preparing an update to the 2008 Growth Policy.
- Bicycle-Pedestrian activities in this work element will include:
 - Work with staff to insure a bike/pedestrian friendly community.
 - Review of proposed subdivision trail easements.

Locally Funded Activities

- Staff also will continue to work with the Big Sky Economic Development Authority (BSEDA) to implement the Master Plan for the East Billings Urban Renewal District (EBURD), the Hospitality Corridor Planning Study and the Exposition Gateway Concept Plan. The plans include detailed analysis of the transportation and land use connections in the area and promoting sustainable development projects.
- Staff plans to work with the City, County, BSEDA, and neighborhood groups to identify planning needs in various parts of the urbanized area.
- Continued maintenance and update of socio-economic and land use data for both transportation and comprehensive planning activities will continue in 2014, with 2010 Census information and the newly released 2014 American Community Survey data.
- Various GIS databases and layers will continue to be developed and centrally maintained, including information on neighborhoods, community assets, route planning, trail systems and transportation plans.

STAFFING

21 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

City/County Planning

PRODUCT

- Various reports, files, and projections of socio-economic data necessary for current transportation and comprehensive planning activities, as well as support of City/County economic development activities.
- An ongoing GIS database/mapping system for the City of Billings and Yellowstone County.
- Ongoing updates to the preferred growth areas mapping and analysis for the City, implementation of the City Infill Development Policy, South Billings Master Plan, the ZooMT to Riverfront Park Planning Study, and the Highway 3 Corridor Study.

FUNDING SCHEDULE - COMMUNITY PLANNING

FUNDS PROGRAMMED - FISCAL YEAR 2014

FUNDING SOURCE

AGENCY	PL	LOCAL	TOTAL
MPO	\$55,500	\$129,500	\$185,000
TOTAL	\$55,500	\$129,500	\$185,000

DISBURSEMENT PERCENTAGE

AGENCY	PL	LOCAL	TOTAL
MPO	30	70	100

FUNDS PROGRAMMED - FISCAL YEAR 2015

FUNDING SOURCE

AGENCY	PL*	LOCAL	TOTAL
MPO	\$57,900	\$135,100	\$193,000
TOTAL	\$57,900	\$135,100	\$193,000

*The matching ratio is Federal PL--86.58% and State match-13.42%.

OBJECTIVE

- To oversee, interpret and enforce current City and County zoning regulations.
- To effectively administer the regulations and provide efficient service to the elected officials and the public.
- To maintain current zoning and land use information for all zoned property within the jurisdiction of the Billings Metropolitan Planning Organization to use in long-range transportation planning studies, traffic analysis, and transportation projects.

ACCOMPLISHMENTS - FISCAL YEAR 2014

During the past year, all applications for zone changes, special reviews, variances, and planned developments were reviewed and processed by the planning staff. Reports and recommendations were prepared on each case to the various boards, commissions, and governing bodies. Digital photos are now incorporated into all zoning reports and Microsoft Power Point presentations are given to all boards and commissions. Staff is in the process of ongoing scanning of historic zoning files to the ImageSilo in preparation of future citizen access. All applications for building permits were also reviewed for compliance with City and County zoning regulations. Special zoning studies and ordinance updates were prepared as requested by the governing bodies. These included making a series of zoning code amendments to bring the regulations into compliance with changes in State Law and changes driven by community interests concerns.

Zoning information also was provided to the consultant team working on the North Bypass project as the EIS process was amended and road alignments through the zoning jurisdiction were reviewed. Staff also coordinated with the County GIS Department to ensure that all zone changes within the Billings MPO area were reflected on GIS online and printed maps to ensure land use information was current.

A significant amount of time was also spent assisting the public with general zoning questions. The status of all active zoning applications is now posted on the City/County Planning websites.

PROPOSED ACTIVITIES - FISCAL YEAR 2015**PL Eligible Activities**

- Zoning, Special Review, and Variance applications will be reviewed for land use compatibility, traffic, access, and overall site design. Traffic accessibility studies will be reviewed when required as part of certain zoning applications that include drive-thru services, high-traffic volume developments, projects that may be adjacent to arterial streets with limited access like Shiloh Road, Grand Avenue or King Avenue West, or may otherwise cause significant impacts to the local transportation system.
- Staff will continue to maintain its zoning maps and land use information so that it is applicable to long-range transportation planning efforts in the Billings MPO. This information is regularly applied to a variety of MPO functions, including corridor analysis efforts like those involved in the Billings Bypass project, specific road projects, TA program applications and non-motorized grant applications.

Locally Funded Activities

- Carrying out the day to day activities required to effectively administer the zoning regulations as well as ensure that land use information is current and available for all long-range transportation planning efforts, including Transportation Plan updates, specific road projects, corridor studies like the proposed Highway 3 corridor study, and the North Bypass EIS project.
- Activity in 2015 will include ordinance updates as required by State Law including language addressing Home Occupation licensing, or requested by the public or governing bodies.
- All zone change applications will be reviewed for compliance with local plans.
- Staff is preparing for an update to the existing Unified Zoning Code based on fulfilling policy goals set by the local governing body including Growth Policy, Neighborhood Plans, Complete Streets and Infill Policies.

STAFFING

10 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

City/County Planning

PRODUCT

Effective zoning regulations and administration for the City of Billings and Yellowstone County.
 Effective enforcement of the zoning regulations for Yellowstone County.

FUNDING SCHEDULE - ZONING ADMINISTRATION

FUNDS PROGRAMMED - FISCAL YEAR 2014

FUNDING SOURCE

AGENCY	PL	LOCAL	TOTAL
MPO	\$22,000	\$88,000	\$110,000
TOTAL	\$22,000	\$88,000	\$110,000

DISBURSEMENT PERCENTAGE

AGENCY	PL	LOCAL	TOTAL
MPO	20	80	100

FUNDS PROGRAMMED - FISCAL YEAR 2015

FUNDING SOURCE

AGENCY	PL*	LOCAL	TOTAL
MPO	\$23,000	\$92,000	\$115,000
TOTAL	\$23,000	\$92,000	\$115,000

*The matching ratio is Federal PL--86.58% and State match-13.42%.

OBJECTIVE

- To maintain the current City and County subdivision regulations and ensure that they are updated when changes in State law occur.
- To effectively administer the regulations and provide efficient service to developers, engineers and surveyors, elected officials, and the community.
- To ensure that development is occurring with minimal negative impacts to the community and that subdivisions are designed to be safe and long lasting in the community.
- To evaluate traffic accessibility studies, general circulation data, and ensure conformity with the Functional Classification Map and associated elements of the Long Range Transportation Plan when a subdivision application is submitted.
- To collect, manage, and apply subdivision development information for long-range transportation planning activities for the MPO – including but not limited to updates to the transportation plan and maintenance of inputs for traffic modeling.

ACCOMPLISHMENTS - FISCAL YEAR 2014

The Board of Planning and the planning staff reviewed all preliminary major and minor plat applications. Numerous conceptual and pre-application meetings were coordinated and attended by staff. All final plats were reviewed and processed. Also, a significant amount of time was spent assisting the public with general subdivision questions. Updates to the City and County Subdivision Regulations due to Legislative changes were drafted and approved.

Staff collected and compiled information on the details of each new subdivision in terms of numbers of lots and land area slated for development. This information is integral to any transportation plan updates or long-range transportation planning efforts undertaken by the MPO in the community to determine population growth and location of residents and commercial services that affect the transportation system. This involved monthly subdivision activity reporting and periodic reviews of new development locations (which were recently needed for the revised EIS process for the North Bypass project here in Billings). This is also considered in relation to the CTEP/TA programs and when the MPO pursues grants for non-motorized transportation projects in the community.

PROPOSED ACTIVITIES - FISCAL YEAR 2015**PL Eligible Activities**

- Staff will review all subdivisions for compliance with the Billings Area Long Range Transportation Plan, and for conformity with the Billings Area Bikeway and Trail Master Plan, Lockwood Transportation Plan, Blue Creek Transportation Plan, and other neighborhood and community transportation plans as applicable.
- Staff also will continue to collect information on the details of each new subdivision as an integral data source for long-range transportation planning efforts undertaken by the MPO. The MPO expects to use this data in 2015 for a variety of projects, including a Highway 3 Corridor Study, the ZooMT to Riverfront Non-Motorized Feasibility Study, the continued alignment analysis for the Inner Belt Loop Phase II, and continued analysis for the North Bypass.

Locally Funded Activities

- All subdivision applications will be reviewed for compliance with local and state subdivision law.
- To carry out the day to day activities required to effectively administer the subdivision regulations, and to keep the regulations current.

STAFFING

11.5 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

City/County Planning

PRODUCT

An effective subdivision review process with regard to local and state law, the Growth Policy, and the Billings Area Transportation Plan.

*The matching ratio is Federal PL--86.58% and State match-13.42%.

41.13.300 LONG RANGE TRANSPORTATION PLANNING

300 TRANSPORTATION SYSTEM DATA (4310)

OBJECTIVE

- To develop and maintain current transportation system data files and records.
- To provide transportation planning and data information to City and County staff, elected officials, developers, engineering firms, and the general public.

ACCOMPLISHMENTS - FISCAL YEAR 2014

The traffic count program for FY 2014 was completed. Travel times/delay/speed studies were completed, calculations computed, and level-of-service values determined. Staff participated in the update of the City of Billings Capital Improvement Program (CIP). Accident information was compiled and analyzed. Some the accident data was used in the drafting of the 2014 Long Range Transportation Plan. The staff also continued to utilize the trail scanners that were purchased and found new and better ways to both use the scanners in more trail locations in the community and display the data for various applications. Rails to Trails Conservancy chose Billings as a pilot city for two EcoCounters, these counters were placed on commuter trails within the City and are continuously transmitting real time data. Also, the City has modified two traffic signals so they have the capability of detecting bicycle traffic at intersections. The Seasonal Traffic Intern has been combined into the City Engineering (Contract Position). This was done as a cost saving measure and will allow more flexibility with MPO related duties as they are presented. A silo based data retention system was put into place. This system allows for digital data storage of all the traffic count information and will enable better staff, agency and public access to the information in 2015.

Staff completed the Hospitality Corridor Planning study and is currently overseeing the Highway 3 Corridor Study and the ZooMT to Riverfront Park Non-Motorized Feasibility Study. In addition to the planning studies, staff assisted the Lockwood community in public meetings to determine establishment of a Lockwood Pathway and Lighting district. Through public meetings leading to a community ballot issue, the community approved the mill levy establishing this district. Staff is will be assisting in the development of a path and lighting plan in FY 2015.

PROPOSED ACTIVITIES - FISCAL YEAR 2015

PL Eligible Activities

- The traffic count program for the Billings Urban Area as well as the Yellowstone County influence area will be conducted and the appropriate data recorded during FY 2015. All traffic count data will be submitted to the MDT by February 1, 2015.
- Accident data will be compiled and analyzed to determine high hazard locations.
- Staff will update, where appropriate, the City's Capital Improvement Program.
- The Contract Position with City Engineering will take on expanded duties of traffic modeling and traffic model upkeep and maintenance.
- Staff will collect and maintain bike/pedestrian information through the trail census and use of the trail-bike/pedestrian scanner.
- Additional integration of the Transportation Planner II position into the Division's transportation project work and familiarity with transportation planning issues will continue under the direction of the Transportation Planning Coordinator. This individual continues to be responsible for managing traffic data for studies and reference, administering the TA

Program, training for future modeling traffic conditions related to new developments and transportation system changes.

- The traffic count data silo will be maintained and access for other agencies and the public will be coordinated with the system.
- The MPO is proposing to buy new traffic count equipment. Staff will work with MDT on coordinating this.
- The Bicycle-Pedestrian Coordinator position will continue as a City staff position and is partially funded through this element as well as others in the UPWP. Duties will include but not limited to:
 - Maintain Bike/pedestrian data bases.
 - Maintain data base for easement acquisition.

STAFFING

13.5 Staff Months – City/County Planning

11.0 Staff Months - City Engineering (Contract Position)

FUNCTIONAL AGENCY RESPONSIBILITY

City/County Planning/MDT

PRODUCT

Documentation as necessary, support of transportation grant programs, transportation system modeling, updated Traffic Count Program, and research and integration of traffic information into planning projects and development review activities.

**Buy New Traffic Counters - \$25,000.

301 TRANSPORTATION PLAN (4311)

OBJECTIVE

- Implement the Goals and Objectives in the 2014 Billings Long Range Transportation Plan.
- Develop (where necessary) and maintain data for the urban area in order to effectively monitor and evaluate the validity of the Transportation Plan.

ACCOMPLISHMENTS - FISCAL YEAR 2014

Staff completed the 2014 Long Range Transportation Plan with adoption by the Policy Coordinating Committee on July 15, 2014. Elements in the Plan include updated Goals and Objectives, an expanded Transit section, an analysis of the Railroad interface with the community, and a review of current projects listed in the 2009 Study. Staff worked with a project oversight committee to guide the progress of the plan through the transportation planning process.

Development projects were reviewed for compliance and alignment with the Transportation Plan as well as the Billings Area Bikeway and Trail Master Plan. Staff worked with TAC and PCC to develop new projects and establish timelines for existing projects identified in the Transportation and the Bikeway and Trail Master Plan.

PROPOSED ACTIVITIES - FISCAL YEAR 2015

PL Eligible Activities

- Staff will continue implementation of the goals and objectives in the Billings Area Bikeway and Trail Master Plan.
- Staff will implement components of the 2014 Transportation Plan.
- Staff will also integrate the 2014 Transportation Plan with the City's Capital Improvement Program to ensure consistency.
- Projects will continue to be reviewed for future implementation in the City's CIP and the MPO's TIP.

STAFFING

9.0 Staff Months – City/County Planning

302 PLANNING STUDIES (4312)

OBJECTIVE

- To update and develop site-specific plans and transportation studies where appropriate.

ACCOMPLISHMENTS - FISCAL YEAR 2014

- The Hospitality Corridor Study and the Exposition Gateway Concept Plan are two studies that were completed and formally adopted in Fiscal Year 2014. This was accomplished through coordination of funding from this program and other local partners. The study areas for both of these projects included the transportation corridor from the I-90 Lockwood Interchange to the Airport Road/Main Street Intersection and the land along this corridor. These studies were completed through a consultant contract in coordination with staff support.
- Staff assisted the East Billings Urban Renewal District (EBURD) management team in reviewing traffic data, road functional classification, and other transportation information to implement the Master Plan. Staff participated in discussions with the City, County, BSEDA, EBURD property owners, and others to formulate the process to complete the Hospitality Corridor Study and the Exposition Gateway Concept Plan.
- The Highway 3 Corridor Study started in Fiscal Year 2014. The Study will provide an access plan for the corridor between the intersection of 27th Street and Highway 3 and Apache Trail at Indian Cliffs Subdivision and Highway 3 northwest of Billings. The study will research the ability to improve the area with bike/pedestrian amenities along the rim-face which would include a parking plan and a detailed corridor storm water management plan. This study will address current vehicle and non-motorized traffic circulation and access along the corridor and plan for future changes to the corridor from traffic patterns and development activity.
- The other planning study initiated this year is the ZooMT to Riverfront Park Non-Motorized Feasibility Study. The study includes community involvement and information sharing within the proposal for alternate routes, access points, suggested pedestrian/bicycle amenities and potential way-finding locations. This study will address current motorized and non-motorized traffic circulation patterns and anticipated future changes to the corridor from land development activity.
- Discussions with MDT, the City, Burlington Northern Santa Fe (BNSF) and Montana Rail Link (MRL) continue on short-term recommendations for addressing traffic congestion due to increasing train traffic in the urban core of Billings. A standing committee to address this issue has been formed and meets monthly to review progress.

PROPOSED ACTIVITIES - FISCAL YEAR 2015

PL Eligible Activities

- Another new study that may begin in 2014 is a Non-Motorized Trail Feasibility Study for the development of a bicycle/pedestrian trail adjacent to Zimmerman Trail from Highway 3 to Rimrock Road. The increased bicycle and pedestrian traffic trying to access public land above and below the rimrocks in the Zimmerman Trail area, as well as the use by cyclists and pedestrians for commuting purposes in the area has demonstrated a need for a facility to safely convey pedestrians and cyclists up and down the rimrocks in this area.
- A Railroad Corridor Study is proposed to review the functionality of the existing underpasses at 13th Street and 21st Street in downtown Billings and to study the inclusion of two bicycle/pedestrian overpasses. This study will also review the potential for transportation connectivity with the abandoned 5th Street Right-of-Way.

- Staff is also proposing a West End Traffic Study that further identifies issues targeted in the 2014 LRTP which include traffic accessibility, dealing with increased subdivision activity, more detailed modeling process and road capacity.

Locally Funded Activities

- Staff will be involved in the coordination through completion of all planning studies undertaken. This includes contract negotiations, coordination of citizen advisory groups, public meetings, overseeing contract deliverables and project wrap-up.

STAFFING

41.15.500 TRANSPORTATION IMPROVEMENT PROGRAM

500 TRANSPORTATION IMPROVEMENT PROGRAM (4313)
--

OBJECTIVE

- To maintain a viable five-year program of transportation improvements for the Billings Urban Area.

ACCOMPLISHMENTS - FISCAL YEAR 2014

A Transportation Improvement Program (TIP) update was produced to reflect current project status. Determinations were prepared for conformity to the Clean Air Act. Compliance with the new requirements of the MAP-21 reauthorization was completed.

PROPOSED ACTIVITIES - FISCAL YEAR 2015

PL Eligible Activities

- The Transportation Improvement Program (TIP) will be updated as needed to reflect current project status. A certification statement will be included, as appropriate, to conform to the planning regulations. Based on the Transportation Plan, projects will be evaluated and ranked in accordance with the Priority Ranking Procedures, and in accordance with consistency/conformity procedures. Necessary data will be gathered from primary and secondary sources by the planning staff based upon the Memorandum of Understanding with the City of Billings Public Works Department, establishing areas of data responsibility. Conformity determinations will be prepared as necessary to ensure conformity with the Clean Air Act.

41.16.600 SPECIAL PROJECTS

600 ENVIRONMENTAL CONSIDERATIONS (4314)

OBJECTIVE

- Maintain current records of monitored air pollution levels and obtain other environmental data as necessary within the Metropolitan Planning Area.
- Review proposed development and transportation system improvements with respect to environmental considerations within the MPO influence area.

ACCOMPLISHMENTS - FISCAL YEAR 2014

Air quality monitoring information was obtained from the County Air Pollution Control Board. Air quality mapping for the State Air Quality Bureau was revised. The Congestion Mitigation Air Quality (CMAQ) program was implemented. Staff continues to monitor carbon monoxide (CO) information in the Urbanized Area.

The Socio-Economic and Environmental (SEE) effects guidelines were used to review proposed developments and transportation system improvements.

PROPOSED ACTIVITIES - FISCAL YEAR 2015

PL Eligible Activities

- The planning staff will continue to utilize the SEE effects guidelines to evaluate all major development proposals in terms of transportation systems. This would include the CMAQ program.
- Work will continue to maintain the Billings air quality designation.
- Staff will continue to review the MOVES Program and others like it and their relationship to the MPO.

STAFFING

TOTAL	11

SECTION III

INDIRECT COST PLAN

INTRODUCTION

The Office of Management and Budget Circular A-87 "Cost Principles for States and Local Governments" is used as governing criteria for establishing the allowed costs.

IDENTIFICATION OF COSTS

The costs are delineated below by type:

DIRECT	INDIRECT	BENEFITS
Salaries & Wages	Maintenance	FICA
Legal Notices	Reproduction	PERS
Travel	Supplies	Workmen's Compensation
Printing	Postage	Accident Insurance
Training	Subscriptions	Health Insurance
Consultants	Telephone	Sick Leave
Equipment	Utilities	Vacation
Mileage	Rent	Holidays
Moving/Interview	Audit	Maternity
	Messenger	Military
		Life Insurance
		Dental Insurance

ALLOCATION OF COSTS

Direct costs will be charged to the work program line item to which they apply.

An indirect cost rate of **12%** of the City and County's direct salaries and wages is proposed. The **12%** rate will be applied to the direct wages and salaries of each line item within the work program to cover all indirect expenses.

Benefits will be calculated at a rate of **49%** of the City and County's direct salaries and wages charged to each line item.

FUNDING SOURCES

The degree of participation by each funding agency is based on the pro-rations which have been determined for each line item. Each agency will be billed their share of the total charges made against each line item according to the approved pro-rations.

Funding sources and amounts contained in the UPWP are as follows:

Planning Dept. Fees (City of Billings)	\$183,000
Planning Dept. Fees (Yellowstone Co.)	\$50,000
Yellowstone County (Mill)	\$405,000
PL*	\$1,249,011
TOTAL	\$1,887,011

*The matching ratio is Federal PL--86.58% and State match-13.42%.

SUMMARY

The indirect cost rate is a predetermined fixed rate which is not subject to adjustment. The base period used in determining the rate is the period from July 1, 2013 through June 30, 2014. The calculated rate is applicable to the grant period, which is October 1, 2014 through September 30, 2015.

CHAPTER II
CITY OF BILLINGS TRANSIT DIVISION
SECTION I - UNIFIED PLANNING WORK PROGRAM

44.21.00 Program Support and Administration

44.21.01 Program Administration

OBJECTIVE

To provide program support, general administration, grant administration, and training in support of transit planning activities.

ACCOMPLISHMENTS FISCAL YEAR 2014

Conformance with federal, state, and local administrative requirements for maintenance of transit planning function, including continuing to maintain and update the Coordinated Transportation Plan. Attended training opportunities and enhanced knowledge and skills. Attended general transit-related meetings. Managed FTA Section 5303 grant activities, and prepared transit aspect of UPWP. Participated in TAC and other meetings.

PROPOSED ACTIVITIES FISCAL YEAR 2015

All administrative functions necessary in support of transit planning activities will be performed. Quarterly progress and expenditure reports will be prepared and transmitted to the Montana Department of Transportation, Urban Planning Division to maintain federal funding support. Furthermore, this UPWP will be revised when deemed necessary. The FY 2015 UPWP for transit planning activities will also be developed under this line item. The Coordinated Transportation Plan will be updated.

Staff participates in recognized and approved training programs in order to improve skills and capabilities. Planner will assimilate documents, regulations, and codes to keep abreast of federal, state, and local requirements as they relate to the transit planning process. To maintain interaction and feedback with appropriate citizen and professional groups, staff will participate with the TAC, Coordination Plan Committee, citizen advisory boards and others as needed. Grant administrative functions will also be performed.

44.24.00

Short Range Transportation Planning

44.24.01

New Transportation Service Evaluation and Analysis

OBJECTIVE

To facilitate considerations of means to ensure that citizens will have acceptable public transportation alternatives in the future, including during times of constrained financial resources.

ACCOMPLISHMENTS FISCAL YEAR 2014

Updated projections of future revenues and expenses. Assisted with annual and out-year budget and financial resources analysis, including multi-year spreadsheets. Arranged for a variety of on-going data gathering and analysis efforts to monitor system. Identified the operating and capital needs required to ensure reliable fleet and effective system functioning and assisted with preparation of related grant applications, grant revisions, and budget documents. Worked with Consultants and Planning Department on updating the transit section of the Long Range Transportation Plan. Conducted passenger mile counts for NTD purposes. Considered farebox and other revenue changes. Performed general planning for system improvements, including route changes, schedule changes, and locations for amenities such as bus shelters. Performed general transit planning.

PROPOSED ACTIVITIES FISCAL YEAR 2015

Continuation of activities undertaken in FY 2014 including, research to determine if there is any possibility for additional service hours or additional routes for the system in the future. Assisting with financial analysis and planning; and assessing future capital and operating requirements. Consider any possibly needed service modifications, with assistance of consultant as appropriate, including means to continue addressing needs with fewer resources. Continue planning efforts regarding public and stakeholder involvement and input opportunities.

STAFFING

793.46 Transit Planner Staff Hours

158.69 Administrative Support Staff Hours

198.37 Transit Manager Staff Hours

1,150.52 Total Staff Hours

44.24.00

Short Range Transportation Planning

44.24.02

Current Service Enhancement

OBJECTIVE

To improve service and ridership in existing transit system.

ACCOMPLISHMENTS FISCAL YEAR 2014

Worked with operational staff in reviewing and implementing system improvements to existing routes and services and to assess system functioning. Assisted in assessing upcoming operational needs. Continued to develop Marketing Enhancement Programs. Attended to regulatory documents as required for continued funding. Provided monthly ridership (including wheelchair and bike rack use) analysis, assessed ridership trends, and prepared other information on system functioning as requested. Analyzed internal administrative functioning including further implementation of computerization and/or technology improvements. Monitored GPS and CCTV data to analyze possible improvements to routes and schedules. Prepared National Database reports.

PROPOSED ACTIVITIES FISCAL YEAR 2015

Continuation of activities undertaken in FY 2014. Assist in identification and implementation of means to improve current service, including analyzing the routes and schedules with the use of GPS and CCTV data. Creating GTFS (General Transit Feed Specification) data in house for integration with Google Transit which will allow riders to utilize Google's Trip Planning services free of charge. Researching the feasibility of real time GPS tracking on the buses, allowing riders to determine where the bus is in real time. Researching the use of electronic fare boxes to assist in tracking ridership numbers for determining the effectiveness of current routes. This element may also include activities such as assisting with marketing to attract and educate "choice riders" and senior riders on how to read the schedules and use transit; and to enhance public image of existing system and services as well as analyses of internal functions and operations. Maintain monthly ridership figures and summary figures for effective decision-making. Complete National Transit Database reports. Other tasks may include monitoring public reaction to modified routes, schedules and marketing efforts, and assist in assessing budgetary needs.

44.25.00

Transportation Improvement Program

44.25.01

T.I.P.

OBJECTIVE

To maintain a viable five year program of transit improvements for the Billings Urban Area.

ACCOMPLISHMENTS FISCAL YEAR 2014

The TIP was updated to reflect current project status and include upcoming projects. Information was provided to MPO to assist in community-wide Section 5310 project prioritization for inclusion in TIP. STIP process was monitored especially with regard to the grants.

PROPOSED ACTIVITIES FISCAL YEAR 2015

City Transit Division will develop information on the operating and capital projects for which MET Transit and MET Special Transit plan to pursue federal grant assistance for inclusion in the TIP to be prepared by the MPO. Monitor inclusion of TIP in STIP to ensure ability to obtain federal Sections 5307, 5310 & 5339 grant assistance.

FUNDING SCHEDULE - 44.25.01

Expenditures	Local	FTA	Total
Programmed FY 14	\$1,642	\$6,568	\$8,210
Estimated FY 2015	\$3,102	\$12,407	\$15,509

44.26.00 Implementation of Americans with Disabilities Act (ADA)

44.26.15 Implementation of Americans with Disabilities Act (ADA)

OBJECTIVE

To ensure optimal use of City of Billings funds in meeting elderly and disabled transportation needs for both specialized and fixed route transportation in accordance with Federal Americans with Disabilities Act (ADA) regulations.

ACCOMPLISHMENTS FISCAL YEAR 2014

Continued implementation of the paratransit Eligibility Certification process and familiarizing elderly and disabled citizens with use of fixed route system as appropriate. Continued monitoring of transit system's compliance with the ADA regulations and assisted with related community relations. Assessed financial functioning of paratransit service. Monitored procedures and policies involving lift-equipped fixed-route service and other accessibility features and requirements. Assisted in assessment of future vehicle needs and relevant procurement of vehicles as related to best serving elderly and disabled citizens. Assisted with continued integration of the paratransit function within the City's MET Transit System. Assisted in efforts to develop and resolve operational policy issues and to improve MET Special Transit's efficiency & cost-effectiveness, including monitoring implementation of Paratransit Scheduling software. Continue to coordinate transportation services among transit providers, social service agencies and the general public to provide an overall strategy to enhance transportation access, minimize duplication of services and facilitate the most appropriate cost-effective transportation possible with available resources.

PROPOSED ACTIVITIES FISCAL YEAR 2015

Continuation of activities undertaken in FY 2014. Plan additional sensitivity training for MET operators and other employees. Maintain positive relationship with disabled and elderly community and continued identification of means to address transit and special transportation needs, including assisting in efforts to assess both short and long term paratransit needs of the community and organizational and fiscal means to address those needs. Monitor and assess means to improve efficiency and effectiveness of paratransit service, including the update of the current paratransit software system. Continue to facilitate effective service provision and usage of lift-equipped fixed-route service. Participate on resource advisory groups.
