1. The variance from 27-308 requiring a minimum front setback of 20 feet to allow a minimum front setback of 15 feet for a new carport in a Residential 7,000 (R-70) zone. No other variance is intended or implied with this approval.
 2. The variance is limited to Lot 14, of Cowley Subdivision, 4532 Vaughn Lane.
 3. The proposed building will be located and oriented in substantial conformance with the submitted site plan. Minor adjustments to the site plan are allowed.
 4. The new construction will require compliance with all other zoning regulations and city ordinances that apply at the time of construction.
 5. The applicant must submit for a building permit within 6 months of this variance approval.
 6. No construction activity will be done before 7 a.m. or after 8 p.m.
 7. These conditions of variance approval shall run with the land described in this authorization and shall apply to all current and subsequent owners, operators, managers, lease holders, heirs and assigns.
- 6. The Board shall prescribe a time limit within which the action for which the variance is required shall be begun or completed, or both. Failure to begin or complete such action within the time limit set shall void the variance; and**

The applicant must submit for a building permit to build a carport within 6 months of this variance approval.

- 7. Under no circumstances shall the Board grant a variance to allow a use not permissible under the terms of this Chapter in the district involved. A variance shall not be a grant of special privilege inconsistent with limitations placed upon other property in the district.**

The granting of this variance would not allow a use that is not already allowed in the zoning district – Residential -7000 zoning allows single family dwellings, and attached accessory structures.
