INTRODUCTION

The Billings Urban Area planning process is organized and conducted in a cooperative, coordinated, and comprehensive manner. The Yellowstone County Board of Planning, as the designated Metropolitan Planning Organization (MPO), is charged with the responsibility of administering the planning process. Under federal regulations, an MPO must be established for urban areas with populations greater than 50,000 in order to receive federal funds for construction projects and transportation planning. This document, the Billings Urban Area Unified Planning Work Program (UPWP), and a companion document, the Prospectus, is the foundation upon which the planning process is based.

The UPWP is developed each year, and once adopted and approved by FHWA and FTA, is in effect from October 1 to September 30. The UPWP contains a task by task discussion of projects, which are to be undertaken during the program year. It also contains appropriate funding information, staffing information, and a schedule for each project. The UPWP undergoes a comprehensive review at the local, state, and federal levels each year.

This year, Federal Fiscal Year 2019, the format for work program activities conforms to Federal Transit Administration (FTA) Circular 8100.1C, specifically Chapter IV. The Montana Department of Transportation and the Yellowstone County Board of Planning have mutually agreed upon use of this format.

The UPWP is a detailed description of projects, which occur on a routine basis. Once adopted, the document is only amended if there is a change in the planning process. The UPWP also contains information pertaining to the organization of the planning process, agencies involved, and agreements between agencies involved in the process.

Cost overrun guidelines have been established by the Montana Department of Transportation, and agreed to by the Yellowstone County Board of Planning. Those guidelines will determine the allowable overruns for any work program element. Overruns that surpass those outlined in the guidelines will require a UPWP amendment.

This document includes two chapters, Highway and Transit. Each chapter contains individual work elements. These work elements describe work the planning and transit staff will undertake in the program year as well as work accomplished in the past year. Also included is a breakdown of funding sources which include, Planning (PL) funds and Local (City & County) funds which are used to provide funding for non PL eligible activities. Priorities this year include completing an update to the 2014 Long Range Transportation Plan, including an update to the 2008 Public Participation Plan, developing a MPO TransCad Model, and continuing work on the Downtown Area Traffic Circulation and Safety Study.

CHAPTER I

YELLOWSTONE COUNTY BOARD OF PLANNING

SECTION I UNIFIED PLANNING WORK PROGRAM

41.11.100 PROGRAM SUPPORT & ADMINISTRATION

100 PROGRAM ADMINISTRATION (4301)

OBJECTIVE

- To administer the area-wide planning process.
- To support the Board of Planning and other Boards, Commissions, and the City Council and County Commissioners in their decision-making activities in the planning process.
- To engage in administrative and financial actions related to identified planning activities and to prioritize those activities.
- To enhance staff skills and maintain staff exposure to the "state-of-the-art" in planning practice and computer software.
- To maintain contact with, provide input to, and receive feedback from various local, state and federal agencies, committees and groups during the planning process.

ACCOMPLISHMENTS - FISCAL YEAR 2018

Conformance with federal, state, and local administrative and regulatory requirements, as well as maintenance of planning operations was achieved for FY18.

Members of the planning staff attended various professional meetings, workshops, and conferences at which planning, transportation, transit, bicycle/pedestrian and related topics were presented and discussed.

Specifically, the City-County Planning Division (Planning Division) and members of other local, state and federal departments and agencies actively participated in a diverse set of local meetings, including the Billings Technical Advisory Committee (TAC), Policy Coordinating Committee (PCC), Billings & Yellowstone County Zoning Commissions and Boards of Adjustment, Board of Planning, City Annexation Committee, City Development Process Review Committee, Community Development Board, Traffic Control Board, Bicycle and Pedestrian Advisory Committee, Historic Preservation Board and others. Grant writing for the Division was completed under this work element. The coordination and administration of the TA Program applications and local approvals are administered through this work element.

Planning staff received updates in computer software programs for the geographic information system and its application to mapping data layers such as streets, land use, address, ownerships and environmental data. This year, GIS staff has included the TAZ information to the Planning layers. This allows staff to identify individual TAZ's and the associated data. Staff regularly utilizes an application tracking and project management software system that integrates the existing City building permit, finance and land management software, as well as coordinated subdivision and development project reviews across City and County departments. Tablets were purchased for Planning Board Members and has improved efficiency in the review of MPO information. Staff also updated the City Annexation Policy and Limits of Annexation Map, and assisted in updates to the City's Capital Improvement Plan. Implementation of the City's Complete Streets Policy is ongoing with the continued collection of data to be incorporated into the Complete Streets Status Report that is updated and published every three years. Implementation of the Billings Community Transportation Safety Plan will continue with reporting to MDT required.

PROPOSED ACTIVITIES - FISCAL YEAR 2019

All administrative functions of the Planning Division will be performed under this work element. Program management activities will include, but not be limited to the following:

1. Correspondence
2. Public Relations
3. Employee Guidance, Supervision, and Training
4. Program Organization and Management
5. Consultant Liaison Activities
6. Staff Meetings
7. Negotiations
8. Preparation of Contracts
9. Staff Training
10. Performance Monitoring
11. Office Equipment Acquisition
12. Budget Management and Administration

New federal regulations require that performance measures and goals be established to monitor the performance of the region's transportation system.

The MPO will work with federal, state and local agencies to improve current performance tracking methods. Performance measures will be tracked on the MPO website and regular reporting will be provided to the Transportation Policy Coordinating Committee, MPO committees and the general public depending on the availability of related data.

PL Eligible Activities

- As per the MPO's public participation plan and ongoing public outreach efforts, the planning staff will make available the documents and guidelines for transportation planning activities to the community, as well as keep abreast of federal and state requirements as they relate to the overall planning processes. These activities may include distribution of the Billings Area Bikeway and Trail Master Plan to community organizations or individuals, distribution of the current Billings Area Tour Map for bicycle and pedestrian users and visitors, distribution and explanation of the latest Billings Urbanized Area Traffic Count Map and Bicycle Count Map, explanation and distribution of the MPO's public participation plan (update to be completed this year) to groups involved or interested in transportation planning processes in the community, and explanation and information dissemination of the TA or other grant programs to possible project applicants in the community.
- Staff will update the PL & Memorandum of Agreement as necessary to meet the requirements of the FAST Act.
- Quarterly progress and expenditure reports will be prepared and transmitted to the Montana Department of Transportation (MDT) in order to maintain federal funding support.
- The FY 2019 UPWP will be continually appraised and monitored in terms of content and budget allocations and will be revised when deemed necessary.
- The Fiscal Year 2020 UPWP will be developed under this work element.
- The Board of Planning, Board of County Commissioners and City Council will be kept informed of the activities of the staff and its progress in completing the approved UPWP.
- Staff will be involved in implementation of the Community Safety Plan for the Billings Urban Area.
- All planning staff will participate in recognized and approved training programs in order to improve staff skills and capabilities. Planning expertise will be maintained through enrollment in appropriate planning and transportation-related courses at area colleges, workshops, seminars, webinars and conferences.

- Staff will adapt software programs to effectively utilize traffic data and continue computer-training programs.
- The use of PL funds for out-of-state travel and/or registration fees for the above or other purposes will continue to be subject to prior approval of MDT.
- The TA Program administration will be funded through this work element.
- Fixing America's Surface Transportation (FAST) Act legislation will be reviewed so staff may become familiar with changes affecting the metropolitan planning process.
- The Active Transportation Planner position has been approved for full time status. This position has been filled. This planning position will be funded out of several work elements (100, 200 and 300).
- Grant writing services will continue to be incorporated within the department. Planning activities pertaining to Bicycle-Pedestrian in this work element will include:
 - Work field inspections, handle complaints and investigate problem areas of the Bike/Pedestrian system.
 - Presentations as needed.

Locally Funded Activities

- General administrative activities will include maintenance of files, library documents, daily correspondence and preparation of necessary periodic reports.
- Interagency committee participation is included in this work element.
- All staff members will continue to participate in and encourage increased cooperation between state and local agencies, departments and governing bodies.
- The Planning Division will serve both as a coordinator of and a participant in meetings and committees.
- Planning Division involvement will include participation with such agencies as the Housing Authority, Big Sky Economic Development Authority (BSEDA), Air Pollution Control Board, RiverStone Health (City-County Health Department), Healthy by Design, legislative study committees, and other agencies.
- Staff will also continue a summer intern program as interest and needs arise; oversight of these individual(s) will take place in this work element.
- Staff will continue to implement long term document storage through Cloud Storage platform.

STAFFING

26 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

The Planning Division will be responsible for administering the area-wide planning process for the City and County.

PRODUCT

- An ongoing administrative program focused primarily at effective and expeditious implementation of this UPWP.
- The continual enhancement of the Planning Division staff skills and knowledge.
- Maintenance of a coordinated, comprehensive, and cooperative planning process that is endorsed and supported by the local community.
- The development of the FY20 UPWP.

OBJECTIVE

- To coordinate the dissemination of information and exchange of ideas between planning agencies and the interested public, decision-makers, and other departments, agencies, and organizations as related to the Billings MPO.

ACCOMPLISHMENTS - FISCAL YEAR 2018

Members of the planning staff were involved in a wide range of service tasks. Planning services included presentations related to roadways and alternative transportation, responding to citizen inquiry and complaints regarding streets, subdivision layout, site distance, zoning request, conformance with the 2014 Transportation Plan Update and the Billings Area Bikeway and Trail Master Plan, City of Billings 2016 Growth Policy, the Lockwood Growth Policy and various neighborhood and community plans.

Staff presented transportation planning information to its organization and agency partners as needed for educational and decision making purposes. Planning staff also shared information with the community and stakeholders throughout the development of several planning efforts. The Billings MPO hosted 12+ webinars covering a variety of topics including transportation and mobility related topics.

PROPOSED ACTIVITIES - FISCAL YEAR 2019**PL Eligible Activities**

- Staff will continue to organize a very successful series of webinars and “brown bag lunch” seminars on a wide range of planning topics, including multi-modal transportation planning and funding, collaborative community planning techniques and planning for sustainability as well as various Institute of Transportation Engineers, Pro Bike/Pro Walk, Sustainable Communities, and Federal Highway Administration webinars.
- Staff is also targeting webinars which educate the public on the transportation planning process and funding as related to the operation of the MPO.

Locally Funded Activities

- Staff will continue to develop and use website tools to enable citizens to access information on upcoming planning activities, board and commission meetings, and recent land use applications, as well as interact with various planning processes through email notification and online comment programs. Staff will look at implementing citizen access to the ImageSilo software for access to historical data related to transportation, zoning and other planning applications.
- Continue increasing community awareness of the interrelationships between land use development and transportation needs through dissemination of information and drafting of planning documents that incorporate both elements together.

STAFFING

3.5 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

As Assigned.

PRODUCT

- A responsive and flexible planning process utilizing staff capable of providing short-term findings and recommendations, as well as ongoing customer service to the public on all levels of planning projects and regulations.
- Provide approximately 12 transportation related webinars to staff, local officials and general public to educate on current transportation issues. These webinars are scheduled on a monthly basis and anticipate 5-10 person viewings per showing. This number can fluctuate depending on the topic. Staff participation is anticipated to be 4-5 persons at these viewings.
- In addition to the transportation specific webinars, staff also provides general planning webinars that are advertised to all city staff, local officials and the general public. These webinars are scheduled routinely and can include up to 3 webinars a month. Participation anticipated at these webinars is 5-10 person per viewing. This number can fluctuate depending on the topic. Staff participation is approximately 3-5 per viewing contingent on scheduling.

OBJECTIVE

- To solicit information concerning community values and goals and to receive community input into the development of plans and projects.

ACCOMPLISHMENTS - FISCAL YEAR 2018

Numerous meetings with service clubs, civic groups, and professional organizations were attended by staff members to discuss all facets of local planning. The Planning Board used extensive public input to review and receive comments on a wide range of planning issues throughout the City and County. Meetings of neighborhood task force organizations and neighborhood advisory committees were also attended as requested to answer questions and review long-range planning issues, particularly related to transportation planning and projects, as well as code enforcement complaints. Projects specifically related to citizens and citizen boards included the update to the 2014 Long Range Transportation Plan, the update to the 2008 Public Participation Plan and the development of the Billings Urban Traffic Model, Billings Bikeway and Trails Master Plan and the Household Travel Survey.

PROPOSED ACTIVITIES - FISCAL YEAR 2019**PL Eligible Activities**

- Outreach to the public and all affected jurisdictions for ongoing transportation projects, including but not limited to the North Billings Bypass, Zimmerman Trail reconstruction, short-term rail traffic mitigation projects in downtown Billings, 2014 Long Range Transportation Plan Update, 2008 Public Participation Plan, and the development of the Billings Urban Traffic Model.
- The staff will continue to support the Bicycle and Pedestrian Advisory Committee. The Committee is responsible for forwarding recommendations to the Planning Board and governing bodies on bicycle safety, bike lanes, pedestrian safety and access, and other matters. The group will be involved in the nomination and review of TA Program eligible projects, bicycle and pedestrian signing and safety projects, grant applications for non-motorized transportation projects, and community education and outreach on bicycle and pedestrian safety within the MPO.
- TAC and PCC meetings will be held and meeting information disseminated as necessary.
- Staff will continue to update and maintain the MPO's website to provide the most current up to date information to the community.
- Staff will implement web-based GIS and web mapping software for assistance in transportation and land use planning.
- Some of the specific projects that will include community participation include the completion of 2014 Long Range Transportation Plan update, including an update to the 2008 Public Participation Plan, the Downtown Area Traffic Coordination and Safety Study, the Economic Impact of the Non-motorized Transportation System on the Billings MPO, Wayfinding Sign Plan, the Inner Belt Loop Corridor Study, and the BBWA Canal Trail Feasibility Study.

Locally Funded Activities

- Meetings with various citizen groups will be coordinated and attended for the purpose of soliciting information and ideas on a broad range of planning issues within the Billings Urban Area and throughout Yellowstone County.
- Community participation using new tools and techniques will also be included in all planning studies proposed within this document.

STAFFING

41.12.200 GENERAL DEVELOPMENT & COMPREHENSIVE PLANNING

200 Community Planning (4304)

OBJECTIVE

- To maintain records and make projections of population and dwelling unit data, land use information, employment data, and to maintain adequate financial records, files and reports.
- To provide current, accurate information pertaining to the quantity of residential, commercial, industrial, and public land in the MPO and across the County.
- To summarize and analyze development trends and to provide visual information to the City Council, County Commission, Planning Board and the public during the public input process for transportation and land-use decision making.
- To recommend implementation of the goals, policies, and strategies of the adopted 2016 City of Billings and Lockwood Growth Policy.
- Implementation of Long Range Transportation Plans and Planning Studies.
- The current ten planning factors have been reviewed and incorporated in this UPWP. The factors are:
 - 1) Support the economic vitality of the metropolitan area;
 - 2) Increase the safety of the transportation system for motorized and non-motorized users;
 - 3) Increase the security of the transportation system for motorized and non-motorized users;
 - 4) Increase the accessibility and mobility of people and for freight;
 - 5) Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote transportation-land use/economic development consistency;
 - 6) Enhance the multimodal/intermodal integration and connectivity of the transportation system;
 - 7) Promote efficient system management and operation; and
 - 8) Emphasize the preservation of the existing transportation system.
 - 9) Improve transportation system resiliency and reliability.
 - 10) Reduce or mitigate storm-water impacts of surface transportation; and enhance travel and tourism.

ACCOMPLISHMENTS - FISCAL YEAR 2018

The 2010 Census and most recent American Community Survey (ACS) data has been updated and placed in various databases as it has become available. Data gathered and updated included annual information related to population estimates for city and counties within the State of Montana. This annual information is used by the public and public agencies for planning purposes. The ACS is accessed for review and dissemination, and updated information released by the US Census Bureau in regards to commuting patterns. Other data gathered includes:

- Building Permits, Demolition Permits, Electrical Permits, Subdivision Applications, Zoning Applications, Special Reviews, Variances, temporary use permits, sign permits, zoning compliance permits and zoning clarification documents, annexation data, population trends, land use trends, school enrollment, employment data and general economic indicators.

The planning staff continues to review the 2010 Census data and the 2016 ACS figures and estimates for population and demographic data. Census information is made available to various local agencies and organizations and to the general public. The data is used for developing reports, grant applications and

planning documents such as Transportation and Land Use Plans and for projects like the 2017 Recreational Trails Program Grant and other grants as needed.

The City-County Planning Division, on behalf of the Billings MPO, is responsible for preparing a Complete Streets Progress Report every three years. This direction was outlined in the City of Billings Complete Streets Policy: “The City will periodically collect, review and report performance data and benchmark measurements to demonstrate the effectiveness of the policy.” This effort was completed with the first-ever Billings Complete Streets Benchmark Report prepared in 2013. An update to the Progress Report was completed in December of 2017 and included updated data sets and information regarding the performance of the Complete Streets Policy. Several datasets, including the general land use map of the County were updated so as to maintain an inventory of existing conditions. This information was utilized in various planning studies and provided to other departments and the general public. Zoning data developed in element 204 for the entire City and County zoning jurisdictions was provided to neighborhood task force groups and others as requested. Numerous other special purpose maps were prepared for meeting purposes including bicycle trail maps, annexation maps, estimated development density maps and tables for the Limits of Annexation Map area, and other project influence areas. Natural resource, 2010 Census, and jurisdictional boundary information was updated or developed. Traffic count station locations were ge-positioned and linked with the City-County traffic count matrix. The City also upgraded its internal mapping system with an ArcGIS product that makes access to the most current property data and aerial photography better and easier for staff when researching existing conditions of transportation corridors and adjacent property. The new system provides a robust City GIS base map for use in application reviews, transportation planning efforts, and general customer inquiries. Ongoing review and implementation of sub-area neighborhood and transportation plans, and other planning documents was carried out by staff.

PROPOSED ACTIVITIES - FISCAL YEAR 2019

PL Eligible Activities

- The new web-based GIS software is compatible with available datasets and utilize the existing data sets more effectively. The GIS will be utilized to develop a series of maps, including existing and proposed pedestrian trail routes and projects in the community, maps to implement the Long Range Transportation Plan, updates to a preferred growth area map in conjunction with the City’s Limits of Annexation Map, mapping of focus areas for implementation of the City’s Infill Development Policy, and others.
- The City also is rolling out a new web-based system that works with the City’s electronic project tracking and management system to provide a visual map view for staff and the public of the location of building permits that have been approved or are under review by the City. This web-based system will assist staff in identifying areas of impacts to the transportation system, specifically managing access.

The planning staff, under the direction of the Board of Planning, will continue to work on long-range planning projects according to the priorities established by both the City of Billings and Yellowstone County. In particular, the continuing implementation of the South Billings Master Plan, the 2014 Long Range Transportation Plan Update, the 2008 Public Participation Update, the Downtown Area Traffic Coordination and Safety Study.

Work related to Bicycle-Pedestrian activities in this work element will include:

- Work with staff to insure a bike/pedestrian friendly community.
- Review of proposed subdivision for non-motorized transportation connectivity.

Locally Funded Activities

- Staff also will continue to work with the Big Sky Economic Development Authority (BSEDA) to implement the Master Plan for the East Billings Urban Renewal District (EBURD), the Hospitality

Corridor Planning Study, the Exposition Gateway Concept Plan and the South Billings Boulevard Urban Renewal District (SBBURD) Master Plan. The plans include detailed analysis of the transportation and land use connections in the area and promoting sustainable development projects.

- Staff plans to work with the City, County, BSEDA, and neighborhood groups to identify planning needs in various parts of the urbanized area.
- Continued maintenance and update of socio-economic and land use data for both transportation and comprehensive planning activities will continue in 2019, with 2010 Census information and the newly released 2016 American Community Survey data.
- Various GIS databases and layers will continue to be developed and centrally maintained, including information on neighborhoods, community assets, route planning, trail systems and transportation plans.

STAFFING

21 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

City/County Planning

PRODUCT

- Various reports, files, and projections of socio-economic data necessary for current transportation and comprehensive planning activities, as well as support of City/County economic development activities.
- An ongoing GIS database/mapping system for the City of Billings and Yellowstone County.
- Ongoing updates to the preferred growth areas mapping and analysis for the City, implementation of the City Infill Development Policy, SBBURD Master Plan, the 2014 Long Range Transportation Plan Update, 2008 Public Participation Plan, the Downtown Area Traffic Circulation and Safety Study, the Economic Impact of the Non-motorized Transportation System on the Billings MPO, Wayfinding Sign Plan, the Inner Belt Loop Corridor Study, and the BBWA Canal Trail Feasibility Study.

*The matching ratio is Federal PL--86.58% and State match-13.42%.

OBJECTIVE

- To oversee, interpret and enforce current City and County zoning regulations.
- To effectively administer the regulations and provide efficient service to the elected officials and the public.
- To maintain current zoning and land use information for all zoned property within the jurisdiction of the Billings Metropolitan Planning Organization to use in long-range transportation planning studies, traffic analysis, and transportation projects.

ACCOMPLISHMENTS - FISCAL YEAR 2018

During the past year, all applications for zone changes, special reviews, variances, and planned developments were reviewed and processed by the planning staff. Reports and recommendations were prepared on each case to the various boards, commissions, and governing bodies. Digital photos are now incorporated into all zoning reports and Microsoft Power Point presentations are given to all boards and commissions. Staff is in the process of ongoing scanning of historic zoning files to the ImageSilo in preparation of future citizen access. All applications for building permits were also reviewed for compliance with City and County zoning regulations. Special zoning studies and ordinance updates were prepared as requested by the governing bodies. These included making a series of zoning code amendments to bring the regulations into compliance with changes in State Law and changes driven by community interests.

Staff coordinated with the County GIS Department to ensure that all zone changes within the Billings MPO area were reflected on GIS online and printed maps to ensure land use information was current.

A significant amount of time was also spent assisting the public with general zoning questions. The status of all active zoning applications is now posted on the City/County Planning websites.

PROPOSED ACTIVITIES - FISCAL YEAR 2019**PL Eligible Activities**

- Zoning, Special Review, and Variance applications will be reviewed for land use compatibility, traffic, access, and overall site design. Traffic accessibility studies will be reviewed when required as part of certain zoning applications that include drive-thru services, high-traffic volume developments, projects that may be adjacent to arterial streets with limited access like Shiloh Road, Grand Avenue or King Avenue West, or may otherwise cause significant impacts to the local transportation system.
- Staff will continue to maintain its zoning maps and land use information so that it is applicable to long-range transportation planning efforts in the Billings MPO. This information is regularly applied to a variety of MPO functions, including corridor analysis efforts like those involved in the Billings Bypass project, specific road projects, TA program applications and non-motorized grant applications.
- Staff will continue the update to the Zoning Code. It is anticipated that this upcoming year will see the development of new Ordinances related to zoning within the City and County Zoning jurisdictions.

Locally Funded Activities

- Carrying out the day to day activities required to effectively administer the zoning regulations as well as ensure that land use information is current and available for all long-range transportation planning efforts, including Transportation Plan updates, specific road projects, corridor studies and the North Bypass project.
- Activity in 2019 will include ordinance updates as required by State law including language addressing Home Occupation licensing, or requested by the public or governing bodies.
- All zone change applications will be reviewed for compliance with local plans.
- Staff will continue the update to the existing Unified Zoning Code based on fulfilling policy goals set by the local governing body including Growth Policy, Neighborhood Plans, Complete Streets and Infill Policies.

STAFFING

10 Staff Months – City/County Planning

FUNCTIONAL AGENCY RESPONSIBILITY

City/County Planning

PRODUCT

- Effective zoning regulations and administration for the City of Billings and Yellowstone County. Effective enforcement of the zoning regulations for Yellowstone County.
- On-line submittal capability for certain zoning permits, i.e. sign and fence will increase efficiency and convenience for applicants.

OBJECTIVE

- To maintain the current City and County subdivision regulations and ensure that they are updated when changes in State law occur.
- To effectively administer the regulations and provide efficient service to developers, engineers and surveyors, elected officials, and the community.
- To ensure that development is occurring with minimal negative impacts to the community and that subdivisions are designed to be safe and long lasting in the community.
- To evaluate traffic accessibility studies, general circulation data, and ensure conformity with the Functional Classification Map and associated elements of the Long Range Transportation Plan when a subdivision application is submitted.
- To collect, manage, and apply subdivision development information for long-range transportation planning activities for the MPO – including but not limited to updates to the transportation plan and maintenance of inputs for traffic modeling.

ACCOMPLISHMENTS - FISCAL YEAR 2018

The Board of Planning and the planning staff reviewed all preliminary major and minor plat applications. Numerous conceptual and pre-application meetings were coordinated and attended by staff. All final plats were reviewed and processed. Also, a significant amount of time was spent assisting the public with general subdivision questions. Updates to the City and County Subdivision Regulations due to legislative changes were drafted and approved.

Staff collected and compiled information on the details of each new subdivision in terms of numbers of lots and land area slated for development. This information is integral to any transportation plan updates or long-range transportation planning efforts undertaken by the MPO in the community to determine population growth and location of residents and commercial services that affect the transportation system. This involved monthly subdivision activity reporting and periodic reviews of new development locations. This is also considered in relation to the TA program and when the MPO pursues grants for non-motorized transportation projects in the community.

The MPO continues to implement and enforce the Suburban Subdivision Regulations that require property currently outside the city limits but within the County Zoning Jurisdiction that may be annexed in the future to develop at city standards for infrastructure such as curb, gutter, sidewalk, etc. This new procedure has been a positive to residential development on the city fringe areas.

PROPOSED ACTIVITIES - FISCAL YEAR 2019**PL Eligible Activities**

- Staff will review all subdivisions for compliance with the Billings Area Long Range Transportation Plan, and for conformity with the Billings Area Bikeway and Trail Master Plan, Lockwood Transportation Plan, Blue Creek Transportation Plan, and other neighborhood and community transportation plans as applicable.
- Staff also will continue to collect information on the details of each new subdivision as an integral data source for long-range transportation planning efforts undertaken by the MPO. The MPO expects to use this data in 2019 for a variety of projects, including the Long Range Transportation

Plan Update, the continued alignment analysis for the Inner Belt Loop Phase II (including the Corridor Study proposed), and continued analysis for the North Bypass.

Locally Funded Activities

- All subdivision applications will be reviewed for compliance with local and state subdivision law.
- To carry out the day to day activities required to effectively administer the subdivision regulations, and to keep the regulations current.
- Continued implementation of the Suburban Subdivision Regulations within the County Zoning Jurisdiction area.

41.13.300 LONG RANGE TRANSPORTATION PLANNING

300 TRANSPORTATION SYSTEM DATA (4310)

OBJECTIVE

- To develop and maintain current transportation system data files and records.
- To provide transportation planning and data information to City and County staff, elected officials, developers, engineering firms, and the general public.

ACCOMPLISHMENTS - FISCAL YEAR 2018

The traffic count program for FY 2018 was completed. Travel times/delay/speed studies were completed, calculations computed, and level-of-service values determined. Staff participated in the update of the City of Billings Capital Improvement Plan (CIP). Crash information was compiled and analyzed. Crash data is also used in many of the planning studies undertaken by the MPO. The staff also continued to utilize the trail scanners that were purchased and found new and better ways to both use the scanners in more trail locations in the community and display the data for various applications. Rails to Trails Conservancy chose Billings as a pilot city for two EcoCounters, these counters were placed on commuter trails within the City and are continuously transmitting real time data. Also, the City has modified two traffic signals so they have the capability of detecting bicycle traffic at intersections. The Seasonal Traffic Intern has been combined into the City Engineering (Contract Position). This was done as a cost saving measure and will allow more flexibility with MPO related duties as they are presented. A silo based data retention system was put into place. This system allows for digital data storage of all the traffic count information and will enable better staff, agency and public access to the information in 2018.

The MPO is currently in the process of completing the development of the Billings MPO TransCad Model program. This project was developed in conjunction with the update to the Long Range Transportation Plan and will develop a base year of 2017 for modeling purposes.

PROPOSED ACTIVITIES - FISCAL YEAR 2019

PL Eligible Activities

- To complete the development of the Billings MPO TransCad Model program. The ability of the Billings MPO to conduct transportation modeling in-house will benefit the community and will include modeling data on vehicles, bike and transit.
- The traffic count program for the Billings Urban Area as well as the Yellowstone County influence area will be conducted and the appropriate data recorded during FY2019. All traffic count data will be submitted to the MDT by February 1, 2019.
- Crash data will be compiled and analyzed to determine high hazard locations.
- Staff will update, where appropriate, the City's Capital Improvement Program.
- The Contract Position with City Engineering will take on expanded duties of traffic modeling and traffic model upkeep and maintenance.
- Staff will collect and maintain bike/pedestrian information through the trail census and use of the trail-bike/pedestrian scanner. This activity is in conjunction with MPO region wide planning.
- Additional integration of the Transportation Planner II position into the Division's transportation project work and familiarity with transportation planning issues will continue under the direction of the Transportation Planning Coordinator. This individual continues to be responsible for managing traffic data for studies and reference, administering the TA Program, training for future modeling traffic conditions related to new developments and transportation system changes.

- The traffic count data silo will be maintained and access for other agencies and the public will be coordinated with the system.
- Complete Street Progress Report as documented in Work Element 200.
- The MPO is will integrate new traffic count equipment. Staff will work with MDT on coordinating this.
- The Bicycle-Pedestrian activities will continue. Duties will include but not limited to:
 - Maintain Bike/pedestrian data bases in conjunction with MPO region wide planning purposes.
 - Maintain data base for easement acquisition.

301 TRANSPORTATION PLAN (4311)

OBJECTIVE

- Implement the Goals and Objectives in the Billings Long Range Transportation Plan.
- Develop (where necessary) and maintain data for the urban area in order to effectively monitor and evaluate the validity of the Transportation Plan.

ACCOMPLISHMENTS - FISCAL YEAR 2018

Staff continues to update the 2014 Long Range Transportation Plan. Elements in the Plan include Goals and Objectives, a Transit section, an analysis of the railroad interface with the community, and a review of current projects listed in the 2014 Study. This plan update will also include requirements for Performance Measures. The Billings MPO recently moved to incorporate State MDT Performance Measures within all Transportation Planning and Projects.

Staff will continue to implement the 2017 Billings Area Bikeway and Trail Master Plan. This will include working with MDT, City and County Public Works and other organizations with the continued development of the non-motorized transportation system.

PROPOSED ACTIVITIES - FISCAL YEAR 2019

PL Eligible Activities

- Staff will work to implement the 2016 Billings Area Bikeway and Trail Master Plan.
- Update the MPO Bike/Pedestrian Maps.
- Develop a web-based interactive Bike and Pedestrian Mobile Application.
- Staff will continue the update to the 2014 Transportation Plan including an update to the 2008 Public Participation Plan.
- Staff will also integrate the 2014 Transportation Plan with the City's Capital Improvement Program to ensure consistency.
- Projects will continue to be reviewed for future implementation in the City's CIP and the MPO's TIP.
- Continue to update and distribute the MPO Bike/Pedestrian Maps.

302 PLANNING STUDIES (4312)

OBJECTIVE

- To update and develop site-specific plans and transportation studies where appropriate.

ACCOMPLISHMENTS - FISCAL YEAR 2018

- The Downtown Area Traffic Circulation and Safety Study was proposed to be separated into two separate projects. The first was initiated by the City Engineering Division and includes engineering elements with conversion of one-way streets into two-way streets. The engineering portion will review traffic signal function, intersection alignments and parking reconfiguration. The second phase of the project will be initiated by the MPO in the 2019 UPWP.
-

PROPOSED ACTIVITIES - FISCAL YEAR 2019

PL Eligible Activities

- Complete the Downtown Area Traffic Circulation and Safety Study. This study will examine the impacts of one-way street conversion to two-way street on bicycle and pedestrian access and safety. This plan will assist in identifying potential transportation projects for future funding.
- The Billings MPO has identified in the 2017 Bikeway + Trails Master Plan bike boulevards as a preferred bike commuting system. As part of bike boulevard development, the MPO would like to develop a Wayfinding Signage Plan. This wayfinding signage would be located within the Public Right-of-way and identify the where and how directional signage would address local bike traffic.
- It is anticipated that the City of Billings will complete Phase I of the Inner Belt Loop from Alkali Creek to Highway 3 in 2022, this new road construction will have an impact on the entire corridor. The Billings MPO desires to complete an Inner Belt Loop Corridor Study from the intersection of the terminus of Skyway Drive (IBL) and Alkali Creek to Highway 3. The study would address future access options as development occurs along the roadway, potential intersections, storm water management, bicycle and pedestrian access and transportation safety along the corridor.
- Grant writing services to assist with a Build (or something similar) Grant application.

Locally Funded Activities

- Staff will be involved in the coordination through completion of all planning studies undertaken. This includes contract negotiations, coordination of citizen advisory groups, public meetings, overseeing contract deliverables and project wrap-up.

STAFFING

41.15.500 TRANSPORTATION IMPROVEMENT PROGRAM

500 TRANSPORTATION IMPROVEMENT PROGRAM (4313)

OBJECTIVE

- To maintain a viable five-year program of transportation improvements for the Billings Urban Area.

ACCOMPLISHMENTS - FISCAL YEAR 2018

In May of 2017, a Transportation Improvement Program (TIP) update covering the period of 2017-2021 was produced to reflect current project status. Determinations were prepared for conformity to the Clean Air Act. Compliance with the new requirements of the FAST-Act authorization was completed.

In February of 2018, an amendment to the 2017-2021 TIP was requested by MDT. Final approval of the amendment was received in April of 2018.

PROPOSED ACTIVITIES - FISCAL YEAR 2019

PL Eligible Activities

- The Transportation Improvement Program (TIP) will be updated as needed to reflect current project status. A certification statement will be included, as appropriate, to conform to the planning regulations. Based on the Transportation Plan, projects will be evaluated and ranked in accordance with the Priority Ranking Procedures, and in accordance with consistency/conformity procedures. Necessary data will be gathered from primary and secondary sources by the planning staff based upon the Memorandum of Understanding with the City of Billings Public Works Department, establishing areas of data responsibility. Conformity determinations will be prepared as necessary to ensure conformity with the Clean Air Act.

600 ENVIRONMENTAL CONSIDERATIONS (4314)

OBJECTIVE

- Maintain current records of monitored air pollution levels and obtain other environmental data as necessary within the Metropolitan Planning Area.
- Review proposed development and transportation system improvements with respect to environmental considerations within the MPO influence area.

ACCOMPLISHMENTS - FISCAL YEAR 2018

Air quality monitoring information was obtained from the County Air Pollution Control Board. Air quality mapping for the State Air Quality Bureau was revised. The Congestion Mitigation Air Quality (CMAQ) program was implemented. Staff continues to monitor carbon monoxide (CO) information in the Urbanized Area.

The Socio-Economic and Environmental (SEE) effects guidelines were used to review proposed developments and transportation system improvements.

PROPOSED ACTIVITIES - FISCAL YEAR 2019

PL Eligible Activities

- The planning staff will continue to utilize the SEE effects guidelines to evaluate all major development proposals in terms of transportation systems. This would include the CMAQ program.
- Work will continue to maintain the Billings air quality designation.
- Staff will continue to review the MOVES Program and others like it and their relationship to the MPO.

SECTION III

INDIRECT COST PLAN

INTRODUCTION

The Office of Management and Budget Circular 2 CFR Part 200 is used as governing criteria for establishing the allowed costs.

IDENTIFICATION OF COSTS

The costs are delineated below by type:

DIRECT	INDIRECT	BENEFITS
Salaries & Wages	Maintenance	FICA
Legal Notices	Reproduction	PERS
Travel	Supplies	Workmen's Compensation
Printing	Postage	Accident Insurance
Training	Subscriptions	Health Insurance
Consultants	Telephone	Sick Leave
Equipment	Utilities	Vacation
Mileage	Rent	Holidays
Moving/Interview	Audit	Maternity
	Messenger	Military
		Life Insurance
		Dental Insurance

ALLOCATION OF COSTS

Direct costs will be charged to the work program line item to which they apply.

An indirect cost rate of **12%** of the City and County's direct salaries and wages is proposed. The **12%** rate will be applied to the direct wages and salaries of each line item within the work program to cover all indirect expenses.

Benefits will be calculated at a rate of **54%** of the City and County's direct salaries and wages charged to each line item.

FUNDING SOURCES

The degree of participation by each funding agency is based on the pro-rations which have been determined for each line item. Each agency will be billed their share of the total charges made against each line item according to the approved pro-rations.

Funding sources and amounts contained in the UPWP are as follows:

Planning Dept. Fees (City of Billings)	\$230,000
Planning Dept. Fees (Yellowstone Co.)	\$57,000
Yellowstone County (Mill)	\$492,000
PL*	\$2,007,000
TOTAL	\$2,786,000

*The matching ratio is Federal PL--86.58% and State match-13.42%.

SUMMARY

The indirect cost rate is a predetermined fixed rate which is not subject to adjustment. The base period used in determining the rate is the period from July 1, 2017 through June 30, 2018. The calculated rate is applicable to the grant period, which is October 1, 2018 through September 30, 2019.

CHAPTER II

CITY OF BILLINGS TRANSIT DIVISION

SECTION I UNIFIED PLANNING WORK PROGRAM

44.21.00 Program Support and Administration

44.21.01 PROGRAM ADMINISTRATION

OBJECTIVE

To provide program support, general administration, grant administration, and training in support of transit planning activities.

ACCOMPLISHMENTS FISCAL YEAR 2018

Conformance with federal, state, and local administrative requirements for maintenance of transit planning function, including continuing to maintain and update the Coordinated Transportation Plan. Stayed informed of Federal/State requirements concerning grants. Attended training opportunities to enhance knowledge and skills. Developed and prepared the FTA mandated Transit Asset Management Plan. Improved data-keeping practices, managed FTA Section 5303 grant activities, and prepared transit aspect of UPWP. Attended general transit-related meetings. Participated in TAC and other meetings.

PROPOSED ACTIVITIES FISCAL YEAR 2019

All administrative functions necessary in support of transit planning activities will be performed. Continue to improve data-keeping practices. Quarterly progress and expenditure reports will be prepared and transmitted to the Montana Department of Transportation, Urban Planning Division to maintain federal funding support. Furthermore, this UPWP will be revised when deemed necessary. The FY 2019 UPWP for transit planning activities will also be developed under this line item. Continue to research and develop the use of FTA funding, as provided in the FAST Act. Maintain coordination with 5310 providers and as the lead agency, develop and apply for capital grants for new vehicles as decided by the Coordination Transportation Plan Committee. The Coordinated Transportation Plan will be updated, as required by the FAST Act.

Staff participates in recognized and approved training programs in order to improve skills and capabilities. Planner will assimilate documents, regulations, and codes to keep abreast of federal, state, and local requirements as they relate to the transit planning process. To maintain interaction and feedback with appropriate citizen and professional groups, staff will participate with the TAC, Coordination Plan Committee, citizen advisory boards and others as needed. Grant administrative functions and continue updating and maintaining the FTA mandated Transit Asset Management Plan.
