The following feedback was suggested:

Discussion Update. Revised by-laws. BPAC has voted on all changes. Now, BPAC needs to bring the revised by-laws to governing bodies for approval. Elyse will schedule this and Ed will add mention of the by-law changes to the annual presentation.

New Business

Discussion Update. Downtown Transportation Study. Engineering study is still in final stages. Staff transportation team is meeting on Thursday and will discuss what the Planning side of this study could look like.

Discussion Update. Bicycle Boulevard. Planning, Public Works, the Mayor, RiverStone Health, and Healthy By Design worked together on an application for a Blue Zones Grant. The grant would go towards the bicycle boulevard to help make it better. \$10,000 would go to planning, \$90,000 to implementation.

Discussion Update. Engagement with Streets Division on sweeping priorities and striping. BPAC wants to open up a line of discussion with the Streets Division about how they prioritize street sweeping. Ed suggested that it would be best to meet with them outside of BPAC's regular meeting time and include Elyse as well as a few BPAC members. BPAC would have an agenda ready. Kristi suggested having them ride on bikes or bringing a video recording of a ride with a helmet camera. Kristi has a helmet camera that someone can borrow.

Elyse will research when would be a good time to visit the Street and Traffic team and put together a draft agenda of questions. BPAC will bring snacks.

Public Comment: Morgan Miller suggested showing the problem areas, emphasizing the importance of street sweeping work for people who have to bike, and sharing that people who bike notice and appreciated what street sweepers do.

Other Business: Kristi asked BPAC to be part of the Trail Blazing event.

Future Agenda Items: BPAC's attendance at the LIFTT meeting on July 30 at 9 am. Topics could include bike lane use, common impediments to mobility, questions on trails.
