

Getting the Job Done

We work with you to develop projects and move the regional economy forward. This happens as a result of local engagement and regional collaboration with knowledge of and access to local, state and federal programs designed to assist the people we serve. We have a proven track record of project development and strive to ensure positive results.

We work in partnership with Big Sky Economic Development to develop and support projects in your area.

How can we help you in 2019 and beyond?

- Plan review and implementation
- CEDS project goals
- Letters of Support
- Project identification and development
- Partner for training opportunities identified through industry requests and trends

Economic Development Program

Beartooth RC&D (Resource Conservation and Development) serves the cities, towns and counties of Big Horn, Carbon, Stillwater, Sweet Grass and Yellowstone as a state-designated Certified Regional Development Corporation (CRDC) and as a federally designated Economic Development District (EDD). We work closely with local economic development authorities and organizations in order to leverage the best possible options for communities, non-profits and private businesses in the region.

Food and Ag Program

Beartooth is home to one of four Food & Ag Development Centers located across the state. The Centers help Montanans innovate and grow businesses that produce and commercialize food, agricultural and renewable energy products and processes – creating wealth and jobs in our communities and on our farms and ranches. The centers support economic development by ensuring that more of the state's food, agricultural and energy dollars circulate in Montana. The program provides training, technical assistance, and access to funding through grants and loans.

Revolving Loan Fund Program

The purpose of the Revolving Loan Fund is to encourage and accelerate economic development activities in the region. The role of the RFL is to provide gap financing to businesses who would find it difficult to meet conventional underwriting standards. The RLF is not an alternative to private lenders or equity capital as most loans are a combination of all three. The RLF can provide financing for business equipment or improvements, land and buildings. Rates are competitive to bank terms/rates.
