

**\*\*ATTENTION\*\***

The City Council meeting will be held in a hybrid format that may include both in-person AND virtual attendance via Zoom. Unless they have cause to appear virtually, Councilmembers will attend the meeting in person in Council Chambers, second floor of City Hall, 220 N. 27th Street. In order to honor the Right of Participation and the Right to Know in Article II, Sections 8 and 9, of the Montana Constitution, the City of Billings and City Council are making every effort to meet the requirements of the open meeting laws.

Citizens are invited to:

- Review the Agenda Packet on the City's website at: [www.billingsmt.gov](http://www.billingsmt.gov) and click on "Your Government," "City Council," and "Agendas & Minutes".
- View the meeting:
  - On Community 7 TV - Channel 7 or Channel 507 -- Spectrum Cable. (*On evenings when there is a conflict with School District No. 2 Board meetings, the City Council meeting will be broadcast on Channel 8 - Spectrum Cable.*)
  - Online at [www.com7tv.com](http://www.com7tv.com) and click on the "Watch Live" icon. Community 7 also has links to their Facebook page and YouTube channel.
  - On the City's website at [www.billingsmt.gov](http://www.billingsmt.gov) and click on "Watch Meetings Online" on the homepage.
  - In-Person.
  - Virtually via Zoom (see the link below).

Citizens may submit public comment via the following methods:

- Mail: City Clerk, P.O. Box 1178, Billings, MT 59103
- Email: [Council@billingsmt.gov](mailto:Council@billingsmt.gov).
  - Emails received after 3:00 PM on the day of the meeting, may be posted on the Council's webpage the following day for public viewing.
- Attend the meeting in person.
- Attend the meeting virtually through Zoom by entering the Webinar ID and Passcode indicated below. Click on *Zoom Meeting Instructions* and *Zoom Hybrid Meeting Details* below for more information. The link will allow you to attend, view and participate in the meeting on your computer, laptop or smart phone. (You must have the Zoom App on your device [Click Here to Download Zoom App](#)) To provide public comment at the appropriate time, click on the "raise hand" icon located at the bottom of the screen and the moderator will unmute your device.
  - **Don't have a smart phone, computer or laptop?** That's okay -- you can attend a Zoom meeting using your **landline phone**. Call the Zoom phone number, **1.253.215.8782** to join the meeting and follow the operator's instructions. Want to give public comment? Simply "*raise your hand*" by pressing \*9 and the moderator will give you permission to speak when it is your turn. *\*Note this is a long distance toll number and charges may apply depending on your plan.*
- Click Here for [Zoom Meeting IDs and Passcodes](#)
- Click Here for [Zoom Meeting Instructions for Attendees \(as guests\)](#)

Please contact Denise Bohlman, City Clerk, at [bohlmand@billingsmt.gov](mailto:bohlmand@billingsmt.gov), or at 406.657.8210, with any questions.

**VISION STATEMENT:**  
"The Magic City: A diverse,  
welcoming community  
where people prosper and  
business succeeds."

**WORK SESSION AGENDA  
NOVEMBER 7, 2022**

**COUNCIL CHAMBERS**

**5:30 P.M.**

**CALL TO ORDER:** Mayor Cole

**PUBLIC COMMENT ON ALL ITEMS.** This is the time to comment on any matter (Agenda or Non-Agenda) falling within the scope of the Billings City Council. There will also be time in conjunction with each agenda item for public comment relating to that item. You may only speak once for each item during the meeting.

Please note, the City Council cannot take action on any item of significant interest to the public that does not appear on the agenda. Comments are limited to three (3) minutes during each public comment period or as set by the Mayor. **Speaker sign-in required.** Please sign the roster at the cart located at the back of the Council chambers or at the podium.

- 1. Public Safety Update.**  
(Presented by: *Chris Kukulski, City Administrator*)  
-Public Comment
- 2. FY24 - FY28 Capital Improvement Plan.**  
(Presented by: *Andy Zoeller, Finance Director*)  
-Public Comment
- 3. Crime Prevention Through Environmental Design (CPTED).**  
(Presented by: *Chris Kukulski, City Administrator*)  
-Public Comment
- 4. Highlight Upcoming Agenda Items of Council Interest.**  
(Presented by: *Chris Kukulski, City Administrator*)  
-Public Comment

**COUNCIL DISCUSSION:**

**ADJOURN:**

Note:

- This meeting is an "informal" meeting of the City Council. The content of the Agenda is subject to change at the meeting.
- In the event there is a Closed Executive Session, the sole purpose is to discuss litigation strategy. The other parties to the case(s) discussed are not public bodies or associations as described in Section 2-3-203(1) and (2), MCA. The meeting is closed, as allowed by Section 2-3-203(4) (a), MCA, "to discuss a strategy to be followed with respect to litigation when an open meeting would have a detrimental effect on the litigating position" of the City of Billings.

**City Council Work Session**

**Date:** 11/07/2022  
**Title:** Public Safety Update  
**Presented by:** Chris Kukulski, City Administrator  
**Department:** City Hall Administration  
**Presentation:** Yes  
**Legal Review** No

---

**RECOMMENDATION**

Review the materials in preparation for presentations and a conversation with fire, code enforcement, legal, police and administration on safety and the implementation of the public safety levy.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

The following information was provided by each of the key departments directly related to improving public safety:

Fire Department -- see attached PowerPoint presentation.

Code Enforcement -- Code Enforcement continues to move ahead with implementation of its Public Safety Mill Levy directed goals and resources. The focus is in three main areas -- property abatements and improvements to the court ordered abatement process; staff additions, changes, and budget allocations of the PSML resources; and a significant role in the newly formed Nuisance Property Team.

The headings and bullet points below outline the work the Code Enforcement Division has been working on since the beginning of 2022.

**1. Abatements Since January and Abatement Process Improvements:**

## a. Abatements Completed this year:

1. 202 Jackson - open storage/junk vehicles
2. 2112 Main Street - open storage
3. 702 N. 16<sup>th</sup> - open storage
4. 245 Birchwood -- open storage
5. 1702 Avenue D -- clear vision/illegal fence
6. 835 Miles Ave -- open storage
7. 3294 Windmill Circle - open storage
8. 3714 5<sup>th</sup> Avenue South - open storage/now boarded structure
9. 416 Kuhlman -- open storage

## b. Upcoming abatements (orders issued by court):

1. 824 Dorothy Lane -- open storage
2. 13 Monroe -- open storage
3. 910 Lynch -- open storage

## c. Abatement Process Improvements

- i. Improved coordination with Municipal Court and City Legal means shorter time from court ordered abatement to clean-ups
- ii. Utilizing more city departments to complete abatements
- iii. Recycling anything we can to offset some of the costs of the abatements

**2. Staffing and Budget update - All PSML approved positions (3) have been filled to date**a. Commercial code officer II in place (*PSML Position*). Officer focus:

- i. Graffiti, sober living homes, marijuana ordinance, massage facilities, commercial properties, business licenses, sign compliance, etc.
- ii. Taking point on all things graffiti

## b. Nuisance property code officer II in place. Officer focus:

- i. Abandoned, decaying, and dangerous structures
- ii. Clearing old cases and initiating new cases for problem properties
- iii. Working closely with legal to bring civil actions in District Court for those properties that exceed the \$9,500 assessment limitation

iv. Developing methodical process to complete larger abatements that could result in City-initiated demolition

c. Residential officers -- One remaining vacancy to fill (2 PSML Positions). In recruitment process and plan to hire and have trained by year end

d. New Enforcement Areas -- January 2023 is the target date to implement new code enforcement areas with full staffing (5 enforcement areas)

e. PSML funds for staff and operations expended in FY23 per CE allocation

- FY2022: Spent \$81,028 for two vehicles - new to fleet
- FY2023: Spent \$16,000 on vehicle from Planning
  - PSML increase to Payroll for July 1 to November 1: \$35,000
  - Equipment: \$5,000 (estimated)
  - Software: \$5,232 (ticketing)
  - Phones: \$540
  - Training: \$635 (Hi-C costs)
- Total FY2023: \$62,4073.

**Nuisance property team**

- Nuisance property code officer II and code manager working closely with this team
- Team includes additional city departments (fire, building, CPC, etc.)
- Developing a system to track and update properties added to the team's list using GIS mapping and secure log in for those on the team to access and update reports to Admin.
- Properties are being listed on briefing (BPD) for area checks all three shifts

**Prosecution** - The legal department has hired a Victim-Witness Specialist as part of the implementation of its strategy to address public safety issues. Seven positions were authorized following passage of the public safety mill levy. We have only been able to hire one position, a Victim Witness Specialist. However, there is insufficient office space to continue to hire other positions that have been approved/authorized as a result of the PSML -- all staff that can comfortably office-share are currently doing so. It is not practicable to rent separate space for one or two positions because of training, collaboration with other members of the prosecution team, and the need to be accessible to the court. With the retirement of a legal secretary, we plan to use that space to hire an additional prosecutor in the next 2 months. However, this affects administrative staff duties since we will not be replacing that position until there is sufficient office space. The legal department continues to work on strategies to streamline charging decisions with the police department to get certain cases charged directly through BPD instead of waiting for prosecutor review. We are also working on practices within the office to try different strategies for drafting charging documents to streamline the process.

- The following data shows the total number of cases filed compared to the total number of cases referred for filing through September 30:

Year	PFMA	VOOP, PIC, Stalking, Sexual Assault	NCO Violations	Total Cases Filed	Total Cases Referred	% of Referred Cases Fil
2016	345	144	94	583	824	70.7%
2017	340	110	125	575	875	65.7%
2018	311	90	89	490	790	62.02%
2019	331	70	99	500	878	56.90%
2020	365	103	97	565	1,204	47.08%
2021	491	128	167	786	1,101	71.38%
2022*	270	114	96	480**	871	55.10%

\*Through September 30, 2022

In the 15 months that we've had authorization for two DV Prosecutors, one prosecutor has been solo roughly 6 of those months due to hiring and turnover. After Brad was hired in 2021, and before he transitioned into the DV role, he charged a significant amount of unfiled cases, as evidenced by the large spike in overall filings that year. Realistically, an achievable target for case filings would be between 60 and 70%. We are currently off that target, though we are on pace to set our second-highest case filing record in the last 7 years.

We are also paying close attention to legislation to improve safety and specifically the impact of sober living facilities. We support each of six bill drafts coming out of the legislative Criminal Justice Oversight Committee (CJOC). The committee approved three during their August meeting and the other three are expected to be approved November 15. Each draft can be reviewed on their web-site. CJOC 2.2 deals specifically with sober living homes.

Additionally, even if the sober living bill is introduced and passes, the separate issue of offender supervision is an area that DOC needs to address by implementing more stringent supervision requirements of offenders in these homes and the community at large.

Law Enforcement -- see attached PowerPoint presentation.

# PUBLIC SAFETY UPDATE

## JANUARY THRU SEPTEMBER 2022

# PRIORITY DISPATCH

- Implemented Nov. 8, 2021
- AMR responds to BLS or low acuity calls, which reduces FDs responses
- Call volume for Jan 01—Sep 30, 2021: 13,943
  - 18,042 total
- Call volume for Jan 01—Sep 30, 2022: 13,593
  - Projected total of approx. 17,000

# 2021 vs 2022 CALLS FOR SERVICE

## 2021

- Fires: 357
- EMS: 7,232
- Service/Other: 6,354

## 2022

- Fires: 273
- EMS: 7,287
- Service/Other: 6,033

# AMR SERVICE AGREEMENT

## Current EMS ordinance gaps

- Signed and executed agreement
- Right of first refusal
- CAD to CAD live November 16
- Automatic Vehicle Locator (AVL)
- Charge for the use of FD personnel on ambulances
- Administrative fee

# PSML PERSONNEL

## Assistant Fire Chief of EMS

- Development and oversight of MRT and CRU

## Assistant Training Chief (Logistics Officer)

- Procurement and maintenance of equipment

## Deputy Fire Marshal

- Focuses on target hazards within our community
- Community Risk Reduction

# CRISIS RESPONSE UNIT (CRU)

- The behavioral health bid process was voted on and approved by council on 10/24
- Will start working with partner on operations and logistics
- Vehicle has been ordered

**CRISIS RESPONSE UNIT**

# MOBILE RESPONSE TEAMS (MRTs)

- Training started August 22, graduation on November 22
- Vehicles have been ordered
- MRT tentative start date: December 01, first car implementation
- Second car implementation in the first half of 2023

# CPSM Progress

- 34 Recommendations
  - 26 Implemented or in progress
  - 6 Collective bargaining agreement issues
  - 1 Legislative
  - 1 belongs to another department

WARRANTS PER INDIVIDUAL

**City Council Work Session**

**Date:** 11/07/2022  
**Title:** FY24 - FY28 Capital Improvement Plan  
**Presented by:** Andy Zoeller, Finance Director  
**Department:** Finance  
**Presentation:** Yes  
**Legal Review** No

**RECOMMENDATION**

Staff recommends that City Council review the FY24 Capital Improvement Plan (CIP), discuss projects, and make recommendations to staff for desired changes to the draft CIP. Council action to follow at a regular City Council meeting scheduled for December.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

Each year the City of Billings adopts a 5-year Capital Improvement Plan (CIP). This plan identifies capital projects, prioritizes City facility and infrastructure needs, and helps develop sound financial investments into the future to ensure successful completion of projects. Capital projects included in the plan exceed \$25,000 and have a useful life of greater than 1 year. Common repairs and maintenance items are not included, unless the improvements significantly lengthen the useful life of the asset.

The CIP contains information on each project, sets a timeline and priority for each project, and identifies a planned funding source. The projects that are identified as FY24 projects will be incorporated into the next City budget and rate recommendations will be made based upon the adopted CIP.

The draft plan was made available to the public on October 26, 2022, at [www.billingsmt.gov/cip](http://www.billingsmt.gov/cip). Additionally, a GIS map showing all projects can be found at the same CIP website.

**ALTERNATIVES**

No Council Action is needed at the work session.

**FISCAL EFFECTS**

The total investment in projects for FY24-FY28 are estimated to cost \$523,126,752. Projects are funded through a variety of revenue sources including User Fees and Charges, Debt, Special Assessments, Grants, Tax Revenue, and Contributions. The projects included in the CIP for FY24 total \$76,983,113.

Total project investments are planned in the following areas over the next 5 years:

City Administration Total	
Total Facilities Projects	4,276,430
Total Parking Projects	610,000
<b>City Administration Total</b>	<b>4,886,430</b>

Aviation and Transit Total	
Total Airport Projects	111,783,220

# FY 2024 - 2028 CAPITAL IMPROVEMENT PLAN SUMMARIES

## CIP OVERVIEW

### What is a Capital Improvement Plan (CIP)?

The CIP is a comprehensive five-year plan that identifies needs for construction of capital projects or improvements to the City's infrastructure and facilities. The City of Billings FY 2024-2028 CIP contains information on how the City plans to invest available resources into key infrastructure and facilities between fiscal years 2024 and 2028. The CIP provides a forecast of funds available for capital projects and identifies all planned capital improvement projects and their estimated costs over the five-year period.

The City funds construction of its infrastructure and facilities using a wide range of sources, including tax revenues, bond proceeds, and fees for services and continues to look for ways to leverage its funding, through federal, state, and local grants and reimbursements, to maximize funding for CIP projects.

The first year's program in the CIP is adopted by the City Council as the capital budget, as a counterpart to the annual operating budget. Although fiscal resources are appropriated only in the first year of the CIP, the succeeding four years of the CIP are important in providing a longer-term plan for spending priorities, scheduling projects in a logical sequence, and coordinating and targeting capital improvement projects for all City departments. The annual update to the CIP is created with input from the public and direction from the City Council. A community's CIP is a guide that lays out the framework for achieving the current and future goals related to the physical assets of the community.

### What is a capital project?

A capital project is a project that costs \$25,000 or more and results in a permanent addition to the City's asset through the acquisition of property, new construction, or rehabilitation of an existing facility to a like-new condition. Project costs can include the cost of land, engineering, architectural planning, and contract services needed to complete the project.

### What's in this 5-year CIP?

The FY 2024-2028 CIP includes \$ 523.1 million for 147 projects. Approximately 32% of the CIP will be funded with debt. Some debt (Sidewalk and Curb bonds and Special Improvement District bonds) is used to assist property owners with needed sidewalk and street improvements by allowing them to pay back the costs of these improvements over time. The City sells bonds and the debt is then assessed back to the property owners who received benefit of the improvements.

The City also uses bonds as a funding source for capital projects when projects cannot be funded prudently from current revenues or fund balances. Debt financing is also utilized to better ensure inter-generational equity by spreading payments for assets and infrastructure over their useful lives.

### STORM PROJECTS

Project Name	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	Total
Annual Culvert Project	160,000	165,000	170,000	176,000	183,000	854,000
Annual Storm Drainage Intersection Trouble Spot Project	160,000	165,000	170,000	176,000	183,000	854,000
Annual Storm Sewer Rehabilitation Program	362,000	375,000	388,000	402,000	415,000	1,942,000
Babcock Boulevard Storm		250,000	2,250,000			2,500,000
Cove Creek/Little Cove Creek Study	280,000					280,000
Land for Storm Outfalls	200,000	200,000				400,000
Rimrock Road (62nd to 54th) and 54th (Rimrock to Grand)				200,000	1,800,000	2,000,000
West Heights Storm Water Detention	50,000	480,000				530,000
Yegen Drain Basin			300,000	2,600,000		2,900,000
Yegen Drain Southern Leg Capacity Improvements	200,000	1,860,000				2,060,000
<b>Total Storm Projects</b>	<b>1,412,000</b>	<b>3,495,000</b>	<b>3,278,000</b>	<b>3,554,000</b>	<b>2,581,000</b>	<b>14,320,000</b>

## TRANSPORTATION PROJECTS

Project Name	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	Total
21st Street Underpass Improvements				5,000,000		5,000,000
36th - Central to Broadwater				300,000	2,700,000	3,000,000
54th St West (Grand to Rimrock)				700,000	5,500,000	6,200,000
6th Avenue North Multiuse Trail		500,000				500,000
Annual ADA Replacement	250,000	250,000	250,000	250,000	250,000	1,250,000
Annual Gravel Street Reconstruction	2,450,000	2,450,000	2,450,000	2,450,000	2,450,000	12,250,000
Annual PAVER Program	1,025,000	2,900,000	3,000,000	3,100,000	3,200,000	13,225,000
Annual Pedestrian Crossings	104,000	107,000	110,000	115,000	120,000	556,000
Annual SIDs	1,050,000	1,050,000	1,050,000	1,050,000	1,050,000	5,250,000
Annual Street Reconstruction	1,580,000	1,580,000	1,580,000	1,580,000	1,580,000	7,900,000
Annual Travel Corridor Coordination	52,000	54,000	56,000	58,000	61,000	281,000
Bike Boulevard	240,000					240,000
Broadwater - Vermillion to Shiloh	600,000	3,000,000				3,600,000
Gabel Road	550,000					550,000
Downtown 2 Way Conversion	7,400,000					7,400,000
Intersection Capacity Improvements	515,000	535,000	554,000	574,000	600,000	2,778,000
Misc., Curb, Gutter, and Sidewalk Program	975,000	1,000,000	1,030,000	1,050,000	1,100,000	5,155,000
Monad Road (Daniels to Moore Ln)			450,000	3,700,000		4,150,000
Pedestrian Crossing of Exposition Drive					4,000,000	4,000,000
Remote Restroom and Breakroom	100,000					100,000
Remote Storage Location for Sand and Slicer	850,000					850,000
Rimrock Road Widening (54th to 62nd)		600,000	5,800,000			6,400,000
Rimrock Road Widening (Clearview to 54th)			375,000	3,300,000		3,675,000
SBURA Unimproved Street Improvements	2,620,000					2,620,000
Traffic Calming			50,000			50,000
Traffic Signal Controller Upgrade	650,000					650,000
Wicks Lane - Main to Bitterroot	400,000	1,800,000				2,200,000
<b>Total Transportation Projects</b>	<b>21,411,000</b>	<b>15,826,000</b>	<b>16,755,000</b>	<b>23,227,000</b>	<b>22,611,000</b>	<b>99,830,000</b>

## UTILITY PROJECTS

Project Name	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	Total
D&C Heated Shop and Breakroom Addition		1,200,000				1,200,000
Hydrogen Sulfide Mitigation	500,000					500,000
Wastewater - Central Sewer Extension (Shiloh to 44th)	160,000	900,000				1,060,000
Wastewater Compensation Agreements	300,000	300,000	300,000	300,000	300,000	1,500,000
Wastewater Digester Gas & Sludge Pump Replacement		515,000				515,000
Wastewater Digester Gas Interior Piping Replacement	1,200,000					1,200,000
Wastewater - Grand Avenue Sewer Ext (60th to 62nd)			400,000			400,000
Wastewater - Hesper Sewer (Shiloh to 48th)	500,000	3,700,000				4,200,000
Wastewater - Highway 3 Sanitary Sewer				250,000	1,350,000	1,600,000
Wastewater Main Replacements	5,300,000	5,800,000	6,400,000	7,040,000	7,740,000	32,280,000
Wastewater - Monad Sewer	4,000,000					4,000,000
Wastewater - Rehberg Ranch Lift Station			200,000	1,440,000		1,640,000
Wastewater Treatment Plant Campus Electrical	300,000	300,000	300,000	300,000	300,000	1,500,000

### ENTERPRISE FUNDS

#### AIRPORT FUND

Project Name	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	Total
Airport Master Plan Update		889,000				889,000
Baggage Claim Improvements			1,000,000			1,000,000
Car Rental Parking Garage					60,000,000	60,000,000
Cargo Ramp - North Side				1,500,000		1,500,000
Cargo Ramp Rehabilitation				4,200,000		4,200,000
Cargo Ramp - Slot 5 Expansion					5,889,000	5,889,000
Extend Operations Building Mechanic Bays			500,000			500,000
Extend Water & Sewer Line to Business Park			500,000			500,000
Fencing Upgrade on Northside-Mitchell Property			100,000			100,000
Fuel Farm Expansion	100,000					100,000
Move East Stair Tower to Open Up Ticketing Lobby	800,000	4,200,000				5,000,000
Old East Taxilane - Rehab		388,889				388,889
Operations Equipment Cold Storage Building				500,000		500,000
Parking Garage Planning and Design				5,000,000		5,000,000
Pavement Condition Index Survey			83,333			83,333
Public Ramp - Northside Expansion Phase II				2,000,000		2,000,000
Reconstruct the Commercial Air Carrier Parking Ramp	3,333,000					3,333,000
Rehab Taxiway A West End			2,222,222			2,222,222
Rehab Taxiway B North				1,500,000		1,500,000
Remodel Ticket Counters	100,000					100,000
Remove Hangars IP 1-4		200,000				200,000
Repave Airport Service Road					1,422,222	1,422,222
Replace IP-9 Windows		200,000				200,000
Reside North Parapet Walls Above Roof				100,000		100,000
RWY 7/25 Improvements			5,444,444			5,444,444
Storm Water Drainage System Improvement					1,000,000	1,000,000
Taxiway C Hotspot Corrections					888,888	888,888
Terminal Access Road Rehab	300,000	1,422,222				1,722,222
Terminal Building Expansion Construction	6,000,000					6,000,000
<b>Total Airport Fund</b>	<b>10,633,000</b>	<b>7,300,111</b>	<b>9,849,999</b>	<b>14,800,000</b>	<b>69,200,110</b>	<b>111,783,220</b>

**Department:** Aviation and Transit **FY24 - FY28 CIP**  
**Project Category:** Airport **Project Title:** Airport Master Plan Update

**Project Description/Location:**  
 Airport Master Plan looks at the future growth of the Airport and what projects will need to be completed.

**Justification:**  
 The FAA requires that Airports update their Master Plans periodically to justify future projects. One of the final products of the Master Plan is an Ultimate Airport Layout Plan (ALP). All potential future projects are reflected on the ALP and then are eligible for federal financial assistance (grant funds) to complete. Last Airport Master Plan was completed in 2010.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement

Department: Aviation and Transit FY24 - FY28 CIP

Project Category: Airport Project Title: Baggage Belt Improvements

**Project Description/Location:**  
 This project will provide an additional bag belt for a total of three bag belt locations for passengers to collect luggage.

**Justification:**  
 This will assist with future expansion plans of the Airport that predict additional airline service and an increase in passengers.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 This project will not cause operating expenses to increase or decrease. Airport revenues charged to the airlines are adjusted annually to cover those Airport costs that exceed non-airline revenues.

**Comments:**

Department: Aviation and Transit FY24 - FY28 CIP  
 Project Category: Airport Project Title: Cargo Ramp Rehabilitation

**Project Description/Location:**  
 The Cargo Ramp west of the Air Traffic Control Tower replacement due to ASR.

**Justification:**  
 The Cargo Ramp west of the Air Traffic Control Tower is used by Federal Express on a daily basis. A recent Pavement Condition Index study by our Civil Engineering group Morrison Maierle, identified the signs of the concrete ramp beginning to fail due to Aggregate Silicate Reaction (ASR). When these particular ramps were poured, no additives were included in the mix design to prevent the ASR issue. After 25 years of moisture and heat the ASR has begun to show up with cracking and checking on the surface of the ramp. Once this happens, it should be replaced before it becomes a safety issue.

**Department:** Aviation and Transit **FY24 - FY28 CIP**

**Project Category:** Airport **Project Title:** Ramp - North Side

**Project Description/Location:**  
This project is to expand the ramp on the north side of the Airport. The additional ramp space is needed for future hangar development.

**Justification:**  
A larger ramp is needed to accommodate the increased use at the Business Park. This is Phase 3 of 3, of a pavement enhancement program for the Airport Business Park.

<p><b>CIP Status</b>      <b>Project Type</b></p> <input checked="" type="checkbox"/> Modify Existing <input type="checkbox"/> Renewal/ Replacement <input type="checkbox"/> New Project <input checked="" type="checkbox"/> Enhancement/ New	
--	--

**Operating Budget Impact:**  
With the potential for increased leaseholds next to the ramp, revenues could increase with minimal change to expenses.

Department: Aviation and Transit FY24 - FY28 CIP

Project Category: Airport Project Title: Extend Operations Building Mechanic Bays

**Project Description/Location:**  
 This project will extend the length of the Airport Operations Center's equipment and mechanic bay to allow the mechanics to perform maintenance on the much larger, new multi-tasking snowplows that were purchased in FY 2019. This type of Airport snow removal equipment did not exist when the Operations Center was constructed twenty-five years ago.

**Justification:**  
 These snowplows extend beyond the doorway when parked in the service bay. This means that the doors must remain open while being serviced, which creates cold working conditions and increases the building's heating costs.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Heating and cooling costs may increase due to the larger building area, although heating costs may go down because the doors will remain closed when the new, larger equipment is being serviced.

**Comments:**

Project Category: Airport Project Title: Move East Stair Tower to Open Up Ticketing Lobby

**Project Description/Location:**  
 Project would remove, relocate and rebuild the Terminal's east stair tower which is directly in front of the Cape Air Ticket counter.

**Justification:**  
 The location of the existing east stair tower pinches the queue space in front of the Cape Air Ticket counter. Relocating this stair tower further east would help expand the Terminal lobby and provide better passenger check in circulation on the east end of the ticket counter area.

Department: Aviation and Transit FY24 - FY28 CIP

Project Category: Airport Project Title: Reconstruct the Commercial Air Carrier Parking Ramp

**Project Description/Location:**  
 During the remodel of the Terminal Building/concourse, sections of the commercial aircraft parking ramp will need to be removed and replaced. This project will replace the concrete that is removed and create permanent parking locations for all of the airlines. This project will span two years, with the northwest apron being replaced in FY 2022 and the southeast apron in FY 2024.

**Justification:**  
 Since the new concourse was basically constructed on the existing concrete apron on which the airlines currently park, this work will reestablish parking positions that are level, new areas for the aircraft to use.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 This project will not cause operating expenses to increase or decrease. Airport revenues charged to the airlines are adjusted annually to cover those Airport costs that exceed non-airline revenues.

Project Category: Airport Project Title: Replace IP-9 Windows

**Project Description/Location:**  
 Replace the existing windows in the Airport's IP-9 Office building.

**Justification:**  
 Existing windows leak and are drafty. Tenants complain that when the wind blows, the windows whistle/howl. Also, dust builds up on the window sills in bad wind storms.

Project Category: Airport Project Title: Taxiway C Hotspot Corrections

**Project Description/Location:**  
 The intersection of Taxiway A and C has been flagged as a "Hotspot" safety issue that should be fixed.

**Justification:**  
 Each year the FAA convenes a group of Airport users for a Runway Safety Action Team (RSAT) meeting to discuss and review areas of on concern on the BIL airfield. The intersection of Taxiway A and C was identified as an area of confusion and concern that the FAA would now like to see remedied.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Project will result in some additional maintenance depending on the solution decided on to fix this Hotspot area.

**Comments:**

Project Category: Airport Project Title: Terminal Building Expansion Construction

**Project Description/Location:**  
 The Terminal Building Expansion project will expand the concourse area to accommodate more passengers and increase the number of available passenger loading bridges. The interior portion of the expansion will relocate and enlarge the screening area, concourse, hold room areas, concession areas, and restrooms. The project will also add more open spaces and windows for a more open feel.

**Justification:**  
 The Airport needs to expand its concourse area to accommodate more airlines with parking, loading, and passenger holding space, as well as to upgrade the passenger amenities that travelers have come to expect.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Ongoing heating, cooling, and electric costs will increase due to the larger area. Costs will be mitigated by the use of energy efficient lighting and environmental control systems.  
  
 Additional revenues will be generated from concessions and Terminal space rents.

**Project Category:** MET Transit **Project Title:** Electrical Supply Upgrade for Bus Chargers

**Project Description/Location:**  
 Project enhances the size of the electrical feed to the METroplex for the install of bus charging stations required once the new EV buses arrive.

**Justification:**  
 MET recently received a grant for the purchase of four new Electric Vehicle (EV) Buses. The grant also included funding to allow for the purchase of (4) EV chargers and the upgrade to the electrical system to accommodate the overnight charging of the buses. MET's current power supply is too small at this time to accommodate the load requirements for the overnight charging and the transformer and electrical feed will need to be upgraded.

**Department:** City Administration **FY24 - FY28 CIP**

**Project Category:** Facilities **Project Title:** Fleet Expansion and New Washbays

**Project Description/Location:**  
 BOC (4848 Midland Rd)  
 Expand Fleet operations into existing wash bay facility to have a dedicated CNG compliant work area. This expansion would include:  
 - Construction of a new wash bay facility on vacant BOC land  
 - Remodel of the existing wash bays into vehicle repair bays  
 - Expansion of the fleet shop building to the west of 4 additional vehicle bays  
 - The 4 new vehicle bays shall be constructed to meet class 1, div II requirements for CNG vehicle storage and repair

**Justification:**  
 Fleet has no dedicated CNG compliant work area to repair or store trucks overnight unless they off gas - which is a waste of resources. Additionally, the existing wash bay facility was not designed for the size and volume of equipment currently employed by the public works department. Both projects will allow for more efficient operations. The fleet expansion scope into existing wash bay is the only location to have contiguous expansion for fleet services. The new wash bay facility allows for less maintenance, improved safety, and a right-sized design for the equipment that will utilize that service. The City's fleet is constantly expanding year over year and the current fleet shop and wash bays were designed and built nearly 20 years ago. This project will increase and improve the City's fleet and wash facilities.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 \$4,026,430.00  
 To be funded from Facilities reserves and a revenue bond

**Comments:**

Department: PRPL FY24 - FY28 CIP  
 Project Category: Parks Project Title: Aquatics Facilities Evaluation

**Project Description/Location:**  
 This project is to evaluate the existing aquatics facilities.

**Justification:**  
 This project will evaluate the current condition of the aquatics facilities (spray grounds, splash pads, wading pools, and swimming pools) to determine their viability and compliance to current regulations. Also the study will make recommendations on the cost effectiveness of their continued operation and what future replacements should look like.

Project Category: Parks Project Title: Burg Park Playground Replacement

**Project Description/Location:**  
 Replace the existing playground equipment

**Justification:**  
 The playground equipment at Burg Park is nearing the end of its useful life and is currently scheduled for replacement in FY 28. Replacement equipment is increasingly harder to find and purchase. Staff will continue to monitor the equipment to determine if replacement will need to be moved up.

**Project Description/Location:**  
 Replace/upgrade the north parking lot and restroom at Castle Rock Park

**Justification:**  
 On January 25, 2021, Council adopted the Castle Rock Park Master Plan as the guiding document for development and improvements to the park. The north parking lot and restroom were identified as projects that need to be replaced/updated. By making these improvements the north parking lot will be paved and striped for more efficient parking and the restroom will be upgraded with more durable fixtures.

CIP Status	Project Type
<input checked="" type="checkbox"/> Modify Existing	<input checked="" type="checkbox"/> Renewal/ Replacement
<input type="checkbox"/> New Project	<input type="checkbox"/> Enhancement/ New

**Operating Budget Impact:**  
 Minor.

**Comments:**  
 In FY 23 budget Council approved \$100,000 for design services for the north parking lot and restroom. Design and construction documents are under way.

 Project Category: Parks Project Title: Dehler Park Ball Field Replacement

**Project Description/Location:**  
 This project will replace the playing field at Dehler Park.

**Justification:**  
 The field at Dehler Park has been in place since 2008. Over time, the field has deteriorated in quality and needs to be replaced to meet safety standards and correct drainage issues.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Will improve maintenance operations to the field.

 Project Category: Parks Project Title: Parks and Recreation Comprehensive Plan Update

**Project Description/Location:**  
 Update existing 2017 Parks and Recreation Comprehensive Master Plan.

**Justification:**  
 The Parks and Recreation Comprehensive Master Plan was adopted by Council in 2017 and has served as an essential guiding document for the department. As with all plans they need to be updated periodically to take into account community growth, evolving programs and services, work completed and new projects. By updating the existing plan, it will allow the Parks and Recreation Department to better plan for the future, track operations and make continuous improvements.

**CIP Status**      **Project Type**

 Project Category: Parks Project Title: Swords Park Road Replacement

**Project Description/Location:**  
 Reconstruct the existing road in Swords Park

**Justification:**  
 The existing road from the Trailhead to Yellowstone Kelly's Interpretative Site is in poor condition with many pot holes and deteriorating asphalt making access difficult. This project will reconstruct the road base and surfacing.

**Project Category:** Recreation **Project Title:** Multi-Generational Community Recreation Center

**Project Description/Location:**  
 This project will construct an indoor multi-generational community recreation center on public land next to Amend Park that includes courts, aquatics and ice facilities

**Justification:**  
 There has long been inadequate indoor facilities to serve the recreational needs of the citizens of Billings. In the recently completed Parks and Recreation Comprehensive Master Plan, an indoor recreation center was identified as a high priority. By building this facility it will provide much needed indoor space for a variety of recreational opportunities for the citizens of Billings and provide a venue to accommodate the needs associated with sports tourism.

 Project Category: Recreation Project Title: South Park Pool Renovation

**Project Description/Location:**  
 Redesign and construct the existing aquatic facilities at South Park.

**Justification:**  
 The aquatic facility at South Park was originally constructed in 1920's and was last renovated in 1993. It is well past its life expectancy and needs to be renovated/replaced. Based on the results of an aquatic facility evaluation done in FY 24, it will inform the direction to be taken for the South Park aquatic facility. This project will provide design and construction for renovation/replacement of the south park aquatic facility.

**Operating Budget Impact:**  
 Potential need for matching funds associated with grant funding.

**Comments:**  
 This project is not programmed with currently available funds and is dependent on future funding for completion. The identified future funding sources are available but some are tied to competitive grant programs the City will actively pursue. MDT will be reconstructing this overpass which will help in facilitating the trail access as well as improve safety. Staff has met with property owners on the South side of the underpass and they are in favor of the trail. It is necessary to keep these projects in the CIP so when grants are applied for,

**Department:** Planning **FY24 - FY28 CIP**  
**Project Category:** (P) Transportation **Project Title:** N. 27th Street Side Path  
**Project Description/Location:**  
 Build a Bike Pedestrian Path along N. 27th Street connecting Rimrock Road and Skyline Trail/Swords Park. It would begin near the existing trail underpass at the intersection of North 27th Street/Highway 3/Airport Road and would continue to the southeast along North 27th Street. It appears that there is existing width available on North 27th Street to consider moving the guardrail on the south side so that both bikes and pedestrians could use an off-street multi-use trail that could still be incorporated into the overall 27th Street cross section and ROW.

**Justification:**  
 There are no pedestrian or bicycle facilities along 27th Street between the MSUB campus and the Skyline/Swords Park Trail at the Airport roundabout. This is only one of two transportation access points from the top of the Rimrocks to the bottom and safe multimodal infrastructure for users in this corridor is critical for all users' safety and for access to the various parts of the community. This project was identified in the 2016 Rims to Valley Bike/Ped Feasibility Study and continues to be called out by members of the Community as a project that needs to be programmed.

<b>CIP Status</b>	<b>Project Type</b>

<input checked="" type="checkbox"/> New Project	<input type="checkbox"/> Enhancement/ New

**Operating Budget Impact:**  
 Potential need for matching funds associated with grant and certain sources of State and Federal funding.

**Comments:**  
 This project is not programmed with currently available funds and is dependent on future funding for completion. The identified future funding sources are available but some may be tied to competitive grant programs the City will actively pursue. It is necessary to keep these projects in the CIP so when grants are applied for, or awarded, the City shows formal commitment to the project.  
 Potential funding sources include federal aid through grants, the TA Program and CMAQ. Planning staff continues to research options for applying for funding.

Department: Planning FY24 - FY28 CIP  
 Project Category: (P) Transportation Project Title: Stagecoach Trail

**Project Description/Location:**  
 This project is for an 8-foot wide shared use pathway approximately 5,300 lineal feet that will run on the east side of Zimmerman Trail from Rimrock Road to Highway 3. The trail will be placed below the grade of the road along the roadside slope. This trail is an essential part of the Marathon Loop and will provide a connection from the top of the Rimrocks to the valley. This project is Billings TrailNet's top priority.

**Justification:**

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Potential need for matching funds associated with grant funding.

**Comments:**  
 This project is not programmed with currently available funds and is dependent on future funding for completion. The identified future funding sources are available but some are tied to competitive grant programs the City will actively pursue. It is necessary to keep these projects in the CIP so when grants are applied for, or awarded, the City shows formal commitment to the project.  
 Other potential funding sources include federal aid through a Build Grant. Planning and Public Works staff are researching options for applying for funding next cycle if the program continues.

Department: Planning FY24 - FY28 CIP

Project Category: (P) Transportation Project Title: 25th Street Bridge

**Project Description/Location:**  
 Build a Bike Pedestrian Bridge over the Railroad Tracks at 25th Street between Montana and Minnesota Avenues. The bridge will connect to the bike lane to the south of the railroad tracks and this will provide a safe bike and pedestrian alternative to the at-grade crossing of the railroad at 27th as well as provide an emergency connection between the north and south sides of the tracks for police bike patrol or foot patrol in the event of a train blocking the tracks.

**Justification:**

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Potential need for matching funds associated with grant and TIFF funding.

**Comments:**

Department: Planning FY24 - FY28 CIP  
 Project Category: (P) Transportation Project Title: 5th Avenue Corridor East

**Project Description/Location:**  
 This project would begin to developed the east leg of the 5th Avenue North corridor from Main Street to 25th Street. The vision is to complete the project in several phases. This project would include a public participation/property owner process to identify treatments and options for a linear trail from Main Street to 25th Street via the 5<sup>th</sup> Avenue Corridor as proposed in the 5<sup>th</sup> Avenue North Corridor Feasibility Study. From the input of the public participation process, develop a design/engineering package and associated costs to complete the project. This could include physical alterations and additions for street crossings, private property easements, and construction of pedestrian walkways.

**Justification:**

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Potential need for matching funds associated with grant and TIFF funding.

**Comments:**  
 Cost estimates would get this project to a 80% design status which would allow staff to identify future funding options.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** Solid Waste **Project Title:** Landfill Cell 6 Expansion

**Project Description/Location:**  
 This project is for the construction of cell 6 at the landfill. The design is planned for FY26 and the construction will be in FY 27.

**Justification:**  
 The landfill will be nearing capacity of cells 3, 4 and 5. The construction of cell 6 is needed to continue the ability to take in waste from the City of Billings and surrounding areas.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project             Enhancement/ New

**Operating Budget Impact:**  
 Minimal impact.

**Comments:**  
 This is in the Solid Waste Master Plan to build cell 6.

Department: Public Works FY24 - FY28 CIP  
 Project Category: Solid Waste Project Title: Landfill Compost Phase II

**Project Description/Location:**  
 This project will construct the second and final phase of the landfill compost facility. Design will be in FY27 with construction expected in FY28.

**Justification:**  
 The creation of a new composting facility may allow us to recover more landfill gasses and reuse some of the refuse to enhance soils both around the landfill and City parks. It will also reduce the amount of waste going into the landfill. This will lead to longer life of the landfill and expensive cells will last longer. The composting of bio solids, wood, leaves and other items saves many needed but limited organic compounds from being placed into the landfill never being able to be recovered. This final phase of composting will allow Public Works to utilize all of the wastewater sludge for soil enhancement and to be able to add cardboard, newsprint and other materials, such as food waste, to be composted in the future.

<b>CIP Status</b>	<b>Project Type</b>
<input checked="" type="checkbox"/> Modify Existing	<input type="checkbox"/> Renewal/ Replacement
<input type="checkbox"/> New Project	<input checked="" type="checkbox"/> Enhancement/ New

**Operating Budget Impact:**  
 No additional operating money will be needed for the expansion

**Comments:**  
 Phase II will allow the city to divert 50,000 tons worth of material from both Class II and Class IV fill areas. Based on current master plans and historic data, Phase II is estimated to extend the life of the landfill by another 2 years. Both phase I and phase II would increase the life of the landfill by a combined 9 years.

<b>Project Category:</b> <u>Solid Waste</u>		<b>Project Title:</b> <u>Landfill Master Plan</u>							
<b>Project Description/Location:</b> This will fund a landfill master plan.									
<b>Justification:</b> Regular master plans are integral to good management of infrastructure. The landfill master plan will review the existing system, evaluate potential growth, identify issues, and recommend short term and long term plans. Projects from this master plan will be added to the capital improvement plan for construction. Montana DEQ requires an update of the master plan every 5 years.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** Solid Waste **Project Title:** Landfill Secondary Leachate Pond

**Project Description/Location:**  
 This project will construct a secondary leachate pond at the landfill.

**Justification:**  
 The landfill will outgrow the existing leachate pond soon and a second pond is needed to handle the leachate from the landfill. There is currently enough storage to handle a 50 year event, but if there is a large amount of rainfall, the system will overflow because of the extended area that the landfill will be occupying. This project is in the existing Solid Waste master plan.

Department: Public Works FY24 - FY28 CIP

Project Category: Storm Project Title: Annual Storm Drainage Intersection Trouble Spot Project

**Project Description/Location:**  
 This is an annual project for intersections with drainage problems as determined by staff and public comment.

**Justification:**  
 There are several areas in the city that experience localized flooding issues during some storm events. This project is intended to fix the small, localized problems using valley gutters, additional inlets, small areas of pipe extensions, outfalls for detention areas, and other methods. Without this project, localized storm drainage issues will not be addressed.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Improvements to storm problem areas will reduce the resources needed to address these issues on an ongoing basis.

**Comments:**  
 Design and construction management will be done in-house.

Department: Public Works FY24 - FY28 CIP

Project Category: Storm Project Title: Annual Storm Sewer Rehabilitation Program

**Project Description/Location:**  
 The storm drain system is being evaluated for condition and areas of concern will be repaired or replaced under this program.

**Justification:**  
 The storm drain system is aging and in need of additional work beyond regular maintenance in some areas. The entire system is being tv'd and areas of concern will be repaired or replaced. Without this program, the efficiency of the storm drainage system will be reduced due to areas of obstructions within the system.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Reduced O&M time due to fixing issues.

**Comments:**  
 The engineering and construction management will be done in house if staff time permits.

**Project Description/Location:**  
 This project is for regional improvements to the storm drain system as identified in the stormwater master plan.

**Justification:**  
 The storm drain system throughout Billings is in need of projects to accommodate the storms that are experienced. This project will install large trunk mains, regional detention areas, improvements to river outfalls, and other necessary improvements. Staff has developed a priority plan for these projects but if development occurs differently than anticipated or if we experience issues at locations that are currently unknown to have problems due to failure or another reason, the order of projects may change. The project anticipated to be the highest priority in FY27 is extension of storm drain mains in and around Babcock Boulevard.

Project Category: Storm Project Title: Cove Creek/ Little Cove Creek Study

**Project Description/Location:**  
 This project is for improvements to regional West Billings flooding as identified by City-County Planning.

**Justification:**  
 This project was identified by the City-County Planning flood mitigation study. This project contemplates a regional stormwater detention northwest of Rimrock road and 80th Street West and regional detention along Cove Creek, generally west of Ironwood Subdivision. The project would provide conceptual design of west Billings flood mitigation.

<b>Department:</b>	<u>Public Works</u>	<b>FY24 - FY28 CIP</b>						
<b>Project Category:</b>	<u>Storm</u>	<b>Project Title:</b> <u>Yegen Drain Basin</u>						
<b>Project Description/Location:</b>								
This project is for improvements to the storm drain system as identified in the stormwater master plan.								
<b>Justification:</b>								
The Yegen Drain frequently exceeds capacity during short high intensity rainfall events. This project would provide a second outfall and relieve demand on the Yegen Drain that serves primarily the southern leg of the Yegen Drain. The second outfall would provide additional capacity and stormwater system operational flexibility when the Yellowstone River is near flood stage, during the rainy season.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** 21st Street Underpass Improvements

**Project Description/Location:**  
 The 21st Street Underpass has a low clearance of only 8.5 feet, limiting the vehicles that can pass through this route. With the congestion of 27th nearby, the City will increase the clearance to standard minimum of 14 feet to provide a route for emergency vehicles or larger commercial vehicles, especially during train crossings on 27th.

**Justification:**  
 The 21st Street Underpass was identified as a relief route for emergency vehicles and local or commercial traffic from North 27th Street. The underpass sees around 2,500 vehicles per day, with about 1.5 feet of clearance for smaller vehicles. The current 21st Street Underpass has a signed vertical clearance of only eight feet and an actual vertical clearance of 8.5 feet. Because the underpass is below railroad tracks, it would provide another route for larger vehicles during railroad crossings.

<p><b>CIP Status</b></p> <input checked="" type="checkbox"/> Modify Existing <input type="checkbox"/> New Project	<p><b>Project Type</b></p> <input checked="" type="checkbox"/> Renewal/ Replacement <input type="checkbox"/> Enhancement/ New

<b>Department:</b>	Public Works	<b>FY24 - FY28 CIP</b>
<b>Project Category:</b>	(PW) Transportation	<b>Project Title:</b> SBURA Unimproved Street Improvements
<b>Project Description/Location:</b>		
<p>This project funds improvements to gravel or unimproved streets in the South Billings Boulevard Urban Renewal District (SBBURD). This project is expected to be completed in phases, depending on the availability of tax increment funds. The streets included in the first phase of this project are Vaughn Lane, and portions of Mitchell Avenue, Bruce Ave and Hillview Lane. These streets are expected to be complete in the Fall of 2022. The second phase includes improvements to Morgan Lane, Ryan Lane and a portion of Stephens Lane. These are expected to be completed in FY24. With respect to FY25-28, there are additional streets in the proximity of the aforementioned, all of which need improvement to the street, curb, gutter and sidewalk. SBURA will work with Public Works to identify and schedule streets for improvement over the next few fiscal years.</p>		
<b>Justification:</b>		
<p>The South Billings Boulevard Urban Renewal District Master Plan focuses on neighborhood revitalization as a catalyst for urban renewal. The streets scheduled for improvement in FY23 will bring key collector and local streets up to City standards. There are additional local streets whose conversion from unimproved gravel streets to paved streets with curb, gutter and sidewalk would greatly assist in SBURA's efforts to revitalize the District.</p>		
<b>CIP Status</b>	<b>Project Type</b>	
<input checked="" type="checkbox"/> Modify Existing	<input checked="" type="checkbox"/> Renewal/ Replacement	
<input type="checkbox"/> New Project	<input type="checkbox"/> Enhancement/ New	
<b>Operating Budget Impact:</b>		
<p>Paving streets will reduce the amount of resources used to maintain gravel streets.</p>		
<b>Comments:</b>		
<p>Any contribution (i.e., SID's) from the property owners will be at City Council's discretion.</p>

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** 36th - Central to Broadwater

**Project Description/Location:**  
 This project funds the construction of 36th Street West from Central Avenue to Broadwater Avenue. Design is slated for FY27 and the construction will be in FY28.

**Justification:**  
 36th Street West has never been constructed between Central and Broadwater. In 2018, 36th Street West was constructed south of Central and resulted in a connection from King Ave East through Central. This project would extend that connection north to Broadwater. This connection should result in decreased traffic on 32nd Street West.

**CIP Status**      **Project Type**  
 Modify     Renewal/ Replacement  
 New Proid    Enhancement/ New

**Operating Budget Impact:**  
 Some additional O&M to maintain the additional length of street.

**Comments:**

**Project Category:** (PW) Transportation **Project Title:** 54th Street West - Grand to Rimrock

**Project Description/Location:**  
 This project will construct widening of 54th Street West from Grand Avenue to Rimrock Road along with storm drain improvements.

**Justification:**  
 54th Street West initially started as a County Road and with the last couple of decades of adjacent residential and commercial development, requires additional capacity and safety improvements. This project would complete widening, storm drain improvements, and remaining sidewalk construction along the corridor.

**CIP Status**      **Project Type**

 Project Category: (PW) Transportation Project Title: 6th Avenue North Multiuse Trail

**Project Description/Location:**  
 This project will add a trail on 6th Ave North from Exposition Drive to N 13th.

**Justification:**  
 There are currently sidewalks on both sides of 6th Ave North but there is not a multiuse path. There is a path from the Heights that ends at the intersection and it is desired to continue the path to N 13th where bikes and other users could use the signal to go over the 2nd and 3rd where there are bike lanes. This will make an important connection with the trail system in the heights and along the rims.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement

<b>Department:</b>	<u>Public Works</u>	<b>FY24 - FY28 CIP</b>
<b>Project Category:</b>	<u>(PW) Transportation</u>	<b>Project Title:</b> <u>Annual Gravel Street Reconstruction</u>
<b>Project Description/Location:</b>		
<p>In an effort to reduce the number of gravel streets within the city, Public Works has developed a program to work with neighborhoods to develop SIDs to construct or re-construct streets. The gas tax portion of this project will provide funding for corner lot subsidies and for any street component that is the City's financial responsibility that may be included in an SID for a given year.</p>		
<b>Justification:</b>		
<p>The city has many streets that are gravel. The goal of the program is to bring all streets up to maintainable, City standards. Streets are being prioritized based on requests from the property owners, maintenance level for our crews, and proximity of storm drainage.</p>

Department: Public Works FY24 - FY28 CIP

Project Category: (PW) Transportation Project Title: Annual PAVER Program

**Project Description/Location:**  
 This annual program is responsible for crack sealing, overlay, and chip seals of various streets throughout the City.

**Justification:**  
 Asphalt needs to be maintained to extend it's lifespan. The City established a preventative pavement maintenance program over 30 years ago and it includes overlaying, crack sealing, and chip sealing all streets within the City. Each street is evaluated on an ongoing basis and prioritized according to it's condition. Staff also considers utility work that needs to be done when scheduling the projects each year to ensure that the utility work is done before the pavement maintenance. Staff does have a 5 year plan but it fluctuates depending on if streets deteriorate at the expected rate and other factors such as utility work.

**CIP Status**      **Project Type**  
 Modification     Renewal/ Replacement  
 New Project     Enhancement/ New

**Operating Budget Impact:**  
 Preventative maintenance of the streets reduces the operating budget due to the lack of potholes and other maintenance items.

**Comments:**

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** Annual Street Reconstruction

**Project Description/Location:**  
 In an effort to reduce the number of non-maintainable streets within the City, Public Works has developed a program to work with neighborhoods to develop SIDs to construct or re-construct streets. The gas tax portion of this project will provide funding for corner lot subsidies and for any street component that is the City's financial responsibility that may be included in an SID for a given year.

**Justification:**  
 The city has many streets that have never been constructed to a maintainable standard. The goal of the program is to bring all streets up to maintainable, City standards. Streets are being prioritized based on requests from the property owners, maintenance level for our crews, and proximity of storm drainage.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Non-maintainable streets use significant resources. This project will reduce the resources required as streets are completed.

**Comments:**  
 Engineering is typically done with in-house staff.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** Annual Travel Corridor Coordination

**Project Description/Location:**  
 This is for improvements to corridors within the city that only require minor infrastructure modifications.

**Justification:**  
 There are opportunities within the existing traffic roadway network to improve efficiencies. This project is intended to identify and implement these improvements with small capital investment. Examples include retiming signal corridors, installing left turn arrows, and restriping lanes.

Department: Public Works FY24 - FY28 CIP  
 Project Category: (PW) Transportation Project Title: Bike Boulevard

**Project Description/Location:**  
 This project funds a bike boulevard in the area of Howard/Terry/24th St. W and 24th St. W/Arvin.

**Justification:**  
 A bike boulevard is a route that is designed to be on local streets and is a through street for bikes. The route needs to have diverters for vehicles to ensure the local street doesn't encourage cut through vehicular traffic. The bike boulevards are a good way to create transportation routes for bicyclists on non-arterial streets which is beneficial for all commuters. Due to limited space in certain areas, bike sharrows could be used as well. The 24th St. W/Arvin Rd and Howard/Terry 24th projects are the highest prioritized bicycle boulevard projects in the Bikeway and Trails Master Plan.

**CIP Status**  
 Modify Existing  
 New Project

**Project Type**

 Project Category: (PW) Transportation Project Title: Broadwater - Vermillion to Shiloh

**Project Description/Location:**  
 This project will reconstruct and widen Broadwater Avenue from Vermillion to Shiloh Road.

**Justification:**  
 The section of Broadwater from Vermillion to Shiloh Road is currently a narrow two lane road with some intersection improvements at Zimmerman. The road needs to be widened and reconstructed to meet the volume demands.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Reconstruction of the road will decrease O&M associated with aging asphalt. The widening of the road will increase O&M for maintenance activities like sweeping and plowing.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** Intersection Capacity Improvements

**Project Description/Location:**  
 This project is for the evaluation and construction of improvements to selected intersection trouble areas.

**Justification:**  
 Intersections are evaluated regularly to determine priority based on traffic counts, crash history, pedestrian counts and other factors. While the priority of the intersections may change, the most likely intersection to be reconstructed in FY 2023 is Colton and 24th. This intersection is a priority due to high traffic volumes and an accident history. The intersections that will be improved in FY24 - FY27 will be determined during the next signal priority study.

**CIP Status**      **Project Type**  
 New Proid    Enhancement/ New    Renewal/ Replacement

**Operating Budget Impact:**  
 Negligible. Increase in power costs due to signal operation.

**Comments:**  
 Design and Construction management may be done in house if staff time permits.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** Misc. Curb, Gutter, and Sidewalk Program

**Project Description/Location:**  
 This project funds the annual replacement and infill program of curb, gutter, and sidewalk. The project focuses on areas of missing sidewalk primarily on arterials, school routes, near parks, and where requested by citizens.

**Justification:**  
 There are many areas of the City that have missing or severely damaged sidewalk or curb and gutter. This program allows the City to get these areas completed or repaired and are oftentimes the financial responsibility of the adjacent property owner. A safe pedestrian facility is important along city streets. Curb and gutter is typically paid for by the City if it is being replaced due to condition. Curb and gutter is important to the storm drain system and to keeping the asphalt in good condition.

**CIP Status**      **Project Type**  
 Major     Renewal/ Replacement  
 New Proj    Enhancement/ New

**Operating Budget Impact:**  
 Reduced cost for storm drain maintenance when curb and gutters are replaced.

**Comments:**  
 All work is designed and managed by internal staff.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** Pedestrian Crossing of Exposition Drive

**Project Description/Location:**  
 This project is for a pedestrian grade separated crossing across Exposition Drive between 1st Avenue North and 6th Avenue North.

**Justification:**  
 The pedestrian crossing of Exposition Drive is a key element in the revitalization of the East Billings Urban Renewal District (EBURD). As identified in the 2013 Exposition Gateway Concept Plan and the 2013 City of Billings Hospitality Corridor Planning Study, a pedestrian crossing would provide a vital connection between the east end of the EBURD and MetraPark. Exposition Drive is a principal arterial on a north-south alignment in Billings that currently provides three lanes in each direction with a center turn lane at intersections in the project location and a pedestrian crossing will significantly enhance a connection over the busiest thoroughfare in Montana to the busiest entertainment venue in the region. Other benefits include enhancing future development by encouraging investment in adjacent idle property, improving connectivity and safety, providing opportunities for event organizers, and allow users to enjoy amenities within walking distance in the Exposition Gateway Area.

<b>Department:</b> <u>Public Works</u>	<b>FY24 - FY28 CIP</b>
<b>Project Category:</b> <u>(PW) Transportation</u>	<b>Project Title:</b> <u>Remote Restroom and Breakroom</u>
<b>Project Description/Location:</b> This project will construct a remote restroom and breakroom at the existing Airport site.	
<b>Justification:</b> Currently, the only breakroom for Street/Traffic employees is at the Billings Operations Center (BOC), requiring staff to travel back to the BOC for lunch each day. As the City has grown, this has become inefficient and wastes travel time. A remote location at the current site near the Airport would increase operational efficiencies.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** Traffic Signal Controller Upgrade

**Project Description/Location:**  
 This is for the replacement of obsolete signal controllers with new technology which includes improved communication and detection at the intersection. Primary locations will be the downtown and the west end arterials.

**Justification:**  
 The existing signal network is run by computers that are approximately 40 years old and the technology and replacement components are obsolete. These controllers limit functionality of the system and impede the improvement of operations. New controllers and video detection will allow for a wider array of signal operations resulting in increased efficiencies in timing.

**CIP Status**      **Project Type**  
 Major     Renewal/ Replacement

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** (PW) Transportation **Project Title:** Wicks Lane Main to Bitterroot

**Project Description/Location:**  
 This project funds the design of the reconstruction of Wicks Lane and construction of sidewalks.

**Justification:**  
 Wicks Lane is an arterial that carries a volume of traffic that would be more efficient and safe if the road was reconstructed as a three lane section with multimodal facilities. Bitterroot Road connects to Wicks Lane and needs to be improved as well due to development that has occurred in the area. Sidewalks and a small section of Wicks west of Hawthorne was constructed in FY22 to improve pedestrian access and other improvements will be constructed in FY25.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 The reconstruction of Wicks and Bitterroot will decrease the on-going maintenance associated with aging asphalt.

**Comments:**

 Project Category: Utilities Project Title: Hydrogen Sulfide Mitigation

**Project Description/Location:**  
 This project will fund the construction of buildings and upgrades needed to mitigate Hydrogen Sulfide (H2S) in the system.

**Justification:**  
 A preliminary study was conducted and it was determined that there are two locations where outgassing potential exists and odor control will be beneficial. A pilot study was conducted in FY21. The upgrades will be constructed in FY23 and FY24.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project         Enhancement/ New

**Operating Budget Impact:**  
 Additional chemicals in the amount of \$50,000 will be required.

**Comments:**

Project Category: Utilities Project Title: Wastewater Compensation Agreements

**Project Description/Location:**  
 This is an on-going program to fund compensation agreements with private developers for oversized sewer mains and other City authorized costs.

**Justification:**  
 Per the City's rules and regulations for sanitary sewer service, the city will pay for oversized of sewer mains when they are extended by developers. Without these funds, the lines installed by developers would not be large enough to serve areas beyond each development and the systems would not function properly.

**CIP Status**

**Department:** Public Works **FY24 - FY28 CIP**

**Project Category:** Utilities **Project Title:** Wastewater Main Replacements

**Project Description/Location:**  
 This is annual program to fund the replacement of sanitary sewer mains throughout the City.

**Justification:**  
 The City's sanitary sewer infrastructure is aging and in need of replacement. Annual projects to replace areas of greatest need help to reduce leaks and failures and maintain reliable service to customers. The funding request specified increases the annual funding by 10% per year to slowly start increasing the funding to the level needed.

**CIP Status**      **Project Type**  
 Modify Existing       Renewal/ Replacement  
 New Project       Enhancement/ New

**Operating Budget Impact:**  
 Reduced O&M due to reduced leaks and failures.

Project Category: Utilities Project Title: Water Compensation Agreements

**Project Description/Location:**  
 This is an on-going program to fund compensation agreements with private developers for oversizing water mains and other City authorized costs.

**Justification:**  
 Per the City's rules and regulations for water service, the city will pay for oversizing of water mains when they are extended by developers. Without these funds, the lines installed by developers would not be large enough to serve areas beyond each development and the systems would not function properly.

**CIP Status**  
 Modify Existing  
 New Project

**Project Type**  
 Renewal/ Replacement  
 Enhancement/ New

**Operating Budget Impact:**  
 Additional water and sewer lines will require regular O&M.

Project Category: Utilities Project Title: Water - Fox Reservoir #1 Replacement

**Project Description/Location:**  
 This project will replace the existing reservoir.

**Justification:**  
 The existing steel reservoir was constructed in 1982. The interior paint has reached the end of its lifecycle and is required to be recoated. Rather than recoat the reservoir, the life cycle costs are less to replace the reservoir with a concrete reservoir. Failure to complete this project will require that the existing reservoir be recoated and long term increase in costs.

**CIP Status**  
 Modify Existing  
 New Project

**Project Type**

Project Category: Utilities Project Title: Water - Intake #2 Screening and PS Improvements

**Project Description/Location:**  
 This will fund the screening and pump station improvements needed at Intake #2 at the existing Water Treatment Plant.

**Justification:**  
 Intake #2 at the Water Treatment Plant (WTP) has limited screening capability. Plugging of downstream processes occurs from debris or sediment resulting in excessive downtime of the WTP. For these reasons, Intake #2 is rarely used. Intake #1 is more vulnerable to drought than Intake #2, however. To increase reliability during drought conditions, screening and pump station upgrades to Intake #2 are necessary. Having the flexibility to operate only off Intake #2 during lower demands will also result in enhanced power and chemical efficiency.

 Project Category: Utilities Project Title: Water - Storage Improvements (Zone 1)

**Project Description/Location:**  
 This project will construct an additional water tank in Pressure Zone #1 which serves the downtown area.

**Justification:**  
 Pressure Zone #1 serves the downtown area which includes critical facilities such as hospitals and healthcare facilities. Currently, Pressure Zone #1 is deficient in water storage per the Water Master Plan. Storage is needed to address fire, operational, and other emergency needs. This project will add a 3 million gallon storage tank to Pressure Zone #1. The Water Master Plan recommended an alternative of constructing a tank on the north side of Swords Park with a water main that connects the tank to Walter Pump Station.

 Project Category: Utilities Project Title: Water - Storage Improvements (Zone 4)

**Project Description/Location:**  
 This project will construct an additional water tank in Pressure Zone #4 which serves the northwest end of Billings.

**Justification:**  
 Pressure Zone #4 serves the northwest end of the City which includes Ironwood and Copper Ridge subdivisions. Currently, Pressure Zone #4 is deficient in water storage per the Water Master Plan. Storage is needed to address fire, operational, and other emergency needs. This was evident in the summer of 2021 when very high demands on the system required all pumps to be in service. This project will add a 2 million gallon storage tank to Pressure Zone #4. The Water Master Plan recommended constructing the tank at the base of rimrocks in Phipps Park and connecting it to the water system at 70th St W.

**Department:** Public Works **FY24 - FY28 CIP**

**Project Category:** Utilities **Project Title:** Water Treatment Plant Electrical Improvements

**Project Description/Location:**  
 This is an on-going program to fund the replacement of power lines, switches and transformers at Water Treatment Plant and pump stations.

**Justification:**  
 Electrical upgrade projects are common in the water system due to obsolescence of automation systems and replacements of electrical equipment at the Water Treatment Plant (WTP) and pumping stations. In FY24, the 15kV switchgear will have the cap-trip and capacitors replaced and the PLC processors will be upgraded in 7 pump stations. In FY25, the remaining the pump stations that have not received a PLC upgrade will be completed. Transformer T7A and T5 will also be replaced at the WTP with associated cable. In FY26, Transformer T6 will be replaced with associated cable. In FY27, The MCC at Leavens Pump Station will be replaced.

Department: Public Works FY24 - FY28 CIP  
 Project Category: Utilities Project Title: Water Treatment Plant Facility Plan

**Project Description/Location:**  
 This plan will assess the facility and process needs after the West End Water Treatment Plant has been brought into service.

**Justification:**  
 With the new West End Water Treatment Plant, demand requirements will be lessened on the existing Water Treatment Plant. Inspection of major process pipelines and infrastructure will better achieved without the current requirement to keep the plant running at all times. This plan will assess the facility and process needs, including the antiquated preliminary treatment process and propose recommendations for improvements.

Department: Public Works FY24 - FY28 CIP

Project Category: Utilities Project Title: Water - Willett and Christensen Pump Station

**Project Description/Location:**  
 This will fund needed service improvements for Zone #2.

**Justification:**  
 The Water Master Plan recommended the addition of a third pump to the pump station. The piping currently has a third pump slot available. This will allow more reliable service to Pressure Zone #2.

**Department:** Public Works **FY24 - FY28 CIP**  
**Project Category:** Utilities **Project Title:** Water - Zone 4 Pump Station Improvements

**Project Description/Location:**  
 This will fund the construction of additional pumping capacity into Pressure Zone #4 on the northwest end of Billings.

**Justification:**  
 Pressure Zone #4 serves the northwest end of the City which includes Ironwood and Copper Ridge subdivisions. Currently, Pressure Zone #4 is deficient in pumping capacity per the Water Master Plan. Additional pumps are needed to meet current and future demands. This was evident in the summer of 2021 when very high demands on the system required all pumps into Pressure Zone #4 be in service. This project will add additional pumping capacity by either constructing a new pump station near the intersection of 62nd St W and Grand Ave or increasing the capacity of Chapple Pump Station.

Department: Public Works FY24 - FY28 CIP  
 Project Category: Utilities Project Title: Water - Zone 6 Storage and Looping Improvements

**Project Description/Location:**  
 This project will construct an additional water tank and water line in Pressure Zone #6 which serves the area on top of rims including a portion of the Inner Belt Loop.

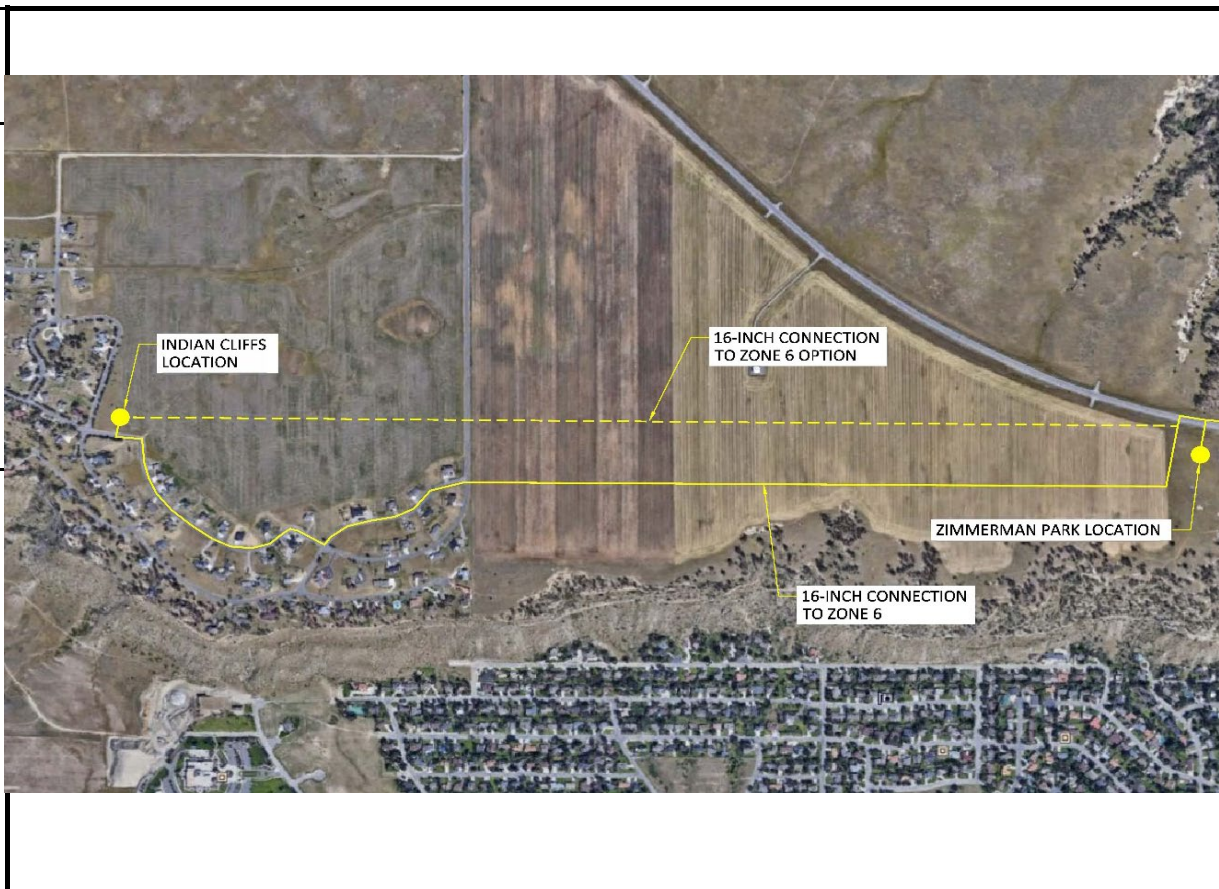

**Justification:**  
 Pressure Zone #6 serves the area on top of the rims west of the airport and also includes Rehberg Ranch Subdivision. Currently, Pressure Zone #6 is a closed pressure zone (has no storage) and relies on the limited water storage in Pressure Zone #5 (0.1 million gallons). Storage is needed to address fire, operational, and other emergency needs. This project will add a 1 million gallon storage tank to Pressure Zone #6. This project will also address the lack of a redundant water main to the top of the rims, including the airport, by providing pumps and a pipeline from Ironwood Tank to the new Zone #6 tank. The Water Master Plan recommended acquiring land and easement near Indian Cliffs Subdivision or along Highway 3. The water main would connect to the existing system near the intersection of Highway 3 and Zimmerman Tr. This will also benefit the airport water system by providing a redundant way to fill the Logan Tank (Zone #5) and delays or eliminates the need for a water line connection from Alkali Creek.

# Glossary

# FY 2023 - 2027 CAPITAL IMPROVEMENT PLAN GLOSSARY

## A

### **ADA**

Americans with Disabilities Act.

### **AIP**

Airport Improvement Program.

### **Airport FAA Grant**

The Airport Improvement Program (AIP) provides grants to public agencies for the planning and development of public-use airports that are included in the National Plan of Integrated Airport Systems (NPIAS).

### **Airport Fund**

Accounts for the Billings Logan International Airport operations and for all the resources received and used for acquisition and development of airport capital improvements and equipment.

### **Airport Improvement Program (AIP)**

Federally funded grant program in which annual entitlements combined with local share dollars, are used to fund Federally approved airfield improvements and/ or equipment purchases. Examples of AIP projects include taxiway/ runway overlays, airfield lighting, navigational equipment installation, airfield firefighting equipment, etc.

### **Airport User Fees**

Fees assessed the end user of airport services and are typically used as a funding source for projects, improvements and maintenance of airport facilities.

### **Americans with Disabilities Act (ADA)**

Federal law providing for a wide range of protection to individuals with disabilities ranging from prohibitions against discrimination in employment to specific requirements for modifications of public facilities and transportation systems.

### **Arterial Construction Fund**

Accounts for construction and reconstruction of arterial streets throughout the City.

## B

### **BARSAA**

Bridge and Road Safety and Accountability Act

### **Baseball Field/ Stadium Donations (for Capital Fund)**

Accounts for donations to fund future capital maintenance for the ball field and stadium.

### **Billings Metropolitan Transit**

Public Transit System providing fixed-route and paratransit bus services to the City of Billings.

### **Billings Operations Center (BOC)**

Facility that houses the Central Motor Pool, Solid Waste Division, Street-Traffic Division, Parks Maintenance Division, and the Police Department Roll-Call and Training location.

### **Billings Trailnet**

A non-profit that supports urban trail systems by raising money to be used as fund matching for City funding and projects.

### **Bond**

Debt instruments that require repayment of a specified principal amount on a certain date (maturity date) together with interest at a stated rate or according to a formula for determining the interest rate. For the purposes of the City of Billings we use the General Obligation, Revenue, Sidewalk and Curb District, Special Improvement District, and Tax Increment Bonds.

### **Bridge and Road Safety and Accountability Act**

House Bill 473, known as the Bridge and Road Safety and Accountability Act (BaRSAA), provides for a graduated increase in motor fuel tax by fiscal year 2023 and is managed by the Montana Department of Transportation (MDT). Funds can be used to pay for the construction, reconstruction, maintenance, and repair of rural roads, city streets and alleys; and bridges.

### **BUILD Grant**

Provided by the US Department of Transportation to invest in projects that promise to achieve national objectives related to road, rail, transit and port systems.

## C

### **Capital Asset(s)**

Assets of significant value and having a useful life of several years. Also called Fixed Assets.

### **Capital Improvement Plan (CIP)**

The CIP provides a forecast of funds available for capital projects and identifies all planned capital improvement projects and their estimated costs over the five-year period.

**Capital Expenditure**

An outlay that results in or contributes to the acquisition or construction of a capital asset.

**Capital Project**

A capital project is a project that costs \$25,000 or more and results in a permanent addition to the City's asset through the acquisition of property, new construction, or rehabilitation of an existing facility to a like-new condition. Project costs can include the cost of land, engineering, architectural planning, and contract services needed to complete the project.

**Capital Project Fund(s)**

These account for the acquisition and construction of major capital facilities such as a fire station or stadium. Revenues may be from grants, taxes, bonds, donations, transfers from other funds or assessments. For the purposes of the City of Billings there are currently these funds in this fund type: Sidewalks and Curb District Fund, Special Improvement Districts (SID) Fund.

**Capital Replacement Fund**

Used strictly for the replacement of vehicles and major items of equipment. Reserves are accumulated in this fund through transfers from benefitting funds.

**Category**

Projects in the CIP are organized into groupings based on common criteria. Typically this will be under the Department heading and may reflect a Division, operational work-group or service type.

**Cell Tower Revenue**

Funds generated from the leasing of City owned property.

**CFC**

Customer Facility Charge.

**Charges to City Departments**

Internal service fees assessed between Departments.

**CIP**

Capital Improvement Plan (CIP)

**CIP Status**

An identifying status is used to indicate if a project is new or has already been approved and is now subject to a change. For the purpose of the City of Billings examples include Modify Existing and New Project status designations.

**Contribution(s)**

A revenue source that is not an assessment tax or service fee, these may come from entities such as Private, Contractor, and may be Matched or account for full funding of a project.

**Customer Facility Charge**

User fee charged by an airport operator for rental car use.

**D**

**Department**

Defined work group or operation center within the City hierarchy. For the purposes of the City of Billings examples would include Aviation & Transit, Fire, Police, and Public Works.

**Developer Contributions**

Monetary commitments used for improvements and infrastructure that are received as part of a development project such as a subdivision.

**E**

**East Tax Increment District Fund**

Accounts for revenues from property tax levies in the East Tax Increment District on increased taxable values. Amounts collected are used for the benefit of the tax district.

**Enterprise Fund**

Funds established to account for specific services funded directly by user fees and charges to users for services. These funds are intended to be self-supporting. For the purposes of the City of Billings, these funds include Airport, Parking, Solid Waste, Transit, Wastewater, Water funds.

**Environmental Protection Agency (EPA)**

An independent agency of the United States federal government responsible for environmental protection.

**EPA**

Environmental Protection Agency (EPA)

**EPA Grant**

Funds awarded by the EPA to other organizations to conduct environmental programs or projects.

## F

### **FAA**

Federal Aviation Administration

### **Facilities Charges for Services**

Internal services charges related to Facilities Management and usually accounting for building maintenance.

### **Facilities Management Fund**

An Internal Services Fund that provides operating and maintenance services to the City Hall and BOC buildings. Also provides project management, specifications, and/or advice to all City Departments.

### **Facilities Master Plan**

Document that describes and organization's facilities, their purpose and future needs planning, including maintenance, reconstruction and acquisitions.

### **Federal Transit Administration (FTA)**

An agency within the United States Department of Transportation (DOT) that provides financial and technical assistance to local public transit systems.

### **Fixed Asset(s)**

Assets of significant value and having a useful life of several years. Also called Capital Assets.

### **FTA**

Federal Transit Administration (FTA)

### **Fund**

An existing collection of money.

### **Fund Type**

For the purposes of the City of Billings, Montana, there are five (5) funding types that are utilized in relation to the CIP, examples include Capital Project, Enterprise, General, Internal Service, and Special Revenue.

### **Funding**

The source of money being collected into a fund.

## G

### **Gas Tax Fund**

Accounts for revenues received from the State of Montana gasoline tax.

### **General Fund**

Accounts for resources not otherwise required to be in another specified fund, either legally or by financial management practices. For the purposes of the City of Billings it is funded by property tax, licenses, permits, fees for service, fines and forfeitures, and state intergovernmental revenues.

### **Grant**

A contribution by the State or Federal government, or another organization for a specific purpose, activity or facility. For the purposes of the City of Billings examples would include the Airport Cargo, Airport FAA, Build, EPA, NRDP/YRRP, Recreational Trails, Transit FTA, and Transportation Alternatives Grants.

## H

## I

### **IBL**

Inner Belt Loop

### **Inner Belt Loop (IBL)**

A planned route intended to better connect the West End of Billings with the Heights using Zimmerman Trail, Alkali Creek Road and Wicks Lane.

### **Internal Service Fund**

Accounts for activities and services performed by a City Department for other organizational units within the City. For the purposes of the City of Billings an example would be the Facilities Management Fund.

## J

### **Justification**

An explanation of how a project addresses a specific issue or need.

## K

## L

## M

### **MDT**

Montana Department of Transportation

### **MET**

Billings Metropolitan Transit.

### **Mill Levy**

A special tax, assessment or service charge based on the taxable value of a property and used to support specified governmental activities.

### **Missing Sidewalk and Construction Program**

Addresses sidewalk repair and construction needs on an on-going basis. Managed by the Engineering Division of Public Works.

## N

### **Natural Resource Damage Program (NRDP)**

Division of the Montana Department of Justice that seeks to recover damages to natural resources injured by the release of hazardous substances and to restore, rehabilitate, replace or acquire the equivalent of the injured natural resource.

### **NRDP**

Natural Resource Damage Program.

### **NRDP/YRRP Grant**

Grant partnership providing funds for projects related to the protection, restoration and development of natural resources.

## O

### **Operating Budget Impact**

An estimate of a capital project's ongoing operating expenses upon completion and the impact on the City's operating budget.

## P

### **Park District 1 Fund**

Accounts for the city-wide park assessment revenues and is used for maintenance and improvements of City parks.

### **Park Maintenance District Fund**

Accounts for revenues from special assessment districts that support the maintenance of various, individual parks.

### **Parking Fund**

Accounts for operations of the City Parking Division.

### **Parks Program Fund**

Accounts for revenues and expenditures related to park acquisitions and improvements.

### **PAVER Program**

Preventative asphalt maintenance program that addresses on-going needs of streets within the City of Billings, including overlaying, crack sealing and chip sealing. Managed by the Engineering Division of the Public Works Department.

### **Private Contribution**

Funds provided to the City for use on specified projects from a privately owned entity or individual(s).

### **Project Funding**

How a project is specifically financed, this may include one or various funds as a funding source.

### **Project Type**

Designation that indicates if a project will be maintaining a current resource or adding a new or increased asset/ value. For the purposes of the City of Billings examples include types Renewal/ Replacement, or Enhancement/ New.

### **Public Safety Fund**

Accounts for the Fire Department and Police Department operations, this includes the Animal Control Division.

## Q

## R

### **Recreational Trails Grant**

Federally funded grant for the support of Montana recreational trails systems.

### **Recreational Trails Program**

Administered by Montana State Parks and provides funds to develop and maintain recreational trails and related facilities throughout the state.

### **Revenue Source**

Income produced by a given source. For the purposes of the City of Billings examples include charges to City Departments, Contributions, Debt, Grant, Special Assessments, State Revenue, Tax Revenue, User Fees and Charges that fund various projects and operations.

## S

### **SID**

Special Improvement District.

### **Sidewalk and Curb District Fund**

Accounts for the payment of debt used for the construction of sidewalks and curbing throughout the City.

### **Solid Waste Fund**

Accounts for the operations of the Solid Waste Division, including collection services and landfill operations.

### **South Tax Increment District Fund**

Accounts for revenues from property tax levies in the South Tax Increment District on increased taxable values. Amounts collected are used for the benefit of the tax district.

### **Special Assessments**

A levy imposed on certain properties to defray all or part of the cost for a specific improvement or service which primarily benefits the property being assessed. For the purposes of the City of Billings examples include Arterial, Park District 1, Storm, and Street Maintenance District assessments.

### **Special Improvement District**

Districts established to accommodate special assessment needs to support improvements such as water, sanitation, storm drains and streets.

### **Special Improvement District (SID) Fund**

Accounts for the funds generated from a Special Improvement District assessment.

### **Special Revenue Fund**

Accounts for the proceeds of specific revenue sources (other than those for expendable trusts and major capital projects and enterprise activities) to finance specified activities as required by law or administrative regulation. For the purposes of the City of Billings examples of this fund type are Arterial Construction, Baseball Field/ Stadium Donations for Capital Fund, East Tax Increment District, Gas Tax, Park District 1, Park Program, Public Safety, South Tax Increment District, Storm, Trails, and Transportation Alternatives.

### **State Revenue**

Funding from the State, this may be from taxes or other sources.

### **Storm Drain Assessment**

Used to generate funding for the operation, maintenance and construction of the storm drain system.

### **Storm Fund**

Accounts for the operation and maintenance of the storm drain system.

### **Stormwater Master Plan**

Contains information on the condition of the City's stormwater management systems, streams and watersheds in addition to recommendations for improvements.

## T

### **Tax Increment District**

Areas within the City which have been identified by Resolution to be "blighted", this allows for special property tax treatment. Defined as an area with declining taxable value that requires redevelopment in the interest of public health and safety and citizen welfare. Tax revenue from construction and improvements in an assessed Tax District are then used for new construction and improvements for the same District

### **Tax Increment District Bond**

Specially limited obligation bond payable from anticipated incremental increases in tax revenues, resulting from the redevelopment of a specified area.

**Tax Increment District Fund**

Accounts for funding from a Tax Increment District. For the purposes of the City of Billings examples include the South, East, and Tax Increment District Funds.

**Tax Revenue**

Revenues resulting from tax assessments and treated as income for specified projects or operations.

**TIFD**

Tax Increment District Fund

**Trails Fund**

Accounts for the maintenance and development of the multi-use trail system.

**Transit FTA Grant**

The Federal Transit Administration provided funding for local transit systems to support and expand their services.

**Transit Fund**

Accounts for the operations of the public transportation system.

**Transportation Alternatives Program (TAP)**

Managed by the US federal Highway Administration and provides funding for projects defined as transportation alternatives, such as pedestrian and bicycle projects, scenic and environmental projects, and historic preservation projects.

**Transportation Alternatives Program Fund**

Accounts for the maintenance and development of non-driver transportation projects.

**U**

**User Fees and Charges**

Service charges and fees assessed to the end user of a service.

**V**

**W**

**Wastewater Fund**

Accounts for the operations related to the wastewater systems and reclamation facility.

**Water Fund**

Accounts for the operations related to the water systems and treatment plant.

**X**

**Y**

**Yellowstone River Recommended Practices (YRRP)**

Yellowstone River Conservation District Council

**YRRP**

Yellowstone River Recommended Practices

**Z**

# Capital Improvement Plan

Fiscal Years 2024-2028

# What is the Capital Improvement Plan

- 5-year plan for capital projects
- Identifies City facility and infrastructure needs
- Prioritizes projects to make sound financial investments into the future

# What is a Capital Project?

- Costs more than \$25,000
- Useful life greater than one year
- Examples Include:
  - New construction
  - Property acquisition
  - Rehabilitation of existing property

# What is not a capital project?

- Vehicles
- Repairs and Maintenance
- Operational Items

# Five Year CIP total by Project Category

<b>PROJECT CATEGORY TOTALS</b>						
<b>Project Category</b>	<b>FY 2024</b>	<b>FY 2025</b>	<b>FY 2026</b>	<b>FY 2027</b>	<b>FY 2028</b>	<b>Total</b>

# New Park Development Projects, Not in CIP

<b>Park</b>	<b>Action</b>	<b>Cost*</b>
Castle Rock	Implement Park Master Plan	\$3.5 - 11.5 Million
Centennial	Finish Park Development	\$3.5 - \$4.5 Million
Cottonwood	Develop Park Master Plan	\$15 - \$35 Million**
Coulson	Implement Park Master Plan	\$13.8 - 16.4 Million
Poly Vista	Finish Park Development	\$2.5 - \$6.0 Million
Heights	Satellite Maintenance Facility	\$600,000
West End	Satellite Maintenance Facility	\$600,000

Potential Park Development Costs \$39,500,000 to \$74,600,000

\* NOTE: Costs are preliminary and not intended for construction. Further design is required to identify construction budget.

\*\* Cost is dependent on size and types of amenities.

# Council Discussion

Are there projects you'd like further information on?

Are there projects you'd like to see included in the CIP that are not?

Are there projects that you'd like to see removed from the CIP?

**City Council Work Session**

**Date:** 11/07/2022  
**Title:** Crime Prevention Through Environmental Design (CPTED) Discussion  
**Presented by:** Chris Kukulski, City Administrator  
**Department:** City Hall Administration  
**Presentation:** Yes  
**Legal Review** Not Applicable

---

**RECOMMENDATION**

Discuss expectations on the implementation of CPTED principles into the culture of the City.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

In a general sense, the city has viewed CPTED as a tool for law enforcement. The increases in crime have brought the value of CPTED to our business community, primarily through the efforts of PD and the Chamber of Commerce. During this year's budget adoption, the Council provided additional resources to integrate CPTED principles more comprehensively. Our staff and I strongly support this idea, and we have worked with the Chamber to host a 40-hour training session in Billings May 22 - 26, 2023. We want to listen to the Council's perspective, particularly in how and when you want to see these principles integrated into our adopted policies, rules and regulations

**STAKEHOLDERS**

The improvement of safety impacts our entire community.

**ALTERNATIVES**

City Council may:

- Approve; or,
- Not Approve

**FISCAL EFFECTS**

NA

---
