

City of Billings, Montana

Fiscal Year 2024
Proposed Budget

Introduction

May 1, 2023

Honorable Mayor and City Council Members:

It is a privilege to present the City of Billings Fiscal Year 2024 (FY24) Proposed Operating and Capital budget. The effective date of this budget is July 1, 2023 and runs through June 30, 2024. Adopting the budget is one of the most significant policy decisions the Council makes annually. City staff focused on accomplishing the City Council's adopted priorities efficiently to improve the quality of life for our citizens. We look forward to discussing this proposed balanced budget over the next few months.

ACCOMPLISHMENTS IN FY23

Improving the safety of Billings remains our #1 priority. To that end, we are integrating the additional resources voters approved in 2021 to police, code enforcement, prosecution and fire, and implementing most of the 132 recommendations made by the Center for Public Safety management (CPSM) to improve the effectiveness of both the police and fire departments. The remaining additional resources for prosecution and courts are included in the proposed 2024 budget. The following is a list of some of the more significant accomplishments:

- Hired 28 individuals to join the police department, as additions from the public safety mill levy, and completed implementation of over 90% of the 102 CPSM recommendations within the police department.
- Successfully supported six pieces of legislation to improve safety in concert with the Criminal Justice Oversight Council
- Hired 15 firefighters including 10 additional from the public safety mill levy and have implemented over 90% of the 34 CPSM recommendations including:
 - Two medical response teams
- Hired 3 additional code enforcement officers and created standard operating procedures to improve court outcomes.
 - Abated 11 properties
 - Successfully passed legislation to increase municipal court abatements from \$9,500 to \$25,000.
- Launched problem property strike force to include police, code enforcement, legal, Riverstone
- Hosted several stakeholder crime prevention meetings to determine how best to break the cycle of crime
- Completed design, hired the general contractor and successfully bid the new city hall project
- Successfully closed 3 more illicit businesses within the city limits for a total of 8 since 2021
- Opened 5 of the 8 new gates for the \$65M airport terminal project
- Hired Jeff Roach as our new Aviation and Transit Director. Jeff has over 30 years of experience in aviation and over 10 years in transit.
- Broke ground on the Skyline Drive extension (inner belt loop).
- Broke ground on the Skyline Trail project.
- Completed or started the following parks projects:
 - Castle Rock Park Playground
 - Pioneer Park Trail Rehab
 - Central Park Tennis Courts
 - Riverfront Park Trail Improvements
 - Gorham, Millice, Grandview Park Irrigation
- Participated in over a dozen community stakeholder meetings to determine what capital investments should be made in our parks, trails, recreation and open lands

- \$17 million in transportation projects
- \$9.8 million water and wastewater pipe work
- \$2.5 million in water and wastewater plant improvements
- \$1.9 million in storm sewer investments
- \$1.3 million in solid waste investments
- Secured a grant to acquire 4 electric buses and charging infrastructure
- Completed a 5 year transit development plan to begin implementation this summer
- Successful 2023 retreat for the city council and department directors
- In FY22 there were 13 annexations consisting of approximately 378 acres
- 331 new construction permits for single family dwellings
- Total new construction permits valued at \$498 million for calendar year 2022

DRAFT COUNCIL STRATEGIES AND PRIORITIES

- **Improve the safety of Billings. (\$65.8 million)**
 - Improve accountability of criminals.
 - Decrease family violence.
 - Maximize programs and partnerships that reduce family violence.
 - Fully investigate the impacts of a Family Justice Center in Billings
 - Activate parks and expand access to recreation programs within neighborhoods throughout the city.
 - Reduce Adverse Childhood Experiences (ACE Scores) partnering with service providers.
 - Build trust with our Native American community.
 - Implement law enforcement, code enforcement, legal, and municipal court strategies to improve the effectiveness of the criminal justice system. 2023/2024.
 - Report data measuring the effectiveness of the criminal justice system. 2023/2024
- **Invest in core infrastructure. (\$77.5 million)**
 - Complete airport terminal reconstruction project, building Montana’s greatest airport. 2023
 - Complete City Hall/Law and Justice Center project to include a COVID 19 memorial. 2023
 - Complete inner-belt loop and Skyline trail projects 2024
 - Complete water treatment plant and reservoir projects and fund conservation and park components of project. 2025
 - Determine land use and infrastructure policies to serve the inner beltloop and new I-90 interchange areas. 2023
 - Determine 21st Street underpass upgrades to improve downtown transportation system. 2023
- **Increase parks, trails, recreation, and cultural investments. (\$19.2 million)**
 - Determine capital investments and educate community on the impacts of additional park and trail development. 2023
 - Determine specifically which projects will be bonded.
 - Determine the level of annual investment to be included in the parks, trails, recreation, and public lands budgets.
 - Determine annual level of maintenance and operation expenses for parks, trails, recreation, and public lands.
 - Vet the impact of using a voter approved parks levy.
 - Vet the impact of using a portion of the City’s 74 mill charter cap to fund M&O.

- CPTED principles will be used activating public spaces for the benefit of neighborhoods, individuals, and crime reduction.
 - Determine level of capital investment to be proposed to voters in 2023 for the multi-generational recreation center and a corresponding strategy for executing on those capital investments.
 - Appoint a task force of key stakeholders to analyze partnership opportunities and recommend the best path forward to build the multigenerational recreation center consistent with the adopted master plan - break ground in 2024.
 - Potential partners include: YMCA, School District 2, Regional Recreation District, private businesses etc.
- **Improve the built environment through quality design. (\$6.2 million)**
 - Develop strategies to stimulate infill and redevelopment throughout the city's business and residential districts. 2023/2024
 - Implement the downtown transportation plan/one way street conversions and road diets. 2023/2024
 - Develop a housing strategy in partnership with HomeFront and facilitate 1,000 housing units being added to the city's core. 2023/2024
 - Complete a review of the 2016 growth policy. 2024
 - Update West End and Heights neighborhood plans -update all 8 plans over the next decade.
 - Update subdivision regulations. 2023/2024
- **Build a high-performance organization (HPO) principled in our core values. (\$95,000)**
 - Complete organizational review of the city's vision, mission, and core values. 2023
 - Complete cost of services studies to better understand cost of delivering police, fire, parks, recreation, trails, storm water, water, wastewater and transportation services and infrastructure. 2023
 - Adopt legislative priorities for the 2025 session focused on improving the safety and economic vibrancy of Billings.
 - Improve the effectiveness of council work sessions, policy implementation and communications. 2023
 - Digitize all essential records for proper storage and access by citizens and staff. 2023/2024
 - Improve public engagement.
 - Systematize a regular review of all ordinances by each department, on a schedule to be determined by administration. 2023
 - Establish a City Charter Review Committee 2023.

THE FY24 PROPOSED BUDGET

The FY24 proposed budget is funded by estimated revenues totaling \$336 million. This includes an estimated increase if property tax revenue of 5.7% due to an increase in property values, increases in special assessments for streets, parks and storm sewer, and proceeds from debt to finance long-term capital projects.

The proposed FY24 budget for the City of Billings contains operating and capital expenses totaling \$370.9 million, a decrease of \$133.6 million from the prior year. The decrease is due to the reduction in capital investments which were budgeted in FY23, and will not occur again in FY24. There are increases

found in Personal Services for estimated salary and wage adjustments and some additional staffing requests. Operation and Maintenance increases for FY24 include significant increases in property and liability insurance, Information Technology, and facilities costs.

CAPITAL INVESTMENTS

Water and Wastewater Treatment – The FY24 budget contains significant investment in our Water and Wastewater treatment infrastructure. The total planned for all water and wastewater projects in FY24 is \$33 million.

Transportation Network – The FY24 budget includes funding for conversion of the remaining downtown streets from one-way to two-way. This will have the effect of making the downtown area more pedestrian friendly by slowing traffic and has shown to benefit commerce.

Airport – Significant investments are planned as additional capital improvements to the Airport infrastructure. Total capital outlay for the Airport is planned at \$16.9 million for FY24. All projects funded by Airport revenues and federal grants.

Park Improvements and Replacements – The FY24 budget includes \$6.5M from the South TIF fund to begin work on the design of the rec-center. This will be done as a compliment to the voter approved general obligation bonds that will be needed to complete the project, if there is a vote approved by the citizens. The FY24 budget includes funding for replacement of 6 Tennis Courts at Pioneer Park (\$1.2M), parking lot and restrooms at Castle Rock Park (\$981k), and improvements to Poly Vista Park playground and parking lots (\$1.5M).

NEW PERSONNEL IN FY24

The FY24 budget contains costs for an additional 15 FTE’s. Three of the positions being added are associated with the passage of the 2021 Public Safety Mill Levy. Each position will be discussed during the department budget presentation. The following chart shows the areas where additional investments in staff are being proposed.

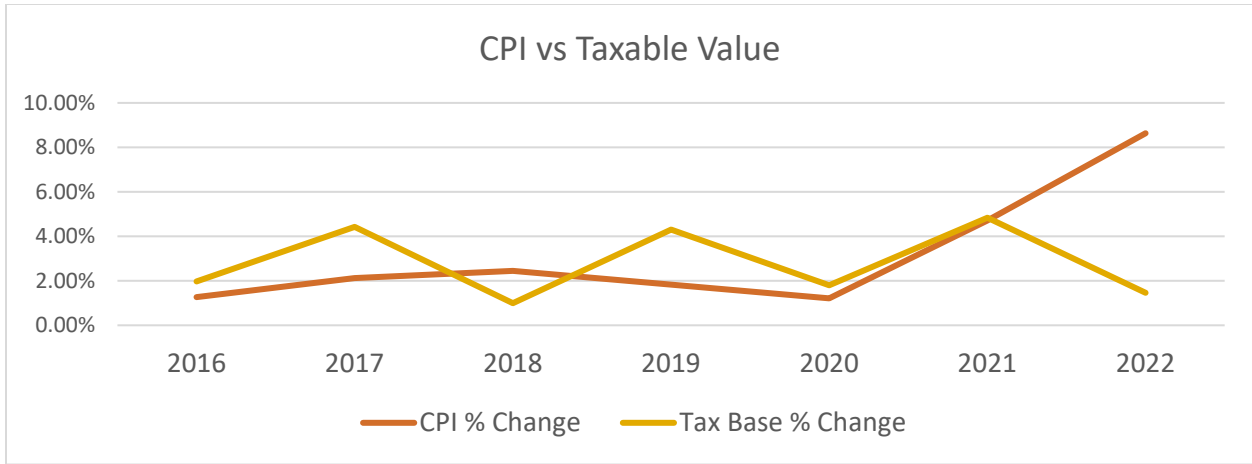

New Employee Requests for FY24

Fund	Department/Division	# of Positions	Position
Airport	Airport	1	Airport Police Officer
Library	Library	1	Facilities
Library	Library	2	Security
Facilities	Facilities	1	Lead Facilities Maint Tech
General Fund	Municipal Court	1	Infraction Filing Clerk
General Fund	Municipal Court	1	Assistant
General Fund	Municipal Court	1	Judge
Solid Waste	Public Works	3	Landfill
Solid Waste	Public Works	4	Collections
		15	

IMPACTS OF INFLATION

In 2022 the Consumer Price Index for All Urban Consumers (CPI-U) increased 8.6% over 2021. Construction Cost Indexes have risen 5.6% over the past 12 months. City operations are impacted by these increases as a significant expense of operating City services involve fuel, labor, energy, and construction. In response to increases in inflation we are adjusting operations to reduce consumption and inputs where possible, we are also proposing rate increases in many areas to keep up with these rising costs. It is anticipated that the impacts of inflation will affect the decisions and operations of the City for the near future.

One of the major funding sources is property tax revenue, which over the past few years has not kept up with inflation.

SPECIAL ASSESSMENTS

The City of Billings has multiple special assessment districts. Some are City-wide, while others are for small districts, for varied purposes. These districts are used to fund maintenance and operations of amenities that benefit the individual parcel. Some examples of districts are Parks Districts, Street Light Districts, and Street Maintenance District. The rising cost of labor, fuel, and utilities that are needed to maintain services within these districts require setting the rates high enough to cover these costs. In FY24 the proposed budget includes increases in assessment revenue ranging from 5-12%.

INTERGOVERNMENTAL REVENUE

The City receives revenue from multiple sources to fund operations. These sources include revenue from both Federal and State government. As a percentage of the overall budget, the City receives limited funds from the State and Feds. This has changed significantly in recent years but is expected to return to pre-pandemic levels in the next few years. The revenue from other governments can be found in the budget under the category “Intergovernmental”. For FY24, the City is budgeting \$52 million in intergovernmental revenue. This is a decrease of \$40.9M over the FY23 budget. This decrease is largely a result of the elimination of America Rescue Plan and CARES Act funds. For FY24 the Federal revenues budgeted are \$24 million.

The City also receives money from the State of Montana, titled State Entitlement Share. This is a collection of a variety of tax dollars levied by the State within our City and throughout Montana and redistributed to local governments around the State. This funding has remained relatively flat over the past few years, not keeping up with wage growth or inflation. This is placing a greater burden on local

taxpayers to pick up the difference. For FY24, the growth rate in entitlement share will be 3.4%, or \$560k. The City of Billings uses entitlement share to fund General Fund, Public Safety, Library, Transit, Street/Traffic Operating, and the New City Hall Construction. The total State Entitlement share for FY24 will be \$17.5 million. Other State revenue includes \$4.275 million of Gas Tax, \$1.1 million for 9-1-1, and \$1.7 million in combined other grant funds for Transit, Legal, Police, and Library.

PROPERTY TAX REVENUE

The FY24 budget is based upon levying 184.53 mills, which is a reduction from the maximum amount authorized by the City Charter, and citizens of Billings. In FY23, the City levied 211.00 mills. The estimated decrease is based upon a significant estimated increase to the property tax base. For FY24, we are estimating a growth in the City’s tax base of 19.0%. This assumption is based upon the growth resulting from new construction and re-appraisal. Actual increase in the tax base will not be known until August, but preliminary numbers show residential values in Yellowstone County increasing 29%. Residential property makes up 59% of the tax base in Billings.

While the actual number of mills needed to fund the budget will not be known until late August, we are assuming a reduction in the number of mills levied for all funds except Public Safety. While there is an assumed reduction in the number of mills levied, it will not represent a decrease in the real property tax dollars levied. The budget is built upon an overall property tax revenue increase of 6% over the prior year.

Number of Mills Levied

	FY 23	FY 24
General Fund	74.00	50.62
Public Safety 1999	20.00	20.00
Public Safety 2020	60.00	60.00
Public Safety 2021	34.00	34.00
Transit	10.00	8.74
Library	5.00	4.37
G.O. Library Debt Service	2.96	2.59
G.O. Ballpark Debt Service	3.47	2.87
G.O. Streets Debt Service	<u>1.62</u>	<u>1.37</u>
Total	211.05	184.56

Median Home Property Taxes

	FY2023	FY2024	Change
General	\$227.87	\$189.84	(\$38.03)
Public Safety	351.05	\$427.53	76.49
Library	15.40	\$16.39	0.99
Transit	30.79	\$32.78	1.98
General Obligation	<u>24.63</u>	<u>\$25.50</u>	<u>0.87</u>
Median Home Property Tax	\$649.74	\$692.04	\$42.30

Over the past 9 years, the City of Billings' tax base has grown at an average rate of 4.7% per year. Historically this amount has been closer to 2.5%, but with recent increases in property values, this amount is estimated to increase. Because the State of Montana undertakes the property reappraisal process every odd numbered year, property value change changes look more like a staircase rather than linear.

MARIJUANA TAX

The revenue from the excise tax from the sale of recreational and medical marijuana in Yellowstone County is expected to be about \$650,000 for FY24. A portion of this is being used to help fund the construction of the new city hall (\$200,000) and the remainder is being used to add resources to the City's Public Safety Mill levy for mental health and substance abuse.

The proposed budget allocates 2 mills from the 2021 Public Safety mill Levy for substance abuse and mental health impacts on public safety. The budget is recommending that the revenue from marijuana sales excise tax be added to these mills, resulting in a total amount available for substance abuse and mental health of \$853,730 in FY24.

GENERAL & PUBLIC SAFETY FUNDS (GFPS)

For FY24, we are assuming a growth in taxable value of 20%. However, the budget is built upon an overall increase of 5.6% in tax revenue through a reduction in mills. Overall, this will mean approximately \$2.5 million of new property tax revenue into the GFPS funds related to growth in value. Other revenue in the GFPS funds, which make up about 37% of total revenue is estimated to generate an additional \$1.5M in revenue.

The budget is built upon the assumption that property values will increase 20%, the total number of mills will be reduced in the General Fund, but not the Public Safety Fund. This will reduce the dollar amount that will be transferred from the General Fund to the Public Safety Fund.

The FY24 budget estimates an ending fund balance that is \$3.4 million higher than the recommended minimum reserve of \$10.8 million.

GFPS Revenue Class	FY24 Proposed Budget	FY23 Budget	Difference
Taxes	47,323,233	44,819,259	2,503,974
License And Permits	2,008,228	2,003,454	4,774
Intergovernmental	17,076,243	16,439,991	636,252
Charge for Service	7,532,151	7,139,681	392,470
Fines And Forfeitures	1,328,846	1,302,446	26,400
Investment Earnings	70,000	42,164	27,836
Transfers From	322,894	224,675	98,219
Miscellaneous	<u>117,220</u>	<u>52,450</u>	<u>64,770</u>
Revenue Total	75,778,815	72,024,120	3,754,695

General Fund & Public Safety

FY24 Proposed General and Public Safety Fund Expenses

PROPERTY TAXES, ASSESSMENTS, AND UTILITY BILLS

The FY24 budget is based upon a variety of rate changes to maintain services equivalent to prior years. The median home value in Billings, based upon the Department of Revenue is currently \$231,500. This is expected to increase once new values have been imported in July.

The FY24 budget proposal is funded based upon assumed growth in the tax base at 20%, resulting in a Council approved reduction in the number of mills, a Council approved increase in special assessments, and Council approved rate increases in utilities. For property tax mills, the City’s Charter caps the maximum number of mills that may be levied by the City of Billings. The City is currently at the ceiling and is recommending a reduction in FY24 due to the anticipated large increase in taxable value. The total number of mills levied in FY23 was 211.00. Based upon the assumed growth it is estimated that the total number of mills needed in FY24 will be 184.53 mills.

Overall, when looking at the City as a whole, the average residential property owner would see an increase in taxes and assessments of 6.5% over the prior year.

Number of Mills Levied

	<u>FY 23</u>	<u>FY 24</u>
General Fund	74.00	50.62
Public Safety 1999	20.00	20.00
Public Safety 2020	60.00	60.00
Public Safety 2021	34.00	34.00
Transit	10.00	8.74
Library	5.00	4.37
G.O. Library Debt Service	2.96	2.59
G.O. Ballpark Debt Service	3.47	2.87
G.O. Streets Debt Service	<u>1.62</u>	<u>1.37</u>
Total	211.05	184.56

This change in mills will impact the median homeowner an estimated \$42 per year, due to the anticipated increase in property values.

Median Home Property Taxes

	FY2023	FY2024	Change
General	\$227.87	\$189.84	(\$38.03)
Public Safety	351.05	\$427.53	76.49
Library	15.40	\$16.39	0.99
Transit	30.79	\$32.78	1.98
General Obligation	<u>24.63</u>	<u>\$25.50</u>	<u>0.87</u>
Median Home Property Tax	\$649.74	\$692.04	\$42.30

The City also has 3 City-wide special districts, Park District 1, Street Maintenance District, and Storm Sewer. These special districts are used to provide funding for their specific purposes. Rates for these districts are set by City Council and assessed to all properties within the City.

Park District 1 – PD1 is assessed against all properties and for FY23 was set at 1.597% of the taxable value for each property. The proposed FY24 budget is based upon the assumption that assessment

revenue would increase 5.7% to keep up with inflation. The estimated rate need to generate this revenue is 1.377%. This is nearly the same rate that was assessed in FY22 (1.3875%). The median home will see an increase of \$2.45 per year over FY23.

Street Maintenance District – The FY24 budget proposal includes an increase of 7% in the SMD assessment. The proposed budget is based upon a rate increase of \$12.96 per year for the average homeowner.

Stormwater Fees – These funds are used to build and maintain the stormwater infrastructure throughout the City. The proposed budget is based upon a rate increase of 5.7%, or \$3.20 per year for the average homeowner.

With the changes in rates as well as the removal of the Arterial District and offsetting increase in the Street Maintenance District, the total impact of assessments on the typical home is \$18.62/year.

Median Home Property Taxes			
	FY2023	FY2024	Change
General	\$227.87	\$189.84	(\$38.03)
Public Safety	351.05	\$427.53	76.49
Library	15.40	\$16.39	0.99
Transit	30.79	\$32.78	1.98
General Obligation	<u>24.63</u>	<u>\$25.50</u>	<u>0.87</u>
Median Home Property Tax	\$649.74	\$692.04	\$42.30
Park District 1 Assessment	49.18	51.63	2.46
Street Maintenance Dist	185.08	198.04	12.96
Storm Sewer	<u>56.40</u>	<u>\$59.60</u>	<u>3.20</u>
Total Special Assessments	<u>\$290.66</u>	<u>\$309.27</u>	<u>\$18.62</u>
Total Taxes and Assessments	\$940.40	\$1,001.32	\$60.92

The FY24 budget is also based upon rate increases to Solid Waste, as well as rate increases already approved for Water and Wastewater. The impacts to the typical homeowner are provided below.

Average Home Monthly Utility Bill			
	FY23 Monthly	FY24 Monthly	Change
Water	39.49	42.76	3.27
Wastewater	27.37	28.14	0.77
Solid Waste	<u>12.45</u>	<u>Unknown</u>	<u>Unknown</u>
Total Monthly Utility Bill	\$79.31	\$70.90	Unknown

COUNCIL DECISIONS THAT NEED TO BE MADE

During our 2023 Council retreat, we identified the following crime prevention strategies:

- Decrease family violence.
- Activate parks and expand access to recreation programs within neighborhoods throughout the city.
- Reduce Adverse Childhood Experiences (ACE Scores).

- Build trust with our Native American community.

Once these strategies are approved by the Council, decisions will need to be made on how best to invest the city's limited resources to implement these priorities.

I recommend we dedicate three revenue sources to reducing crime – the two mills from the public safety levy, the 3% marijuana excise tax, and our opioid settlement dollars. During our 2021 public safety levy educational efforts, the city committed to earmarking a minimum of 2 mills for substance abuse and mental health. We, as Yellowstone County electorates also voted in a 3% excise tax on the sale of marijuana. Third, we have been notified of opioid settlement dollars that will be paid to the city over the next decade and these dollars must be spent on the impacts of opioid addiction. Combined, we estimate the City will have \$887K to implement these critical strategies. The budget contains \$228,730 for the purpose of Crisis Response Units from these funds. The budget also contains \$625K for generic purposes under mental health and substance abuse, but clarity is needed.

Stakeholders including Substance abuse Connect, Riverstone Health, School District 2, Rimrock and the City have held several discussions throughout the past several months to collaborate in the critical areas of ACEs, substance abuse and trauma reduction. The value evidence based proven programs remain the focus of our conversations. Crisis Response, home visitation, mentorships, and the development of a family justice center a few of the ideas being pursued.

These are extraordinarily complex issues, and we remain committed to making the best use of these dollars for the desired outcomes.

What should be said about the parks, trails, recreation decisions that have yet to be made?

We need your help to make these critical decisions.

CONCLUSION

We know there are differences of opinion among our community members and citizens about how to best prioritize issues, such as levels of customer service, financial position and reserves, and service delivery and expansion. We have worked hard to develop a budget that will move our community forward – and, at the same time, continue to meet the obligations we have accrued from the past. The City's future economic health is dependent upon how we choose to invest today.

Respectfully,

Chris Kukulski, City Administrator

Andrew Zoeller, Finance Director

Departmental Budget Overviews

City Administration

City Administration

Current Year Department Budgeted Expense Total:

City Administration: \$1,967,937

Change from Prior Year:

City Administration: \$192,416

Public Safety: (-\$180,000)

City Administration's office includes the City Administrator, Assistant City Administrator, City Clerk and support staff. The department serves the role of coordination of overall city activity, consistent communication with City Council, and presentation of a balanced budget and its quarterly status.

There will be a budget increase for Personal Services of \$61,895 which includes a 3% COLA.

New Programs:

The City will continue to seek new programs aimed at targeting mental health and substance abuse in an effort to reduce crime. The Public Safety Fund has \$620,000 designated in FY24 for these efforts, which is a \$180,000 decrease from the prior year's budget. The main portion of the current year's budget is a carryover from 2023. These efforts will be funded from both the Marijuana Excise tax and 2 mills of the 2021 Public Safety Mill Levy so that the City can effectively deal with the root causes of crime.

In FY23, the City participated in providing low barrier shelter services with United Way (Continuum of Care, Crisis Center & First Church partnership) for the 2022 winter season and has paid \$93,736 to assist in this cause. Additionally, a \$2,500 cash donation was made for the 2023 Big Sky Drug & Alcohol Symposium hosted by the Yellowstone DUI Task Force.

The City has agreed to partner with Rimrock Foundation and Substance Abuse Connect to provide Mobile Crisis Response (MCR) services for individuals experiencing acute mental health crisis as determined by dispatch. The Mobile Crisis Response Unit will provide behavioral health co-responder services that partner with EMT/paramedic resources for Crisis Response Units.

City Clerk

Administration – City Clerk’s Office

Current Year Department Budgeted Expense Total:

\$400,236

Change from Prior Year:

\$97,231

Overall Budget Justification:

The FY24 budget for the City Clerk’s office is \$400,236, this is an increase in costs of \$ 97,231 from the prior year. This amount is included in the overall City Administration budget of \$ 1,967,937.

Services and support provided includes Council agendas, minutes, resolution and ordinance preparation, and indexing, records management and maintenance, elections, bid openings, acceptance of service of process for summons, subpoenas and tort claims on behalf of the City of Billings, and management of public records requests. Budget increases in the FY24 budget are an increase for TRP replacements, a desktop scanner for the Records Specialist; \$30,000 to outsource a large records series scanning project; and \$80,000 for RFP to acquire and replace the digital records storage system.

New or Expanded Programs:

During FY23 the City’s annexation files, a permanent record, were scanned and digitally preserved using an outside local source for \$15,000. This year the Clerk’s office has 60 boxes of SID files, a permanent record, ready to be scanned and digitally preserved for an estimated \$30,000. Other smaller records series will be digitized internally, to try to meet our goal of digitally converting 400 boxes of archives before the move to the New City Hall in the spring of 2024. To date, approximately 30 boxes have been removed from storage.

The City’s first Records Specialist was added in October 2022. She has been inventorying and auditing all the existing City Clerk records from which she has started to develop a comprehensive filing plan for the Clerk’s office and will ultimately include all departments. From the information gathered through inventorying and auditing she is building the digital records storage system in the current document imaging solution, Questys. She has presented before the Leadership team concerning expectations for a records/archival program for the entire organization. She is developing training materials and will be training key records managers and records coordinators throughout the organization on a regular basis.

Accomplishments:

The City Clerk's office interviewed candidates for the new Records Specialist position in August of 2022. The new Records Specialist joined the team in October 2022 and has made a significant impact in the direction the City's archives and records are kept. Currently, she is working toward a capstone approach for retaining the City's emails in coordination with the IT Department. The email capstone archiving is expected to be completed by the end of June 2023.

We continue to utilize DocuSign eSignature software, to provide approvers and signatories quick, contactless access to agreements, contracts, etc. The automated electronic signature system meets or exceeds stringent global security standards and has been very successful in expediting signature gathering and eliminates lags in the execution of documents. It provides the Clerk's office with digitally certified copies of all contracts and agreements, etc.

The City Clerk's Office has further reduced its carbon footprint by preparing all resolutions and ordinances digitally, utilizing DocuSign software. Minutes, resolutions, ordinances and for the most part, contracts and agreements, are no longer printed on paper, thereby reducing the need for future physical storage space.

New for FY24:

The City Clerk's office is requesting funding for an RFP for a new digital records storage system that will better meet the City's needs now and well into the future. When Questys was acquired in 2018, it was a new-to-the-vendor (Harris Industries) module. The City used several Harris Industries modules and through a competitive RFP process chose the Questys product to add to the suite. Harris has not improved or kept with industry standards and Questys is deemed obsolete in meeting the City's goals and objectives. No other municipalities are found to be using this product. Any records that have been saved in Questys will be migrated into the new digital records storage system.

Also contained within the TRP is the replacement of a laptop computer for the Council Chambers. The estimated cost of replacement is \$1,400. It is necessary to keep the technology fleet current.

Department Goals:

- Implement records management training throughout the organization.
- Continue digitization of paper documents for greater public records access and minimize storage needs.
- Implement FOIA requests software

Facilities Management

Facilities Management

FY24 Department Budgeted Expense Total:

Facilities Funds: \$2,920,738

New City Hall: \$1,200,000

Total estimated project cost: \$42,456,581

FY22: \$13,500,000

FY23: \$14,681,433

FY24: \$1,200,000

Change from Budget FY23:

Facilities Expenses: \$(1,045,445)

City Hall Construction: \$(13,481,433)

Overall Budget Justification:

The Facilities Division FY24 expense budget is \$2,920,738. This is a \$1,045,445 decrease from last year due to completion of various large hail repairs. The City Hall Construction fund budget is \$1,200,000 for any cost increases on current contracts, which will be awarded in FY23. In FY22, the Stillwater Building was purchased and in FY23 and FY24, the budget includes design, abatement, construction, furniture, and moving.

There are increased costs for ongoing maintenance, utilities, and services. Utility charges have increased 13% on average.

Tenant charges at City Hall have increased approximately 3% for all City Departments.

Tenant charges at YVAS have increased approximately 3% for Police.

Tenant charges at BOC did not see an increase, except for Solid Waste. A debt service charge was added to that department to begin the process of paying back the general

fund for the purchase of the 20-acre parcel contiguous to BOC. Debt service charge for all other tenants falls off after FY24 but we increased their rent and are using that delta for reserves.

We have added revenue from the tenant rent at the New City Hall Building for Yellowstone County. Additionally, we added three months' rent for most City departments that are moving to the New City Hall as we assume a three-month occupancy in that location from May – June 2024. The actual date for move in will be dependent upon construction completion.

Tenant charges have increased due to added facility management scope and increased material and service costs.

Personal services have decreased \$36,141.27 due to reorg and elimination of a part of management position. Additionally, one Maintenance Support II FTE has been requested for FY24 to help with increased maintenance needs when we move into New City Hall.

New or Expanded Programs:

- Construction of the Stillwater Building for the New City Hall facility.
- Master Planning of BOC.
- Real Estate services in disposal of Real Property of City Hall, Park 3 retail space, and two surface lots.
- Hail repairs at Billings Community Center – new roof and siding.
- Hail repairs at Billings Public Library – replacement of exterior ornamental metalwork.
- Installation and management of access control system at Fire Stations 1-8.
- Fire Station 8 remodel.

Staffing:

In January of 2023 there was a reorg and elimination of a part of management position.

Facilities is requesting an additional Maintenance Support II FTE for FY24.

TOTAL	<u>6.0</u>	<u>8.3</u>	<u>8.3</u>	<u>9.0</u>

Additional Comments:

In the coming fiscal year, the Facilities Division will manage the New City Hall construction project, commissioning of the building, coordinating moving departments to the new facility, and decommissioning and disposal of the current City Hall.

We continue to work on resolving the two outstanding Hail Claim projects from the 2019 storm: Billings Community Center and Billings Public Library.

Department Goals:

The Facilities Division strives to provide valuable and cost-effective services to the city departments and divisions it serves. Successful completion of the New City Hall facility and disposing of Real Property is the Division’s primary goal for FY24.

Building Division

Building Division

FY24 Department Budgeted Expense Total:

\$2,626,003

Change from Budget FY23:

\$(694,601)

Overall Budget Justification:

The Building Division is responsible for issuing permits, performing plan review, and conducting field inspections for commercial and residential construction within the City of Billings. The Division acts as an information source to both the construction community and the public as it relates to building codes and construction. The funding is obtained through permit and plan review fees.

Revenue: Permit and plan review revenues for FY24 are projected to be \$2,643,000, which is approximately \$12,500 more than last year's budget. Revenues can fluctuate a great deal based on actual construction activity, which can be difficult to predict. The FY23 revenue estimates were fairly close to what was estimated. There has been a decline in single family residential construction over the last several months, but an increase in commercial construction and multi-family housing developments. We believe the construction activity will continue at the current levels in the coming fiscal year.

Budgeted Revenues:

	BUILDING INSPECTION FUND				
	ACTUAL FY 21	ACTUAL FY 22	BUDGET FY 23	ESTIMATE FY 23	PROPOSED FY 24
REVENUE:					
LICENSES & PERMITS	\$ 2,389,478	\$ 3,065,110	\$ 2,630,500	\$ 2,963,228	\$ 2,571,000

INTEREST ON INVESTMEN	4,213	(56,199)	6,996	1,500	72,000
MISCELLANEOUS	1,952	37,107	10,000	1,700	-
TOTAL REVENUE	\$ 2,515,719	\$ 3,046,018	\$ 2,647,496	\$ 2,966,428	\$ 2,643,000

Budgeted Expenditures:

Expenditures: Expenditures are set at \$2,625,473 for FY24. The majority of our expenses are payroll and O&M for our office and vehicles. Capital expenditures in FY23 included two vehicle replacements, the Building Division’s portion of construction costs for the New City Hall, and a new permitting software program. That is why our budgeted expenses were over \$700,000 more in the previous fiscal year. There will be some added expenses for new furniture and moving costs, but no large capital expenditures in FY24.

Reserves: The Building Division reserves are currently limited by the state to no more than 12 months’ worth of budgeted operating expenses. The latest audit shows that the building division exceeds the state-mandated reserve limit. There is currently a bill in the legislature to increase the reserve limit from 12 months to 36 months. However, if we are finding that we continually have excess reserves, we will work to improve services, or reduce fees accordingly.

New or Ongoing Programs:

We are currently in contract negotiations with our selected vendor for a new online permitting and plan review program. The software implementation is expected to take 12-14 months. The new system will have features such as a user-friendly online portal for customers, online payment capability, electronic plan review, and online inspection scheduling and correction notices.

We improved our Special Inspection Program, records and data management by adding a Building Division Records Specialist position. This position helps to increase our efficiency and services to our customers. They are responsible for keeping inspection records organized and up to date during the course of a construction project so that inspectors can focus on providing timely and complete inspections to keep projects

moving. This position also works to compile and provide timely and relevant data regarding construction and development in the City.

Staffing:

The Building Division added a Records Specialist position during FY23. This results in the total of FTEs to 18. We are not requesting any additional staff for FY24.

Fleet Services

Fleet Services

Current Year Department Budgeted Expense Total:

\$2,205,777

Change from Prior year:

\$159,952

Overall Budget Justification:

The FY24 budget for the Fleet Services Division is \$2,205,777; this represents an increase of \$159,952 from the previous year. Services provided by the Fleet Service Division include the maintenance and repair of City vehicles and equipment; preventive maintenance programs; parts and fuel inventory management; Fleet inventory; Equipment Replacement Plan (ERP); Fleet computer module operation and maintenance; processing competitive bids for equipment procurement; assisting departments with vehicle specifications and vehicle disposal; preparing vehicles for service; maintenance activity reporting and City mail courier services. There will be increases in payroll, because of the 3.0% COLA, IT charges, Building Rent charges & Liability Insurance.

There are Capital expenditures for the FY24 fiscal year.

Fleet Services revenues are generated from user departments for services provided, including revenues from mechanic labor; parts, tires and fuel markup; courier services; pool vehicle rental and interest on investments. The total projected revenue for FY24 is \$2,355,119, an increase of \$292,812 from the prior year. This will subject to any changes in the cost of fuel.

Accomplished Programs:

We have completed the 2 ½ year process of switching the Fleet Management program from H.T.E to Asset Works. This conversion went live in November 2022 and has significantly contributed to the overall success of managing a fleet of over 1100 pieces of equipment utilized by the City of Billings.

Department Goals:

Goal: Implementation of a new Fleet billing system.

Action: Conversion and Implementation of the new Fleet billing system.

Action: Implement a web-based billing program that separates the three levels of mechanics to their completed certificate wage levels.

Outcome(s):

A billing system that specifically matches each mechanics ASE or EVT wage level to our department billing system.

Goal: Implementation of a parts location system in Fleet's parts room.

Action: Implement a system from Asset Works, using known, proven techniques.

Action: Number all locations for ease of use.

Outcome(s):

A user-friendly system to quickly locate any given part efficiently.

Goal: Continue to enhance further development of Fleet maintenance technology and training programs.

Action: Acquisition of updated technical tools, diagnostic software and equipment required to support current technology.

Action: Provide various training opportunities for staff including the new fleet Management system and current diagnostics for light and heavy-duty equipment applications. Maintain employee development and technical training.

Action: Transition to a web-based Fleet Management system that will provide technicians with up- to-date information and history of Fleet equipment.

Outcome(s):

A trained and equipped staff that will help improve capabilities for effective updated diagnostics and proficient repair and maintenance of the City fleet.

Goal: Groom Fleet employees for potential promotions.

Action: Recognize employee potential and willingness for increased responsibilities.

Action: Allow employees to solve difficult problems and to shadow higher-level positions.

Action: Provide the required training for additional responsibilities.

Outcome(s): A well trained staff that is recognized for their skills and abilities. Which increase employee morale and retention.

The potential for Fleet Services Division to have qualified employees ready to move into higher-level positions.

Goal: Update the Equipment Replacement Plan (ERP) for the FY2025 and future year's budgets.

Action: Assist departments with plan preparation and presentation.

Action: Prepare replacement documents for committee review and recommendations.

Action: Prepare and participate in presentation of plan documents for City Administration and Council approval.

Action: Formalize final plan documents for incorporation into the FY2025 budget.

Outcome(s): An established comprehensive plan designed to systematically replace and fund City vehicles and equipment.

Mayor & City Council

Mayor and City Council

Current Year Department Budgeted Expense Total:

\$393,729

Change from Prior year:

\$44,586

Overall Budget Justification:

The Mayor and City Council are funded through the General Fund. The Mayor is elected at large, and two councilpersons are elected in each of the five wards. The Mayor and Councilors serve four year terms and are limited to two consecutive terms. Members must reside within the Ward from which they are elected and must be qualified voters of the city.

The Mayor and City Council budget reflects an increase of \$44,586 from FY23. Personal Services increased \$9,647 due to an increase in pay-based benefit costs, while Salary & Wages remained at FY23 budgeted amounts. Operations and Maintenance increased \$34,939 which includes \$6,500 to purchase tablets for the new elected officials, \$18,439 to cover facility charges and the \$10,000 yearly Executive Committee Contribution to Substance Abuse Connect.

This year's budget also includes \$25,000 for Council Contingency, which is the same amount budgeted in FY23. Council Contingency is an amount available for directed use by the City Council upon affirmative vote by the majority of City Council.

\$22,266,267

Change from Prior year:

(\$2,502,723)

Overall Budget Justification:

The non-departmental budget consists of items that do not fit within a specific department/division budget. This includes transfers for Public Safety, Library, strategic planning initiatives and various other expenditures. The \$2.5 million overall decrease in expenditures from FY23 is a result of a \$2.8 million decrease in interdepartmental transfers offset by a \$400,000 increase in liability insurance costs.

FY24 estimated tax revenues are expected to provide additional dollars targeted to supplement the Public Safety Fund. As such, the current non-departmental budget reflects a \$3.0 million reduction in the budgeted transfers to the Public Safety Fund.

The City is seeing a spike in higher liability insurance costs resulting in an estimated budgeted cost for FY24 of \$983,318. Liability insurance costs are expected to be approximately 69% higher in the upcoming budget year.

Budgeted Expenditures:

NON-DEPARTMENTAL

Parking

Parking

Current Year Department Budgeted Expense Total: \$2,057,972

Change from Prior year: \$153,346

Overall Budget Justification:

The FY24 budget for the Parking Department is \$2,057,972 with an increase in costs of \$153,346 compared to the prior year. Previous year services will continue for FY24. The Parking Division services include both on-street and off-street parking in downtown Billings as well as being the clearinghouse for all citywide parking citations. The Division operates and maintains four parking structures, three city-owned parking lots, approximately 756 parking meters and 6 Level Two Electric Vehicle charging ports. Increases in the FY24 budget are associated with the following: Construction and Capital consisting of two new enforcement vehicles and a Condition Audit for the parking structures totaling \$123,204; Operations and Maintenance totaling \$30,142. Personal Services expenses will decrease by \$70,781 due to the elimination of two staff positions. The total automation of the Park 3 garage led to the elimination of the two staff positions

New or Expanded Programs:

The Parking Division is proposing rate increase for both on and off-street parking. Metered parking would see an increase of .25 cents for the 1st and 2nd hours, .50 cents for the 3rd hour. Parking is proposing an increase to the maximum stay at the meters from 3 to 4 hours at a charge of \$3.50 for the 4th hour. Bus bag rental will increase to \$10/day/meter and meter bag rental will increase to \$20/meter/1st day and \$10/meter for each additional day. Monthly permits and lot spaces will increase by \$5. Off-street parking garage rates will be as follows: Hourly increase of .25 cents per hour with a maximum charge per day of \$15.00. Hourly garage rates will be 24 hours per day, 7 days a week. Garage monthly rates will increase by 5% each year for the next 3 years. Parking will continue to honor the group discounts. Delivery permits will increase from \$12.00/year to \$50.00/year. Once the street conversions are complete, the Parking Department plans to begin the Curbside Delivery Program catering to businesses such as Uber, Uber Eats, Grub Hub, Door Dash, etc.

Staffing Changes:

The Parking Division is not proposing any new staffing changes.

Additional Comments:

Rate increases are necessary to cover increasing maintenance and operational costs.

Department Goals:

The main goal of the Parking Division is to continue addressing the financial status of the division. Parking enforcement routes will expand as necessary. The Parking Division will continue researching and possibly implementing programs that would increase revenue along with exploring options to reduce the expenses.

PARKING DIVISION **Goals for FY24**

Department Goals:

Goal: Continue to address the financial status of the Parking Division.

Action:

- Resume collections on unpaid parking citations.
- Impose late payment fee for parking citations.
- Research and potentially implement programs that would improve parking revenues.
- Explore options to reduce expenses.

Outcome(s):

- Progression to a more self-sustaining operation reducing the reliance for TIF.
- Improves parking operations by staying current on Capital Projects and required operational equipment.

Goal: Enhance Parking Facilities Environment

Action:

- Continue updating parking garage awnings and signs.
- Enhance signage and wayfinding.
- Improve interior appearance of garages with high pressure washing and painting.
- Clean parking decks and repaint parking lines.
- Upgrade lighting.
- Continue to boost security measures with installation of additional cameras where needed.
- Increase Maintenance Reserve Fund.

Outcome(s):

- Improves public perception.
- Visiting patrons encounter a positive experience.
- Reduction of crime such as vandalism and theft.
- Expands downtown utilization.

Goal: Improve public education regarding downtown parking.

Action(s):

- Improve education on how to use parking technology.
- Improve education on available options to pay for parking.
- Create map of downtown parking to disperse to public.

Outcome(s):

- Enhance the perception of parking as a positive element of the community experience.

Aviation & Transit

Airport

Aviation & Transit Department

Airport

Current Year Department (Aviation Division) Budgeted Expense Total: \$26,508,708

Change from Prior Year Budget Expense: (\$1,658,040)

Overall Budget Justification:

The Aviation Division of the Aviation and Transit Department operates and maintains the City of Billings Logan International Airport, providing the facilities for commercial service airline operators to offer transportation for travelers utilizing the Airport's Terminal Building. In pre-COVID years, the annual number of passengers totaled around 900,000. In 2020, the passenger numbers dropped to just over 500,000 and bounced back to more than 788,000 during 2022. Other businesses and activities located at the Airport include car rentals, restaurant/deli/lounge, gift shop, public parking, Fixed Base Operators (FBO), radio/avionics repair shops, executive hangars, a general aviation hangar complex, air freight/mail operators, the Transportation Security Administration (TSA), the Federal Aviation Administration (FAA), as well as numerous other State and Federal agencies. The Airport operation is a self-supporting Enterprise Fund that does not receive any General Fund or local tax revenue support. Airline landing fees, parking fees, as well as tenant concession, rental, and lease revenues offset the costs to operate and maintain the Airport facilities. Additionally, the Airport received COVID relief funds from the Federal Government in the form of operating grants, which will continue to be used to offset the revenue short falls for Fiscal Years 2023 and 2024.

Revenues:

The Airport's FY 2024 budgeted revenues total \$20,773,389, which is a decrease of \$12,493,244 from the FY 2023 budget. The decrease is primarily due to a reduction in future Federal grant funding provided by the Infrastructure Bill passed by Congress that will be used for the Terminal Building Expansion Project (Terminal Project). PFC collections are expected to increase as passenger traffic rebounds from the lows experienced during the COVID-19 pandemic and the funds will be applied to the Terminal Construction costs and Airport snow removal equipment. Operating revenues increased \$1,423,244 to reflect the anticipated recovery of passengers, while lease rates increase due to CPI-U adjustments that are written into most ground, building, and hangar leases. Those increases will be higher than normal due to the increases seen in the CPI-U, the result of inflationary pressures.

Expenses:

The Airport's Personnel Services FY 2024 budget is \$55,882 more than the FY 2023 budget. This increase is due to step increases and the addition of a position in Airport Police to alleviate overtime costs and cover paid time off. The Airport's FY 2024 Operations and Maintenance budget is \$440,743 more than that of FY 2023. This is primarily the result of an increase in retail fuel costs for the car rentals since the increased passenger traffic has resulted in more car rental activity, along with Airport insurance costs, and City of Billings cost allocations.

Capital:

The FY 2024 capital projects include the following:

1. The Terminal Project will have annual AIP contributions applied to the cost of the project. For FY 2024 that amount will be approximately \$1,700,000. Remaining Terminal expenses should be about \$5,200,000, which will be paid with Airport reserves.
2. PFC funds are dedicated for purchase of snow removal equipment totaling \$2,500,000.

3. There are no CFC funded projects budgeted for FY 2024.
4. Other projects budgeted in FY 2024 include: the reconstruction of the mid-field service road (\$660,000), replacement of the commercial aircraft ramp (\$3,173,825), resurfacing of the Terminal access road (\$1,388,888), upgrading regulators in the airfield lighting vault (\$175,000), upgrade of the fire alarm system in the Terminal (\$50,000), window replacement in the IP-9 building (\$200,000), updating the Airport Master Plan (\$888,889), purchase of an additional floor sweeper for the new concourse (\$30,000), replacing the phone board with a digital display system (\$100,000), constructing a new cargo ramp FY 2024 (\$2,500,000), and upgrading fiber-optic security system on Gates 12-16 (\$75,000).

Debt Service:

The Airport's debt service payments consist of principal and interest payments on the Airport's Series 2020B Revenue Bonds secured with Car Rental Facility Charge (CFC) revenue. The FY 2024 Debt Service Principal and Debt Service Interest budgets may be less than the FY 2023 budgets due to lower than anticipated borrowing for the Terminal Expansion project.

New or Expanded Programs:

Continued Terminal Expansion Project with the start of Phases III and IV.

Initiate a multi-year Airport Master Plan (AMP) update.

Expand the Airport's Air Service Development effort.

Staffing Changes:

A full time Airport Police Officer position to reduce Airport Police overtime, cover officer absences, and patrol additional Terminal space to ensure passenger safety.

AIRPORT GOALS:

Goal: Initiate the Multi-Year Airport Master Plan Update Project – Completion Target 2025

Action(s) Complete an Airport Master Plan Update using a robust public process.

Outcome: A twenty-year forecast of future Airport development with a detailed implementation/financial plan.

Goal: Expand the Air Service Development Effort to Increase Air Service at the Airport

Action: Expand communication, coordination, and cooperation with air carriers regarding new flights, additional airline seats, and improved service for the community.

Outcome: Robust travel opportunities for the users of the Airport at a fair price.

Goal: Advance Airport Expansion Project – Completion Target 2024

Action(s): To continue the multi-year, phased Terminal Expansion Project.

Outcome: Successful management of each phase of the project through completion of the project in early 2024.

Action(s): Continue to work with the FAA to secure additional grant funding to help finance the project.

Outcome: Reduce the amount of debt that will be needed to complete the project.

Action(s) Institute a plan for customer safety and comfort during the three-year construction project.

Outcome: Smooth construction project without significant inconvenience to the traveling public.

Goal: Prepare a New Passenger Facility Charge (PFC) Application

Action: Consult with airlines to complete a new PFC application.

Outcome: Continue to collect PFC funds from airlines for the next five years in order to fund required Airport improvements.

Goal: Enhance the Airport's Marketing and Advertising Program

Action: Work with consultants to update, add, and install advertising amenities within the Airport Terminal Building to create highly visible and desirable advertising options.

Work with local tourism agencies and businesses to advertise and enhance the image of the Airport and the community.

Create print and digital advertising to promote the Airport.

Outcome: Generate additional Airport revenue from advertising, promote the Airport, and improve community relations.

MET Transit

MET Transit

Current Year Department Budgeted Expense Total: \$9,811,804

Change from Prior Year: (\$1,263,715)

Overall Budget Justification:

The Transit Division of the Aviation and Transit Department is responsible for providing Fixed-Route bus and Paratransit van transportation service for the City's citizens. This service meets a significant percentage of the mobility needs for those citizens without access to private transportation (referred to as transit-dependent citizens), particularly students, seniors, low income, and individuals with disabilities.

Revenues:

The budget for Transit revenues totals \$9,544,961 for FY 2024, which is a decrease of \$3,626,956 from the FY 2023 budget. This decrease is mainly due to decreased capital expenditure in the coming year as well as the exhaustion of COVID funds in FY 2023. Anticipated operating revenue decreased slightly due to 50% of entitlement funds being redirected to the Stillwater Building construction project; however, this allocation was offset by increased State TransADE funding and increased Federal funding levels as a result of the Infrastructure Investment and Jobs Act.

Expenses:

Total FY 2024 budgeted operating expenses of \$6,849,329 reflect an increase of \$695,158 from FY 2023. Personnel services increased significantly by \$529,323, due to step increases for those employees with six years of service or less, a union negotiated three percent cost of living pay increase, and the addition of five (5) FTE to support the implementation of the Transit Development Plan fixed-route overhaul and improvement. Overall operating expenses increased by \$165,836 primarily due to fixed-route expense increases from the planned implementation of the fixed-route overhaul, which results in an additional 200,000+ miles of revenue service annually. Additional miles result in increases in fuel consumption, tire lease fees, and overall fleet maintenance.

Capital:

Transit's FY 2024 capital expenditure budget totals \$2,962,475 and consists of four (4) paratransit vehicles (\$350,400), refurbishment and remodel of multiple items at the METroplex facility (\$2,000,000) carried forward from FY 2023 with additional funds budgeted in support of the project (\$290,075), and additional facility improvements required for electric bus charging stations (\$302,000). MET will also replace the METroplex primary computer server (\$20,000) using local funds.

A Section 5310 Grant will fund 85% of the allowed costs for the Paratransit vehicles. A combination of Section 5339A formula and 5339B/C competitive grants will be used for 80% of the facility projects. Capital reserves will be utilized to cover the local portions of the capital projects, making up the difference between projected expenses over revenues.

New or Expanded Programs:

Rollout of fixed-route system overhaul, supporting additional frequency and hours of service for the community.

Staffing Changes:

Approval of the Transit Development Plan in FY 2023 resulted in the addition of five (5) Transit Operators to support expanded service frequency and hours; these positions are carried forward into FY 2024 resulting in the increases referenced above.

MET GOALS:

Goal: Improve Daily Transit Operations Efficiency and Effectiveness

Action(s): Continue with remodel of existing office area to centralize daily operations, allow improved communication between fixed-route, paratransit operations, and maintenance operations, while also allowing for enhanced meeting and training space.

Outcome: More effective use of staff time and improved communication resulting in decreased service delay time frames when issues arise; more expedient response to incidents and emergencies; improved communication effectiveness by creating enhanced meeting and training space for both internal staff meetings and external community involved meetings.

Goal: Complete Facility Updates in Support of No Emission Vehicles

Action(s): In addition to other facility projects, update infrastructure and facility systems to support install of bus charging stations to support implementation of awarded all electric buses. Infrastructure updates will also include safety features to support charging and maintenance of electric vehicles.

Outcome: Ability to successfully deploy electric vehicles into service while ensuring proper safety and maintenance in support of said deployment.

Goal: Improve Transit System Convenience and Usability

Action(s): Implement system wide fixed-route improvements to scheduling and routes to provide increased frequency and service hours, ensuring enhanced usability for the public.

Outcome: A more efficient and effective Transit system resulting in increased ridership, convenience, and customer satisfaction.

Goal: Increase Transit Division Revenue Generation

Action(s): Continue growth of Transit advertising program to increase generated revenue, better leverage existing customer contracts, and expand advertising options. Realize increased revenues from fares and user fees in conjunction with fixed-route system overhaul.

Outcome: An increase in revenue generated providing improved ability to meet match requirements as well as additional funds for utilization in operations.

Finance

Finance Department

Current Year Department Budgeted Expense Total:

\$6,583,939

Change from Prior year:

-\$228,684

Overall Budget Justification:

The finance department fills many roles at the City including Purchasing, Accounts Payable, Business Licenses, Debt and Investment Management, Property Tax and Assessment Administration, Accounting, Budgeting, and Financial Reporting. The operating budget for the Finance Department is paid from the General Fund. The amount being requested for FY24 from the General Fund is \$2.1 million. This amount will be used to pay the salaries and the operation and maintenance of the department.

The FY24 budget for the Finance Department is \$6.7 million, this is a decrease of \$228,684 from the prior year. The decreases for Fiscal Year 2024 are the result of savings in debt service costs through reduced overall debt and refinanced debt for interest rate savings.

New or Expanded Programs:

Finance staff will implement new software purchased in FY23 to update our tax and assessment software.

Staffing Changes:

There are no new FTEs requested for FY24

Department Goals:

Goal: Assist Administration and City Council to develop a long-range funding plan for the General and Public Safety Funds.

Action: Provide long-range financial projections and recommendations on how to develop a long-range plan.

Outcome: Long-range funding for the General and Public Safety Funds.

Goal: Assist Administration and City Council to develop a long-range funding plan for the Parks and Recreation.

Action: Provide long-range financial projections and recommendations on how to develop a long-range plan.

Outcome: Long-range funding for the Capital and Operating needs of the City's Parks and Recreation Department.

Goal: Implement new Governmental Accounting Standards (GASB 96).

Action: Successfully implement new GASB standard 96. This will be done by utilizing the new software purchased in FY22.

Outcome: Maintain a clean audit opinion and accurate financial statements.

Goal: Expand Purchasing assistance to staff Citywide.

Action:

- Create a cross-referenced list of potential vendors to include registered vendors, interested parties, authorized bidders, Architectural/Engineering listing, etc.
- Continue to look for opportunities to create Citywide, centralized contracts to leverage volume for discounts.
- Conduct additional purchasing training to coincide with new, updated procedures.
- Increase utilization of cooperative purchasing agreements through the State of Montana's pre-competed agreements, NASPO-WSCA, or other cooperative agencies, as allowed.

Outcome: Improved purchasing process to the highest attainable efficiency level.

Fire

Fire Department

FY 2024 Department Budgeted Expense Total:

- Fire: \$25,563,689
- 911: \$1,403,512
- Radio: \$383,601
- Grants: \$258,000
- Capital Replacement: \$868,566
- Road Maintenance District: \$563

Change from FY 2023:

- Fire: \$558,203
- 911: \$208,708
- Radio: \$91,422
- Grants: \$(215,090)
- Capital Replacement:
- Road Maintenance District: \$(21)

Overall Budget Justification:

The Fire Department's primary duty is to provide fire, emergency medical, hazardous materials, rescue and service assists, as well as fire and arson investigation, to the citizens of Billings and those Yellowstone County residents residing within the BUFSA (Billings Urban Fire Service Area).

In addition, Fire is responsible for the maintenance of 11 separate facilities, including the new 911 Center. Funds associated within the Fire group are Public Safety Fire, 911 Center, Radio Communication Fund, Fire Grants and Road Maintenance funds.

Charges have increased in Personal Services in the Fire department by \$708,385 due to an increase in labor contracts and fuller staffing. O & M has increased by \$276,890 mainly due to an increase in monthly internal charges and inflation. Capital is increased in FY24 due to the purchase of a new pumper truck, and 3 new vehicles. This charge will be funded by the Equipment replacement fund for \$868,566 and capital in the Public Safety fund for \$296,434.

Crisis Response Unit:

The Mobile Crisis Response Unit (CRU) is a partnership between the Billings Fire Department and Rimrock Foundation for responding to emergent behavioral health

incidents within the BFD's response area, dispatched through the 9-1-1 Center. The CRU team may also respond to non-emergency calls (e.g. welfare checks) as directed. The CRU team will also offer timely follow-up and connection to community resources, usually within 48 hours of the initial call. This team will provide assessments, stabilization, and referrals for behavioral health-related continuum of care. The purpose of the CRU is to rapidly respond, effectively screen, and provide early intervention to individuals experiencing mental health crisis.

BFD Mobile Response Team:

The Mobile Response Team (MRT) consists of two firefighters, a Paramedic and an EMT responding to help offset the rising medical needs of the community, with the intention to provide aid in lieu of an engine company. The program allows our engine companies to be more available in their first due areas for high-acuity responses like fire, rescue, motor vehicle accidents, and hazmat calls. The MRT's are decreasing mileage and wear and tear on the fire engines while providing an increased Advanced Life Support care. This program has received a generous grant to purchase lifesaving equipment from Phillip 66.

HazMat:

The Montana Regional HazMat Team in Billings is one of six teams whose function is to coordinate response with entities outside their local government jurisdiction, provide HazMat awareness level outreach training with their response areas and for the maintenance and update of assigned state equipment used in hazardous materials responses.

800 MHz:

The 800 MHz Radio Systems budget is an internal service fund comprised of all City Departments utilizing the 800 MHz system. User departments: Street/Traffic, Police, Fire, Solid Waste, Utilities, Transit, Airport and Parking. User departments fund the operational and maintenance expenses for the base system using a formula based upon their use of the system.

City-County 9-1-1 Center:

The Joint City-County 9-1-1 Center processes and dispatches 9-1-1 calls for all of the City of Billings and Yellowstone County, excluding Laurel.

Proposed Capital:

\$1,165,000 for one pumper truck and 3 additional vehicles.

Department Goals:

Goal: Succession planning and performance for Fire and 911 Center personnel

Objective: Provide the cross training and skills necessary to have individuals capable of assuming the duties and responsibilities of each position and/or rank.

Action(s): Continue programs designed to train and mentor fire/911 personnel.

Goal: Three, Five and ten-year facility maintenance plan.

Objective: Develop a plan to address current repair needs, fire facilities expansions and/or relocations.

Action(s): Continue creating plan that will identify current repair needs, on-going maintenance of fire facilities and/or building or relocating fire stations.

Goal: Enhanced Training for Fire and 911 Personnel

Objective: Maintain essential skills necessary to ensure the safety of firefighters and the community with technology, hands-on, virtual simulators.

Action(s): Prioritize essential training with an emphasis on safety for not only fire personnel, but also the community we serve.

Goal: Continue to provide Smoke and Carbon Monoxide Alarms/Detectors available to anyone who needs one.

Objective: To have a working smoke detector in every home in City of Billings and the BUFSA.

Action(s): Continue to work with the American Red Cross and our generous donors to purchase smoke and carbon monoxide alarms and batteries and install them in homes throughout the City and BUFSA.

Goal: Enhance level of training for the Billings Regional HazMat Team

Objective: To have trained HazMat Technicians and Tox-Medics on the department who can respond to hazardous materials incidents within the City of Billings, Yellowstone County and teams' regional response area of eastern Montana.

Action(s): Continue to provide highly technical and specialize training for Technicians and Tox-Medics.

Goal: Provide Public Safety dispatching services that meet the changing needs and expectations of public safety responders and the community.

Objective: Identify disparities between public safety responders and the community's expectations and the 9-1-1 Center's ability to provide them.

Action(s): Identify current and future gaps in public safety service delivery, and prioritize service delivery needs in order to better serve and meet the changing needs of the community.

Goal: Continue to Develop a Cooperative City-County Plan for development of an Emergency Operations Center

Objective: Study for location, layout, and site of an Emergency Operations Center.

Action(s): Determine need, funding sources, and procure a small study for the eventual funding request for an EOC.

Goal: Complete Standby Generator Replacements for Radio Towers.

Objective: Minimize the impact upon the City in the event of a planned or unplanned power outage.

Action(s): Replace standby generator at Fox and Landfill tower sites.

Goal: Continue Implementation of CPSM Study Recommendations.

Objective: To increase efficiency.

Action(s): Identify specific projects from the report.

Goal: Secure a Contract with ambulance provider.

Objective: To provide a stable level of safety to the community.

Action(s): Negotiate contract with ambulance service provider.

Goal: Develop Implementation Plan for Mobile Response Teams.

Objective: Efficient use of equipment and decrease maintenance costs.

Action(s): Identify equipment and train appropriate staff.

Human Resources

Human Resources Department

Current Year Department Budgeted Expense Total:

Human Resources: \$1,099,835
City Health Benefits: \$16,085,790
Property Insurance: \$4,186,720

Change from Prior Year:

Human Resources: \$66,566
City Health Benefits: \$277,137
Property Insurance: \$1,068,007

Overall Budget Justification:

The FY24 Human Resources Department budget is \$1,099,835, this is an increase in costs of \$66,566 over the prior year. Services that have been provided in the past will continue for the coming fiscal year. This includes Benefits and FMLA Administration, Timekeeping and Payroll, Workers' Compensation, Property and Liability Insurance Administration, Employee Recruitment, Workplace Investigations, Drug and Alcohol Program Administration, Collective Bargaining Agreements Administration, Discipline and Grievance and Arbitration Procedures.

The primary increase to the Human Resources budget is in Personal Services due to increased costs in salaries and benefits.

The FY24 Property and Liability Insurance budget will be increasing by \$1,068,007, driven by a 27% increase in property insurance premiums, a 20% increase in liability insurance premiums, and a 52% increase in cyber security insurance premiums.

The FY24 Health Insurance budget will increase by \$277,137, driven by a 6% projected increase in medical claims costs.

Budgeted Revenues:

Ongoing Programs:

- The Applicant Tracking software to streamline the recruiting process costs \$30,000 annually.
- The timekeeping software to make hours entry more efficient for departments costs \$44,000 annually.
- Cyber Security insurance costs have increased dramatically due to an industry-wide historic increase in cyber liability claims experienced nationwide. The premium cost is \$72,537, up from \$38,000 last fiscal year for the same level of insurance coverage.

Staffing:

TOTAL HUMAN RESOURCES	<u>5.5</u>	<u>6.0</u>	<u>7.0</u>	<u>7.0</u>

Department Goals:

Goal: Increase the City of Billings Social Media presence as it relates to recruiting vacant positions.

Action(s): Post all vacant positions on social media and professional websites. Continue to review and monitor which platform provides the greatest number and quality of applicants.

Outcome(s):

- The City of Billings will be in compliance with EEOC and draw a larger applicant pool for vacant positions.

Goal: Update the Human Resources Policies and Procedures Manual.

Action(s): Review the Human Resources Policies and Procedures handbook to reflect the City's most current practices. These policies and procedures will benefit all employees and supervisors by communicating operational policies and by advising employees of the City's expectations regarding their performance. The completed manuals will be distributed to all employees in either electronic or hardcopy format.

Outcome(s):

- Well-thought-out policy and procedure manuals will provide information and guidance to all employees of the City of Billings.

Goal: Provide additional ongoing employee and management development and training programs.

Action(s): Increase training for all employees. Supervisory training will focus on safety, workers' compensation, liability, harassment and diversity awareness, workplace violence, employment laws, drug and alcohol reasonable suspicion, and City finances/budgeting. Employee training will focus on such topics as ethics, safety, harassment, workplace violence, diversity and inclusion, customer service, and employee benefits.

Outcome(s):

- A training program that efficiently improves the employees' and supervisors' skills and abilities to perform their assigned functions.

Information Technology

Information Technology Fund

Current Year Department Budgeted Expense Total:

Information Technology: \$ 3,773,520

Central Telephone: \$ 458,115

Change from Prior Year:

Information Technology: \$ 267,246

Central Telephone: \$(7,031)

Overall Budget Justification:

The Information Technology Department is focused on bringing people and technology together to meet the needs of the organization and the citizens of Billings. In pursuit of its goal, ITD provides technology-related strategic planning, project management, integration, technology procurement, E-mail, networking, communications, application development, GIS, mapping, overall hardware and software support, vendor relations, and training services.

The Information Technology Budget is \$3,773,520 which is \$267,246 or 7.62% more than last year's budget. The FY24 budget increases are due to the increases in organization wide migration to Microsoft O365 licenses, cyber security modules, and a 3% COLA.

In FY24, Personal Services costs increased over FY23 by \$ 167,705 primarily due to COLA, and Steps. Operating expenses have increased by \$71,541 which includes increases to cover future renewal of Microsoft Office 365 licenses. Departments purchase their initial licenses and then IT includes their annual renewal in our budget so that IT can make a single payment to Microsoft for everyone's annual renewal. FY24 brings us some added security software expenses of \$60,500 to enhance Email & desktop protection along with data classification. Capital expenses for FY24 are \$155,500 for Phase 2 of a Wi-Fi replacement project and 14 new network switches for the Stillwater Building, which was approved in the FY24 TRP.

Information Technology is an internal support function with revenues of \$3,652,449 generated primarily by charges for service. The ITD charges for each department/division are based on the previous calendar year's usage of PC and Network resources/support time, application resources/staff support time, virtual server services, data storage management, and GIS resources/support time. The number of PC's, the amount of disk space allocated, the number of virtual servers, and the number of E-mail accounts are all examples of resources used to calculate annual charges. FY24 total revenues are \$ 121,071 below total expenses due to using reserve funds saved for the replacement of the Wi-Fi system.

Under the direction of the Information Technology Director, the Telecommunications Manager and the IT Support Specialist provide telephone, voice mail, call accounting, communications related procurement, cell phone, infrastructure support, and related financial accounting services for 12 remote sites, 521 landline phones, 32 Centrex phone lines, 41 outside analog lines, and 388 Smartphones/cell phones.

The Central Telephone Service (Fund 606) is an internal support function with revenues of \$ 465,330 derived predominately from phone related services, including management of cellular services, and interest income. Expenses for FY24 are \$ 458,115 which represents a decrease of -\$7,031 (- 1.53%) below FY23.

Department Goals:

Goal: Support and assist customer departments to accomplish their goals when needed.

Action(s): Partner with the Police & Fire Departments in addressing the technology needs identified in the CPSM Operations and Data Analysis Reports along with defined goals associated with the successful Public Safety Mill Levy.

Outcome(s):

- Public Safety is critical to our organization and our community. Supporting Police & Fire and their technology goals will have a positive impact on their ability to deliver services to our community. Continue to be a liaison between our vendors and Public Safety to find viable solutions to help create efficiencies. Find solutions that help bring data to command staff and the public.

Action(s): Provide Administration support for the continued implementation of our Centralized Document Management System including project management, installation, end-user training, backups, and building overall organization awareness of the benefits of the new system.

Outcome(s):

- A strong understanding by the staff on how to use our document management system will enhance their ability to access and share documents, reduce paper and document storage, develop automated workflows to improve efficiency, and follow the city's records retention policies.

Action(s): Provide Administration support for the continued implementation of a new Capstone Records Retention Policy in regard to electronic records such as Email.

Outcome(s):

- Successfully managing the retention and selective disposal of Emails supports the new Capstone Records Retention Policy.

Action(s): Continue to provide a leadership role in implementation, training, support, and upgrading large software solutions including ERP solutions, Public Safety, and GIS solutions.

Outcome(s):

- Information Technology works together with departments and agencies to ensure software solutions and infrastructure are accessible 24/7. Work with vendors to manage upgrades and enhancement requests. Provide on-going support to these systems along with training resources and professional development opportunities.

Action(s): Work with departments looking for new software systems to develop RFP's, provide input on solutions, and help in the planning and implementation of new solutions.

Outcome(s):

- By assisting departments to identify the issues, define their needs, participate in the search and procurement of new solutions, and engage in the planning & implementation phases, we can help the outstanding people in these areas make a smooth transition.

Action(s): Complete the move of production software and data off our AS400 environment.

Outcome(s):

- Migrate systems including Property Tax, SIDs, Inventory, Cemetery, and Airport Lease Management to new solutions on reliable and secure platforms.

Action(s): Assist Planning, Building, and Finance in implementing a new Community Development system.

Outcome(s):

- A successful transition to a new Community Development System that will meet the needs for Permitting, Planning, Code Enforcement, and Business Licensing.

Action(s): Assist Public Works in implementing a new Utility Billing system.

Outcome(s):

- A successful transition to a new cloud hosted Utility Billing System that will meet Public Work's utility management and billing needs.

Action(s): Work with Facilities, Administration, and City Departments on the successful move to the Stillwater Building.

Outcome(s):

- Migration of the City's existing fiber infrastructure and communications to the Stillwater Building will ensure we can continue to provide fast and reliable network services and preserve our past investments in city owned fiber.
- Helping design and implement a robust network wiring infrastructure will ensure successful delivery of network services throughout the new facility.
- Supporting new technologies such as conference room setups, access control systems, cameras, manage print systems, digital informational displays, and more will help ensure our new facility meets the needs of the public and our organization.

Goal: Increase city service efficiency and effectiveness by planning for and investing in technology.

Action(s): Provide support to end-users as they move to Microsoft O365 licenses.

Outcome(s):

- Microsoft Office 365 (O365) will benefit the organization by providing the tools for collaboration, simplifying communications and document/file sharing, providing access to user data from anywhere, standardizing Office applications across the organization, and enhanced business intelligence tools all delivered in a secure environment available across multiple devices for each licensed user.

Action(s): Upgrade networking infrastructure to keep up with growing demands on resources.

Outcome(s):

- By keeping the networking hardware and software up to date with the latest technology, Departments receive faster and more efficient service. This increases the stability of the network and the applications running on it.

Goal: Protect the integrity of the City's information and IT assets by strengthening our cybersecurity posture.

Action(s): Improve network/system security to meet all State & Federal Regulations and protect the organization's valuable resources & data.

Outcome(s):

- Compliance with Montana Department of Justice regulations both strengthens our security and ensures our organization can continue to access the Criminal Justice Information Network (CJIN) which is critical for all City of Billings and Yellowstone County Public Safety Agencies.
- Adherence to industry standards in system security will prevent unwanted attacks such as viruses, malware, ransomware, unauthorized access, denial of service, and so on.

Action(s): Protect the Confidentiality of our organization's data, ensure our data is real, accurate, and safeguarded from unauthorized user modification, and focus on providing availability to data so that authorized users can securely access and modify their data in a timely fashion.

Outcome(s):

- Through the use of Encryption, Access Control, Authentication, and Authorization we can prevent information from reaching the wrong people while making sure the right people can access it.
- By managing our routine on-site, off-site, and immutable cloud backup strategies we can ensure our data is protected from being altered by an outside entity.
- Cybersecurity measures can have an impact on convenience & accessibility in the workplace. We must always look for the balance between security and access that meets our business goals and aligns with our acceptable levels of risk.

Action(s): Provide Cybersecurity Training to all city staff with access to Email or the city network on a monthly basis

Outcome(s):

- We are only as strong as our weakest link. Cybersecurity training raises the staff's awareness of potential threats that could happen when working on-line and with computer systems.

Action(s): Continue to update and prioritize the contents of our Cybersecurity Roadmap

Outcome(s):

- The Cybersecurity Roadmap helps us understand what security technologies we have in place today, identifies the areas that need addressed to meet industry best practices & standards, and assigns priority to these areas providing clarity on where to focus our resources moving forward.

Goal: Improve accessibility to and expand use of GIS services.

Action(s): Implement Public Works Strategic Asset Management Plan (SAMP) Data and Technology Improvement Initiatives.

Outcome(s):

- GIS data/resources will adhere to SAMP guidelines, continuing our commitment to following a standardized framework. This uniform system will allow for consistent data creation and maintenance. Continued enterprise integration will support the sharing of GIS data across the entire organization and enhance Billings citizens' access to City information.

Action(s): Advance the deployment of Cityworks, our GIS Centric Asset & Work Order Management System. This action includes improving functionality for departments already using the system and assisting other departments in implementing the technology to meet their goals.

Outcome(s):

- Increased utilization of the Cityworks system will improve our ability to manage assets, allocate staff resources through work orders, share data throughout the organization, access data from mobile devices, and generate informative reports.

Action(s): Provide GIS services in response to requests for mapping, reports, applications, and analysis by departments throughout the organization.

Outcome(s):

- Visual representations that discover, quantify, and predict trends and patterns to meet the Department's planning/analytical needs, as well as the needs of citizens.

Action(s): Provide support and GIS data for Public Safety Software.

Outcome(s):

- Through the City IT and Yellowstone County GIS staff's combined efforts, dispatch and emergency responders will have accurate data to allow for safe and effective operations. This includes modifying jurisdictional boundaries to account for annexation activity, keeping address and street centerline data current and accurate, troubleshooting underlying GIS data and processes that make such software operational, and staying abreast of the latest developments in public safety technologies and tools.

Action(s): Work with departments to consolidate and manage GIS data.

Outcome(s):

- Use stakeholder engagement process to ensure critical GIS layers are updated and maintained.

Action(s): Expand GIS governance process beyond Public Works.

Outcome(s):

- Scheduled meetings for understanding needs and expectations will build rapport. Improved communication will produce accountability and established workflows allowing the GIS Team to develop and maintain robust resources.

Action(s): Maintain and expand land records database in accordance with filed legal documents and planning projects to include road naming/addressing of modern standards and all correct legal parcels for utilization of many departments including but not limited to utilities, taxation/finance, planning/zoning, building departments and the like.

Outcome(s):

- Addressing that is in the best interests of public safety and records that can be utilized fluidly across the many platforms of various departments for all functions of City process.

Action(s): Develop GIS training resources using train the trainer philosophy.

Outcome(s):

- Increased utilization of GIS resources (e.g., maps, apps, tools) via trainings and resources like videos and handouts.
- Increased awareness of mapping applications to improve departmental efficiency.

Legal

City Attorney

Current Year Department Budgeted Expense Total:

\$3,543,239

Change from Prior year:

\$223,740

Overall Budget Justification:

The FY24 budget for the City Attorney is \$3,543,239, which includes an increase of \$223,740 over FY23. This includes an increase in Personal Services which includes three new positions, two new prosecutor positions and a victim/witness specialist position. These positions will be added as a result of the Public Safety Mill Levy passage. These additional positions will result in additional monthly charges for telephone, parking, membership fees, miscellaneous equipment (computers), facilities/rent, office supplies (furniture), and subscriptions for license fees (Westlaw).

There is a \$47,425 increase in O&M due to regular monthly charges (IT, Telephone, Facilities, Parking). There is also an approximate \$1200 increase in membership fees due to a yearly increase in bar dues as well as because there are additional attorneys being added to the office.

New or Expanded Programs:

None proposed for FY 2024

Additional Comments:

As a result of the passing of the Public Safety Mill Levy, the Legal Department will be able to hire additional staff over the next 2-3 years. The two additional Municipal Court prosecutors and one Victim/Witness specialist are the first phase in implementing the

Legal Department's plan for the levy funds. The new staff will assist in addressing ongoing prosecution needs and providing adequate services to victims.

Department Goals for FY 2024:

- To prosecute criminal cases in a timely and efficient manner in the best interests of justice, the best interests of the citizens of Billings, and the interests of victims of crime.
- To be a critical part of the City's leadership team through integration with department directors, City Council, and other city agencies such as the various city boards and commissions.
- To work effectively with the Billings Police Department and other law enforcement agencies, including the Airport Police and MSU-Billings Police Department to enforce state laws and city ordinances related to misdemeanor offenses within the city.
- To work with other city personnel and officials in enforcing city ordinances including zoning, building code, fire code, etc.
- To provide legal advice to the City Administrator, Mayor, City Council, departmental staff, and city boards concerning legal matters that arise with respect to city services and operations.
- To practice preventative law by being an integral member of the city's departmental teams and by providing legal risk management services and proactive legal advice.
- Address the logistics of finding adequate space for the legal department in order to better address management and supervision of all staff.

The most significant way this proposed budget will help address these goals is by providing the resources for this office to begin to manage the caseload burden of prosecutors. As this office is able to hire additional staff, the cases will be distributed to a more manageable level in order to provide better services to the citizens of Billings and the victims of crime.

Library

Library Department

Current Year Department Budgeted Expense Total:

\$4,736,311

Change from Prior Year:

\$448,680

Overall Budget Justification:

The FY24 operating budget for the Library Department is \$4.7 million. This is an increase of \$448,680 from the previous year, comprised mostly of payroll COLA, benefits and an additional Facilities I position (\$96,388) and O&M increases. The largest portion of the O&M increases stem from the replacement of the sorter and conveyance system (\$425,000) used for Circulation operations. Other costs include City cost allocation/interdepartmental charges and uncontrollable costs such as insurance (\$37,425), utilities (\$14,000), and small increases in maintenance contracts (\$13,000), supply costs, etc. Another notable change is the current security contract moving from third party to in-house; no significant change to the budget.

In addition to the Library Fund, the Library has budgeted \$5,141 from the Equipment Replacement Fund for the replacement of a van, which was included in the FY24 ERP.

New or Expanded Programs:

Over the last few years, the Billings Public Library (BPL) has revamped and updated its normal operations to provide safe, efficient service to Yellowstone County residents in the wake of the COVID-19 pandemic. The BPL continues to evolve to meet rising needs of patrons, community partners, and professionals in the community stemming from this event. To date, the BPL has implemented two Library Express Lockers to create 24/7, contactless access to library materials for all patrons. Funding for Locker #3 is complete, with implementation scheduled for July or August 2023. Fundraising for Locker #4 is underway and placement is under review. Currently, within the last 18 months, the BPL has accomplished 76% of its three-year recovery plan of returning to pre-COVID operations. Additionally, the State Library extended funding for Wi-Fi hotspots through October 2023, and the BPL expects to sustain this service thereafter.

Department Goals:

Goal: Sustain evolving services based on the expectation that they will become the standard.

Action: Create, revise, and/or discontinue current service models to all City/County demographics in order to implement best practices, serviceability, and fiscal stewardship.

Outcome: Continuation of servicing all residents of Yellowstone County.

Goal: Preventative Maintenance Plan

Action: Continue the creation and implementation of a preventative maintenance plan for the library building's systems and structure, while continuing to meet the LEEDs Platinum requirements.

Outcome: A designated plan and funding to maintain the library and its systems. Maintaining the library by updating/replacing systems and equipment at the end of their life cycle will ultimately save the library additional repair costs that would occur if these items were not maintained/replaced timely.

Municipal Court

Municipal Court

FY 2024 Department Budgeted Expense Total:

Municipal Court: \$1,792,135

Court Grants: \$547,827

Change from Budget FY 2022:

Municipal Court: \$202,533

Court Grants: \$31,821

Overall Budget Justification:

The Billings Municipal Court is a Court of Limited Jurisdiction and processes misdemeanor cases within the City of Billings. The court processes over 15,000 citations per year and over 30,000 hearings per year, making it the largest court in the State of Montana.

The Municipal Court budget consists of two divisions: the Judicial Division and the Receipts and Records Division. The Judicial budget funds one full time Municipal Court Judge, Judicial Assistant, and four Bailiffs. The court is requesting PSML funding for an additional elected full-time Municipal Court Judge, Judicial Assistant, and Civil Infractions/Filing clerk. The Receipts and Records budget funds the Municipal Court Administrator, seven Account Clerk II's, Sr. Courtroom Collections Clerk, and a Courtroom/Collections Clerk.

The personnel proposed budget shows an increase of \$157,358 for FY 24. The increase is due to the addition of three PSML staff additions. O&M proposed budget shows an increase of \$67,381. Increase is due to internal services cost projections, Stillwater facility fee, one-time operational costs for new staff, and pre-trial subsidy funding.

FY 24 total request for positions is 21.8, increasing from 18.7 in FY 23. Increase is due to staff requested through the PSML. Two treatment court positions have also been moved to full-time.

Billings Adult Misdemeanor Treatment Court (BAMTC) consists of three specialty courts: Drug Treatment Court, DUI Treatment Court, and Co-Occurring Treatment Court. These courts are 100% funded by Federal Grants and secured by the Billings Municipal Court.

The grants are reflected below under Municipal Court Grants. Court grants are used to aid offenders in treatment of mental, drug, and/or alcohol related ailments to become contributing citizens of the community and to reduce the chance of repeat-offending.

Municipal Court **Goals for FY 24**

Department Goals:

Goal: The timely processing and adjudication of all cases by reviewing operations and instituting policies to ensure the incorporation and utilization of best practices to ensure efficiency, consistency, and quality in all aspects of the Court's operations.

Action: Continue to assess the court calendar and clerk procedures to make changes where necessary to ensure efficiency.

Outcome(s):

- Cases are adjudicated within the national ABA standards which will shorten the court docket, create less daily paperwork, and provide better service to the public.

Goal: Completion of Municipal Court Analysis for Expansion

Action: Develop RFP for court study and analysis to assist with transition to two judges and new court space.

Outcome(s):

- Successful transition to an expanded Municipal Court.

Goal: Integration of a 2nd Full Time Municipal Court Judge CY 24.

Action: Hiring of additional staff. Meeting with other partners to review case reassignment. Update court calendar to include new Judge.

Outcome(s):

- Successful transition to two Judges. Implementation of PSML goal.

Goal: Assess future funding opportunities to secure the future of the Billings Adult Misdemeanor Treatment Court.

Action: Pursue statewide and federal funding opportunities to secure the treatment courts.

Outcome(s):

Continuation of Billings Adult Misdemeanor Treatment Courts.

Goal: Placement of Billings Municipal Court defendants into the state mandated pretrial program.

Action: Work with county staff to identify individuals who are eligible for the pretrial program. Assign jail release conditions that include monitoring. Secure additional funding for subsidies.

Outcome (s):

- Reduce jail population and failure to appears.

Goal: Quality of Life for All People in All Places.

Action: Utilize statutory authority over defendants to ensure accountabilities for all sentencing orders. Utilize area resources that support safe and healthy alternatives for defendants to meet the sentencing orders put in place for all defendants, regardless of ability to pay.

Outcome (s):

- Meet the needs for all.

Goal: Electronic Records and Retention.

Action: Continue the process of scanning and digitally archiving all paper records. Follow the digital records guidelines and State retention schedule.

Outcome(s):

- Ensure against loss by flood, fire, or natural disaster, as well as conserving physical space. Searchable system for old records.

Parks & Recreation & Public Lands

Parks & Recreation

Current Year Department Budgeted Expense Total

\$12,744,657

Change from prior year:

\$ 2,086,519

Overall Budget Justification:

The FY24 proposed budget for the Parks and Recreation Department will focus on the continuation of providing safe and enjoyable programs, services, and facilities that enhance the community's quality of life. The proposed budget reflects some increases in seasonal wages and inflationary adjustments for goods and services to maintain our current level of service. Our proposed FY24 budget will continue to focus on the Department's ability to improve safety and increase recreational opportunities for the community.

Overall Budget Justification: Administration

The Administration Division consists of the Parks and Recreation Director, Parks Planner, Community Outreach and Engagement Coordinator, Administrative Support II and Customer Service Coordinator. Major functions include budget management, customer service and guidance, park planning and development, volunteer coordination, public outreach and communication, awareness campaigns, and direction for the whole department.

Overall Budget Justification: Parks Division

The Parks Division consists of three sections: Parks, Cemetery and Forestry /Natural Lands. The Parks Division has 24 full time staff; Parks Superintendent, Parks Supervisor, Cemetery/Park Supervisor, Forester, Arborist, Horticulturist, a Parks Mechanic, and seventeen Equipment Operators. During the summer months, over 30 seasonal employees join the team and are spread throughout the city parks. Park maintenance is much more than just turf care, it includes staff maintaining 5 spray grounds, 2 wading pools, 38 playgrounds, 24 picnic shelters, 24 restrooms, over 40 miles of hard surface trails, more than 10,000 trees, 1,200 acres of natural areas and one cemetery. All of which require different levels of maintenance and care. Our Focus is to ensure safe places for the community to enjoy and recreate. Staff is dedicated to safety and continue to receive training and certifications so they are up to date on the latest technology and industry standards. Currently, 6 staff members are Certified Playground inspectors, 12 are Certified Pesticide Applicators, 7 hold a CDL license and 3 are Certified Arborists. Through our commitment to safety, all playgrounds are maintained to meet the Consumer Safety Performance Specification for Playground Equipment for Public Use, all trees are maintained to ISA standards and all pools and splash pads are inspected annually to comply with state and federal regulations.

Additionally, the Parks Division facilitates events ranging from corporate functions to graduation parties.

Park Maintenance provides the Management and maintenance of approximately 2,716 acres of parkland consisting of developed (1,255 acres), undeveloped (248 acres), and natural area (1,213 acres), green space and greenway parks throughout Billings. The Division manages and maintains approximately 420 acres of lands that we do not own but manage as open space for public access and use.

Urban Forestry /Natural Resources plans, coordinates, and carries out the enforcement of Billings Municipal Codes, Chapter 25, Ordinances regarding tree care and maintenance within the City Limits of Billings. Responsibilities include planning, developing and implementing comprehensive Urban Forestry and Natural Resources programs development and management of grants, contracts and in-house projects in developed parks, natural area park lands, public open space and other public facilities and properties. Programs include; park tree management and maintenance, Horticulture programs, tree inventories and GIS mapping, tree and landscape installations, natural resources management, nuisance and noxious weed management and other citywide vegetation management programs. Over 9,400 park trees are managed and maintained, valued at almost 28 million dollars, which provides an estimated \$129.73 in environmental benefits each year per tree.

Cemetery Maintenance maintains 65 acres of parkland for the use as a cemetery. Family of many of the 26,000 individuals buried in the cemetery contact Cemetery staff every year for grave locations, as well as genealogical and general information. In addition, staff assists families with the burial of their loved ones. Staff works with community organizations to hold community memorial events in the Cemetery.

Overall Budget Justification: Recreation Division

The Recreation Division FY24 budget request of \$1,796,666 (\$71,267 more than FY23, not including seasonal wage benefits) is comprised of seven full-time employees; one Recreation Superintendent, three Recreation Specialists, one Recreation and Wellness Specialist, one Recreation and Wellness Support and one Maintenance Worker at the Community Center. To assist in providing recreation programs and services to the Billings community the Recreation Division employs as many as 250 seasonal/temporary staff annually. Our focus is providing quality year-round recreational opportunities for all ages. Through our partnership with School District #2, we are able to utilize six middle school gymnasiums that provide the space for programming during the school year. In addition to the School District's gymnasiums, we are fortunate to have an abundance of parks for programming during the summer season, which in total, equates to over 140+ different recreational programs that nearly 7000 registered participants enjoy annually.

The Recreation Division is also responsible for the operations of our municipal pools at Rose and South Parks as well as the wading pools at Pioneer and Hawthorne Parks. We are committed to upholding the highest regards for safety and strive to follow the Model Aquatic Health Code. Many in our management staff are certified as Aquatic Facility Operators through the National Parks and Recreation Department and all of our

lifeguards are certified through the American Red Cross. We take great pride in providing a safe and enjoyable experience for the 50,000+ visitors to our municipal aquatic facilities each summer.

As we look at programming for all ages, it is important to understand the tremendous role our staff at the Community and Senior Center plays in providing health and wellness programs and services for our senior population. We are again thrilled to expand our new partnership with the Adult Resource Alliance of Yellowstone County (ARAYC) in collaborating with our staff to provide Parks and Recreation programs and activities to the facilities the ARAYC currently operate on the Westend and in the Heights.

In addition, the Recreation Staff is also responsible for the daily operation of the Strike Zone Batting Cages located at Stewart Park. This facility provides an enjoyable atmosphere for kids and adult to practice their skills in baseball and softball in the spring and summer months.

With all of the recreational opportunities available to our community and the increase in programs offered, we have budgeted an estimated \$1,070,000 in revenue for FY24, which is 60% of the overall requested budget for the Recreation Division.

New or Expanded Programs: Parks Division

- Temporary Wages (\$25,000) This increase is to provide a \$1.00/hr. increase to all seasonal staff. Currently Park Attendants are paid \$14.00/hr. This wage is not competitive in Billings and makes recruitment of seasonal employees very difficult. With the increase we hope to retain more staff and make recruitment easier.
- Temporary Wages (\$3,000) This increase would allow Forestry to offer a \$1.00/hr. increase for seasonal wages. This will help with retention of existing seasonal staff and assist in the recruitment of new seasonal employees.
- Temporary Wages (\$3,500) This increase would allow the Cemetery to offer a \$1.00/hr. increase for seasonal wages. This will help with retention of existing seasonal staff and assist in the recruitment of new seasonal employees
- Mach/Equip Parts (\$500) Price increase.
- Tires, Tubes, Etc. (\$500) Price increase.
- Building/Equipment Maintenance (\$20,000) The office building roof is old T-Lock shingles that are curled and in desperate need of replacement before the roof fails and begins to leak.
- Building/Equipment Maintenance (\$45,000) Currently the Cemetery has to store equipment outside because the shop space is very limited. Equipment stored out in the weather and sun has a shorter useful life and increased maintenance costs. This request is to build an additional cold storage building, so all equipment could be stored safe and not subject to the harsh weather conditions.
- Grounds Maintenance (\$10,000) Increase is to cover price increases for fertilizer, mulch and pesticide prices.
- Temporary Wages (\$6,000) Increase to provide \$1.00/hr. increase for seasonal wages assisting with retention and recruitment of seasonal employees.

- Mach/Equip Parts (\$5,000) Cover costs increases.

New or Expanded Programs: Recreation Division

- Seasonal Wage Increase for Aquatics Staff – \$10,000 (ongoing). Increase hourly wage rates by \$0.50 for summer seasonal aquatic staff to be competitive in the local economy and with other similar service providers in Billings. With the current hourly pay rates, it is often difficult to attract enough qualified applicants to fill key aquatic staff positions. Without qualified lifeguards, swim instructors and supervisors, the level of aquatics service that PRPL is able to provide to our community will decline. Without aquatic staff, we will have to consider reduced pool hours or facility closures. We have estimated an additional \$15,000 in revenue from daily pool admission and waterslide fees in FY24. We also anticipate a continued growth in our American Red Cross Learn to Swim Program to account for \$15,000 more in revenue with our upcoming registration fee increase for the summer of 2023.
- Inflationary Adjustment for Pool Chemicals and Supplies – \$3,000 (ongoing). We continue to see increases in pool chemicals, cleaning supplies, first aid supplies, and water testing systems. We have estimated an additional \$15,000 in revenue from daily pool admission and waterslide fees in FY24. We also anticipate a continued growth in our American Red Cross Learn to Swim Program to account for \$15,000 more in revenue with our upcoming registration fee increase for the summer of 2023.
- Inflationary Adjustment for Pool Concession - \$8,000 (ongoing). The cost of pool concession goods continues to increase. We have estimated an increase of at least \$15,000 in revenue for summer of 2023.
- Vermont Systems Pool Admission Kiosk - \$4,700 (one-time). We have identified an additional customer service station to accept daily admission fees at Rose, in an effort to better manage the wait times to enter the pool. This kiosk is portable and can be used when needed and securely stored when not in use. We have estimated an additional \$30,000 in total revenue at Rose Pool for FY24.
- Seasonal Wage Increase for Program Staff - \$12,000 (ongoing). To remain competitive in attracting seasonal employees for all of our youth, adult and senior recreation programs and activities, we have increased wages by \$0.50 on average. To account for this increase we have estimated an additional \$70,000 in revenue with the upcoming registration fee increase.
- Inflationary Adjustment for Recreation Program Supplies - \$2,500 (one-time). To offset the increased cost of supplies and equipment to provide quality recreation programs we have estimated an additional \$70,000 in revenue to cover this expenditure increase as well as the seasonal wage increase.
- Community Center Hardwood Floor – \$4,500 (one-time). The hardwood floor at the Community Center is in need of service to keep it functional and safe for participants. A leaking roof damaged the floor during the summer on 2022. Hardwood floor experts suggest stripping and re-waxing the floor. The floor was last stripped and waxed over 7+ years ago.
- Community Center Dishwasher Replacement – \$9,945 (one-time). In conjunction with the Adult Resource Alliance of Yellowstone County's meal site

and formal partnership, it has been determined that the dishwasher is in need of replacement due to its age (25+ years) and functionality. The City of Billings receives \$40,000 annually from the ARAYC through the Senior Mill Levy.

- Neighborhood Centers Refrigerator Replacements – \$4,000 (one-time). The refrigerators at both North Park and Zimmerman Centers are very old and in need of replacement. They are used by both summer camp staff and building renters. We have estimated a \$4,000 increase in rental revenue for FY24.

Department Goals:

The goals for the Parks and Recreation Department continue to be providing safe and enjoyable programs, services and facilities that enhance the community's quality of life.

The Department continues to highlight safety as our number one goal. This includes park and trail users to anyone who enrolls into one of our many programs. The Parks Division continues to look into ways the design and maintenance of the landscape can make users safer, from better management techniques to well-designed shrub beds. The Department's Police officer continues to have a large impact on safety in the parks and the programs offered, from informing the next shift of potential problems to meeting with the various programs to better understand their security needs and his role in that.

To assist in the pursuit of improved public safety, the multi-generational recreation center will provide many youth and adults a safe and healthy outlet to pursue recreation thus reducing crime and incarceration. The Parks and Recreation Department continues to prioritize positioning itself as the organization responsible for the design, construction, operations and management of a multi-generational recreation facility in Billings. The Parks and Recreation Comprehensive Department Plan, completed in 2017, identified a multi-generational recreation center as its #1 priority to move the Department forward and bring the community together. In addition, the current and past Capital Improvement Plans (CIP) have included the recreation center as a project to be completed within the next 3-5 years. Throughout the last few years, the Department has added technology that makes transitioning to this facility advantageous, with the implementation of Point-of-Sale, Facility Reservation Management, and Pass Management that not only meet our current needs, but the future needs. These new components integrate with our current registration system that includes online and mobile capabilities.

Planning, Community Services, Zoning & Code Enforcement

Planning and Community Services Department (PCSD)

The PCSD focuses on Quality of Life, Safety, Fairness/Equity, Community Voice, Communication and Education. Our Department initials in our approach to our work also stand for: P-Planning, C-Community, S-Solutions, D-Delivery. The PCSD is made up of three divisions – Code Enforcement, Community Development and Planning. We also provide direct support to the City for its three Urban Renewal Districts and we support the City’s Neighborhood Task Forces. The Planning Division serves both Billings and Yellowstone County and our designation as a Metropolitan Planning Organization for Transportation Planning work also requires we work across political boundaries with the City and County. Our activities are public facing in all of our services and that makes excellent customer service a critical pillar in our Department.

Current Year Department Budgeted Expense Total:

\$5,854,015

Change from Prior year:

\$(142,375)

Overall Budget Justification:

The Planning and Community Services Department (PCSD) FY24 budget is \$5,854,015; this is a decrease in expenses from FY23 of \$142,375. A significant amount of revenue for FY24 is the ongoing management of CDBG-CV (CARES Act) and HUD-ARP (American Rescue Plan) funding received by the City of Billings from the Department of Housing and Urban Development (See summary in Community Development Division section below). The Department anticipates spending about \$202,054 in reserves in the Planning Division in FY24. However, the Planning Division reserve levels continue to remain well above the minimum set by City Council.

In addition to the program changes discussed below, increases in operational areas of the FY24 budget are mostly related to increases in IT and GIS charges of about \$16,067. IT costs have increased sharply in the past three years, going up 30% in two years for the Planning Division and accounting for 34% of the Community Development Division’s grant administration costs. Some short term and long term solutions to these increases are being explored as noted in the CD and Planning sections below since some charges have been found to be misallocated to specific divisions and PCSD Divisions are not able to simply pass along these costs to customers and absorb them year after year. There are also unallocated IT GIS costs that are spread across many Divisions and Departments as a percentage allocation. This allocation calculation has not been updated in years and PCSD will work with City Administration, IT and other Departments to update this before FY25. This appears to be the single largest area of charges to the Planning Division and is a priority.

Personal Services for all divisions will increase an additional \$112,375 for an increase in steps and a 3% COLA.

The PCSD utilizes multiple revenue sources to deliver the services it provides to its customers. These varied sources means that there are limits to revenue sharing and mixing across the three PCSD divisions – Code Enforcement, Community Development, and Planning. PCSD revenue is expected to remain about the same in FY24 with steady license and application income, the ongoing HUD and FHWA grants, and the Public Safety Mill Levy.

Highlighted Programs:

CDBG-CV Projects Ongoing:

The City of Billings was awarded a Coronavirus Aid, Relief, and Economic Security (CARES) Act allocation to exclusively support coronavirus response. The funding of \$909,126 is being used to benefit low-income individuals and families and cannot duplicate local, state, or federal resources.

The City worked with the CD Board and City Council in making a substantial amendment to the Consolidated Plan to allocate CDBG funding for coronavirus response, preparation, and prevention projects. Funding has been allocated for administration and grant awards have been made to The Salvation Army, the Downtown Business Improvement District, Alternatives, Billings Public Schools, and Boys and Girls Club, and for several park improvements across the City. All awards can be viewed online at www.BillingsMT.gov/CDBGcv.

HOME-ARP Application Process in 2023:

The U.S. Department of Housing and Urban Development awarded Billings \$1,211,321 in HOME-ARP (American Rescue Plan) funding in 2021 to help provide housing, shelter, and / or services for people: experiencing homelessness; at-risk of homelessness; or fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking.

City staff published a survey for service providers in October 2022, drafted the allocation plan in February 2023, and submitted the allocation plan by March 31, 2023. The City has until 2030 to expend these funds.

Following HUD's approval of the allocation plan, City staff must create / implement extensive procedures based on identified needs (beneficiary preferences and prioritization, tenant selection, determining household contributions to rent based on household income, allowable maximum subsidy and length of service eligibility for each qualifying household, maximum cost of each provided service, complete program rules, a formal process for termination of assistance to qualified households [including written notifications and communications], prevention of conflict of interest, standards of conduct pertaining to internal controls, new standardized underwriting guidelines for all types of projects [including sources / uses, developer fee reasonableness, assessment of current market demand, determination of developer's experience and financial capacity / net worth / liquidity, and assess viability through a fifteen-year compliance

period], methods for examining individual / household income to determine monthly rent payments for the fifteen year compliance period, etc.).

Award recommendations will be established by the Community Development Board and submitted to the City Council for review / approval.

Code Enforcement PSML Strategy Implementation:

With the addition of three code enforcement officer positions, Code Enforcement is able to revise some job responsibilities, as well as update the residential enforcement areas.

Code Enforcement goes into FY24 with 5 residential Code Enforcement Officers, two specialized Code Enforcement Officer IIs, updated service areas to create a more equal distribution of workload and enforcement, improved coordination with Municipal Court and City Legal, and critical involvement in the City's new Nuisance Property Team. The Division is poised to continue robust implementation of its PSML Strategies.

Neighborhood Plan Update Process Moving Forward:

The Planning Division is budgeting for at least one Neighborhood plan in FY24 and is continuing to pursue State CDBG Planning grants to help fund additional neighborhood plan work. However, the Division will still need to manage expectations as staffing and funding capacity at this time means updating about one neighborhood plan per year, and maybe two with CDBG grant funds. With approximately 8 existing plans that are all out of date, the time frame to complete them all is still many years. Like needed funding for area and corridor land use plans, the need for a new revenue source for neighborhood planning is part of the greater solution to quality land use planning in Billings.

Department Staffing

The PCSD Director continues to work with PCSD Division Managers, City Finance and Administration to improve the allocation of the salary, benefits, and expenses of the Director across the PCSD Divisions and three urban renewal districts. While the Director's position has historically been financially attached to the Planning Division, increased allocation from the CE Division and Urban Renewal Districts is being made in FY24 to reflect where the position's time and oversight is focused.

Department and City Council Priorities and Goals (adopted April 2022):

Goal: Improve the safety of Billings *(City Council and Department)*

- Implement PSML funded Code Enforcement strategies to improve safety and keep neighborhoods clean
- Continue improving our transportation corridors and infrastructure with continued funding in the FY24 Planning Division Budget for the Active Transportation Planner and Traffic Technician positions, and conducting planning studies and outreach efforts to prioritize SRTS, multi-modal access, and safety programs and projects.

Goal: Implement allocation of CDBG-CV (COVID) and HUD-ARP funding provided to the City of Billings in 2022 and 2023 *(Department)*

- Provide funding support to low income residents and/or through service organizations that support low income residents and families
- Ensure use of funds meet HUD guidelines and requirements

Goal: Improve Communication with our citizens *(Department)*

- Work in coordination with City PIO to:
 - Inform and engage Neighborhood Task Forces
 - Continue application of Social Media Tools, Implementation of Public Participation Plan in Land Use, Zoning and Transportation Planning Projects
- Continue successful utilization of electronic public engagement and meeting tools

Goal: Create a park development program and analyze all park funding to build excellent parks and trails throughout the City *(City Council and Department)*

- Increase trails investments in partnership with City Public Works, PRPL, Billings TrailNet, Big Sky Economic Development, Healthy By Design, and others
- Support opportunities for grants and secure a permanent funding source for grant matching funds and construction of non-motorized transportation investments.

Goal: Regulate medical and recreational marijuana dispensaries/storefronts. Analyze land use and financial impacts of legalized recreational use of marijuana on the City and recommend policy improvements. *(City Council and Department)*

- Regulations were adopted in late 2021 and implementation continues
- Code Enforcement, Finance, Building, Police and Legal are coordinating on license process and complaint response and enforcement

Goal: Stimulate Redevelopment within downtown and other business districts
(City Council and Department)

- Implement street conversions and better multi-modal access to Downtown
- Use zoning code to support new development and redevelopment for new commercial, residential and mixed use projects
- Participate in Housing Strategy Initiative passed by Council in 2022

Goal: Transportation/Land-Use System Improvements *(City Council and Department)*

- Billings Bypass Corridor Study completed in early 2023
- Construct the Inner Belt Loop (IBL) and Skyline Trail
- Fund evaluation of land use planning and utility extension options for IBL and northern portion of the Billings Bypass corridors

Goal: Define strategy to complete cost of services study to help fund police, fire, parks and transportation infrastructure in partnership with Yellowstone County
(City Council and Department)

- RFP launched in February 2023
- Contract with consultant in spring 2023 to complete the Study

Goal: Monitor the implementation of Project ReCode in first two years at 4, 7 and 12 month reporting periods *(City Council and Department)*

- Final 12 month reporting concluded in spring 2022
- Proposed Substantive Amendments to the code to Council in Spring 2023

Goal: Begin evaluation and prioritization of Neighborhood Plan updating *(City Council and Department)*

- Applying for State CDBG grant as part of strategy to tackle up to 2 neighborhood plan updates annually
- Identify funding options to further increase capacity for this kind of long range planning program

Code Enforcement:

The Code Enforcement Division is funded by the City's General Fund. The Division enforces 22 City codes, including junk vehicles, parking, weeds, nuisances, signage, and right-of-way obstructions. The Division handles an average of more than 3,500 cases per year. The Division provides code enforcement response to citizen concerns on a city-wide basis.

This Division does generate some revenue from parking tickets and weed abatement. However, the parking ticket funds are budgeted within the Parking Division and the weed abatement charges return to the General Fund. Therefore, none of the revenue sources are reflected clearly as a revenue stream for CE operations. CE does not carry reserves called out separately from the General Fund.

Revenue:

\$1,111,845

Expenses:

\$1,111,845

Additional Notes:

- The CE Division is integral to the City Council's priority to improve the safety of Billings through voter approval of the Public Safety Mill Levy in 2022 and ongoing efforts. The added resources for the Division with passage of the levy adds about \$500,000 in additional revenue over the next five years and is helping implement additions of staff and resources. This financial investment is enabling the Division to:
 - Be more proactive in its enforcement
 - Increase abatements to clean up neighborhoods
 - Plan and conduct strategic enforcements in coordination with other city departments
 - Improve court outcomes and process with Legal staff support
 - Increase outreach and education

Budgeted Expenditures:

Community Development:

The Community Development Division manages federal funding including the U.S. Department of Housing and Urban Development (*Community Development Block Grant and HOME Investment Partnerships program*) and the Corporation for National and Community Service (*AmeriCorps VISTA*). These federal resources pay for personnel wages, benefits, and operations costs to implement homebuyer, home repair, housing development, and poverty-impact programs. Given the limited funds that may be allocated to administration of the HUD programs, \$3,500 will be allocated this year to cover the PCSD Director’s oversight of the Division.

Community Development receives an annual General Fund allocation to cover rent and parking (FY24 \$79,750). The Division also received a one-time \$250,000 in 2013 from an SID loan fund reallocation the City Council approved and a one-time \$196,500 in 2015 from a South 27th Street property sale. These revolving funds are used for housing projects and more than 40 families have been assisted with home ownership / repair projects to date.

The Division does not carry reserves, but federal funding and affiliated loan repayment revenues can be carried over from one City Fiscal Year to the next. The Division experienced significant loan repayment activity in 2021 and 2022 due to the increase in home values in Billings. This is a positive in terms of having program income to re-allocate in services, but HUD annual expenditure deadlines also make it challenging to meet expenditure requirements. Further discussion of the CDBG-CV and HUD-ARP funding awards is under the Highlighted Programs section above.

FY24 Revenue/Expenditures:

Program	Revenue Amount	Expenditure Amount
Community Development Block Grant	\$780,678	\$623,918
CDBG-CV (Coronavirus Grant)	\$1,150,755	\$1,150,755
HOME Grant	\$882,885	\$378,086
AmeriCorps VISTA Grant	\$100,300	\$100,000
General Funds Transfer (Rent)	\$79,840	\$79,750
Council Revolving Loan Fund & Misc	\$551	-
TOTAL	\$2,995,009	\$2,332,509

Long Term Service Agility: The Division is not proposing any new programs or projects for FY24 but it continues to face significant challenges due to its very limited funding outside of its core HUD programs. Issues of affordable housing, homelessness and other social service programs and challenges are a significant concern and focus in Billings. The City Council approved a Council Initiative to develop a Housing Strategy for Billings to help address housing access and affordability challenges. And while Community Development staff could bring knowledge and expertise to some of these discussions and efforts, the HUD grant funding does not enable staff to vary from the primary goals and programming covered by the HUD grants. Further, there is not enough current staff capacity even if funding were available to participate. Other large communities in Montana have addressed this by bringing local general funds to community development activities. Internal charges for services like IT are also becoming unsustainable under HUD grant administration caps. The Division can't pass these costs along to anyone and also can't continue to absorb annual increases. City Administration, Finance, the IT Director, PCSD Director, and CD Manager are working to make reductions in IT costs for CD as we transition to the new City Hall in 2024 and how charges are allocated across PCSD.

Community Development Program:

Urban Renewal Property Acquisition Fund:

This fund is used to account for Tax Increment assets primarily related to property on South 27th Street. As the City sells property previously acquired through the Tax Increment Program (not affiliated with the current Downtown District, EBURD or SBBURD), the funds are deposited in Fund 4280 making them available for additional Tax Increment-related activities or for ongoing operating a maintenance costs associated with the property previously acquired, such as snow removal and weed control. There is a slight increase in both Operating and Maintenance Expenses and Interest Income.

Planning:

The Planning Division provides comprehensive planning services for the City of Billings and Yellowstone County. This includes subdivision and zoning administration and transportation planning services for the Metropolitan Planning Organization. The Planning Division draws on three revenue sources to sustain all of its operations – a County-Wide Mill Levy, charges for permit and application fees, and federal funds allocated to the Billings Metropolitan Planning Organization (MPO) for transportation planning services. The MPO funds can be used with local match funding from the Mill Levy and charges for service at levels of 20% to 80% depending on the program and staff activities.

Planning continues to face significant challenges in funding long range planning activities, like area plans for the Inner Belt Loop and north end of the Billings Bypass (See City Priorities and Goals section above), and efforts like updating the City's Growth Policy and neighborhood planning work. The Division also can't easily absorb significant internal charges in areas like IT services. While Planning does charge for many of its services and adjust fees per Council approval every two years, keeping fees on pace with the costs to deliver the services, and dealing with annual internal charge increases cannot all be stacked on fees. City Administration, Finance, the IT Director, PCSD Director, and Planning Manager made some changes in the FY24 budget to how internal charges are allocated and are also looking at longer term solutions for FY25. Discussions between Administration and PCSD include consideration of an increase in the County-Wide Planning Levy. The levy is a multi-year strategy and some short-term adjustments – managing long range planning expectations and adjusting IT service allocations – may be needed to manage costs.

Revenue:

\$2,187,562

Expenses:

\$2,389,616

Reserve:

Spending \$202,054 in reserves in FY24 still leaves the Division with an estimated \$523,600 in reserves at the end of FY24, well above the minimum required.

Budgeted Expenditures:

Police

Billings Police Department:

Current Year Department Budgeted Expense Total:

Change from Prior Year:

Overall Budget Justification:

The primary function of the Billings Police Department is to protect life, property, and the pursuit of constitutionally guaranteed activities through the enforcement of laws, statues, and local ordinances and promoting a safe environment within the philosophy of community policing. The Police Department is split between the Public Safety Fund for a large majority of their expenses and income, but additional grant funds provide reimbursement for several specific programs. The Police Department will continue to provide services for patrol, investigation, animal control, K-9 policing, traffic safety and partner with local, state, and federal investigations.

The budget for all Police Department expenses is expected to be \$32.4 million and has increased from the prior year by \$1,444,351. The transfers out increased by \$181,377 for equipment replacement values for facilities, animal shelter and police which includes police technology replacements. There are 10 police vehicles budgeted for in the Equipment Replacement Plan (ERP) at a capital cost of \$337,800 and one vehicle for the Animal Shelter at \$23,688. The police department also reserved an additional \$142,200 to cover excess costs, over the equipment replacement program, to cover inflated car values. The debt service for the Police Evidence Building has increased by \$98,219 due to variable interest rate increases.

Personal Services will increase an additional \$1,320,093 for an increase in steps and a 3% COLA. Operation and Maintenance showed a small decrease of \$1,330. The South TIF Urban Renewal Fund will continue to transfer in \$312,294 to cover the entire debt service payment.

The Billings Police Department also encompasses the Animal Control Division. Donations to the Animal Shelter are tracked, but with the privatization of the Animal Shelter in 2009, projected revenues for the Animal Shelter are no longer expected as public donations have been going directly to the Yellowstone Valley Animal Shelter. The accounts are left open for possible donations through the City.

Any expenditures within Animal Control will be used for spay and neuter relief, education, animal health and welfare, facility improvements, and other projects and initiatives to benefit animals.

Downtown Police Officer

In FY23, the Downtown Billings Association (DBA) requested that an additional officer be available during evening hours in the Downtown area. The DBA increased the BID charges to pay for the new officer. The current year's budget is \$262,890 for both revenue and expenditures for the three officers.

Mobile Data Terminals

The police department is contracting with Insight Public Sector to purchase 40 new Mobile Data Terminals (MDT) for \$277,466. The goal is to fully equip 128 patrol vehicles. The MDT's will be funded by the Police Technology Equipment Replacement Program where they budgeted \$418,000 for FY23.

SRO Training

The school district is planning on reimbursing \$30,000 in training and supplies for school resource officers. This will increase revenue in the Public Safety Fund by \$30,000 and increase the training expense in the Public Safety Fund.

Department Goals:

Division – Administration:

1. **Goal:** Complete implementation of Center for Public Safety Management (CPSM) recommendations relating to operational efficiency and effectiveness and Public Safety Mill levy obligations.

Action:

- Continue to implement feasible recommendations made by CPSM and PSML obligations. Utilize collaborative planning and execution with department staff and other stake holders.

Outcome:

- Successful implementation of CPSM recommendations and fulfillment of PSML obligations.

2. **Goal:** Strengthen communications.

Action:

- Continue with public outreach, i.e. Chat with the Chief, PSA's, public meetings.
- Expand outreach through use of social and traditional media.
- Utilize city's PIO to share positive stories and highlight work of department members.

Outcome:

- Increased transparency of department operations.
- Develop trust and rapport within the community.

Division – Crime Prevention – Volunteer Programs:

1. **Goal:** Increase the number of volunteers and services offered the community.

Action:

- Increase recruiting efforts.
- Increase awareness of available programs.
- Re-energize Neighborhood Watch programs.
- Explore places to expand volunteer involvement.
- Provide educational outreach to bolster crime prevention efforts.

Outcome:

- Increase number of volunteers.
- Offer additional classes, information, and trainings to the public.
- Create and enhance community engagement.
- Increase public outreach events that build better relationships with citizens.
- Increase crime prevention programs.

Division – Patrol Operations:

1. **Goal:** Reduce, solve, and prevent crime. Enhance traffic enforcement.

Action:

- Implement strategies and methods to reduce violent crimes.
- Utilize data-driven approaches to create strategies for crime and traffic safety.
- Enhance use of radar trailers with coordinated enforcement.
- Continue emphasis on DUI enforcement.
- Enhance dedicated enforcement program (S.T.E.P.)

Outcome:

- Reduction of Part 1 and Part 2 crimes.
- Reduce fatal and personal injury accidents.
- Address and reduce neighborhood traffic complaints.
- Decrease DUI's through prevention and education.
- Reduce illegal drug activity.

2. **Goal:** Continue to assess beat boundaries, patrol areas, and deployment per CPSM recommendation.

Action:

- Identify patterns and changes in call loads (demand for service) and adjust resources accordingly.

Outcome:

- Maximize effectiveness of officer deployment.

3. **Goal:** Expand Community Policing Program.

Action:

- Facilitate community and neighborhood policing programs.
- Provide representation to neighborhood task forces.
- Add additional officers through public/private partnership.

Outcome

- Increase citizen/officer interaction.
- Collaborate with merchants, and citizens.
- Enhance citizen/officer communication.
- Reduce crime through cooperative effort.

4. **Goal:** Enhance use of Communication Center Assets.

Action:

- Cooperate and coordinate with Communications Center.

Outcome:

- Increase dispatch ability to identify nearest available units.
- Ensure best possible response times.

- Ensure proper resources are sent.

Division – Training/Planning/Research:

1. **Goal:** enhance PD access to online training opportunities to enhance career development.

Action:

- Provide accessible location with adequate equipment that makes ongoing education a possibility for everyone.
- Promote programs that utilize online capabilities designed for the development of Law Enforcement personnel.

Outcome:

- Produces a motivated, professional workforce.
- Facilitate career development and succession training.
- Facilitate compilation of P.O.S.T. credit requirements.
- Facilitate compilation of mandatory yearly training requirements per policy.
- Minimizes necessity to travel for training.

2. **Goal:** Continue to provide quality law enforcement training available for all area law enforcement personnel.

Action:

- Maintain all mandated training and certifications for BPD personnel.
- Host regional training with quality instructors to maintain professional law enforcement standards.
- Present timely, affordable training that would be available to all area law enforcement personnel.

Outcome:

- Develop and maintain high levels of competency in wide areas of professional specialties.
- Develop and maintain strong working relationships with other law enforcement agencies.

3. **Goal:** Continue to enhance policy and procedure manual for all BPD personnel.

Action:

- Provide online access that gives officers the ability to access policy and procedure manual at any time.
- Updated policy and procedures to stay current with local, state, and federal laws.

Outcome:

- Maintain high level of professionalism and accountability within the Billings Police Department.

Division – Support Services:

1. **Goal:** Increase public access to information.

Action:

- Expand use of LERMS (Law Enforcement Records Management System), DSS (Decision Support Software) and DAM (Data Analysis Mapping) to allow analysis and display of criminal statistics, incident maps and trend analysis.

Outcome:

- Produce more accurate statistical information regarding crime in the community.
- Better support of crime prevention efforts.

2. **Goal:** Improve Effectiveness of Patrol Officers by implementing mobile data terminal software and training.

Action:

- Improve effectiveness and efficiency in field reporting.
- In-Car reporting for all offenses.
- Electronic submission of reports to other law enforcement, City Attorney, County Attorney and other government agencies within Yellowstone County.

Outcome:

- Increased efficiency and effectiveness allowing officers more time for essential duties

Subdivision – Animal Control:

1. **Goal:** Continue enforcement plan that will maximize available animal control personnel.

Action:

- Assign staff to cover more hours of a work day.
- Assign staff to cover seven (7) days a week.

Outcome:

- Improve efficiency and effectiveness of Animal Control operations.
- Improve community relations.
- Improve response time.

2. **Goal:** Enhance liaison with local pet stores and veterinarians to improve communication and cooperation.

Action:

- ACO's will make regular stops at pet stores and veterinarians.

- Use public service announcements and other means of media, increase programs and contacts with general public to educate about animal issues and laws affecting them.

Outcome:

- Establish relationship with business.
- Conduct compliance checks.
- Responsible pet owners and an educated public about their responsibilities when dealing with animal related issues.

Division – Investigations:

1. Goal: Enhance case review system

Action:

- Enhance quality control measures relating to case assignment.
- Develop comprehensive case evaluation system assessing complexity for assignment purposes.

Outcome:

- Ensure quality investigations.
- Assure equity in case assignment.
- Facilitate feedback and solicitation of ideas and suggestions.

2. Goal: Improve Crime Scene Investigation.

Action:

- Utilize new crime scene technology.
- Expand capabilities for major crime scene evidence collection and processing through use of civilian crime scene technicians.
- Enhance computer forensics to meet existing and future needs.
- Maintain collaborative efforts with other law enforcement partners.

Outcome:

- Improved service and response in evidence recovery and crime scene processing.
- Free detectives time.
- Ensure a quality crime scene investigation.
- Provide for accurate reproduction of crime scene.
- Become proficient with technology and increasing effectiveness and efficiency.

Public Works

**EXCELLENCE
INNOVATION
INTEGRITY**

“Exceed expectations through innovation, integrity, and service to the community.”

Total Public Works Budgeted Expenses		
Prior Year	Current Year	\$ Change
FY23 Total	FY24 Total	From Prior Year
\$276,399,175	\$152,527,952	(\$123,871,223)

Total Public Works Budgeted Revenues		
Prior Year	Current Year	\$ Change
FY23 Total	FY24 Total	From Prior Year
\$242,288,833	\$132,417,196	(\$109,871,637)

Overall Budget Justification (Summary)

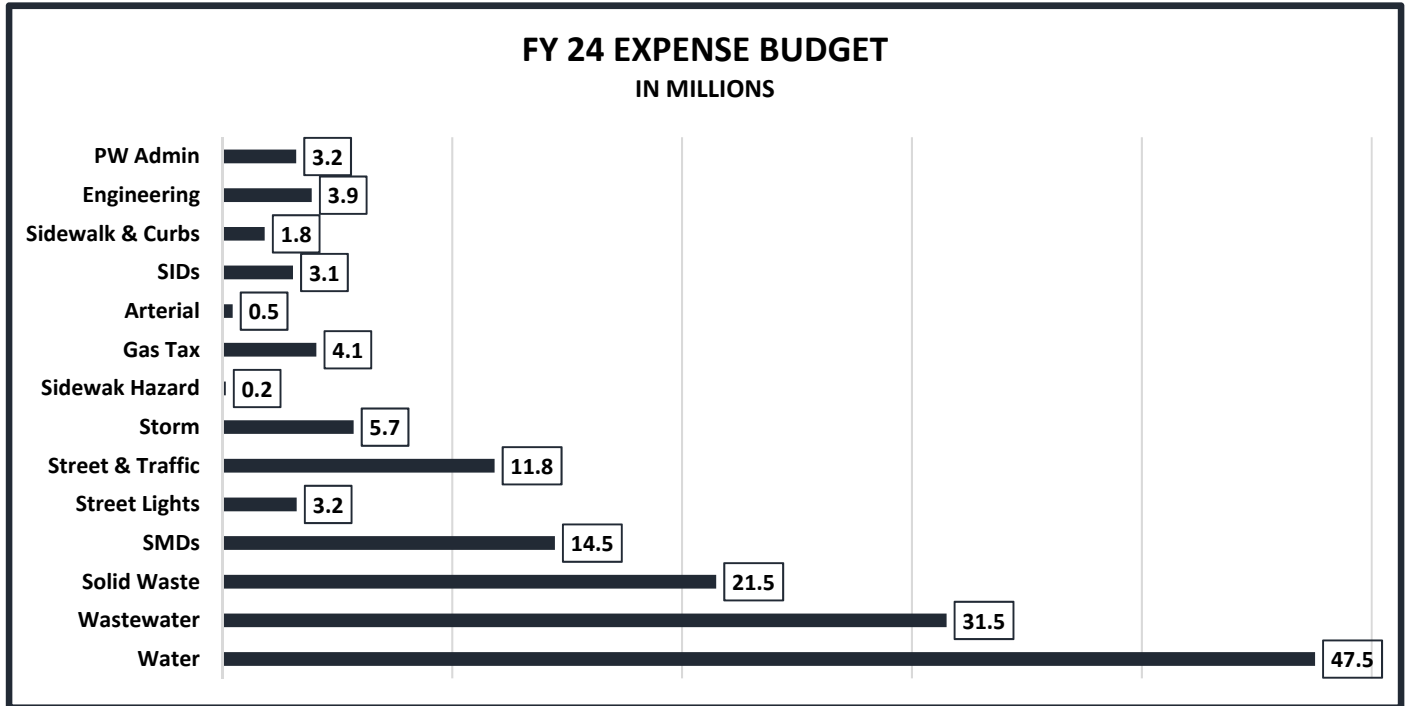

The FY24 budget of \$152,527,952 supports all the functions and services that the Public Works Department currently provides. These functions and services are managed by seven divisions within the Public Works Department and include:

- **Administration**
 - **Accounting & Financial Services** Responsible for Department’s accounting, analysis, budget preparation and control, construction payments, financial management, internal controls compliance, payables, rate and fee determination, and solid waste, utility, and miscellaneous billing for approximately 40,000 customers, and account services.
 - **Asset Management** Oversee a set of practices and processes to minimize life cycle costs of assets at an acceptable level of risk, while continuously delivering established levels of service.
 - **Boards & Commissions**
 - **Public Works Board** Advisory partnership for all aspects of Public Works operations.
 - **Energy & Conservation Commission** Recommends policies and practices regarding energy consumption and resource conservation.
 - **Communications** Promote positive relations through accurate, transparent information.
 - **Information Management** Develop policies and procedures, maintain records, and manage the sharing of information.
 - **Inventory** Purchasing, bulk ordering, and administration of the storeroom to keep parts on hand.
 - **Personnel Administration** Oversee hiring of employees, disciplinary actions, and employee engagement initiatives.
 - **Planning & Organization** Short and long-term capital, financial, and program initiatives.

- **Safety & Facilities** Development and management of safety program, including training, field audits, incident investigations, and reports. Maintenance of Public Works facilities.
- **Special Assessments** Administer special assessments for storm assessments, 198 street improvement lighting maintenance districts, and 2 street maintenance districts.
- **Technology** Oversee asset management software, GIS, and other technology initiatives.
- **Distribution & Collection**
 - **Hydrant & Valve Maintenance** Critical infrastructure includes approximately 4,700 fire hydrants and 7,500 valves that requires regular maintenance to ensure reliability.
 - **Lift Station Maintenance** Operation and maintenance of 11 sewer lift stations.
 - **Locate Services** Supports the 811 Call Before You Dig program.
 - **Pipe Bursting** Replacement of small diameter water and wastewater pipe.
 - **Wastewater Mains and Manholes** Condition assessments, regular maintenance of more than 500 miles of wastewater pipe and respond to sewer back-ups.
 - **Water Mains** Condition assessments, regular maintenance of approximately 500 miles of water pipe and respond to water main breaks and leaks.
 - **Water Meters** Installation, replacement, and repair of residential and business water meters.
- **Engineering**
 - **ADA Compliance** Ensure projects are designed to meet requirements of the Americans with Disabilities Act and manage annual program to install ADA ramps.
 - **Capital Program Management & Design** Responsible for all street, streetlight, sidewalk, storm, trails, landfill, building, water, and wastewater design, construction, inspection, and project management, as well as project management of other City Departments' capital projects and Tax Increment Financing Districts' capital projects.
 - **Infrastructure Planning** Manage plans, policies, and standards for Public Works infrastructure.
 - **Right of Way Management** Provide planning and coordination of all activities in the ROW through issuance of permits, planning, review, and inspection, ensuring safety and mobility. This includes special events.
 - **PAVER Program** Oversee the pavement maintenance program including overlays, chip seals, dig outs, and crack seals.
 - **Private Development Oversight** Subdivision review, private contract plan review, traffic coordination, and inspection of private development.
 - **Sidewalk Maintenance Program** Manage the annual missing and large sidewalk project, the on-going concrete program (grinding), and the annual small concrete replacement program.
 - **Stormwater Management** Administer stormwater management manual.
 - **Traffic Engineering** Manage and prioritize the planning, design, and improvements of traffic control systems.
- **Environmental Affairs**
 - **Monitoring & Reporting** Administer construction BMPs, FOG program, landfill hazardous waste, and Stormwater Systems.
 - **MS4 Permit** Enforce regulations and ensure compliance with MS4 permit.

- **Regulatory Compliance** Ensure compliance with permits and regulations for landfill, wastewater, stormwater, the Environmental Protection Agency, and the Montana Department of Environmental Quality.
- **Wastewater Pretreatment Program** Manage pretreatment program.
- **Solid Waste**
 - **Collection Services** Trash collection for commercial operations and both household and yard waste collection for residential customers.
 - **Household Hazardous Waste** Accepted at landfill.
 - **Landfill Operations** Provide environmentally safe disposal service for the City of Billings, Yellowstone County, and several other Montana counties, as well as parts of Wyoming.
 - **Recycling** Drop off services for used oil, antifreeze, cardboard, and electronic waste.
 - **Roll Off Services** Provide temporary and permanent roll off (drop box) containers for construction and demolition.
- **Street-Traffic**
 - **Landscaping** Maintenance of trees and grassy areas in the right of way.
 - **Locate Services** Support the 811 Call Before You Dig program.
 - **Snow & Ice** Deicing, sanding, plowing, and hauling of snow.
 - **Storm Drains** Storm drain and inlet cleaning, maintenance, and repair of approximately 300 miles of pipe and more than 8,500 inlets.
 - **Streetlights** Streetlight maintenance for approximately 4,500 lights.
 - **Traffic Controls** Traffic signal and sign maintenance, crosswalk, bike lanes, and other pavement markings.
 - **Street Maintenance** Sweeping, pothole repair, road maintenance for the Distribution and Collection Division after water main break repairs and pipe bursting projects, and other pavement management, as well as maintaining gravel roads and alleys.
 - **Walkways and Trails** Maintenance of trails and walkways in the right of way.
- **Water Quality**
 - **Pump Stations** Operation and maintenance for 13 pumping stations.
 - **Reservoirs** Operation and maintenance for 16 reservoirs as well as manage 3 reservoirs for the County Water District of Billings Heights.
 - **Wastewater Reclamation Facility** Operation and Maintenance of 36 MGD water reclamation facility and all associated infrastructure to treat wastewater generated by the City and maintain environmental standards for returning reclaimed water to the Yellowstone River.
 - **Water Treatment Plant** Operation and maintenance of 60 MGD water treatment plant including intakes and all associated infrastructure to always ensure the safety and adequate reserves of drinking water for the City of Billings.
 - **Water Quality Laboratories** State certified laboratory responsible for testing and monitoring water quality.

While the services of the Public Works Department are divided into 7 divisions, the budget for Public Works encompasses 14 accounting funds as shown below:

Each fund accounts for its own expenses and revenues and revenues are legally restricted to be used for legal expenses of the fund. The following is the purpose of each Public Works fund:

- **Internal Service Funds [\$7,109,208]** account for services performed for other Public Works and City Departments' funds.
 - **Public Works Administration [\$3,215,426]** provides services to the Public Works divisions.
 - **Public Works Engineering [\$3,893,782]** provides capital project management services to other Public Works funds, other City Departments and manages public right-of-way.
- **Capital Project Funds [\$4,924,000]** account for financial resources to be used for the construction of infrastructure that are financed through assessments to property owners that benefit from the improvements.
 - **Sidewalk and Curb District [\$1,847,750]** fund accounts for the construction of sidewalks and curbs.
 - **Special Improvement Districts (SIDs) [\$3,076,250]** accounts for the construction of public streets, water, wastewater, streetlights, and storm infrastructure.
- **Special Revenue Funds [\$39,965,744]** account for the proceeds of specific revenue sources to finance specified legal activities.
 - **Arterial Street Fees [\$452,443]** fund accounts for the construction and reconstruction of arterial streets within the City. This fund will be dissolved at the end of FY2024.
 - **Gas Tax [\$4,096,093]** fund accounts for revenues received from the State of Montana fuel tax and is expended for the maintenance and construction of local, collector, and arterial streets and appurtenances.

- **Sidewalk Hazard [\$150,000]** fund accounts for minor repairs to sidewalks and is funded via assessing adjacent property owners by billing upon completion of the repair or on property taxes.
- **Storm Sewer [\$5,714,497]** fund accounts for the operation and maintenance of the storm sewer system, as well as the transfer to a storm debt service fund to pay the debt service on two large capital projects from previous years.
- **Street and Traffic [\$11,846,154]** fund accounts for street cleaning, snow and ice management, minor street repairs, alley and gravel road maintenance, signs, traffic signal maintenance, pavement markings, landscaping, maintenance of walkways and trails in the right of way. It also accounts for the labor and maintenance expenses for streetlights and storm and charges the Storm Sewer and Street Light Maintenance District funds for this work.
- **Street Light Maintenance Districts [\$3,239,446]** fund accounts for the operations and maintenance of street lighting systems within all light districts in the City.
- **Street Maintenance Districts (SMD) [\$14,467,111]** accounts for SMD assessments from 2 districts. District 1 is the downtown Billings area and receives additional street sweeping and snow plowing/hauling services. District 2 incorporates the entire City.
- **Enterprise Funds [\$100,529,001]** account for operations that are funded and operated in a manner similar to private business enterprises.
 - **Solid Waste [\$21,485,712]** fund accounts for all activities of trash collection and the landfill.
 - **Wastewater [\$31,506,774]** fund accounts for all activities of the wastewater system.
 - **Water [\$47,536,515]** fund accounts for all activities of the water system.

The expense budget is categorized into personnel, operating and maintenance (O&M), capital, debt service, and interfund transfers. 18% of Public Works FY24 budget is for personnel expenses, 32.5% is O&M, 37.8% is capital, 11% is debt service, and the remaining 0.7% is interfund transfers. The interfund transfer amount of \$1,098,129 is transferred to debt service funds, bringing the actual amount of debt service expenses for the Department to \$17,902,129.

The changes from the FY23 budget to the FY24 budget are shown below and the major changes for each expense category are detailed in the subsections below the following chart:

Personnel Budget

The FY24 personnel budget of \$27,437,195 is an increase of \$2,061,644 or 8% over the FY23 budget. The budget includes the addition of multiple full-time positions to replace temporary positions across three divisions. Five full-time maintenance worker/equipment operator positions were added to the Street and Traffic Division, six in the Solid Waste Division, and two positions added to Distribution & Collections. These thirteen full-time positions will replace 39 temporary positions. In today’s labor market, Public Works has been unable to fill the temporary positions. The full time positions will enable Public Works to complete needed work and meet the current level of service. The Compost Facility is scheduled to be completed at the Landfill in FY2024, therefore Solid Waste is also requesting three landfill maintenance for the composting operation. Additionally, four new collection workers are being requested in Solid Waste for the addition of four routes that are needed to serve the City. Approximately 3,900 customers have been added since the last time routes were added. The remainder of the FY24 budget increase is for step and cost of living increases for employees.

Operating and Maintenance Budget

The FY24 operation and maintenance budget of \$49,479,688 is an increase of \$7,763,180 from the FY23 budget. The primary FY24 operating and maintenance budget increases include the following:

- **\$100,000** in the Solid Waste fund for **Routeware tablet replacements**.
- **\$112,200** in the Solid Waste fund for **operational requirements for the new Compost Facility**.
- **\$890,000** in the Wastewater fund for **maintenance of existing facilities**. This includes roof replacement (\$600,000) and multiple facility component replacements (\$290,000).
- **\$566,300** for an increase in **fuel costs**. Much of this increase is in Solid Waste. The remaining increases are in the Street & Traffic, Wastewater, Water, and Engineering funds.
- **\$922,200** for an increase in **natural gas and electricity costs** for all departments. Rates increased roughly 20% between FY2023 and FY2024.
- **\$3,000,000** in the Water fund for **an agreement with the Billings Bench Water Association (BBWA)** to use the BBWA as the water source for the new West End Water Reservoir and to facilitate facilities improvements.
- **\$153,000** in the Water fund for an increase in the **water meter budget**. Public Works has been systematically programming the replacement of aging water meters each year and a budget increase is needed to keep up with inflationary cost increases and maintain the replacement cycle.
- **\$183,450** in the Street & Traffic and Water funds for **inflationary cost increases for ice melt product, asphalt, and other materials**.
- **\$100,000** in the Wastewater fund for the **replacement of the waste activated sludge pumps at the WRF**. The pumps are critical to effective operation of the nutrient removal capabilities of the treatment process.
- **\$75,000** in the Wastewater fund to **rebuild a centrifuge scroll at the WRF**. Centrifuges dewater the biosolids produced as an end product of the treatment of sewage.
- **\$292,392** in Engineering (\$34,276), Street & Traffic (\$124,373), and Solid Waste (\$133,743) for **rent** increases.
- **\$121,350** for increases in **motor vehicle parts**, primarily in the Solid Waste Fund.
- **\$138,500** for increases in **motor vehicle labor**, primarily in the Solid Waste Fund.
- **\$726,709** in **insurance** increases across all funds. 86% of the increase is in the Solid Waste, Wastewater, and Water Funds.

Capital Budget

Capital expenses of \$57,708,941 are included in the FY24 budget for Public Works. These expenses include:

- **Equipment & Technology Replacements [\$3,922,198]** All vehicles, large equipment, and technology hardware are replaced according to their replacement plan useful life per the City of Billings' Equipment Replacement Plan and Technology Replacement Plan. Equipment and technology replacements are funded in the budgets for the Public Works Engineering, Street-Traffic, Solid Waste, Wastewater, and Water funds.
- **Equipment & Technology Replacements from Prior Years [\$798,000]** Due to high inflationary increases, and the inability to replace vehicles and equipment from supply shortages in prior years, twenty-two vehicles not ordered in FY22 or FY23 will be ordered in FY24 as prices normalize and supplies increase.

- **Solid Waste [\$3,043,743]** Expenses are budgeted in the Solid Waste fund.
 - **BOC Facility Upgrades and Land Purchase [\$1,143,743]** Modifications at the Billings Operations Center to make room for containers and maintenance facilities.
 - **CNG Fueling Station [\$1,000,000]** Funds a cover over the fueling station and other upgrades to the CNG fueling station. Utilizing Compressed Natural Gas (CNG) to fuel heavy equipment increases fuel efficiency and provides an average savings of \$10,000 in fuel costs per vehicle in operation annually.
 - **Landfill West Slope Stabilization [\$900,000]** Construction of slope stabilization above Meadowlark Trailer Park and the stormwater pond.

- **Stormwater [\$2,712,000]** Expenses are budgeted in the Storm Sewer Fund.
 - **Annual Projects [\$320,000]** Expenditures address culvert and problem drainage locations.
 - **Cove Creek/Little Cove Creek Study [\$280,000]** Flood mitigation study for regional stormwater detention northwest of Rimrock and 80th.
 - **West Heights Stormwater Detention [\$50,000]** Install larger truck mains to accommodate heavy rainfall during storms in High Sierra Subdivision.
 - **Rehabilitation Projects [\$362,000]** Replacement of aging storm drainpipe in need of repair.
 - **Land for Storm Outfalls [\$200,000]** Upgrades to the City’s storm outfalls as city expands.
 - **Yegan Drain Southern Leg Capacity Improvements [\$200,000]** Provide second outfall to relieve demand.

- **Transportation [\$15,580,000]** Expenses are budgeted in the Sidewalk and Curb District [\$1,585,000], Special Improvement Districts [\$2,675,000], Arterial [\$450,000], Gas Tax [\$3,647,000], and Street Maintenance District [\$6,584,000] funds.
 - **Annual ADA & Sidewalk Projects [\$1,359,000]** Includes the annual Americans with Disabilities Act ramp construction and the annual replacement and infill sidewalk programs.
 - **Annual Street Reconstruction Projects [\$3,920,000]** Includes annual gravel street reconstruction and annual non-maintainable street reconstruction. Staff is actively pursuing gravel street SIDs to help reduce maintenance costs.
 - **PAVER Program [\$1,475,000]** Annual program to address crack sealing, overlay, chip seals, and dig outs on City streets.
 - **Special Improvement District Projects (SID) [\$1,165,000]** Annual amount for any SIDs that neighborhoods bring forward.
 - **Traffic Control Projects [\$1,821,000]** Annual programs for enhanced pedestrian crossings and travel corridor construction, as well as continuation of traffic calming projects, traffic signal upgrades, and planned intersection improvements.
 - **Safe Routes to School (SRTS) [\$500,000]** Updates to street, traffic control devices, and routes in residential and commercial areas to improve safety and encourage walking and biking to elementary schools.
 - **Bike Boulevard [\$240,000]** Construction of a bike boulevard in the area of Howard, Terry and 24th Street West and a second along 24th Street West and Arvin. This project diverts bicyclists to non-arterial streets and creates barriers between vehicular and bicycle traffic.
 - **Gabel Road [\$550,000]** Development is occurring in the Broso Valley Subdivision and the level of growth requires traffic signal installation.

- **Water – Voelker Pump Station Improvements [\$300,000]** Updates to the Voelker Pump Station that will be needed when the west end plant comes online.

Debt Service and Interfund Transfers Budget

The FY24 debt service budget of \$16,804,000 is an increase of \$1,524,000 over the FY23 budget. This is the annual amount required to pay for debt service on Public Works outstanding bond issues. The increase is for new debt service for the west end water reservoir project. The annual debt service amount includes:

- \$1,546,000 of solid waste debt for the Landfill Transfer Station that was completed in FY21. This debt will be paid off in 2039.
- \$5,358,000 of wastewater debt for the Headworks construction, Briarwood sewer extension, 2009 wastewater main replacements, UV disinfection project, the 5 Mile Lift Station, and the recently completed wastewater nutrient improvement project. The first debt issue will be paid off in 2026 and the last and largest of the debt will be paid off in 2036.
- \$9,900,000 of water debt for the Filter Building construction, 2009 water main replacements, Zone 4 reservoir construction, 2010 water main replacements, Fox reservoir construction, Zone 3 reservoir expansion, and the Briarwood reservoir expansion, and estimated debt service that will be issued in FY23 for the new west end water treatment plant and reservoir. The first debt issue for existing debt will be paid off in 2026 and the last of the existing debt will be paid off in 2035. The west end project debt will be paid off in about 2043.

The FY24 interfund transfer budget of \$1,098,129 is a decrease of \$124,373 from the FY23 budget. The decrease is due to the reduction of transfers to pay debt at the BOC. The FY24 interfund transfers includes a transfer of \$83,129 from the Street and Traffic Fund to the City’s Facilities Management Fund for the annual debt amount for Street and Traffic’s proportionate share of the Billings Operation Center construction debt. It also includes a \$1,015,000 transfer from the Storm Sewer fund to the Storm Sewer Debt Fund for the payment of annual debt service for the Shiloh Conservation Area (SCA) and East End Storm bond issues. The SCA debt will be paid off in 2033 and the East End Storm debt will be paid off in 2035.

Revenue Budget

The FY24 revenue budget for Public Works is \$132,417,196 a decrease of \$109,871,637 over the FY23 budget. FY24 budgeted revenues are \$20,110,756 less than FY24 budgeted expenses. This revenue gap is primarily for capital projects planned in FY23 for which Public Works has been accumulating cash. The Street & Traffic, Solid Waste, Wastewater and Water funds have the largest revenue gaps, but have a planned excess of cash reserves to cover the expenses in the FY24 budget. The Street Maintenance District fund has a planned accumulation of cash to fund projects in the approved Capital Improvement Plan in future years.

Revenues in Public Works are distributed into seven categories. The largest category in FY24 is charges for services. \$90,633,206 of charges for services revenue is budgeted in FY24, representing 68.4% of the revenues. Charges for services is primarily revenues from solid waste, wastewater, and water charges, but also includes internal Public Works charges for services as well as other miscellaneous charges.

The other revenue categories are grants, interest earnings, intergovernmental, licenses and permits, and special assessments. Debt proceeds are for revenues from the sale of Sidewalk and Curb District and Special Improvement District (SID) bonds of \$4,923,900, 3.7% of the budget. Budgeted grants of \$7,063,546 in FY24 is for American Rescue Plan Act (ARPA) grants for water. Interest earnings budgeted in FY24 is \$489,800. Intergovernmental revenues of \$4,834,134 include \$4,275,000 for state fuel tax revenues and \$95,334 from the Planning Department for a traffic technician position that is funded by a planning grant, both accounted for in the Gas Tax Fund. It also includes \$463,800 for Street-Traffic’s share of the HB 124 state entitlement funding. Licenses and permits for engineering, sidewalk hazard, storm, water, and wastewater total \$285,000 in the FY24 budget. Budgeted special assessments in FY24 are \$24,159,000, representing 18% of the budgeted revenues and include assessments for encroachments, storm, street light maintenance districts, and street maintenance districts.

Public Works has several rate increases programmed for FY24. Public Works typically adjusts its assessments annually for storm, and street maintenance districts per the Construction Cost Index (CCI). The most recent 12 month average CCI was 5.6%, and accordingly, storm is proposed to increase by 5.6% in FY23. Street Maintenance District 1 is proposed to increase by 4.9% to cover the cost of services in the fund. Street Maintenance District 2 is proposed to increase by 4.7% plus the \$336,000 that was cut in FY23 for a total increase of 7%.

Currently, a residential property owner with an average 9,691 square foot lot pays \$56.40 for storm per year. This annual fee will increase by \$3.20 to \$59.60 per year if the proposed 5.6% rate increase is adopted. Residential properties currently pay \$185.08 per year for a 9,691 square foot property for street maintenance district fees. It is estimated that the FY24 amount for the average residential property owner will be approximately \$198.04, an increase of \$12.96.

Light district assessments for FY24 will be calculated in August 2023 after all expenses of each district for FY23 are accounted for. Each district will be assessed for their estimated electricity, maintenance, administration costs, as well as for any needed increases or decreases to reserve levels.

A comprehensive solid waste rate study is currently underway to establish collection, landfill, and roll off rates going forward that will include a Pay As you Throw (PAY-T) structure. While commercial customers pay for the garbage that is picked up and put in the landfill, residential customers currently pay a flat rate for any amount of garbage they put out at the curb or in the alley. A PAY-T structure will encourage more conservation and is a more equitable way to charge for garbage services. It is estimated that overall fees residential and commercial collection fees will need to increase by 5%, roll off fees need to increase by 7%, and landfill tipping fees increase by 7%. The following are the current rates:

Solid Waste Service	FY23 Monthly Rate	Proposed FY24 Monthly Rate
Residential Garbage Collection	\$12.45	
Commercial Garbage Collection (8yd, 2x per week)	\$149.34	
Roll Off Service	\$185.00	
Landfill MSW per Ton – Billings	\$23.50	
Landfill MSW per Ton – MT other than Billings	\$35.25	
Landfill MSW per Ton – Outside of Montana	\$47.00	

A rate study was recently conducted to establish water and wastewater rates for fiscal years 2024 and 2025. On average, a homeowner will see a \$1.67 increase per month for water and a \$.77 increase per month for wastewater. The methodology for calculating System Development Fees (SDFs) has not changed since FY 08. An SDF advisory committee, consisting of a council member, developers, and staff, was utilized to review the methodology and recommend new methodology to the City Council. The rate increases per the rate study for FY24 are as follows:

Customer Type	% Increase
Water – Residential	4.2%
Water – Non-Residential	4.8%
Water – Seasonal	4.7%
Water – Bulk Resellers	4.7%
Heights Water District	48.9%
Private Fire Line	6.0%
Water System Development Fee	TBD
Wastewater – Residential & Non-Residential	2.8%
Wastewater – Septage	0%
Wastewater – Lockwood Water & Sewer	11.7%
Wastewater – Phillips 66 Refinery	80%
Wastewater – ExxonMobil Refinery	(4.6)%
Wastewater System Development Fee	TBD

New or Expanded Programs

It is Public Works’ continued mission to support the **Adopted Priorities** of the City Council, and the needs of the community. Public Works’ current Department Programs and Capital Projects reflect this philosophy. Here are some of the new or expanded programs Public Works will be implementing in FY24:

Inner Belt Loop

The Inner Belt Loop is intended to connect the west side of the heights with the west end of Billings via Zimmerman Trail. Wicks Lane to Alkali Creek Road was constructed several years ago as the first step in the completion of this route. Obtaining the BUILD grant for part of this project accelerated the time frame allowing the final phases to be completed ahead of schedule. The construction is anticipated to be complete in the Fall of 2023 or Spring of 2024.

West End Water Treatment Plant & Reservoir

Construction of the West End Treatment Plant and Reservoir will begin in FY23. This project will increase water storage from hours to months and provide critical redundancy in the water system. A \$97M bond sale is currently being prepared to fund a portion of the project. Construction is expected to be complete in the Spring of 2025.

Landfill Composting Program

The creation of a new composting facility will allow us to reuse some of the refuse to enhance soils both around the landfill and City parks. It will also reduce the amount of waste going into the landfill. This will lead to longer life of the landfill and expensive cells will last longer. The composting of biosolids, wood, leaves and other items saves many needed but limited organic compounds from being placed into the landfill never being able to be recovered. This will be our first step in achieving a zero waste landfill.

Asset Management

Infrastructure intensive organizations like Public Works are increasingly recognizing the benefits of comprehensive asset management as a set of practices and processes to maximize the return on investment for assets, improve decision-making related to new and aging infrastructure, enhance organizational performance, and increase community satisfaction. One of the key goals and benefits of the asset management initiative is that all service areas begin to use consistent approaches, practices, and processes. Consistency in decision-making principles, processes, and performance reporting will help elected officials obtain a better understanding of the activities and assets presenting high risk as well as the organizational areas with high or low performance. Public Works began Phase 1, the planning, and data accumulation phase, of asset management in FY20 and began Phase 2, the implementation phase in FY21. The implementation phase will continue for several years and will require extensive staff resources in FY24.

Geographic Information Systems (GIS)

The City of Billings currently has a well-developed GIS that supports the Public Works Department. As the technology spectrum continues to evolve, further refinement and enhancement of the City's enterprise GIS environment is key in handling changing needs and maximizing financial investments in the system. The primary objective of the project is to extend a straightforward and easy to access GIS system that will improve the productivity and efficiency of Public Work's staff as they conduct business operations. Community engagement and open data access will also be improved through the enterprise GIS system. Public Works began the first phase in FY 20 and the implementation phase began in FY 22. The implementation phase is planned to be complete by December 2023. The City of Billings has received a Special Achievement in GIS (SAG) award for its efforts focused on modernizing Public Works' workflows in a GIS/Esri-centric fashion.

Stormwater Program

While Public Works has a stormwater fee that is assessed to all properties in the City, it does not have a formal program similar to the water and wastewater functions. Because of this, the stormwater system has not been addressed adequately for many years in terms of deferred maintenance, capital improvements, and planning for the future. The benefits of a more formalized stormwater program are formalized rules and regulations, a rate structure that is more equitable than the existing fee system and based on a cost of services, proactive management of the infrastructure, and concentrated Public Works resources to support a critical function.

Solid Waste

The rate study will include Pay As You Throw (PAY-T) options. Currently all residential customers pay the same regardless of how much trash they have. A PAY-T system is more equitable and encourages conservation. PAY-T scenarios will include two options. The first is to convert the monthly “extras” pickup to recycling. The second option is to continue to pick up extras once per month and charge for the additional trash. The recycling option will be more expensive as it is less expensive to bury the materials in the landfill than it is to recycle it.

Department Goals

Goal: Utilize best asset management practices to make the most cost-effective capital infrastructure decisions.

Action(s):

- Complete first phase of the asset management plan for transportation, solid waste, storm, and water and wastewater systems.
- Begin implementing asset management practices throughout organization.
- Integrate asset management into organizational planning.

Outcome(s):

- A strategic asset management plan based on industry best practices.
- Better coordination of capital project construction and maintenance between all Public Works divisions.
- Ability to utilize data-driven decision making to enable Public Works to determine the most efficient use of funds.
- Risk mitigation to transportation solid waste, storm, water, and wastewater systems.
- Longer asset lives through improved maintenance programs.

Goal: As needed, review and revise the City Code items directly affecting the Public Works Department.

Action(s):

- Review all sections of the Billings City Code that pertain to the department.
- Work with the Legal Department to revise all City Codes to reflect current City policies and operations.
- Develop revised City Codes for the Mayor and City Council to review for approval or elimination.

Outcome(s):

- Billings City Codes pertaining to the Public Works Department are updated as directed by the Mayor and City Council through Council initiative.

Goal: Implement benchmarking measures across all Public Works Divisions.

Action(s):

- Identify appropriate benchmarking measure for each division.
- Develop benchmarking tool to track measures.
- Compare benchmarks against similar organizations.

Outcome(s):

- Improved work plans to increase efficiencies.

Goal: Improve safety standards.

Action(s):

- Identify areas of concern.
- Develop policies and best practices for employees to follow.
- Continue to engage employees to improve safety with Employee Safety task group.
- Conduct PPE review audits throughout organization.
- Find opportunities to promote safety culture.

Outcome(s):

- Decrease in accidents.

Goal: Educate and promote vision of ‘exceeding expectations through innovation, integrity, and service to the community both internally and externally’.

Action(s):

- Improve website and social media presence.
- Identify more opportunities for education outreach such as open houses, school interactions, and public speaking engagements.
- Develop communications plan.
- Develop educational brochures.
- Continue to have department-wide supervisor meetings.
- Increase Public Works management interactions with all employee groups.

Outcome(s):

- Increase in public awareness.
- Improved relationship with customers.
- Improved interactions between Public Works Divisions.
- Better employee awareness of expectations and how to achieve vision.

Goal: Hire and retain employees that fit Public Works Department Vision.

Action(s):

- Re-evaluate hiring process to incorporate Department Vision.
- Improve evaluations and evaluation process.
- Develop on-boarding orientation to communicate expectations.
- Continue efforts to improve employee morale through the Employee Engagement task group.
- Identify opportunities for public acknowledgement of excellent work.
- Conduct employee survey to better understand staff perspective.

Outcome(s):

- Increase in employee morale and retention.
- More honest, constructive employee feedback, and evaluations.
- More engaged employees resulting in increased efficiencies and better customer service.

Goal: Seek and utilize new technologies and maximize existing technologies to improve efficiencies.

Action(s):

- Outsource GIS to obtain a fully functional GIS system that internal IT staff will be able to maintain.
- Promote education and conferences relating to technology for staff.
- Explore employee incentives for innovation.

Outcome(s):

- Modernized GIS system that is more functional for staff and the public.
- Increased efficiencies.
- Ability to utilize GIS functionality during City Council meetings.

Goal: Ensure each division operates within financial limitations, while maintaining resources necessary to achieve current levels of service.

Action(s):

- Review all cost allocations, fees, and rates to ensure they are at an appropriate level to cover expenses.
- Ensure reserves are adequate for the needs of each fund and maintain compliance with fiscal policies and legal requirements.

Outcome(s):

- Revenues maintained at sufficient levels to support services.
- Adequate reserves available for emergencies.
- Stable, more predictable rates, and lessened impact to customers.

Goal: Enhance customer service, and communications between divisions and customers.

Action(s):

- Promote automatic payments, online payments, and recurring payments.
- Promote paperless billing for utility bills.
- Utilize website and Facebook to provide up-to-date information regarding snow plowing, water main breaks, solid waste operations, construction updates, assessments, rates, and fees.
- Allocate staff in the most cost effective and customer service oriented manner.

- Research community organizations to partner with to assist low-income customers with their utility bills.
- Implement mobile service orders.
- Implement customer service training across all Public Works divisions.
- Conduct a public survey to identify service shortfalls.

Outcome(s):

- Increased efficiencies.
- Decrease in mailing and postage costs.
- Decrease in operational costs through more efficient dispatching.
- Increase in customer service.
- Decreased workload through technology resulting in a delay or elimination of need to hire additional personnel.
- Enhanced and more efficient communication between divisions.
- Increase in transparency to customers.

Goal: Ensure the Billings Regional Landfill maintains compliance with state and federal operational and environmental rules and regulations.

Action(s):

- Continue to address landfill customer inquiries regarding proper handling, testing, and disposal of special wastes.
- Coordinate with MDU environmental personnel for required EPA reporting on landfill greenhouse gas emissions.
- Continue working with MDEQ Air Quality Bureau and consultants to address landfill compliance issues regarding NSPS/EG regulations.
- Complete required semi-annual and annual monitoring reporting for Title V air quality permit.
- Complete and submit Annual Emission Inventory Compliance Certification to the MDEQ Air Quality Bureau.
- Continue to work with landfill personnel to improve and maintain stormwater BMPs.
- Complete required annual landfill licensing application, quarterly and annual stormwater reporting, bi-annual groundwater monitoring/reporting and quarterly methane monitoring/reporting for MDEQ Solid Waste Bureau.

Outcome(s):

- Reduce potential for regulatory non-compliance and adverse impacts to air, ground and surface waters.

Goal: Continue to reduce the effect of the landfill on the neighboring properties.

Action(s):

- Complete construction of the capital improvement projects, which will allow all municipal solid waste to be dumped inside a building, processed through grinders, and then placed in the landfill.
- Continue public education on bagging trash prior to placing that trash into their collection barrels.
- Continue picking up trash on the roads to the landfill and the roads adjacent to the landfill.
- Continue planting trees around the landfill.
- Regularly schedule meetings with Public Works staff and neighboring property owners.

Outcome(s):

- Better relationship with surrounding property owners.
- Reduction in staff time required to pick up trash in and around the landfill.

Goal: Develop Solid Waste Program and Rates

Action(s):

- Develop framework for “Pay as you Throw” solid waste collection system.
- Develop options for a recycling program.
- Develop rates commensurate with recommended program.
- Extensive public outreach effort to incorporate solid waste program changes.

Outcome(s):

- Sustainable solid waste program.
- More equitable rate structure.

• **Goal: Implement Solid Waste Route Optimization**

Action(s):

- Review tactical route model and give real-world adjustments to the model.
- Meet with operators with new routes to get employee buy-in.
- Develop a communication, outreach, and education strategy to rollout to customers who will be affected with day changes.

Outcome(s):

- Cleaner residential route boundaries.
- Balanced routes.
- Reduced overall fleet mileage that will save money in fuel, maintenance, etc.
- Increased employee morale.

Goal: Continue the procedures for cleaning and maintaining the City’s storm drain system.

Action(s):

- Continue inventory of storm sewer system using closed circuit TV system.
- Prioritize problem sections of the system.
- Initiate repairs using Public Works staff when possible, and identifying future capital improvement projects.
- Focus on cleaning/jetting storm sewer sections where excess sediment has accumulated.

Outcome(s):

- Improved flow and capacity of the storm sewer system.
- Reliable data on the GIS map.
- Reduce problem areas/complaint calls.
- Change from reactive to proactive maintenance

Goal: Implement Storm Utility

Action(s):

- Review options for funding stormwater systems.
- Develop plan based on the preferred option.
- Formalize policies for stormwater.
- Assess staffing levels.
- Engage stakeholders to assist in the development of a plan that serves the community.

Outcome(s):

- Framework to implement stormwater funding program that allows for a sustainable stormwater system.
- More equitable rate structure.
- Consistent policies in place for public and staff.

Goal: Ensure the City’s MS4 stormwater program complies with Federal Phase II Stormwater Regulations and State General Permit.

Action(s):

- Implement the MS4 program six-control measures to comply with the 2022 five-year general permit.
- Complete and submit annual stormwater report and bi-annual stormwater sampling.
- Update or develop public information pamphlets on Illicit Discharge Detection & Elimination (IDDE), Fat, Oil, and Grease (FOG), Residential, and Commercial Best Management Practices (BMPs).
- Locate and remove illicit connections to the stormwater system discovered by the CCTV program.
- Update land ownership surveys on existing ditches and drains within the City limits.
- Continue to respond to IDDE complaints and eliminate illicit/cross connections.
- Update Billings MS4 stormwater map in the Heights area.

Outcome(s):

- Reduce stormwater pollution into state waters.

Goal: Ensure all regulatory signs and traffic signals are in compliance with the Manual of Uniform Control Devices (MUTCD) standards.

Action(s):

- Replace all overhead 8” indication lights with 12” LED lights.
- Test reflectivity on all regulatory signs.

Outcome(s):

- Regulatory signs and traffic signal will meet current MUTCD standards.

Goal: Provide well-maintained public rights-of-ways.

Action(s):

- Continue programs for pothole repair, street reconstruction, gravel street and alley upkeep, snow and ice control, storm drain cleaning/jetting, sweeping, maintaining multi-use trails, mowing, weed abatement, maintaining signalized intersections, all street signs, and pavement markings.

Outcome(s):

- Provide safe driving surfaces and movement of vehicle and pedestrian traffic.

Goal: Assess school crosswalks for (Premark) heat tape applications

Action(s):

- Continue the program to place heat tape on school crosswalks (grade schools)

Outcome(s):

- More durable heat tape application for crosswalk markings.

Goal: Maintain a pretreatment program to comply with the Clean Water Act - water pollution control program.

Action(s):

- Conduct a Local Limits Re-evaluation to comply with the pretreatment program rules.
- Complete and submit annual pretreatment report to EPA.
- Conduct inspections of permitted and potential Industrial Users dischargers
- Assist Lockwood Water and Sewer District in managing pretreatment program through the Pretreatment Program Interlocal Agreement.
- Analyze the impact of future significant industrial dischargers on the City's collection and treatment systems.
- Comply with the Capacity, Management, Operation, and Maintenance (CMOM).
- Coordinate with Distribution and Collection field crews to locate and resolve Fats Oil and Grease (FOG) discharges including on-site inspections of food services businesses.
- Continue sulfate and hydrogen sulfide investigation including field monitoring and sampling

Outcome(s):

- Reduce potential upsets at the Water Reclamation Facility, sanitary sewer overflows, and protect the health and safety of workers.
- Maintain EPA regulatory compliance.

Goal: Monitor legislation and legal action as it relates to nitrogen and phosphorus levels on the Yellowstone River and the associated effect on the Water Reclamation Facility discharge requirements.

Action(s):

- Collaborate and share data with MDEQ to assist them in setting informed treatment standards.
- Support legislation, if needed, to recreate nutrient legislation that makes sense in Montana.
- Assess nutrient trading opportunities with upstream watershed groups, feedlots, and/or agriculture.

Outcome(s):

- Cost savings by eliminating the need for unnecessary treatment plant upgrades.
- Protection of Yellowstone River water quality.

Goal: Standardize Water Reclamation Facility (WRF) operations and maintain activities.

Action(s):

- Implement new Standard Operating Procedures (SOP) Manual for safe and successful biological nutrient removal at the Water Reclamation Facility.
- Utilize asset management and maintenance software to optimize maintenance.
- Meet all MPDES permit requirements.

Outcome(s):

- Operations adhere to consistent Standard Operations procedures reducing risk of treatment plant upset.
- Lower cost of treatment due to optimized chemical and energy use.
- Optimized utilization of staff for maintenance activities.

Goal: Implement resource recovery through amending landfill compost with phosphorus-rich-bio solids from the Water Reclamation Facility.

Action(s):

- Begin construction of phosphorus recovery technologies at the Water Reclamation Facility.
- Optimize chemical and energy associated with nutrient recovery technology.

Outcome(s):

- Beneficial reuse of phosphorus.
- Higher quality water discharged from Water Reclamation Facility.
- Establish the City of Billings as an innovative environmental leader for phosphorus recovery in the region.

Goal: Evaluate and develop a comprehensive plan/strategy for the water and sewer main replacement program.

Action(s):

- Analyze the number and cause of water and sewer main breaks. Look for common factors of cause.
- Using GIS develop a map of the age and type of pipe within the City.
- Review the City's break history compared to national averages.
- Evaluate the costs and the frequency of repairs compared to the cost of large water and sewer pipe replacement projects.

Outcome(s):

- Short and long-term plans developed to address the cost and the customer disruption for the water and sewer replacement/repair program.

Goal: Meet or exceed requirements/mandates of the Environmental Protection Agency (EPA) and Montana Department of Environmental Quality (MDEQ) Lead and Copper Rule Revisions (LCRR).

Action:

- Submit initial water service inventory to MDEQ by October 16, 2024. Provide a system where customers/property owners can identify water service type. Include language in the annual CCR explaining how customers/property owners can access the water service inventory. Inform all persons served by lead, galvanized requiring replacement(GRR), or lead status unknown water system at the water service connection within 30 days of completion of the initial inventory and

repeat the notification on an annual basis until the service connection is no longer a lead, GRR, or lead status unknown line.

Outcome:

- Complete removal/replacement of all lead and GRR water service lines in the City of Billings water distribution system.

Goal: Remove and replace existing lead services within the City of Billings water system.

Action(s):

- Continue to determine the locations of existing lead services within the Billings water service system and map locations.
- Establish strategy for the elimination of lead services from the water main to the property line.
- Develop a list of property owners that may have lead services from the property line to the house and contact them to verify if the services are lead.
- Develop a funding strategy to assist property owners with the cost of replacing the lead services.

Outcome(s):

- Elimination of lead services within the City of Billings water system.

Goal: Update Source Water Delineation and Assessment Report.

Action(s):

- Continue coordination meetings to update and field verify facilities identified in the original Assessment and Delineation survey.
- Conduct a minimum of one presentation to the Local Emergency Planning Committee (LEPC).

Outcome(s):

- A susceptibility assessment of significant, potential contaminant sources in the spill response area for the Laurel, Billings, and Lockwood Water Treatment Plant intakes is provided.

Goal: Begin detailed design and construction of redundant water supply and treatment for the drinking water system.

Action(s):

- Begin construction of west end intake and treatment plant.
- Complete modifications to High Service Pump Station to allow back feed from new treatment plant.
- Complete design of raw water reservoir.
- Enter into an agreement with BBWA to utilize the ditch for conveyance to the west end facility.

Outcome(s):

- Increased water supply storage from a few hours to several months.
- Increased trails and water recreational opportunities for the public.
- Reduced energy costs related to pumping water.

Goal: Improve resilience and redundancy of the water system to critical City assets.

Action(s):

- Construct an additional three million gallons of potable water storage in pressure Zone 1, which includes the hospitals and all the downtown area.
- Design and construct the Zone 4 Pump Station located in the northwest part of the City.

Outcome(s):

- More reliable water supply to critical City functions and assets.
- Mitigation of risks related to having only one river intake during high water demands.

Goal: Provide superior quality potable water.

Action(s):

- Produce, pressurize, and store drinking water for the community in adequate quantities and meet all regulatory requirements and quality control standards.
- Maintain and repair all water treatment, pressurization, and storage facilities.
- Increase staff operational knowledge of UV disinfection system.
- Inventory and test backflow prevention devices.

Outcome(s):

- Community water needs met.
- Replacement of aging/malfunctioning infrastructure to increase capacity while ensuring a quality product.
- Obtain the longest productive life possible.
- Superior quality potable water above MDEQ standards provided.

Goal: Continue communication with the consuming public about drinking water treatment and the quality of their drinking water.

Action(s):

- Prepare and distribute the annual Consumer Confidence Report providing details about the quality of the City's drinking water.
- Provide monthly water quality information enhanced with responses to frequently asked questions and other useful drinking water information on the Department's website.
- Provide facility tours to educate the public about drinking water treatment; provide information to civic groups, schools and others regarding drinking water processes and quality; and respond to citizen inquiries regarding the quality of the City's drinking water.

Outcome(s):

- Maintain and enhance the public's confidence in the City's drinking water.
- More informed public about their drinking water and the processes required to provide it.

Goal: Develop a 5-year rolling plan for construction of missing sidewalks.

Action(s):

- Review areas of missing sidewalk that provide important connectivity.
- Review and coordinate areas of missing sidewalk with Safe Routes to School programs.

Outcome(s):

- Regularly install areas of missing sidewalk to provide pedestrian connectivity.

Goal: Update Site Develop Ordinances.

Action(s):

- Review code related to private roads.
- Provide alignment with site zoning e.g. hard surface paving.
- Provide code alignment with subdivision regulation update.

Outcome(s):

- Site development ordinance is in alignment with subdivision and zoning regulations.

Goal: Develop Traffic Control Policies.

Action(s):

- Review transportation policy topics including access management, crosswalks, pavement markings, school zones, speed limits, stop signs, street lighting, temporary traffic control, and traffic calming.
- Develop policies and review with the Public Works Board.

Outcome(s):

- Provide a clear and concise set of policies and guidelines for common transportation elements.

In addition to the defined goals for FY24, the Public Works Department continues to further the implementation of our established **Strategic Goals** through projects such as increased external and internal communications, employee engagement initiatives, customer service programs, asset management, efficiency initiatives, GIS expansion, and other technology initiatives. The Public Works leadership team will continue to identify ways to improve efficiencies and create policies and programs that support our vision and mission.

Detailed Fund Summaries

PUBLIC WORKS ADMINISTRATION OPERATING BUDGET					
FUND 6600	ACTUAL FY 21	ACTUAL FY 22	BUDGET FY 23	ESTIMATE FY 23	REQUEST FY 24

Business Improvement Districts

Downtown Business Improvement District

Downtown Billings Business Improvement District

Work Plan FY 2024

Mission Statement

The Billings Business Improvement District (BID) is dedicated to improving the cleanliness, appearance, and perception of safety in Downtown Billings to further enhance and make Billings a vibrant destination for visitors, residents, owners, employees, and students.

The BID operates certain revitalization, maintenance, safety, outreach, public art, and hospitality functions under the corporate entity known as the Downtown Billings Business Improvement District.

Products and Services

The BID will provide the following services within the designated boundaries:

Clean program (street level)

- Sidewalk sweeping
- Sidewalk power washing, rotating basis in district, spot cleaning as well
- *Snow removal, 4' pedestrian right of way
- Fixed Can Trash removal, approximately 75 cans removed three times per week
- Graffiti removal, street level

Safe program

- Expanded Safety BID
- Cooperative Safety Program, Downtown Resource Officers
- Resource Outreach Coordinator, MAAP Program
- Crime Watch for Business
- Community Innovations
- In-house CPTED program (Smart Design + Safer Space) in partnership with Billings Police Department and Billings Chamber.

Public Art Program

- Community Murals
- Sculpture installation and display
- Alley Activation

Landscape/Beautification/Planter Maintenance

- Purchase, maintain, daily watering of hanging flower baskets
- Trimming, weeding, trash removal, plant replacement of planters

Kit of Parts

- Street Furniture
- Kiosks

Community Engagement and Events

- creating marketing and events that attract, retain, and engage the community in order to support the growth, promotion, and development of downtown Billings as an exceptional, vibrant, and diverse urban core.

Financial Forecast

The Business Improvement District is an organizing and financing mechanism used by property owners to determine the future of their retail, commercial and industrial areas. The BID is based on state and local law, which permits property owners to cooperatively use the city's tax collection powers to "assess" themselves. These funds are collected by the county and returned in their entirety to the BID and are used for purchasing supplemental services and improvements beyond those services and improvements provided by the city.

The Billings BID is publicly-sanctioned, assessment -financed, and property owner managed.

Key Staff

The BID is managed by the BID Board of Directors via the Alliance CEO and includes the following staff:

BID Director – Joe Stout, full time

Community Engagement/Events Director – Lindsay Richardson (50%)

BID Street Team – James Chandler, Adam Roebeling

3 Billings Police Department Downtown Resource Officers – 75% paid by BID, 25% paid by TIF

Resource Outreach Coordinator – Kody Christensen-Linton (funded through grant funds)

Additional seasonal staff as required

*The City of Billings wants to remind property owners they are responsible for removing snow on sidewalks in front or adjacent to their properties. According to City Code (Section 22-406), owners or their agents are required to remove all snow, ice, or slush within 24 hours after the storm event.

FY24 ABRIDGED MARKETING PLAN & BUDGET

FY24 ANNUAL PLAN

**IN BILLINGS, THE TRAVEL INDUSTRY
FUELS EVERY INDUSTRY WHILE
EVERY INDUSTRY FUELS THE
TRAVEL INDUSTRY.**

**VISIT BILLINGS' SUCCESS, AND
THE SUCCESS OF LOCAL LODGING
PARTNERS, LEADS TO GROWTH IN
THE VISITOR ECONOMY BY
ELEVATING LOCAL RESTAURANTS,
RETAILERS, AND ATTRACTIONS.
IT'S THE CYCLE AND IMPORTANCE
OF DESTINATION PROMOTION.**

**TOURISM SUPPORTS MONTANA CITIES AND TOWNS
WHILE ASSISTING ALL MONTANANS**

Non-resident visitor spending has a major impact on the state's economy and on Montanans. In 2021, visitors to Montana spent \$5.15 billion at retailers, restaurants and bars, gas stations, and lodging businesses, to name a few. As those visitor dollars traveled through Montana businesses, the impact on Montanans was and is positive. Non-resident travel supports nearly 67,000 jobs in Montana and lowers the tax burden on every Montana household an average of \$866/year.

**TRAVEL IS AN ECONOMIC POWERHOUSE AT
MONTANA'S TRAILHEAD**

From a national point of view, when Americans travel and explore U.S. destinations, Americans grow the U.S. economy. Likewise, when Visit Billings helps market and sell Billings as a preferred travel destination, strategies and marketing help businesses grow and foster the local economy.

The Billings area travel industry attracts new monies boosting the visitor economy. More than 2.6 million people visit Billings annually, spending \$621 million every year (Destinations Analysts - 2018). Businesses in every corner of Yellowstone County rely on the travel industry for success. By marketing Billings, recruiting meetings and tournaments, and helping grow existing events, the Visit Billings team can boost and support local businesses and organizations across all sectors of the economy and encourage new opportunities.

Visit Billings is the brand that encompasses the Billings Tourism Business Improvement District (BTBID) and the Billings Convention and Visitors Bureau (BCVB). Both organizations are managed by the Billings Chamber of Commerce.

The Visit Billings team is committed to growing visitation at Montana's Trailhead. The staff is an extension of its stakeholders (lodging partners) working to provide sales, services, and marketing support to the local hospitality industry and tourism partners.

Visit Billings is funded primarily through the Billings Tourism Business Improvement District (BTBID) and through a portion of the State Lodging Facility Use Tax. The BTBID assesses \$2.00 per occupied room night on all hotels and motels in the city of Billings with six (6) or more sleeping rooms. The BTBID funds stay local for the marketing and promotion of the city as a destination. This marketing helps grow visitation and supports businesses at the destination and its stakeholders, Billings' lodging partners.

Additionally, there are two Montana taxes imposed on users of an overnight lodging facility (such as a hotel, motel, campground, dude ranch, and guest ranch), which are collected by the facility and remitted to the Montana Department of Revenue. These two taxes are a 4% Lodging Facility Use Tax and a 4% Lodging Facility Sales Tax, for a combined 8% lodging tax. As a destination marketing and management organization or DMMO, Visit Billings is an organization charged with representing Billings as a destination, helping with the development and growth of the tourism industry through promotion, marketing, and strategies.

BE AN OUTSIDER

SINCE
1882

MISSION STATEMENT

The mission of Visit Billings is to generate room nights for lodging facilities in the city of Billings by effectively marketing the region as a preferred travel destination.

WHY BILLINGS?

BILLINGS IS MONTANA'S TRAILHEAD.

Shaped by the Yellowstone River and sheltered by the sandstone Rimrocks, Billings is a place of forever views and forever memories, where urban amenities and modern conveniences meet the edge of the genuine frontier. Where the adventure of the untamed wilderness and history are at your front door.

Conveniently positioned in southeast Montana as the largest city between Calgary and Denver, Spokane and Minneapolis, Billings proudly serves a trade area serving more than 500,000 residents with diverse shopping, award-winning cuisine, arts, and culture. Warm, genuine people take the time to welcome you and greet you with a smile. Unparalleled access to some of the most breathtaking and historic places in the United States including Yellowstone National Park, Bighorn Canyon, national monuments, and the Beartooth Scenic Byway make Billings an idyllic destination for connecting to the best that Montana offers.

ABOUT BILLINGS

Billings, population 117,000, is the county seat of Yellowstone County (pop. 167,000) and the largest city in the state. As Montana's Trailhead, it's the region's economic hub. Major industries including agriculture, energy, healthcare, finance, and education - drive the local economy. Tourism is woven into each of those industries impacting the economy as another top industry.

Popular attractions locally include the Rimrocks or rock formations which surround much of the community and offer space to take in incredible views of the region. The city also boasts a brewery district in historic downtown Billings, Montana's only zoo and Botanical Park, contemporary and western museums, galleries, several theaters, music venues, a state-of-the-art public library, and several outdoor community venues and festivals. Billings offers nearly 50 miles of multi-use trails and 24 miles of bike lanes. From the Rimrocks to the Yellowstone River, which is the longest free-flowing river in the lower 48, residents of Billings invite visitors to experience the magic of Montana's Trailhead. Billings sits near the intersection of Interstates 90 and 94 and offers a first-class airport with numerous daily flights to major U.S. cities via Delta, United, American Airlines, Allegiant, Frontier, and Alaska Airlines. Regional carrier CapeAir also plays a crucial role in air travel and connectivity to eastern Montana.

Amazing summer weather and snowy winters with Blue Bird days offer ample opportunity for outdoor enthusiasts to experience all four seasons and the accompanying adventures. Nearly 4,500 hotel rooms as well as numerous retail and restaurant offerings (Billings offers an incredible food scene and brew trail), flexible meeting space, and sports venues are ready to accommodate any traveler or planner's needs and preferences.

BRAND MT – MARKETING MONTANA

(SOURCE: BRAND.MT.GOV)

The Tourism Marketing Bureau at the Montana Department of Commerce promotes Montana as a travel destination to potential domestic and international visitors. The marketing team develops and uses advertising and promotional campaigns to showcase Montana and influence a large target audience to choose Montana as their vacation destination.

Strategic campaigns create awareness about Montana, generate an interest in visiting, and influence travel intention. Nationwide tourism trends, statistics from the Institute of Tourism and Recreation Research (ITRR) at the University of Montana, syndicated research, and the results of contracted research studies help determine a data-driven overall marketing strategy to reach target audiences and measure the success of marketing efforts to create demand for Montana as a global travel destination.

Brand MT facilitated a statewide initiative to unify, under a single brand, the diverse collective of organizations working to market Montana.

The Montana Brand is the foundation of Brand MT's programs to promote the state as a place to visit.

THE MONTANA BRAND CONSISTS OF THREE PILLARS WHICH VISIT BILLINGS ALSO TAKES INTO CONSIDERATION:

- **More spectacular, unspoiled nature than anywhere else in the lower 48**
- **Vibrant and charming small towns that serve as gateways to our natural wonders**
- **Breathtaking experiences by day, and relaxing hospitality at night**

IN FY24, VISIT BILLINGS IS WORKING TO STRENGTHEN THE BILLINGS TRAVEL INDUSTRY

INSPIRE - As Brand MT inspires travel to Montana, Visit Billings inspires travel to Billings.

ORIENT - Once inspired to travel to Billings, help travelers find whys and ways to build Billings into their itineraries and agendas for leisure, sports, business, meetings, or group tour events.

FACILITATE- Once in Billings, facilitating visitors to ensure a positive experience and foster a repeat visitor is priority.

PRIORITIES

- **2023-2027 STRATEGIC PLAN**
- **GROW VISITATION**
- **THE VISITOR EXPERIENCE**
- **INCREASE LEISURE VISITATION**
- **FOSTER SPORTS TOURISM**
- **RECRUIT MEETINGS, CONFERENCES, AND REUNIONS**
- **THE INTERNATIONAL MARKETPLACE**
- **BIL**

STRATEGIC PRIORITIES – FY24

THE STRATEGIC PLAN

The strategic plan will carry forward momentum and the successes of Visit Billings and local tourism today, while at the same time revealing the strategies for better destination positioning through 2027. Critical areas of focus and new areas to concentrate on will be identified. This will ensure Visit Billings efforts and investments are set to position the destination and its partners toward continued success in travel and tourism.

GROW VISITATION

Tourism is vital to the success of the local business community. Tourism supports more than 10,000 jobs locally and enhances the overall quality of life by helping support business and saving households nearly \$900 in taxes annually. More than 2.6 million people spend \$621 million in new money to the local economy annually in Billings and this is not an accidental impact. It's the return on investment of marketing and sales strategies of the Visit Billings leadership, staff, and partners. In some parts of Montana, over-visitation overwhelms conversations about the tourism and travel industry. Billings is an amazing travel destination where businesses appreciate the visitor. Visit Billings strategies are welcoming and aim to help support visitors, meeting planners, tour operators, and sports tournament owners to ensure successful trips, events, and business priorities.

THE VISITOR EXPERIENCE

Exceptional service leads to repeat visitation and extended stays from guests to the city. Making sure travelers feel welcome and enjoy their stay at Montana's Trailhead is a top priority for Visit Billings leadership and staff. The Visit Billings team works in many ways to help create a positive experience for visitors including the Billings Trail Guides program, Meet the Locals, and Certified Tourism Ambassador Destination commitments with Mickey Schaeffer and Associate. Such priorities ensure quality customer service and positive visitor experiences. Additionally, Visit Billings, ZooMontana, the Historic Billings Depot, and the Boothill Inn & Suites are leading destination efforts to offer autism-friendly travel options for visitors to the city. Finally, a positive visitor experience is also directly impacted by how sports events and meetings are supported. Staff offer convention and tournament servicing options like hosted site inspections, registration assistance, city and regional tour planning, financial incentives, and confidential hotel sourcing to assist meeting planners and tournament owners who want to host events in Billings.

INCREASE LEISURE VISITATION

Leisure travel marketing strategies remain the highest priority for the organization as leisure visitation supports all Visit Billings' stakeholders (hotels, motels, campgrounds) as well as tourism partners including restaurants, retailers, attractions and event owners. Regional and national marketing campaigns will focus on encouraging unique itineraries that elevate the destination and the region to road trippers, outdoor enthusiasts, history buffs, arts and culture aficionados, and foodies - to name a few. Promotion of events and must-see attractions to regional audiences is key as is elevation of Great American Road Trip-type itineraries to potential visitors in national markets. Billings is a stop along the route from Badlands to Yellowstone and every park, byway, and monument in between. Also, Visit Billings staff expect higher travel demand during the warm season of 2023 as gateway communities re-open following June 2022's historic floods that impacted the north and northeast entrances to Yellowstone as well as sections of the Beartooth Scenic Byway south of Billings. The team will attend leisure travel shows in addition to executing several national and regional strategic marketing campaigns and publicity opportunities.

*SMITH TRAVEL RESEARCH 2022

FOSTER SPORTS TOURISM

Sports tourism happens when a person or group travels from one community to another to compete, support, and celebrate sports and athletes. This is one of the fastest growing sectors in tourism for Billings. Efforts to support local tournament owners, governing bodies, and growing existing events, while recruiting new sports events in order to cultivate this market, are key priorities for the destination and staff. Furthermore, ensuring Billings has appropriate and competitive venues is also a priority of the BTBID and the Billings CVB leadership and staff. Namely, supporting the City of Billings in its efforts to build a sports facility. Such a state-of-the-art venue for the community and destination is critical to the future of sports tourism growth. Strategies also will include marketing, lead generation, and attending appointment-based conferences to strengthen relationships with event owners to elevate Billings as a sports tourism destination.

RECRUIT MEETINGS, CONFERENCE, AND REUNIONS

Visit Billings staff strive to be innovative in meeting the needs of meeting planners and incentivizing decision-makers to choose Billings as their meeting destination. Staff work closely with meeting hotel sales staff to help inspire and orient meeting professionals with thoughtful sales strategies to book meetings and conferences in Billings in 2024, 2025 and 2026. This segment can continue to have a strong economic impact on the community. The team will attend conferences and tradeshows to elevate the *Meet Me in Billings* campaign effort.

THE INTERNATIONAL MARKETPLACE

International inbound travel was brought to a halt in March 2020. While it has since partially recovered, it is not expected to fully recover until 2025. With Billings being a part of the Great American Road Trip - Badlands to Yellowstone - Montana has seen a stronger increase in international travel and group tours since 2020 particularly with fly/drive visitors. It is important for Visit Billings staff to maintain relationships with international tour operators so overseas visitors who have ranked sightseeing, fine dining, and national parks/monuments as major draws in deciding where to spend time while visiting the United States, keep Billings top-of-mind. Visit Billings works with Brand MT and partners like Visit Southeast Montana and Rocky Mountain International to foster this market.

BIL

Air service continues to be a direct route to foster success in the tourism equation for Billings. Billings Logan International Airport (BIL) has enhanced the traveler's experience with the \$55m airport expansion and renovation in recent years. This investment has elevated BIL in many ways. At the same time, from a destination marketing and management point of view, any lack of consistent air capacity or high fares can negatively impact a traveler's decision to make Billings part of their business, leisure, or sports itinerary. The BIL experience is strong, but continuing to work on flight options, fares, and capacities is key to community organizations like Visit Billings.

Visit Billings will continue to support air service expansion by assisting Billings Logan International Airport leadership with relationships with air carriers. Also, playing a role in any efforts to secure a Small Community Air Service Grant which can strengthen flight options for visitors, will be made priority.

NORTH 27TH STREET TAX INCREMENT OPERATING FUND BUDGET NARRATIVE

The Tax Increment Fund is used to account for the North 27th Street Tax Increment District.

Revenues

Revenues are maintaining the same levels. No large increases are expected.

Expenditures

Expenditures are for development incentives within the District, cost allocation charges, the debt service costs to build the parking garage, and payment to Downtown Billings Association in accordance with the underlying agreement.

Capital

None

CEMETERY IMPROVEMENTS BUDGET NARRATIVE

65% of the proceeds of graves and niches sold are placed in this fund to be used for the upgrades and improvements to Mountview Cemetery. City Council approves all funds used from this account for the betterment of the cemetery.

Revenues

No significant changes.

Expenditures

None

Capital

Expenditures of \$230,000 in FY2024 are for improvements to the pump station that irrigates Mountview Cemetery.

PARK MAINTENANCE DISTRICTS BUDGET NARRATIVE

The Park Maintenance District Division manages and maintains 36 developed community and neighborhood parks throughout Billings. The fund is used for management and maintenance of the parks, including irrigation systems and water services, turf management and maintenance, weed management, playground inspections and maintenance, trash removal, snow removal, tree and shrub care, and other services.

Revenues

Revenue is generated through assessments to property owners within each of the 36 districts. Revenues in four districts increased due to new parkland being added to existing districts. Districts that have a playground within the park will have an increase to establish a fund balance to replace the playgrounds as they near the end of their life cycle.

Expenditures

Expenditures have increased for FY 23.

Capital

None

PARK DISTRICT 1 BUDGET NARRATIVE

Through the establishment and funding of the city-wide park maintenance district, deferred maintenance items in General Fund-Parks will be fixed and repaired; thus, improving the quality and enjoyment of these facilities for the public.

Revenues

Revenue comes from assessments to property owners within the city limits of Billings.

Expenditures

Expenditures in FY 23 are anticipated at \$3,864,938. Also, the Parks and Forestry Department's O&M expenditures were moved from the General Fund to Park District 1 Fund in FY21.

Capital

Capital projects for FY 23 include numerous projects throughout Billings, repairing and replacing items that have reached the end of their useful life.

SPECIAL IMPROVEMENT DISTRICTS FUNDS

When a new Special Improvement District (SID) is created, the City sells bonds to cover the construction cost of improvements. That construction cost is covered in the capital project funds. In the following years, the benefiting citizens are billed for that year's portion of the (SID) costs. When the money comes in, the City calls the bonds that were issued to fund the construction. Included in the fund balance is the SID Revolving Fund. This fund is available to "loan" money to SIDs for which tax payments are not received timely enough to make the bond payments when due.

Principal payments are due July 1st of the following fiscal year; therefore, revenue needs to be budgeted the fiscal year prior to the actual principal payment.

Revenues and Expenditures

Expenditures are dependent upon debt service required payments and actual assessment collections.

SIDEWALK AND CURB DISTRICTS FUND BUDGET NARRATIVE

These bonds are issued to finance the repair and/or replacement of sidewalks throughout the community. The City orders the repair work and finances the improvements through the bond issues. The debt service is provided through special assessments on the effected properties.

Revenues and Expenditures

Expenditures are dependent upon debt service required payments and actual assessment collections.

CAPITAL REPLACEMENT FUND BUDGET NARRATIVE

This fund is used for equipment replacement for all governmental fund departments. The equipment budgeted in FY 2022 was approved through the Equipment Replacement Program (ERP) and adopted by the City Council. The revenue source for this fund will be through contributions from each governmental department based on the department's share of the 20-year equipment replacement plan. Also, starting in FY19, technology equipment that is unique to the Public Safety Fund will be funded and purchased through an ERP.

Revenues

No significant changes.

Capital

Equipment is scheduled to be replaced in FY 2024 in the amount of \$1,567,658. The anticipated expenditures from the Public Safety Technology Equipment Replacement for FY24 are \$0.

DOG PARK CONSTRUCTION FUND BUDGET NARRATIVE

The Dog Park construction occurred in FY12 and FY13. Donations were received and fund-raisers were conducted to raise the necessary funding for the construction. Other donations are used for upgrades and maintenance.

Revenues

Estimated contributions for FY 23 are \$5,000.

Expenditures

Estimated Dog Park expenditures for FY 23 are \$5,000.

**The reserve for solid waste was initially established at 44% of operating revenues which was the amount needed when solid waste collection fees were billed on the annual tax statement and revenues were only received twice per year. The fees are now billed on the monthly utility bill and the reserve needs to be modified to 22%. Starting in FY2023 the operating reserve needed will be reduced.*

PROPERTY INSURANCE BUDGET NARRATIVE

The property insurance fund is a City-wide internal service fund that accounts for revenues and expenditures associated with property and liability insurance. Each department receives charges for their share of the insurance.

CEMETERY PERPETUAL CARE FUND BUDGET NARRATIVE

City ordinance requires 35% of the proceeds from the sale of grave lots and mausoleum spaces to be placed in this fund and maintained for perpetuity. The interest income generated by this fund is transferred yearly into the General Fund to be used for care of the cemetery.
