The Native American Development Corporation is a current recipient of federal funds from Indian Health Services, Substance Abuse and Mental Health Services (SAMHSA), Office of Minority Health, US Treasury, Minority Business Development Agency, Department of Defense, and the Economic Development Administration. Previous funding includes Small Business Administration, and Department of Agriculture. NADC staff are well versed in funding compliance, and we have internal controls in place to ensure proper financial tracking. We are subject to a Single Audit due to the volume of federal funds managed each year. The organization has robust systems in place for compliance, financial reporting, and federal fund management. NADC upgraded from QuickBooks to NetSuite accounting software, which has an add-on module (Solution 7) for budget tracking and forecasting. We also conduct monthly project manager meetings to further track performance measures, HR, finance, and administrative topics.

**Q22**

Describe the agency's policy for maintaining confidentiality of individuals and families served. (1,000 characters maximum)

Confidentiality applies to human subjects, data information, and patient information. NADC adheres to all federal and state regulatory monitoring requirements to protect participant identities, secure personally identifiable information, and ensure the privacy and security of protected health information. All data and patient record information is stored per federal data handling and management guidelines. Staff are required by law and professional ethics to protect the confidentiality of all communication except for concerns of harm to self or others. Exceptions and limits include the following situations: 1. Duty to warn of violent behaviors. 2. Suicide, homicide, and/or self-injury. 3. Imminent risk of severe bodily harm or death. 4. Mandatory reporting of child or elder abuse, Aside from these exceptions, staff may not discuss the details of a participant's situation with others or even indicate whether a participant is receiving healthcare services.

**Q23**

Describe the organization's policies, procedures, and experience in each of the following three areas: (1,500 character maximum for each)

Financial Management & Accountability

**Summary of Significant Accounting Policies**

1. NADC prepares its financial statements in conformance with standards described in the GAAP.
2. Be the reporting entity for all revenues and expenditures for which it exercises oversight responsibility.
3. Use fund and account groups to report its financial position and the results of its operations.
4. Use the modified accrual basis of accounting all governmental funds.
5. Record investments in accordance with GAAP.
6. Record prepaids items if payment made to vendors for services that will benefit periods beyond the current year.
7. Restrict certain resources as instructed by grants or for the repayment of bonds or notes, to the extent that debt instruments or policy requires.
8. Report all fixed assets, acquired or constructed for general purposes, as expenditures in the fund that finances the acquisition and are capitalized at cost or estimated historical cost.
9. Compute depreciation using the straight-line method with estimated useful lives as follows: Buildings (15-40 years), Building Improvements (7-20 years) and Equipment/Furniture (3-7 years)
10. Record the current portion of accrued compensated absences within the fund in which they arose and the long-term portion shall be recorded in the general long-term liabilities section.
11. Recognize long term debt as a liability when it is expected to be financed from expendable available financial sources and it is over one year period.

Personnel Management

NADC employs a full-time human resource professional and has an Employee Handbook that each person must read, understand, and formally accept. Bambee HR software platform is used for time tracking. New position openings are posted on indeed.com and distributed internally. There are formal processes in place for reporting any misconduct or unsafe conditions. NADC is a diverse workplace and is an equal opportunity employer.

Procurement & Purchasing

**Policies and Objectives**

- i. It is the policy of the organization to procure only those items that are required to perform the mission and/or fill a bona fide need. Procurements will be made with complete impartiality based strictly on the merits of supplier proposals and applicable related considerations such as delivery, quantity, etc.
- ii. It is the policy of the organization to follow competitive practices only for annual purchases over \$5,000.
- iii. It is the policy of the organization to keep on file a Contracted Services Agreement with any contractor to be paid more than \$1,000 on a per contract basis.

Recordkeeping & Reporting

1. To provide an accurate and auditable record of all financial transactions, the organization's books, records, and accounts must be maintained in conformity with generally accepted accounting principles. Employees are responsible for safeguarding organization assets under their control and for maintaining an auditable record of financial transactions.
2. Further, the organization specifically requires that:
  - a. No funds or accounts may be established or maintained for purposes that are not fully and accurately described on the books and records of the organization.
  - b. Receipts and disbursements must be fully and accurately described on the books and records of the organization.
  - c. No false entries may be made on the books or records; nor any false or misleading reports issued.
  - d. Payments may be made only to the granting party or a valid assignee and only for the actual services rendered or products delivered. No false or fictitious invoices may be paid.
  - e. If an employee has reason to believe that the organization's books and records are not in accord with the foregoing requirements, report the matter to the Executive Director. All data collection, fiscal management, and participant protections are in accordance with federal regulation.

---

**Q24**

If the organization currently manages grant funding, describe the method for tracking staff time on grant-specific tasks. (500 characters maximum)

The organization utilizes an online platform for time tracking by person. We do not have individual timesheets for grant-specific tasks. Our accounting software, NetSuite, has a payroll allocation feature that we utilize per pay period. The majority of our federal funds employ full-time positions, but for those staff positions who are paid from more than one source the Payroll Allocation feature is utilized. The payroll allocation is reviewed every pay period and updated as often as needed.

---

**Q25**

Describe the standards the organization uses for code-of-conduct covering conflicts of interest and governing the actions of its officers, Board of Directors, and employees. (2,000 characters maximum)

Native American Development Corporation adheres to a code of conduct that fosters professional commitment and sustainability of the organization in the areas of Conduct; Responsibility; Representation; Standards of Care; Accountability for Outcomes; Skills Development; Interagency and Public Relations; Issue Resolution and; Community and Political Standards. Each of these areas includes a core principle, intent, and guiding principles to further guide the direction and growth of the organization in a way that respects and values each person. The guiding Principles for Professional conduct include the following: 1. Act with integrity, competence, diligence, respect, and in an ethical manner with the public, customers, prospective clients, employers, employees, colleagues, and other participants. 2. Place the integrity of the Native American Development Corporation and the interests of the organization above their own personal interests. 3. Use reasonable care and exercise independent professional judgment when conducting business, making recommendations, taking actions, and engaging in other professional activities. 4. Practice and encourage others to practice professionally and ethically that will reflect credit on themselves, the profession, and the organization. 5. Promote the integrity and viability of Native American Development Corporation for the ultimate benefit of the greater communities served. 6. Maintain and improve professional competence and strive to maintain and improve the competence of other professionals.

**Q8**

Describe the need for the proposed supportive services at your organization in relation to homeless prevention and increasing housing stability. (1,000 character maximum)

Since NADC began its clinical and public health services in 2018, we have exceeded expectations, seeing 10,391 cases annually, completing 13,071 training hours, and training 1820 workforce members to date. NADC also partners with almost 100 city, county and community organizations. One of the consistent, critical needs among our service population is housing, and is listed as the #1 need among our NAEP clientele. According to your Allocation Plan, "People need more than just housing; (we) must help address underlying issues of what people actually need to be independent and healthy with supportive services," with affordable housing and supportive services listed as the top needs, including mental health, SUD, case management and counseling services. These are the services NADC provides, with a very high success rate (see response #12), and being able to expand these services will be transformative in reducing homelessness in the Billings area.

Page 3: Organizational Experience and Capacity

**Q12**

Provide a detailed description of the organization's ability to serve the identified qualifying population(s). Describe similar projects or activities that have been / are being successfully carried out at the organization, as well as sources of funding for the programs or activities. (2,000 character maximum)

NADC's Native American Empowerment Project, funded by SAMSHA, CHW and TOR, is a strong example our capacity to meet the needs of homeless and/or at-risk communities. At the heart of NAEP programming is the 'Empowerment Plan', a needs assessment conducted using NOMS or a similar tool. This assessment is used to develop individualized Empowerment Plans focused on 5 key areas: housing, medical, financial, additional services (education, childcare, etc.), and legal and administrative support. Goals include clear, achievable steps, and are implemented with our team's support, and focused on clients' strengths. Housing is a priority for the majority of our clients. Success rate: In our first 18 months, NAEP has served 270 individuals. Those actively engaged in their Empowerment Plans had higher success: 120 achieved their empowerment goals, and stabilized enough to move onto their long-term goals. This is a success rate of 44% positive performance outcome improvement. NAEP continues to work to re-engage 50 individuals who have not yet achieved their goals, due to additional complexity not identified during intake. The remaining 100 individuals are not eligible due to incarceration or relocation. In addition, Yellowstone County ICWA Court graduate(s) have all been NAEP clients. 30% of STAR court participants are NAEP clients and all in a stabilized status. NADC developed its model to help \*prevent\* homelessness by addressing the social determinants of health. We believe this makes our program stand out. Note: 42% of homeless in Billings are Native American, although they make up only 10% of the pop. As a Native-led, culturally diverse agency, NADC can appropriately service this over-represented portion of the homeless population, and our experience serving high risk populations makes us equipped to serve all homeless individuals and families with care, respect and cultural competency.

---

**Q13**

Please explain any identified obstacles to carrying out this activity prior to the expenditure deadline of September 30, 2030. (1,000 character maximum)

There are two obstacles we have identified to carry out this activity. The first is not related to the September 2030 deadline, but rather an ongoing concern of building a program to ensure unduplicated individuals are being properly served through program resources. The second obstacle is to secure funding beyond the first 12 months because this is a complex issue that will not be resolved in the first 12 months. We will approach this program in a proactive/preventative manner rather than a reactive fashion and work to address the upstream and underlying factors contributing to homelessness and risk of homelessness factors in our community.

---

**Q14**

Describe how the organization plans to market the program to participants to ensure people know how to access services or resources. (1,000 character maximum)

The organization will utilize several appropriate channels to market the program to participants and the community as a whole. These include but are not limited to connecting and leveraging our Service Provider Partners; the Continuum of Care network, and United Way of Yellowstone County. NADC intends to form an Advisory Board, to include qualifying population members and agency partners to ensure our messaging resonates with participants. We will also produce social media posts and create on-brand posters and/or flyers at points of service. Additionally, agency partner training will be offered virtually two times per year to assist front line staff with understanding the program and being able to be confident in referring clients to the program.

---

**Q15**

The City has not implemented a preference for any qualifying populations or subpopulations. Describe how the agency will maintain a waiting list of any program participants and/or a waiting list for services. (1,000 character maximum)

NADC-BUIHWC must adhere to all grant-specific requirements. In addition, each program is expected to collect demographic information, obtain written informed consent, complete a basic needs assessment and complete the release of information to coordinate services with area partners and service agencies. A legal custodial parent or guardian must provide written consent for minor participation. Program participation defines a minor as anyone under 18 years of age, which requires consent from a legal representative. After all necessary documentation is completed, participants are either scheduled or added to an appointment waitlist. Individuals on the waitlist are staffed to prioritize needs and assigned a case representative to follow up with an appointment. Waitlists are reviewed weekly to help reduce unnecessary wait times.

---

**Q16**

Describe how the agency will verify a program participant meets at least one of the qualifying populations prior to service approval. (1,000 character maximum)

Each potential participant will work with a staff member for an initial interview. An intake form will be completed during the interview that will establish qualification for the program. If the participants are determined to be qualified for the program, a plan of action will be jointly developed to outline requirements and next steps, including documentation. A Release of Information form will be completed which will allow program staff to ensure there are not duplicative services being provided.

---

**Q17**

How will the organization verify the income of the individuals / households served? Check all that apply.

- Client Self-Report,**
  - Verified through other assistance (TANF, Medicaid, etc.),**
  - Third Party Verification**
-

**Q18**

Describe how the agency will assess duplication of benefits, including a process for verifying that a program participant is not currently receiving and/or been approved to receive the same service through another funding source. (1,00 characters maximum)

NADC-BUIHWC uses releases of information for all partner and client-specific agencies to safeguard client information and manage supportive services. Participants may sign a release of information, known as authorization, to use or disclose to allow NADC-BUIHWC staff to talk to other service providers and community supports. ROIs must protect human subjects and patients' personally identifiable information (PII) and protected health information (PHI). Staff must ensure the participant or legal representative has granted written permission to share information with outside entities or individuals. Releases are time-sensitive (one year) and may be revoked at any time in writing before expiration. This process is essential for managing multiple community resources available to participants to reduce duplication of services, resources, and financial support.

**Q19**

**No**

Has any program participant been required to repay due to an overpayment and / or duplication of funds at your agency? If yes, how were repaid funds reinvested into another program participant and / or activity?

**Q20**

Describe the methods or programs the agency will use to document and verify a program participant's eligibility. (1,00 characters maximum)

In addition to collecting income data via third party verification, client self-report and/or verified through other public assistance, NADC uses Center for Mental Health Services (CMHS) National Outcome Measures (NOMS) Client-Level Measures. The collection of NOMS data involves interviewing clients to document info related to their behavioral health diagnosis, demographics, functioning, employment, education, housing, and measures tailored to the grant program. Outcome measures allow us to evaluate a patient's present condition, resulting in a score and categorization of the patient's risk level. This measure is used to establish a pre-intervention baseline. The NOMS tool is administered to clients at baseline, reassessment, and discharge. As outlined above, we also create and monitor each client's progress towards their Empowerment Plan goals in 5 key areas: housing, medical, financial, additional services (education, childcare, etc.), and legal and administrative support.

Page 4: Financial & Staffing

**Q21**

What is the total HOME-ARP funding requested for supportive service activities? (Please enter whole numbers in each field (no dollar sign, comma, decimal point, etc.)

|                                       |               |
|---------------------------------------|---------------|
| For supportive services activities:   | <b>554197</b> |
| For the direct provision of services: | <b>475426</b> |

**Q22**

**Yes**

If included in the project budget, will the cost of labor or supplies and materials be incurred in directly providing supportive services to program participants? (i.e., direct provision of services)

---

**Q23**

If the direct provision of services will be funded, please describe the employee positions to be funded, percentage of time dedicated to the activity, qualifications, and duties in carrying out the proposed activity. (500 characters maximum)

Makayla Weaselboy, Project Coordinator – 100% time; Rosalyn Bigback, Outreach Case Manager, LAC – 100% time; D'Anthony Willis, Community Support Specialist – 100% time; Darrell LaMere, Special Projects Coordinator – 20% time

---

**Q24**

Upload job descriptions and resumes of any staff that will directly carry out supportive service activities for program participants.

**Binder1.pdf (806.6KB)**

---

**Q25**

Identify the organization's key staff members that will be responsible for HOME-ARP activity oversight, implementation, financial management, and quarterly reporting. Please include specific titles and qualifications. (1,000 characters maximum for each)

Activity Oversight:

**Activity Oversight – Chris O’Brien, Operations Administrator, Billings Urban Indian Health and Wellness Center Oversight duties to include: Oversee the day-to-day operations of the homelessness program, ensuring the effective delivery of services. Monitor and evaluate program outcomes, making adjustments as necessary. Support team’s collaboration with other organizations and agencies to enhance program effectiveness and coordination of services. Provide ongoing support, mentorship, and professional development opportunities for team members. Foster a positive and collaborative work environment that encourages innovation and excellence.**

Implementation:

**Implementation – See #24 for team qualifications and duties. Team members: Makayla Weaselboy, Project Coordinator Rosalyn Bigback, Outreach Case manager, LAC D’Anthony Willis, Community Support Specialist Darrell LaMere, Housing Specialist**

Financial Management:

**Financial Management – Finance Department led by CPA Marilyn Klein. NADC has also contracted WIPFLI to help oversee our financial planning process, including budgeting, forecasting, financial modeling, providing analysis of financial data to support decision-making by executive team. WIPFLI reviews monthly financial statements, reports and annual budget, and implements accounting policies and procedures.**

Quarterly Reporting:

**Quarterly Reporting – Makayla Weaselboy. Data Management and Reporting to include: Maintain accurate and up-to-date records of program activities, including client demographics, services provided, and outcomes. Prepare regular reports for internal and external stakeholders, detailing program progress and outcomes. Utilize data to identify trends, assess program effectiveness, and make informed decisions for improvement. Work with program administrators to develop and manage the program budget. Monitor expenditures, identify cost-saving opportunities, and ensure compliance with funding requirements**

**Q26**

No

If awarded HOME-ARP funding, will the organization hire new staff to implement the project? If yes, the organization must comply with low-income recruitment regulations for positions supported, either in part or in full, with federal funding. Recruitment efforts must include targeting low- and very-low-income individuals, and race/ethnicity documentation must be provided on applicants for any positions supported by federal funding.

ARTICLES OF INCORPORATION

OF

NATIVE AMERICAN DEVELOPMENT CORPORATION

SECRETARY OF STATE  
 4088237

The undersigned incorporator, desiring to form a non-profit Corporation for the purposes hereinafter set forth, pursuant to and in conformity with the Montana Nonprofit Corporation Act, Title 35, Chapter 2, of the Montana Code Annotated, hereby submits the following Articles of Incorporation.

ARTICLE I: NAME

The name of the Corporation is the Native American Development Corporation ("Corporation"). The place in this state where the principle office of the Corporation office is to be located is the city of Billings, Yellowstone County.

ARTICLE II: PURPOSE

The Corporation is organized and shall be operated exclusively for charitable, educational, religious, or scientific purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code, or corresponding section of any future federal tax code. More specifically, the Corporation is organized and shall operate for the following charitable or educational purposes:

1. To combat community deterioration, poverty, unemployment, racial discrimination and prejudice; to reduce neighborhood tensions; to relieve the poor, distressed and underprivileged within poverty-stricken Indian reservations in the United States by:

(a) Assisting in the creation and operation of new non-profit community development corporations on other poverty-stricken Indian reservation to enable them to combat community deterioration, poverty, unemployment, racial discrimination and prejudice; to reduce neighborhood tensions; and to relieve the poor, distressed and underprivileged on their Reservation.

(b) Creating and administering a revolving loan fund available to qualifying residents and locally-owned or locally-operated businesses (including tribal businesses) within a poverty-stricken Indian reservation who make a commitment to provide jobs or training to low income or minority employees residing on such Reservation. Such loans to be made available to qualified recipients at reduced interest rates.

(c) Providing assistance to qualifying new or expanding businesses within poverty-stricken Indian Reservations and who make a commitment to provide jobs or training to low income or minority employees residing on such Reservation. Such assistance includes, but not by way of limitation, providing technical assistance or training in developing entrepreneurial and management skills, market research and assessment, assisting with finding joint venture partners, operational training, and assistance with economic development strategy.

2. To act as a clearinghouse and contact point for state, regional, national, and international economic development organizations and agencies that may provide assistance to combat community deterioration, poverty, unemployment, or racial prejudice or to relieve community tensions on Indian Reservations.

3. To provide educational services, seminars, workshops and conferences to tribal governments, non-profit community development corporations, Reservation-based businesses, governmental entities, and the general public directed at disseminating information and developing strategies to combat community deterioration, poverty, unemployment, racial discrimination and prejudice and/or to relieve the poor, distressed and underprivileged within poverty-stricken Indian Reservations in the United States.

4. To create or assist other Native American non-profit corporations which are organizing for charitable, educational, religious, or scientific purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code, or other applicable Sections of the Internal Revenue Code authorizing the creation of tax-exempt corporations or the conduct of tax-exempt activities.

5. To support or conduct such other or further activities as may be desirable to lessen the burdens of government or to combat community deterioration, poverty, or unemployment on poverty stricken Indian Reservations.

Solely for the above purposes, the Corporation is empowered to exercise all rights and powers conferred by the laws of the State of Montana upon non-profit Corporations, including, but without limitation thereon, the right and power to receive gifts, bequests and contributions in any form, to use, apply, invest and reinvest the principal and/or income therefrom or to distribute the same for the above purposes.

#### ARTICLE III: LONGEVITY

The Corporation shall have perpetual existence. The Corporation may also create subsidiary Corporations.

#### ARTICLE IV: REGISTERED AGENT

Please let this letter serve as the Native American Development Corporation's Authorization to Request Funds in the amount of \$1,029,623 from the City of Billings HOME ARP program.

The purpose of the program and program activities align with our mission, purpose and strategic direction. We believe that successful implementation of this program will further assist community members who are homeless or at risk of being homeless.

Please reach out to me if you have any questions or require additional information on the organization or on the proposed program.

Thank you,

Leonard J. Smith, Jr.  
Chief Executive Officer

BYLAWS  
OF THE  
NATIVE AMERICAN DEVELOPMENT CORPORATION

ARTICLE I

Organization

1. The name of the corporation shall be the Native American Development Corporation ("Corporation"), which is incorporated as a non-profit corporation under the laws of the State of Montana.
2. The business and affairs of the Corporation shall be managed by its Board of Directors ("Board"). The Board shall set policy for the Corporation and oversee and manage the staff and affairs of the Corporation. All of the powers and authority of the Corporation as set forth in the Articles of Incorporation and as authorized by law is vested in the Board.
3. The Board may adopt such rules and regulations for the conduct of their meetings and the management of the Corporation as they deem necessary and proper. Such rules and regulations must be consistent with the Charter of the Corporation, these Bylaws, and the laws of the State of Montana.

ARTICLE II

Meetings

1. *Annual Meetings.* An annual meeting of the Board shall be held during the first three months of the new year at a place selected by the Board and with notice as set forth below.

BYLAWS OF THE NATIVE AMERICAN DEVELOPMENT CORPORATION

2. *Regular Meetings.* Regular meetings shall be held at a time and place selected by the Board for its regularly scheduled meetings with notice as set forth below. Regular, special, or annual meetings may be held by conference call, and any Director may participate in any regular, special or annual meeting by telephone. Any action which may be taken at any meeting of the Board may be taken without such meeting by one or more written documents signed by eight Directors. The written action shall be filed with the Secretary of the Corporation and shall be inserted by the Secretary in the permanent records relating to meetings of the Board.
3. *Special Meetings.* Special meetings of the Board may be called at the request of the Chairman of the Board, four Directors, or the Executive Director. The person or entity calling the meeting may fix the time and place for holding the special meeting and the notice shall state the purpose of the meeting. Special meetings may be called for any purpose which can not await a regular or annual meeting of the Board.
4. *Notice of Meetings.* Notice of the time and place of all Board meetings shall be provided to each Director no less than five days before such Board meeting. If mailed, such notice shall be deemed delivered when deposited in the United States mail, postage prepaid. If sent by a facsimile machine, such notice shall be deemed delivered when the fax is sent and delivery to the responding facsimile machine is confirmed. If sent by electronic mail (E-mail), notice is deemed delivered when transmitted. The proposed agenda for the meeting shall be included in the notice. Under exigent circumstances, the Board may provide less than five (5) days notice of a special meeting so long as the Directors receive actual notice at least two days before the special meeting. If there is a question whether a Director may receive the notice in time, reasonable efforts should be

made to notify the Director by telephone of any special meeting.

5. *Waiver of Notice.* The attendance of a Director at an annual, regular, or special meeting of the Board shall constitute a waiver of notice for that Board member for the meeting attended. However, notice shall not be deemed waived where the Director attends the meeting for the express purpose of objecting to the transaction of any business because the meeting was not properly called or convened.
6. *Continued Meeting.* A Board meeting agenda that is not completed may be continued and completed at another meeting scheduled within ten days of the original meeting without providing additional written notice so long as all Directors are notified in a reasonable manner about the continued meeting.
7. *Place of Meetings.* The Board may designate any place within Montana or Wyoming as the place for holding annual, regular or special meetings called by the Board. If no designation is made as to where to hold an annual or special meeting, the place of the meeting shall be the principal office of the Corporation.

### ARTICLE III

#### Board of Directors

1. *Composition.* There shall be thirteen members on the Corporation's Board of Directors. The size of the Board may be increased or decreased by official resolution of the Board without amending these bylaws. At least seven Directors shall be enrolled members of federally-recognized Indian tribes. No less than ten of the Directors shall be residents of Montana or Wyoming. The Chairperson of the Montana-Wyoming Tribal Leaders Council shall be an ex-official Board member. Board members shall be selected to provide business, governmental, private sector, and non-profit corporation experience to the

ARTICLE IV

Officers

1. *Election.* The Officers of the Board shall be elected annually by the Board at the Annual Board Meeting; provided, however, that the first election of officers shall occur at the first meeting where the entire Board is constituted. All Officers shall serve one year terms. There is no limit on the number of terms an Officer may serve.
2. *Chairman.* The Chairman (or Chairperson) shall preside over all meetings of the Board. The Executive Director shall be accountable to the Chairman on the day-to-day activities of the Corporation. When authorized by the Board, the Chairman may execute deeds, mortgages, bonds, contracts, agreements or other written instruments. The Chairman shall perform all other duties incidental to the Office of the Chairman and such other duties as the Board may prescribe from time to time.
3. *Vice-Chairman.* In the absence of the Chairman, or upon the Chairman's departure or inability to act, the Vice-Chairman (or Vice-Chairperson) shall perform the duties of the Chairman. When so acting, the Vice-Chairman shall have all the powers vested in the Chairman. The Vice-President shall perform such other duties as from time to time may be assigned to the Vice-Chairman by the Chairman or by the Board or that may be incidental to the Office of the Vice-Chairman.
4. *Secretary.* The Secretary of the Corporation shall keep the minutes of the Board meetings and shall ensure that all required notices are duly given in accordance with the requirements of these Bylaws. The Secretary shall ensure that the Corporation's official records are maintained in good order and shall maintain a

BYLAWS OF THE NATIVE AMERICAN DEVELOPMENT CORPORATION

- register of the mailing addresses and phone numbers of each Director. The Secretary shall generally perform all duties incident to the Office of the Secretary and such other duties as the Board or the Chairman may from time to time assign to the Secretary.
5. *Treasurer.* The Treasurer shall assume responsibility for all funds and accounts of the Corporation; receive and give receipts for moneys due and payable to the Corporation collected from any source; deposit all money or funds received in the Corporation's bank accounts; and generally perform all of the duties incident to the Office of the Treasurer along with such other duties as from time to time may be assigned to the Treasurer by the Chairman or the Board. If required by the Board, the Treasurer shall execute a performance bond for the faithful discharge of the Treasurer's duties. The bond shall be in such sum and with such surety or sureties as the Board shall determine adequate to protect the Corporation.
  6. *Other Officers.* The Board may appoint such other officers as the Board deems necessary and convenient.
  7. *Removal.* Any Officer elected by the Board may be removed by a vote of eight Directors. Removal shall be based upon the Board's judgment that the best interests of the Corporation would be served by such removal. Any removal provided hereto shall be accomplished at a duly convened Board meeting and the removed Officer shall be provided an opportunity to respond to the grounds for removal.
  8. *Vacancies.* Upon the vacancy of any Officer position due to death, resignation, removal, or otherwise, the Board may fill the Officer position for the unexpired term of the office.

ARTICLE V

Quorum

At any annual, special or regular meeting of the Board, the attendance of seven Directors shall constitute a quorum for the purposes of transacting Corporation business. The quorum must be present before any Corporation business may commence. A Director may participate by telephone and need not be present to satisfy a quorum.

ARTICLE VI

Voting

The action taken by the majority of the Directors in attendance at a special, regular or annual meeting of the Board at which a quorum is satisfied shall constitute the official action of the Board. No voting by proxy is allowed. Any Director may submit a verbal or written dissent or explanation for their vote into the record of any meeting, or subsequently filed with the Corporation Secretary.

ARTICLE VII

Resignations

A Director may resign at any time by providing written notice to the Executive Director or Chairman of the Board. Unless otherwise specified in the notice, the resignation shall take effect immediately upon receipt of the notice. Acceptance of the resignation by the Board shall not be necessary to make the resignation effective.

ARTICLE VIII

Compensation

No salary or compensation (other than expense reimbursement) shall be paid to the Directors or Officers for their services as Directors or Officers unless the Board approves of such compensation by resolution. Nothing contained herein shall be

interpreted to preclude any Director from serving the Corporation in any other capacity and receiving compensation for such service so long as the arrangement is approved in advance by the Board and the Director does not compromise his or her duty of care and loyalty to the Corporation.

## ARTICLE IX

### Committees

The Board may, by resolution or official action at a duly called meeting, designate persons from within or outside its Board to serve on standing or ad hoc committees to carry out the duties and business of the Corporation. A majority of the members to any Committee shall be comprised of Directors. Committees shall only have authority to make recommendations to the entire Board. No Committee shall have authority to take official actions, speak, or enter into contracts on behalf of the Board or the Corporation.

## ARTICLE X

### Financial Matters and Audit

1. *Contracts.* The Board may authorize any Officer or agents of the Corporation to enter into any contract or execute and deliver any instrument in the name of or on behalf of the Corporation.
2. *Debt.* Unless authorized by the Board, no loans shall be obtained on behalf of the Corporation and no shall be incurred in the Corporation's name.
3. *Commercial Paper.* All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Corporation shall be signed by Corporation Officers or agents. The Board shall by resolution specify the Officers or agents authorized to sign such checks and commercial paper. All checks and commercial paper issued in the name of the Corporation

shall contain the signature of two authorized Officers or agents of the Corporation.

4. *Deposits.* Consistent with the Treasurer's duties contained in these Bylaws, all funds of the Corporation not otherwise engaged shall be deposited from time to time to the credit of the Corporation in such banks, trust companies or other depositories as the Board may select or direct.
5. *Annual Budget.* The Corporation shall establish an annual budget for the Corporation which shall include an itemization of all anticipated revenues and expenses for the year.
6. *Audit.* The Corporation shall cause the financial reports to be audited at least once every fiscal year and the results of this audit, or any special audit, shall be submitted to the Board. Special audits requested by the Board may be conducted at any time at the request of the Board.

#### ARTICLE XI

##### Fiscal Year

The fiscal year of the Corporation shall be the calendar year.

#### ARTICLE XII

##### Conflict of Interest

A Director having a conflict of interest or a conflict of responsibility on any matter involving the Corporation and any other business, person, or pecuniary matter shall refrain from voting on such matter. With respect to any matter which constitutes a conflict of interest or responsibility, or the appearance of a conflict of interest or responsibility, the Director shall disclose such matter to the Board. No Director shall use his or her position as Director for his or her own direct or indirect financial gain.

BYLAWS OF THE NATIVE AMERICAN DEVELOPMENT CORPORATION

The general standards for directors set forth in 35-2-416 MCA, and for officers at 35-2-441, apply.

ARTICLE XIII

Indemnification

1. The Corporation shall indemnify any Director or Officer of the Corporation, who is serving or who has served at the request of the Corporation, against expenses, including attorney fees, judgements, fines, claims, damages, and amounts paid in settlement actually and reasonably incurred by him by reason of the fact that he is or was such Director or Officer in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative to the extent and according to the procedures and requirements set forth in the non-profit corporation law of the State of Montana. The limitations, requirements and procedures contained in 35-2-446 through 35-2-454 MCA shall apply. The indemnification provided for herein shall not be deemed to restrict the right of the Corporation to indemnify employees, agents and others as permitted by law.
2. The indemnification provided by Section 1 of this Article shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under the law or any agreement, vote of disinterested Directors, or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a Director or Officer and shall inure to the benefit of the heirs, executors and administrators of such a person.

ARTICLE XIV

Fiscal Year

The fiscal year of the Corporation shall be the calendar year.

ARTICLE XV

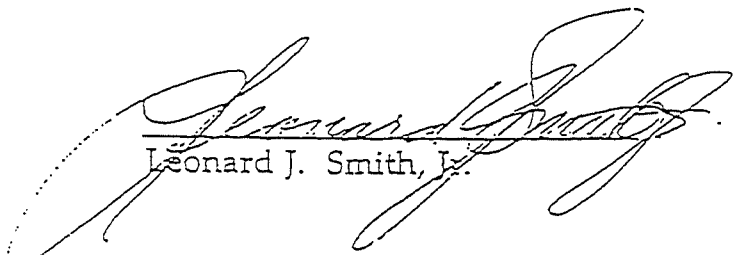

Amendments

These Bylaws may be altered, amended or repealed by a vote of eight of the Directors present at a duly called meeting. Unless waived in accordance with Montana law and these Bylaws, advance written notice of the intent to amend the Bylaws shall be provided to all Directors at least seven days prior to the Board meeting at which the Amendment is proposed, and a copy of the Amendment shall be provided to each Director.

Addendum Applies:  
No

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

You are required to make your annual information return, Form 990 or Form 990-EZ, available for public inspection for three years after the later of the due date of the return or the date the return is filed. You are also required to make available for public inspection your exemption application, any supporting documents, and your exemption letter. Copies of these documents are also required to be provided to any individual upon written or in person request without charge other than reasonable fees for copying and postage. You may fulfill this requirement by placing these documents on the Internet. Penalties may be imposed for failure to comply with these requirements. Additional information is available in Publication 557, Tax-Exempt Status for Your Organization, or you may call our toll free number shown above.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

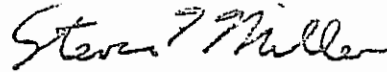

Letter 1050 (DO/CG)

NATIVE AMERICAN DEVELOPMENT

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

A handwritten signature in cursive script that reads "Steven T. Miller".

COVID-19 ERSP Project director BUIHWC

The Outreach Case Manager position was brought to my attention, and I think that I would make an excellent candidate for it. Currently I provide professional Substance Use Disorder counseling and guidance to clients. I feel that I meet all your requirements. In addition to this I would like to work for an organization like yours that has a reputation for ensuring that clients requiring support always receive the best care available.

During my 3 years in this field, I have helped my clients to overcome challenges related to poverty, homelessness, behavioral and SUD related issues. I have worked extensively with the Native American population in my current position and on the Northern Cheyenne Reservation volunteering and serving in the community.

I can comfortably work on a multi-disciplinary treatment team providing case management in community-based setting and also one on one basis.

Attached is my resume for your consideration. I very much look forward to hearing from you in the near future.

Thank you,

*Rosalyn Bigback, LAC*

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Management of  
Native American Development Corporation

### ***Opinion***

We have audited the financial statements of Native American Development Corporation, which comprise the Balance Sheet for year ended September 30, 2022 and the related statements of activities and cash flows for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position Native American Development Corporation as of September 30, 2022 and 2021, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Native American Development Corporation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Native American Development Corporation ability to continue as a going concern for financial year 2023.

### *Auditor's Responsibility*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Native American Development Corporation internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Native American Development Corporation ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**NATIVE AMERICAN DEVELOPMENT CORPORATION  
NOTES TO ACCOUNTS  
FOR THE YEARS ENDED SEPTEMBER 30, 2022**

---

**Note 1 – Description of the Organization**

The Native American Development Corporation (NADC) is a nonprofit organization established in 1996 and located in Billings, Montana. In 2001, NADC became a certified Native Community Development Finance Institution (CDFI) and in 2009, launched a Native Procurement Technical Assistance Center (PTAC) to assist entrepreneurs in navigating government contracting opportunities. Late in 2018, the Organization opened the Billings Urban Indian Health and Wellness Center (BUIHWC) to serve the American Indian population living in Billings and Yellowstone County through a range of culturally appropriate medical services.

NADC has historically and consistently remained an organization that works to create, stimulate, and advocate for Native American people and societies. The Organization was founded on the basic premise of "combating community deterioration, poverty, unemployment, racial discrimination and prejudice; to reduce neighborhood tensions; to relieve the poor, distressed and underprivileged within poverty-stricken Indian reservations" by providing programs and resources that seek to alleviate the underlying issues related to generational poverty in Indian Country.

Our mission is to be a high-quality, high-performing, sustainable community and economic development corporation providing the tools and resources necessary for individuals and families, businesses and communities in rural reservation and urban Native areas in Montana, Wyoming, North Dakota, and South Dakota to not just survive, but to thrive. We view this as a long-term commitment and continue to make progress towards this end by leveraging existing and new human and financial resources.

The Organization serves entrepreneurs, individuals, families, and regions working towards self-sufficiency, economic and social stability through core activity areas of: Technical Assistance; Business Lending; Health and Wellness; and Entrepreneurial Advocacy and Support. Our work is driven by a desire to provide a "hand up" and not a "hand out".

In 2011, the Organization created American Indian Consulting Services, Inc. (AICS), a for-profit subsidiary, which works closely with the Organization to provide services to Native American entrepreneurs. AICS is a wholly owned subsidiary, and the results of its financial operations are included in this consolidated report.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of presentation** –The consolidated financial statements of Native American Development Corporation have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require Native American Development Corporation to report information regarding its financial position and activities according to the following net asset classifications:

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of Native American Development Corporation's management and the board of directors.

**Net assets with donor restrictions:** Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Native American Development Corporation or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

**Consolidated Financial statements** – The consolidated financial statements include the accounts of Native American Development Corporation and American Indian Consulting Services. The entities are consolidated since Native American Development Corporation has both an economic interest in and control of American Indian Consulting Services through a majority voting interest in their governing board. The Native American Development Corporation also provides administrative services for American Indian Consulting Services. All significant interorganizational transactions have been eliminated.

**Measure of operations** – The statements of activities reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to Native American Development Corporation's ongoing services and interest and dividends earned on investments. Nonoperating activities are limited to resources that generate return from investments and other activities considered to be of a more unusual or nonrecurring nature.

**Cash and cash equivalents** – Native American Development Corporation's cash consists of cash on deposit with banks. Cash equivalents represent money market funds or short-term investments with original maturities of three months or less from the date of purchase, except for those amounts that are held in the investment portfolio which are invested for long-term purposes.

**Concentrations of credit risk** – Financial instruments that potentially subject Native American Development Corporation to concentrations of credit risk consist principally of cash and cash equivalents and investments. Native American Development Corporation maintains its cash and cash equivalents in various bank accounts that, at times, may exceed federally insured limits. Native American Development Corporation's cash and cash equivalent accounts have been placed with high credit quality financial institutions. Native American Development Corporation has not experienced, nor does it anticipate, any losses with respect to such accounts.

**Grants receivable** - The Organization is the recipient of various grant awards, some of which are of a cost reimbursement type and others are advance-funded. Revenue is recognized when the specified costs described in the grant agreements are incurred. Grants receivable represent amounts due from the various federal and nonfederal granting agencies for reimbursement of expenses for various programs. Management has determined that the receivables are fully collectible; therefore, no allowance for uncollectable accounts is considered necessary as of September 30, 2022. Amounts collected in advance of incurring specified costs are reflected as deferred revenues.

**Due to/from related parties** – In February 2015, NADC signed a note with American Indian Consulting Services, Inc. (AICS), a wholly owned subsidiary, whereby NADC agreed to loan AICS up to \$100,000, with the proceeds to be used for start-up expenses. The note calls for interest to accrue monthly at an annual rate of 7.0%. The note was amended in May 2015 and July 2015, with a maturity date of November 15, 2024. The revised terms of the note require monthly principal and interest payments of \$1,101.40, some outstanding back payments of which were added to the loan balance. The interest rate remained unchanged. As of September 30, 2022, the outstanding balance on this note was \$79,329.60. The balance of this note has been eliminated on the consolidated statement of financial position. The amount in the Balance Sheet does not match the \$79,329.60 as the loan was reissued in January 2023, and is a carryover from prior years of non-payment.

In August 2015, the Organization agreed to lend \$295,546.30 to Northern Arapaho Tribal Industries (NATI), a wholly owned enterprise of the Northern Arapaho Tribe, for the purpose of installing fiber optic cable within the Wind River Indian Reservation. The note states payments are due monthly in the amount of \$2,260.68 and the note accrues interest at a rate of 7.0% with a maturity date in 2030. The chairman of NATI's board of directors is also a member of NADC's board of directors. As of September 30, 2022, the outstanding balance on this loan was \$291,370.30.

**Property and equipment, net** – Property and equipment are stated at cost at the date of purchase or, for donated assets, at fair value at the date of donation, less accumulated depreciation. Depreciation is calculated using the straight-line method over the lesser of the estimated useful lives of the assets or the lease term. The useful lives range from three to thirty-nine years. Native American Development Corporation's policy is to capitalize renewals and betterments acquired for greater than \$5,000 and expense normal repairs and maintenance as incurred. Native American Development Corporation's management periodically evaluates whether events or circumstances have occurred indicating that the carrying amount of long-lived assets may not be recovered.

The Organization reports gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash and other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

**Contributions** – Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Contributed property and equipment are recorded at fair value at the date of donation. Contributions with donor-imposed stipulations regarding how long the contributed assets must be used are recorded as net assets with donor restrictions; otherwise, the contributions are recorded as net assets without donor restrictions.

**Grant Revenue** – The Organization’s grant awards are contributions which are evaluated for conditions and recognized as revenue when conditions in the award are satisfied. Unconditional awards are recognized as revenue when the award is received. Amounts received in which conditions have not been met are reported as a deferred revenue.

**In-kind donations** – Native American Development Corporation received donated professional services of \$19,520 for the year ended September 30, 2022. Such amounts, which are based upon information provided by third-party service providers, are recorded at their estimated fair value determined on the date of contribution and are reported as contributions in-kind and supporting services on the accompanying statements of activities and statements of functional expenses.

**Functional expenses** – The costs of providing program and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among program and related services benefited. Such allocations are determined by management on an equitable basis. Accordingly, salaries and related benefits have been allocated based on estimated time spent in program and supporting services. Other shared costs such as depreciation and occupancy expenses are allocated based on square footage occupied by program services.

**Use of estimates** – The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

**Income taxes** –Native American Development Corporation is exempt from income tax under IRC section 501(c)(3), though it is subject to tax on income unrelated to its exempt purpose, unless that income is otherwise excluded by the Code. Native American Development Corporation has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it has nexus; and to identify and evaluate other matters that may be considered tax positions. Native American Development Corporation has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements.

AICS is organized as a C corporation and is subject to taxation at the federal and state level. AICS applies generally accepted accounting principles for recognition of uncertainty in income taxes and prescribing a recognition threshold and measurement attribute for the recognition and measurement of a tax position taken or expected to be taken in a tax return.

In the course of its assessment, AICS has determined that it is subject to examination of their income tax filings in the United States and state jurisdictions for the three previous tax years. In the event that AICS is assessed penalties and or interest, these amounts will be charged to expense in the period when assessed.

### **Note 3 – Availability and Liquidity**

The following represents Native American Development Corporation’s financial assets at September 30, 2022 and 2021:

Note: There is a historical correction in asset categorization of \$15,890, from Building & Improvement to Leasehold Improvement.

For the years ended September 30, 2021 and 2022, depreciation expense totaled \$53,681 and \$65,211, respectively.

#### **Note 5 - Note Receivable**

The Organization extends notes to various tribal organizations within its service area using grant monies, revolving loan funds, and other loan proceeds. As of September 30, 2022, the Organization has 11 Notes Receivable totaling \$724,913. Of these totals, approximately \$209,080 in principal will mature in the coming years. Interest rates range from 4% to 8%.

There were no impaired notes or notes on nonaccrual status as of September 30, 2022. However, the Organization routinely reviews their notes receivable and evaluates each note for repayment. As a result, they had an allowance for note losses of \$62,500 at September 30, 2022.

Long Term notes receivable consist of the following:

|                                                                                 |                |
|---------------------------------------------------------------------------------|----------------|
| NADC Loan Portfolio                                                             | 938,831        |
| Less : Notes receivable - current portion                                       | (187,168)      |
| Less : Allowance for Loan Loss                                                  | (62,500)       |
| Notes receivable - Long term Portion, Net of<br>Allowance for Doubtful Accounts | <u>689,163</u> |
| Balance - Beginning of Year                                                     | 62,500         |
| Loans charged off                                                               | -              |
| Bad debt expense                                                                | -              |
| Balance - End of Year                                                           | <u>62,500</u>  |

The Organization considers loans impaired when, based on current information, it is probable that the Organization will not collect all amounts due in accordance with contractual terms of the loan agreement. This generally includes all loans over 180 days delinquent and other loans where management has received indications suggesting future nonperformance is likely. Loans that are deemed impaired are evaluated for impairment individually. Loans that are not impaired are evaluated for impairment collectively based on past loss experience, current economic risks and other relevant factors. During the year ended September 30, 2022, there were zero loans that were considered impaired and written off.

**Note 6 – Lease Commitments**

Effective June 1, 2018, the Organization entered into a five-year lease agreement to lease space in Billings on a per square foot basis. Total rent expense incurred under operating leases totaled \$237,075 and \$232,504 for the years ended September 31, 2022 and 2021 respectively.

For years subsequent to 2022, minimum annual future rental commitments under the lease agreements, are as follows:

OPERATING LEASE

Year ending September 30

2023

152,106.45

152,106.45

Deferred rent consists of the excess of the rental expenses on a straight-line basis over the payments required by the lease and is included in other liabilities in the statements of financial position. As of September 31, 2022 and 2021, the deferred rent liability balance was \$95,000 and \$96,000, respectively.

**Note 7 –Net Assets**

Net assets with donor restrictions were as follows for the years ended September 30, 2022 and 2021:

NET ASSETS WITH DONOR RESTRICTIONS

|                           |                  |

## Note 10 – Economic Dependency

The Organization received \$5,238,880 in grant revenues from the United States federal government and private sources during 2022 for various grants and contracts. If the grants were terminated, without obtaining funding from alternative sources, the decrease in revenue could impair the Organization's operations.

## Note 11 – Subsequent Events

Native American Development Corporation has evaluated subsequent events through May 10, 2023, which is the date the financial statements were available to be issued. Native American Development Corporation is not aware of any material subsequent events.

## **NOTES TO SCHDEULE OF FEDERAL EXPENDITURE**

### **NOTE 1 GENERAL**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Native American Development Corporation under programs of the federal government for the year ended September 30, 2022. The information in this schedule is presented in accordance with requirements of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Native American Development Corporation, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows of Native American Development Corporation.

### **NOTE 2 BASIS OF ACCOUNTING**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

### **NOTE 3 INDIRECT COST RATE**

Native American Development Corporation has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance. The Organization instead uses a provisional rate of 25.60% based on total direct costs less any capital expenditures.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors  
Native American Development Corporation  
Billings, Montana

We have audited, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the consolidated financial statements of Native American Development Corporation (a nonprofit organization) and its subsidiary, which comprise the consolidated statement of financial position as of September 30, 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated May 10, 2023. The consolidated financial statements of the subsidiary, American Indian Consulting Services, were not audited in accordance with Government Auditing Standards, and accordingly, this report does not include reporting on the internal controls over financial reporting or instances of reportable noncompliance associated with American Indian Consulting Services.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the consolidated financial statements, we considered Native American Development Corporation's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Native American Development Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of Native American Development Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001 that we consider to be a material weakness.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Native American Development Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

***Native American Development Corporation's Response to Findings***

Native American Development Corporation's response to the findings identified in our audit is described in the accompanying Management's Corrective Action Plan. Native American Development Corporation's response was not subjected to the auditing procedures applied in the audit of the consolidated financial statements and, accordingly, we express no opinion on it.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of Native American Development Corporation's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Native American Development Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors  
Native American Development Corporation  
Billings, Montana

***Report on Compliance for Each Major Federal Program***

We have audited Native American Development Corporation's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022. Native American Development Corporation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of Native American Development Corporation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Native American Development Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Native American Development Corporation's compliance.

***Opinion on Each Major Federal Program***

In our opinion, Native American Development Corporation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

### ***Report on Internal Control Over Compliance***

Management of Native American Development Corporation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Native American Development Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Native American Development Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2022-002, that we consider to be significant deficiencies.

Native American Development Corporation's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Native American Development Corporation's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**2022-001     **Material Weakness in Internal Control - Audit Adjustments****

Criteria or Specific Requirement: An internal control structure should be designed to identify adjusting journal entries, which are significant to an Organization's financial statements prepared in accordance with accounting principles generally accepted in the United States (GAAP).

Condition: As part of our audit, a number of adjustments and were proposed and recorded, significant in the aggregate, to properly state the consolidated financial statements in accordance with GAAP.

Context: During the audit, we identified various adjustments necessary to balance intercompany balances between Native American Development Corporation and its subsidiary American Indian Consulting Services (AICS).

Effect: We drafted several adjustments during the audit in order for balances to be materially correct.

Cause: Significant account balances were not reconciled to supporting detail.

Recommendation: McKenzie recommends a detail review of account balances on a periodic basis including the opening balances to the last audited financials. Implementation of a closing checklist would be beneficial to ensure all accounts are reconciled.

View of Responsible Official: See Management's Corrective Action Plan.

## Section IV – Prior Year Audit Findings

---

### **Financial Statement Findings:**

#### **2021-001      Material Weakness in Internal Control - Audit Adjustments**

Criteria or Specific Requirement: An internal control structure should be designed to identify adjusting journal entries, which are significant to an Organization's financial statements prepared in accordance with accounting principles generally accepted in the United States (GAAP).

Condition: As part of our audit, a number of adjustments were proposed and recorded, significant in the aggregate, to properly state the consolidated financial statements in accordance with GAAP.

Context: During the audit, we identified various adjustments necessary across many different account balances including those between Native American Development Corporation and its subsidiary.

Effect: We drafted several adjustments during the audit in order for balances to be materially correct.

Cause: Significant account balances were not reconciled to supporting detail.

Recommendation: CLA recommends a detail review of account balances on a periodic basis. Implementation of a closing checklist would be beneficial to ensure all accounts are reconciled.

View of Responsible Official: See Management's Corrective Action Plan.

## **Federal Award Findings:**

### **2020-002      Significant Deficiency in Internal Controls - Reporting - Late Audit Submission**

Funding Agency: All Federal Agencies

Title: All Federal Awards

Assistance Listing Number: All assistance listing numbers listed on the Schedule of Expenditures of Federal Awards.

Criteria or Specific Requirement: As required by the Federal Register notice dated June 26, 2007, auditees are required to submit a completed Form SF-SAC, along with one complete reporting package to the Federal Audit Clearinghouse on/before the earlier of 30 days after receipt of the auditor's report or nine months after the end of the audit period. During 2020, this requirement was extended by six months for audits due June 30, 2022.

Condition: An SF-SAC report was not timely filed.

Context: Due to the COVID-19 pandemic and other extenuating circumstances the 2020 audit was not completed until April 2022. Management worked to engage a new CPA firm and began the transition in late April and May 2022. Audit fieldwork was not able to begin until June 2022 based on the new firm's availability. Due condensed timeline from the late issuance of the 2020 audit, the 2021 audit was unable to be submitted to the Federal Audit Clearinghouse in a timely manner.

Questioned Costs: To be determined by grantor.

Effect: The Organization is at risk of jeopardizing the continued funding provided by the federal agency.

Cause: Delays in issuing the September 30, 2020 financial statements led to a delay in this audit.

Recommendation: CLA recommends the Organization implement processes to ensure tasks are being completed timely and ready to be presented for audit within a timeframe that allows for the audit to be completed timely.

View of Responsible Official: See Management's Corrective Action Plan.

## Financial Statement Findings – Corrective Action Plan 2022

---

### 2022-001 Material Weakness in Internal Control - Audit Adjustments

**Recommendation:** McKenzie recommends a detail review of account balances on a periodic basis including the opening balances to the last audited financials. Implementation of a closing checklist would be beneficial to ensure all accounts are reconciled. The context of this finding is specifically to balance the intercompany balances between Native American Development Corporation and its subsidiary American Indian Consulting Services (AICS)

**Explanation of disagreement with audit finding:** Only a few balances were in question and resolution was provided by the client. Some of the balances in question are a result of the accounting system and the inability to correct errors or to adjust within the QuickBooks system.

**Action planned/taken in response to finding:** NADC has purchased a new accounting package that will fit our needs and adjust to the organization's growth. It was implemented on January of 2023. The accounts in question between AICS and NADC have been reconciled for the new system and the two companies are set up as separate entities with any revenue or expenditures being handled as intercompany transfers and balanced with the monthly close.

**Name(s) of the contact person(s) responsible for corrective action:** Marilyn Klein, CPA

**Planned completion date for corrective action plan:** 9/30/23

RE: Home-ARP Request of Qualifications (RFQ)

Native American Development Corporation is honored to provide the Home-ARP Request of Qualifications (RFQ) responses to help with informed decision-making on the funding allocation entrusted to the City of Billings under the direction of the City Council.

As such, please accept the following responses to the RFQ.

1. Please describe NADC's ability to maintain and manage multiple waiting lists.

In keeping with the expectations of managing the distribution and equity of services, client waiting lists are organized much like patient waiting lists. Each department must conduct an initial intake assessment that captures individual demographic information, healthcare, housing, and other socio-economic or social determinants of health needs and priorities. When an individual is placed on a waiting list, the information is entered into an internal database tracking system. The tracking system includes the individuals' legal name, available contact information, the best way to reach individuals without reliable contact information, health, housing, and socio-economic indicators of needs are selected, service utilization, and is prioritized using a triage matrix (e.g., individual and others safety, non-emergent but urgent needs, emotional distressing situations or mental health crisis, non-emergent but critical risks). All efforts are made to provide an appointment with the wrap-around service team within 24 to 72 hours, depending on the date/time of the individual request for services. Every individual receives an appointment card that also provides essential contact information. In addition, each client works with the intake coordinator to complete an empowerment plan that helps identify all needs and what areas of supportive services are most important to the client to guide the care and recovery teams.

2. Please describe your policies and procedures for internal program referrals for clients (e.g., participants) within the organization.

NADC's policies and procedures place client safety, medical necessity, and critical needs at the forefront of the prioritization of referrals. Much like medical or mental health triage, all policies and procedures require staff to screen for safety, additional risk factors, and protective mechanisms to determine the acuity and urgency of medical and other direct services. From the medical model, NADC Billings Urban Indian Health

and Wellness Centers uses an integrative and multidisciplinary approach, more commonly a warm hand-off, where individuals with emergent needs are immediately linked to 911, and those in urgent and immediate need receive same-day crisis intervention and stabilization support. Individuals in non-emergent or non-urgent situations receive an appointment within 24 to 72 hours. Individuals with stable situations but upcoming risks are scheduled using the next best available appointment, at most 1 to 2 weeks of wait time, depending on the department and provider availability. Like other healthcare organizations, some wait times extend up to 3 weeks, but NADC takes every measure to manage waitlists using same-day appointment options when other individuals call and cancel a scheduled appointment with medical, mental health, and chemical dependency providers. Finally, the wrap-around service team with the NADC Native American Empowerment Program (NAEP) is responsible for coordinating, following up, and monitoring timely appointments and services. NADC's administrative management also provides direct oversight to ensure the timeliness of services, client and patient safety, and high-quality relational experiences that improve outcomes.

3. Please describe NADC's understanding of housing discrimination and the "Fair Housing Act".

NADC has a firm understanding of housing discrimination and the "Fair Housing Act" due to our commitment to serve identified needs of the clients we assist. Darrell LaMere is an NADC staff person with a passion for and experience in all aspects of Fair Housing and we have one current staff person, Maddison Wilhite, and two previous employees who have served as testers for Fair Housing compliance.

Mr. LaMere is the President of Montana Fair Housing, an anti-discrimination housing advocacy group. He is also on the Billings Salvation Army Advisory Board and a member of the Billings City Council's Human Relations Commission.

4. Has NADC's staff participated in any Fair Housing training in the last three years? If yes, please list training type(s), and date(s) of training.

Annual in-service training – most recent October 2023

5. What procedures will NADC implement to collect follow-up client data?

Our current NAEP follow up process includes completing a NOMS assessment six months after discharge. At the same time, our team keeps communication open on an ongoing basis through email, phone calls, text messages, and by asking for basic updates. It is part of our practice and values to remain a resource for the clients we serve, and they know they can come to us with a relapse or challenge of any kind. For the HOME-ARP program, we would implement a similar process, following the below structure:

Conduct adapted (simplified) NOMS assessments at 3 months, 6 months, and after that, annually. Simplified NOMS (National Outcome Measures) assessment outline:

**A. Substance Use**

- Have you used any substances (alcohol, drugs) in the past 30 days?
- Do you have any sober support, sponsorship, social support?

- Are you using any self-help such as Talking Circles, AA or other resources?

### **B. Employment/Education**

- Are you currently employed or enrolled in an educational or vocational training program?

### **C. Physical Health**

- How would you rate your overall physical health currently?
- Have you had any significant health issues or hospitalizations since your last assessment?

### **D. Mental Health**

- How would you rate your overall mental health currently?
- Have you experienced symptoms of anxiety, depression, or other mental health concerns since your last assessment?

### **E. Housing Status**

- What is your current housing situation within the last 30 days (e.g., stable, temporary, homeless)?
- If not homeless: are you renting or do you own, at sober living, staying with friends, other?

### **F. Social Connectedness**

- Do you feel supported by family? Friends? Others in your community?

### **G. Legal Issues**

- Have you had any new legal issues or involvement with the criminal justice system since your last assessment?
- Are you currently on probation or parole?

### **H. Access to Services**

- Have you had any difficulties accessing mental health, substance use treatment, or other supportive services?
- Are there services you need that you have not been able to access?

### **I. Recovery or Treatment Goals**

- Have you identified specific goals as part of your recovery or treatment plan?
- What progress have you made toward achieving these goals?

## 6. How will NADC continue to serve clients after the Home-ARP funding is fully expended?

Since the onset of COVID-19 the organization has built a successful delivery model for wraparound services, and we have seen a consistent need for these services to continue. For the past 28 months NADC was able to leverage funding from the Substance Abuse and Mental Health Services Administration to launch and refine a suite of services for homeless individuals and families or those at risk of homelessness. NADC operates a number of programs that support these clients, including recovery communities, peer support, restorative justice, housing equity, financial literacy, and other supportive services from a sustainability perspective. We will continue to seek funding, partnerships, and agreements to support these services from appropriate sources to continue this vital work prior to Home-ARP funding being fully expended. Future provision of this service delivery is important to the people being served, to this organization, and to the community as a whole.

7. Does NADC currently use the Homeless Management Information System HMIS? If not, is NADC willing to implement HMIS to meet program requirements?

NADC does not currently use the HMIS. However, NADC is willing and has extensive experience implementing and integrating new information systems for client data collection, analysis, and management. NADC's information systems integrations include but are not limited to: electronic health records, laboratory information systems, grants management systems, financial information systems, funding agency data portals, and national database information systems to ensure the accuracy of data collection, practical analysis, performance metric, data management, and to support federal, state, and local funding allocation based on quantitative needs analysis.

8. After reviewing these additional questions, requirements, and clarifications, NADC does not want to adjust any of the supportive services activities proposed in the original application. However, we do intend to expand on the program as time and resources allow. This will include establishing a weekly schedule of additional on-site client support services such as financial literacy, healthy foods education, immunizations, medical services, and behavioral health services. Basically, creating a One-Stop Shop for a range of client-driven supportive services.
9. NADC is not hiring staff to carry out the Home-ARP supportive services. NADC's current positions were previously funded through a 16-month SAMHSA COVID-19 emergency response opportunity. The creative flexibility of these funds permitted NADC to create and refine the existing and proposed supportive services. As this SAMHSA funding concludes, NADC's impact evaluation highlighted the essential importance of the services proposed and requires additional funding to help continue these endeavors while pursuing a more suitable framework and other sources of funding. NADC is confident that with the Home-ARP funds we will be able to continue the delivery of services and secure additional funds through private and public funding sources. The development team is actively seeking funds that will allow service to be sustained.
10. In response to the position description and required Project Manager qualifications, NADC is in the process of updating the job description. Due to the process involved in updating we have not been able to complete this as quickly as needed.

The organization currently employs two people who are qualified to serve as an interim PM and we will advertise for the PM position to ensure the integrity of the position requirements and the fiduciary responsibilities being entrusted to NADC. We also request input from a member of the City's Home-ARP Citizen advisory committee on the final job description as well as participation in the interview process to ensure that NADC meets or exceeds expectations for this pivotal position.

11. In response to what building is currently being rented to carry out these activities, and how the rent is currently being paid, and why Home-ARP is needed?

The current NAEP positions are housed within the Billings Urban Indian Health & Wellness Center (BUIHWC) and over the past several years, NADC and Billings First Church have cultivated a strong

partnership with mission alignment. Home-ARP funds will be used to pay rent at First Church as NADC believes this is a more appropriate and well-established location for the provision of services in this proposal. Full execution of the proposed services will require more space than is available or feasible at BUIHWC and First Church is willing to be an active partner in this project.

Home-ARP funds are needed to pay rent in this larger, more suitable facility which can accommodate the range of supportive services requested to fulfill the intent of the funding and meet the needs of the homeless prevention supportive service activities.

Please let us know if you have any additional questions.

Unique Entity Identification (UEI) Number: A UEI is a number issued by the federal government's System for Award Management (SAM) to identify businesses and other entities that do business with the federal government. The UEI replaces the DUNS number. If your entity is already registered in SAM.gov, it has already been assigned a UEI number. Simply log into SAM.gov to access it. Entities intending to bid on contracts or grants directly from the federal government should visit SAM.gov and choose "Register Entity" to receive a UEI. Those who would like a UEI for sub-award reporting should choose "Get Unique Entity ID." There is no cost to register for a UEI and it can usually be created within one business day. FREE local assistance is available at the Montana Procurement Technical Assistance Program, 201 N Broadway, Billings, MT 59101 / 406.869.8410 / langman@bigskyeda.org. Enter your UEI number below.

Describe the length of time the organization has been in operation and the organization's purpose. (500 characters maximum)

Since 1974, RiverStone Health has had a rich history of providing health services to our community, from our role as the health department to seeing patients in our medical and dental clinics. We provide training for doctors through our Residency program, and numerous services that improve community health. In our clinics, we serve all patients, regardless of ability to pay. We continue to meet the needs of our community and are engaged in community health concerns.

**Q18**

Describe the types of supportive services currently being provided by the organization. (2,000 characters maximum)

RiverStone Health provides a broad range of outpatient health services to a diverse population of over 13,000 individuals annually. Community Health Center services are comprised of full scope-all ages primary care services including pediatrics, OB, case management/wrap-around support, insurance enrollment, dental, pharmacy, x-ray, integrated mental health, and outpatient substance abuse treatment services. Primary care services are provided in our primary facility in Billings, two Healthcare for the Homeless locations, and two school-based health centers in Orchard Elementary and Medicine Crow Middle School. Our Healthcare for the Homeless team provides direct patient care, street care, mental health, substance use treatment, and outreach services to unhoused individuals in our community. Public Health Services provided include WIC and home visiting nursing services offering support to pregnant individuals, families with young children, children in the foster care system and children with complex healthcare needs. Our Child Advocacy Center works hand-in-hand with law enforcement to support victims of sexual assault and their families through the process of testifying and case management support. RiverStone Health services are designed to be easily accessible to individuals from historically marginalized populations and employees receive specialized training in providing culturally responsive care to individuals from these populations. All RiverStone Health services are available to unhoused individuals and individuals at risk of homelessness. Year-to-date RiverStone Health has served 786 unhoused individuals in our primary care service. Pathways have been established to promote streamlined access for individuals who are victims of intimate partner violence, sexual assault, and human trafficking to ensure these individuals can safely use our services.

**Q21**

Describe the organization's experience and compliance with federally funded programs. (1,000 characters maximum)

We have extensive experience with federal, state, local and private funding. Federal funds support initiatives including our Federally Qualified Health Center (via multiple HRSA grants), HIV Services (Ryan White), WIC Services (USDA) and our collaborative health promotion activities through grants such as the CDC. The books are prepared in accordance with FASB. Award contracts are tracked in accordance with 45 CFR 75. The CFO completes fund withdrawal requests. The accounts payable staff ensure expenses are approved in alignment with RSH's policies and procedures, including travel requirements. When grant funds are received, a new project is set up RSH's financial reporting software, to allow invoices to be directly allocated to grant funds. Reports are easily generated funds need to be requested or reports need to be submitted. The program manager works closely with fiscal to ensure deadlines are met and reports are accurate.

---

**Q22**

Describe the agency's policy for maintaining confidentiality of individuals and families served. (1,000 characters maximum)

We are a HIPPA covered entity. Our privacy and security policies are reflective of that. We manage all information in accordance with HIPPA.

---

**Q23**

Describe the organization's policies, procedures, and experience in each of the following three areas: (1,500 character maximum for each)

Financial Management & Accountability

The books are prepared in accordance with FASB. Award contracts are tracked in accordance with 45 CFR 75. The chief financial officer, CFO, completes fund withdrawal requests. The accounts payable staff ensure expenses are approved in alignment with RSH's policies and procedures, including travel requirements. When grant funds are received, a new project is set up in Great Plains (GP), RSH's financial reporting software, to allow invoices to be directly allocated to grant funds.

Personnel Management

We have a dedicated human resources department that oversees policies and procedures for the organization in relationship to hiring, disciplinary action, code of conduct and salary and benefits.

Procurement & Purchasing

We have dedicated purchasing staff and policies and procedures that require supervisory/managerial approval. Supervisors/Managers are also responsible for review of budgets to ensure aligned purchases and accuracy of expenses.

Recordkeeping & Reporting

Program staff are responsible for documenting activities, progress and outcomes per funder requirements. These are overseen by program managers and reviewed regularly. Program managers work alongside the fiscal team to ensure activities and expenses align. Program and fiscal staff also review expenses, invoicing, drawdowns, and remaining balances to ensure accuracy and fidelity.

---

**Q24**

If the organization currently manages grant funding, describe the method for tracking staff time on grant-specific tasks. (500 characters maximum)

Staff accounting record salaries/wages, fringe benefits, and overhead entries. Payroll assists with salary/wage and fringe benefits entries. Timesheets include separate projects for employees to code time to; payroll time sheets are collected on a bi-weekly basis.

---

**Q25**

Describe the standards the organization uses for code-of-conduct covering conflicts of interest and governing the actions of its officers, Board of Directors, and employees. (2,000 characters maximum)

RiverStone Health's code-of-conduct is rooted in our mission to "improve health, life and safety" and uses the framework of "we provide S.E.R.V.I.C.E.: stewardship, excellence, respect, vision, integrity, customer focus, and education." Each of the areas is broken down with specific definitions accompanied by examples of desired and expected behaviors. For example, stewardship is defined as, "the conducting, supervising, or managing of something; and the careful and responsible management that's entrusted to one's care. To do this I/we will: recognize my role and responsibilities in management of equipment, time, supplies, and people; be mindful and proactive in the things directly and indirectly responsible for; accept ownership of my work and the mission of RSH in service to the community; demonstrate accountability for the success of the organization. All employees review these during onboarding and annually and sign an acknowledgment of receipt and agreement to follow the behavior standards. Additionally, individuals on any RiverStone Health boards and its officers are required to disclose any potential conflicts of interest and sign a conflict of interest statement when voted on to a board and/or upon hire. Conflict of interest statements are re-signed annually.

Page 3: Organizational Experience and Capacity

**Q12**

Provide a detailed description of the organization's ability to serve the identified qualifying population(s). Describe similar projects or activities that have been / are being successfully carried out at the organization, as well as sources of funding for the programs or activities. (2,000 character maximum)

RiverStone Health, has served the community since 1974. It has had a dedicated Healthcare for the Homeless program since 1992. Clinic services are offered in various outreach settings including schools and surrounding community satellite clinics. Sources of funding for these programs include federal grants and fees for services. Grants include a HRSA Federally Qualified Health Center grant, which provides base funding, but does not cover many of the staff salaries needed to provide services such as those provided through our dedicated Healthcare for the Homeless Clinic. Healthcare for the Homeless has a primary clinic location and does outreach to unhoused individuals at various locations throughout the community.

---

**Q13**

Please explain any identified obstacles to carrying out this activity prior to the expenditure deadline of September 30, 2030. (1,000 character maximum)

None anticipated. We have a long history of service to our community with established business and fiscal practices. A barrier could be provider and nursing shortages, which we have navigated in the past.

---

**Q14**

Describe how the organization plans to market the program to participants to ensure people know how to access services or resources. (1,000 character maximum)

We have a dedicated communications team that uses mixed methodologies to publicize services. We anticipate continued relationships with other service organizations and regular outreach specifically among other providers service unhoused individuals, families and youth. We are a member of the Continuum of Care Coalition as well as the Substance Abuse Coalition allowing for ongoing connection and communication.

---

**Q15**

The City has not implemented a preference for any qualifying populations or subpopulations. Describe how the agency will maintain a waiting list of any program participants and/or a waiting list for services. (1,000 character maximum)

We utilize clinic scheduling and regular outreach services. We will schedule or will provide point-in-time on demand services to clients and patients. We currently have locations for service that support the City of Billings at our main clinic, Healthcare for the Homeless location and regular services at St. Vincent de Paul.

---

**Q16**

Describe how the agency will verify a program participant meets at least one of the qualifying populations prior to service approval. (1,000 character maximum)

We formally register our patients/clients. During the registration process we ask them for their housing status. If a person self identifies as unhoused, they automatically qualify for no out-of-pocket expenses. We use verbal attestation as our verification.

---

**Q17**

How will the organization verify the income of the individuals / households served? Check all that apply.

- Federal Tax Forms,**
  - Pay Stubs,**
  - Client Self-Report**
- 

**Q18**

Describe how the agency will assess duplication of benefits, including a process for verifying that a program participant is not currently receiving and/or been approved to receive the same service through another funding source. (1,000 characters maximum)

Funding made available through this program will only support those who are un-insured and/or under-insured individuals (unhoused, and at risk of homelessness), thus no billing for services will be available.

---

**Q19**

Has any program participant been required to repay due to an overpayment and / or duplication of funds at your agency? If yes, how were repaid funds reinvested into another program participant and / or activity?

**No**

---

**Q20**

Describe the methods or programs the agency will use to document and verify a program participant's eligibility. (1,000 characters maximum)

At the point of registration we ask them to disclose housing status; HCH has access to the coordinated entry system to verify whether the person is already being served by another entity. We are also a member of the Continuum of Care Coalition.

---

**Q21**

What is the total HOME-ARP funding requested for supportive service activities? (Please enter whole numbers in each field (no dollar sign, comma, decimal point, etc.)

**RiverStone Health Clinic Board**  
**Vice President of Clinical Operations Report**

October 2023

**Funding, Grants, and Contracts**

- ARPA “H8F” grant: One time funding of \$3,341,250.00 for COVID mitigation and response. Grant is being used to fund purchasing supplies, equipment, pay for staff time and staff related expenses, and complete renovations at Worden.
  - Supplies continue to arrive as supply chain allows. Generator installation has started.
  - Quarterly report has been submitted
- Base Grant “H80” and 330H:
  - We received notification from HRSA that our Operational Site Visit is tentatively scheduled for between July-September 2024. The HRSA team is generally on-site for about a week.
    - Staff attending an OSV prep webinar in November.
  - Our H80 grant annual progress report is due 11/3/23.
    - Work in progress to submit on time.
- City of Billings HOME-ARP Funding: The city has released an RFQ for Billings based organizations who can provide supportive services to unhoused individuals. The city has received a grant to fund approx. \$1.2MM of supportive services. We will have staff attending a technical assistance session on October 18<sup>th</sup> and then we will determine if we are going to submit an RFQ.

**Staffing**

- We are holding on filling vacant MA positions while we right-size our MA staffing to available/scheduled provider time.
- We have 4 RN and 2 care manager vacancies that we are actively recruiting to fill.
- Joan, Blake, and I have been conducting a series of listening sessions with staff working in the Billings location in preparation for the Kaizen and to further our orientation in our (relatively) new leadership roles. We are using the IHI Joy in Work Framework to conduct the sessions and follow-up.
  - Next round of listening sessions is scheduled for early November.

**Facilities**

- Generator installation work is ongoing.

**Policies, Procedures, Compliance, and Risk Management**

- FTCA Redeeming: We’ve started the 2024 FTCA redeeming application process. Applications are due 6/23/23.
  - Our redeeming application is complete and ready to submit pending board approval.
  - Application has been submitted and we have been providing supplemental documentation as requested.

- We received our notice of FTCA deeming for 2024.

### General Operations

- We've contracted with a company (Ero) to assess our use of eCW and provide recommendations on how we can optimize it's use. Ero started their assessment this week with fact finding meetings. They will be on-site next to shadow our staff and see how they use eCW in real time. They will then provide us with recommendations by the end of July. At that point we will develop a remediation plan.
  - Recommendations are being provided on July 14<sup>th</sup> and I will provide a verbal summary of recommendations during the meeting.
  - Recommendations were received from the vendor and evaluated by Senior Leadership in consultation with content experts. Senior leadership weighed many factors and decided to start the optimization process in two areas where significant deficits were identified in the way ECW is currently configured: rebuilding the dental and billing office modules.
  - Dental module and billing office module rebuild work has started and modules will roll out the last week of October.
- We were approached by Catholic Social Services to house a 0-3 boutique service. They will be on-site 2 ½ days a week to distribute free clothes, diapers and other infant care products for free to families.
- We have been actively involved with the City of Billings in educating the public on the public health benefits of parks leading up to the Parks, Recreation, and Trails bond being on the ballot this November.
- In October we confirmed that we are a registered provider in the VA's community provider program.
- Several CHC and PH employees are engaging in the work around the Behavioral Health for Future Generations Initiative funded by the state legislature.
- On October 11<sup>th</sup> we hosted our Women's Fair highlighting the various services we have available for women and families.
- We've made the decision to move forward with a new credentialing software package, RegLantern. This product also has functionality to help with operational sight visit and FTCA coverage compliance. We will be implementing this new system in November-December.
- Public Health and CHC leadership continue to collaborate on streamlining connections between services offered to pregnant women.

Respectfully submitted,

Eric Owen

Vice President of Public Health and Clinical Services

**RiverStone Health Clinic  
Financial Report for the Board  
October 21, 2023**

**Finance Committee Meeting**

The Finance Committee of RiverStone Health Clinic met on October 13, 2023.

The meeting was called to order at 10:30 a.m. by committee chair Dale Anderson.

Staff present at the meeting included Eric Owen, John Felton, and Shanna Zier.

**September 2023 Financial Statements**

The September 2023 financial statements were reviewed and discussed. Highlights and significant variances included in the financial statements are summarized in the “Financial Statement Highlights” section following later in this report and as noted on the financial statement dashboard report included with the board packet.

Cash noted on the balance sheet at the end of September totaled approximately \$6,100,000 and is being held together with RiverStone Health’s other cash reserves in an overnight sweep account. The grant draw-down process remains up-to-date as discussed previously. There were no capital purchases in the month of September.

The September statement of revenue and expenditures reflects net operating revenue of approximately \$311,000 which was above the \$161,000 amount budgeted for the month. Patient services revenue totaled \$1,185,000 compared to budget of \$1,183,000 for the month. While patient services revenue is slightly over budget for the month, the bulk of this variance is due to high Medicare revenue. There has been a change in billing/coding for Medicare claims. Claim amounts are now being adjusted after payment is received rather than an adjustment to the Medicare PPS Rate prior to claim submission. This results in higher Medicare revenue in the month of service and a larger contractual adjustment in the month payment is received. Medicare revenue for September totaled \$551,000 compared to budget of \$230,000. We are continuing to see a decreasing trend in Medicaid revenue along with an increasing trend in Self Pay revenue, likely attributed to Medicaid unwinding. YTD Medicaid revenue was approximately \$392,000 below budget, while YTD Self Pay revenue was approximately \$93,000 over budget. Through September, Medicare revenue was 46% over budget, Medicaid revenue was 17% below budget, Insurance revenue was 3% below budget, and Self Pay revenue was 13% above budget. Through September, other revenue is over budget by about \$280,000 mainly due to 340B revenue. Through September, 340B revenue was about \$261,000 over budget and 340B supplies were about \$38,000 over budget. Contract/grant revenue is slightly under budget through September. This is due to the timing of budgeted revenue for ARPA H8F grant revenue. Through September, we have recognized \$69,000 in revenue associated with this grant.

Salaries and benefits expense was \$60,000 below budget in September and is about \$142,000 below budget for the YTD period. This variance is largely from vacancies in new positions anticipated in this year’s budget that have not yet been filled yet. Bad debt expense is higher than budgeted as we work through the older A/R balances. Through September, this totaled \$164,000 compared to a budget of \$59,000.

A breakdown of operating results at the various medical clinic locations (*excluding Ryan White*) for the month of **September 2023** is as follows:

|                             | Revenue     | Expense     | Net       |
|-----------------------------|-------------|-------------|-----------|
| Main Clinic (inc HCH sites) | \$1,606,273 | \$1,343,431 | \$262,842 |
| Bridger Clinic              | \$69,181    | \$58,658    | \$10,523  |
| Joliet Clinic               | \$50,362    | \$35,980    | \$14,382  |
| Worden Clinic               | \$56,688    | \$64,865    | (\$8,177) |
| Orchard School Clinic       | \$25,248    | \$25,015    | \$233     |
| MCM School Clinic *         | \$58,452    | \$39,443    | \$19,009  |

\* inclusive of SD2 AWARE contract

The dental clinic reflects net operating revenue of approximately \$14,000 in the month of September (versus a budgeted amount of approximately \$43,000). Net patient services revenue is about \$30,000 over budget for the month. Salaries and benefits are approximately \$18,000 over budget and bad debt expense is approximately \$25,000 over budget for the month of September.

Additional comments are also included on the financial statement dashboard that were distributed in the board packet.

**City of Billings HOME-ARP Funding Update**

The City of Billings has released an RFQ for Billings based organizations who can provide supportive services to unhoused individuals. The city has received a grant to fund approx. \$1.2 million of supportive services. Staff recently attended a technical assistance session on October 18th and we are planning to submit an RFQ to be eligible for this funding.

***After review and discussion of the attached financial statements and related information, the Finance Committee is recommending acceptance of the September 2023 financial statements as presented herein. The Finance Committee is also recommending approval of the RFQ for the City of Billings HOME-ARP Funding.***

There being no further discussion the meeting was adjourned at 11:03 a.m.

## Organizational Overview

Serving the Yellowstone County community and south-central Montana for nearly 50 years, RiverStone Health is an essential provider of personal and public health services. Health, Education, Leadership and Protection – HELP is what we do. From medical, dental and behavioral healthcare; home care and hospice; public health services like immunizations, WIC, health promotion and restaurant inspections; and educating the next generation of health professionals, our expertise spans all ages and stages of life. Underlying principles of access, affordability, compassion and quality in all interactions, RiverStone Health improves life, health and safety for all of the communities we serve.

Foremost, we are committed to the values of Justice, Equity, Diversity and Inclusion (JEDI) by cultivating an environment that protects and acknowledges the unique identities within our diverse community.

## Division and Program Overview:

Coordinates, monitors and works closely in conjunction with the Patient Care Team in a Patient Centered Medical Home model, to ensure effective quality and coordination of services. Managing patient care is a team effort that involves clinical and nonclinical staff (e.g. physicians, nurse practitioners, physician assistants, nurses, medical assistants, educators, front desk staff, schedulers, etc) interacting with patients to achieve stated objectives.

## Job Summary:

The Care Manager position will provide care management to individuals experiencing homelessness and who are at risk for poor health outcomes and provide Care Management for those patients. This position will also provide family support and resources to a high risk pediatric population, which may include individuals with children in foster care. The Care

Manager will act as a member of the Patient Care Team to identify barriers to care and to understand the interplay between physical health, mental health, social issues and resource needs. This position encourages patients and families to actively engage in their own health and work toward maintenance or improvement of health status by creating care plan objectives.

## INDEPENDENT AUDITOR'S REPORT

To the Board of Health

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of Yellowstone City-County Health Department dba RiverStone Health (RiverStone Health) as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the RiverStone Health's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the RiverStone Health, as of June 30, 2022 and 2021, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the RiverStone Health and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Emphasis of Matter

As discussed in Note 1 to the financial statements, RiverStone Health adopted Governmental Accounting Standards Board Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the RiverStone Health's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the RiverStone Health's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the RiverStone Health's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of proportionate share of the net pension liability and the schedule of contributions be presented to supplement the basic financial statements.

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the RiverStone Health's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2022, on our consideration of the RiverStone Health's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the RiverStone Health's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering RiverStone Health's internal control over financial reporting and compliance.

dba RIVERSTONE HEALTH  
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)  
Years Ended June 30, 2022 and 2021

This section of RiverStone Health's annual financial report presents management's discussion and analysis of the organization's performance during the fiscal year ended June 30, 2022. Information presented in this section should be read in conjunction with the financial statements, notes, and accompanying schedules included with this report.

RiverStone Health is a multi-jurisdictional service district whose predecessor organizations were created originally in 1974 under an inter-local agreement between the City of Billings, Montana; the City of Laurel, Montana; and Yellowstone County, Montana. RiverStone Health currently operates under a 2004 inter-local agreement between the City of Billings, Montana; the City of Laurel, Montana; and Yellowstone County, Montana. Both the City of Billings and the City of Laurel are located within the boundaries of Yellowstone County. "RiverStone Health" is an assumed business name for Yellowstone City – County Health Department, the legal name of the entity, under which the entity has done business since June 30, 2008.

RiverStone Health provides a variety of public health, health services, social services, and education programs and services, primarily serving communities in Yellowstone County by providing HELP – Health, Education, Leadership, and Protection.

Through its approximate 450 employees, RiverStone Health's services and facilities include a federally-qualified health center / community clinic providing comprehensive primary care and preventive medical, behavioral health, enabling, and dental services; a healthcare for the homeless program; a retail pharmacy; a hospice and home care program including operation of a 12-bed inpatient level care hospice facility; a family medicine residency program (the physician residents and faculty provide the medical staffing for the community health center and its patients at various sites including the local inpatient hospitals); administration of the Women, Infants and Children (WIC) supplemental nutrition program and Maternal Child Health (MCH) programs; Yellowstone County's rural school nursing program; well child/early and periodic screening, diagnosis, and treatment of children within Yellowstone County placed in foster care; oversight of an electronic health record network that provides network management services to other Montana community health center sites; and, as the local public health agency for Yellowstone County, numerous environmental health and public health services.

### **Financial Statements**

The financial statements are designed to be "corporate-like" in that all business activities are consolidated such that when combined they comprise the total operations of RiverStone Health. The statements include a Statement of Net Position, which summarizes an organization's financial condition at a specific point in time.

**Financial Statements (Continued)**

The focus of the Statement of Net Position is to present all available resources or assets and deferred inflows net of all obligations or liabilities and deferred outflows, and the resulting "Net Position" (often referred to as "Equity" in a for-profit, corporate entity) is then reported in three broad categories defined as follows:

Net investment in capital assets: This component of net position consists of all capital assets plus capital-related deferred outflows, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings and capital related deferred inflows that are attributable to the acquisition, construction, or improvement of those assets.

Restricted: This component of net position is restricted by constraints placed on the assets by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc. Restrictions are further classified as either expendable or nonexpendable, which are subject to stipulations that they be maintained permanently by the organization.

Unrestricted: This component of net position consists of any remaining net position that does not meet the definition of "Net investment in capital assets" or "Restricted."

The financial statements also include a Statement of Revenues, Expenses, and Changes in Net Position (similar to an "Income Statement"). This statement includes operating revenues, operating expenses, and any non-operating revenue and expenses. The focus of the Statement of Revenues, Expenses, and Changes in Net Position is to report the "Increase or Decrease in Net Position," which is similar to net income or loss reported in a corporate Income Statement.

Lastly, the financial statements include a third statement, the Statement of Cash Flows, the purpose of which is to illustrate what activities generated sources of cash during the year and on what activities and/or acquisitions cash was used during the year.

**Summary of Financial Changes**

The following summarizes significant changes from the prior year's financial data.

- Cash and cash equivalents decreased close to \$400,000 from FY21 to FY22. Approximately \$750,000 more cash was generated from operating activities in FY22 as compared to FY21, as volumes in the health center began picking up again following two years of substantially lower volumes brought about by the Covid-19 pandemic. Additionally, in November 2021 RiverStone Health's public health division received approximately \$1.5 million funding from the State of Montana to assist with Covid-19 activities including increasing organizational capacity to allow for Covid-19 vaccinations to socially vulnerable populations; increased access to Covid-19 vaccines through outreach and education; and professional development, training and recruitment to ensure a proficient workforce in providing services to at-risk communities and areas of high social vulnerability. Approximately \$1.2 million of this funding was still on hand at the end of FY22. However, this supplementary cash was more than offset by less amounts of cash collected by the end of FY22 on grants receivable, as drawdowns on federal grants were a bit in arrears due to fiscal staffing transitions occurring near the end of the fiscal year.

**Summary of Financial Changes (Continued)**

- Contracts receivable at the end of FY21 were notably higher than normal due to the timing of billing and subsequent collection of pass-through payments pertaining to RiverStone Health's operation of the family medicine residency program on behalf of MFMR. This process was more current at the end of FY22 and as such, the balance in contracts receivable reflected a more normal year-end level. RiverStone Health anticipates fully collecting these receivables based on past experience.
- As noted in the aforementioned comments pertaining to changes reflected in cash, grants receivable had increased substantially at the end of FY22 from the balance at the end of FY21. The grant drawdowns process had again been brought more current within the first couple months of FY23.
- Endowment funds decreased in value by approximately \$568,000 during the year as investment returns were rather unfavorable and resulted in notable unrealized and realized losses on investments maintained in the organization's two endowment funds (one fund benefitting the hospice program and the other fund benefitting the family medicine residency program).
- During FY15 GASB Statement 68, pertaining to the reporting of pension liabilities, and GASB Statement 71, pertaining to the reporting of pension contributions subsequent to the measurement date of June 30, 2015, were implemented. This implementation resulted in RiverStone Health's net position at the beginning of FY15 being restated to reflect a previously unrecognized pension liability associated with participation in the State of Montana's Public Employees Retirement System (PERS) plan and also to recognize a deferred outflow of resources for pension contributions and adjustments and a deferred inflow of resources for pension adjustments. Adjustments made at the end of FY22 to reflect RiverStone Health's updated actuarially determined portion of pension liability associated with the PERS plan as well as adjust its deferred outflow and deferred inflow of resources resulted in increasing pension benefits expense by more than \$1 million and also recognizing other revenue totaling approximately \$1.4 million, or a net *positive* impact on FY22 operations of close to \$400,000. This amount was a net *decrease* of approximately \$2.1 million in FY21. As a result of the FY22 pension adjustments, the pension related deferred outflow of resources decreased by about \$900,000 and the deferred inflow of resources increased by about \$5.7 million while the net pension liability decreased by approximately \$7 million (see additional information included in Note 8 of the accompanying financial statements). Importantly, while recognition of these adjustments is required each year for financial reporting purposes, these non-cash adjustments have no impact on RiverStone Health's cash flow.

**Summary of Financial Changes (Continued)**

- Net position decreased approximately \$739,000 in FY22 as compared to an increase of approximately \$189,000 in FY21. This change resulted despite FY22 including a positive impact of \$400,000 from pension related adjustments as compared to a negative \$2.1 million impact in FY21. While both FY22 and FY21 resulted in net losses from operations totaling approximating \$200,000, differences in the amount of non-operating endowment investment gains and losses were significantly different between the two years: in FY22 there was a net investment loss (including both realized and unrealized gains/losses) of \$454,000 while in FY21 there was a net investment gain of \$861,000, representing a \$1.3 million negative swing in valuation of the endowment funds.
- Operating revenue and operating expenses both decreased from FY21 to FY22 by roughly \$1.1 million, or about a 2% decrease in each. While patient / client service revenue increased roughly \$600,000 over the previous year, revenue from contracts and grants decreased about \$1.9 million. This resulted largely from decreased funding, as well as decreased applicable costs, associated with pandemic-related activities.
- Operating expenses were relatively similar between FY22 and FY21 with exception of salaries and benefits expense where there was a decrease of about \$1.8 million. However, this decrease resulted from the aforementioned accounting entries necessitated by the year-end GASB 68 pension adjustments. These adjustments included \$1.0 million of pension benefits expense in FY22 compared to \$3.3 million such expense in FY21. Excluding the non-cash pension related adjustments, salaries and benefits expense increased about \$500,000 due to increases associated with recruitment and retention. Additionally, a very low unemployment rate coupled with impacts from enduring the “year of the great resignation” throughout the pandemic resulted in the need to make various market-based / equity adjustments to staff wage levels during the year. These adjustments have continued into FY23, as well.
- One other notable change in operating expenses was an increase of \$456,000 in bad debts expense. FY22 includes write-offs totaling \$231,000 of some contracts receivable that were deemed uncollectible. Additionally, because there was an increase in self-pay patient receivables during FY22 that had been outstanding greater than 120 days, and by policy an allowance is provided for the full amount of any such receivables at year-end, this resulted in increased bad debt expense during FY22. This increased aging of self-pay receivables was fairly temporary, however, as it resulted from some issues with a third-party billing service in getting timely patient statements generated and mailed out to clinic patients in the last few months of FY22. This issue was resolved fairly early in FY23 and patient statements were again being generated and mailed in a timely manner by the end of August.
- As previously noted, net non-operating income/loss changed rather notably from FY21 to FY22 due to investment market volatility (both realized and unrealized activity) recognized in RiverStone Health’s two endowment fund portfolios.

RiverStone Health continues to maintain a stable and healthy liquidity level. One standard used to measure an organization's liquidity level as well as its general financial health is the current ratio, which is a measure that tells how readily an organization can meet its short-term financial obligations. RiverStone Health's current ratio at the end of FY22 remained solid at 2.5, unchanged from the current ratio at the end of FY21. Stated another way, RiverStone Health had two and one-half dollars in current assets for every one dollar of current liabilities. As evidenced by its continued healthy liquidity, RiverStone Health remains well positioned to adequately meet its financial obligations, has the financial strength to remain flexible and responsive as necessary, continues to have adequate cash flow while also maintaining some cash reserves, and has the ability to continue investment in strategic growth and activities considered vital in helping to further its mission.

Total assets decreased close to \$2.8 million from FY21 to FY22. This decrease stemmed from depreciation expense on property and equipment, decreased bond fund reserves as the 2016 bonds were fully paid off in October 2021, decreased endowment fund balances from the downturn in financial markets, and a decrease in deferred outflow of resources pertaining to the pension-related accounts / activity.

**Results of Operations Summary**

RiverStone Health recognized a net operating loss of approximately \$155,000 in FY22 and also recognized net non-operating expense of approximately \$834,000, resulting in a net loss before capital contributions of \$989,000. A capital contribution of \$250,000 was recognized in FY22 from receiving title to the outlying clinic facility located in Worden following a donation from an unrelated party from whom the facility was previously leased for one dollar per year. This resulted in an overall decrease in net position for the year totaling approximately \$739,000, which was about \$928,000 less than in FY21. As previously noted, from FY21 to FY22 there was nearly a \$1.3 million negative swing in the valuation of endowment fund investments, so this large investment devaluation more than offset the capital contribution of the Worden Clinic.

The following summarizes RiverStone Health's revenues and expenses from its operating activities during FY22 as compared to FY21:

Community Health Center operations generated a 1.2% margin in FY22 compared to a 10.3% margin in FY21. In FY21, the CHC received some pandemic-related funding for which a portion covered certain capital purchases, thus resulting in a more favorable margin last year despite last year having continued lower volume associated with the pandemic. The CHC volume picked up some in FY22 over the prior year level but this volume increase did not translate into increased margin.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (CONTINUED)  
Years Ended June 30, 2022 and 2021

**Results of Operations Summary (Continued)**

The CHC has historically struggled somewhat with keeping provider positions fully staffed, so while expanded capacity still exists, capacity continued to remain somewhat limited over the last year despite some of the pandemic effect on volume waning. Staffing shortages in non-provider clinical positions also created challenges throughout the year. An increased focus on staff recruitment and retention that began several years ago still actively continues, with continuing efforts to reduce burnout and increase work-life balance. Various market-based and internal equity wage adjustments were also necessary during FY22 and have continued into FY23, as well. As such, expanding capacity by continuing to focus efforts on provider and staff recruitment and retention remains a key initiative.

The hospice and home care programs generated a negative margin of close to 8% in FY22 compared to a positive operating margin of 4% in FY21. Interestingly, this 8% loss in FY22 was actually about the same as the loss generated by these programs in FY20. While the financial results from home care operations remained relatively stable between FY21 and FY22, hospice operations generated a loss approximating 15% in FY22 as compared to a positive margin of about 6% in FY21. However, two estate gifts totaling \$275,000 were received by the hospice program in FY21; without these two donations, the hospice program would've generated a margin of only about break-even in FY21. Volume of the hospice program trended downward throughout the pandemic and the average length of stay for hospice patients also continued to decrease over this period. This is not unlike what other hospice programs around the country have also been experiencing. RiverStone Health's hospice program average daily census (ADC) was 11% lower compared to the prior year (49.6 in FY22 and 55.6 in FY21). A similar decrease in ADC was also noted in the previous two-year period (62.4 in FY20). The COVID-19 pandemic necessitated having to put a capacity limit at varying times on the number of patients that could be cared for at RiverStone Health's hospice facility as well as in the community-based hospice program. While there of course also always remains some level of uncertainty surrounding future Medicare reimbursement levels for hospice services, effective in October 2021, rates for routine level hospice care (which comprises roughly 90% of hospice service) increased about 2%; another similar increase was made to the rate effective in October 2022. Unfortunately, RiverStone Health's gradually decreasing hospice market share and drop in the average length of stay combined with continued increases in personnel and supplies costs have more than offset the rate increase. Favorably, though, the hospice ADC has picked back up somewhat in FY23.

Home care operations generated about a 3% margin in FY22 compared to just a slight margin of 0.4% in FY21; however, this was considerably improved over the FY20 home care loss of 15%. Home care operations were fairly challenging for several years prior to FY21, as fairly significant losses had been generated over a period of multiple years. Home care Medicare reimbursement rates either decreased or remained relatively stable for several years prior to CY20. But effective January 1, 2020, CMS implemented a new payment methodology referred to as PDGM, or Patient Driven Grouping Model, which replaced the previous PPS payment model.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (CONTINUED)  
Years Ended June 30, 2022 and 2021

**Results of Operations Summary (Continued)**

Under PDGM, home care providers essentially had to double the number of claims submitted in a 60-day episode of care, and this model requires more detailed information to be gathered on intake plus a more specific diagnosis from referring physicians in order to receive appropriate reimbursement from Medicare. While payment rates were reported to have been reduced by an overall average of more than 4%, reimbursement is mainly based upon diagnosis and accurate documentation of the plan of care for each client, so this percentage can vary. Beginning January 1, 2021, CMS further revised Medicare home care payments such that the Request for Anticipated Payment (or RAP, which historically was an initial payment provided when home care was initiated) that in CY20 was reduced from more than 50% of the total episodic payment rate down to 20%, was no longer provided and instead the entire Medicare payment is now provided following the end of a 30-day episode of care. Despite eliminating the RAP in CY21 and in CY20 implementing the PDGM methodology which decreased an episode of care from 60 days to 30 days, there was a 2% increase in the home care Medicare rate at the start of CY21 followed by an increase of 2.6% at the start of CY22. Recent information from the Centers for Medicare and Medicaid Services (CMS) indicates only a relatively modest increase of 0.7% in home care rates will occur in CY23, and a decrease in rates is expected to occur in CY24 as CMS begins pulling back additional reimbursement distributed during the first three years of PDGM.

Similarly, to the health center, increased wages and benefits have also impacted the hospice and home care division. Accordingly, increasing hospice and home care census levels by continuing to explore the potential for additional community partnerships and focusing on continued refinement of workflows and processes remains a key initiative, especially as reimbursement levels in home health continue to be closely scrutinized at the federal level and future reductions in Medicare reimbursement seem likely.

The medical education division consists of the Montana Family Medicine Residency (MFMR) program (see additional information in the "Other Information" section of this report), and also the Eastern Montana Area Health Education Center (AHEC) program as well as a relatively small five-year geriatric workforce enhancement program grant that began in 2015 and was subsequently renewed for a second five-year period. The MFMR program, which accounts for approximately 90% of the medical education division's operating activities, is generally expected to approximately break-even. Also included in this division is funding received for operation of a program at RiverStone Health that coordinates clinical rotations in the Billings area for medical students participating in the University of Washington's WWAMI (Washington, Wyoming, Alaska, Montana, and Idaho) program and Pacific Northwest University. This, too, is generally expected to result in approximately break-even financial results.

**Results of Operations Summary (Continued)**

Programs included in the public / family health services division consist largely of: the provision of various local health department functions for Yellowstone County (e.g. environmental health, disease and cancer control, immunizations, tobacco cessation, emergency preparedness, and general health promotion); operation of Yellowstone County's supplemental nutrition for Women, Infants, and Children (WIC) program; the Maternal Child Health (MCH) program (provides comprehensive education on pregnancy and parenting aspects including intensive social work, nutrition, and nursing services for families with high-risk pregnancies and infants and children at risk of developmental delays); Yellowstone County's rural school nursing program; outreach, testing, and case management support services for persons living with HIV/AIDS and their families; HIV/AIDS training for medical and dental providers, pharmacists, nurses, and dental hygienists throughout all of Montana; oversight responsibilities for Yellowstone County's Child Advocacy Center program; and, the provision of case management services and nurse home visits to certain children in Yellowstone County living in foster care placement.

The revenue and expenses of the public health services division decreased rather considerably from FY21 to FY22. This resulted from the COVID-19 pandemic and RiverStone Health's response to it. Close to \$2.0 million added revenue was reflected in the prior year associated with RiverStone Health's Public Health Division's response to the public health emergency. This additional funding pertained to activities associated with increased public health responsibilities pertaining to case investigation and contact tracing, operation of community testing and vaccine distribution sites, temporary community enforcement personnel, enhanced protective measures, and added personal protective equipment.

Most of the public health funding received to enable response to the pandemic was fully exhausted by fairly early in CY21. Ongoing response activities continued to be necessary throughout all of FY21, however, so RiverStone Health had to use a portion of its existing cash reserves to support the ongoing activities. Accordingly, the public health division incurred expenses that exceeded the total amount of revenues in FY21 by about \$900,000, representing a negative margin of about 8%. Activities related to the pandemic response lessened somewhat beginning in FY22 and RiverStone Health's public health division had adequate funding to cover its pandemic-related activities. As such, the public health division generated a positive margin of about 6%. Also contributing to this positive margin in FY22 was the fact that in November 2021 RiverStone Health's public health division received approximately \$1.5 million additional funding from the State of Montana via an amendment to its existing immunization services contract.

Approximately \$1.2 million of this funding remained unused at the end of FY22 and is to be used to:

- Identify additional programs and partners within Yellowstone County and develop partnerships for COVID-19 vaccine outreach, education, and planning.
- Create outreach programs and increase organizational capacity to provide opportunities for COVID-19 vaccination in socially vulnerable populations.

- Provide funding for professional development, training, and recruitment to ensure a workforce that is proficient in providing services to at-risk communities and areas of high social vulnerability.
- Increase access to COVID-19 vaccine by continuing to fund, host, or organize COVID-19 vaccination pop-up clinics that focus on at-risk communities or areas of high social vulnerability.

In November 2022, the public health division received an additional \$1.35 million from the State of Montana via another amendment to its immunization services contract. Refer to additional information in Note 15 of the accompanying financial statements.

RiverStone Health also received a grant award in FY22 totaling \$595,429, made available by the CARES Act and provided through the Centers for Disease Control and Prevention (CDC), to support Resilient Integrated Systems Enhancement (RISE) in Yellowstone County. This grant is to run over the three years from September 2021 to September 2024 and the \$595,429 was the approved grant budget amount for the first year, with future year funding based on satisfactory programmatic progress and the availability of funds. The grant application was submitted by Yellowstone County's Healthy By Design (HBD) Coalition for which RiverStone Health, as part of its local health department function, acts as the fiscal agent. The HBD Coalition was founded in 2010 by and continues to receive financial support and leadership from Yellowstone County's local health department (dba RiverStone Health) and the two regional hospitals, Billings Clinic and St. Vincent Healthcare. The HBD Coalition works with more than 30 individuals or organizations in the community on a variety of initiatives that promote healthy eating, active living, social connection, healthy community design, and health equity. The goal of this grant funding is to enable training and deployment of community health workers to pandemic response efforts by building and strengthening community resilience to fight COVID-19 through addressing existing health disparities. A second year grant amount also totaling \$595,429 was awarded in September 2022.

Despite the aforementioned funding, the future stability of federal and state funding levels available for the provision of public / family health services continues to be somewhat uncertain. Stable or slightly increasing federal funding levels for most programs and services has continued; however, public health funding is being closely scrutinized by the State of Montana's current administration and reductions in funding following Montana's 2023 state legislative session are certainly possible.

Providing some positive outlook, though, the tax revenue provided by Yellowstone County for the provision of local health department functions by RiverStone Health is anticipated to remain relatively stable or perhaps even increase somewhat in future years.

Pharmacy volume has remained strong and reflected either a stable or increasing trend over the last approximately seven years; however, the resulting margin produced by pharmacy operations over this period has declined. This trend is likely to continue as pharmaceutical costs as well as staffing costs continue increasing and insurance reimbursement doesn't necessarily keep pace with the cost increases.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (CONTINUED)  
Years Ended June 30, 2022 and 2021

**Results of Operations Summary (Continued)**

The programs and services comprising the majority of RiverStone Health's remaining revenue and expenses consist of information technology support services of an electronic health record system used by several health centers in the state; contributions received from RiverStone Health Foundation to support RiverStone Health's programs and services and/or capital improvements; plus, certain administrative / overhead revenue and expenses as well as contracted management / administrative support services provided to RiverStone Health Foundation. The administrative / overhead revenue and expenses also include the year-end GASB 68 pension adjustments, which have been both significant and highly variable from year to year. As previously mentioned, while the revenue recognized as part of the pension adjustments was comparable between FY22 and FY21, there was considerably more expense recognized in the prior year (\$1.0 million in FY22 compared to \$3.3 million in FY21).

**Capital Assets**

At the end of FY22 RiverStone Health had approximately \$23.6 million (*net* of accumulated depreciation) reflected in capital assets, which was about \$800,000 lower than the amount at the end of FY21. Purchases of property and equipment during FY22 totaled close to \$500,000 while depreciation expense totaled about \$1.4 million. Additionally, a donation of the clinic facility in Worden with an estimated market value of \$250,000 was received early in the fiscal year, and the sale of property with a book value of approximately \$150,000 that was being used as a temporary quarantine and isolation site during the height of the pandemic was sold. The majority of capital purchases in FY22 were funded by health center grant funding made available by HRSA through passage of the American Rescue Plan Act (ARPA) of 2021. Capital purchases during FY22 included the following:

- IT, dental and other miscellaneous equipment \$180,000
- improvements made to the staff entrance on the south end of the health center Ballard Center building \$71,000
- upgrade of accounting system software \$28,000
- new signage for Bridger and Worden clinics \$19,000
- website redesign \$25,000
- remodel of human resources space \$47,000
- HVAC improvements to Lil Anderson Center (LAC) building \$43,000
- auto sliding doors at LAC building front entrance \$13,000
- main clinic expansion planning \$50,000 (see CIP information immediately below)
- planning costs associated with the Worden Clinic renovation \$21,000 (see CIP information immediately below)

Construction in progress (CIP) at the end of FY22 totaled approximately \$71,000 and pertained to two projects being almost entirely funded with federal ARPA grants. These projects include the renovation of approximately 3,000 square feet of a portion of vacated space in RiverStone Health's old clinic facility to better accommodate patient care, specifically creating added patient care space for behavioral health, clinical pharmacy and care management services. This project is expected to cost approximately \$670,000 and be completed early in 2023. The second project pertains to alterations and renovation work (i.e., deferred maintenance repairs & upgrades) being completed on the clinic facility located in Worden. This project is expected to cost approximately \$490,000 and anticipated to be completed in March 2023.

**Debt**

Industrial revenue bonds were issued in 2003 to provide for the purchase of RiverStone Health's main CHC clinic site and office building along with various land parcels for a new parking lot as well as current and future site development. (Refer to additional information pertaining to YHP in the "Other Information" section of this report). In June 2013, the 2003 bonds were refinanced. Terms of the loan agreement issued in conjunction with the bond refinancing require annual principal payments to be paid each October and semi-annual interest payments to occur each April and October. Refinancing the bonds reduced the interest rate from 5.5% to 2.88%. The 2013 bonds are collateralized similarly to bonds issued in 2009, which were then advance refunded in December 2014 and are described further in the immediately following paragraphs as well as in Note 7 of the accompanying financial statements.

**Debt (Continued)**

At June 30, 2022, a total of \$1,400,000 in 2013 bonds remained outstanding, with principal totaling \$185,000 due in the next year. Additionally, approximately \$222,000 remained on deposit with the bond trustee for future debt service, and unamortized premium on the 2013 bonds (being amortized over the life of the bonds) totaled approximately \$4,000 at the end of FY22.

In September 2009, Yellowstone Health Partnership issued \$11,805,000 in healthcare lease revenue bonds to finance construction of an office building located on RiverStone Health's existing main campus and also to renovate the second floor of the old clinic building. The 2009 bonds were advance refunded in December 2014. Terms of the loan agreement issued in conjunction with the bond refunding require principal payments to be paid each October and semi-annual interest payments to occur each April and October. The advance refunding of the 2009 bonds using proceeds of the 2014 bonds reduced the interest rate from 4.87% to 3.41%; eliminated the need for an ongoing debt reserve fund; and also provided more than \$1.7 million cash to finance future capital improvements, which were all used by the end of FY17 for a clinic expansion project. The bonds are collateralized similarly to the 2009 bonds that were advance refunded by the 2014 bonds and also similarly to bonds issued in 2013. At June 30, 2022, a total of \$8,985,000 in 2014 bonds was outstanding, with principal totaling \$540,000 due in the next year. Additionally, approximately \$776,000 remained on deposit with the bond trustee for future debt service, and unamortized premium on the 2014 bonds (being amortized over the life of the bonds) totaled approximately \$364,000 at the end of FY22.

In December 2016, Yellowstone Health Partnership issued an additional \$3,060,000 in healthcare lease revenue bonds to assist in financing construction of a clinic expansion project while RiverStone Health Foundation conducted a capital campaign to garner philanthropic support for the project. (Refer to additional information in the "Other Information" section of this report). Terms of the loan agreement issued in conjunction with the 2016 bonds, which were issued in parity with the 2014 and 2013 bonds, required principal payments to be paid each October and semi-annual interest payments to occur each April and October. The bonds matured on October 1, 2021.

The bond issues are collateralized by a senior pledge of the tax revenues levied by Yellowstone County and appropriated to RiverStone Health and a subordinate pledge of health care and health department services revenue. The bonds are also secured by a subordinate mortgage lien on, security interest in, and an assignment of rents and leases of the project, subject to permitted encumbrances.

Other long-term liabilities of the organization consist of amounts owed to employees for compensated absences (i.e., vacation pay and sick leave) and an amount reflecting RiverStone Health's allocated portion of net pension liability associated with the State of Montana's Public Employees Retirement System (PERS) plan. Additional information is presented in the notes to the accompanying financial statements.

**Other Information**

In September 2005, RiverStone Health employed the physicians and staff of Montana Family Medicine Residency (MFMR), a separate 501(c)(3) tax-exempt entity, and subsequently transitioned the operations of MFMR's family medicine residency educational program into RiverStone Health's operations. However, the MFMR corporation still exists as an independent, 501(c)(3) tax-exempt entity, and as such, has its own Board of Directors. Board members of MFMR include representatives from its three member organizations (St. Vincent Healthcare, Billings Clinic, and RiverStone Health); there is also representation on MFMR's Board from the Montana WWAMI undergraduate medical education program, the Montana Hospital Association, and the Montana Academy of Family Physicians. Through the end of FY21, the MFMR program trained 24 family medicine residents at any given time graduating eight residents each year and also maintained a sports medicine fellowship program training one physician each year. Beginning in FY22, the MFMR program received increased grant funding to enable the training of ten residents each year (now 30 total residents).

RiverStone Health maintains a professional services agreement with MFMR to provide medical education program services as well as administrative and reporting functions, invoicing MFMR for these services on a monthly basis. MFMR in turn invoices St. Vincent Healthcare and Billings Clinic, as these hospital systems receive Medicare reimbursement for direct graduate medical education and indirect graduate medical education services provided on their campuses. Additionally, RiverStone Health is continuing to receive (via pass-through from MFMR) federal grant funding related to the THCGME (Teaching Health Center Graduate Medical Education) program. This funding was made available by the Affordable Care Act and initially ran through June 30, 2020, with subsequent approval received through at least June 30, 2023 and ongoing funding contingent upon future federal authorization and appropriation.

The resident and faculty physicians of the MFMR program, along with non-physician providers, provide medical staffing for RiverStone Health's community health center, including its outlying clinic sites, and also provide inpatient medical services at the two local hospitals to patients enrolled in RiverStone Health's community health center, as well as other services as required by the respective hospital's medical staff bylaws and rules and regulations.

Unlike YHP, which is further explained in the paragraph that follows, MFMR is *not* considered a blended component unit of RiverStone Health and is therefore *not* included in RiverStone Health's financial reporting entity.

YHP, also a 501(c)(3) tax-exempt entity, is a supporting organization for the programs and services provided by RiverStone Health. It is considered a blended component unit of RiverStone Health, and as such, all of YHP's assets, deferred outflow of resources, liabilities, deferred inflow of resources, and net position, in addition to its revenues and expenses from operations, are combined with those of RiverStone Health for external financial reporting purposes. Detailed information pertaining to YHP's assets and deferred outflows, liabilities and deferred inflows, and its statements of revenues, expenses and change in net position and cash flows is presented in the notes to the accompanying financial statements included with this report.

**Other Information (Continued)**

YHP's sole member is the RiverStone Board of Health, the governing body of Yellowstone City-County Health Department dba RiverStone Health (the "Board of Health"). YHP has no employees of its own. Four individuals currently serve on YHP's Board of Directors, of which two of the members are also members of the Board of Health and two of the members are employed as part of RiverStone Health's executive management team.

YHP holds title to the land and buildings upon which RiverStone Health's main campus is located, and it is also the entity obligated by the bonds that were issued for purchase, construction, and/or improvement of the property on RiverStone Health's main campus. RiverStone Health has a long-term lease arrangement with YHP whereby RiverStone Health ensures payment of funds to YHP necessary to cover the principal and interest payments associated with outstanding bonds.

YHP also holds two endowment funds that support RiverStone Health programs. One endowment fund was established in 2001 to benefit the ongoing operations of RiverStone Health's hospice program. This fund had a balance of approximately \$2.3 million as of June 30, 2022.

Additionally, as a result of the transition of the MFMR program into RiverStone Health's operations, YHP also holds an endowment fund established to benefit the ongoing operations of MFMR. This fund had a balance of approximately \$1.2 million as of June 30, 2022.

RiverStone Health also employs two to three fundraising staff whereby, pursuant to a professional services agreement with RiverStone Health Foundation (Foundation), the staff promote local fundraising through activities and special events benefiting not just RiverStone Health's hospice and residency programs, but all of RiverStone Health's programs and services.

RiverStone Health Foundation, a Montana non-profit corporation, was created in 2008 for the purpose of engaging in philanthropic and fundraising related activities to support RiverStone Health and its programs. In 2009 the Foundation received recognition from the Internal Revenue Service as an organization described in Section 501(c)(3) of the Code, and it is exempt from federal taxation as a result of the application of Section 501(a) of the Code.

Undertaking its first major activity late in 2008, the Foundation, under the auspices of YHP and with the active support of other local healthcare providers, launched a capital campaign for purposes of raising funds to build RiverStone Health's hospice facility located on the west end of Billings. The hospice facility was constructed on a site owned by St. John's United, which was initially leased to the Foundation and subsequently assigned to YHP (see paragraphs immediately following) under a 75-year lease for a payment of \$1 annually. Effective July 1, 2009, the fundraising related assets and liabilities previously maintained on YHP's books, excluding endowed funds that remain on the YHP books, were transferred from YHP to the Foundation. Because the Foundation exists outside the control and management of RiverStone Health, the Foundation is *not* included as a component unit of RiverStone Health's reporting entity.

**Other Information (Continued)**

During FY15, the Foundation recognized a donation (and YHP recognized similar contribution revenue) totaling close to \$1.7 million when it contributed the hospice facility to YHP. The Foundation initiated a second major fundraising activity late in 2015 by embarking upon another capital campaign to raise funds for construction of a \$9 million medical clinic facility located on RiverStone Health's main campus. The new clinic (i.e., Ballard Center), which is located directly south of the old clinic and initiated operations in January 2018, allows for expanded patient access and outcomes, enhanced healthcare education training partnerships, improved efficiency of RiverStone Health's services and staff coordination, and provides the ability to serve additional patients and families in need of care, likely well into the future.

Following completion of the Ballard Center, a second phase of the expansion project was completed in early FY19 at a total cost of about \$900,000 to provide for space connecting the new clinic to the old clinic facility and also provide some renovations to a portion of the old clinic facility.

In January 2019, a third and final phase of the clinic expansion project was initiated. This phase included additional renovations to portions of the old clinic facility and allowed for integration of clinic and residency administrative leadership staff, increased office space for physician and non-physician providers, improvements to the dental clinic's office space, and an enlarged staff break area / lounge. This final phase was completed by the end of FY19 at a total cost of approximately \$1.3 million.

In July 2021 the satellite facility operated by RiverStone Health Clinic in Worden, MT, which was being leased for \$1 per year, was donated to Yellowstone Health Partnership. The market value of the facility at the time of donation was estimated to be \$250,000. Late in FY22 RiverStone Health began a deferred maintenance alteration & renovation project. The clinic, which was constructed in 1962, has not had any major investment in its structure with exception of a roof replacement and replacement of the main sewer line. The cabinetry, windows and cement walkways are original and, while they have been well-maintained, they are need of significant repair and upgrade for safety and efficiency. The total project cost is estimated at \$490,000 and is being almost entirely funded by ARPA funding. The two-year grant period runs from April 1, 2021 through March 31, 2023 and the total funding provided by this grant was \$3,275,750, of which less than \$200,000 was received (and recognized as revenue) in FY21, \$730,000 was recognized as revenue in FY22, and the balance of the grant is anticipated to be recognized in FY23.

In addition to the Worden Clinic project, the initial grant covered approximately \$1.2 million in wages and benefits of staff, \$460,000 medical, dental and information technology equipment, \$300,000 supplies, \$280,000 for various contractual services, and approximately \$550,000 for a student loan matching program, retention and resiliency project incentives and staff training curriculum. A prior approval budget request authorization is being prepared to submit to HRSA to request some modification of the initial budgeted items.

If approved, RiverStone Health plans to allocate a larger portion of the grant funding to some necessary equipment purchases (largely comprised of a backup generator for the Ballard Center building and a new telehealth technology platform) and allocate a smaller portion of the grant funding to the student loan matching program and other retention and resiliency incentives.

YELLOWSTONE CITY-COUNTY HEALTH DEPARTMENT  
dba RIVERSTONE HEALTH  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2022 and 2021

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

The financial statements include the accounts of Yellowstone City-County Health Department, dba RiverStone Health, and Yellowstone Health Partnership (YHP), a component unit of Yellowstone City-County Health Department presented on a blended basis (collectively referred to as RiverStone Health). The criteria for including organizations within RiverStone Health's reporting entity are set forth in generally accepted accounting principles (GAAP), which defines the financial reporting entity as the primary government, as well as its component units, which are legally separated organizations for which the officials of the primary government are financially accountable.

GAAP has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of RiverStone Health to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, RiverStone Health. Management of RiverStone Health has determined that YHP meets the above criteria and, as such, it has been included as a component unit in the accompanying financial statements. In addition, RiverStone Health is not aware of any other entity that would exercise such financial accountability resulting in RiverStone Health being considered a component unit of that entity.

All significant intercompany transactions and accounts have been eliminated between YHP and RiverStone Health.

**Organization**

Yellowstone City-County Health Department, dba RiverStone Health, is a Montana multi-jurisdictional health district established by the RiverStone Board of Health under MCA 7-11-110(2)(i) to promote individual, community, and environmental health by understanding, anticipating, and responding to the health-related needs of Montanans. RiverStone Health is managed by the RiverStone Board of Health and by a central administration appointed by and responsible to the Board.

YHP is a non-profit corporation established under the laws of the State of Montana, whose sole member is the RiverStone Board of Health. YHP is a supporting organization for the programs through which RiverStone Health provides public health and clinical health related services.

**Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting, and Basis of Presentation**

RiverStone Health follows proprietary fund reporting. Accordingly, the accompanying financial statements are presented using the economic resources measurement focus and the accrual method of accounting. Under the accrual method of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. RiverStone Health applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net funds are available.

Net position is classified into three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

- Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation plus capital related deferred outflows, and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings and capital related deferred inflows that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of “net investment in capital assets.” Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted – This component of net position is restricted by external constraints imposed by creditors (such as debt covenants), contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. Two classifications of restrictions are as follows:
  - *Expendable* – Net position subject to constraints externally imposed by creditors, grantors, contributors, or laws or regulations of other governments.
  - *Nonexpendable* – Net position subject to stipulations that they be maintained permanently by the organization. The restrictions on these assets may permit the organization to use the income earned and capital gains, if any, from the investment assets as support for general or specific purposes, unless otherwise specified by the donor.
- Unrestricted – This component of net position consists of any remaining net position that does not meet the definition of “Restricted” or “Net investment in capital assets.”

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**New Accounting Pronouncements**

RiverStone Health has adopted the provisions of the following GASB pronouncement for fiscal year 2022:

Statement No. 87, *Leases*. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about a government's leasing activities. The requirements of this Statement have been applied retrospectively.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, RiverStone Health considers cash on hand, cash in banks, and pooled deposits within the Yellowstone County investment pool with maturities of 90 days or less to be cash equivalents. Cash and cash equivalents held by bond trustees and brokerage houses are also classified as cash and cash equivalents. FDIC coverage is limited to \$250,000 per account holder. From time to time, certain bank accounts that are subject to limited FDIC coverage exceed their insured limits.

**Receivables**

RiverStone Health records receivables from third-party insurance companies, various contracts, property taxes, and grant agreements. RiverStone Health utilizes the allowance method to account for uncollectible accounts receivable and routine medical/dental billing adjustments. At June 30, 2022 and 2021, the allowance account had a balance of \$832,839 and \$585,322, respectively, based on management's estimates of collectability. Management estimated an allowance based on 100% of private pay accounts receivable that had been outstanding more than 120 days. RiverStone Health has not recognized an allowance for grants and taxes receivable as management considers all amounts collectible.

**Inventory**

Inventory consists mainly of medical, dental, and pharmaceutical supplies and is valued at the lower of cost (on a first-in, first-out basis) or net realizable value.

**Property and Equipment**

Property and equipment is recorded at historical cost. Donated property and equipment is reported at estimated fair value at the date received. Depreciation is calculated on the straight line basis over estimated useful lives of 3 – 40 years in accordance with applicable industry standards. RiverStone Health capitalizes all expenditures for property and equipment over \$5,000.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2022 and 2021

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Lease Assets**

RiverStone Health has elected not to capitalize lease assets less than \$5,000. The related lease liabilities, principal and interest are not material and have not been included in the financial statements. Payments for these leases have been recorded as lease expense in accordance with the accrual method of accounting as described on page 28.

**Investments and Investment Income**

RiverStone Health reports all investments at fair value based on quoted market prices. Net investment income or loss (including realized and unrealized gains and losses on investments plus interest and dividends) is included in the statement of revenues, expenses and changes in net position as an increase or decrease to unrestricted net position unless its use is restricted by explicit donor stipulation or law. Investment income is considered a non-operating revenue source.

RiverStone Health categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets (these investments are valued using prices quoted in active markets); Level 2 inputs are significant other observable inputs (these investments are valued using matrix pricing); Level 3 inputs are significant unobservable inputs (these investments are valued using consensus pricing).

**Compensated Absences**

Accrued compensated absences are an obligation relating to employees' rights to receive compensation for future absences and are attributable to employees' services already rendered. RiverStone Health recognizes a liability for the full cost of unused vacation benefits and 25% of the cost of unused sick leave benefits earned by its personnel.

**Other Post-Employment Benefits**

RiverStone Health participates in Yellowstone County's health insurance plan and at this time, the County has not allocated a portion of the OPEB liability to RiverStone Health.

**Third-Party Contractual Adjustments**

RiverStone Health has agreements with certain third-party payers that provide for payments at amounts different from its established rates. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Provisions for estimated third-party payer settlements are provided in the period related services are rendered. Differences between the estimated amounts accrued and interim and final settlements are reported in operations in the year of settlement.

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Property Tax Revenues**

Yellowstone County is responsible for assessing, collecting, and distributing property taxes. Property taxes become a lien on the first day of the levy year and may be paid in two equal installments. The first installment is due on or before November 30<sup>th</sup> of each year, and the second installment is due on or before May 31<sup>st</sup> of the following year. All property taxes are recognized on a full accrual basis in the accompanying financial statements.

**Operating Revenues and Expenses**

Operating revenues are those revenues that are either generated directly from the primary activities of RiverStone Health or are a principal source of financing for on-going operations. For RiverStone Health, these revenues include patient and clinic related revenue streams, tax revenue, contributions and grants, and other income. Operating expenses are necessary costs incurred to provide the services that are the primary activities of RiverStone Health.

**Advertising Costs**

RiverStone Health expenses any costs related to advertising as incurred.

**Reclassifications**

Certain amounts presented in the prior year have been reclassified to conform to current year financial statement presentation. The reclassifications have no impact on previously reported net position or change in net position.

**Subsequent Events**

Management has evaluated subsequent events through December 29, 2022, the date which the financial statements were available for issue.

**NOTE 2. CASH AND INVESTMENTS**

All cash and investments meet collateral requirements specified by State law. There are no legal provisions that limit RiverStone Health as to the type of cash and investments that it can maintain other than those funds on deposit with Yellowstone County.

Cash and cash equivalents are stated at cost and consist of balances in federally insured checking, savings, money market, and certificates of deposit accounts. Restricted cash and cash equivalents are stated at cost and consist of a government insured money market account held by US Bank & Trust and funds held at The Bank of New York Mellon.

In addition to funds held in financial institutions, RiverStone Health has funds in a cash and investment pool managed by Yellowstone County (the Pool); these funds are under the control of the Yellowstone County Treasurer. The composition of the cash held at the County is available in the County's audited financial statements, which can be obtained by calling the County Fiscal Office at (406) 256-2718. RiverStone Health had cash and cash equivalents totaling \$308,789 and \$197,940 maintained by Yellowstone County at June 30, 2022 and 2021, respectively.

Because of the pooled funds concept, it is not possible to allocate RiverStone Health's portion of the Pool into risk categories. However, all participants in the Pool share the risks proportionately; that is, each dollar invested shares proportionately in the risk of the pooled investments. Cash and cash equivalents may include cash and cash items, demand, money market, time savings, fiscal agent deposits, investments in the Montana Short-Term Investment Pool (S.T.I.P.), repurchase agreements, and direct obligations of the United States Government.

All cash, certificates of deposit, and investments with a maturity date of 90 days or less when purchased are treated as cash equivalents for purposes of cash flow reporting. Investments are stated at fair value.

RiverStone Health's investments maintained as part of its endowment funds are stated at fair value and consisted of the following at June 30, 2022:

**NOTE 3. ENDOWMENT FUNDS (CONTINUED)**

At the time the endowment reaches \$1,000,000, all interest income of the endowment may be available. Permitted uses consist of: scholarships to MFMR residents; innovative educational activities and research in the field of family medicine; and such other uses and in such amounts as are approved by the Project Committee, as defined by the gift agreement.

During the year ended June 30, 2022 and 2021, interest and dividends earned by the MFMR endowment fund totaled \$28,652 and \$20,854, respectively.

For amounts maintained in YHP's remaining endowment fund, all interest income is expendable by RiverStone Health for its hospice operations. During the year ended June 30, 2022 and 2021, interest and dividends earned by the hospice endowment totaled \$57,536 and \$43,125, respectively.

At June 30, 2021, approximately \$3,000 was included in construction in progress (CIP) pertaining to a minor remodel project to create additional space for human resources staff. At June 30, 2022, CIP totaling approximately \$71,000 pertained to two projects being entirely funded with federal grants made possible by the American Rescue Plan Act (ARPA) of 2021 from the Health Resources Services Administration (HRSA) to RiverStone Health Clinic.

These projects include the renovation of approximately 3,000 square feet of a portion of vacated space in RiverStone Health's old clinic facility to better accommodate patient care, specifically creating added patient care space for behavioral health, clinical pharmacy and care management services. This project is expected to cost approximately \$670,000 and be completed early in 2023. The second project pertains to alterations and renovation work (i.e., deferred maintenance repairs & upgrades) being completed on the outlying clinic facility located in Worden. This project is expected to cost approximately \$490,000 and anticipated to be completed in March 2022.

**NOTE 6. LEASES**

RiverStone Health has a long-term lease arrangement with YHP, a blended component unit, whereby RiverStone Health ensures payment of funds to YHP necessary to cover the principal and interest payments associated with outstanding bonds. RiverStone Health leases the operating facility, including the main clinic, administration building, and other program and administrative offices, from YHP.

The lease was effective September 1, 2009 and terminates on August 31, 2034. The lease required monthly payments \$126,661 during the years ending June 30, 2022 and 2021. In August 2021, Riverstone Health began leasing the outlying medical clinic space located in Worden from YHP for \$2,000 per month (see additional information pertaining to the Worden clinic site in the immediately following paragraphs). Total rent expense under these agreements during the years ended June 30, 2022 and 2021 was \$1,541,935 and \$1,519,934, respectively.

In addition, YHP recognized rent income of \$1,541,935 and \$1,519,935 under this arrangement during the years ended June 30, 2022 and 2021, respectively. As described in Note 1, RiverStone Health has eliminated these transactions in the statement of revenues, expenses and changes in net position. GASB Statement No. 87, *Leases*, does not apply to leases where the lessor is included as a blended component unit of the primary government; therefore, the lease with YHP has been excluded from the lease liability included in the statements of net position.

RiverStone Health has entered into various lease agreements for office and clinic space, vehicles, equipment and short-term rental space. These leases include space pertaining to the operation of outlying medical clinic sites in Bridger and Joliet. Additionally, in-kind rent expense of \$20,620 was recorded during the year ended June 30, 2021 for space provided free of charge by an unrelated party for operation of the medical clinic in Worden.

In July 2021, this facility was donated to YHP at an estimated market value of \$250,000 and in August 2021 RiverStone Health began leasing the facility from YHP as described in the immediately preceding paragraph.

**NOTE 6. LEASES (CONTINUED)**

A short-term lease is a lease that, at the commencement of the lease term, has a maximum possible term under the lease contract of 12 months (or less), including any options to extend, regardless of the probability of the options being exercised. For a lease that is cancelable by either the lessee or the lessor, such as a rolling month-to-month lease or a year-to-year lease, the maximum possible term is the noncancelable period, including any notice periods. Short-term leases are not subject to GASB Statement No. 87, *Leases*, and are recorded as lease expense in accordance with the accrual method of accounting.

The below table summarizes the total amount of lease assets, related accumulated amortization and lease liabilities related to the lessee leasing arrangements as of June 30, 2022 and 2021, respectively.

**NOTE 6. LEASES (CONTINUED)**

Principle and interest requirements to maturity as of June 30, 2022 are as follows:

|                           | <u>Principal</u> | <u>Interest</u> | <u>Total</u> |
|---------------------------|------------------|-----------------|--------------|
| Year Ending June 30, 2023 | \$ 25,373        | \$ 451          | \$ 25,824    |

**NOTE 7. LONG-TERM LIABILITIES**

In September 2003, YHP issued \$3,830,000 in industrial revenue bond debt to purchase a building and land used by RiverStone Health located at 123 South 27<sup>th</sup> Street in Billings, Montana. Bond proceeds were also used to purchase other property adjacent to the east and south of this property and to allow for demolition of the structures and construction of a new parking lot.

The bonds are collateralized by a first mortgage lien on, and security interest in, the project facilities and all equipment and fixtures included therein, as well as the gross receivables from the project facilities.

In June 2013, the 2003 bonds were refinanced. Terms of the loan agreement issued in conjunction with the bond refinancing require annual principal payments to be paid on October 1 of each year and semi-annual interest payments to be paid on April 1 and October 1 of each year. Refinancing these bonds reduced the interest rate from 5.5% to 2.88%. The 2013 bonds are collateralized similarly to bonds issued in 2009, which were then advance refunded in December 2014, and are described in the immediately following two paragraphs.

In September 2009, YHP issued \$11,805,000 in subordinate health care lease revenue bond debt to finance construction of a new office building located on RiverStone Health's existing campus and also to renovate the second floor of the clinic building used by RiverStone Health.

The 2009 bonds were advance refunded in December 2014. Terms of the loan agreement issued in conjunction with the bond refunding require annual principal payments to be paid on October 1 of each year and semi-annual interest payments to be paid on April 1 and October 1 of each year. The advance refunding of the 2009 bonds using proceeds of the 2014 bonds reduced the interest rate from 4.87% to 3.41%.

In December 2016, YHP issued an additional \$3,060,000 in subordinate health care lease revenue bonds to assist in financing construction of a clinic expansion project while RiverStone Health Foundation conducted a capital campaign to garner philanthropic support for the project. Terms of the loan agreement issued in conjunction with the bonds, which were issued in parity with the 2014 and 2013 bonds, require principal payments to be paid each October and semi-annual interest payments to occur each April and October. The bonds had an interest rate of 2.48% and matured on October 1, 2021.

**NOTE 7. LONG-TERM LIABILITIES (CONTINUED)**

The bonds are collateralized by a senior pledge of the tax revenues levied by Yellowstone County for RiverStone Health and a subordinate pledge of health care and health department services revenue. The bonds are also secured by a subordinate mortgage lien on, security interest in, and an assignment of rents and leases of the project, subject to permitted encumbrances. In addition, the bonds require compliance with specific loan covenants, of which RiverStone Health was in substantial compliance at June 30, 2022 and 2021.

Bond reserve funds totaling \$1,007,857 and \$1,685,732, consisting of cash and cash equivalents restricted for future debt, are reflected in the statement of net position as of June 30, 2022 and 2021, respectively.

**NOTE 8. RETIREMENT PLANS**

RiverStone Health participates in the State of Montana's Public Employees Retirement System (PERS) plan.

In accordance with GASB Statement 68, *Accounting and Financial Reporting for Pensions*, employers and the non-employer contributing entity are required to recognize and report certain amounts associated with their participation in the PERS. Employers are required to record and report their proportionate share of the collective net pension liability, pension expense, and deferred inflows and deferred outflows of resources associated with pensions.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

GASB Statement 68 allows a measurement date of up to 12 months before the employer's fiscal year-end can be utilized to determine the Plan's Total Pension Liability (TPL). The basis for the TPL as of June 30, 2021, was determined by taking the results of the June 30, 2020 actuarial valuation and applying standard roll forward procedures. The roll forward procedure uses a calculation that adds the annual normal cost (also called the service cost), subtracts the actual benefit payments and refunds for the plan year, and then applies the expected investment rate of return for the year. The roll forward procedures include the effects of any assumption changes and legislative changes. The update procedures are in conformity with Actuarial Standards of Practice issued by the Actuarial Standards Board.

**NOTE 8. RETIREMENT PLANS (CONTINUED)**

**Plan Description**

The PERS-Defined Benefit Retirement Plan (PERS-DBRP), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing plan established July 1, 1945, and governed by Title 19, chapters 2 & 3, Montana Code Annotated (MCA). This plan provides retirement benefits to covered employees of the State, local governments, certain employees of the Montana University System, and school districts. Benefits are established by state law and can only be amended by Legislature.

All new members are initially members of the PERS-DBRP and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the PERS-Defined Contribution Retirement Plan (PERS-DCRP) by filing an irrevocable election. Members may not be members of both the defined contribution and defined benefit retirement plans.

**Benefits Provided**

The PERS-DBRP provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and highest average compensation (HAC). Member rights are vested after five years of service.

**Service retirement:**

- Hired prior to July 1, 2011:
  - Age 60, 5 years of membership service;
  - Age 65, regardless of membership service; or
  - Any age, 30 years of membership service.
- Hired on or after July 1, 2011:
  - Age 65, 5 years of membership service; or
  - Age 70, regardless of membership service.

**Early retirement:**

- Hired prior to July 1, 2011:
  - Age 50, 5 years of membership service; or
  - Any age, 25 years of membership service.
- Hired on or after July 1, 2011:
  - Age 55, 5 years of membership service

**Second retirement:** (requires returning to PERS-covered employer or PERS service):

- Retired before January 1, 2016 and accumulated less than 2 years additional service credit or retired on or after January 1, 2016 and accumulated less than 5 years additional service credit:
  - A refund of members' contributions plus return interest (currently 2.02% effective July 1, 2018);
  - No service credit for second employment;
  - Start the same benefit amount for month following termination; and
  - Guaranteed Annual Benefit Adjustment (GABA) starts again in the January immediately following the second retirement.
- Retired before January 1, 2016 and accumulated at least 2 years of additional service credit:

dba RIVERSTONE HEALTH  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2022 and 2021

**NOTE 8. RETIREMENT PLANS (CONTINUED)**

**Second Retirement (Continued):**

- A recalculated retirement benefit based on provisions in effect after the initial retirement; and
- GABA starts on the recalculated benefit in January after receiving the new benefit for 12 months.
- Retired on or after January 1, 2016 and accumulated 5 or more years of service credit:
  - The same retirement as prior to the return to service;
  - A second retirement benefit as prior to the second period of service based on laws in effect upon the rehire date; and
  - GABA starts on both benefits in the January after receiving the original and the new benefit for 12 months.

**Member's Highest Average Compensation (HAC)**

- Hired prior to July 1, 2011 – highest average compensation during any consecutive 36 months;
- Hired on or after July 1, 2011 – highest average compensation during any consecutive 60 months;

**Compensation Cap**

- Hired on or after July 1, 2013 – 110% annual cap on compensation considered as part of a member's highest average compensation.

**Monthly Benefit Formula**

- Members hired prior to July 1, 2011:
  - Less than 25 years of membership service: 1.785% of HAC per year of service credit;
  - 25 years of membership service or more: 2% of HAC per year of service credit.
- Members hired on or after July 1, 2011:
  - Less than 10 years of membership service: 1.5% of HAC per year of service credit;
  - 10 years or more, but less than 30 years of membership service: 1.785% of HAC per year of service credit;
  - 30 years or more of membership service: 2% of HAC per year of service credit.

**Guaranteed Annual Benefit Adjustment (GABA)**

After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided below) each January, inclusive of other adjustments to the member's benefit.

- 3% for members hired prior to July 1, 2007.
- 1.5% for members hired between July 1, 2007 and June 30, 2013.
- Members hired on or after July 1, 2013:
  - a) 1.5% for each year PERS is funded at or above 90%;
  - b) 1.5% reduced by 0.1% for each 2.0% PERS is funded below 90%; and
  - c) 0% whenever the amortization period for PERS is 40 years or more.

**Contributions**

The State Legislature has the authority to establish and amend contribution rates. Member and employer contribution rates are specified by Montana Statute and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.

*Special Funding*

The State of Montana, as the non-employer contributing entity, paid to the Plan, additional contributions that qualify as *special funding*. Those employers who received *special funding* are all participating employers.

*Not Special Funding*

Per Montana law, state agencies and universities paid their own additional contributions. These employer-paid contributions are *not* accounted for as special funding for state agencies and universities but are reported as employer contributions.

Member and employer contribution rates are shown in the table below:

1. Member contributions to the system of 7.9% are temporary and will be decreased to 6.9% on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below 25 years following the reduction of both the additional employer and additional member contribution rates.

**Contributions (Continued)**

*Not Special Funding (Continued)*

2. Employer contributions to the system:

- a) Effective July 1, 2014, following the 2013 Legislative Session, PERS-employer contributions increased an additional 0.1% a year and will continue over 10 years through 2024. The additional employer contributions including 0.27% added in 2007 and 2009, will terminate on January 1 following an actuary valuation that shows the amortization period of the PERS-DBRP has dropped below 25 years and remains below the 25 years following the reduction of both the additional employer and member contributions rates.
- b) Effective July 1, 2013, employers are required to make contributions on working retirees' compensation. Member contributions for working retirees are not required.
- c) The portion of employer contributions allocated to the Plan Choice Rate (PCR) is included in the employers reporting. The PCR was paid off effective March 2016 and the contributions previously directed to the PCR are now directed to member accounts.

3. Non-Employer Contributions:

- a) Special Funding
  - i. The State contributes 0.1% of members' compensation on behalf of local government entities.
  - ii. The State contributes 0.37% of members' compensation on behalf of school district entities.
  - iii. The State contributed a Statutory Appropriation from the General Fund of \$34,290,660.

**Discount Rate**

The discount rate used to measure the total pension liability was 7.06%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities would be made based on the Board's funding policy, which established the contractually required rates under Montana Code Annotated. The State contributes 0.1% of salaries for local governments and 0.37% for school districts. In addition, the State contributed a statutory appropriation from the general fund. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2126. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. A municipal bond rate was not incorporated in the discount rate.

**Target Allocations**

The long-term rate of return as of June 30, 2021, was calculated using the average long-term capital market assumptions published in the *Survey of Capital Market Assumptions 2021 Edition* by Horizon Actuarial Services, LLC, yielding a median real return of 4.66%. The assumed inflation is based on the intermediate inflation assumption of 2.40% in *2021 OASDI Trustees Report* used by the Chief Actuary for Social Security to produce 75-year cost projections. Combining these two results yields a nominal return of 7.06%. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation of June 30, 2021, are summarized below.

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The below table presents Riverstone Health's sensitivity of the NPL to the discount rate. A small change in the discount rate can create a significant change in the liability. The NPL was calculated using the discount rate of 7.06%, as well as what the NPL would be if it were calculated using a discount rate 1.00% lower or 1.00% higher than the current rate.

**PERS Disclosure for the Defined Contribution Plan**

RiverStone Health contributed to the State of Montana PERS-DCRP for employees that have elected the DCRP. The PERS-DCRP is administered by the Montana Public Employees Retirement Board (PERB) and is reported as a multiple-employer plan established July 1, 2002, and governed by Title 19, chapters 2 & 3, MCA.

All new PERS members are initially members of the PERS-DBRP and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be participants of both the *defined benefit* and *defined contribution* retirement plans.

Member and employer contribution rates are specified by state law and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers. The state Legislature has the authority to establish and amend contribution rates.

Benefits are dependent upon eligibility and individual account balances. Participants are vested immediately in their own contributions and attributable income. Participants are vested after 5 years of membership service for the employer's contributions to individual accounts and the attributable income. Non-vested contributions are forfeited upon termination of employment per 19-3-2117(5), MCA. Such forfeitures are used to cover the administrative expenses of the PERS-DCRP.

At the Plan level for the measurement period ended June 30, 2021 and 2020, PERS-DCRP employers did not recognize any net pension liability or pension expense for the *defined contribution* plan. Plan level non-vested forfeitures for the 329 employers that have participants in the PERS-DCRP totaled \$1,103,889 and \$775,195, respectively.

**Pension Plan Fiduciary Net Position**

The stand-alone financial statements of the Montana Public Employees Retirement Board (PERB) *Annual Comprehensive Financial Report* (ACFR) and the GASB 68 Report disclose the Plan's fiduciary net position. The reports are available from the PERB at PO Box 200131, Helena MT 59620-0131, (406) 444-3154 or both are available on the MPERA website at <http://mpera.mt.gov/about/annualreports1/annualreports>.

**NOTE 9. RISK MANAGEMENT**

As a normal part of its operations, RiverStone Health faces numerous issues involving the potential for risks of loss, including, but not limited to: a) damage to and loss of property and contents; b) employee torts; c) professional liability (i.e., errors and omissions); d) environmental damage; e) workers' compensation (i.e., employee injuries); and f) medical insurance costs of employees. Commercial insurance policies transferring substantially all or portions of certain risks of loss are purchased to mitigate these risks. Settled claims did not exceed the commercial coverage for the fiscal years ended June 30, 2022 and 2021.

**NOTE 10. CONCENTRATIONS**

RiverStone Health derived approximately 71% and 69% of its revenues during fiscal years 2022 and 2021, respectively, from grants and contracts with various federal and state governmental agencies, including the U.S. Department of Health and Human Services, Medicare, and Medicaid. A significant variation in the level of this support, if this were to occur, could have a significant impact on RiverStone Health's programs and activities.

**NOTE 11. COMMITMENTS AND CONTINGENCIES**

RiverStone Health is periodically involved in legal actions and claims that arise as a result of events that occur in the normal course of operations. The ultimate resolution of these actions is not expected to have a material adverse effect on RiverStone Health's liquidity or financial position.

**NOTE 13. RELATED PARTY TRANSACTIONS (CONTINUED)**

In addition, RiverStone Health provides administrative oversight, accounting services, and reports to and receives guidance from MFMR's board. Fees recognized by RiverStone Health related to services provided to MFMR during the years ended June 30, 2022 and 2021, totaled \$6,158,783 and \$5,762,426, respectively. Payments from MFMR to RiverStone Health during the years ended June 30, 2022 and 2021, totaled \$7,587,936 and \$4,329,462, respectively.

As of June 30, 2022 and 2021, one member of RiverStone Health's executive management staff was also a member of MFMR's board of directors as well as MFMR's appointed President and CEO.

RiverStone Health Foundation (the Foundation), a 501(c)(3) tax exempt entity that is not considered a component unit of RiverStone Health for financial reporting purposes, began operations in July 2009 for the primary purpose of aiding and assisting RiverStone Health in providing various services. RiverStone Health has entered into a Management Services Agreement with the Foundation for purposes of establishing the relationships between the entities and to facilitate the accomplishment of their mutual goals.

Pursuant to the agreement terms, the Foundation agrees to: 1) conduct and manage fundraising related activities for RiverStone Health; 2) disburse funds raised to benefit RiverStone Health's programs in accordance with donors' wishes; and 3) participate in RiverStone Health's functions as requested. In consideration for the assumption of enumerated responsibilities, RiverStone Health has agreed to provide the Foundation with various management and support services, including consultation and assistance in the development and implementation of charitable programs; the maintenance of financial records, reports, and controls; cash and investment management of assets; and other services as reasonably required. During the years ended June 30, 2022 and 2021, RiverStone Health recognized \$375,055 and \$376,081, respectively, in total expenses under the terms of this agreement, with these expenses largely pertaining to Foundation related salaries and benefits and various administrative and overhead costs.

As of June 30, 2022 and 2021, one member of RiverStone Health's executive management staff and one member of RiverStone Health's board of directors were also members of the Foundation's board of directors.

**NOTE 15. SUBSEQUENT EVENTS**

In November 2022, RiverStone Health’s public health division received an additional \$1,355,851 from the State of Montana via an amendment to its existing immunization services contract. The funding is available to spend through June 30, 2024 and is to be used for the following:

- Identify additional programs and partners within local jurisdictions and develop partnerships for COVID-19 vaccine outreach, education, and planning.
- Create outreach programs and increase organizational capacity to provide opportunities for COVID-19 vaccination in socially vulnerable populations.
- Provide funding for professional development, training, and recruitment to ensure workforce that is proficient in providing services to at-risk communities and areas of high social vulnerability.
- Increase access to COVID-19 vaccines.
- Identify programs and partners within the community for Monkeypox vaccine outreach, education, and planning.
- Create and distribute educational materials and programs and increase organizational capacity to provide opportunities for Monkeypox vaccination for at-risk populations.
- Coordinate with the state and local health jurisdictions to ensure Monkeypox vaccine is transported to appropriate locations as needed.

\*The amounts presented for each fiscal year were determined as of June 30, the most recent fiscal year end.

<sup>1</sup> All employer adjustments made in the current fiscal year 2022 but adjusting a payroll with a pay date in a prior fiscal year are considered prior year adjustments and are removed from the covered payroll report before the actuary calculates the employer's proportionate share.

This schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
Years Ended June 30, 2022 and 2021

**Changes of Benefit Terms**

The following changes to the plan provision were made as identified:

**2017:**

**Working Retiree Limitations -for PERS**

Effective July 1, 2017, if a PERS retiree returns as an independent contractor to what would otherwise be PERS-covered employment, general contractor overhead costs are excluded from PERS working retiree limitations.

**Refunds**

- 1) Terminating members eligible to retire may, in lieu of receiving a monthly retirement benefit, refund their accumulated contributions in a lump sum.
- 2) Terminating members with accumulated contributions between \$200 and \$1,000 who wish to rollover their refund must do so within 90 days of termination of service.
- 3) Trusts, estates, and charitable organizations listed as beneficiaries are entitled to receive only a lump-sum payment.

**Interest credited to member accounts**

Effective July 1, 2017, the interest rate credited to member accounts increased from 0.25% to 0.77%.

**Lump-sum payouts**

Effective July 1, 2017, lump-sum payouts in all systems are limited to the member's accumulated contribution rate rather than the present value of the member's benefit.

**Disabled PERS Defined Contribution (DC) Members**

PERS members hired after July 1, 2011 have a normal retirement age of 65. PERS-DC members hired after July 1, 2011 who became disabled were previously only eligible for a disability benefit until age 65. Effective July 1, 2017, these individuals will be eligible for a disability benefit until they reach 70, thus ensuring the same 5-year time period available to PERS-DC disabled members hired prior to July 1, 2011 who have a normal retirement age of 60 and are eligible for a disability benefit until age 65.

Administrative expenses are recognized by an additional amount added to the normal cost contribution rate for the System. The amount varies from year to year based on the prior year's actual administrative expenses. The actuarial assumptions and methods utilized in the June 30, 2020 valuation, were developed in the six year experience study for the period ending 2016.

YELLOWSTONE CITY-COUNTY HEALTH DEPARTMENT  
dba RIVERSTONE HEALTH  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
Year Ended June 30, 2022

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of RiverStone Health and is presented on the cash receipts and disbursements method of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the financial statements.

**NOTE 2. INDIRECT COST RATE**

RiverStone Health has elected not to use the 10-percent De Minimis indirect cost rate allowed under Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT  
AUDITING STANDARDS*

To the Board of Health  
Yellowstone City-County Health Department  
dba RiverStone Health  
Billings, Montana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Yellowstone City-County Health Department, dba RiverStone Health (RiverStone Health), as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, and have issued our report thereon dated December 29, 2022.

**Report on Internal Control over Financial Reporting**

In planning and performing our audits of the financial statements, we considered RiverStone Health's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of RiverStone Health's internal control. Accordingly, we do not express an opinion on the effectiveness of RiverStone Health's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether RiverStone Health's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit; accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Health  
Yellowstone City-County Health Department  
dba RiverStone Health  
Billings, Montana

### **Report on Compliance for Each Major Federal Program**

#### **Opinion on Each Major Federal Program**

We have audited Yellowstone City-County Health Department, dba RiverStone Health's (RiverStone Health) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of RiverStone Health's major federal programs for the year ended June 30, 2022. RiverStone Health's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, RiverStone Health complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

#### **Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of RiverStone Health and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of RiverStone Health's compliance with the compliance requirements referred to above.

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to RiverStone Health's federal programs.

### **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on RiverStone Health's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about RiverStone Health's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding RiverStone Health's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of RiverStone Health's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of RiverStone Health's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**RiverStone Health Response to Request for Additional Information for  
HUD HOME-ARP Funding**

**Date:** 2/2/2024  
**From:** Eric Owen, Vice President of Public Health and Clinical Services  
**To:** Carly Collins, Grants Coordinator  
**Regarding:** RiverStone Health Response to Request for Additional Information for HUD HOME-ARP Funding

1. Organizations providing supportive services must ensure services are delivered equitably. A chronological waiting list, including the usage of date / time stamps, must be maintained for **every** service offered under HOME-ARP. This may differ from your organization's current waiting list policies and procedures. ***Please describe your organization's ability to maintain and manage multiple waiting lists.***

- All services provided use an electronic health record to schedule people requesting services. The electronic health record records the dates, times and individual who entered any information. Available appointments are scheduled on a first come, first served basis. Nurses provide medical triage and assessment if an individual indicates their health needs are significant and can't wait for the next available appointment. Walk-in services are available for unhoused individuals at our first avenue and St. Vincent de Paul locations.

2. Procedures for managing waiting lists may include information on handling referrals internally within an organization. If multiple services or programs are offered at your organization, ***please describe your policies and procedures for internal program referrals for participants within the organization.***

- Patients are referred to services internally by a few different mechanisms. First, staff can schedule appointments for some services directly in the electronic health record (for example, a patient being seen for health services at 1<sup>st</sup> avenue needs to see a provider for a specialty service at another location). Second, for some programs the electronic health record is used to generate an electronic referral (for example, a pregnant woman receiving OB services is referred to a nurse home visiting program). Last, in some instances a warm hand-off is done between programs if the programs don't share the same electronic health record (for example, a family being seen in primary care wants to get WIC services).

***3. Please describe your organization's understanding of housing discrimination and The Fair Housing Act.***

- While RiverStone Health is not a housing provider we do understand the basic principles of the Fair Housing Act. The Act prohibits discrimination in housing on the basis of race, color, national origin, religion, sex, familial status, and disability. In some cases individuals in federal housing programs may have additional protections. Most housing, with some exceptions, is covered under The Act. RiverStone Health has an expansive non-discrimination policy relating to individuals receiving services and our employees.

**4. Has your staff participated in any Fair Housing training in the last three years? If yes, please list training type(s) and date(s) of training:**

- I am not aware of any staff that have participated in this training but if we receive funding we would be happy to arrange that if required.

**5. Demonstrating long-term outcomes and participant success following a HOME-ARP funding allocation is crucial. *What procedures will your organization implement in order to collect follow-up data from participants?***

- As a Federally Qualified Health Center RiverStone Health is required to collect extensive demographic and clinic health outcomes data on every person who receives services with us. Data is collected in our electronic health record and reported annually to the Health Resources and Services Administration (HRSA).

**6. How will you continue to serve clients after HOME-ARP funding is fully expended? i.e. describe how your organization will provide aftercare services for program participants.**

- Once a client establishes care with us they are enrolled in the program for the duration of allowable program eligibility, dependent on the program. For example, clients receiving primary care, dental and other clinical services are considered established patients for up to three years following their first appointment. Other programs have eligibility periods, for example, individuals are eligible for WIC services through pregnancy and/or up to age 5 of their children. Clients can continue to receive services as long as they are established in care and/or meet the program criteria.

**7. Organizations will be required to use HMIS (Homeless Management Information System) to coordinate services and check for duplication of benefits. *Does your organization currently use HMIS? If not, is your organization willing to implement HMIS to meet program requirements?***

- RiverStone Health is a current HMIS user.

**8. After reviewing the additional questions / requirements / clarifications attached, would your organization like to adjust any of the supportive service activities that were proposed in your original application?**

- No adjustments are needed to our proposal.

**RiverStone Health**

**• If the organization is not hiring staff to carry out HOME-ARP supportive services, how are the positions funded today and why is HOME-ARP needed?**

- Currently, our Healthcare for the Homeless services are provided at a deficit to the organization so a combination of grant funds, flexible funds, and donor dollars are used to supplement the uncompensated care provided in that program.

**• What building is being rented to carry out these activities and how is the rent currently being paid? Why is HOME-ARP needed?**

- RiverStone Health is not requesting the use of HOME-ARP money to cover facility costs. Unhoused individuals can receive services at any of our 3 Billings-based locations.

- **Which eligible “Transportation” service(s) is the agency proposing to provide?** Please see the service definition and eligible costs on the attached table.
  - RiverStone Health currently provides transportation for patients to and from appointments at our facilities for those individuals for whom transportation is a barrier to receiving care. Transportation is provided through a combination of bus vouchers, paying for taxi services, and Uber Health. RiverStone Health pays for the appropriate service directly based on the needs of the individual. Individuals incur no out of pocket expense.

Unique Entity Identification (UEI) Number: A UEI is a number issued by the federal government's System for Award Management (SAM) to identify businesses and other entities that do business with the federal government. The UEI replaces the DUNS number. If your entity is already registered in SAM.gov, it has already been assigned a UEI number. Simply log into SAM.gov to access it. Entities intending to bid on contracts or grants directly from the federal government should visit SAM.gov and choose "Register Entity" to receive a UEI. Those who would like a UEI for sub-award reporting should choose "Get Unique Entity ID." There is no cost to register for a UEI and it can usually be created within one business day. FREE local assistance is available at the Montana Procurement Technical Assistance Program, 201 N Broadway, Billings, MT 59101 / 406.869.8410 / langman@bigskyeda.org. Enter your UEI number below.

**Q17**

Describe the length of time the organization has been in operation and the organization's purpose. (500 characters maximum)

The Yellowstone County Continuum of Care is operated through United Way of Yellowstone County (UWYC), whose mission it is to improve lives by mobilizing the caring power of the community. UWYC has been the primary community-building organization in South Central Montana for 62 years. We provide leadership to effectively mobilize people and financial and strategic resources to improve people's lives and create community change.

---

**Q18**

Describe the types of supportive services currently being provided by the organization. (2,000 characters maximum)

The Yellowstone County Continuum of Care (CoC) currently facilitates a Coordinated Entry System (CES) for the unhoused population. Coordinated Entry is a crucial system for people experiencing or at risk of experiencing homelessness, streamlining access to crisis response services. The Yellowstone County CES proudly delivers all four core components recommended by HUD (access, assessment, prioritization, referral) to every single CES client. All CES clients receive a standardized Coordinated Entry (MAP) Assessment, typically within five days of being identified as "literally homeless," according to HUD's Category I standard. Through community-wide collaboration, CES partners provide unhoused neighbors with streamlined services, with agencies committed to serving as a "front door," clients consistently find "no wrong door." In addition, case managers from participating agencies meet for CES case conferencing on a biweekly basis, where they prioritize clients by placing them on our community's "By Name List." Our CES team has also developed a solid referral mechanism locally, particularly for target populations such as unaccompanied youth, domestic violence victims and survivors, and veterans. The CoC also manages a diversion program, as funding allows, to rapidly redirect people away from homelessness in Billings. Diversion is a method to avert homelessness among individuals seeking shelter by guiding them to immediate alternative housing options and, when needed, expediting access to support services and financial aid to facilitate their transition back to stable, permanent housing. For example, some people have more robust support in other communities, but lack transportation; the CoC can use diversion funds to help someone relocate to permanent housing elsewhere. By diverting people from homelessness in Billings, the CoC relieves pressure on first responders and local service providers and conserves limited resources for more complex populations.

**Q21**

Describe the organization's experience and compliance with federally funded programs. (1,000 characters maximum)

United Way of Yellowstone County (UWYC) has a strong history of utilizing federal funds and supporting grant programs. Founded over 60 years ago, UWYC has evolved to be the region's premier convener and backbone for coalitions. UWYC has the expertise, experience, and organizational structure to successfully manage this funding. Evidence of this capacity includes: - Past Grants: UWYC and staff have managed multiple federal grants in the past, including grants through SAMHSA, CDC, OJJDP, and HHS. - Staff Expertise: The current Director of Impact has over 30 years of nonprofit experience with most of that time including grants and programs management. Through his work with the St. Vincent Healthcare Foundation, he oversaw up to 4 federal grant programs at a time. These programs consistently remained in full compliance with financial and programmatic outcomes. - Audit Success: The current Director of Impact has worked through federal audits for 6 federal grants with no findings.

**Q22**

Describe the agency's policy for maintaining confidentiality of individuals and families served. (1,000 characters maximum)

All participating agencies in the Yellowstone County CoC's Coordinated Entry System (CES) are responsible for obtaining consent from clients to share and store personally identifying information for the purposes of assessing, prioritizing, and referring households through the CES process. People who do not consent still receive access to housing services and related resources but cannot be referred to by name (or have personally identifying information shared) at any point during the CES process, including case conferencing, until they provide written consent. The CES Privacy Policy is provided to all CoC clients regardless of whether they choose to engage in CES. Additionally, case managers in the CES sign a confidentiality agreement with their employer and with the Continuum of Care. This ensures that all participants engaging in case conferencing maintain the highest levels of client confidentiality.

**Q23**

Describe the organization's policies, procedures, and experience in each of the following three areas: (1,500 character maximum for each)

Financial Management & Accountability

**The Finance Director has a degree in accounting along with over 20 years of experience, including work with federal funding. A Finance Committee and the Board of Directors review financials each month. The committee includes persons with expertise, including a CPA for a large accounting firm. An annual independent audit is conducted and reviewed with the Board. Policies and procedures specific to financial management have been created with guidance from an HR professional and approved by the Board of Directors. Specific topics and headings in the Financial Management Policies & Procedures include: • Accounting System • Receipts • Disbursements • Grants • Matching Contributions • Bank accounts • Checks • Petty Cash • Timesheets • Travel • Asset Management • Property Management • Finance Committee • Financial Statements Specific topics and headings in the Internal Control policy include: • Cash and Bank Reconciliations • Credit Cards • Support, Receivables, and Receipts (Including Grants) • Program Service Fees, Revenue, and Receivables • Investments • Expenses and Accounts Payable • Payroll • Journal Entries • Period End and Financial Close**

Personnel Management

**The Director of Impact has a Master's degree in Organizational Psychology as well as over 30 years' experience in non-profit work and 20 years' experience managing grants, including federal grants. This experience includes multiple federal grant trainings through Management Concepts and multiple federal audits with no findings. The President/CEO also has over 30 years' experience, including expertise in organizational and personnel management. An Employee Handbook was created with guidance from an HR professional and was approved by the Board of Directors. This handbook is reviewed with each employee upon hire and signed by the employee. The Board of Directors meets monthly and receives an update on personnel issues.**

Procurement & Purchasing

The Finance Director and Director of Community Impact have experience with federal grants. The Director of Impact has worked with multiple federal grants and has been through training that included procurement and purchasing. He has also completed multiple federal audits with no findings. The policies and procedures addressed above also provide guidance to assure compliance with procurement and purchasing. These policies were created with guidance from an HR professional and approved by the Board.

Recordkeeping & Reporting

The Finance Director and Director of Community Impact have experience in federal reporting systems and recordkeeping. The Director of Community Impact has also attended multiple federal grants management trainings and coordinated multiple federal audits with no findings. The policies and procedures addressed above also provide guidance to assure compliance. These policies were created with guidance from an HR professional and approved by the Board. Further, a Records Retention policy includes details specific to record retention, proper storage, and destruction. This includes a schedule of document retention.

---

## Q24

If the organization currently manages grant funding, describe the method for tracking staff time on grant-specific tasks. (500 characters maximum)

Staff time is tracked to ensure proper allocation and accountability for grants. Each staff member completes a timesheet that includes hours by specific activity, program, and/or grant. Timesheets are submitted on a two-week pay period. Employees sign their timesheets and they are also reviewed and approved by a supervisor and the President/CEO. The Finance Director maintains separate tracking sheets for each grant and reconciles to timecards and the GL quarterly.

---

## Q25

Describe the standards the organization uses for code-of-conduct covering conflicts of interest and governing the actions of its officers, Board of Directors, and employees. (2,000 characters maximum)

A Code of Conduct was created with guidance from an HR professional and was approved by the board of directors. The policy includes a Conflict of Interest statement where each person discloses any potential conflicts. It also includes standards of conduct. Board members and employees review and sign the form annually. The policy also includes a procedure for disclosing and assessing potential conflicts of interest as relevant in meetings and during decision-making. Specific topics and headings in the policy include:

- Personal and professional integrity
- Mission and core values
- Accountability
- Guidelines for appropriate conduct
- Governance
- Legal compliance
- Responsible stewardship
- Transparency and disclosure
- Solicitations and voluntary giving
- Diversity, equity and inclusion
- Nepotism
- Conflict of Interest
- Confidentiality and privacy
- Political contributions
- Guidance and disclosure
- Reporting complaints, concerns, or ethics violations

A member of the Board of Directors also serves as an ethics officer to address any concerns that arise.

**Q5**

Which qualifying populations does your agency propose to serve with HOME-ARP funds? (choose one or more)

**Homeless, as defined in 24 CFR 91.5,**

**At Risk of Homelessness, as defined in 24 CFR 91.5, Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking**

,

**Other Populations including: Other families requiring housing assistance services to prevent homelessness, or those at greatest risk of housing instability**

,

**Veterans and Families that include a Veteran Family Member that meets the criteria for one or more of the qualifying populations**

**Q6**

Which eligible supportive service categories does your agency propose to carry out? (choose one or more)

**McKinney-Vento Supportive Services (see McKinney-Vento Homeless Assistance Act)**

**Q7**

Which eligible activities associated with the above service categories does your agency propose to implement? Full descriptions of activities can be found in HOME-ARP Supportive Services: Eligible Costs & Services (Please choose at least one of the following)

**Housing Search and Counseling Services,**

**Outreach Services,**

**Case Management,**

**Landlord / Tenant Liaison,**

**Financial Assistance Costs (e.g., rental application fees, security deposits, utility payments, rental arrears, first, and last month's rent, etc.)**

**Q8**

Describe the need for the proposed supportive services at your organization in relation to homeless prevention and increasing housing stability. (1,000 character maximum)

The Needs Assessment from the City of Billings, as a part of the HOME-ARP allocation plan, identified that "accessing housing/case management, outreach services, transportation, food, and outpatient services were among the highest priority needs for individuals and families experiencing homelessness, at-risk of homelessness, and other populations." These needs are currently addressed by the Yellowstone County CoC. However, the need in Billings exceeds the current capacity of the CoC due to funding and staff limitations. The case managers who participate in the Coordinated Entry System are overburdened with extreme caseloads and/or program constraints that make it difficult to serve people effectively. The CoC is proposing additional case management and outreach services for the populations identified in the HOME-ARP grant, along with transportation and financial assistance costs for clients served by the CoC's Diversion Fund.

**Q9**

Yes

Is the above-stated need identified within the City of Billings' HOME-ARP Allocation Plan?

Page 3: Organizational Experience and Capacity

**Q12**

Provide a detailed description of the organization's ability to serve the identified qualifying population(s). Describe similar projects or activities that have been / are being successfully carried out at the organization, as well as sources of funding for the programs or activities. (2,000 character maximum)

The Continuum of Care (CoC) already serves all of the identified qualifying populations. Through its Coordinated Entry System (CES), the CoC serves households that are Homeless, at Risk of Homelessness, those Fleeing or Attempting to Flee Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking (as defined by HUD), and Veterans. The addition of a Supportive Services Specialist will allow the CoC to reach people at risk of homelessness by connecting with households exited from CES. This subpopulation experiences a greater risk of housing instability due to recent experiences of homelessness, combined with frequent reliance on temporary assistance to remain housed. The CoC's CES program, through community-wide collaboration, provides streamlined services to more than 1,200 households annually, successfully connecting 385 clients with stable housing in the past year. The CoC also manages a diversion fund to redirect people away from homelessness in Billings. Diversion is a method to avert homelessness by guiding people to immediate alternative housing and, when needed, expediting access to support services and financial aid to facilitate the transition back to stable housing. A combination of Public and Private funds support the CES and Diversion programs. Previously, the Diversion Fund received \$15,000 from the Yellowstone County Mental Health Mill Levy, further supplemented by donations channeled through United Way. This year, Yellowstone County is providing \$100,000 to administer the CES program. Previously, the CoC managed FEMA funds for emergency response to COVID-19 through the establishment of the Off The Streets project, which served as the community's quarantine and isolation site, as well as low-barrier shelter for a 14-month period. Last winter, with support from Public Safety Mill Levy funds from the City of Billings, the CoC was able to offer ADA-accessible and code-compliant seasonal shelter from Dec. 2022 – Mar. 2023.

---

**Q13**

Please explain any identified obstacles to carrying out this activity prior to the expenditure deadline of September 30, 2030. (1,000 character maximum)

We do not foresee any obstacles in carrying out the proposed activities prior to the September 30, 2030 deadline.

---

**Q14**

Describe how the organization plans to market the program to participants to ensure people know how to access services or resources. (1,000 character maximum)

The Yellowstone County Continuum of Care currently relies on its network of 17 participating agencies to disseminate information regarding the Coordinated Entry System. Each of our "Front Door" community partners participates in biweekly case conferencing and facilitates the intake process for Coordinated Entry. Therefore, when an individual seeks help from any "Front Door" organization in the community, they will be assessed and, when eligible, placed into Coordinated Entry. The Yellowstone County Continuum of Care currently has an AmeriCorps VISTA through the Billings Metro VISTA Project. As a part of the VISTA's assignment description, they will be focusing on community awareness and engagement on behalf of the CoC. Part of this objective is the creation of a website and the expansion of CoC's social media presence. This will allow the CoC to reach a wider portion of our target population and engage people who may have not known about the services offered in Billings.

---

**Q15**

The City has not implemented a preference for any qualifying populations or subpopulations. Describe how the agency will maintain a waiting list of any program participants and/or a waiting list for services. (1,000 character maximum)

Clients are enrolled in Coordinated Entry once they complete a Matching for Appropriate Placement (MAP) assessment to determine their barriers to housing. Upon completion of the assessment, they are assisted on multiple levels. Each assessment provides a score, ranging from 0-22. The local CES team prioritizes clients scoring a 10 or above and adds them to the By Name List for intensive case management and housing assistance. If a client scores below 10, they receive referrals to additional community resources and housing navigation services. Once individuals are enrolled, their case stays active for a minimum of 90 days in the Homeless Management Information System (HMIS) and they remain on the By Name List as long as they are engaging with case management. If a client cannot be contacted for 90 consecutive days, they are exited out of the process. However, clients can be reassessed and referred back to CES as many times as necessary, once they begin seeking housing assistance again.

---

**Q16**

Describe how the agency will verify a program participant meets at least one of the qualifying populations prior to service approval. (1,000 character maximum)

Participants must be screened by partner agencies and assessed using the standardized coordinated entry MAP assessment to participate in Coordinated Entry. Once evaluated, clients scoring above the prioritization baseline of 10 are added to the By-Name list. Additionally, individuals who do not score high enough can be added by agencies if they have a reason to be prioritized. Diversion is handled similarly, with partner agencies screening potential participants and the Coordinated Entry coordinator processing client applications. All clients must meet the HUD definition of homelessness or at risk of homelessness to participate in the CES assessments. Once in CES, clients are provided case management and program application assistance. Therefore, the bulk of client eligibility verification is done by partner agencies and during application processes. Additionally, clients must provide a verification of homelessness statement to enroll in any assistance connected to rehousing projects.

---

**Q17**

How will the organization verify the income of the individuals / households served? Check all that apply.

Other (please specify):

The Coordinated Entry System and the Continuum of Care do not have income verification, but the agencies that are members do, so the standards vary depending on which agency an individual goes through. However, all potential participants go through some form of income verification before they can access services.

---

**Q18**

Describe how the agency will assess duplication of benefits, including a process for verifying that a program participant is not currently receiving and/or been approved to receive the same service through another funding source. (1,000 characters maximum)

The Coordinated Entry System is a collaborative effort to ensure clients receive the assistance necessary to move from homelessness to permanent housing. Through community case conferencing, participant cases are discussed amongst 17 community non-profits to ensure wrap-around services are provided but not duplicated. We also utilize the Homeless Management Information System (HMIS), a shared statewide database, which allows community partners to be informed of current or past benefits received by any enrolled client.

---

**Q19**

**No**

Has any program participant been required to repay due to an overpayment and / or duplication of funds at your agency? If yes, how were repaid funds reinvested into another program participant and / or activity?

---

**Q20**

Describe the methods or programs the agency will use to document and verify a program participant's eligibility. (1,000 characters maximum)

Program participants are eligible to engage with the Coordinated Entry System if they are currently homeless or at risk of imminent homelessness for special populations (i.e. Youth up to age 25). Participants are evaluated using the standardized MAP assessment, and if eligible, are assigned to a case manager who determines eligibility for specific housing assistance programs. Coordinated Entry participants are able to access program assistance through all HUD-approved housing projects and other resources across the community, including Section 8, Public Housing, Foster Youth Initiative vouchers, Priority Housing vouchers for Domestic Violence, Homeless Preference or Family Reunification, Rapid Rehousing Assistance, General Assistance, Youth Homelessness Demonstration projects, income-based housing projects, and private housing resources. The majority of eligibility verification is provided by partner agencies during the application process for programs.

---

**Q21**

What is the total HOME-ARP funding requested for supportive service activities? (Please enter whole numbers in each field (no dollar sign, comma, decimal point, etc.)

For supportive services activities: **100000**

For the direct provision of services: **300000**

---

**Q22**

**Yes**

If included in the project budget, will the cost of labor or supplies and materials be incurred in directly providing supportive services to program participants? (i.e., direct provision of services)

---

**Q23**

If the direct provision of services will be funded, please describe the employee positions to be funded, percentage of time dedicated to the activity, qualifications, and duties in carrying out the proposed activity. (500 characters maximum)

Supportive Services Specialist 1.0 FTE and Program Coordinator 0.5 FTE

---

**Q24**

Upload job descriptions and resumes of any staff that will directly carry out supportive service activities for program participants.

**Supplemental%20Project%20Information.pdf (58.4KB)**

---

**Q25**

Identify the organization's key staff members that will be responsible for HOME-ARP activity oversight, implementation, financial management, and quarterly reporting. Please include specific titles and qualifications. (1,000 characters maximum for each)

Activity Oversight:

**Program Coordinator** The Program Coordinator will be responsible for planning, implementing, and evaluating activities associated with the Continuum of Care, including providing general oversight for coalition activities and related projects, including but not limited to the Coordinated Entry System, the Homelessness Management Information System, grant management, and reporting. The Program Coordinator will also manage and oversee the Point-In-Time count and the distribution of the Diversion Fund. The Program Coordinator will work to develop and implement strategies that will lead to long-term involvement of community institutions, organizations, and individuals in permanent supportive housing and emergency shelter activities. The Program Coordinator must also be able to evaluate program effectiveness, identify areas for improvement, and implement new program initiatives to increase program impact.

Implementation:

**Supportive Services Specialist** The Supportive Services Specialist will be responsible for providing supportive services for people within the Coordinated Entry System who need additional assistance beyond the capacity of a traditional case manager. The Supportive Services Specialist will spend 30 hours a week providing intensive case management for clients requiring additional help, such as individuals needing assistance with the Medicaid Waiver and SSI/SSDI processes. The Supportive Services Specialist will be SOAR certified and provide SSI/SSDI application services for CES clients with concurring conditions. SSI/SSDI application assistance is a gap in the current Coordinated Entry System, and filling this gap will increase the number of clients accessing supplemental income. Finally, the Supportive Services Specialist will spend 10 hours a week tracking exits from Coordinated Entry and providing outreach, continuing to support people after they are housed.

Financial Management:

Dean Wells, Director of Community Impact and Operations at United Way Sonja Clayton, Finance Director at United Way The Director of Community Impact has a Master's degree in Organizational Psychology as well as over 30 years' experience in non-profit work and 20 years' experience managing grants, including federal grants. This experience includes multiple federal grant trainings through Management Concepts and multiple federal audits with no findings. The Finance Director has a degree in accounting along with over 20 years of experience, including work with federal funding. Additionally, a Finance Committee and the Board of Directors review financials each month. The committee includes persons with expertise, including a CPA for a large accounting firm. The Finance Director and Director of Community Impact also have experience in federal reporting systems and recordkeeping.

Quarterly Reporting:

Program Coordinator The Program Coordinator will be responsible for HOME-ARP quarterly reporting as a part of their job overseeing the HOME-ARP grant. Additionally, the Program Coordinator is responsible for planning, implementing, and evaluating activities associated with the Continuum of Care, including providing general oversight for coalition activities and related projects, including but not limited to the Coordinated Entry System, the Homelessness Management Information System, grant management, and reporting. The Program Coordinator will also manage and oversee the Point-In-Time count and the distribution of the Diversion Fund. The Program Coordinator must be able to evaluate program effectiveness, identify areas for improvement, and implement new program initiatives to increase program impact.

---

**Q26**

**Yes**

If awarded HOME-ARP funding, will the organization hire new staff to implement the project? If yes, the organization must comply with low-income recruitment regulations for positions supported, either in part or in full, with federal funding. Recruitment efforts must include targeting low- and very-low-income individuals, and race/ethnicity documentation must be provided on applicants for any positions supported by federal funding.

ARTICLES OF INCORPORATION

OF

UNITED NEIGHBORS OF GREATER BILLINGS

KNOW ALL MEN BY THESE PRESENTS:

That we, the undersigned, have this day voluntarily associated ourselves together for the purpose of forming a corporation under the laws of the State of Montana relating to religious, social and benevolent corporation, and

WE DO HEREBY CERTIFY:

FIRST: That the name of this corporation shall be UNITED NEIGHBORS OF GREATER BILLINGS.

SECOND: That the purposes for which said corporation is formed

are: To raise funds, in Billings and Yellowstone County, for the financing, in whole or in part, of local, state and national organizations conducted for charitable, health, welfare and allied purposes, by means of a unified campaign, with the object of reducing duplication of effort and expense caused by separate campaigns; and to provide the plans, facilities, manpower and community leadership for such unified fund-raising campaigns; provided, however, that it is not intended hereby to give the right to exercise any power or purpose above mentioned in any case where it is forbidden so to do by the provision of the Constitution or Statutes of the United States of America, or the State of Montana, and provided further that this corporation does not contemplate pecuniary gain or profit to any of the members thereof, and in the exercise of the foregoing powers:

(a) To solicit, receive and hold money and property, both real and personal, by gift, contribution, bequest, devise or otherwise; to sell and convert property into cash; and to disburse funds and other property held by it to organizations, including community chests, local, state and national organizations, conducted for charitable, health, welfare and allied purposes for their use, operation and maintenance in the accomplishment of such purposes:

(b) To assist contributors and the objects of their contributions by providing a central means for reviewing the appeals of such organizations and advising contributors regarding the nature of such organizations, their activities, methods of financing, use of funds and such other information as may be desirable in that respect.

(c) To provide adequate financial support for agencies participating in the corporation's program through unified community-wide appeals; to assist such participating agencies in achieving higher standards of service, in correlating their aims, in coordinating their programs and in integrating, so far as practicable, the services rendered by them; to promote economy and efficiency in the administration and operation of such participating agencies and in the elimination of overlapping and duplicating programs and services; to reduce the overhead cost of raising funds; to cooperate with other private and public agencies in studying and interpreting community needs and in seeking solutions for the problems disclosed by such studies; and to promote understanding of the needs for and the work of the corporation and such agencies.

(d) To receive gifts, devises and bequests of real and personal property and to hold, use, operate, mortgage, sell and dispose of the same for the objects and purposes herein described; to invest funds received, and to use such funds and the income therefrom and from any other property of this corporation for its operating and other expenses and for the other purposes herein specified; to purchase, hire or otherwise acquire, hold, or sell, convey, lease, encumber and otherwise dispose of and deal in and with all kinds of property real and personal; to borrow money, incur indebtedness and to secure the same by mortgage, pledge or otherwise; to contract for the services of employees, agents and others and to pay them reasonable compensation; and to do all other acts and things, not prohibited to a corporation organized under the laws of the State of Montana relating to charitable corporations, which are necessary, desirable or appropriate to the accomplishment of the objects and purposes of the corporation.

THIRD: That the complete mailing address and the place where the principal office for the transaction of the business of the corporation is to be located is the City of Billings, County of Yellowstone, State of Montana;

FOURTH: That the number of directors of said corporation shall be twenty-eight (28), and that the names and residences of those who are appointed for the first three (3) months and until their successors are elected and qualified are:

| John E. Tenge         |                  |

FIFTH: That the authorized number and qualifications of the members of the corporation shall be as follows:

(a) Every individual, firm, association and corporation who makes a contribution to or for the benefit of this corporation shall be eligible for admission to membership in the corporation. In addition, each member of the Board of Directors of the corporation shall automatically upon his election become a member of the corporation and shall remain a member of the corporation during his term of office. The terms, conditions and prerequisites of membership, except as herein provided, shall be such as are prescribed by the By-Laws of the corporation.

SIXTH: The Board of Directors shall elect annually from among their number or from the members at large such officers for such duties and terms of office as shall be specified in the By-Laws of the corporation, providing, however, that the officers shall receive no compensation for their services as such officers and shall, ex-officio, be members of the Board of Directors. The Board of Directors may appoint such other officers, including an executive director or executive secretary, as the business of the corporation may require, each of whom shall hold office for such period, receive such compensation, have such authority and perform such duties as are provided in the By-Laws or as the Board of Directors may from time to time determine.

The Board of Directors may create an Executive Committee to consist of such number and with such powers and duties as shall be prescribed by the By-Laws or as the Board of Directors may from time to time determine. The Board of Directors shall create such standing and special committees and shall assign to them such duties and responsibilities as the purposes of the corporation may from time to time require.

SEVENTH: (a) This corporation is not organized for profit and in no event shall any of its money or assets be distributed to or inure to the benefit of any private individual or member of this corporation.

(b) The property of this corporation shall not be used or operated by this corporation or by any other person for profit; regardless of the purposes to which the profit shall be devoted; and the property of this corporation is irrevocably dedicated to charitable purposes.

(c) No organization shall be eligible to receive distribution of any of the funds of this corporation unless contributions thereto are deductible, or exempt, for the purpose of income and gift taxes, both federal and state.

(d) Upon liquidation or dissolution of this corporation or abandonment by it or its property, the same shall be distributed and disbursed to funds, foundations or corporations organized and operated exclusively for charitable purposes and shall not inure to the benefit of any private person.

(e) The duration of the existence of this corporation shall be perpetual.

EIGHTH: The Board of Directors of the corporation shall adopt such By-Laws, not inconsistent with these Articles, as shall be appropriate to the conduct of its affairs, and in accordance with the provisions of Section 15-303, R.C.M. 1947 shall alter, amend and repeal them as the purposes of the corporation may require. The By-Laws shall provide, among other things, for regular meetings of the Board of Directors, for the time, manner of calling and conduct of regular and special meetings of the Board, and for the time, manner of calling and conduct of the annual meeting and special meetings of the members.

The Board of Directors of the corporation shall have the power by By-Law to change at any time the number of directors of this corporation in order that there shall be a sufficient number of directors to carry out the duties and responsibilities as the purposes of the corporation may from time to time require. It shall be a limitation upon this right that it may be exercised only in furtherance of the objects and purposes for which the corporation has been formed, and that no amendment, alteration, change, addition or repeal shall be authorized which is prohibited by the laws of the State of Montana relating to charitable corporations.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

**ARTICLE 1: NAME**

The name of the corporation is United Way of Yellowstone County, Inc. (hereinafter referred to as UWYC).

**ARTICLE 2: PRINCIPAL OFFICE**

The principal office of UWYC shall be located at 2173 Overland Avenue, Billings, Montana 59102. This address will also be the address for the registered office in the State of Montana.

**ARTICLE 3: PURPOSE**

**Section 1. Mission & Vision**

Mission

To improve lives by mobilizing the caring power of the community.

To do this UWYC will:

- Inspire others to LIVE UNITED - to give, advocate and volunteer.
- Encourage volunteer and community involvement on priority issues.
- Actively involve diverse groups who represent the community.
- Utilize many community resources to implement strategies and achieve meaningful results.
- Encourage philanthropic investments to achieve UWYC's goals and vision.

Vision

UWYC is the primary community-building organization in South Central Montana. UWYC provides leadership to effectively mobilize people and financial and strategic resources to improve people's lives. UWYC identifies and addresses the community's priority needs and provides solutions that achieve measurable results and sustained community change.

Values

Respect, integrity, transparency, and service oriented.

Diversity, Equity and Inclusion (DEI) Statement

Diversity, equity and inclusion are vital to achieving the mission of UWYC, living our values, and advancing the common good. UWYC is committed to diversity, equity and inclusion within its own organization and the community. UWYC affirms the essence of all individuals including the realities, background, experiences, skills and perspectives that make each person who they are.

UWYC aspires to involve every segment of the community in every aspect of our work, to act in ways that respect the dignity, uniqueness, and intrinsic worth of every person, the community, the donors, our own Board members, staff, volunteers and representatives, and believe in a movement built from the rich diversity and gifts of all people in all systems.

Volunteers, employees and persons served by UWYC shall be selected in a manner to promote diversity, equity and inclusion and entirely on a non-discriminatory basis with respect to race, religion, national origin, ethnicity, age, gender, gender identity and expression, disability, sexual orientation, veteran-status, familial status, or socio-economic status.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

UWYC recognizes that in order to effectively engage our community, staff, volunteers, donors and community partners to achieve our community impact goals, we must embrace the diversity of the communities we serve. Our culture, recruitment, partnerships and other business practices demonstrate inclusiveness.

**Section 2: Purpose**

The purposes for which this corporation is formed are:

- (a) To assess, on a continuing basis, the need for human service programs; to seek solutions to human problems; to assist in the development of new or modification of existing human service programs; to promote preventive activities and foster cooperation among local, state and national agencies serving the county;
- (b) To develop as fully as possible the financial resources needed to meet the human service needs of the county;
- (c) To encourage community support and commitment for the entire United Way enterprise through a systematic communications program which both speaks and listens to the community; and
- (d) To receive by gift, grant, devise, bequest or otherwise, and from any private or public sources, personal or real property, and to hold, administer, sell, invest, reinvest, manage, use, disburse and distribute, and apply the income and/or principal of the same in accordance with the directions and intent of the donor or donors of such property, or, in the absence of such directions, as the corporation may deem best from time to time, for the promotion of any or all of the foregoing purposes.

No substantial part of the activities of this corporation shall be for the purpose of carrying on propaganda or otherwise attempting to influence legislation. None of the activities of this corporation shall consist of participating in, or intervening in (including the publishing or distributing of statements), any political campaign on behalf of any candidate for public office.

No part of the net earnings of this corporation shall inure to the benefit of any private shareholder or any individual. The property of this corporation is irrevocably dedicated to charitable purposes and upon liquidation, dissolution or abandonment of the corporation, after providing for the debts and obligations thereof, the remaining assets will not inure to the benefit of any private person but will be distributed to a nonprofit fund, foundation or corporation which is organized and operated exclusively for charitable purposes and which has established its tax-exempt status under Sections 501 (c)(3) and 509 (a)(1),(2) or (3) of the Internal Revenue Code of 1986, as amended, or to the federal government, or a state or local government.

**Section 3. Nonprofit Status**

UWYC is organized exclusively for charitable and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or the corresponding provision of any future United States Internal Revenue Laws.

**Section 4. Montana Nonprofit Corporation**

United Way of Yellowstone County, Inc. is a nonprofit corporation in the State of Montana and subject to the laws of the state and may exercise all powers granted to Montana nonprofit corporations by the Montana Nonprofit Corporation Act, Sections 35-2-113, *et seq.*, Montana Code Annotated, as now exists and afterwards amended.

**ARTICLE 4: MEMBERS**

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

The currently elected members of the Board of Directors are the current Members of the corporation and are authorized to elect board members to fulfill the duties and responsibilities as set forth in these Bylaws. The Members of the organization will elect the Board of Directors at the Annual Meeting as established in Article 5.

**ARTICLE 5: ANNUAL MEETING**

**Section 1. Annual Meeting**

The Members shall meet annually for the election of board members and for the transaction of such other business as may properly come before the meeting and at such time as may be designated by the Board of Directors. Provisions with respect to notice, quorum, and inspections of elections shall comply with the laws of the State of Montana.

**Section 2. Quorum**

The presence in person of a majority of the Members shall constitute a quorum at all meetings of the Members for the election of the Board or for the transaction of other business except as otherwise provided by law.

**Section 3. Minutes**

Minutes of the annual meeting will be taken, reviewed, and approved by the members.

**ARTICLE 6: BOARD OF DIRECTORS**

**Section 1. Powers and Duties**

The business and affairs of UWYC shall be under the supervision of a board of directors. The Board of Directors ("Board") shall have the control and management of the affairs and property of UWYC. The Board shall be responsible for strategic leadership, resource and relationship management, reputation building, stewardship of UWYC assets, performance management and measurement of the President & CEO, and oversight of a public policy agenda and advocacy. The Board adopts ethical, legal, and financial management policies to ensure that UWYC has adequate resources to advance its mission and work toward a sustainable future for the organization. The Board may delegate certain duties to the officers and committees of UWYC. In addition to the powers expressly conferred upon it by these Bylaws, the Board may exercise such powers and do such lawful acts and things as are not otherwise limited by these Bylaws and/or the Articles of Incorporation. A clear background check is required for each board member.

**Section 2. Board Member Responsibilities**

- a) **Set Direction and Measure Performance and Results:** UWYC makes decisions grounded in community priorities and effectively measures performance on impact, revenue, donors and community image to ensure those results are accomplished.
- b) **Deepen Relevance in Community:** Is visible in both words and deeds in the community, seeks to understand and be engaged in broader community issues, works to enhance UWYC's relevance, including advocating and/or influencing public policy as a critical function.
- c) **Grow Revenue and Donors:** Connects impact efforts and revenue generation in order to grow resources (financial, social) and advocates in order to achieve community results at scale. Makes calls and introductions on behalf of UWYC, opening his or her own networks for key financial asks and other supports. Assists with recruitment of Fundraising Volunteer Leaders and serves on committees/cabinets as appropriate.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

- d) **Mission, Brand, Impact and Business Strategy:** Determines, articulates, and stewards the organization's mission, vision, brand, and core values, with which the community has entrusted the Board.
- e) **Governance and Fiscal Oversight:** Practices effective governance and fiscal oversight and fiscal integrity of the organization and ensures compliance with legal, regulatory reporting, and operating requirements.
- f) **Conduct business under Robert's Rules of Order.**
- g) **CEO Performance and Accountability:** The CEO leads the day-to-day activities of the organization; the Board monitors the CEO's performance and engages in the following responsibilities:
  - a) Hires and fires the CEO.
  - b) Supports the CEO and serves as a trusted advisor.
  - c) Evaluates the CEO's performance and reviews and approves CEO's compensation.

**Section 3. Number, Term of Office, and Election**

- a) The Board shall consist of at least 11 and no more than 16 persons broadly representative of Yellowstone County including the city of Billings, Montana, and consistent with the diversity statement in Article 9, Section 1. The President & CEO of UWYC shall be an ex officio member, without voting rights, of the Board of Directors.
- b) Board members are elected for three (3) year terms at the annual meeting. In unusual circumstances, Board members may be elected to a shorter term, per the needs of the Board. Members of the Board shall be elected by the Members of the organization in accordance with Article 4. Terms start on July 1 and conclude on June 30 in line with the fiscal year.
- c) Any board member who serves two consecutive three (3) year terms shall be ineligible for reelection until a minimum of one year has elapsed after expiration of the second term. Notwithstanding the foregoing limitation on Board terms, any board member who has served two consecutive three-year terms may be re-elected to fill a position as an officer of the Organization. If the term of a board member, who is Chair-elect of the Board, shall expire, then he or she shall be eligible for reelection for an additional year, as long as he or she may hold the office of Chair. A Director elected to an incomplete term may complete that term and remain eligible for two additional, consecutive terms.
- d) An immediate past Board Chair who has completed his or her term as an officer and is not eligible for reelection to the Board may serve one additional year on the Board and Executive Committee. In this case, the allowable size of the Board and Executive Committee would be increased by one member.
- e) Board Member expectations are outlined in the UWYC Board Handbook. Failure to fulfill the expectations and duties of a board Member may be a cause for removal. The Board Governance and Nominating Committee shall oversee the implementation of this Handbook and the expectations and policies therein.

**Section 4. Removal of a Board Member**

A member of the Board may be removed from the Board with or without cause by a vote of two-thirds (2/3) of the Board at a meeting at which quorum is present or, if such action is taken by written consent of the Board in lieu of a meeting as permitted by Section 9(d) hereof, then by a consent in writing signed by two-thirds (2/3) of the board members then in office and in good standing, not including the board member who is the subject of such removal.

**Section 5. Resignation**

A member of the Board may resign at any time by giving written notice to the Board. Unless otherwise specified in such written notice, the resignation shall take effect upon receipt thereof by the Board Chair.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

**Section 6. Vacancies**

All vacancies in the Board may be filled by the remaining board members according to the process in Article 6, Section 3.

**Section 7. Compensation and Reimbursement**

Board members shall be volunteers and shall not receive any compensation for their services.

**Section 8. Liability**

No Director of this corporation shall be personally liable for any action or omission unless the Director has breached or failed to perform the duties of his or her office as prescribed by state law and said breach or failure to perform constitutes self-dealing, willful misconduct, or recklessness.

**Section 9. Meetings**

- a) Regular Meetings. The Board shall hold a minimum of two (2) regular meetings for each quarter of each year at such place or places as may be determined from time to time or as may be set forth in the notice of meeting, which notice shall be given not less than seven (7) days prior to the time of the meeting. The annual meeting of this corporation shall be held during the last quarter of the fiscal year (April-May-June), at such place and on such date and time as the Board of Directors may determine.
- b) Special Meetings. Special meetings of the Board may be called by the Chair or Chair-Elect of the Board on forty-eight (48) hours' notice, if possible, to each board member personally, by any acceptable method (phone, text, email, etc.); special meetings shall be called by a member of the Executive Committee in like manner on the written request of one-third of the board members in office. The written request must specify the basis for the meeting. Upon receipt of the call for a special meeting, the Board of Directors shall fix the date, time, and place for the meeting, which shall be held within fifteen (15) days after the receipt of the call for the meeting, and with five (5) days' notice of the meeting provided to the board members.
- c) Quorum and Voting. At all meetings of the Board, the presence of a majority of the currently elected Board shall constitute a quorum for the transaction of business, and any act of a majority of those in attendance at a meeting at which there is a quorum shall be adopted. Any business may be transacted by the Board at any meeting at which a quorum is present, although held without notice, upon a waiver signed by every member of the Board.
- d) Action Without Meeting. Any action required or permitted to be taken at a meeting of the Board of Directors may be taken without a meeting by one or more written consents signed by 100 percent of the directors. The deliberation period for all Board action undertaken without a meeting is no less than one week from the date of transmission. The results of such action without a meeting will be filed with the minutes of proceedings of the Board. Such consent shall have the same force and effect as a unanimous vote provided 100 percent of all directors' consent to the action.
- e) Members participating by telephone or video conference. Participation in any meeting of the Board or a committee of the Board by means of conference telephone, video or any means of communication by which all persons participating in the meeting are able to hear one another shall constitute presence in person at the meeting.

**ARTICLE 7: OFFICERS OF THE ORGANIZATION**

**Section 1. Number, Qualification, Term of Office, and Election**

**UNITED WAY OF YELLOWSTONE COUNTY, INC.**  
**BYLAWS**

The officers of UWYC who shall be elected by the Board shall consist of a Board Chair, Chair-Elect, Secretary, Treasurer, and Immediate Past Chair. The President and CEO shall serve on the Board and be an Ex-Officio director with no voting rights, except with the Executive Committee.

- a) Term. All officers shall hold office for one year or until their successors are duly elected and qualified. In the unusual event a Board Chair serves two consecutive terms, he or she shall be ineligible for reelection as Chair until a year has elapsed after the expiration of the second of such terms.
- b) Election. Nominations for officers will be presented by the Board Governance and Nominating Committee. The officers of UWYC shall be elected by the Board.
- c) In case there is a vacancy in any office of the corporation, whether caused by failure to elect, death, resignation or otherwise, such vacancy may be filled by vote of the Board of Directors at any regular or special meeting. Such officers so elected to fill vacancies shall serve until the next annual meeting and until their successors are elected and qualify.

**Section 2. Resignation**

Any officer may resign at any time by giving written notice to the Board. Unless otherwise specified in such written notice, the resignation shall take effect upon receipt thereof by the Board Chair.

**Section 3. Removal**

Any officer, employee, or agent appointed by the Board may be removed from office, either with or without cause, by a majority vote of the Board.

**Section 4. Vacancies**

The Board may fill any officer vacancy according to Section 1 in this Article.

**Section 5. Board Chair**

The Chair shall convene and preside at meetings of the Board, call special meetings whenever he or she deems it necessary, perform such duties as may be assigned from time to time by the Board, and shall perform the duties usually delegated upon a presiding officer.

- a) Coordinate the Board agenda preparation with the President and CEO;
- b) Help to guide the strategic direction through the strategic plan and the planning processes;
- c) Assures the Board formulates policies and programs to further the mission and objectives of the UWYC;
- d) Make emergent decisions in consultation with Executive Committee as needed regarding actions taken by UWYC;
- e) Appoint Committee and task force chairs;
- f) Designate and delegate tasks to Directors and other volunteers, as necessary. Ensures volunteer work is being completed as assigned;
- g) Represents the UWYC to the public and serves as the primary UWYC spokesperson on industry issues;
- h) Keeps the Board, committees and membership informed about the conditions and operations of the UWYC;
- i) Promotes active member engagement and participation;
- j) Develops and maintains a collegial relationship with the President and CEO;
- k) The Chair is an ex-officio member of all committees of the Board.

**Section 6. Chair-Elect**

**UNITED WAY OF YELLOWSTONE COUNTY, INC.**  
**BYLAWS**

The Chair-Elect shall perform such duties as the Board may assign and may assist the Board Chair as requested. The Chair-Elect shall preside at meetings in the absence of the Chair. The Chair-Elect assumes the office of Chair of the Board if the Chair position is vacated for any reason. The Chair-Elect is an ex-officio member of all committees of the Board. The Chair-Elect serves as the chair of the Strategic Planning session.

**Section 7. Secretary**

The Secretary shall have the following functions and powers which may be delegated to UWYC staff with adequate oversight.

- a) Act as clerk of each meeting of the Board including annual and special meetings. The Secretary shall record all the proceedings and votes of such meetings and create a permanent record;
- b) Cause all notices to be duly given in accordance with the provisions of these Bylaws and as required by statute and, if required by resolution at any annual or special meeting;
- c) See that the minutes, reports, statements, policies, and all other documents and records of UWYC required by statute are properly kept and filed;
- d) The Secretary shall have access to the original copy of the Bylaws and all amendments thereof;
- e) Perform other duties as are given by these Bylaws or as from time to time may be assigned by the Board; and
- f) The Board Chair or Chair-Elect may designate a person other than the Secretary to record meeting minutes.

**Section 8. Treasurer**

The Treasurer shall also serve as Chair of the Finance Committee and shall report to the Board at each meeting on the financial condition of UWYC. The Treasurer shall be responsible for the following, which may be delegated to UWYC staff with adequate oversight:

- a) Be responsible for the funds, securities, receipts and disbursements of the UWYC; monitor the approved financial policies for adequacy and compliance;
- b) Ensure adequate financial controls are in place and the organization operates within a sound financial framework;
- c) Be responsible for receiving and giving receipts for monies due and payable to UWYC from any source whatsoever; cause the monies and other valuable effects of UWYC to be deposited in the name and to the credit of the Organization in such banks or other depositories as the Board may designate or select;
- d) Cause the funds of UWYC to be disbursed by checks or drafts, with such signatures as may be authorized by the Board, upon the authorized depositories of UWYC, and cause to be taken and preserved proper vouchers for all monies disbursed;
- e) Provide to the Board, whenever requested, a statement of the financial condition of UWYC, which may include an account of all transactions;
- f) Keep the books of account of all the business and transactions of the UWYC, and submit annually for external audit;
- g) In partnership with the President and CEO, develops an annual budget which is presented to the Finance Committee for review and recommendation to the Board;
- h) Serve as Chair of the Finance Committee; and
- i) Perform other duties as are given by these Bylaws or as from time to time may be assigned by the Board.

**Section 9. Immediate Past Chair**

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

The Immediate Past Chair of the Board shall continue to serve as a member of the Board and as an officer of the organization, as well as a member of the Governance & Nominating Committee, for one year after his or her term as Chair has ended. The Past Chair may perform other duties as are given by these Bylaws or as from time to time may be assigned by the Board.

**Section 10. President & Chief Executive Officer**

The President, who shall be the Chief Executive Officer of UWYC and who shall be employed by the Board, shall in general supervise and control all of the business, affairs, and property of UWYC and shall have general supervision over all of its employees and agents under the direction of the Board. In general, the President shall perform all duties incident to the office and shall see that all orders and resolutions of the Board are carried into effect. The President shall serve on the Executive Committee of the Board and be an Ex-Officio director with full voting rights on the Executive Committee.

In the absence of the President, or in the event that the President is unable to carry out his or her duties, the Chair may delegate the President's powers to another UWYC employee, or the President may so delegate with the consent of the Board. In extremely unusual circumstances or when the absence is expected to last for an extended period of time, the Chair may recommend an alternate interim solution, which must be approved by the Board.

- a) Salaries. The salary and other remuneration of the President shall be fixed by the Board. An annual review of his or her compensation shall be conducted in accordance with approved policies, local and United Way Worldwide compensation information, and IRS intermediate sanction rules. Salaries and wages of other UWYC employees shall be fixed by the President based on the recommended salary ranges and subject to the approval of a general operating budget of the Board.
- b) Performance. The Executive Committee of the Board shall conduct an annual review of the President's performance to established strategic goals. The Board may recommend additional compensation based on the President's performance.

**ARTICLE 8: COMMITTEES OF THE ORGANIZATION**

**Section 1. Committees, Task Forces, and Special Committees**

The Chair of the Board may designate committees, special committees, or task forces authorized by the Board. Annually, the Chair of the Board appoints the Chair of each UWYC Committee, special committee, or task force that has been authorized by the Board. All standing committee chairs and other committee chairs shall be members of the Board. Committee Chairs will select committee members with support and guidance from the Governance and Nominating Committee. Volunteers from the community shall be considered for service on such committees, except as may be precluded by the law of Montana or these Bylaws. A clear background check is required for each committee member.

**Section 2. Standing Committees**

UWYC will maintain the following standing committees.

- a) Executive Committee. The Executive Committee consists of the officers of the Board of Directors and other board members as determined by the Board and duly elected as the Executive Committee. The Chair of the Board shall serve as Chair of the Executive Committee. The Executive Committee shall have and exercise all the powers of the Board of Directors subject to such limitations as the laws of the State of Montana or resolutions of the Board of Directors may impose, and shall have the power to affix the seal of the corporation to all papers requiring it, when the

**UNITED WAY OF YELLOWSTONE COUNTY, INC.**  
**BYLAWS**

Board is unable to meet.

A majority thereof shall constitute a quorum. The Executive Committee shall keep regular minutes of its proceedings and report the same to the Board of Directors.

In matters requiring immediate action, the Executive Committee may act on behalf of the Board of Directors, except to 1) amend the Bylaws; 2) adopt a plan of merger or consolidation; or 3) sell, lease, exchange, mortgage, pledge or make any other disposition of any of the property and assets of the organization. Any action should be communicated to the Board no later than the next regularly scheduled Board meeting.

The Executive Committee's responsibilities shall include:

- a. evaluation and recommendation of the CEO's salary and the proposal of the management compensation policy to the Board;
  - b. management of the flow of work between the Board and Board-level committees;
  - c. development and maintenance of the ethics policy;
  - d. management of relationship with organized labor; and
  - e. development of a diversity policy.
- b) Governance and Nominating Committee. The Governance and Nominating Committee shall have responsibility for the recruitment, nomination, orientation, training, performance and evaluation of board members, including officers. The committee may evaluate Board functioning and provide Board education, review and compliance with the diversity and ethics policies. The Ethics Officer will serve on this committee.
- c) Finance Committee. The Board, with support and nominations from the Governance and Nominating Committee, shall appoint a Finance Committee. At least two of the committee members must possess financial expertise (as defined by the Sarbanes-Oxley legislation). The committee will be responsible for the development and management of the UWYC annual budget, the management of its financial resources (including making prudent investments), the evaluation of the financial control and accounting system, and compliance with federal and state legal requirements. The Finance Committee shall also receive quarterly financial statements. The Committee may request the designated independent auditor, or any officer or employee of the UWYC, to appear before it to report on the financial condition and answer any questions. The Finance Committee will report to the Board regularly. The Finance Committee will also serve as the Eligibility Committee for specified partner/agency grants, which includes reviewing financials annually. The Finance Committee will also be responsible for the outside and internal audits of all UWYC financial transactions, the necessary controls to ensure compliance with the organization's financial policies, and compliance with federal and state legal requirements. The Finance Committee shall designate the independent auditor every (three (3) years, shall meet privately with that auditor at least once each year, shall receive the management letter from that auditor, shall review the UWYC's IRS Form 990 prior to filing, and shall ensure that the Annual Report is timely prepared and submitted to the Board.
- d) Community Relations Committee. The Community Relations Committee will help establish and lead engagement activities related to revenue and revenue growth for UWYC. The Committee helps set short- and long-term corporate engagement goals, revenue goals and oversees efforts at increasing donors and revenue. The Committee will be responsible for year-round relationships with donors, agencies and improving communication with the community.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

- e) Community Impact Committee. The Board shall appoint a Community Impact Committee, which stewards the community impact-focused work of the organization in support of its goals. The Committee's primary role is to be responsible for the distribution of resources that address community need. The Committee will review and assist with activities related to funding priorities, community assessment, and distribution of funds to address priority needs, agency membership, agency relations and targeted community initiatives.
- f) Volunteer Engagement Committee. The Board shall appoint a Volunteer Engagement Committee, which advises and recommends policy to the UWYC Board on matters pertaining to Engagement and volunteerism.
- g) Parent Advisory Committee. The Board shall appoint a Parent Advisory Council. The Parent Advisory Committee (PAC) is comprised of parent representatives and family caregivers from each CARE Academy location. The PAC serves as an advisory, not a decision-making body, that makes recommendations and provides advice to CARE Academy Director relating to programs, activities, and resources in order to 1) help the program attain its goal of providing each child with the best Out Of School Time experience possible and 2) have policies and programs that support families' strengths and needs.
- h) Marketing Committee. The Board shall appoint a Marketing Committee. The Committee is responsible for overseeing the messaging of UWYC, and the overall marketing plan, including social media.

**Section 3. Other Committees and Task Forces**

The Board of Directors may, by resolution passed by a majority of the Board, designate additional committees, provided that each such committee shall include two (2) or more directors. Any such committee, to the extent provided in the resolution of the Board which establishes it and to the extent permitted by Montana law, shall have and may exercise the powers of the Board of Directors in the management of the business and affairs of the corporation and may authorize the seal of the corporation to be affixed to any papers which may require it; provided, however, that any committee that includes members who are not directors may not exercise the authority of the Board and shall act only in an advisory capacity to the Board. Any director may be a member of more than one (1) committee.

**Section 4. Affinity Groups**

The Board may create Affinity Groups of supporters as a vehicle for the engagement of subgroups of donors. These groups will be created by the Board and these affinity groups will function under the policies and guidelines of the Board.

**Section 5. Committee Operations**

Each committee shall have power to make rules and regulations for the conduct of its business subject to the Board's approval. A majority of the members of a committee shall constitute a quorum, and in every case the affirmative vote of a majority of all of the members of such committee shall be necessary for any committee action. Committee meetings may be held on forty-eight (48) hours' notice to each member personally, by any acceptable method (phone, text, email). Any action permitted to be taken at a meeting of the committee may be taken without a meeting if a written consent describing the action taken is signed by each member of the committee. Each committee shall keep regular minutes of its proceedings and transmit copies thereof to the Board. No committee of the Board may (i) authorize distributions; (ii) approve dissolution, merger or the sale, pledge or transfer of all or substantially all of the corporation's

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

assets; (iii) elect, appoint or remove directors or fill vacancies on the Board or on any of its committees; or (iv) adopt, amend or repeal the Articles of Incorporation or these Bylaws.

**ARTICLE 9: GENERAL PROVISIONS**

**Section 1. Nondiscrimination**

Diversity, equity and inclusion are vital to achieving our mission, living our values, and advancing the common good. UWYC is committed to diversity, equity and inclusion within its own organization and the community. Therefore, UWYC will have an approved Diversity, Equity and Inclusion statement and policy that takes the broadest possible view of diversity, going beyond visible differences to affirm the essence of all individuals including the realities, background, experiences, skills and perspectives that make each person who they are.

The officers, directors, committee members, employees and persons served by UWYC shall be selected in a manner to promote diversity, equity and inclusion and entirely on a non-discriminatory basis with respect to race, religion, national origin, ethnicity, age, gender, gender identity and expression, disability, sexual orientation, veteran-status, familial status, or socio-economic status and in support of the UWYC's Diversity and Inclusion statement and/or principle and policy.

**Section 2. Ethics**

UWYC will have an approved ethics policy made known to all volunteers and staff associated with the organization. An Ethics Officer will be designated for the organization to establish procedures for Board, staff, and community members to submit ethical complaints and conduct investigations of complaints in a confidential manner.

Ethics policies will include conflict-of-interest and disclosure and anti-sexual harassment. Board Members are required to review and sign annually. No contract or transaction relating to the operations conducted by UWYC or for furnishing supplies to UWYC and to which UWYC is a party shall be invalidated by reason of the fact that any board member, officer or employee of UWYC has a direct beneficial interest. Any such transaction must be fully disclosed in writing to the Board for its approval prior to the contract or transaction taking effect.

**Section 3. Organization Loans**

No loans, other than through the purchase of bonds, debentures, or similar obligations of the type customarily sold in public offerings, or through ordinary deposit of funds in a bank, shall be made by UWYC to its board members, officers or employees, or to any other corporation, firm, association, or other entity in which one or more of its board members, officers or employees are directors or officers or hold a substantial financial interest, except in a loan by UWYC to another entity having a comparable purpose to that set forth in Article 3 of these Bylaws. A loan made in violation of this section shall be a violation of the duty to UWYC by the Board, officers or employees authorizing it or participating in it, but the obligation of the borrower with respect to the loan shall not be affected thereby.

**Section 4. Fiscal Year**

The fiscal year of UWYC is July 1 to June 30.

**Section 5. Indemnification**

The corporation shall indemnify board members, officers, employees, or agents of UWYC to the full extent permitted by the indemnification provisions of the Montana Nonprofit Corporation Act as it may be amended from time to time. Any person, their heirs, executors, or administrators, may be indemnified or

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

reimbursed by UWYC for reasonable expenses actually incurred in connection with any action, suit, or proceeding, civil or criminal, to which her or she shall have been made a party by reason of being or having been a director, officer, or employee of UWYC, or of any firm, corporation, or organization which her or she served in any such capacity at the request of UWYC provided however, that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit, or proceeding as to which her or she shall finally be adjudged to have been guilty of or liable for negligence or willful misconduct in the performance of his or her duties to UWYC; and provided further, that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit or proceeding which has been made the subject of a compromise settlement except with the approval of (a) a court of competent jurisdiction, and (b) the Board, acting by vote of the directors not parties to the same or substantially the same action, suit, or proceeding constituting a majority of the directors voting. The foregoing right of indemnification or reimbursement shall not be exclusive of other rights to which such person, his or her heirs, executors, or administrators, may be entitled as a matter of law. UWYC must maintain nonprofit liability Directors & Officers (D&O) insurance and be able to provide proof of such insurance upon request.

**Section 6. Amendments**

The Bylaws shall be reviewed every two years. The Board of Directors shall have the power to make, alter, amend, or repeal the Bylaws of UWYC by a two-thirds vote of those Directors present, at any regular or special meeting where notice of the proposed action has been announced in the notice of the meeting.

**Section 7. Gifts**

The UWYC solicits and accepts contributions of money, in-kind donations, property, and any other item of value for use in accordance with the purposes of the corporation and in accordance with the Gift Acceptance and Disbursement Guidelines Policy.

**Section 8. Property**

UWYC may hold, improve, own, manage, operate, lease as lessor or lease, sell, convey, and/or mortgage, either alone or in conjunction with others, real estate of every kind and character.

**ARTICLE 10: DISSOLUTION**

Upon the dissolution of UWYC, the Board shall, after paying or making provision for the payment of all of the liabilities of UWYC, distribute all assets of the corporation, pursuant to a plan of distribution adopted by the Directors, to any Qualified Organization, or to the federal government, or to a state or local government. For purposes of this ARTICLE, "Qualified Organization" shall mean an exempt organization in Montana (i) which is described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and (ii) whose purposes are closely related to, and no broader than, the charitable purposes of UWYC. Any assets not so disposed of shall be disposed of by the District Court of the county in which the principal office of UWYC is then located, exclusively for the purposes specified in such plan of distribution (or if there is no plan of distribution, for purposes similar or analogous to the purposes described in Article 3 above), as determined by such court.

The name of the corporation is United Way of Yellowstone County, Inc. (hereinafter referred to as UWYC).

**ARTICLE 2: PRINCIPAL OFFICE**

The principal office of UWYC shall be located at 2173 Overland Avenue, Billings, Montana 59102. This address will also be the address for the registered office in the State of Montana.

**ARTICLE 3: PURPOSE**

**Section 1. Mission & Vision**

Mission

To improve lives by mobilizing the caring power of the community.

To do this UWYC will:

- Inspire others to LIVE UNITED - to give, advocate and volunteer.
- Encourage volunteer and community involvement on priority issues.
- Actively involve diverse groups who represent the community.
- Utilize many community resources to implement strategies and achieve meaningful results.
- Encourage philanthropic investments to achieve UWYC's goals and vision.

Vision

UWYC is the primary community-building organization in South Central Montana. UWYC provides leadership to effectively mobilize people and financial and strategic resources to improve people's lives. UWYC identifies and addresses the community's priority needs and provides solutions that achieve measurable results and sustained community change.

Values

Respect, integrity, transparency, and service oriented.

Diversity, Equity and Inclusion (DEI) Statement

Diversity, equity and inclusion are vital to achieving the mission of UWYC, living our values, and advancing the common good. UWYC is committed to diversity, equity and inclusion within its own organization and the community. UWYC affirms the essence of all individuals including the realities, background, experiences, skills and perspectives that make each person who they are.

UWYC aspires to involve every segment of the community in every aspect of our work, to act in ways that respect the dignity, uniqueness, and intrinsic worth of every person, the community, the donors, our own Board members, staff, volunteers and representatives, and believe in a movement built from the rich diversity and gifts of all people in all systems.

Volunteers, employees and persons served by UWYC shall be selected in a manner to promote diversity, equity and inclusion and entirely on a non-discriminatory basis with respect to race, religion, national origin, ethnicity, age, gender, gender identity and expression, disability, sexual orientation, veteran-status, familial status, or socio-economic status.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

UWYC recognizes that in order to effectively engage our community, staff, volunteers, donors and community partners to achieve our community impact goals, we must embrace the diversity of the communities we serve. Our culture, recruitment, partnerships and other business practices demonstrate inclusiveness.

**Section 2: Purpose**

The purposes for which this corporation is formed are:

- (a) To assess, on a continuing basis, the need for human service programs; to seek solutions to human problems; to assist in the development of new or modification of existing human service programs; to promote preventive activities and foster cooperation among local, state and national agencies serving the county;
- (b) To develop as fully as possible the financial resources needed to meet the human service needs of the county;
- (c) To encourage community support and commitment for the entire United Way enterprise through a systematic communications program which both speaks and listens to the community; and
- (d) To receive by gift, grant, devise, bequest or otherwise, and from any private or public sources, personal or real property, and to hold, administer, sell, invest, reinvest, manage, use, disburse and distribute, and apply the income and/or principal of the same in accordance with the directions and intent of the donor or donors of such property, or, in the absence of such directions, as the corporation may deem best from time to time, for the promotion of any or all of the foregoing purposes.

No substantial part of the activities of this corporation shall be for the purpose of carrying on propaganda or otherwise attempting to influence legislation. None of the activities of this corporation shall consist of participating in, or intervening in (including the publishing or distributing of statements), any political campaign on behalf of any candidate for public office.

No part of the net earnings of this corporation shall inure to the benefit of any private shareholder or any individual. The property of this corporation is irrevocably dedicated to charitable purposes and upon liquidation, dissolution or abandonment of the corporation, after providing for the debts and obligations thereof, the remaining assets will not inure to the benefit of any private person but will be distributed to a nonprofit fund, foundation or corporation which is organized and operated exclusively for charitable purposes and which has established its tax-exempt status under Sections 501 (c)(3) and 509 (a)(1),(2) or (3) of the Internal Revenue Code of 1986, as amended, or to the federal government, or a state or local government.

**Section 3. Nonprofit Status**

UWYC is organized exclusively for charitable and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or the corresponding provision of any future United States Internal Revenue Laws.

**Section 4. Montana Nonprofit Corporation**

United Way of Yellowstone County, Inc. is a nonprofit corporation in the State of Montana and subject to the laws of the state and may exercise all powers granted to Montana nonprofit corporations by the Montana Nonprofit Corporation Act, Sections 35-2-113, *et seq.*, Montana Code Annotated, as now exists and afterwards amended.

**ARTICLE 4: MEMBERS**

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

The currently elected members of the Board of Directors are the current Members of the corporation and are authorized to elect board members to fulfill the duties and responsibilities as set forth in these Bylaws. The Members of the organization will elect the Board of Directors at the Annual Meeting as established in Article 5.

**ARTICLE 5: ANNUAL MEETING**

**Section 1. Annual Meeting**

The Members shall meet annually for the election of board members and for the transaction of such other business as may properly come before the meeting and at such time as may be designated by the Board of Directors. Provisions with respect to notice, quorum, and inspections of elections shall comply with the laws of the State of Montana.

**Section 2. Quorum**

The presence in person of a majority of the Members shall constitute a quorum at all meetings of the Members for the election of the Board or for the transaction of other business except as otherwise provided by law.

**Section 3. Minutes**

Minutes of the annual meeting will be taken, reviewed, and approved by the members.

**ARTICLE 6: BOARD OF DIRECTORS**

**Section 1. Powers and Duties**

The business and affairs of UWYC shall be under the supervision of a board of directors. The Board of Directors ("Board") shall have the control and management of the affairs and property of UWYC. The Board shall be responsible for strategic leadership, resource and relationship management, reputation building, stewardship of UWYC assets, performance management and measurement of the President & CEO, and oversight of a public policy agenda and advocacy. The Board adopts ethical, legal, and financial management policies to ensure that UWYC has adequate resources to advance its mission and work toward a sustainable future for the organization. The Board may delegate certain duties to the officers and committees of UWYC. In addition to the powers expressly conferred upon it by these Bylaws, the Board may exercise such powers and do such lawful acts and things as are not otherwise limited by these Bylaws and/or the Articles of Incorporation. A clear background check is required for each board member.

**Section 2. Board Member Responsibilities**

- a) **Set Direction and Measure Performance and Results:** UWYC makes decisions grounded in community priorities and effectively measures performance on impact, revenue, donors and community image to ensure those results are accomplished.
- b) **Deepen Relevance in Community:** Is visible in both words and deeds in the community, seeks to understand and be engaged in broader community issues, works to enhance UWYC's relevance, including advocating and/or influencing public policy as a critical function.
- c) **Grow Revenue and Donors:** Connects impact efforts and revenue generation in order to grow resources (financial, social) and advocates in order to achieve community results at scale. Makes calls and introductions on behalf of UWYC, opening his or her own networks for key financial asks and other supports. Assists with recruitment of Fundraising Volunteer Leaders and serves on committees/cabinets as appropriate.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

- d) **Mission, Brand, Impact and Business Strategy:** Determines, articulates, and stewards the organization's mission, vision, brand, and core values, with which the community has entrusted the Board.
- e) **Governance and Fiscal Oversight:** Practices effective governance and fiscal oversight and fiscal integrity of the organization and ensures compliance with legal, regulatory reporting, and operating requirements.
- f) **Conduct business under Robert's Rules of Order.**
- g) **CEO Performance and Accountability:** The CEO leads the day-to-day activities of the organization; the Board monitors the CEO's performance and engages in the following responsibilities:
  - a) Hires and fires the CEO.
  - b) Supports the CEO and serves as a trusted advisor.
  - c) Evaluates the CEO's performance and reviews and approves CEO's compensation.

**Section 3. Number, Term of Office, and Election**

- a) The Board shall consist of at least 11 and no more than 16 persons broadly representative of Yellowstone County including the city of Billings, Montana, and consistent with the diversity statement in Article 9, Section 1. The President & CEO of UWYC shall be an ex officio member, without voting rights, of the Board of Directors.
- b) Board members are elected for three (3) year terms at the annual meeting. In unusual circumstances, Board members may be elected to a shorter term, per the needs of the Board. Members of the Board shall be elected by the Members of the organization in accordance with Article 4. Terms start on July 1 and conclude on June 30 in line with the fiscal year.
- c) Any board member who serves two consecutive three (3) year terms shall be ineligible for reelection until a minimum of one year has elapsed after expiration of the second term. Notwithstanding the foregoing limitation on Board terms, any board member who has served two consecutive three-year terms may be re-elected to fill a position as an officer of the Organization. If the term of a board member, who is Chair-elect of the Board, shall expire, then he or she shall be eligible for reelection for an additional year, as long as he or she may hold the office of Chair. A Director elected to an incomplete term may complete that term and remain eligible for two additional, consecutive terms.
- d) An immediate past Board Chair who has completed his or her term as an officer and is not eligible for reelection to the Board may serve one additional year on the Board and Executive Committee. In this case, the allowable size of the Board and Executive Committee would be increased by one member.
- e) Board Member expectations are outlined in the UWYC Board Handbook. Failure to fulfill the expectations and duties of a board Member may be a cause for removal. The Board Governance and Nominating Committee shall oversee the implementation of this Handbook and the expectations and policies therein.

**Section 4. Removal of a Board Member**

A member of the Board may be removed from the Board with or without cause by a vote of two-thirds (2/3) of the Board at a meeting at which quorum is present or, if such action is taken by written consent of the Board in lieu of a meeting as permitted by Section 9(d) hereof, then by a consent in writing signed by two-thirds (2/3) of the board members then in office and in good standing, not including the board member who is the subject of such removal.

**Section 5. Resignation**

A member of the Board may resign at any time by giving written notice to the Board. Unless otherwise specified in such written notice, the resignation shall take effect upon receipt thereof by the Board Chair.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

**Section 6. Vacancies**

All vacancies in the Board may be filled by the remaining board members according to the process in Article 6, Section 3.

**Section 7. Compensation and Reimbursement**

Board members shall be volunteers and shall not receive any compensation for their services.

**Section 8. Liability**

No Director of this corporation shall be personally liable for any action or omission unless the Director has breached or failed to perform the duties of his or her office as prescribed by state law and said breach or failure to perform constitutes self-dealing, willful misconduct, or recklessness.

**Section 9. Meetings**

- a) Regular Meetings. The Board shall hold a minimum of two (2) regular meetings for each quarter of each year at such place or places as may be determined from time to time or as may be set forth in the notice of meeting, which notice shall be given not less than seven (7) days prior to the time of the meeting. The annual meeting of this corporation shall be held during the last quarter of the fiscal year (April-May-June), at such place and on such date and time as the Board of Directors may determine.
- b) Special Meetings. Special meetings of the Board may be called by the Chair or Chair-Elect of the Board on forty-eight (48) hours' notice, if possible, to each board member personally, by any acceptable method (phone, text, email, etc.); special meetings shall be called by a member of the Executive Committee in like manner on the written request of one-third of the board members in office. The written request must specify the basis for the meeting. Upon receipt of the call for a special meeting, the Board of Directors shall fix the date, time, and place for the meeting, which shall be held within fifteen (15) days after the receipt of the call for the meeting, and with five (5) days' notice of the meeting provided to the board members.
- c) Quorum and Voting. At all meetings of the Board, the presence of a majority of the currently elected Board shall constitute a quorum for the transaction of business, and any act of a majority of those in attendance at a meeting at which there is a quorum shall be adopted. Any business may be transacted by the Board at any meeting at which a quorum is present, although held without notice, upon a waiver signed by every member of the Board.
- d) Action Without Meeting. Any action required or permitted to be taken at a meeting of the Board of Directors may be taken without a meeting by one or more written consents signed by 100 percent of the directors. The deliberation period for all Board action undertaken without a meeting is no less than one week from the date of transmission. The results of such action without a meeting will be filed with the minutes of proceedings of the Board. Such consent shall have the same force and effect as a unanimous vote provided 100 percent of all directors' consent to the action.
- e) Members participating by telephone or video conference. Participation in any meeting of the Board or a committee of the Board by means of conference telephone, video or any means of communication by which all persons participating in the meeting are able to hear one another shall constitute presence in person at the meeting.

**ARTICLE 7: OFFICERS OF THE ORGANIZATION**

**Section 1. Number, Qualification, Term of Office, and Election**

**UNITED WAY OF YELLOWSTONE COUNTY, INC.**  
**BYLAWS**

The officers of UWYC who shall be elected by the Board shall consist of a Board Chair, Chair-Elect, Secretary, Treasurer, and Immediate Past Chair. The President and CEO shall serve on the Board and be an Ex-Officio director with no voting rights, except with the Executive Committee.

- a) Term. All officers shall hold office for one year or until their successors are duly elected and qualified. In the unusual event a Board Chair serves two consecutive terms, he or she shall be ineligible for reelection as Chair until a year has elapsed after the expiration of the second of such terms.
- b) Election. Nominations for officers will be presented by the Board Governance and Nominating Committee. The officers of UWYC shall be elected by the Board.
- c) In case there is a vacancy in any office of the corporation, whether caused by failure to elect, death, resignation or otherwise, such vacancy may be filled by vote of the Board of Directors at any regular or special meeting. Such officers so elected to fill vacancies shall serve until the next annual meeting and until their successors are elected and qualify.

**Section 2. Resignation**

Any officer may resign at any time by giving written notice to the Board. Unless otherwise specified in such written notice, the resignation shall take effect upon receipt thereof by the Board Chair.

**Section 3. Removal**

Any officer, employee, or agent appointed by the Board may be removed from office, either with or without cause, by a majority vote of the Board.

**Section 4. Vacancies**

The Board may fill any officer vacancy according to Section 1 in this Article.

**Section 5. Board Chair**

The Chair shall convene and preside at meetings of the Board, call special meetings whenever he or she deems it necessary, perform such duties as may be assigned from time to time by the Board, and shall perform the duties usually delegated upon a presiding officer.

- a) Coordinate the Board agenda preparation with the President and CEO;
- b) Help to guide the strategic direction through the strategic plan and the planning processes;
- c) Assures the Board formulates policies and programs to further the mission and objectives of the UWYC;
- d) Make emergent decisions in consultation with Executive Committee as needed regarding actions taken by UWYC;
- e) Appoint Committee and task force chairs;
- f) Designate and delegate tasks to Directors and other volunteers, as necessary. Ensures volunteer work is being completed as assigned;
- g) Represents the UWYC to the public and serves as the primary UWYC spokesperson on industry issues;
- h) Keeps the Board, committees and membership informed about the conditions and operations of the UWYC;
- i) Promotes active member engagement and participation;
- j) Develops and maintains a collegial relationship with the President and CEO;
- k) The Chair is an ex-officio member of all committees of the Board.

**Section 6. Chair-Elect**

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

The Chair-Elect shall perform such duties as the Board may assign and may assist the Board Chair as requested. The Chair-Elect shall preside at meetings in the absence of the Chair. The Chair-Elect assumes the office of Chair of the Board if the Chair position is vacated for any reason. The Chair-Elect is an ex-officio member of all committees of the Board. The Chair-Elect serves as the chair of the Strategic Planning session.

**Section 7. Secretary**

The Secretary shall have the following functions and powers which may be delegated to UWYC staff with adequate oversight.

- a) Act as clerk of each meeting of the Board including annual and special meetings. The Secretary shall record all the proceedings and votes of such meetings and create a permanent record;
- b) Cause all notices to be duly given in accordance with the provisions of these Bylaws and as required by statute and, if required by resolution at any annual or special meeting;
- c) See that the minutes, reports, statements, policies, and all other documents and records of UWYC required by statute are properly kept and filed;
- d) The Secretary shall have access to the original copy of the Bylaws and all amendments thereof;
- e) Perform other duties as are given by these Bylaws or as from time to time may be assigned by the Board; and
- f) The Board Chair or Chair-Elect may designate a person other than the Secretary to record meeting minutes.

**Section 8. Treasurer**

The Treasurer shall also serve as Chair of the Finance Committee and shall report to the Board at each meeting on the financial condition of UWYC. The Treasurer shall be responsible for the following, which may be delegated to UWYC staff with adequate oversight:

- a) Be responsible for the funds, securities, receipts and disbursements of the UWYC; monitor the approved financial policies for adequacy and compliance;
- b) Ensure adequate financial controls are in place and the organization operates within a sound financial framework;
- c) Be responsible for receiving and giving receipts for monies due and payable to UWYC from any source whatsoever; cause the monies and other valuable effects of UWYC to be deposited in the name and to the credit of the Organization in such banks or other depositories as the Board may designate or select;
- d) Cause the funds of UWYC to be disbursed by checks or drafts, with such signatures as may be authorized by the Board, upon the authorized depositories of UWYC, and cause to be taken and preserved proper vouchers for all monies disbursed;
- e) Provide to the Board, whenever requested, a statement of the financial condition of UWYC, which may include an account of all transactions;
- f) Keep the books of account of all the business and transactions of the UWYC, and submit annually for external audit;
- g) In partnership with the President and CEO, develops an annual budget which is presented to the Finance Committee for review and recommendation to the Board;
- h) Serve as Chair of the Finance Committee; and
- i) Perform other duties as are given by these Bylaws or as from time to time may be assigned by the Board.

**Section 9. Immediate Past Chair**

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

The Immediate Past Chair of the Board shall continue to serve as a member of the Board and as an officer of the organization, as well as a member of the Governance & Nominating Committee, for one year after his or her term as Chair has ended. The Past Chair may perform other duties as are given by these Bylaws or as from time to time may be assigned by the Board.

**Section 10. President & Chief Executive Officer**

The President, who shall be the Chief Executive Officer of UWYC and who shall be employed by the Board, shall in general supervise and control all of the business, affairs, and property of UWYC and shall have general supervision over all of its employees and agents under the direction of the Board. In general, the President shall perform all duties incident to the office and shall see that all orders and resolutions of the Board are carried into effect. The President shall serve on the Executive Committee of the Board and be an Ex-Officio director with full voting rights on the Executive Committee.

In the absence of the President, or in the event that the President is unable to carry out his or her duties, the Chair may delegate the President's powers to another UWYC employee, or the President may so delegate with the consent of the Board. In extremely unusual circumstances or when the absence is expected to last for an extended period of time, the Chair may recommend an alternate interim solution, which must be approved by the Board.

- a) Salaries. The salary and other remuneration of the President shall be fixed by the Board. An annual review of his or her compensation shall be conducted in accordance with approved policies, local and United Way Worldwide compensation information, and IRS intermediate sanction rules. Salaries and wages of other UWYC employees shall be fixed by the President based on the recommended salary ranges and subject to the approval of a general operating budget of the Board.
- b) Performance. The Executive Committee of the Board shall conduct an annual review of the President's performance to established strategic goals. The Board may recommend additional compensation based on the President's performance.

**ARTICLE 8: COMMITTEES OF THE ORGANIZATION**

**Section 1. Committees, Task Forces, and Special Committees**

The Chair of the Board may designate committees, special committees, or task forces authorized by the Board. Annually, the Chair of the Board appoints the Chair of each UWYC Committee, special committee, or task force that has been authorized by the Board. All standing committee chairs and other committee chairs shall be members of the Board. Committee Chairs will select committee members with support and guidance from the Governance and Nominating Committee. Volunteers from the community shall be considered for service on such committees, except as may be precluded by the law of Montana or these Bylaws. A clear background check is required for each committee member.

**Section 2. Standing Committees**

UWYC will maintain the following standing committees.

- a) Executive Committee. The Executive Committee consists of the officers of the Board of Directors and other board members as determined by the Board and duly elected as the Executive Committee. The Chair of the Board shall serve as Chair of the Executive Committee. The Executive Committee shall have and exercise all the powers of the Board of Directors subject to such limitations as the laws of the State of Montana or resolutions of the Board of Directors may impose, and shall have the power to affix the seal of the corporation to all papers requiring it, when the

**UNITED WAY OF YELLOWSTONE COUNTY, INC.**  
**BYLAWS**

Board is unable to meet.

A majority thereof shall constitute a quorum. The Executive Committee shall keep regular minutes of its proceedings and report the same to the Board of Directors.

In matters requiring immediate action, the Executive Committee may act on behalf of the Board of Directors, except to 1) amend the Bylaws; 2) adopt a plan of merger or consolidation; or 3) sell, lease, exchange, mortgage, pledge or make any other disposition of any of the property and assets of the organization. Any action should be communicated to the Board no later than the next regularly scheduled Board meeting.

The Executive Committee's responsibilities shall include:

- a. evaluation and recommendation of the CEO's salary and the proposal of the management compensation policy to the Board;
  - b. management of the flow of work between the Board and Board-level committees;
  - c. development and maintenance of the ethics policy;
  - d. management of relationship with organized labor; and
  - e. development of a diversity policy.
- b) Governance and Nominating Committee. The Governance and Nominating Committee shall have responsibility for the recruitment, nomination, orientation, training, performance and evaluation of board members, including officers. The committee may evaluate Board functioning and provide Board education, review and compliance with the diversity and ethics policies. The Ethics Officer will serve on this committee.
- c) Finance Committee. The Board, with support and nominations from the Governance and Nominating Committee, shall appoint a Finance Committee. At least two of the committee members must possess financial expertise (as defined by the Sarbanes-Oxley legislation). The committee will be responsible for the development and management of the UWYC annual budget, the management of its financial resources (including making prudent investments), the evaluation of the financial control and accounting system, and compliance with federal and state legal requirements. The Finance Committee shall also receive quarterly financial statements. The Committee may request the designated independent auditor, or any officer or employee of the UWYC, to appear before it to report on the financial condition and answer any questions. The Finance Committee will report to the Board regularly. The Finance Committee will also serve as the Eligibility Committee for specified partner/agency grants, which includes reviewing financials annually. The Finance Committee will also be responsible for the outside and internal audits of all UWYC financial transactions, the necessary controls to ensure compliance with the organization's financial policies, and compliance with federal and state legal requirements. The Finance Committee shall designate the independent auditor every (three (3) years, shall meet privately with that auditor at least once each year, shall receive the management letter from that auditor, shall review the UWYC's IRS Form 990 prior to filing, and shall ensure that the Annual Report is timely prepared and submitted to the Board.
- d) Community Relations Committee. The Community Relations Committee will help establish and lead engagement activities related to revenue and revenue growth for UWYC. The Committee helps set short- and long-term corporate engagement goals, revenue goals and oversees efforts at increasing donors and revenue. The Committee will be responsible for year-round relationships with donors, agencies and improving communication with the community.

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

- e) Community Impact Committee. The Board shall appoint a Community Impact Committee, which stewards the community impact-focused work of the organization in support of its goals. The Committee's primary role is to be responsible for the distribution of resources that address community need. The Committee will review and assist with activities related to funding priorities, community assessment, and distribution of funds to address priority needs, agency membership, agency relations and targeted community initiatives.
- f) Volunteer Engagement Committee. The Board shall appoint a Volunteer Engagement Committee, which advises and recommends policy to the UWYC Board on matters pertaining to Engagement and volunteerism.
- g) Parent Advisory Committee. The Board shall appoint a Parent Advisory Council. The Parent Advisory Committee (PAC) is comprised of parent representatives and family caregivers from each CARE Academy location. The PAC serves as an advisory, not a decision-making body, that makes recommendations and provides advice to CARE Academy Director relating to programs, activities, and resources in order to 1) help the program attain its goal of providing each child with the best Out Of School Time experience possible and 2) have policies and programs that support families' strengths and needs.
- h) Marketing Committee. The Board shall appoint a Marketing Committee. The Committee is responsible for overseeing the messaging of UWYC, and the overall marketing plan, including social media.

**Section 3. Other Committees and Task Forces**

The Board of Directors may, by resolution passed by a majority of the Board, designate additional committees, provided that each such committee shall include two (2) or more directors. Any such committee, to the extent provided in the resolution of the Board which establishes it and to the extent permitted by Montana law, shall have and may exercise the powers of the Board of Directors in the management of the business and affairs of the corporation and may authorize the seal of the corporation to be affixed to any papers which may require it; provided, however, that any committee that includes members who are not directors may not exercise the authority of the Board and shall act only in an advisory capacity to the Board. Any director may be a member of more than one (1) committee.

**Section 4. Affinity Groups**

The Board may create Affinity Groups of supporters as a vehicle for the engagement of subgroups of donors. These groups will be created by the Board and these affinity groups will function under the policies and guidelines of the Board.

**Section 5. Committee Operations**

Each committee shall have power to make rules and regulations for the conduct of its business subject to the Board's approval. A majority of the members of a committee shall constitute a quorum, and in every case the affirmative vote of a majority of all of the members of such committee shall be necessary for any committee action. Committee meetings may be held on forty-eight (48) hours' notice to each member personally, by any acceptable method (phone, text, email). Any action permitted to be taken at a meeting of the committee may be taken without a meeting if a written consent describing the action taken is signed by each member of the committee. Each committee shall keep regular minutes of its proceedings and transmit copies thereof to the Board. No committee of the Board may (i) authorize distributions; (ii) approve dissolution, merger or the sale, pledge or transfer of all or substantially all of the corporation's

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

assets; (iii) elect, appoint or remove directors or fill vacancies on the Board or on any of its committees; or (iv) adopt, amend or repeal the Articles of Incorporation or these Bylaws.

**ARTICLE 9: GENERAL PROVISIONS**

**Section 1. Nondiscrimination**

Diversity, equity and inclusion are vital to achieving our mission, living our values, and advancing the common good. UWYC is committed to diversity, equity and inclusion within its own organization and the community. Therefore, UWYC will have an approved Diversity, Equity and Inclusion statement and policy that takes the broadest possible view of diversity, going beyond visible differences to affirm the essence of all individuals including the realities, background, experiences, skills and perspectives that make each person who they are.

The officers, directors, committee members, employees and persons served by UWYC shall be selected in a manner to promote diversity, equity and inclusion and entirely on a non-discriminatory basis with respect to race, religion, national origin, ethnicity, age, gender, gender identity and expression, disability, sexual orientation, veteran-status, familial status, or socio-economic status and in support of the UWYC's Diversity and Inclusion statement and/or principle and policy.

**Section 2. Ethics**

UWYC will have an approved ethics policy made known to all volunteers and staff associated with the organization. An Ethics Officer will be designated for the organization to establish procedures for Board, staff, and community members to submit ethical complaints and conduct investigations of complaints in a confidential manner.

Ethics policies will include conflict-of-interest and disclosure and anti-sexual harassment. Board Members are required to review and sign annually. No contract or transaction relating to the operations conducted by UWYC or for furnishing supplies to UWYC and to which UWYC is a party shall be invalidated by reason of the fact that any board member, officer or employee of UWYC has a direct beneficial interest. Any such transaction must be fully disclosed in writing to the Board for its approval prior to the contract or transaction taking effect.

**Section 3. Organization Loans**

No loans, other than through the purchase of bonds, debentures, or similar obligations of the type customarily sold in public offerings, or through ordinary deposit of funds in a bank, shall be made by UWYC to its board members, officers or employees, or to any other corporation, firm, association, or other entity in which one or more of its board members, officers or employees are directors or officers or hold a substantial financial interest, except in a loan by UWYC to another entity having a comparable purpose to that set forth in Article 3 of these Bylaws. A loan made in violation of this section shall be a violation of the duty to UWYC by the Board, officers or employees authorizing it or participating in it, but the obligation of the borrower with respect to the loan shall not be affected thereby.

**Section 4. Fiscal Year**

The fiscal year of UWYC is July 1 to June 30.

**Section 5. Indemnification**

The corporation shall indemnify board members, officers, employees, or agents of UWYC to the full extent permitted by the indemnification provisions of the Montana Nonprofit Corporation Act as it may be amended from time to time. Any person, their heirs, executors, or administrators, may be indemnified or

**UNITED WAY OF YELLOWSTONE COUNTY, INC.  
BYLAWS**

reimbursed by UWYC for reasonable expenses actually incurred in connection with any action, suit, or proceeding, civil or criminal, to which her or she shall have been made a party by reason of being or having been a director, officer, or employee of UWYC, or of any firm, corporation, or organization which her or she served in any such capacity at the request of UWYC provided however, that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit, or proceeding as to which her or she shall finally be adjudged to have been guilty of or liable for negligence or willful misconduct in the performance of his or her duties to UWYC; and provided further, that no person shall be so indemnified or reimbursed in relation to any matter in such action, suit or proceeding which has been made the subject of a compromise settlement except with the approval of (a) a court of competent jurisdiction, and (b) the Board, acting by vote of the directors not parties to the same or substantially the same action, suit, or proceeding constituting a majority of the directors voting. The foregoing right of indemnification or reimbursement shall not be exclusive of other rights to which such person, his or her heirs, executors, or administrators, may be entitled as a matter of law. UWYC must maintain nonprofit liability Directors & Officers (D&O) insurance and be able to provide proof of such insurance upon request.

**Section 6. Amendments**

The Bylaws shall be reviewed every two years. The Board of Directors shall have the power to make, alter, amend, or repeal the Bylaws of UWYC by a two-thirds vote of those Directors present, at any regular or special meeting where notice of the proposed action has been announced in the notice of the meeting.

**Section 7. Gifts**

The UWYC solicits and accepts contributions of money, in-kind donations, property, and any other item of value for use in accordance with the purposes of the corporation and in accordance with the Gift Acceptance and Disbursement Guidelines Policy.

**Section 8. Property**

UWYC may hold, improve, own, manage, operate, lease as lessor or lease, sell, convey, and/or mortgage, either alone or in conjunction with others, real estate of every kind and character.

**ARTICLE 10: DISSOLUTION**

Upon the dissolution of UWYC, the Board shall, after paying or making provision for the payment of all of the liabilities of UWYC, distribute all assets of the corporation, pursuant to a plan of distribution adopted by the Directors, to any Qualified Organization, or to the federal government, or to a state or local government. For purposes of this ARTICLE, "Qualified Organization" shall mean an exempt organization in Montana (i) which is described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and (ii) whose purposes are closely related to, and no broader than, the charitable purposes of UWYC. Any assets not so disposed of shall be disposed of by the District Court of the county in which the principal office of UWYC is then located, exclusively for the purposes specified in such plan of distribution (or if there is no plan of distribution, for purposes similar or analogous to the purposes described in Article 3 above), as determined by such court.

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
United Way of Yellowstone County, Inc.  
Billings, Montana

### **Opinion**

We have audited the accompanying financial statements of United Way of Yellowstone County, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Yellowstone County, Inc. as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Way of Yellowstone County, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of Yellowstone County, Inc. ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Way of Yellowstone County, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Way of Yellowstone County, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

UNITED WAY OF YELLOWSTONE COUNTY, INC.  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2022 and 2021

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Operations**

United Way of Yellowstone County, Inc. (the Organization) is a nonprofit organization formed for the purpose of achieving significant community impact by developing strategies, building partnerships, and investing in programs, all of which are supported through annual fundraising campaigns, as well as through competitive private, state, and federal grants and contracts. The Organization improves community conditions for children, youth, individuals, families and senior citizens.

**Basis of Accounting**

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB).

**Classification of Net Assets**

The Organization reports gifts of cash and other assets as restricted support if they are received with donor imposed stipulations that may or will be met either by the actions of the Organization or the passage of time. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

*Net assets without donor restrictions:* Net assets available for use in general operations and not subject to donor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment, as well as other purposes described in Note 16.

*Net assets with donor restrictions:* Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenues are reported as increases in net assets without donor restrictions unless the use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets and liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation. Expirations of net assets with donor restrictions (i.e. the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between applicable classes of net assets.

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Income Taxes**

The Organization is organized as a nonprofit corporation in the state of Montana and is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC).

**Estimates**

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Cash and Cash Equivalents**

The Organization considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. The Organization's cash is deposited in accounts in which FDIC coverage is limited to \$250,000 per account holder. At June 30, 2022, the bank balances of these deposits exceeded federally insured limits by \$237,865.

**Promises to Give**

Contributions are recognized when the donor makes a promise to give to the Organization, that is, in substance, unconditional. All promises to give are expected to be collected within one year. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-imposed support is reported as an increase in net assets with donor restrictions depending on the nature of the restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

**Allowance Method Used to Record Uncollectible Pledges**

The Organization uses the allowance method for uncollectible pledges receivable. The Organization's estimate is based on historical collection experience and a review of the current status of accounts receivable. It is reasonably possible that the Organization's estimate of the allowance for doubtful accounts will change. Pledges receivable are presented net of an allowance for doubtful accounts of \$30,000 at June 30, 2022 and 2021, respectively.

**Investments and Net Investment Income**

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value. Net investment income or loss, including realized and unrealized gains and losses on investments, interest, and dividends, less investment expenses, is included in the change in net assets without donor restrictions unless the income or loss is restricted by a donor.

Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the investment balances and the amounts reported in the Statements of Financial Position.

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fair Value Measurements**

The Organization has determined the fair value of its marketable securities through the application of the accounting standard for fair value measurements. This standard establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). At June 30, 2022 and 2021, there were no Level 3 investments. The three levels of the fair value hierarchy are described below:

- Level 1 Quoted market prices available through public exchange venues for identical assets or liabilities.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs for the asset or liability due to little or no market activity at the measurement date.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at June 30, 2022.

*Fixed income securities:* Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV). The funds held by the Organization are deemed to be actively traded.

*Equity securities:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Complementary strategies:* Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV). The funds held by the Organization are deemed to be actively traded.

*Real asset securities:* Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV). The funds held by the Organization are deemed to be actively traded.

**Property and Equipment**

Property and equipment acquisitions with an original cost of at least \$2,500 are recorded at cost. Donated property and equipment are reported as without donor restriction unless the donor has restricted the donated asset to a specific purpose. Depreciation is provided over the estimated useful lives of assets (generally 5 - 40 years) and is computed using the straight-line method.

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Allocations Payable**

Allocations payable represent amounts approved by the Board of Directors payable to United Way agencies. As of June 30, 2022, the Organization has paid all allocations approved by the Board of Directors.

**Contribution Revenue**

Annual campaigns are conducted to raise support for the Organization's community response programs. Pledges, less an allowance for uncollectible amounts, are recorded as receivables in the year they are made. All contributions are considered without donor restriction unless specifically restricted by the donor as to time or purpose. The Organization acts as an agent of the donor when contributions are directed by the donor and are to be distributed to a specific third-party beneficiary. These contributions received and subsequently remitted to third parties are reflected in campaign results on the Statements of Activities but are not treated as contribution revenue. Assets received for which the condition has not been satisfied are recorded as a refundable advance liability.

The Organization administers other campaigns for local employers. Under the agreements, the employers run campaigns, collect the pledges and make payments to the Organization for quarterly distribution to the agencies designated by the employee. The Organization collects administration fees for administering the other campaigns. The Organization is acting as an agent administering the other campaigns and, therefore, contributions received and subsequently remitted to other agencies are not included in the Statements of Activities.

**Grant Revenue**

The Organization's grant awards are contributions, which are evaluated for conditions and recognized as revenue when conditions in the award are satisfied. Unconditional awards are recognized as revenue when the award is received. Amounts received in which conditions have not been met are reported as a deferred revenue.

**CARE Academy Revenue**

The CARE Academy is an out-of-school time program available to elementary school-age children who are currently enrolled as students in participating schools in Yellowstone County. Consequently, the Organization's revenue and cash flows are affected by economic fluctuations within that region. CARE Academy tuition is comprised of an exchange element based on the value of the benefits provided. The Organization recognizes tuition revenue in the period in which the services are rendered, and the Organization satisfies its performance obligations. Any portion of tuition deemed to be earned in future periods is deferred until earned.

**Advertising**

Advertising costs are expensed as incurred. Advertising expenses totaled \$372 and \$1,515 and are included in communication expense on the Statements of Functional Expenses at June 30, 2022 and 2021, respectively.

**Donated Services, Materials and Facilities**

Many individuals volunteer their time and perform a variety of tasks that assist the Organization. The value of these contributed services does not meet the requirements for recognition in the financial statements and have not been recorded.

**Functional Allocation of Expenses**

The Organization's management allocates expenses by function between program and supporting service classifications based upon estimated levels of functional time and effort.

**Subsequent Events**

Management has evaluated subsequent events through November 22, 2022, the date which the financial statements were available for issue.

**NOTE 2. LIQUIDITY AND AVAILABILITY OF FINANCIAL RESOURCES**

Financial assets available for general expenditure include only those without donor or other restrictions limiting their use within one year of the balance sheet date. The following reflects the Organization's financial assets as of June 30, 2022 and 2021, net of amounts not available for general use within one year of the Statement of Financial Position date due to contractual or donor-imposed restrictions.

**NOTE 2. LIQUIDITY AND AVAILABILITY OF FINANCIAL RESOURCES (CONTINUED)**

The Organization does not have a formal liquidity policy, but has adopted some guidelines around the use of endowment funds for current operations, deferred grant revenue, and special projects or programs as determined by the Board of Directors. Principal contributions to the endowment fund have been set aside by the Board of Directors as perpetual investments. Income from the investments may be used for any purposes the Organization chooses. The Organization may receive grant funds, but may not have expended them for the purposes of the grant at the end of the fiscal year. These funds are held until the work for the grant has been completed. The Organization may draw upon board-designated funds in the event of an unanticipated liquidity need with prior board approval.

**NOTE 5. CASH SURRENDER VALUE OF LIFE INSURANCE**

In November 2001, the Organization received a single premium whole life insurance policy from a donor. Under the terms of the insurance, the Organization receives the cash surrender value if the policy is terminated, and, upon death of the insured, receives a guaranteed death benefit. The cash surrender value of the life insurance is \$21,868 and \$21,027 as of June 30, 2022 and 2021, respectively.

**NOTE 6. ACCRUED VACATION PAYABLE**

Employees of the Organization are entitled to paid vacation, depending on length of service and other factors. Accrued but unused vacation leave in the amounts of \$29,260 and \$27,327 are included in accrued expenses on the Statements of Financial Position at June 30, 2022 and 2021, respectively.

**NOTE 7. AGENCY FUNDS**

The Organization acts as an agent for various organizations or projects where funds are to be distributed only for the benefit of, and upon the instructions of those organizations or projects. The Agency Funds consist of cash and cash equivalents and pledges receivable of \$18,926 and \$21,518 as of June 30, 2022 and 2021, respectively.

**NOTE 8. LONG TERM DEBT**

Long-term debt consists of the following:

|                                                                                                                                                   | <u>2022</u>       | <u>2021</u>       |

The proceeds from the note payable were used to repay a bridge loan of \$975,000 and \$15,000 in origination and closing fees, respectively. These fees were capitalized immediately and amortized over the 20-year life of the note payable. The Organization incurred amortization expense of \$750 during the years ended June 30, 2022 and 2021, respectively, and is included in interest expense in the Statements of Functional Expenses.

Maturities on long-term debt at June 30 are as follows:

| <u>Year Ending June 30,</u> | <u>Principal Payments</u> |
|-----------------------------|---------------------------|
| 2023                        | \$ 49,976                 |

**NOTE 9. CAPITAL LEASE**

In December 2017, the Organization acquired equipment with a cost basis of \$13,500 under the provisions of a capital lease. For financial reporting purposes, minimum lease payments related to the equipment have been capitalized and are included in equipment on the Statements of Financial Position. Capital lease obligations at June 30 is as follows:

| <u>Year Ending June 30,</u> | <u>Minimum<br/>Lease<br/>Payments</u> |
|-----------------------------|---------------------------------------|
| 2023                        | \$ 1,350                              |
|                             | \$ 1,350                              |

**NOTE 10. REFUNDABLE ADVANCE LIABILITY**

The Organization had a refundable advance liability of \$-0- and \$119,510 as of June 30, 2022 and 2021, respectively. This amount resulted from the receipt of the Paycheck Protection Program (PPP) loan granted by the Small Business Administration under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). PPP loans are considered conditional, with a right-of-return in the form of an obligation to be repaid if a barrier to entitlement is not met. The barrier is that PPP loan funds must be used to maintain compensation costs and employee headcount, and other qualifying expenses (mortgage, interest, rent, and utilities) incurred during a covered period of either 8 or 24 weeks following receipt of the funds. Consequently, the Organization has determined that this is a conditional grant award and have applied the policy as described in Note 1, which says that conditional contributions and grants shall be reported as a refundable advance liability until the conditions are substantially met.

Should the lending institution choose not to forgive the refundable advance, it bears interest at 1% and is repayable in principal and interest payments every month over a maximum of two years with a ten-month deferral after the end of the covered period.

Subsequent to year-end, the Organization was notified that \$119,510 in eligible expenditures for payroll and other expenses described in the CARES Act had been forgiven.

**NOTE 11. ANNUITY OBLIGATION**

The Organization receives charitable donations for annuities from donors with a provision that a fixed income be paid to the donor and/or the named beneficiary for life. The annuity obligation represents the present value of payments to be made over the life expectancies of the annuitant and/or their named beneficiaries based on Internal Revenue Service (IRC) annuity tables. The contributions received and the related obligations are restricted in perpetuity until the death of the annuitant and/or their named beneficiary at which time the remaining assets remain restricted or the donor restriction is removed based upon the terms of the original annuity agreement. The recorded obligation is recognized as income at the time of death. On an annual basis, the Organization reevaluates the liability related to the required distributions to the designated beneficiaries based on actuarial assumptions. Activity under charitable agreements during 2022 and 2021 is as follows:

**NOTE 12. PENSION PLAN**

The Organization has a 403(b) Plan covering all full-time and part-time employees who have performed services for the Organization in at least one year of the immediately preceding five years and does not include employees whose total compensation during the year is less than the amount specified in the Internal Revenue Code (IRC). The Organization contributes an amount equal to 5% of the annual compensation plus matches employees' contributions up to 5% of annual compensation. Pension plan contributions totaled \$47,298 and \$47,823 for the years ended June 30, 2022 and 2021, respectively.

**NOTE 13. RISKS AND UNCERTAINTIES**

As a result of economic uncertainty and volatility in financial markets, various investment securities held by the Organization have incurred significant declines in fair value since June 30, 2022. The markets continue to evolve rapidly, and management is not able at this time to estimate the full impact on the financial statements.

UNITED WAY OF YELLOWSTONE COUNTY, INC.  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
June 30, 2022 and 2021

**NOTE 14. ENDOWMENT FUNDS**

The Organization's endowment fund (the Endowment) consists of gifts by individual donors who desire to make substantial long-term gifts to the community and to develop new and significant source of revenue for the Organization. The endowment also includes certain net assets without donor restrictions that have been designated for endowment by the Board of Directors.

*Interpretation of Relevant Law*

The Board of Directors of the Organization has interpreted the Montana Uniform Prudent Management of Institutional Funds Act (MUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. At June 30, 2022 and 2021, there were no such donor stipulations. As a result of this interpretation, the Organization retains in perpetuity the original value of the gift.

Income from the investment of these gifts may be used to (i) stabilize program funding during period of below normal average campaigns; (ii) fund special projects and grants in the community; (iii) ensure long-term growth; (iv) enhance the Organization's ability to meet changing community needs in both the short and long-term; and, (v) support the administrative expenses of the Organization as deemed appropriate.

*Investment Policy and Objectives*

The Organization has adopted an overall investment objective for the assets of growth and income. This is a total return approach to managing the assets, emphasizing on both current income and growth in principal. The Organization monitors the performance on an annual basis. Performance is reported in terms of rate of return and changes in dollar value. The returns are compared to the appropriate market indexes for the most recent quarter and for annual and cumulative prior time periods. The Endowment's asset allocation is also reported on an annual basis.

It is desired that the Endowment produce a level of return higher than the market as represented by a benchmark index or mix of indexes reflective of the objectives and risk tolerance. This primary benchmark or policy index is to be constructed as follows: 60% Standard & Poor's 500 Stock Index, 35% BarCap US Govt/Credit Intermediate Bond Index and 5% 90-day Treasury Bills. The secondary benchmark is to be constructed as follows: 25% Standard and Poor's 500, 5% Russell Mipcap Index, 5% Russell 2000 Index, 15% EAFE Index, 5% NAREIT Equity Index, 7% HFRX Global Hedge Fund Index, 35% BarCap US Govt/Credit Intermediate Bond Index, and 3% 90-day Treasury Bills. The account is desired to exceed the arithmetic mean of these benchmarks on a risk-adjusted basis over a five-year rolling time period.

The Organization is comfortable with a moderate risk strategy. This is a goal of relatively more stable returns over the longer term, with a reduced potential of negative returns in any given year. Specifically, the risk level of the portfolio as measured by volatility (standard deviation) should be similar to the volatility of the underlying comparative benchmarks.

**NOTE 14. ENDOWMENT FUNDS (CONTINUED)**

*Funds with Deficiencies*

From time-to-time, the fair value of assets associated with the donor-restricted endowment fund may fall below the level that the donor or MUPMIFA requires the Organization to retain as a fund of perpetual duration. There were no deficiencies of this nature reported in net assets without donor restrictions as of June 30, 2022 and 2021.

*Spending Policy*

The Endowment is governed by the Organization's Gift Acceptance and Endowment Disbursement Guidelines. Unless otherwise directed by the donor as a result of conditions contained within the gift, or upon arrival of the Board of Directors for emergency situations, there shall be no disbursement of invested assets, principal or interest that would decrease the invested assets below a balance of \$1,000,000.

Distributions are limited to 10% of the market value of the invested assets as of the prior calendar year-end, subject to the initial restriction of the \$1,000,000 balance. The amount of disbursement is determined annually by the Board of Directors during the budgeting process. The Organization may also elect to take no distributions in any given year.

To the extent that the amount be distributed has been determined and that all donor directives have been met, said amounts may be distributed at the discretion of the Board of Directors. In general; however, these funds will be utilized to stabilize program funding during periods of below normal annual campaigns, for special purpose program grants, for special purpose programs and activities, and to support the administrative activities of the Organization.

*Composition of Endowment Fund*

The composition of the assets in the Endowment is included in Note 4, as there are funds invested in addition to the donor-restricted and board-designated endowment funds. Unless otherwise stated by the donor, earnings on donor-restricted endowment funds are available for general use and have been presented on the Statements of Financial Position and Statements of Activities without donor restrictions.

**NOTE 15. NET ASSETS WITH DONOR RESTRICTIONS**

The main source of net assets with donor restrictions are associated with the Diversion Fund. Currently, Diversion conversations occur at all Front Door organizations, both advertised and non-advertised. Most successful diversions in Billings have come from those agencies that have access to undesignated funds available to spend. This pilot project will provide flexible funds to any Billings Coordinated Entry System Front Door Agency who is using the diversion approach with families and individuals. Access to the flexible fund will strengthen opportunities for more service providers to start diversion conversations and use of the resources needed to connect people to permanent housing outcomes. The Billings Continuum of Care Diversion Fund Subcommittee has established system wide guidelines related to eligibility, reporting, and funding. Requests for the Centralized Diversion Fund are submitted via the Homeless Management Information System and reviewed and paid by the United Way of Yellowstone County, the fiscal agent for diversion funds.

Flexible financial assistance is available for households who identify it as a need for resolving their housing crisis through diversion conversations. When financial assistance is necessary to obtain safe housing, diversion funds can be used in a variety of ways provided they directly result in a housing solution, whether permanent or temporary. The most common types of financial assistance for families were security deposit, one-time rent payment, and rental application fees.

**NOTE 15. NET ASSETS WITH DONOR RESTRICTIONS (CONTINUED)**

Common uses of diversion financial assistance funds may include, but are not limited to:

- Move-in costs, including deposit and first month's rent, moving supplies, the cost of a moving truck and storage;
- Rental application fees, and payments for background and credit checks;
- Fees for securing identification documents, birth certificates, and social security cards;
- Transportation, including bus tickets for both local transport and to facilitating relocation to verifiable, safe housing out-of-the-area;
- Previous housing debt/rental arrears if resolving with facilitate an immediate housing placement;
- Utility deposits and arrears needed to secure housing; and
- Certifications or license fees related to school or employment.

Donor restricted contributions also include those for Graduation Matters and Literacy programs.

Net assets with donor restrictions are restricted for the following purposes or periods:

|                                                           | <u>2022</u>       | <u>2021</u>       |

**NOTE 16. BOARD DESIGNATED NET ASSETS**

The Board of Directors designated certain funds for special purposes.

- a) Board-Designated Endowment is the principal of non-restricted gifts in the form of cash, bequests or stock.
- b) Board-Designated General represents funds to be used to stabilize program funding during periods of below normal campaigns, for special purpose program grants, for special purpose United Way of Yellowstone County programs and activities, and to support the administrative activities of the Organization.
- c) Board-Designated Building Fund represents income generated from leasing of office space in the United Way building. The income will be used to pay for future building maintenance costs. In addition, the Board designated a portion of the endowment included in net assets without donor restriction to be used for building maintenance.
- d) Board-Designated Capital Improvement represents funds set aside to be used for building and other capital improvements.

**NOTE 17. SUBSEQUENT EVENTS**

On August 9, 2022, the Organization filed Forms 941-X, Adjusted Employer's Quarterly Federal Tax Return or Claim for Refund, with the Internal Revenue Service (IRC) regarding the Employee Retention Credit (ERC) for the last three quarters of 2020, and the first three quarters of 2021. Under the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) signed into law on March 27, 2020, and the subsequent extension of the CARES Act, the Organization was eligible for a refundable employee retention credit subject to certain criteria for the periods July 1, 2021 through September 30, 2021. Upon filing the Forms 941-X, the Organization is owed approximately \$114,112 for the refundable portion of the credit for year 2021. Due to these payroll expenses taking place in the first quarter of fiscal year 2022, the Organization has elected to account for the ERC following ASC 958-605, which recognizes contributions received by a not-for-profit entity. The Organization has evaluated the circumstances and noted all conditions have appropriately been met in order to recognize income for year ended June 30, 2022.

Prior to issuance of this report, the Organization received the balance mentioned above in full on October 31, 2022.

Dear Applicant:

Our letter dated November 1961 stated that you were exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

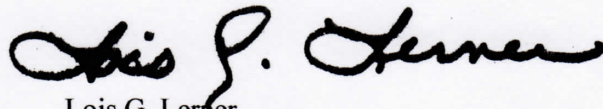

Based on the information you submitted, we have classified you as a public charity under the Code section listed in the heading of this letter. Since your exempt status was not under consideration, you continue to be classified as an organization exempt from Federal income tax under section 501(c)(3) of the Code.

Publication 557, Tax-Exempt Status for Your Organization, provides detailed information about your rights and responsibilities as an exempt organization. You may request a copy by calling the toll-free number for forms, 800-829-3676. Information is also available on our Internet Web Site at [www.irs.gov](http://www.irs.gov).

Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

If you have any questions, please call our toll free number shown in the heading of this letter.

Sincerely,

Lois G. Lerner  
Director, Exempt Organizations

## **Job Descriptions**

### **Supportive Services Specialist 1.0 FTE**

The Supportive Services Specialist will be responsible for providing supportive services for people within the Coordinated Entry System who need additional assistance beyond the capacity of a traditional case manager. The Supportive Services Specialist will spend 30 hours a week providing intensive case management for clients requiring additional help, such as individuals needing assistance with the Medicaid Waiver and SSI/SSDI processes. The Supportive Services Specialist will be SOAR certified and provide SSI/SSDI application services for CES clients with concurring conditions. SSI/SSDI application assistance is a gap in the current Coordinated Entry System, and filling this gap will increase the number of clients accessing supplemental income. Finally, the Supportive Services Specialist will spend 10 hours a week tracking exits from Coordinated Entry and providing outreach, continuing to support people after they are housed.

### **Program Coordinator 0.5 FTE**

The Program Coordinator will be responsible for planning, implementing, and evaluating activities associated with the Continuum of Care, including providing general oversight for coalition activities and related projects, including but not limited to the Coordinated Entry System, the Homelessness Management Information System, grant management, and reporting. The Program Coordinator will also manage and oversee the Point-In-Time count and the distribution of the Diversion Fund. The Program Coordinator will work to develop and implement strategies that will lead to long-term involvement of community institutions, organizations, and individuals in permanent supportive housing and emergency shelter activities. The Program Coordinator must also be able to evaluate program effectiveness, identify areas for improvement, and implement new program initiatives to increase program impact.

## **Supplemental Project Information**

The CoC is proposing a supportive services project that includes hiring staff to carry out project activities. Additionally, the CoC is requesting a diversion fund to divert people from the homeless system in Billings.

### **Supportive Services Specialist 1.0 FTE**

The Supportive Services Specialist will be responsible for providing supportive services for people within the Coordinated Entry System who need additional assistance beyond the capacity of a traditional case manager. The Supportive Services Specialist will spend 30 hours a week providing intensive case management for clients requiring additional help, such as individuals needing assistance with the Medicaid Waiver and SSI/SSDI processes. The Supportive Services Specialist will be SOAR certified and provide SSI/SSDI application services for CES clients with concurring conditions. SSI/SSDI application assistance is a gap in the current Coordinated Entry System, and filling this gap will increase the number of clients accessing supplemental income. Finally, the Supportive Services Specialist will spend 10 hours a week tracking exits from Coordinated Entry and providing outreach, continuing to support people after they are housed.

### **Program Coordinator 0.5 FTE**

The Program Coordinator will be responsible for planning, implementing, and evaluating activities associated with the Continuum of Care, including providing general oversight for coalition activities and related projects, including but not limited to the Coordinated Entry System, the Homelessness Management Information System, grant management, and reporting. The Program Coordinator will also manage and oversee the Point-In-Time count and the distribution of the Diversion Fund. The Program Coordinator will work to develop and implement strategies that will lead to long-term involvement of community institutions, organizations, and individuals in permanent supportive housing and emergency shelter activities. The Program Coordinator must also be able to evaluate program effectiveness, identify areas for improvement, and implement new program initiatives to increase program impact.

### **Diversion Fund**

The \$50,000 Diversion Fund will be used to divert people from the homelessness system by providing funding for minor expenses crucial to housing individuals. For example, the diversion fund has been used to purchase a bus ticket for an individual to return to their home community, where they have social support. Diversion funding has also been used as a one-time payment towards an individual's rent to maintain their housing. These examples are just a couple of the countless ways diversion funding can divert people from entering the homeless system in Billings. This funding is paid directly to the service the individual requests help with, never to the individual. Therefore, if an individual needs help with late rent, the CoC will send the funds directly to the rental company, never to the individual. The Supportive Services Specialist will manage this fund, and any requests larger than \$500 will be subject to committee approval.

## Part II Declaration and Signature Authorization of Officer or Person Subject to Tax

Under penalties of perjury, I declare that  I am an officer of the above entity or  I am a person subject to tax with respect to (name of entity) \_\_\_\_\_, (EIN) \_\_\_\_\_ and that I have examined a copy of the 2021 electronic return and accompanying schedules and statements, and, to the best of my knowledge and belief, they are true, correct, and complete. I further declare that the amount in Part I above is the amount shown on the copy of the electronic return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send the return to the IRS and to receive from the IRS (a) an acknowledgement of receipt or reason for rejection of the transmission, (b) the reason for any delay in processing the return or refund, and (c) the date of any refund. If applicable, I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537 no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment. I have selected a personal identification number (PIN) as my signature for the electronic return and, if applicable, the consent to electronic funds withdrawal.

4947(a)(1) nonexempt charitable trust treated as a private foundation

501(c)(3) taxable private foundation

Check if your organization is covered by the **General Rule** or a **Special Rule**.

**Note:** Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

**General Rule**

For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

**Special Rules**

For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of **(1)** \$5,000; or **(2)** 2% of the amount on (i) Form 990, Part VIII, line 1h; or (ii) Form 990-EZ, line 1. Complete Parts I and II.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Complete Parts I (entering "N/A" in column (b) instead of the contributor name and address), II, and III.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, contributions *exclusively* for religious, charitable, etc., purposes, but no such contributions totaled more than \$1,000. If this box is checked, enter here the total contributions that were received during the year for an *exclusively* religious, charitable, etc., purpose. Don't complete any of the parts unless the **General Rule** applies to this organization because it received *nonexclusively* religious, charitable, etc., contributions totaling \$5,000 or more during the year ..... ▶ \$ \_\_\_\_\_

**Caution:** An organization that isn't covered by the General Rule and/or the Special Rules doesn't file Schedule B (Form 990), but it **must** answer "No" on Part IV, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990-PF, Part I, line 2, to certify that it doesn't meet the filing requirements of Schedule B (Form 990).

**PART V, LINE 1E:**

TO BE IN COMPLIANCE WITH THE REPORTING REQUIREMENTS OF ASU 2016-14, PRESENTATION OF FINANCIAL STATEMENTS OF NOT-FOR-PROFIT ENTITIES, THE PRESENTATION OF THE ENDOWMENT PORTION OF THE INVESTMENTS HAS CHANGED. THE \$817,500 OF "OTHER EXPENDITURES" WERE NOT ACTUALLY SPENT OR TRANSFERRED, BUT RATHER RECLASSIFIED. FOR FINANCIAL REPORTING PURPOSES, THESE FUNDS ARE NOW INCLUDED IN NET ASSETS WITHOUT DONOR RESTRICTION AND ARE NOT PART OF THE ENDOWMENT, AS THEY ARE NEITHER DONOR RESTRICTED NOR BOARD DESIGNATED.

**PART V, LINE 4:**

THE INCOME FROM THE ENDOWMENT FUND THAT IS MADE AVAILABLE TO THE UNITED WAY BOARD OF DIRECTORS MAY BE USED AS FOLLOWS:

**Part XIII Supplemental Information** (continued)

- 1) TO MEET UNANTICIPATED NEEDS AND EMERGING PROBLEMS THAT DEMAND AN EARLY RESPONSE THROUGH NEW OR EXISTING PROGRAMS REQUIRING A LEVEL OF FUNDING NOT AVAILABLE FROM THE ANNUAL CAMPAIGN;
- 2) TO MAINTAIN OR EXPAND SERVICE LEVELS DURING ECONOMIC DOWN CYCLES OR PERIODS OF INCREASED UNEMPLOYMENT OR PHYSICAL DISASTER WHICH REQUIRE ADDITIONAL HEALTH AND HUMAN SERVICES WHEN FINANCIAL RESOURCES ARE LIMITED;
- 3) TO SUPPORT UNITED WAY'S ROLE IN THE COMMUNITY AS A FACILITATOR TO FOCUS THE ATTENTION AND RESOURCES OF OTHER SECTORS ON HIGH PRIORITY PROBLEMS;
- 4) TO HELP ASSURE THE FINANCIAL STABILITY OF AGENCIES FACING UNUSUAL OR CATASTROPHIC FINANCIAL PROBLEMS THAT EXCEED THEIR OWN RESOURCES.

**Contract Services:**

*Tess Besaw is our contracted Coordinated Entry lead, she currently oversees the case managers in the Coordinated Entry System. In the past 12 months the Coordinated Entry System housed 385 individuals for a total of \$259 spent per beneficiary.*

**Other (Supportive Services Specialist):**

*The creation of a Supportive Services Specialist position would allow the CoC to reach clients who typically fall through traditional case management. The Supportive Services Specialist would serve select clients with needs beyond traditional case management, referred by case managers. Therefore, we expect that they will work with, in some form, more than half of the clients served, or over 150 clients.*

**Other (Program Coordinator):**

*The Program Coordinator will be responsible for planning, implementing, and evaluating activities associated with the CoC, including providing general oversight for coalition activities and related projects, including but not limited to the Coordinated Entry System, the Homelessness Management Information System, grant management, and reporting. The CoC would be able to divert approximately \$50,000 from the CoC to the Diversion Fund.*

**Other (Diversion Fund):**

*The Diversion Fund is used to divert people from entering the homelessness system in Billings. In the past we have spent \$214 dollars per beneficiary, meaning with diversion fund of \$50,000 the CoC would be able to divert approximately 233 individuals from entering the homelessness system.*

## **Job Descriptions**

### **Supportive Services Specialist 1.0 FTE**

The Supportive Services Specialist will be responsible for providing supportive services for people within the Coordinated Entry System who need additional assistance beyond the capacity of a traditional case manager. The Supportive Services Specialist will spend 30 hours a week providing intensive case management for clients requiring additional help, such as individuals needing assistance with the Medicaid Waiver and SSI/SSDI processes. The Supportive Services Specialist will be SOAR certified and provide SSI/SSDI application services for CES clients with concurring conditions. SSI/SSDI application assistance is a gap in the current Coordinated Entry System, and filling this gap will increase the number of clients accessing supplemental income. Finally, the Supportive Services Specialist will spend 10 hours a week tracking exits from Coordinated Entry and providing outreach, continuing to support people after they are housed.

### **Program Coordinator 0.5 FTE**

The Program Coordinator will be responsible for planning, implementing, and evaluating activities associated with the Continuum of Care, including providing general oversight for coalition activities and related projects, including but not limited to the Coordinated Entry System, the Homelessness Management Information System, grant management, and reporting. The Program Coordinator will also manage and oversee the Point-In-Time count and the distribution of the Diversion Fund. The Program Coordinator will work to develop and implement strategies that will lead to long-term involvement of community institutions, organizations, and individuals in permanent supportive housing and emergency shelter activities. The Program Coordinator must also be able to evaluate program effectiveness, identify areas for improvement, and implement new program initiatives to increase program impact.

## **Supplemental Project Information**

The CoC is proposing a supportive services project that includes hiring staff to carry out project activities. Additionally, the CoC is requesting a diversion fund to divert people from the homeless system in Billings.

### **Diversion Fund**

The \$50,000 Diversion Fund will be used to divert people from the homelessness system by providing funding for minor expenses crucial to housing individuals. For example, the diversion fund has been used to purchase a bus ticket for an individual to return to their home community, where they have social support. Diversion funding has also been used as a one-time payment towards an individual's rent to maintain their housing. These examples are just a couple of the countless ways diversion funding can divert people from entering the homeless system in Billings. This funding is paid directly to the service the individual requests help with, never to the individual. Therefore, if an individual needs help with late rent, the CoC will send the funds directly to the rental company, never to the individual. The Supportive Services Specialist will manage this fund, and any requests larger than \$500 will be subject to committee approval.

**Section A. Officers, Directors, Trustees, Key Employees, and Highest Compensated Employees**

**1a** Complete this table for all persons required to be listed. Report compensation for the calendar year ending with or within the organization's tax year.

- List all of the organization's **current** officers, directors, trustees (whether individuals or organizations), regardless of amount of compensation. Enter -0- in columns (D), (E), and (F) if no compensation was paid.
- List all of the organization's **current** key employees, if any. See the instructions for definition of "key employee."
- List the organization's five **current** highest compensated employees (other than an officer, director, trustee, or key employee) who received reportable compensation (box 5 of Form W-2, Form 1099-MISC, and/or box 1 of Form 1099-NEC) of more than \$100,000 from the organization and any related organizations.
- List all of the organization's **former** officers, key employees, and highest compensated employees who received more than \$100,000 of reportable compensation from the organization and any related organizations.
- List all of the organization's **former directors or trustees** that received, in the capacity as a former director or trustee of the organization, more than \$10,000 of reportable compensation from the organization and any related organizations. See the instructions for the order in which to list the persons above.

Check this box if neither the organization nor any related organization compensated any current officer, director, or trustee.

Check if your organization is covered by the **General Rule** or a **Special Rule**.

**Note:** Only a section 501(c)(7), (8), or (10) organization can check boxes for both the General Rule and a Special Rule. See instructions.

**General Rule**

For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

**Special Rules**

For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3% support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of **(1)** \$5,000; or **(2)** 2% of the amount on (i) Form 990, Part VIII, line 1h; or (ii) Form 990-EZ, line 1. Complete Parts I and II.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Complete Parts I (entering "N/A" in column (b) instead of the contributor name and address), II, and III.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, contributions *exclusively* for religious, charitable, etc., purposes, but no such contributions totaled more than \$1,000. If this box is checked, enter here the total contributions that were received during the year for an *exclusively* religious, charitable, etc., purpose. Don't complete any of the parts unless the **General Rule** applies to this organization because it received *nonexclusively* religious, charitable, etc., contributions totaling \$5,000 or more during the year ..... ▶ \$ \_\_\_\_\_

**Caution:** An organization that isn't covered by the General Rule and/or the Special Rules doesn't file Schedule B (Form 990), but it **must** answer "No" on Part IV, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990-PF, Part I, line 2, to certify that it doesn't meet the filing requirements of Schedule B (Form 990).

**PART V, LINE 1E:**

TO BE IN COMPLIANCE WITH THE REPORTING REQUIREMENTS OF ASU 2016-14, PRESENTATION OF FINANCIAL STATEMENTS OF NOT-FOR-PROFIT ENTITIES, THE PRESENTATION OF THE ENDOWMENT PORTION OF THE INVESTMENTS HAS CHANGED. THE \$817,500 OF "OTHER EXPENDITURES" WERE NOT ACTUALLY SPENT OR TRANSFERRED, BUT RATHER RECLASSIFIED. FOR FINANCIAL REPORTING PURPOSES, THESE FUNDS ARE NOW INCLUDED IN NET ASSETS WITHOUT DONOR RESTRICTION AND ARE NOT PART OF THE ENDOWMENT, AS THEY ARE NEITHER DONOR RESTRICTED NOR BOARD DESIGNATED.

**PART V, LINE 4:**

THE INCOME FROM THE ENDOWMENT FUND THAT IS MADE AVAILABLE TO THE UNITED WAY BOARD OF DIRECTORS MAY BE USED AS FOLLOWS:

**Part XIII** Supplemental Information (continued)

- 1) TO MEET UNANTICIPATED NEEDS AND EMERGING PROBLEMS THAT DEMAND AN EARLY RESPONSE THROUGH NEW OR EXISTING PROGRAMS REQUIRING A LEVEL OF FUNDING NOT AVAILABLE FROM THE ANNUAL CAMPAIGN;
- 2) TO MAINTAIN OR EXPAND SERVICE LEVELS DURING ECONOMIC DOWN CYCLES OR PERIODS OF INCREASED UNEMPLOYMENT OR PHYSICAL DISASTER WHICH REQUIRE ADDITIONAL HEALTH AND HUMAN SERVICES WHEN FINANCIAL RESOURCES ARE LIMITED;
- 3) TO SUPPORT UNITED WAY'S ROLE IN THE COMMUNITY AS A FACILITATOR TO FOCUS THE ATTENTION AND RESOURCES OF OTHER SECTORS ON HIGH PRIORITY PROBLEMS;
- 4) TO HELP ASSURE THE FINANCIAL STABILITY OF AGENCIES FACING UNUSUAL OR CATASTROPHIC FINANCIAL PROBLEMS THAT EXCEED THEIR OWN RESOURCES.

**Contract Services:**

*Tess Besaw is our contracted Coordinated Entry lead, she currently oversees the case managers in the Coordinated Entry System. In the past 12 months the Coordinated Entry System housed 385 individuals for a total of \$259 spent per beneficiary.*

**Other (Supportive Services Specialist):**

*The creation of a Supportive Services Specialist position would allow the CoC to reach clients who typically fall through traditional case management. The Supportive Services Specialist would serve select clients with needs beyond traditional case management, referred by other service providers. Therefore, we expect that they will work with, in some form, more than half of the clients served, or over 150 clients.*

**Other (Program Coordinator):**

*The Program Coordinator will be responsible for planning, implementing, and evaluating activities associated with the Coordinated Entry System, including providing general oversight for coalition activities and related projects, including but not limited to the Coordinated Entry System, the Homelessness Management Information System, grant management, and reporting. The Program Coordinator will also be responsible for managing the Coordinated Entry System, the Homelessness Management Information System, grant management, and reporting.*

**Other (Diversion Fund):**

*The Diversion Fund is used to divert people from entering the homelessness system in Billings. In the past we have spent \$214 dollars per beneficiary, meaning with diversion fund of \$50,000 the CoC would be able to divert approximately 233 individuals.*

**Position Title**

Program Manager (0.75 FTE)

**About Us**

The Yellowstone County Continuum of Care (CoC) is a coalition of leaders joining forces to reimagine our community response to homelessness. Our mission is to create sustainable pathways to safe and stable housing for people who are at risk of or actually experiencing homelessness in Yellowstone County. The shared vision of coalition members is a thriving community with accessible, safe shelter; affordable housing; compassionate neighboring; and a dedication to hope, unity and equity; where homelessness is brief, rare and non-recurring, and no one faces housing stability alone.

**Job Purpose**

The objective of the Program Manager position is to assist the Coordinated Entry System (CES) Coordinator, Supportive Services Specialist, and CoC Board of Directors by:

1. Compiling and submitting all reporting required as part of HOME-ARP regulations;
2. Ensuring effective and consistent operation of CES and the Homeless Management Information System (HMIS) within HUD and City guidelines;
3. Monitoring client outcomes, data collection, prioritization, and referral mechanisms;
4. Developing and implementing client-focused, evidence-based practices and trauma-informed approaches to service delivery; and
5. Overseeing administration and disbursements from the CoC's Diversion Fund.

**Job Responsibilities**

The Program Manager will develop and maintain complete records and files in accordance with HOME-ARP recordkeeping policies. Acting as a liaison between the CoC and the City's Community Development staff, the position will engage in grant management, creating and submitting quarterly HOME-ARP reports, and other duties as assigned. Additionally, the Program Manager will be responsible for oversight and administration of Diversion funds to eligible clients. The position will also assist with outreach to clients who have been supported by HOME-ARP funds, tracking outcomes as needed for grant reporting purposes. The Program Manager must also possess a cooperative and resourceful demeanor, along with the ability to work independently as well as in groups of varying size.

**Job Qualifications**

- A bachelor's degree in an industry-related field; equivalent work experience in applicable field is acceptable
- Demonstrated expertise in grant management and compliance, along with success in managing smaller, routine projects
- Strong project management skills with an emphasis on outcome measurement
- Excellent communication skills with aptitude for data analysis and program budgeting
- Ability to work under pressure and respond to deadlines while maintaining commitment to quality
- Exceptional judgement with capacity to prioritize multiple tasks under minimal supervision
- Must be able to maintain client confidentiality at all times
- Working knowledge of CES and HMIS strongly preferred
- Must conform to CoC and HOME-ARP requirements, including Housing First policy
- Understanding of the local community and resources available is desired
- Travel is occasionally required; applicant must have a valid driver's license and be able to operate motorized vehicles

## **Physical Requirements**

The physical demands described represent those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to support individuals with disabilities.

The employee is regularly required to:

- Sit, stand, walk, stoop, kneel, twist, crouch, and crawl
- Use hands to finger, handle, or feel objects, tools, or controls; and reach with hands and arms
- Talk, hear and communicate clearly

The employee must:

- Occasionally lift and move up to 25 pounds
- Be able to walk on uneven terrain up to one mile per day

**Job Type:** Part Time, Temporary

**Job Location:** Billings, MT; applicant must be willing to commute or relocate

**Pay:** From \$50,000, dependent on experience

**Schedule and Shift:** Must be willing to work 30 hours per week within standard business hours

## **Benefits**

- Flexible schedule
- Paid time off; 10 days per year, plus 11 federal holidays
- Professional development assistance
- Ability to work as an independent contractor

## **Compensation Package**

- Technology allowance of \$100 per month for internet, cell phone, and other needs

## **What Else You Need to Know**

This job description is not meant to be all-inclusive. It is a description of the job as presently defined and is subject to revision at any time. This document is intended to describe the general nature and level of work being performed by individuals assigned to this position. This is not to be construed as an exhaustive list of all responsibilities, duties, and skills required. ## **Position Title**

Licensed Integrated Supportive Services Clinician (1.0 FTE)

## **About Us**

The Yellowstone County Continuum of Care (CoC) is a coalition of leaders joining forces to reimagine our community response to homelessness. Our mission is to create sustainable pathways to safe and stable housing for people who are at risk of or actually experiencing homelessness in Yellowstone County. The shared vision of coalition members is a thriving community with accessible, safe shelter; affordable housing; compassionate neighboring; and a dedication to hope, unity and equity; where homelessness is brief, rare and non-recurring, and no one faces housing stability alone.

## **Job Purpose**

The objective of the Licensed Integrated Supportive Services Clinician is to support the Coordinated Entry System (CES), its participants, the CES Coordinator, Program Manager, and CoC Board of Directors by:

1. Attending biweekly case conferencing and maintaining a list of Frequent Users of Systems Engagement (FUSE) that can be used to further prioritize supportive service needs;
2. Delivering targeted services to clients as assigned by CES Coordinator with input from participating community organizations and agencies;
3. Completing standardized assessments as needed when an influx in client populations exceeds community capacity;
4. Providing one-on-one guidance for case managers whose clients require a higher level of intervention than can typically be achieved by any one agency or CES as a whole;
5. Acting as a relief valve for challenging caseloads and overworked case managers by offloading demanding processes such as Medicaid Waivers, SOAR applications for SSI/SSDI, and other intensive case management needs;
6. Developing innovative partnerships to offer wraparound care and permanent housing where services are currently lacking;
7. Ensuring effective and consistent operation of CES and the Homeless Management Information System (HMIS);
8. Tracking client outcomes, collecting relevant data, prioritizing caseloads, augmenting referral mechanisms; and
9. Implementing client-focused, evidence-based practices and trauma-informed approaches to service delivery.

## **Job Responsibilities**

50% of the Licensed Integrated Supportive Services Clinician position will be responsible for providing supportive services to clients within the Coordinated Entry System (CES) who need assistance beyond the capacity of a traditional case manager. Participating case managers in CES often have large caseloads and are unable to provide the targeted case management needed by many homeless individuals and families. This position would help relieve the shared burden on 17 partner agencies and organizations by accepting responsibility for time-intensive and/or highly-difficult tasks that require extensive case management, the services of a licensed clinician, and/or an extraordinary amount of follow up. Additionally, many people experiencing homelessness suffer from disabling mental illnesses, co-occurring substance use, trauma, and/or other medical issues. These individuals need access to immediate healthcare and a sustaining income, but the process of applying for SSI/SSDI is extensive. 50% of the position would help fill the gap by providing SSI/SSDI application assistance using the SOAR model to increase the likelihood that an eligible individual receives benefits most expediently.

## **Qualifications**

- A Master's degree in social work with licensure as a practicing clinician (LCSW, LMFT, or similar) is required
- A minimum of four years of experience in social-work field is preferred
- Must be SOAR Certified or have a willingness to become SOAR Certified
- Applicants must be committed to trauma-informed approaches and Housing First policy
- Position requires being adept at communication with diverse individuals and groups
- Strong case management skills with an emphasis on client-focused outcomes
- Exceptional judgement with capacity to prioritize multiple tasks under minimal supervision
- Must be able to maintain client confidentiality at all times
- Working knowledge of CES and HMIS strongly preferred
- Understanding of the local community and resources available is desired
- Travel is occasionally required; applicant must have a valid driver's license and be able to operate motorized vehicles

- Talk, hear and communicate clearly

The employee must:

- Occasionally lift and move up to 25 pounds
- Be able to walk on uneven terrain up to two miles per day

**Job Type:** Full Time (dependent on funding availability)

**Job Location:** Billings, MT; applicant must be willing to commute or relocate

**Pay:** From \$75,000 per year, dependent on experience

**Schedule and Shift:** Must be willing to work 40 hours per week during standard business hours; occasional evening and weekend work may be required

## **Benefits**

- Flexible schedule
- Paid time off; 10 days per year, plus 11 federal holidays
- Professional development assistance
- Ability to work as an independent contractor

## **Compensation Package**

- Technology allowance of \$100 per month for internet, cell phone, and other needs
- Retention bonus of \$5,000 offered after completion of one year of employment/training

**What Else You Need to Know**

This job description is not meant to be all-inclusive. It is a description of the job as presently defined and is subject to revision at any time. This document is intended to describe the general nature and level of work being performed by individuals assigned to this position. This is not to be construed as an exhaustive list of all responsibilities, duties, and skills required. Individuals may be required to perform duties outside of their normal responsibilities, as needed.

Applicants must be authorized to work in the US, without employer-sponsorship. The CoC does not sponsor individuals for employment-based visas.

1. Organizations providing supportive services must ensure services are delivered equitably. A chronological waiting list, including the usage of date / time stamps, must be maintained for every service offered under HOME-ARP. This may differ from your organization's current waiting list policies and procedures. **Please describe your organization's ability to maintain and manage multiple waiting lists.**

To ensure equitable service delivery and adherence to HUD standards, all households follow the same steps when being evaluated for placement in the Coordinated Entry System (CES). Upon first visiting one of 17 Continuum of Care (CoC) "front door" agencies, a basic intake process is completed to determine the practicality of diverting someone from homelessness and CES entirely by providing one-time assistance to obtain permanent housing. Diversion can include help to pay off bad debt, matching funds for rent or utility deposits, move-in fees for sober living, or relocation assistance. The goal of this process is to provide rapid relief to households that are most likely to maintain housing stability for the foreseeable future. Presently, funding requests are granted in chronological order. To meet the City's HOME-ARP qualifications, all Diversion requests can be date/time stamped.

When diversion is not appropriate and/or a household needs additional support, a standardized assessment known as "Matching for Appropriate Placement" (MAP) is completed. This helps identify the number of barriers and complexity of the challenges that an individual or family faces in finding and maintaining permanent housing. Similar to Diversion requests, the MAP Assessment has a section where practitioners fill in the date. All data is then entered into the CoC's Homeless Management Information System (HMIS). Currently, a waitlist is not maintained for access to MAP assessments or HMIS, since any client who wishes to participate is expediently evaluated and receives services accordingly.

Once assessed, a data-driven process is used to prioritize CES clients for services based on the complexity of their need, with the most challenging cases being added to the CoC's "By Name List" (BNL). CES clients with fewer complexities receive a warm handoff to the most appropriate front door agency. All CES clients are also eligible for housing navigation services. Waitlists are not maintained for any of these services. Instead, staff from front door agencies meet biweekly for case conferencing to determine what is required to house each individual or family the most expediently, based on the unique circumstances of each household's case.

While several front door agencies maintain waiting lists for services, the CoC uses the Coordinated Entry System required by HUD to identify and prioritize clients for services based on the household's level of need. If the CoC's HOME-ARP request is fully approved, a waitlist could be added to evaluate and ensure equitable access to the specialized services and intensive case management offered by the Supportive Services Specialist. However, oversight from a Program Manager would be required to undertake this additional step, which goes above and beyond the current capacity of the CoC's existing contracted staff, which is limited to 0.75 FTE due to funding constraints.

2. Procedures for managing waiting lists may include information on handling referrals internally within an organization. **If multiple services or programs are offered at your organization, please describe your policies and procedures for internal program referrals for participants within the organization.**

The CoC's Diversion Fund is an extension of the Coordinated Entry System (CES), which is a collaborative effort of 17 partner organizations that is overseen by the CoC's CES Coordinator. Up to 72 case managers participate in biweekly case conferencing to prioritize services for households with the most complex needs, while also giving and accepting referrals to/from other CES front door agencies. All CES participants also agree to enter all data collected into the Homeless Management Information System (HMIS). These are the only programs currently offered by the CoC. Referrals to all programs often come from front door agencies who participate in CES, though anyone who is eligible for assistance is welcome to visit any of the 17 front door agencies to receive intake and assessment.

**3. Please describe your organization's understanding of housing discrimination and The Fair Housing Act.**

As an entity that works closely with HUD, the CoC has a strong working knowledge of this law and demonstrated success in its application through adoption of Housing First policies, among other evidence-based practices. The Fair Housing Act, 42 U.S.C. 3601 et seq., is clear that in most housing, it is illegal to discriminate against persons based on race, color, national origin, religion, sex, gender identity, sexual orientation, familial status, or disability. All programs and actions of the Yellowstone County Continuum of Care are aligned with HUD regulations, including the Fair Housing Act.

**4. Has your staff participated in any Fair Housing training in the last three years? If yes, please list training type(s) and date(s) of training:**

These are the housing trainings that CoC leadership and United Way staff have attended:

5. Demonstrating long-term outcomes and participant success following a HOME-ARP funding allocation is crucial. **What procedures will your organization implement in order to collect follow-up data from participants?**

This is one reason why having both a Supportive Services Specialist and a Program Manager is critical to the success of the CoC's Coordinated Entry System (CES). Present funding allows for only 0.75 FTE to coordinate 17 participating agencies with up to 72 case managers meeting every other week. This position is also responsible for providing training and technical assistance to all CES participants, while also overseeing all data collected in Yellowstone County's Homeless Management Information System (HMIS). The CoC has further maximized this part-time, contracted position by serving up to 200 households on the By Name List at any given time. Unfortunately, we are unable to track those who fail to maintain contact, forcing a large number of clients to be exited from the program after 90 days without contact. The Program Manager position proposed in the CoC's HOME-ARP application would allow us to follow up with the majority of these clients to collect data and monitor long-term outcomes, which is something that is prohibited by current funding limitations. Additionally, the Supportive Services Specialist will allow the CoC to triage clients more effectively, offering additional supports to those who are unlikely to find and maintain housing without this extra help. The Supportive Services Specialist can also act as an overflow mechanism to assist front door agencies with delivery of assessments when client load is too great to safely or effectively manage. Finally, by increasing the size of the CoC's Diversion fund three-fold, designating a special supplemental fund for larger requests, and assigning a Program Manager to oversee this growing community asset, the CoC will be able to amplify the reach of a program that has long proven to be successful in the prevention of homelessness in Billings.

**6. How will you continue to serve clients after HOME-ARP funding is fully expended?** i.e. describe how your organization will provide aftercare services for program participants.

The CoC will continue to seek funds to maintain its Diversion program, as well as preserve and expand access to Supportive Services Specialist(s). Previously, the CoC has successfully sought and obtained funding from a variety of public and private sources including the City of Billings, Yellowstone County, federal emergency response programs, and local donors, with an overwhelming amount of in-kind support from community partners and individuals who care. With or without HOME-ARP, the CoC will continue to serve the community through its Coordinated Entry System and Homeless Management Information System. These services will offer continued support to clients who participate in HOME-ARP funded programming, no matter which HMIS-participating agency is funded.

**7. Organizations will be required to use HMIS (Homeless Management Information System) to coordinate services and check for duplication of benefits. Does your organization currently use HMIS? If not, is your organization willing to implement HMIS to meet program requirements?**

The CoC oversees all providers who currently use HMIS in Yellowstone County. CES Coordinator Tess Besaw trains all HMIS users in our region, provides technical assistance when required, and manages all data collected by HMIS users in the area. Assisting new HMIS users requires the CoC to expend time and resources, which it may or may not have, depending on funding availability. For example, if organizations who are not presently using HMIS are required to use this program to receive HOME-ARP funds, the CoC will require financial compensation to cover the increased costs. However, if the CoC's HOME-ARP request is granted, we expect the Program Manager will be able to offset some of Tess Besaw's workload, allowing for the time and effort necessary to onboard new HMIS users. Without the Program Manager position, the CoC is unable to absorb the workload required to onboard new HMIS users solely for the purpose of accessing HOME-ARP funding.

**8. After reviewing the additional questions / requirements / clarifications attached, would your organization like to adjust any of the supportive service activities that were proposed in your original application?**

The Program Coordinator position was designed to help administer the HOME-ARP grant and the programs funded by such. For clarity, we wish to amend the name of this position to Program Manager, with a job description that has been expanded to meet the requirements of the HOME-ARP program, discussed at the Community Development Board meeting in January. Similarly, given limitations on "reasonable and customary" compensation for positions created with HOME-ARP funding, we have adapted the Supportive Services Specialist to require licensure in the social work field. The term Specialist has also been replaced with Clinician, so the position title will now be Licensed Integrated Supportive Services Clinician. This position will remain 1.0 FTE with compensation remaining the same as well. However, the Program Manager

position has been adjusted to 0.75 FTE to reflect the increased capacity of the Diversion program, the extensive reporting requirements of HOME-ARP, the need to track clients beyond the initial service delivery date, and the potential need to onboard new HMIS users who receive HOME-ARP funding. We anticipate an increased need of up to \$20,000 to cover this cost over the course of two years, after reducing the initial salary expectations slightly to what is reasonable and customary for the position.

## United Way

- The City is unable to pay staff for time spent on community organizing (Program Coordinator position) and can only pay for staff time related to carrying out HOME-ARP support services for each identified and qualified beneficiary / household.

Please see revised job descriptions and additional questions for further clarification on the intent of this role.

- The job descriptions appear incomplete and do not include position requirements related to education, experience, etc. **Please update and submit.**

We have included updated job descriptions for both the Licensed Integrated Supportive Services Clinician and Program Manager positions.

- **Please describe how the Continuum of Care is related to the United Way on the organizational chart.**

The CoC is one of the coalitions that United Way supports, so the CoC falls into the coalitions category on the UWYC organizational chart. This means that the CoC broadly falls under Dean Wells, Director of Operations, HR & Community Impact, and specifically under Community Impact Assistant Elizabeth Chappell. The organizational chart for the CoC is also attached for additional information on the governance and staffing structures of the coalition itself.

- **Is there a written agreement between the United Way and the Continuum of Care outlining essential duties and responsibilities? If so, please provide.**

Attached is a document outlining the UWYC's commitment to the CoC.

**RECOMMENDATION**

Staff recommends that City Council accept the Perpetual Right-of-Way Easements from TREH Commercial.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

The annexation of the Torgerson property, located at 3508 South Frontage Road, along with the development agreement was approved at the 7/12/21 City Council meeting. The development agreement required the developer to grant the City a 20-foot wide easement along the western portion of the property and a 30-foot wide easement along the southern portion of the property for a future multi-use trail. City Council approved a 30-foot wide easement along the southern portion at the 11/27/23 City Council meeting. After reviewing the language in the easement, the Torgerson family became hesitant to sign the easement and requested that the City add more indemnification language in it. For example, indemnity includes maintenance and repair of the trail, non-motorized vehicles, except for maintenance purposes, and indemnity from user injuries. Torgerson desires to grant an easement and still desires to meet the conditions of the development agreement. After more discussions, Public Works presented, with assistance from the City Attorney's office, easement language that is similar to a recent trail easement approved for the Rose Park Trail with School District #2, which added indemnification language to the Grantor. Due to potential movement of the river bank, the southern easement has been set back from the river bank to be constructed at least 20 feet from the river bank. The easement has language that allows the easement to be re-located in the future if the river bank is armored in the future. Attached is a new easement that includes the required 30-foot easement along the southern boundary and a 20-foot wide easement along the western portion of the property.

**ALTERNATIVES**

City Council may:

- Approve the perpetual right-of-way easements; or,
- Not approve the perpetual right-of-way easements. If not approved, the trail cannot be constructed along the Yellowstone River in this area or along the western property line of the Torgerson Property.

**FISCAL EFFECTS**

There is no significant financial impact to the City with acceptance of the perpetual right-of-way easements. The City would be responsible to construct the multi-use trail in the future.

## PERPETUAL RIGHT-OF-WAY EASEMENT

**THIS INDENTURE**, made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2024 (the “Trail Easement”), by and between the following:

TREH Commercial  
4701 River Drive North  
Great Falls, MT 59405,  
hereinafter referred to as **GRANTOR**

and

**CITY OF BILLINGS**, a Municipal Corporation  
City Hall – 210 North 27th Street  
PO Box 1178  
Billings, Montana 59103-1178,  
hereinafter referred to as **GRANTEE**

**FOR VALUABLE CONSIDERATION**, the receipt of which is hereby acknowledged;

**WITNESSETH THAT GRANTOR**, subject to the terms and conditions set forth herein below, does hereby grant, sell, and convey unto **GRANTEE** a perpetual, non-exclusive easement and public right-of-way to locate, construct, reconstruct, maintain, use, operate, and repair a public multi-use trail, together with the right to trim, cut, fell, and remove all trees, underbrush, obstructions, and other vegetation, structures, or obstacles within the limits of the Trail Easements as more particularly described below under the section titled Trail Easements (the “Easement Area”), in, over, across, under, and through the real property more particularly described as follows (the “Burdened Premises”):

### SOUTHERN EASEMENT LAND DESCRIPTION (Exhibit A)

**A 30-foot wide public multi-use trail easement lying 15-feet on each side of the following described centerline beginning at a point located on the west boundary of Tract 1A of Certificate of Survey No. 1596, said point being located N0° 49' 59"W a distance of 18.93 feet from the found Witness Corner; thence N70° 12' 50"W a distance of 333.29 feet; thence N77° 38' 15"W a distance of 482.76 feet; thence N51° 31' 18"W a distance of 232.49 feet; thence N31° 40' 17"W a distance of 70.02 feet to a point on the eastern easement boundary for Washington Street.**

**Sidelines of above-described easement shall be shortened or extended to intersect with the east easement boundary for Washington Street (County Road Petition #58) and the western boundary of Tract 1A of Certificate of Survey No. 1596.**

### WESTERN EASEMENT LAND DESCRIPTION (Exhibit B)

**Commencing at the southeast corner of Lot 1, Block 1 of Big Iron Subdivision (Doc. No. 4001722); thence S31° 32' 41"E a distance of 115.98 to a point on the eastern boundary of Road Petition #58, said point also being the Point of Beginning; thence N45° 00' 00"E a distance of 28.09 feet; thence N00° 23' 25"W a distance of 240.46 feet; thence N83° 26' 31"E a distance of 27.54 feet; thence N00° 00' 00"E a distance of 23.07 feet to a point on the southern boundary of the right-of-way for the South Frontage Road, said point being the Point of Terminus.**

**Said easement contains an area of 6,086 square feet, more or less.**

**TO HAVE AND TO HOLD** unto **GRANTEE** and to its successors and assigns forever.

Grantors and their successors agree not to construct, nor cause to be constructed, within the easement right-of-way, any type of building or structure, such as, but not limited to, houses, garages, sheds, kennels, fences, nor any other fixed objects of any kind, shape or form, except as many be licensed by Grantee.

Grantors agree not to plant, nor cause to be planted within the easement right-of-way, any trees, bushes, shrubs, hedges nor any other plantings of a similar nature, except as may be licensed by Grantee. Grantors agree that authorized representatives of the City of Billings can freely travel within the easement right-of-way with their equipment in the performance of their duties at any time, day or night, regardless of outside weather conditions.

HOLD HARMLESS AGREEMENT:

- Grantors agree that the owner or owners of the above described property shall at all times fully relieve and save harmless the City of Billings and its authorized representatives for any and all damages of property that may be caused within said easement right-of-way, such as, but not limited to, ruts or deep tracks in lawns, gardens, or flower beds, broken or crushed shrubs, bushes, hedges, trees or any other type of plantings; crushed, cracked split or otherwise damaged, irrigation piping and appurtenances; and, any other damage to any other type of object, material or equipment located within the easement right-of-way which cannot, with a minimum of human effort and within a few minutes time period, be removed from easement right-of-way by authorized representatives of the City of Billings in exercise of any of their rights under this easement right-of-way.
- Grantors agree the owners of the above-described real property shall reimburse the City of Billings for any and all damage claims paid by the City for damages of any type or nature to any and all persons and entities in the event such damage results from or was caused to happen by such owner's failure to comply with any portion of the rights, restrictions, obligations or responsibilities contained in this agreement.

The restrictions, Covenants and Hold Harmless Agreements herein contained shall attach to and run with the land and shall bind the parties hereto and all persons claiming thereunder.

Condition of the Easement Areas. **Grantee** has inspected the Easement Areas and accepts it in “As-Is” condition. **Grantor** makes no representations or warranties whatsoever or otherwise with respect to the physical condition of the Easement Areas or the suitability of the Easement Areas for **Grantee’s** purpose and use. The Trail Easements are subject to all existing contracts, leases, easements, encumbrances, and claims which may affect the Easement Areas (whether or not of record) and nothing in the grant and conveyance of the Trail Easements shall be construed as a covenant against the existence of any such matters.

Use and Maintenance of the Easement Areas. **Grantee** shall:

- A. diligently pursue to completion any work it commences within the Easement Areas and shall maintain the portion of the Easement Areas where such work is being performed in a safe, debris-free condition;
- B. at **Grantee’s** sole cost and expense inspect, repair, and maintain the Easement Areas and any improvements constructed or installed thereon by **Grantee** or associated with **Grantee’s** use of the Easement Areas;
- C. promptly pay and discharge all liens arising out of any inspection, construction, repair, replacement, and maintenance done, suffered, or permitted to be done by **Grantee** on the Burdened Premises. **Grantor** is hereby authorized to post any notices or take any other action upon or with respect to the Burdened Premises that is or may be permitted by law to prevent the attachment of any such liens to any portion of the Burdened Premises; provided, however, that failure of **Grantor** to take any such action shall not relieve **Grantee** of any obligation or liability for the Trail Easements;
- D. not materially interfere with the use by, and operation and activities of, **Grantor** on the Burdened Premises, and **Grantee** shall use such routes and follow such procedures on **Grantor’s** property so as to result in the least damage and inconvenience to **Grantor’s** use and operation of and activities on the Burdened Premises;
- E. at **Grantee’s** sole cost and expense repair any damage to any improvements on the Burdened Premises now existing or hereafter installed by **Grantor**, its successor owners, or any other parties having rights over **Grantor’s** Property, to the extent such damage is caused by or attributable to (i) any construction, maintenance, repair, replacement, or any other work in connection with the Trail Easements, (ii) any other acts or omissions of **Grantee** or any of its contractors, agents, consultants, representatives, officers, employees, contractors, invitees, guests, or licensees (collectively, the “Grantee Parties”), or (iii) any exercise of the rights granted herein. **Grantee** shall promptly repair and restore, at its sole cost and expense, to its previously existing or better condition, any of **Grantor’s** property (including, but not limited to, buildings, structures, playgrounds, pavement or hardtop areas, ball fields, and utilities) that may be altered, damaged, or destroyed in connection with **Grantee’s** or any Grantee Parties’ exercise and use of the Trail Easements and the Easement Areas;
- F. not voluntarily or by operation of law assign, transfer, license, or otherwise transfer all or any part of its rights, duties, or interests in the Trail Easements without **Grantor’s** prior written consent, which may be granted or withheld in **Grantor’s** sole discretion. Any attempt to make an assignment in violation of this provision shall be null and void.
- G. Grantee shall restrict motorized vehicles on the trail. Only motorized vehicles necessary for maintenance activities will be allowed on the trail.
- H. If the river bank is armored in the future and approved by a Professional Engineer and City Engineering, Grantor may request that southern easement be located closer to the river bank.

Indemnity. **Grantee** shall indemnify, defend, and hold **Grantor** and its trustees, auxiliaries, affiliates, officers, directors, employees, representatives, agents, invitees, and volunteers (collectively, the “Indemnified Parties”) harmless from and against any and all losses, liabilities, damages, claims, demands, obligations, causes of action, proceedings, awards, fines, judgments, penalties, or costs and expenses (including attorneys’ fees and costs) incurred or suffered by the Indemnified Parties (collectively, “Indemnified Claims”) caused or claimed to be by, on account of, or arising directly or indirectly from or out of (i) the exercise of the Trail Easements or use or occupancy of the Easement Areas by **Grantee** or any Grantee Parties; (ii) any breach by **Grantee** or any Grantee Parties of any of the terms, conditions, or provisions of the Trail Easements; (iii) any acts, errors, omissions, negligence, or willful misconduct of **Grantee** or any Grantee Parties with respect to the Trail Easements; or (iv) the injury or death of any person, or injury to property, of any kind wherever located and by whomever owned (including without limitation the Burdened Premises), which injury or death arises out of or is attributable to the exercise of the Trail Easements or use or occupancy of the Easement Area by **Grantee** or any of the Grantee Parties. This indemnification shall not apply to the extent that the Indemnified Claims are solely and directly caused by the gross negligence or willful misconduct of any Indemnified Party.

Assumption of Risk. **Grantee** agrees to assume all risk of loss by fire, flood, earthquake, theft, accident, or casualty of any kind, which might affect the Easement Areas, any improvements constructed or installed thereon by **Grantee**, **Grantee’s** use of the Trail Easements, or exercise of the rights granted herein. **Grantee** waives all claims against **Grantor** and each of the Indemnified Parties for loss or

## PERPETUAL RIGHT-OF-WAY EASEMENT

FOR A VALUABLE CONSIDERATION, receipt of which is hereby acknowledged on this \_\_\_ day of \_\_\_\_\_, 20\_\_, the undersigned,

Torgerson's Real Estate Holdings, LLC, of 4701 River Drive North, Great Falls, MT 59405, hereinafter called "Grantor", hereby grant and convey unto THE CITY OF BILLINGS, a municipal corporation and political subdivision of the State of Montana, of the address of City Hall, Billings, Montana 59101, hereinafter called "Grantee", a perpetual easement and right-of-way over, across, under and through the following described tracts of real property in Yellowstone County Montana (ATTACH drawing of property describing easement):

**A 30-foot wide public multi-use trail easement lying 15-feet on each side of the following described centerline beginning at a point located on the west boundary of Tract 1A of Certificate of Survey No. 1596, said point being located N0° 49' 59"W a distance of 18.93 feet from the found Witness Corner; thence N70° 12' 50"W a distance of 333.29 feet; thence N77° 38' 15"W a distance of 482.76 feet; thence N51° 31' 18"W a distance of 232.49 feet; thence N31° 40' 17"W a distance of 70.02 feet to a point on the eastern easement boundary for Washington Street.**

**Sidelines of above-described easement shall be shortened or extended to intersect with the east easement boundary for Washington Street (County Road Petition #58) and the western boundary of Tract 1A of Certificate of Survey No. 1596.**

This Perpetual easement to Grantee is for the purpose of constructing, reconstructing, maintaining, operating, servicing, repairing, using, and replacing a public multi-use trail, together with the right of free ingress and egress at all times for the purpose of constructing, reconstructing, maintaining, operating, servicing, repairing, using, and replacing said public multi-use trail.

Grantors shall continue to have the right to use and enjoy the above-described property, except as to the rights herein granted, subject to the following restrictions:

1. Grantors and their successors agree not to construct, nor cause to be constructed, within the easement right-of-way, any type of building or structure, such as, but not limited to, houses, garages, sheds, kennels, fences, nor any other fixed objects of any kind, shape or form, except as many be licensed by Grantee.
2. Grantors agree not to plant, nor cause to be planted within the easement right-of-way, any trees, bushes, shrubs, hedges nor any other plantings of a similar nature, except as may be licensed by Grantee. Grantors agree that authorized representatives of the City of Billings can freely travel within the easement right-of-way with their equipment in the performance of their duties at any time, day or night, regardless of outside weather conditions.

### 3. HOLD HARMLESS AGREEMENT:

- Grantors agree that the owner or owners of the above described property shall at all times fully relieve and save harmless the City of Billings and its authorized representatives for any and all damages of property that may be caused within said easement right-of-way, such as, but not limited to, ruts or deep tracks in lawns, gardens, or flower beds, broken or crushed shrubs, bushes, hedges, trees or any other type of plantings; crushed, cracked split or otherwise damaged, irrigation piping and appurtenances; and, any other damage to any other type of object, material or equipment located within the easement right-of-way which cannot, with a minimum of human effort and within a few minutes time period, be removed from easement right-of-way by authorized representatives of the City of Billings in exercise of any of their rights under this easement right-of-way.
- Grantors agree the owners of the above-described real property shall reimburse the City of Billings for any and all damage claims paid by the City for damages of

any type or nature to any and all persons and entities in the event such damage results from or was caused to happen by such owner's failure to comply with any portion of the rights, restrictions, obligations or responsibilities contained in this agreement.

4. The restrictions, Covenants and Hold Harmless Agreements herein contained shall attach to and run with the land and shall bind the parties hereto and all persons claiming thereunder.

5. If the river bank is armored in the future, and approved by a Professional Engineer and City Engineering, Grantor can request that easement be located closer to the river bank.

**RECOMMENDATION**

Staff recommends the City Council approve the final plat of Les Schwab Subdivision.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

On April 15, 2024, Graham Engineering, on behalf of SFP-E, LLC, applied for preliminary subsequent minor plat approval for Les Schwab Subdivision. The proposed subdivision creates 2 lots for development. The subject property is generally located at the northeast corner of the intersection of South Shiloh Road and Shiloh Crossing Boulevard. The property is zoned CMU2 - Corridor Mixed-Use 2. The proposed Lot 1 has the Les Schwab Tire Center on it and the proposed Lot 2 is currently vacant land.

**STAKEHOLDERS**

A public hearing is not scheduled for the City Council meeting; however nearby property owners may attend the City Council meeting. At this time, the Planning Division has received no public comments or questions regarding the proposed subdivision.

**ALTERNATIVES**

The City Council may approve or deny the final plat of Les Schwab Subdivision. If the City Council chooses to deny the final plat, the denial must be because the criteria in Section 76-3-611, MCA are not met.

The criteria are as follows:76-3-611. Review of final plat.

1. The governing body or the agent or agency designated by the governing body shall examine each final plat, and the governing body shall approve the plat only if:
  1. It conforms to the conditions of approval set forth on the preliminary plat and to the terms of this chapter and (local) regulations adopted pursuant to this chapter; and
  2. The county treasurer has certified that all real property taxes and special assessments assessed and levied on the land to be subdivided have been paid. Staff finds the final plat meets the criteria outlined in 76-3-611 above.

Staff finds the final plat is in compliance with the requirements of state statutes, conditions of approval and local regulations. City Council should approve the final plat.

**FISCAL EFFECTS**

The final plat of this subdivision will have no financial impact on the Planning Division.

**SUBDIVISION IMPROVEMENTS AGREEMENT  
& WAIVER OF RIGHT TO PROTEST FUTURE SPECIAL  
IMPROVEMENT DISTRICTS**

**Les Schwab Subdivision**

**This agreement** is made and entered into this \_\_\_\_ day of \_\_\_\_\_, 2024, by and between SFP-E, LLC (*Subdivider*), whose address for the purpose of this agreement is **1146 Shiloh Crossing Blvd, Billings, MT 59102**, hereinafter referred to as “Subdivider,” and the **CITY OF BILLINGS**, Billings, Montana, hereinafter referred to as “City.”

**WITNESSETH:**

**WHEREAS**, the plat of the Les Schwab Subdivision , located in Yellowstone County, Montana, was submitted to the Yellowstone County Board of Planning; and

**WHEREAS**, at a regular meeting conducted on \_\_\_\_ day of \_\_\_\_\_, 2024, the City Council conditionally approved a preliminary plat of the Les Schwab Subdivision; and

**THEREFORE, THE PARTIES TO THIS AGREEMENT**, for and in consideration of the mutual promises herein contained and for other good and valuable consideration, do hereby agree as follows:

**I. VARIANCES**

No variance is being requested

**II. PROPERTY CONDITIONS AND INFORMATION FOR LOT PURCHASERS**

**A.** Lot owners should be aware that this subdivision is being built in close proximity to prime deer and antelope habitat and it is likely that homeowners will experience problems with damage to landscaped shrubs, flowers, and gardens. The Montana Fish, Wildlife, and Parks Department does not provide damage assistance unless there is damage to commercial crops and/or a threat to public health and safety.

- C. Lot owners should be aware that soil characteristics within the area of this subdivision, as described in the 1972 Yellowstone County Soil Survey, indicate that there could be potential limitations for proposed construction on the lots, which may require a geotechnical survey prior to construction.
- D. There is attached hereto a Waiver waiving the right to protest the creation of the special improvement district or districts which by this reference is expressly incorporated herein and made as much a part hereof as though fully and completely set forth herein at this point. The Waiver will be filed with the plat, shall run with the land, and shall constitute the guarantee by the Subdivider and property owner or owners of the developments described herein. Said Waiver is effective upon filing and is not conditioned on the completion of the conditions set forth in this Agreement. The Subdivider and owner specifically agree that they are waiving valuable rights and do so voluntarily.
- E. Individual lot owners should be aware that Best Management Practices for stormwater control shall be required for new construction on lots. Best Management Practices are defined within Section 28-201, BMCC and detailed in the Billings Stormwater Management Manual.
- F. The lot owners acknowledge that this subdivision is within the Shiloh Crossing Property Owner's association. As such the lots created by this subdivision are subject to the existing conditions of the prior Subdivision Improvement Agreement, Declaration of Covenants and any subsequent amendments, and Reciprocal Easement Agreements and any subsequent amendments that the lot being subdivided is currently subject to.

### **III. TRANSPORTATION**

This section should include, but not be limited to the following:

#### **A. Streets**

- No street improvements are required as part of this subdivision.

#### **B. Sidewalks**

Five foot wide concrete sidewalks exist along South Shiloh Road and Shiloh Crossing Blvd. Lot 1 is currently developed with a pedestrian accessible pathway to these sidewalks. The development of Lot 2 will require a pedestrian connection to South Shiloh Road and Shiloh Crossing Blvd.

#### **C. Street Lighting**

Street lighting existing along South Shiloh Road and Shiloh Crossing Blvd. No additional street lighting is required for this subdivision.

#### **D. Traffic Control Devices**

No additional traffic control devices are required for this subdivision.

**E. Access**

Lot 1 and Lot 2 of the proposed subdivision shall be accessed from Shiloh Crossing Blvd at the existing 35' access to the lot being a shared access for both lots.

**F. Billings Area Bikeway and Trail Master Plan**

A 10' wide asphalt bike trail exists on the west side of South Shiloh Road. No additional connection to this bike trail is required for this subdivision.

**G. Public Transit**

The City of Billings MET transit has a public stop north of the proposed subdivision approximately 500' north of Lot 1. A pedestrian path of travel currently exists from the subdivision to this location.

**IV. EMERGENCY SERVICE**

Construction of buildings made of combustible materials shall have adequate fire apparatus access roads and water supply (fire hydrants) in place to allow for fire suppression requirements. Prior to the issuance of a building permit for construction using combustible materials (i.e. lumber, plywood, wood trusses, etc.), fire apparatus access roads and water supply requirements shall be provided in accordance with the International Fire Code as adopted by the City of Billings.

At a minimum, the following is required:

- An unobstructed gravel road or gravel road base must be within 150 feet of the furthest portion of a building under construction as measured along the approved route.
- The access roads are required to support fire apparatus vehicle loading (40 tons) during all weather conditions and shall be a minimum of twenty (20) feet wide.
- An operational fire hydrant shall be located within 600 feet of the furthest portion of a residence under construction or within 400 feet of the furthest portion of a commercial building under construction as measured along the access roads to the site.
- The above requirements do not alter or effect the current minimum subdivision requirements for fire apparatus access and water supply.
- An 8' wide sewer utility easement through Lot 1 to serve Lot 2 has been provided for sewer service to Lot 2.
- As part of the development of Lot 1, a new hydrant was installed to maintain minimum distances to the fire department connection. An existing fire hydrant on the south side of Lot 2 is available to serve Lot 2.

**V. STORM DRAINAGE**

All drainage improvements shall comply with the provisions set forth in Chapter 28, BMCC, and the Stormwater Management Manual in place at the time of

development. A complete stormwater management plan shall be submitted to the Engineering Division for review and approval at the time of development.

Existing stormwater service connection is provided for both lots as depicted on the Les Schwab Preliminary Plat. Stormwater management is provided by the Shiloh Crossing Subdivision. Any improvements are subject to the Shiloh Crossing Stormwater Management Reported dated January 11, 2008 (Drainage Report). The development of Lot 2 cannot exceed the allowable impervious area requirements of Lots 1 and 2 combined in accordance with the Drainage Report without providing additional stormwater detention.

## **VI. UTILITIES**

The Subdivision Improvements Agreement does not constitute an approval for extension of or connection to water mains and sanitary sewers. The property owner shall make application for extension/connection of water mains and sanitary sewers to the Public Works Department – Engineering Division. The extension/connection of/to water mains and sanitary sewers is subject to the approval of the applications and the conditions of approval. Applications shall be submitted for processing prior to the start of any construction and prior to review and approval of any project plans and specifications.

The Developer/Owner acknowledges that the subdivision shall be subject to the applicable System Development in effect at the time new water and/or sanitary sewer service connections are made.

The design/installation of sanitary sewers and appurtenances, and water mains and appurtenances (fire hydrants, etc) shall be in accordance with design standards, specifications, rules, regulations of and as approved by the City of Billings Public Works Department, Fire Department and the Montana Department of Environmental Quality.

### **A. Water**

Lot 1 has already been developed and has an existing water service connection that was added during its development. A new water service sufficient to meet the demand of the proposed development will be required for Lot 2 from Shiloh Crossing Blvd.

### **B. Sanitary Sewer**

Lot 1 has already been developed and has an existing sewer service connection. A new 6” sewer service will need to be constructed through Lot 1 for the development of Lot 2. An 8’ wide sewer easement for this service has been provided with the preliminary plat.

### **C. Power, Telephone, Gas, and Cable Television**

Lot 1 has already been developed and has existing power, telephone, gas and cable television service. Lot 2 will be supplied with available buried power

located along Shiloh Crossing Blvd. An existing transformer exists at the NE corner of Lot 2. An existing gas service riser at the NE corner of Lot 2 will be utilized for gas service. Telephone and cable television are available in the South Shiloh Crossing right-of-way immediately adjacent to the site.

**VII. PARKS/OPEN SPACE**

There is no parkland requirement for proposed the Les Schwab Subdivision, as this is a minor subdivision [MCA 76-3-621(3)(a)].

**VIII. IRRIGATION**

No irrigation facilities are on the property proposed to be subdivided.

**IX. SOILS/GEOTECHNICAL STUDY**

Lot 1 is a developed property, Lot 2 will require a geotechnical study prior to development and be subject to any restrictions associated with this study.

**X. PHASING OF IMPROVEMENTS**

No phasing is proposed for this subdivision.

**XI. FINANCIAL GUARANTEES**

Except as otherwise provided, Subdivider shall install and construct said required improvements with cash or by utilizing the mechanics of a private contract secured by letters of credit or a letter of commitment to lend funds from a commercial lender. All engineering and legal work in connection with such improvements shall be paid by the contracting parties pursuant to said private contract, and the improvements shall be installed as approved by the City Engineer and Utility Department Manager.

**XII. LEGAL PROVISIONS APPLYING TO SUBDIVIDER**

- A. This subdivision does not have any public improvements to be installed.
- B. The owners of the properties involved in this proposed Subdivision by signature subscribed herein below agree, consent, and shall be bound by the provisions of this Agreement.
- C. The covenants, agreements, and all statements in this Agreement run with the land and apply to and shall be binding on the heirs, personal representatives, successors, assigns and transferees of the respective parties.
- D. In the event it becomes necessary for either party to this Agreement to retain an attorney to enforce any of the terms or conditions of this Agreement or to

give any notice required herein, then the prevailing party or the party giving notice shall be entitled to reasonable attorney fees and costs.

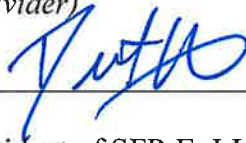

- E. Any amendments or modifications of this Agreement or any provisions herein shall be made in writing and executed in the same manner as this original document and shall after execution become a part of this Agreement.
- F. Subdivider shall comply with all applicable federal, state, and local statutes, ordinances, and administrative regulations during the performance and discharge of its obligations. Subdivider acknowledges and agrees that nothing contained herein shall relieve or exempt it from such compliance.

**IN WITNESS WHEREOF**, the parties hereto have set their hands and official seals on the date first above written.

Dear Applicant/Engineer:

On June 27, 2022, the Billings City Council conditionally approved the preliminary plat of Les Schwab Subdivision, subject to the following conditions of approval:

1. To minimize the effects on local service prior to final plat approval, the applicant will coordinate with the USPS to determine what type of deliver system is preferred and to locate and provide the correct amount of space for safely delivering the mail to the residents.
2. Minor changes may be made in the SIA and final documents, as requested by the Planning, Legal or Public Works Departments to clarify the documents and bring them into the standard acceptable format.
3. The final plat shall comply with all requirements of the City of Billings Subdivision Regulations, rules, regulations, policies, and resolutions of the City of Billings, and the laws and Administrative Rules of the State of Montana.

Should you have any questions please contact Hunter Kelly at (406) 247-8613 or by email at [kellyh@billingsmt.gov](mailto:kellyh@billingsmt.gov)

Sincerely,

## DECLARATION OF CROSS-ACCESS, STORMWATER & SIGN EASEMENTS

**THIS DECLARATION OF CROSS-ACCESS, SEWER & SIGN EASEMENTS** (this "Declaration") is made and entered as of this 18 day of July, 2024 (the "Effective Date"), by **SFP-E, LLC**, an Oregon limited liability company, as declarant ("Declarant").

### RECITALS:

**WHEREAS**, Declarant is the owner in fee of the land described as follows (the "Land"):

BEING LOT 4E-3, BLOCK 1 OF AMENDED PLAT OF LOTS 2A-4-A, 2A-5-A, 3A & 4E,  
BLOCK 1 SHILOH CROSSING SUBDIVISION

LOCATED IN THE NORTHWEST 1/4 OF SECTION 14, TOWNSHIP 1 SOUTH, RANGE 25  
EAST, P.M.M. CITY OF BILLINGS, YELLOWSTONE COUNTY, MONTANA

**WHEREAS**, Declarant intends to subdivide the Land into the following parcels (each, a "Lot" and collectively, the "Lots"):

"Lot 1":

The portion of the Land identified as Lot 1 on Plat of Les Schwab Subdivision.

"Lot 2":

The portion of the Land identified as Lot 2 on Plan of Les Schwab Subdivision.

**WHEREAS**, Declarant intends to subdivide, develop and operate the Parcels in conjunction with each other as integral parts of a mixed-use complex, and in order to effectuate the common use and operation thereof, Declarant desires to establish certain non-exclusive easements in, to, over, under, and across portions of the Parcels.

**NOW, THEREFORE**, Declarant, for itself and its successors and assigns, in consideration of the foregoing, and the covenants and declarations as hereafter set forth, **DECLARES** that the Parcels must be sold, transferred, conveyed, improved and developed subject to the following:

1. **Cross Access Easement.** Declarant grants to the owners of Lot 1 (and their guests, invitees, and licensees) ("Lot 1 Owner") and the owners of Lot 2 (and their guests, invitees, and licensees) ("Lot 2 Owner" and collectively with Lot 1 Owner, the "Lot Owners" and each, a "Lot Owner") a nonexclusive easement for ingress and egress over that portion of the Land identified on Exhibit A as the "New 35' Wide Shared Access Easement" strictly for the purpose of accessing their respective Lots (the

“Cross Access Easement”).

2. **Sewer Service Easement.** Declarant grants to Lot 2 Owner a nonexclusive easement for the maintenance and servicing of a sewer line within the area of Lot 1 identified on Exhibit B as the “New 8’ Wide Sewer Service Easement” (the “Sewer Service Easement”). Lot 2 Owner’s use of the Sewer Service Easement shall not interfere with the operation of Lot 1. Lot 2 Owner shall provide written notice to Lot 1 Owner at least 48 hours prior to any access upon the Sewer Service Easement. Lot 2 Owner shall be responsible for the maintenance and repair of the Sewer Service Easement.

3. **Sign Easement.** Declarant grants to Lot 1 Owner a permanent easement, appurtenant to the portion of Lot 2 identified on Exhibit C as the “New 8’ x 20’ Wide Sign Easement” for the construction, operation, maintenance, repair and replacement of the sign structure, and associated landscaping, if any (the “Sign Easement”), and installation, maintenance, repair, and replacement of any and all associated utilities, including the right to bring personnel and maintenance vehicles onto Lot 2 to service the Sign Easement, any improvements located thereon, and associated utilities. Nothing contained in this Declaration shall obligate Lot 1 Owner to construct the signage referenced herein or to reconstruct any signage in the event of destruction or casualty.

4. **Maintenance and Repairs.** Except as otherwise provided, each Lot Owner shall maintain its Lot and the easements located thereon at its own expense. For any easement located on both Lots, the Lot Owners shall share in the cost and expense of maintaining such easement. All maintenance, repair and improvements performed with respect to the easements granted herein shall be completed in a good and workmanlike manner. No Lot Owner shall obstruct any easement granted herein except only to the extent necessary for required maintenance and repairs, or otherwise alter any improvements within the easement areas. No Lot Owner shall interfere with the operation of any Lot in their use or access of any easement granted herein.

5. **Indemnification.** A party using the easement granted them herein is referred to as the “Indemnifying Party.” The party owning the land encumbered by such easement is the “Indemnified Party.” An Indemnifying Party hereby releases, indemnifies and holds the Indemnified Party and their successors and assigns harmless from any and all liability for injury to the Indemnified Party’s property, or any invitee, employee, licensee, contractor, customer, tenant, or contractor of such Indemnified Party which injury or damage shall result from, arise out of, or be attributable to any use of the applicable easement by the Indemnifying Party or any invitee, employee, licensee, contractor, customer, tenant, or contractor of such Indemnifying Party. This indemnification, release and hold harmless agreement includes any costs or attorneys’ fees incurred by an Indemnified Party in connection with any claims covered by this Section.

6. **Easements Appurtenant.** The easements granted herein are perpetual and appurtenant to the real properties described herein and shall run with the land. This agreement shall be binding upon and inure to the benefit of the parties hereto and their successors and assigns.

7. **Compliance with Laws.** All Lot Owners shall comply with all governmental rules and regulations that may now exist or may hereafter be adopted with respect to its use of an easement granted herein.

8. **Attorney's Fees, Venue.** If any suit or action is filed or commenced by any party to enforce this agreement or otherwise with respect to the subject matter of this agreement, the prevailing party shall be entitled to recover reasonable attorney fees incurred in preparation or in prosecution or defense of such suit, action or arbitration as fixed by the trial court or arbitrator(s), and if any appeal is taken from the decision of the trial court, reasonable attorney fees as fixed by the appellate court. Exclusive jurisdiction for any suit shall be in the circuit court in Yellowstone County, Montana.

IN WITNESS WHEREOF, the parties have set their hands to be effective as of the Effective Date.

**DECLARANT:**

**RECOMMENDATION**

Staff recommends City Council approve the bond resolution for WO 23-02: Missing Sidewalk Improvements and WO 22-21: Brewington Drive Improvements.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

On January 23, 2023, the Council approved the resolution ordering improvements identified in WO 23-02: Missing Sidewalk Improvements. City Council approved the resolution ordering improvements identified in the WO 22-21: Brewington Drive Improvements on February 27, 2023. The City has been working with Stockman Bank for the purchase of the bonds. Once the resolution has been approved, the closing will take place and the bond proceeds will be disbursed to the construction accounts.

**ALTERNATIVES**

There are no viable alternatives to funding this project, as the construction bids have been awarded, and the project has been budgeted with an anticipated bond sale. If not approved, staff would like clear direction as to what alternate financing sources are desired for this project.

**FISCAL EFFECTS**

The term on the bonds is 12 years with an interest rate of 4.75%. The property owners identified in the documents ordering the improvements will be assessed for principal and interest cost of the bonds on their property tax bills.

RESOLUTION NO. 24-\_\_\_\_\_

RESOLUTION RELATING TO \$545,000 POOLED SPECIAL  
SIDEWALK, CURB, GUTTER AND ALLEY APPROACH  
BONDS, SERIES 2024; FIXING THE FORM AND DETAILS  
AND PROVIDING FOR THE EXECUTION AND DELIVERY  
THEREOF AND SECURITY THEREFOR

BE IT RESOLVED by the City Council (the “Council”) of the City of Billings, Montana (the “City”), as follows:

Section 1. Recitals. It is hereby found, determined and declared as follows:

1.01. Prior Acts. This Council has duly and validly ordered in under Montana Code Annotated, Title 7, Chapter 14, Part 41, as amended and Title 7, Chapter 12, Parts 41 and 42, as amended (collectively, the “Act”), the installation, construction, reconstruction, or replacements of certain curbs, gutters, sidewalks, drive approaches, driveways, alley approaches and appurtenant improvements in certain locations in the City, which are designated as W.O. 22-21, Brewington Drive Improvements (the “Brewington Drive Improvements”) and W.O. 23-02, Missing Sidewalk Improvements (the “Missing Sidewalk Improvements”).

The City Council ordered in the Brewington Drive Improvements and the Missing Sidewalk Improvements pursuant to Resolution Nos. 23-11096 and 23-11105, adopted January 23, 2023 and February 27, 2023, respectively. The Brewington Drive Improvements and the Missing Sidewalk Improvements (collectively, the “Improvements”) are more specifically described on Exhibit A hereto.

In the resolutions ordering in the Brewington Drive Improvements and the Missing Sidewalk Improvements, this council authorized the issuance of pooled special sidewalk, curb, gutter and alley approach bonds of the City for the purpose of financing costs of the Improvements.

This Council hereby determines that it is in the best interests of the City to sell its Pooled Special Sidewalk, Curb, Gutter and Alley Approach Bonds, Series 2024 (the “Series 2024 Bonds”) at a private negotiated sale, subject to the limitations and conditions set forth in this Resolution. Stockman Bank (the “Purchaser”) has agreed to purchase the Series 2024 Bonds from the City at an aggregate purchase price of \$545,000 (representing the stated principal amount of the Series 2024 Bonds) upon the terms set forth in this Resolution. The interest rate for the Series 2024 Bonds is 4.75%.

In the resolutions ordering in the Brewington Drive Improvements and the Missing Sidewalk Improvements, this Council found that is in the public interest, and in the best interest of the City and the properties specifically benefitting from the Improvements, to secure payment of principal of and interest on the Series 2024 Bonds by the Special Improvement District Revolving Fund of the City (the “Revolving Fund”), on the basis of the factors required to be considered under Montana Code Annotated, Section 7-12-4225. Those findings are hereby ratified and confirmed.

1.02. Costs. It is currently estimated that the costs and expenses to be assessed against properties adjacent to the Improvements, including costs of preparation of plans, specifications, maps, profiles, engineering superintendence and inspection, preparation of assessment rolls, expenses of making the assessments, the cost of work and materials under the construction contract and all other costs and expenses, including costs of issuance of the Series 2024 Bonds and the deposit of proceeds in the Revolving Fund are as follows:

| Rounding                    | 1.73                                         | 1.74                                         |
| Total                       | <del>\$322,585.39</del>                      | <del>\$222,414.61</del>                      |

Such amount will be levied and assessed upon the assessable real property adjacent to the Improvements on the bases described in the resolutions referenced above. This Council has jurisdiction and is required by law to levy and assess such amounts, to collect such special assessments and credit the same to the 2024 Pooled Special Sidewalk, Curb, Gutter and Alley Approach Sinking Fund of the City (the “2024 Sidewalk Sinking Fund”) created for the Improvements.

1.03. Recitals. All acts, conditions and things required by the Constitution and laws of the State of Montana, including the Act, and the home rule charter of the City, in order to make the Series 2024 Bonds valid and binding special obligations in accordance with their terms and in accordance with the terms of this Resolution have been done, do exist, have happened and have been performed in regular and due form, time and manner as so required.

Section 2. The Series 2024 Bonds.

2.01. Principal Amount, Maturity, Denominations, Date, Interest Rate. For the purpose of paying the costs and expenses incurred in the construction of the Improvements, funding a deposit to the Revolving Fund and paying costs of issuance of the Series 2024 Bonds, and in anticipation of the collection of special assessments to be levied therefor, the City shall forthwith issue and deliver to the Purchaser the Series 2024 Bonds, denominated “Pooled Special Sidewalk, Curb, Gutter and Alley Approach Bonds, Series 2024” in the aggregate principal amount of \$545,000, payable solely from the 2024 Sidewalk Sinking Fund. The Series 2024 Bonds shall mature on July 1, 2036, unless earlier redeemed, and shall bear interest from the date

of original registration until paid or duly called for redemption at the rate of 4.75% per annum. Interest shall be calculated on the basis of a 360-day year composed of twelve 30-day months.

2.02. Interest Payment Dates. Interest on the Series 2024 Bonds shall be payable on each January 1 and July 1, commencing January 1, 2025, to the owner of record thereof as such appear on the bond register at the close of business on the fifteenth day of the immediately preceding month, whether or not such day is a business day. Upon the original delivery of the Series 2024 Bonds to the Purchaser and upon each subsequent transfer or exchange of a Series 2024 Bond pursuant to Section 2.04, the Registrar (as hereinafter defined) shall date the Series 2024 Bonds as of the date of its authentication.

2.03. Method of Payment. The Series 2024 Bonds shall be issued only in fully registered form. The interest on and, upon presentation and surrender thereof at the principal office of the Registrar, the principal of the Series 2024 Bonds shall be payable by check or draft drawn on the Registrar. Notwithstanding the foregoing, so long as a Series 2024 Bond is evidenced by a single, fully registered term bond, it shall not be necessary to present and surrender such Series 2024 Bond until the full redemption thereof pursuant to Section 2.05, but the Registrar shall note in the bond register such principal payment. The principal of and interest on the Series 2024 Bonds are payable in lawful money of the United States of America.

2.04. Registration. The City hereby appoints the City Finance Director, to act as bond registrar, transfer agent and paying agent for the Series 2024 Bonds (the “Registrar”). The City reserves the right to appoint a bank, trust company or fiscal company as successor bond registrar, transfer agent or paying agent, as authorized by the Model Public Obligations Registration Act of Montana (the “Registration Act”), but the City agrees to pay the reasonable and customary charges of the Registrar for the services performed. This Section 2.04 shall establish a system of registration for the Series 2024 Bonds as defined in the Registration Act. The effect of registration and the rights and duties of the City and the Registrar with respect thereto shall be as follows:

(a) Bond Register. The Registrar shall keep at its principal office a bond register in which the Registrar shall provide for the registration of ownership of the Series 2024 Bonds and the registration of transfers and exchanges of the Series 2024 Bonds.

(b) Transfer. The Series 2024 Bonds may be transferred in whole but not in part and only to (i) an affiliate of the Purchaser; (ii) a trust or other custodial arrangement established by the Purchaser or one of its affiliates, the owners of any beneficial interest in which are limited to qualified institutional buyers or accredited investors; or (iii) a person or entity that the Purchaser reasonably believes is qualified to purchase the Series 2024 Bonds. Upon surrender to the Registrar for transfer of any Series 2024 Bond duly endorsed by the registered owner thereof or accompanied by a written instrument of transfer, in form satisfactory to the Registrar, duly executed by the registered owner thereof or by an attorney duly authorized by the registered owner in writing and guaranteed by an “eligible guarantor institution” meeting the requirements of the Registrar, the Registrar shall authenticate and deliver, in the name of the designated transferee or transferees, a new Series 2024 Bond of a like aggregate principal amount and maturity, as requested by the transferor. The Registrar may, however, close the books for registration of any transfer of the Series 2024 Bonds or any portion thereof selected or called for redemption.

(c) Exchange. Whenever any Series 2024 Bond is surrendered by the registered owner for exchange, the Registrar shall authenticate and deliver a new Series 2024 Bond of a like aggregate principal amount, interest rate and maturity, as requested by the registered owner or the owner's attorney duly authorized in writing.

(d) Cancellation. Any Series 2024 Bond surrendered upon any transfer or exchange shall be promptly canceled by the Registrar and thereafter disposed of as directed by the City.

(e) Improper or Unauthorized Transfer. When any Series 2024 Bond is presented to the Registrar for transfer, the Registrar may refuse to transfer the same until it is satisfied that the endorsement on such Series 2024 Bond or separate instrument of transfer is valid and genuine and that the requested transfer is legally authorized. The Registrar shall incur no liability for the refusal, in good faith, to make transfers which it, in its judgment, deems improper or unauthorized.

(f) Persons Deemed Owner. The City and the Registrar may treat the person in whose name any Series 2024 Bond is at any time registered on the bond register as the absolute owner of such Series 2024 Bond, whether such Series 2024 Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and interest on such Series 2024 Bond and for all other purposes, and all such payments so made to any such registered owner or upon the owner's order shall be valid and effectual to satisfy and discharge the liability of the City upon such Series 2024 Bond to the extent of the sum or sums so paid.

(g) Taxes, Fees and Charges. For every transfer of a Series 2024 Bond or exchange of a Series 2024 Bond (except for an exchange upon the partial redemption of a Series 2024 Bond), the Registrar may impose a charge upon the owner thereof sufficient to reimburse the Registrar for any tax, fee or other governmental charge required to be paid with respect to such transfer or exchange.

(h) Mutilated, Lost, Stolen or Destroyed Series 2024 Bonds. In case any Series 2024 Bond shall become mutilated or be destroyed, stolen or lost, the Registrar shall deliver a new Series 2024 Bond of like amount, number, maturity date and tenor in exchange and substitution for and upon cancellation of any such mutilated Series 2024 Bond or in lieu of and in substitution for any such Series 2024 Bond destroyed, stolen or lost, upon the payment of the reasonable expenses and charges of the Registrar in connection therewith; and, in the case of a Series 2024 Bond destroyed, stolen or lost, upon filing with the Registrar of evidence satisfactory to it that such Series 2024 Bond was destroyed, stolen or lost, and of the ownership thereof, and upon furnishing to the Registrar an appropriate bond or indemnity in form, substance and amount satisfactory to it, in which both the City and the Registrar shall be named as obligees. Any Series 2024 Bond so surrendered to the Registrar shall be canceled by it and evidence of such cancellation shall be given to the City. If the mutilated, destroyed, stolen or lost Series 2024 Bond has already matured or such Series 2024 Bond has been called for redemption in accordance with its terms, it shall not be necessary to issue a new Series 2024 Bond prior to payment.

## 2.05. Redemption.

(a) Mandatory Redemption. If on any interest payment date there will be a balance in the 2024 Sidewalk Sinking Fund after payment of the principal and interest due on the Series 2024 Bonds drawn against it, either from the prepayment of assessments or from the transfer of surplus money from a Construction Subaccount to a Principal Subaccount as provided in Section 3.02, the City Finance Director shall call for redemption on the interest payment date the principal amount of the Series 2024 Bonds which, together with the interest thereon to the interest payment date, will equal the amount of such funds on deposit in the 2024 Sidewalk Sinking Fund on that date. The redemption price shall equal the principal amount of the Series 2024 Bonds to be redeemed plus interest accrued to the date of redemption. Such mandatory redemption payments shall reduce the Mandatory Sinking Fund Payments *pro rata* among all Series 2024 Bonds based upon the respective outstanding principal amounts, and with respect to each Series 2024 Bond shall be applied to Mandatory Sinking Fund Payments in inverse order of Sinking Fund Payment Dates.

(b) Optional Redemption. The Series 2024 Bonds are subject to redemption at any time, at the option of the City, in whole or in part, from sources of funds available therefor (other than those described in Section 2.05(a)), at a redemption price equal to the principal amount thereof to be redeemed plus interest accrued to the redemption date, without premium. Such optional redemption payments shall reduce the Mandatory Sinking Fund Payments *pro rata* among all Series 2024 Bonds based upon the respective outstanding principal amounts, and with respect to each Series 2024 Bond shall be applied to Mandatory Sinking Fund Payments in inverse order of Sinking Fund Payment Dates.

(c) Mandatory Sinking Fund Redemption. The Series 2024 Bonds are subject to redemption on January 1 and July 1 of the respective years (herein referred to as a “Sinking Fund Payment Date”) and in the principal amounts (hereinafter referred to as a “Mandatory Sinking Fund Payment”) set forth below:

\*Final maturity.

(d) Notice and Effect of Redemption. The date of redemption and the principal amount of the Series 2024 Bonds to be redeemed shall be fixed by the City Finance Director, who shall

give notice thereof to the Registrar 45 days prior to the date set for redemption in order for the Registrar to give notice, by first class mail, postage prepaid, to the owners of the Series 2024 Bonds at their addresses appearing on the bond register, of the respective principal amounts of the Series 2024 Bonds to be redeemed and the date on which payment will be made, which date shall be not less than 30 days after the date of mailing notice. On the date so fixed, interest on the principal amounts of the Series 2024 Bonds so redeemed shall cease to accrue.

2.06. Form. The Series 2024 Bonds shall be prepared in substantially the form set forth in Exhibit B hereto, and by this reference made a part hereof, with such modifications as are permitted by the Act.

2.07. Execution, Registration and Delivery. The Series 2024 Bonds shall be prepared under the direction of the City Finance Director and shall be executed on behalf of the City by the signatures of the Mayor, the City Finance Director and the City Clerk and sealed with the official seal of the City; provided that the seal and all signatures may be printed, engraved or lithographed facsimiles of the originals. In case any officer whose signature or a facsimile of whose signature shall appear on any Series 2024 Bond shall cease to be such officer before the delivery of such Series 2024 Bond, such signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery. Notwithstanding such execution, no Series 2024 Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Resolution unless and until a certificate of authentication on such Series 2024 Bond has been duly executed by the manual signature of an authorized representative of the Registrar. The certificate of authentication on a different Series 2024 Bond need not be signed by the same representative. The executed certificate of authentication on the Series 2024 Bonds shall be conclusive evidence that it has been authenticated and delivered under this Resolution. When the Series 2024 Bonds have been so executed, authenticated and registered, the Series 2024 Bonds shall be delivered by the Registrar to the Purchasers upon payment of the purchase price in accordance with the contract of sale heretofore made and executed.

2.08. Application of Proceeds. From the proceeds of the Series 2024 Bonds, the City Finance Director shall credit forthwith \$27,450 to the Revolving Fund, as required by Section 7-12-4169(2) of the Act, and the balance of such proceeds to the Construction Subaccount in the respective Project Account (as hereinafter defined), in proportion to the principal amount of the Series 2024 Bonds allocable to the Brewington Drive Improvements and the Missing Sidewalk Improvements as set forth in Section 1.02, to be used solely for the purposes described in Section 3.02.

### Section 3. 2024 Sidewalk Sinking Fund; Assessments.

3.01. 2024 Sidewalk Sinking Fund. There is hereby created and established the fund designated as the “2024 Sidewalk, Curb, Gutter and Alley Approach Sinking Fund” which shall be maintained by the City Finance Director on the books and records of the City separate and apart from all other funds of the City. Within the 2024 Sidewalk Sinking Fund there shall be maintained separate accounts for the Brewington Drive Improvements and the Missing Sidewalk Improvements (collectively, the “Project Accounts”). Within each Project Account there shall be maintained three separate subaccounts, designated as the “Construction Subaccount,” the “Principal Subaccount” and the “Interest Subaccount,” respectively.

3.02. Construction Subaccounts. There shall be credited to the Construction Subaccount in the respective Project Account the proceeds of the sale of the Series 2024 Bonds attributable to the respective Improvements remaining after the required deposits to the Revolving Fund. Any earnings on investment of money in a Construction Subaccount shall be retained therein. All costs and expenses of constructing the Improvements, including costs of issuance of the Series 2024 Bonds, shall be paid from time to time as incurred and allowed from the Construction Subaccount in the respective Project Account in accordance with the provisions of applicable law, and money in a Construction Subaccount shall be used for no other purpose; provided that upon completion of the Improvements and after all claims and expenses with respect to the Improvements have been fully paid and satisfied, any money remaining in a Construction Subaccount shall be transferred to the Principal Subaccount in the applicable Project Account and used to redeem the principal amount of the Series 2024 Bonds as provided in Section 3.03.

3.03. Principal Subaccounts and Interest Subaccounts. Money in the Principal Subaccounts and the Interest Subaccounts shall be used only for payment of the principal of and interest on the Series 2024 Bonds as such payments become due or to redeem all or a portion of the principal amount of the Series 2024 Bonds.

Upon collection of the installment of principal and interest due on November 30 and May 31 of each year on the special assessments to be levied with respect to the Improvements, the City Finance Director shall credit to the Interest Subaccount in the respective Project Account so much of said special assessments as is collected as interest payment and the balance thereof to the Principal Subaccount in the respective Project Account. Any installment of any special assessment paid prior to its due date with interest accrued thereon to the next succeeding interest payment date shall be credited with respect to principal and interest payments in the same manner as other assessments are credited to the Project Accounts. All money in the Interest Subaccounts and the Principal Subaccounts shall be used first to pay interest then due, and any remaining money shall be used to pay principal then due and, if money is available, to redeem all or a portion of the principal amount of the Series 2024 Bonds in accordance with Section 2.05; provided that any money transferred to a Principal Subaccount from a Construction Subaccount pursuant to Section 3.02 shall be applied to redeem the Series 2024 Bonds to the extent possible on the next interest payment date for which notice of redemption has been properly given pursuant to Section 2.05(a). Interest shall be paid from the respective Interest Subaccount as accrued on the Series 2024 Bonds to the date of redemption, in accordance with the provisions of Section 7-12-4206 of the Act.

3.04. Loans From Revolving Fund. The Council shall annually or more often if necessary issue an order authorizing a loan or advance from the Revolving Fund to a Project Account in an amount sufficient to make good any deficiency then existing in the Interest Subaccount in such Project Account and issue an order authorizing a loan or advance from the Revolving Fund to a Project Accounts in an amount sufficient to make good any deficiency then existing in the Principal Subaccounts in such Project Account, in each case to the extent that money is available in the Revolving Fund. A deficiency shall be deemed to exist in the Principal Subaccount or Interest Subaccount in a Project Account if the money on deposit therein on any December 15 or June 15 (excluding amounts in the Principal Subaccount representing prepaid special assessments) is less than the amount necessary to pay the principal of the Series 2024 Bonds then due (other than upon mandatory or optional redemption pursuant to Section 2.05(a))

and (b) hereof), and interest payable on the Series 2024 Bonds, on the next succeeding interest payment date.

Pursuant to Ordinance No. 1096, the City has undertaken and agreed to provide funds for the Revolving Fund by annually levying such tax or making such loan from the general fund of the City, subject to the limitation that no such tax levy or loan may in any year cause the balance in the Revolving Fund to exceed five percent of the principal amount of the City's then outstanding special improvement and sidewalk, curb, gutter and alley approach bonds and warrants secured thereby and subject to the durational limitations specified in the Act. In the event that the balance on hand in the Revolving Fund fifteen days prior to any date when interest is due on special improvement and sidewalk, curb, gutter and alley approach bonds and warrants of the City is not sufficient to make good all deficiencies then existing in the funds for which the City covenants to make loans from the Revolving Fund, the balance on hand in the Revolving Fund shall be allocated to the funds in which such deficiencies then exist in proportion to the amounts of the deficiencies on the respective dates of receipt of such money, until all interest accrued on such special improvement and sidewalk, curb, gutter and alley approach bonds and warrants of the City has been paid and to the extent of amounts available in the Revolving Fund. On any date when all accrued interest on special improvement and sidewalk, curb, gutter and alley approach bonds and warrants of the City payable from funds for which the City has covenanted to make loans from the Revolving Fund has been paid, any balance remaining in the Revolving Fund shall be loaned or advanced to the funds for payment and redemption of bonds and warrants to the extent such funds are deficient for such purpose and, if money in the Revolving Fund is insufficient therefor, *pro rata* in an amount proportionate to the amount of such deficiency.

The City hereby determines, covenants and agrees to levy the property tax described in the immediately preceding paragraph to provide funds for the Revolving Fund so long as Series 2024 Bonds are outstanding to the extent required under the provisions of this Resolution and the Act, even though such property tax levy may, under applicable law or provisions of the home rule charter of the City, require that property tax levies of the City for other purposes be reduced correspondingly.

Section 4. Covenants. The City covenants and agrees with the owners from time to time of the Series 2024 Bonds that until the principal amount of the Series 2024 Bonds and interest thereon are fully paid:

4.01. Compliance with Resolution. The City will hold the 2024 Sidewalk Sinking Fund and the Revolving Fund as trust funds, separate and apart from all of its other funds, and the City, its officers and agents, will comply with all covenants and agreements contained in this Resolution. The provisions hereinabove made with respect to the 2024 Sidewalk Sinking Fund and the Revolving Fund are in accordance with the undertaking and agreement of the City made in connection with the sale of the Series 2024 Bonds as set forth in Section 1.01.

4.02. Construction of Improvements. The City will do all acts and things necessary to enforce the provisions of the construction contracts for the Improvements and to ensure the completion of the Improvements in accordance with the plans and specifications and within the time therein provided, and will pay all costs thereof promptly as incurred and allowed, out of the Construction Subaccount in the respective Project Account and within the amount of the

proceeds of the Series 2024 Bonds appropriated thereto, amounts contributed by the City therefor and prepayments by owners of property adjacent to the Improvements.

4.03. Levy of Assessments. The City will do all acts and things necessary for the final and valid levy of special assessments upon all assessable real property adjacent to the Improvements, in accordance with the Constitution and laws of the State of Montana and the Constitution of the United States, in an aggregate principal amount not less than the following amounts:

| <u>Improvement</u>            | <u>Principal Amount</u> |
|-------------------------------|-------------------------|
| Brewington Drive Improvements | \$322,585.39            |
| Missing Sidewalk Improvements | \$222,414.61            |
|                               | <hr/>                   |
|                               | \$545,000.00            |

Such special assessments shall be levied on the basis or bases prescribed in the Resolutions ordering the Improvements, and shall be payable in substantially equal semiannual installments of principal and interest over a period of 12 years, at an annual rate equal to the sum of: (i) the average annual interest rate borne by the Series 2024 Bonds, plus (ii) one-half of one percent (0.50%) per annum. The assessments to be levied will be payable on the 30th day of November in each of the years 2024 through 2035, and on the 31st day of May in the years 2025 through 2036, inclusive, if not theretofore paid, and shall become delinquent on such date unless paid in full. The first partial payment of each assessment shall include interest on the entire assessment from the date of original registration of the Series 2024 Bonds to January 1, 2025. The assessments shall constitute a lien upon and against the property against which they are made and levied, which lien may be extinguished only by payment of the assessment with all penalties, cost and interest as provided in Section 7-12-4191 of the Act. No tax deed issued with respect to any lot or parcel of land shall operate as payment of any installment of the assessment thereon which is payable after the execution of such deed, and any tax deed so issued shall convey title subject only to the lien of said future installments, as provided in Montana Code Annotated, Section 15-18-214.

4.04. Reassessment. If at any time and for whatever reason any special assessment or tax herein agreed to be levied is held invalid, the City and this Council, its officers and employees, will take all steps necessary to correct the same and to reassess and re-levy the same, including the ordering of work, with the same force and effect as if made at the time provided by law, ordinance or resolution relating thereto, and will reassess and re-levy the same with the same force and effect as an original levy thereof, as authorized in Section 7-12-4186 of the Act. Any special assessment, or reassessment or re-levy shall, so far as is practicable, be levied and collected as it would have been if the first levy had been enforced including the levy and collection of any interest accrued on the first levy.

If proceeds of the Series 2024 Bonds, including investment income thereon, are applied to the redemption of the Series 2024 Bonds, as provided in Sections 7-12-4205 and 7-12-4206 of the Act, or if refunding bonds are issued and the outstanding principal amount of the Series 2024 Bonds is decreased or increased, the City will reduce or increase, respectively, the assessments levied in the respective project area and then outstanding pro rata by the principal amount of such prepayment or the increment above or below the outstanding principal amount of the Series 2024 Bonds represented by the refunding bonds. The City and this Council, its officers and

employees will reassess and re-levy such assessments, with the same effect as an original levy, in such reduced or increased amounts in accordance with the provisions of Sections 7-12-4176 through 7-12-4178 of the Act.

4.05. Absence of Litigation. There is now no litigation pending or, to the best knowledge of the City, threatened questioning the validity or regularity of the ordering of the Improvements, the contracts for construction of the Improvements or the undertaking and agreement of the City to levy special assessments therefor and to make good any deficiency in the collection thereof through the levy of taxes for and the making of advances from the Revolving Fund, or the right and power of the City to issue the Series 2024 Bonds or in any manner questioning the existence of any condition precedent to the exercise of the City's powers in these matters. If any such litigation should be initiated or threatened, the City will forthwith notify in writing the Purchaser, and will furnish the Purchaser a copy of all documents, including pleadings, in connection with such litigation.

4.06. Waiver of Penalty and Interest. The City covenants not to waive the payment of penalty or interest on delinquent assessments levied for costs of the Improvements, unless the City determines, by resolution of the Council, that such waiver is in the best interest of the owners of the Series 2024 Bonds.

#### Section 5. Tax Matters.

5.01. Use of Improvements. The Improvements will be owned and operated by the City and available for use by members of the general public on a substantially equal basis. The City shall not enter into any lease, use or other agreement with any non-governmental person relating to the use of the Improvements or security for the payment of the Series 2024 Bonds which might cause the Series 2024 Bonds to be considered "private activity bonds" or "private loan bonds" within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the "Code").

5.02. General Covenant. The City covenants and agrees with the owners of the Series 2024 Bonds that it will not take or permit to be taken by any of its officers, employees or agents any action which would cause the interest on the Series 2024 Bonds to become includable in gross income for federal income tax purposes under the Code and applicable Treasury Regulations (the "Regulations"), and covenants to take any and all actions within its powers to ensure that the interest on the Series 2024 Bonds will not become includable in gross income for federal income tax purposes under the Code and the Regulations.

5.03. Arbitrage Certification. The Mayor, the City Finance Director and the City Clerk, being the officers of the City charged with the responsibility for issuing the Series 2024 Bonds pursuant to this Resolution, are authorized and directed to execute and deliver to the Purchaser a certificate in accordance with the provisions of Section 148 of the Code, and Section 1.148-2(b) of the Regulations, stating that on the basis of facts, estimates and circumstances in existence on the date of issue and delivery of the Series 2024 Bonds, it is reasonably expected that the proceeds of the Series 2024 Bonds will be used in a manner that would not cause the Series 2024 Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code and the Regulations.

5.04. Arbitrage Rebate. The City acknowledges that the Series 2024 Bonds are subject to the rebate requirements of Section 148(f) of the Code. The City covenants and agrees to retain such records, make such determinations, file such reports and documents and pay such amounts at such times as are required under said Section 148(f) and applicable Treasury Regulations to preserve the exclusion of interest on the Series 2024 Bonds from gross income for federal income tax purposes, unless the Series 2024 Bonds qualify for the exception from the rebate requirement under Section 148(f)(4)(B) of the Code and no “gross proceeds” of the Series 2024 Bonds (other than amounts constituting a “bona fide debt service fund”) arise during or after the expenditure of the original proceeds thereof. In furtherance of the foregoing, the Mayor, the City Finance Director and the City Clerk are hereby authorized and directed to execute a Rebate Certificate, substantially in the form to be prepared by Bond Counsel, and the City hereby covenants and agrees to observe and perform the covenants and agreements contained therein, unless amended or terminated in accordance with the provisions thereof.

5.05. Information Reporting. The City shall file with the Secretary of the Treasury, not later than November 15, 2024, a statement concerning the Series 2024 Bonds containing the information required by Section 149(e) of the Code.

Section 6. Authentication of Transcript. The officers of the City are hereby authorized and directed to furnish to the Purchaser and to Bond Counsel certified copies of all proceedings relating to the issuance of the Series 2024 Bonds and such other certificates and affidavits as may be required to show the right, power and authority of the City to issue the Series 2024 Bonds, and all statements contained in and shown by such instruments, including any heretofore furnished, shall constitute representations of the City as to the truth of the statements purported to be shown thereby.

Section 7. Defeasance.

7.01. General. When the liability of the City on the Series 2024 Bonds issued under and secured by this Resolution has been discharged as provided in this Section 7, all pledges, covenants and other rights granted by this Resolution to the owners of the Series 2024 Bonds shall cease.

7.02. Payment. The City may discharge its liability with reference to any Series 2024 Bond or installment of interest thereon which is due on any date by depositing with the Registrar on or before that date funds sufficient, or, if a City officer is the Registrar, mailing to the registered owner of the Series 2024 Bonds a check or draft in a sum sufficient and providing proceeds available, for the payment thereof in full; or if any Series 2024 Bond or installment of interest thereon shall not be paid when due, the City may nevertheless discharge its liability with reference thereto by depositing with the Registrar funds sufficient, or, if a City officer is the Registrar, by mailing to the registered owner thereof a check or draft in a sum sufficient and providing proceeds available, for the payment thereof in full with interest accrued to the date of such deposit or mailing.

7.03. Prepayment. The City may also discharge its obligations with respect to any Series 2024 Bond called for redemption on any date when it is prepayable in accordance with its terms, by on or before that date depositing with the Registrar funds sufficient, or, if a City officer is the Registrar, mailing to the registered owner of such Series 2024 Bonds a check or a draft in a sum sufficient and providing proceeds available, for the payment of the principal, interest and

redemption premium, if any, which are then due; provided that notice of such redemption has been duly given as provided herein or irrevocably provided for.

7.04. Escrow. The City may also at any time discharge its liability in its entirety with reference to the Series 2024 Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a bank qualified by law as an escrow agent for this purpose, cash or securities which are authorized by law to be so deposited, bearing interest payable at such times and at such rates and maturing on such dates as shall be required, without reinvestment, to provide funds sufficient to pay all principal and interest to become due on the Series 2024 Bonds on or before maturity or, if the Series 2024 Bonds has been duly called for redemption or notice of such redemption has been irrevocably provided for, on or before the designated redemption date.

7.05. Irrevocable Deposits. If an officer of the City is the Registrar, any deposit made under this Section 7 with the Registrar shall be irrevocable and held for the benefit of the owner of the Series 2024 Bonds in respect of which such deposits have been made.

#### Section 8. Repeals and Effective Date.

8.01. Repeal. All provisions of other resolutions and other actions and proceedings of the City and this Council that are in any way inconsistent with the terms and provisions of this Resolution are repealed, amended and rescinded to the full extent necessary to give full force and effect to the provisions of this Resolution.

8.02. Effective Date. This Resolution shall take effect immediately upon its passage and adoption by this Council.

PASSED AND ADOPTED by the City Council of the City of Billings, Montana, this 26th day of August, 2024.

## EXHIBIT A

### THE IMPROVEMENTS

#### **General Description**

The Series 2024 Bonds are being issued for the purpose of financing costs of installation, construction, reconstruction and/or replacements of certain curbs, gutters, sidewalks, drive approaches, and/or appurtenant features or a combination thereof in certain locations in the City heretofore ordered by this Council as the W.O. 22-21, Brewington Drive Improvements (the “Brewington Drive Improvements”) and W.O. 23-02, Missing Sidewalk Improvements (the “Missing Sidewalk Improvements” and, collectively, the “Improvements”), as further described below.

#### **Brewington Drive Improvements (W.O. 22-21)**

The Improvements described below constituting the Brewington Drive Improvements will be the reconstruction of the following streets in the Billings Heights: Brewington Drive (between Kyhl Land and Wicks Lane), Erb Circle (cul-de-sac), Lynch Circle (cul-de-sac), and Dayton Circle (cul-de-sac), including the removal and replacement of asphalt concrete pavement and portions of existing concrete driveways, the installation of new concrete curb and gutter, boulevard sidewalks and accessible ramps, concrete drive approaches and driveways, new storm sewer infrastructure, landscaping, street signs, and other miscellaneous construction, within the City of Billings.

#### **Missing Sidewalk Improvements (W.O. 23-02)**

The Improvements described below constituting the Missing Sidewalk Improvements will be the construction of approximately 33,000 square feet of sidewalk, accessibility ramps, curb and gutter, drive approaches, storm drain improvements, and other miscellaneous items on Alkali Creek Road, Virginia Lane, 21<sup>st</sup> Street West, Avenue C, and Parkview Drive, within the City of Billings.

PRINCIPAL AMOUNT: FIVE HUNDRED FORTY-FIVE THOUSAND DOLLARS AND  
NO/100

FOR VALUE RECEIVED, City of Billings, Montana (the "City"), will pay to the registered owner identified above, or registered assigns, on the maturity date specified above the principal amount specified above, solely from the revenues hereinafter specified, as authorized by Resolution No. 24-\_\_\_\_, adopted August 26, 2024 (the "Resolution"), all subject to the provisions hereinafter described relating to the redemption of this Bond, in whole or in part, before maturity. This Bond bears interest at the rate per annum specified above from the date of original issue specified above, or from such later date to which interest hereon has been paid or duly provided for, until the maturity date specified above or an earlier date on which this Bond shall have been duly called for redemption by the City Finance Director. Interest on this Bond is payable semiannually on the 1st day of January and the 1st day of July in each year, commencing January 1, 2025, to the owner of record of this Bond appearing as such in the bond register as of the close of business on the fifteenth day (whether or not a business day) of the immediately preceding month. Interest on and, upon presentation and surrender hereof at the principal office of the Registrar, the principal of this Bond, shall be payable by check or draft drawn on the Registrar. Notwithstanding the foregoing, so long as this Bond is evidenced by a single, fully registered term Bond, it shall not be necessary to present and surrender this Bond until the full redemption hereof pursuant to the Resolution, but the Registrar shall note in the bond register such principal payment. The principal of and interest on this Bond are payable in lawful money of the United States of America. Interest on this Bond shall be calculated on the basis of a 360-day year composed of twelve 30-day months. The City Finance Director shall initially serve as Registrar for this Bond.

Terms used in this Bond with initial capital letters and not defined herein have the meanings given them in the Resolution.

This Bond is one of an issue in the aggregate principal amount of \$545,000 (the “Series 2024 Bonds”), all of like date of original issue and tenor, except as to serial number, denomination, date, maturity date and redemption rights. The Series 2024 Bonds are issued pursuant to and in full conformity with the Constitution and laws of the State of Montana thereunto enabling, including Montana Code Annotated, Title 7, Chapter 14, Part 41 and Title 7, Chapter 12, Parts 41 and 42, as amended (the “Act”), and ordinances and resolutions duly adopted by the governing body of the City, including the Resolution, for the purpose of financing costs of installation, construction, reconstruction or replacements of certain curbs, gutters, sidewalks, drive approaches, driveways, alley approaches and appurtenant improvements in certain locations in the City (the “Improvements”), to fund a deposit to the Special Improvement District Revolving Fund (the “Revolving Fund”) and to pay costs of issuance of the Bonds.

The Series 2024 Bonds are payable from the collection of a special tax or assessment levied upon all assessable real property adjacent to the Improvements, in an aggregate principal amount not less than \$545,000 (\$322,585.39 for the Brewington Drive Improvements and \$222,414.61 for the Missing Sidewalk Improvements, except as such amounts may be reduced or increased in accordance with provisions of Montana law. Such assessments constitute a lien against the property against which they are made and levied and are to be deposited into the 2024 Special Sidewalk, Curb, Gutter and Alley Approach Sinking Fund of the City (the “2024 Sidewalk Sinking Fund”). The Series 2024 Bonds are not general obligations of the City.

The City has validly established the Revolving Fund to secure the payment of certain of its special improvement and sidewalk, curb, gutter and alley approach bonds and warrants, including the Series 2024 Bonds. The City has also agreed, to the extent permitted by the Act, to issue orders annually, or more often as necessary, authorizing loans or advances from the Revolving Fund to the 2024 Sidewalk Sinking Fund, in amounts sufficient to make good any deficiency in the 2024 Sidewalk Sinking Fund to pay principal of or interest on the Series 2024 Bonds, to the extent money is available in the Revolving Fund, and to provide funds for the Revolving Fund by annually levying such tax or making such loan from its general fund, subject to the limitation that no such tax levy or loan may in any year cause the balance in the Revolving Fund to exceed five percent of the principal amount of the City’s then outstanding special improvement and sidewalk, curb, gutter and alley approach bonds and warrants secured thereby and subject to the durational limitations specified in the Act. While any property tax levy to be made by the City to provide funds for the Revolving Fund is subject to levy limits under current law, the City has agreed in the Resolution to levy property taxes to provide funds for the Revolving Fund to the extent described in this paragraph and, if necessary, to reduce other property tax levies correspondingly to meet applicable levy limits.

If on any interest payment date there will be a balance in the 2024 Sidewalk Sinking Fund after payment of the principal and interest due on the Series 2024 Bonds drawn against it, either from the prepayment of assessments or from the transfer of surplus money from a Construction Subaccount to a Principal Subaccount as provided in Section 3.02, the City Finance Director shall call for redemption on the interest payment date the principal amount of the Series 2024 Bonds which, together with the interest thereon to the interest payment date, will equal the amount of such

funds on deposit in the 2024 Sidewalk Sinking Fund on that date. The redemption price shall equal the principal amount of the Series 2024 Bonds to be redeemed plus interest accrued to the date of redemption. Such mandatory redemption payments shall reduce the Mandatory Sinking Fund Payments *pro rata* among all Series 2024 Bonds based upon the respective outstanding principal amounts, and with respect to each Series 2024 Bond shall be applied to Mandatory Sinking Fund Payments in inverse order of Sinking Fund Payment Dates.

The Series 2024 Bonds are subject to redemption at any time, at the option of the City, in whole or in part, from sources of funds available therefor (other than those described in Section 2.05(a)), at a redemption price equal to the principal amount thereof to be redeemed plus interest accrued to the redemption date, without premium. Such optional redemption payments shall reduce the Mandatory Sinking Fund Payments *pro rata* among all Series 2024 Bonds based upon the respective outstanding principal amounts, and with respect to each Series 2024 Bond shall be applied to Mandatory Sinking Fund Payments in inverse order of Sinking Fund Payment Dates.

The Series 2024 Bonds are subject to redemption on January 1 and July 1 of the respective years (herein referred to as a “Sinking Fund Payment Date”) and in the principal amounts (hereinafter referred to as a “Mandatory Sinking Fund Payment”) set forth below:

\*Final maturity.

As provided in the Resolution and subject to certain limitations set forth therein, this Bond is transferable upon the books of the City at the principal office of the Registrar, by the registered owner hereof in person or by his attorney duly authorized in writing upon surrender hereof together with a written instrument of transfer satisfactory to the Registrar, duly executed by the registered owner or his attorney. Upon such transfer or exchange, the City will cause a new Bond to be issued in the name of the transferee or registered owner, of the same aggregate principal amount, bearing interest at the same rate and maturing on the same date, subject to reimbursement for any tax, fee or governmental charge required to be paid with respect to such transfer or exchange.

The City and the Registrar may deem and treat the person in whose name this Bond is registered as the absolute owner hereof, whether this Bond is overdue or not, for the purpose of receiving payment and for all other purposes, and neither the City nor the Registrar shall be affected by any notice to the contrary.

IT IS HEREBY CERTIFIED, RECITED, COVENANTED AND AGREED that all things required to be done precedent to the issuance of this Bond have been properly done, happened and been performed in the manner prescribed by the laws of the State of Montana and the resolutions and ordinances of the City of Billings, Montana, relating to the issuance hereof.

This Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Resolution until the Certificate of Authentication hereon shall have been executed by the Registrar by the manual signature of one of its authorized representatives.

IN WITNESS WHEREOF, the City of Billings, Montana, by its City Council, has caused this Bond to be executed by the facsimile signatures of the Mayor, the City Finance Director and the City Clerk, and by a printed facsimile of the official seal of the City.

**RECOMMENDATION**

Staff recommends City Council approve the bond resolution for Special Improvement Districts (SIDs) 1421, 1422, 1425, 1426, and 1427.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

The Council approved the resolution creating SID 1421 to construct water, sanitary sewer, storm drain, curb and gutter, and street improvements to Opal Lane, Greenbriar Road, and Cypress Point. SID 1422 was requested by property owners along Montana Avenue between 27th Street and 22nd Street to replace the existing streetlights within this corridor to high-pressure sodium lights to more efficient LED lights. SID 1425 will construct a traffic signal at the intersection of Broso Park Drive and Gabel Road and this project is also widening about 800-feet of the west side of Gabel Road south of Broso Valley Park Drive to add a travel lane. SID 1426 will construct the remainder of curb and gutter, asphalt pavement, and remove and replace some existing curb and gutter and/or drive approaches to improve drainage on Arvin Lane. The project will also install a new 8-inch water main, replacing the existing 2-inch water main currently serving the neighborhood. At the request of a property owner on Hancock Drive, SID 1427 was created to construct improvements along Hancock Drive. The project will construct the remainder of curb and gutter, asphalt pavement, and drive approaches, and assess the costs of the improvements to the adjacent addressed and non-addressed property owners requesting certain private improvements.

The City has been working with Stockman Bank for the purchase of the bonds. Once the resolution has been approved, the closing will take place and the bond proceeds will be disbursed to the construction accounts.

**ALTERNATIVES**

There are no viable alternatives to funding this project, as the construction bids have been awarded, and the project has been budgeted with an anticipated bond sale. If not approved, staff would like clear direction as to what alternate financing sources are desired for this project.

**FISCAL EFFECTS**

The term on the bonds is 15 years with an interest rate of 4.75%. The property owners identified in the documents ordering the improvements will be assessed for principal and interest cost of the bonds on their property tax bills.

RESOLUTION NO. 24-\_\_\_\_\_

RESOLUTION RELATING TO \$654,700 POOLED SPECIAL  
IMPROVEMENT DISTRICT BONDS (SPECIAL  
IMPROVEMENT DISTRICT NOS. 1421, 1425, 1426, 1427,  
AND 331), SERIES 2024; FIXING THE FORM AND DETAILS  
AND PROVIDING FOR THE EXECUTION AND DELIVERY  
THEREOF AND SECURITY THEREFOR

BE IT RESOLVED by the City Council (the “Council”) of the City of Billings, Montana (the “City”), as follows:

Section 1. Recitals. It is hereby found, determined and declared as follows:

1.01. Resolutions of Intention. By Resolution No. 22-11087, duly adopted by the Council on December 12, 2022, Resolution No. 24-11188, duly adopted by the Council on March 25, 2024, Resolution No. 24-11180, duly adopted by the Council on January 22, 2024, Resolution No. 24-11187, duly adopted by the Council on January 22, 2024, and Resolution No. 23-11117, duly adopted by the Council on May 22, 2023 (each, a “Resolution of Intention” and, collectively, the “Resolutions of Intention”), this Council declared its intention to create Special Improvement District No. 1421 (“SID No. 1421”), Special Improvement District No. 1425 (“SID No. 1425”), Special Improvement District No. 1426 (“SID No. 1426”), Special Improvement District No. 1427 (“SID No. 1427”), and Special Improvement Lighting District No. 331 (“SID No. 331”), respectively (each, a “District” and, collectively, the “Districts”), for the purpose of financing costs of certain public improvements of special benefit to the properties within the respective District. Each of the Resolutions of Intention designated the number of the respective District, described the boundaries thereof, stated whether such District was an extended district, stated the general character of the improvements to be made (collectively, the “Improvements”) and stated an approximate estimate of the costs thereof, in accordance with the provisions of Montana Code Annotated, Title 7, Chapter 12, Parts 41, 42 and 43, as amended (the “Act”). By each Resolution of Intention this Council also declared its intention to cause the cost and expense of making the Improvements specially benefiting the respective District to be assessed against the properties included within the boundaries thereof in accordance with one or more methods of assessment authorized in Sections 7-12-4161 to 7-12-4165 or 7-12-4323 to 7-12-4324 of the Act, and as set forth in the respective Resolution of Intention.

In each Resolution of Intention, this Council stated its intention to issue special improvement district bonds (the “Bonds”) drawn against the respective District to pay a portion of the costs of the Improvements and costs of issuance of the Bonds. This Council further found that it is in the public interest, and in the best interest of the City and the Districts, to secure payment of principal of and interest on the Bonds by the Special Improvement District Revolving Fund of the City (the “Revolving Fund”), on the basis of factors required to be considered under Section 7-12-4225 of the Act. Those findings are hereby ratified and confirmed.

1.02. Notices. Notices of the passage of each Resolution of Intention were given by two publications, with at least six days between publications, in the *Yellowstone County News*, a

weekly newspaper of general circulation published within the City. Notices of the passage of each Resolution of Intention were also mailed the same day the notice was first published to all persons, firms or corporations or the agents thereof having real property within the respective District, listed in their names upon the last completed assessment roll for State, county and school district taxes, at their last known addresses. The notices described the general character of the Improvements, stated the estimated cost of the Improvements and the method or methods of assessment of such costs against properties in the respective District, specified the time when and the place where the Council would hear and pass upon all protests made against the making of the Improvements or the creation or extension of the respective District, and referred to the respective Resolution of Intention as being on file in the office of the City Clerk for a description of the boundaries of the respective District, all in accordance with the provisions of the respective Resolution of Intention, and included a statement that, subject to the limitations of Section 7-12-4222 of the Act, the general fund of the City may be used to provide loans to the Revolving Fund or a general tax levy may be imposed on all taxable property in the City to meet the financial requirements of the Revolving Fund. In each Resolution of Intention, the Council also declared its intention to reimburse the City for costs paid before issuance of the Bonds, as required by Section 1.150-2 of the Treasury Regulations promulgated under the Internal Revenue Code.

1.03. Creation of Districts. At the times and places specified in the notices hereinabove described, this Council met to hear, consider and pass upon all protests made against the making of the Improvements and the creation of the respective District, and, after consideration thereof, it was determined and declared that insufficient protests against the creation or extension of the respective District or the proposed work had been filed in the time and manner provided by law by the owners of the property to be assessed for the Improvements in the respective District, and this Council did therefore by Resolution No. 23-11095, adopted January 23, 2023, Resolution No. 24-11196, adopted April 22, 2024, Resolution No. 24-11182, adopted February 12, 2024, Resolution No. 24-11182, adopted February 12, 2024, and Resolution No. 23-11127, adopted June 12, 2023, create SID No. 1421, SID No. 1425, SID No. 1426, SID No. 1427, and SID No. 331, respectively, and confirm the findings it made with respect to the pledge of the Revolving Fund in the respective Resolution of Intention.

1.04. Construction Contracts. The City will cause or has caused to be constructed the Improvements described in the Resolutions of Intention. Plans, specifications, maps, profiles and surveys for construction of the Improvements to be constructed to benefit the Districts were prepared by the engineers acting for the City or by City engineers, and were thereupon examined and approved by this Council. Advertisements for bids for construction of the Improvements to be undertaken in SID No. 1421, SID No. 1425, SID No. 1426, SID No. 1427, and SID No. 331 were published in the official newspaper of the City in accordance with the provisions of Sections 7-12-4127 and 7-1-4303 of the Act, after which the bids theretofore received were opened and examined. After referring the bids to the engineers for the City it was determined that the lowest regular proposal for the furnishing of all work and materials required for constructing the Improvements in accordance with the approved plans and specifications was the following:

Contracts for the construction of the Improvements were therefore awarded to said bidders, subject to the right of owners of property liable to be assessed for the costs thereof to elect to take the work and enter into written contracts therefor in the manner provided by Section 7-12-4147 of the Act, whereupon the City and the successful bidders entered into written contracts for construction of the Improvements upon the bidders having executed and filed bonds satisfactory to this Council and in the form and manner provided by Montana Code Annotated, Title 18, Chapter 2, Part 2, as amended.

1.05. Costs. It is currently estimated that the costs and expenses to be assessed against properties in the Districts benefited by the Improvements, including costs of preparation of plans, specifications, maps, profiles, engineering superintendence and inspection, preparation of assessment rolls, expenses of making the assessments, the cost of work and materials under the construction contracts and all other costs and expenses, including costs of issuance of the Bonds and the deposit of proceeds in the Revolving Fund, are as follows:

After deducting amounts contributed by the City for the Improvements and prepayments by property owners in the Districts, the aggregate principal amount required to finance the construction of the Improvements is \$654,700, of which \$314,672.00 shall be allocated to SID No. 1421, \$235,969.70 shall be allocated to SID No. 1425, \$30,158.40 shall be allocated to SID No. 1426, \$38,197.55 shall be allocated to SID No. 1427, and \$35,612.35 shall be allocated to SID No. 331, as provided in the table above.

Such amounts will be levied and assessed against the property within the respective District on the bases described in the respective Resolution of Intention. This Council has jurisdiction and is required by law to levy and assess such amounts, to collect such special assessments and credit the same to the respective District Account (as hereinafter defined) created for each District, which District Accounts are to be maintained on the official books and records of the City separate from all other City funds, within the 2024 Pooled Special Improvement District Sinking Fund (the “Sinking Fund”) for the payment of principal and interest when due on the Bonds herein authorized.

1.06. Sale and Issuance of Bonds. For the purpose of financing a portion of the costs and expenses of making the Improvements, funding a deposit to the Revolving Fund (as hereinafter defined) and paying costs of issuance of the Bonds, which are to be assessed against the property within the respective District as provided in the respective Resolution of Intention, this Council hereby determines that it is in the best interests of the City to sell its Pooled Special Improvement District Bonds (Special Improvement District Nos. 1421, 1425, 1426, 1427, and SID 331), Series 2024 (the “Bonds”) at a private negotiated sale, subject to the limitations and conditions set forth in this Resolution. Stockman Bank (the “Purchaser”) has agreed to purchase the Bonds from the City at an aggregate purchase price of \$654,700 (representing the stated principal amount of the Bonds) upon the terms set forth in this Resolution. The interest rate for the Bonds is 4.75%.

1.07. Recitals. All acts, conditions and things required by the Constitution and laws of the State of Montana, including the Act, and the home rule charter of the City, in order to make the Bonds valid and binding special obligations in accordance with their terms and in accordance with the terms of this Resolution have been done, do exist, have happened and have been performed in regular and due form, time and manner as so required.

## Section 2. The Bonds.

2.01. Principal Amount, Maturity, Denominations, Date, Interest Rate. For the purpose of paying the costs and expenses incurred in the construction of the Improvements, funding a deposit to the Revolving Fund and paying costs of issuance of the Bonds, and in anticipation of the collection of special assessments to be levied therefor, the City shall forthwith issue and deliver to the Purchaser the Bonds, denominated “Pooled Special Improvement District Bonds (Special Improvement District Nos. 1421, 1425, 1426, 1427, and SID 331), Series 2024” in the aggregate principal amount of \$654,700, payable solely from the Sinking Fund. The Bonds shall mature on July 1, 2039, unless earlier redeemed, and shall bear interest from the date of original registration until paid or duly called for redemption at the rate of 4.75% per annum. Interest shall be calculated on the basis of a 360-day year composed of twelve 30-day months.

2.02. Interest Payment Dates. Interest on the Bonds shall be payable on each January 1 and July 1, commencing January 1, 2025, to the owner of record thereof as such appear on the bond register at the close of business on the fifteenth day of the immediately preceding month, whether or not such day is a business day. Upon the original delivery of the Bonds to the Purchaser and upon each subsequent transfer or exchange of a Bond pursuant to Section 2.04, the Registrar (as hereinafter defined) shall date the Bonds as of the date of its authentication.

2.03. Method of Payment. The Bonds shall be issued only in fully registered form. The interest on and, upon presentation and surrender thereof at the principal office of the Registrar, the principal of the Bonds shall be payable by check or draft drawn on the Registrar. Notwithstanding the foregoing, so long as a Bond is evidenced by a single, fully registered term bond, it shall not be necessary to present and surrender such Bond until the full redemption thereof pursuant to Section 2.05, but the Registrar shall note in the bond register such principal payment. The principal of and interest on the Bonds are payable in lawful money of the United States of America.

2.04. Registration. The City hereby appoints the City Finance Director, to act as bond registrar, transfer agent and paying agent for the Bonds (the “Registrar”). The City reserves the right to appoint a bank, trust company or fiscal company as successor bond registrar, transfer agent or paying agent, as authorized by the Model Public Obligations Registration Act of Montana (the “Registration Act”), but the City agrees to pay the reasonable and customary charges of the Registrar for the services performed. This Section 2.04 shall establish a system of registration for the Bonds as defined in the Registration Act. The effect of registration and the rights and duties of the City and the Registrar with respect thereto shall be as follows:

(a) Bond Register. The Registrar shall keep at its principal office a bond register in which the Registrar shall provide for the registration of ownership of the Bonds and the registration of transfers and exchanges of the Bonds.

(b) Transfer. The Bonds may be transferred in whole but not in part and only to (i) an affiliate of the Purchaser; (ii) a trust or other custodial arrangement established by the Purchaser or one of its affiliates, the owners of any beneficial interest in which are limited to qualified institutional buyers or accredited investors; or (iii) a person or entity that the Purchaser reasonably believes is qualified to purchase the Bonds. Upon surrender to the Registrar for transfer of any Bond duly endorsed by the registered owner thereof or accompanied by a written instrument of transfer, in form satisfactory to the Registrar, duly executed by the registered owner thereof or by an attorney duly authorized by the registered owner in writing and guaranteed by an “eligible guarantor institution” meeting the requirements of the Registrar, the Registrar shall authenticate and deliver, in the name of the designated transferee or transferees, a new Bond of a like aggregate principal amount and maturity, as requested by the transferor. The Registrar may, however, close the books for registration of any transfer of the Bonds or any portion thereof selected or called for redemption.

(c) Exchange. Whenever any Bond is surrendered by the registered owner for exchange, the Registrar shall authenticate and deliver a new Bond of a like aggregate principal amount, interest rate and maturity, as requested by the registered owner or the owner’s attorney duly authorized in writing.

(d) Cancellation. Any Bond surrendered upon any transfer or exchange shall be promptly canceled by the Registrar and thereafter disposed of as directed by the City.

(e) Improper or Unauthorized Transfer. When any Bond is presented to the Registrar for transfer, the Registrar may refuse to transfer the same until it is satisfied that

the endorsement on such Bond or separate instrument of transfer is valid and genuine and that the requested transfer is legally authorized. The Registrar shall incur no liability for the refusal, in good faith, to make transfers which it, in its judgment, deems improper or unauthorized.

(f) Persons Deemed Owner. The City and the Registrar may treat the person in whose name any Bond is at any time registered on the bond register as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and interest on such Bond and for all other purposes, and all such payments so made to any such registered owner or upon the owner's order shall be valid and effectual to satisfy and discharge the liability of the City upon such Bond to the extent of the sum or sums so paid.

(g) Taxes, Fees and Charges. For every transfer of a Bond or exchange of a Bond (except for an exchange upon the partial redemption of a Bond), the Registrar may impose a charge upon the owner thereof sufficient to reimburse the Registrar for any tax, fee or other governmental charge required to be paid with respect to such transfer or exchange.

(h) Mutilated, Lost, Stolen or Destroyed Bonds. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Registrar shall deliver a new Bond of like amount, number, maturity date and tenor in exchange and substitution for and upon cancellation of any such mutilated Bond or in lieu of and in substitution for any such Bond destroyed, stolen or lost, upon the payment of the reasonable expenses and charges of the Registrar in connection therewith; and, in the case of a Bond destroyed, stolen or lost, upon filing with the Registrar of evidence satisfactory to it that such Bond was destroyed, stolen or lost, and of the ownership thereof, and upon furnishing to the Registrar an appropriate bond or indemnity in form, substance and amount satisfactory to it, in which both the City and the Registrar shall be named as obligees. Any Bond so surrendered to the Registrar shall be canceled by it and evidence of such cancellation shall be given to the City. If the mutilated, destroyed, stolen or lost Bond has already matured or such Bond has been called for redemption in accordance with its terms, it shall not be necessary to issue a new Bond prior to payment.

## 2.05. Redemption.

(a) Mandatory Redemption. If on any interest payment date there will be a balance in the Sinking Fund after payment of the principal and interest due on the Bonds drawn against it, either from the prepayment of special assessments levied for the Improvements or from the transfer of surplus money from a Construction Subaccount to a Principal Subaccount as provided in Section 3.02, the City Finance Director shall call for redemption on the interest payment date the principal amount of the Bonds which, together with the interest thereon to the interest payment date, will equal the amount of such funds on deposit in the Sinking Fund on that date. The redemption price shall equal the principal amount of the Bonds to be redeemed plus interest accrued to the date of redemption. Such mandatory redemption payments shall reduce the Mandatory Sinking Fund Payments *pro rata* among all Bonds based upon the respective

outstanding principal amounts, and with respect to each Bond shall be applied to Mandatory Sinking Fund Payments in inverse order of Sinking Fund Payment Dates.

(b) Optional Redemption. The Bonds are subject to redemption at any time, at the option of the City, in whole or in part, from sources of funds available therefor (other than those described in Section 2.05(a)), at a redemption price equal to the principal amount thereof to be redeemed plus interest accrued to the redemption date, without premium. Such optional redemption payments shall reduce the Mandatory Sinking Fund Payments *pro rata* among all Bonds based upon the respective outstanding principal amounts, and with respect to each Bond shall be applied to Mandatory Sinking Fund Payments in inverse order of Sinking Fund Payment Dates.

(c) Mandatory Sinking Fund Redemption. The Bonds are subject to redemption on January 1 and July 1 of the respective years (herein referred to as a “Sinking Fund Payment Date”) and in the principal amounts (hereinafter referred to as a “Mandatory Sinking Fund Payment”) set forth below:

| Term Bond                    |                                                       |                                                    |

\*Final maturity.

(d) Notice and Effect of Redemption. The date of redemption and the principal amount of the Bonds to be redeemed shall be fixed by the City Finance Director, who shall give notice thereof to the Registrar 45 days prior to the date set for redemption in order for the Registrar to give notice, by first class mail, postage prepaid, to the owners of the Bonds at their addresses appearing on the bond register, of the respective principal amounts of the Bonds to be redeemed and the date on which payment will be made, which date shall be not less than 30 days after the date of mailing notice. On the date so fixed, interest on the principal amounts of the Bonds so redeemed shall cease to accrue.

2.06. Form. The Bonds shall be prepared in substantially the form set forth in Exhibit A hereto, and by this reference made a part hereof, with such modifications as are permitted by the Act.

2.07. Execution, Registration and Delivery. The Bonds shall be prepared under the direction of the City Finance Director and shall be executed on behalf of the City by the signatures of the Mayor, the City Finance Director and the City Clerk and sealed with the official seal of the City; provided that the seal and all signatures may be printed, engraved or lithographed facsimiles of the originals. In case any officer whose signature or a facsimile of whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery. Notwithstanding such execution, no Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this Resolution unless and until a certificate of authentication on such Bond has been duly executed by the manual signature of an authorized representative of the Registrar. The certificate of authentication on a different Bond need not be signed by the same representative. The executed certificate of authentication on the Bonds shall be conclusive evidence that it has been authenticated and delivered under this Resolution. When the Bonds have been so executed, authenticated and registered, the Bonds shall be delivered by the Registrar to the Purchaser upon payment of the purchase price in accordance with the contract of sale heretofore made and executed.

2.08. Application of Proceeds. From the proceeds of the Bonds, the City Finance Director shall credit forthwith \$15,738.10 for SID No. 1421, \$11,798.49 for SID No. 1425, \$1,507.92 for SID No. 1426, \$1,909.88 for SID No. 1427, and \$1,780.62 for SID No. 331 to the Revolving Fund, as required by Section 7-12-4169(2) of the Act, and the balance of such proceeds to the Construction Subaccount in the respective District Account, in proportion to the principal amounts of the Bonds allocable to each of the Districts, as set forth in Section 1.05, to be used solely for the purposes described in Section 3.02.

### Section 3. Sinking Fund; Assessments.

3.01. 2024 Pooled Special Improvement District Sinking Fund. There is hereby created and established the fund designated as the “2024 Pooled Special Improvement District Sinking Fund” which shall be maintained by the City Finance Director on the books and records of the City separate and apart from all other funds of the City. Within the Sinking Fund there shall be maintained separate accounts for each of SID No. 1421, SID No. 1425, SID No. 1426, SID No. 1427, and SID No. 331, designated accordingly (each, a “District Account” and, collectively, the “District Accounts”). Within each District Account there shall be maintained three separate subaccounts, designated as the “Construction Subaccount,” the “Principal Subaccount” and the “Interest Subaccount,” respectively. The District Account for SID No. 331 shall also be known as the “Special Improvement Lighting District No. 331 Fund.”

3.02. Construction Subaccounts. There shall be credited to the Construction Subaccount in the respective District Account the proceeds of the sale of the Bonds attributable to the respective District remaining after the required deposits to the Revolving Fund. Any earnings on investment of money in a Construction Subaccount shall be retained therein. All costs and

expenses of constructing the Improvements, including costs of issuance of the Bonds, shall be paid from time to time as incurred and allowed from the Construction Subaccount in the respective District Account in accordance with the provisions of applicable law, and money in a Construction Subaccount shall be used for no other purpose; provided that upon completion of the Improvements and after all claims and expenses with respect to the Improvements have been fully paid and satisfied, any money remaining in a Construction Subaccount shall be transferred to the Principal Subaccount in the applicable District Account and used to redeem the principal amount of the Bonds as provided in Section 3.03.

3.03. Principal Subaccounts and Interest Subaccounts. Money in the Principal Subaccounts and the Interest Subaccounts shall be used only for payment of the principal of and interest on the Bonds as such payments become due or to redeem all or a portion of the principal amount of the Bonds.

Upon collection of the installment of principal and interest due on November 30 and May 31 of each year on the special assessments to be levied with respect to the Improvements, the City Finance Director shall credit to the Interest Subaccount in the respective District Account so much of said special assessments as is collected as interest payment and the balance thereof to the Principal Subaccount in the respective District Account. Any installment of any special assessment paid prior to its due date with interest accrued thereon to the next succeeding interest payment date shall be credited with respect to principal and interest payments in the same manner as other assessments are credited to the District Accounts. All money in the Interest Subaccounts and the Principal Subaccounts shall be used first to pay interest then due, and any remaining money shall be used to pay principal then due and, if money is available, to redeem all or a portion of the principal amount of the Bonds in accordance with Section 2.05; provided that any money transferred to a Principal Subaccount from a Construction Subaccount pursuant to Section 3.02 shall be applied to redeem the Bonds to the extent possible on the next interest payment date for which notice of redemption has been properly given pursuant to Section 2.05(a). Interest shall be paid from the respective Interest Subaccount as accrued on the Bonds to the date of redemption, in accordance with the provisions of Sections 7-12-4206 and 7-12-4341 of the Act.

3.04. Loans From Revolving Fund. The Council shall annually or more often if necessary issue an order authorizing a loan or advance from the Revolving Fund to a District Account in an amount sufficient to make good any deficiency then existing in the Interest Subaccount in such District Account and issue an order authorizing a loan or advance from the Revolving Fund to a District Accounts in an amount sufficient to make good any deficiency then existing in the Principal Subaccount in such District Account, in each case to the extent that money is available in the Revolving Fund. A deficiency shall be deemed to exist in the Principal Subaccount or Interest Subaccount in a District Account if the money on deposit therein on any December 15 or June 15 (excluding amounts in the Principal Subaccount representing prepaid special assessments) is less than the amount necessary to pay the principal of the Bonds then due (other than upon mandatory or optional redemption pursuant to Section 2.05(a) and (b) hereof), and interest payable on the Bonds, on the next succeeding interest payment date.

Pursuant to Ordinance No. 1096, the City has undertaken and agreed to provide funds for the Revolving Fund by annually levying such tax or making such loan from the general fund of

the City, subject to the limitation that no such tax levy or loan may in any year cause the balance in the Revolving Fund to exceed five percent of the principal amount of the City's then outstanding special improvement and sidewalk, curb, gutter and alley approach bonds and warrants secured thereby and subject to the durational limitations specified in the Act. In the event that the balance on hand in the Revolving Fund fifteen days prior to any date when interest is due on special improvement and sidewalk, curb, gutter and alley approach bonds and warrants of the City is not sufficient to make good all deficiencies then existing in the funds for which the City covenants to make loans from the Revolving Fund, the balance on hand in the Revolving Fund shall be allocated to the funds in which such deficiencies then exist in proportion to the amounts of the deficiencies on the respective dates of receipt of such money, until all interest accrued on such special improvement and sidewalk, curb, gutter and alley approach bonds and warrants of the City has been paid and to the extent of amounts available in the Revolving Fund. On any date when all accrued interest on special improvement and sidewalk, curb, gutter and alley approach bonds and warrants of the City payable from funds for which the City has covenanted to make loans from the Revolving Fund has been paid, any balance remaining in the Revolving Fund shall be loaned or advanced to the funds for payment and redemption of bonds and warrants to the extent such funds are deficient for such purpose and, if money in the Revolving Fund is insufficient therefor, *pro rata* in an amount proportionate to the amount of such deficiency.

The City hereby determines, covenants and agrees to levy the property tax described in the immediately preceding paragraph to provide funds for the Revolving Fund so long as Bonds are outstanding to the extent required under the provisions of this Resolution and the Act, even though such property tax levy may, under applicable law or provisions of the home rule charter of the City, require that property tax levies of the City for other purposes be reduced correspondingly.

Section 4. Covenants. The City covenants and agrees with the owners from time to time of the Bonds that until the principal amount of the Bonds and interest thereon are fully paid:

4.01. Compliance with Resolution. The City will hold the Sinking Fund and the Revolving Fund as trust funds, separate and apart from all of its other funds, and the City, its officers and agents, will comply with all covenants and agreements contained in this Resolution. The provisions hereinabove made with respect to the Sinking Fund and the Revolving Fund are in accordance with the undertaking and agreement of the City made in connection with the sale of the Bonds as set forth in Section 1.01.

4.02. Construction of Improvements. The City will do all acts and things necessary to enforce the provisions of the construction contracts for the Improvements and to ensure the completion of the Improvements in accordance with the plans and specifications and within the time therein provided, and will pay all costs thereof promptly as incurred and allowed, out of the Construction Subaccount in the respective District Account and within the amount of the proceeds of the Bonds appropriated thereto, amounts contributed by the City therefor and prepayments by property owners in the Districts.

4.03. Levy of Assessments. The City will do all acts and things necessary for the final and valid levy of special assessments upon all assessable real property within the boundaries of

the Districts benefited by the Improvements, in accordance with the Constitution and laws of the State of Montana and the Constitution of the United States, in an aggregate principal amount not less than the following amounts:

| <u>District</u> | <u>Principal Amount</u> |
|-----------------|-------------------------|
| SID No. 1421    | \$314,762.00            |
| SID No. 1425    | 235,969.70              |
| SID No. 1426    | 30,158.40               |
| SID No. 1427    | 38,197.55               |
| SID No. 331     | 35,612.35               |
|                 | \$654,700.00            |

Such special assessments shall be levied on the basis or bases prescribed in the Resolutions of Intention, and shall be payable in substantially equal semiannual installments of principal and interest over a period of 15 years, at an annual rate equal to the sum of: (i) the average annual interest rate borne by the Bonds, plus (ii) one-half of one percent (0.50%) per annum. The assessments to be levied will be payable on the 30th day of November in each of the years 2024 through 2038, and on the 31st day of May in the years 2025 through 2039, inclusive, if not theretofore paid, and shall become delinquent on such date unless paid in full. The first partial payment of each assessment shall include interest on the entire assessment from the date of original registration of the Bonds to January 1, 2025. The assessments shall constitute a lien upon and against the property against which they are made and levied, which lien may be extinguished only by payment of the assessment with all penalties, cost and interest as provided in Sections 7-12-4191 and 7-12-4338 of the Act. No tax deed issued with respect to any lot or parcel of land shall operate as payment of any installment of the assessment thereon which is payable after the execution of such deed, and any tax deed so issued shall convey title subject only to the lien of said future installments, as provided in Montana Code Annotated, Section 15-18-214.

4.04. Reassessment. If at any time and for whatever reason any special assessment or tax herein agreed to be levied is held invalid, the City and this Council, its officers and employees, will take all steps necessary to correct the same and to reassess and re-levy the same, including the ordering of work, with the same force and effect as if made at the time provided by law, ordinance or resolution relating thereto, and will reassess and re-levy the same with the same force and effect as an original levy thereof, as authorized in Section 7-12-4186 of the Act. Any special assessment, or reassessment or re-levy shall, so far as is practicable, be levied and collected as it would have been if the first levy had been enforced including the levy and collection of any interest accrued on the first levy.

If proceeds of the Bonds, including investment income thereon, are applied to the redemption of the Bonds, as provided in Sections 7-12-420, 7-12-4206 and 7-12-4342 of the Act, or if refunding bonds are issued and the outstanding principal amount of the Bonds is decreased or increased, the City will reduce or increase, respectively, the assessments levied in the respective Districts and then outstanding pro rata by the principal amount of such prepayment or the increment above or below the outstanding principal amount of the Bonds represented by the refunding bonds. The City and this Council, its officers and employees will reassess and re-

levy such assessments, with the same effect as an original levy, in such reduced or increased amounts in accordance with the provisions of Sections 7-12-4176 through 7-12-4178 of the Act.

4.05. Absence of Litigation. There is now no litigation pending or, to the best knowledge of the City, threatened questioning the validity or regularity of the creation of the Districts, the contracts for construction of the Improvements or the undertaking and agreement of the City to levy special assessments therefor and to make good any deficiency in the collection thereof through the levy of taxes for and the making of advances from the Revolving Fund, or the right and power of the City to issue the Bonds or in any manner questioning the existence of any condition precedent to the exercise of the City's powers in these matters. If any such litigation should be initiated or threatened, the City will forthwith notify in writing the Purchaser, and will furnish the Purchaser a copy of all documents, including pleadings, in connection with such litigation.

4.06. Waiver of Penalty and Interest. The City covenants not to waive the payment of penalty or interest on delinquent assessments levied for costs of the Improvements, unless the City determines, by resolution of the Council, that such waiver is in the best interest of the owners of the Bonds.

#### Section 5. Tax Matters.

5.01. Use of Improvements. The Improvements will be owned and operated by the City and available for use by members of the general public on a substantially equal basis. The City shall not enter into any lease, use or other agreement with any non-governmental person relating to the use of the Improvements or security for the payment of the Bonds which might cause the Bonds to be considered "private activity bonds" or "private loan bonds" within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the "Code").

5.02. General Covenant. The City covenants and agrees with the owners of the Bonds that it will not take or permit to be taken by any of its officers, employees or agents any action which would cause the interest on the Bonds to become includable in gross income for federal income tax purposes under the Code and applicable Treasury Regulations (the "Regulations"), and covenants to take any and all actions within its powers to ensure that the interest on the Bonds will not become includable in gross income for federal income tax purposes under the Code and the Regulations.

5.03. Arbitrage Certification. The Mayor, the City Finance Director and the City Clerk, being the officers of the City charged with the responsibility for issuing the Bonds pursuant to this Resolution, are authorized and directed to execute and deliver to the Purchaser a certificate in accordance with the provisions of Section 148 of the Code, and Section 1.148-2(b) of the Regulations, stating that on the basis of facts, estimates and circumstances in existence on the date of issue and delivery of the Bonds, it is reasonably expected that the proceeds of the Bonds will be used in a manner that would not cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code and the Regulations.

5.04. Arbitrage Rebate. The City acknowledges that the Bonds are subject to the rebate requirements of Section 148(f) of the Code. The City covenants and agrees to retain such

records, make such determinations, file such reports and documents and pay such amounts at such times as are required under said Section 148(f) and applicable Treasury Regulations to preserve the exclusion of interest on the Bonds from gross income for federal income tax purposes, unless the Bonds qualify for the exception from the rebate requirement under Section 148(f)(4)(B) of the Code and no “gross proceeds” of the Bonds (other than amounts constituting a “bona fide debt service fund”) arise during or after the expenditure of the original proceeds thereof. In furtherance of the foregoing, the Mayor, the City Finance Director and the City Clerk are hereby authorized and directed to execute a Rebate Certificate, substantially in the form to be prepared by Bond Counsel, and the City hereby covenants and agrees to observe and perform the covenants and agreements contained therein, unless amended or terminated in accordance with the provisions thereof.

5.05. Information Reporting. The City shall file with the Secretary of the Treasury, not later than November 15, 2024, a statement concerning the Bonds containing the information required by Section 149(e) of the Code.

Section 6. Authentication of Transcript. The officers of the City are hereby authorized and directed to furnish to the Purchaser and to Bond Counsel certified copies of all proceedings relating to the issuance of the Bonds and such other certificates and affidavits as may be required to show the right, power and authority of the City to issue the Bonds, and all statements contained in and shown by such instruments, including any heretofore furnished, shall constitute representations of the City as to the truth of the statements purported to be shown thereby.

Section 7. Defeasance.

7.01. General. When the liability of the City on the Bonds issued under and secured by this Resolution has been discharged as provided in this Section 7, all pledges, covenants and other rights granted by this Resolution to the owners of the Bonds shall cease.

7.02. Payment. The City may discharge its liability with reference to any Bond or installment of interest thereon which is due on any date by depositing with the Registrar on or before that date funds sufficient, or, if a City officer is the Registrar, mailing to the registered owner of the Bonds a check or draft in a sum sufficient and providing proceeds available, for the payment thereof in full; or if any Bond or installment of interest thereon shall not be paid when due, the City may nevertheless discharge its liability with reference thereto by depositing with the Registrar funds sufficient, or, if a City officer is the Registrar, by mailing to the registered owner thereof a check or draft in a sum sufficient and providing proceeds available, for the payment thereof in full with interest accrued to the date of such deposit or mailing.

7.03. Prepayment. The City may also discharge its obligations with respect to any Bond called for redemption on any date when it is prepayable in accordance with its terms, by on or before that date depositing with the Registrar funds sufficient, or, if a City officer is the Registrar, mailing to the registered owner of such Bonds a check or a draft in a sum sufficient and providing proceeds available, for the payment of the principal, interest and redemption premium, if any, which are then due; provided that notice of such redemption has been duly given as provided herein or irrevocably provided for.

7.04. Escrow. The City may also at any time discharge its liability in its entirety with reference to the Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a bank qualified by law as an escrow agent for this purpose, cash or securities which are authorized by law to be so deposited, bearing interest payable at such times and at such rates and maturing on such dates as shall be required, without reinvestment, to provide funds sufficient to pay all principal and interest to become due on the Bonds on or before maturity or, if the Bonds has been duly called for redemption or notice of such redemption has been irrevocably provided for, on or before the designated redemption date.

7.05. Irrevocable Deposits. If an officer of the City is the Registrar, any deposit made under this Section 7 with the Registrar shall be irrevocable and held for the benefit of the owner of the Bonds in respect of which such deposits have been made.

#### Section 8. Repeals and Effective Date.

8.01. Repeal. All provisions of other resolutions and other actions and proceedings of the City and this Council that are in any way inconsistent with the terms and provisions of this Resolution are repealed, amended and rescinded to the full extent necessary to give full force and effect to the provisions of this Resolution.

8.02. Effective Date. This Resolution shall take effect immediately upon its passage and adoption by this Council.

PASSED AND ADOPTED by the City Council of the City of Billings, Montana, this 26th day of August, 2024.

No. R-1 \$654,700.00

REGISTERED OWNER: STOCKMAN BANK

PRINCIPAL AMOUNT: SIX HUNDRED FIFTY-FOUR THOUSAND SEVEN  
HUNDRED DOLLARS AND NO/100

FOR VALUE RECEIVED, the City of Billings, Montana (the “City”), will pay to the registered owner identified above, or registered assigns, on the maturity date specified above the principal amount specified above, solely from the revenues hereinafter specified, as authorized by Resolution No. 24-\_\_\_\_, adopted August 26, 2024 (the “Resolution”), all subject to the provisions hereinafter described relating to the redemption of this Bond, in whole or in part, before maturity. This Bond bears interest at the rate per annum specified above from the date of original issue specified above, or from such later date to which interest hereon has been paid or duly provided for, until the maturity date specified above or an earlier date on which this Bond shall have been duly called for redemption by the City Finance Director. Interest on this Bond is payable semiannually on the 1st day of January and the 1st day of July in each year, commencing January 1, 2025, to the owner of record of this Bond appearing as such in the bond register as of the close of business on the fifteenth day (whether or not a business day) of the immediately preceding month. Interest on and, upon presentation and surrender hereof at the principal office of the Registrar, the principal of this Bond, shall be payable by check or draft drawn on the Registrar. Notwithstanding the foregoing, so long as this Bond is evidenced by a single, fully registered term Bond, it shall not be necessary to present and surrender this Bond until the full redemption hereof pursuant to the Resolution, but the Registrar shall note in the bond register such principal payment. The principal of and interest on this Bond are payable in lawful money of the United States of America. Interest on this Bond shall be calculated on the basis of a 360-day year composed of twelve 30-day months. The City Finance Director shall initially serve as Registrar for this Bond.

Terms used in this Bond with initial capital letters and not defined herein have the meanings given them in the Resolution.

This Bond is one of an issue in the aggregate principal amount of \$654,700 (the “Bonds”), all of like date of original issue and tenor, except as to serial number, denomination, date, maturity date and redemption rights. The Bonds are issued pursuant to and in full conformity with the Constitution and laws of the State of Montana thereunto enabling, including Montana Code Annotated, Title 7, Chapter 12, Parts 41, 42 and 43, as amended (the “Act”), and ordinances and resolutions duly adopted by the governing body of the City, including the Resolution, to finance a portion of the costs and expenses of making certain local improvements (the “Improvements”) for the special benefit of properties located in Special Improvement District Nos. 1421, 1425, 1426, 1427, and 331 (together, the “Districts”), to fund a deposit to the Special Improvement District Revolving Fund (the “Revolving Fund”) and to pay costs of issuance of the Bonds.

The Bonds are payable from the collection of a special tax or assessment levied upon all assessable real property within the boundaries of the Districts benefited by the Improvements, in an aggregate principal amount not less than \$654,700 (\$314,762.00 for Special Improvement District No. 1421, \$235,969.70 for Special Improvement District No. 1425, \$30,158.40 for Special Improvement District No. 1426, \$38,197.55 for Special Improvement District No. 1427, and \$35,612.35 for Special Improvement Lighting District No. 331), except as such amounts may be reduced or increased in accordance with provisions of Montana law. Such assessments constitute a lien against the property against which they are made and levied and are to be deposited into the 2024 Pooled Special Improvement District Sinking Fund of the City (the “Sinking Fund”). The Bonds are not general obligations of the City.

The City has validly established the Revolving Fund to secure the payment of certain of its special improvement and sidewalk, curb, gutter and alley approach bonds and warrants, including the Bonds. The City has also agreed, to the extent permitted by the Act, to issue orders annually, or more often as necessary, authorizing loans or advances from the Revolving Fund to the Sinking Fund, in amounts sufficient to make good any deficiency in the Sinking Fund to pay principal of or interest on the Bonds, to the extent money is available in the Revolving Fund, and to provide funds for the Revolving Fund by annually levying such tax or making such loan from its general fund, subject to the limitation that no such tax levy or loan may in any year cause the balance in the Revolving Fund to exceed five percent of the principal amount of the City’s then outstanding special improvement and sidewalk, curb, gutter and alley approach bonds and warrants secured thereby and subject to the durational limitations specified in the Act. While any property tax levy to be made by the City to provide funds for the Revolving Fund is subject to levy limits under current law, the City has agreed in the Resolution to levy property taxes to provide funds for the Revolving Fund to the extent described in this paragraph and, if necessary, to reduce other property tax levies correspondingly to meet applicable levy limits.

If on any interest payment date there will be a balance in the Sinking Fund after payment of the principal and interest due on the Bonds drawn against it, either from the prepayment of special assessments levied for the Improvements or from the transfer of surplus money from a Construction Subaccount to a Principal Subaccount as provided in the Resolution, the City Finance Director shall call for redemption on the interest payment date the principal amount of the Bonds which, together with the interest thereon to the interest payment date, will equal the amount of such

funds on deposit in the Sinking Fund on that date. The redemption price shall equal the principal amount of the Bonds to be redeemed plus interest accrued to the date of redemption. Such mandatory redemption payments shall reduce the Mandatory Sinking Fund Payments *pro rata* among all Bonds based upon the respective outstanding principal amounts, and with respect to each Bond shall be applied to Mandatory Sinking Fund Payments in inverse order of Sinking Fund Payment Dates.

The Bonds are subject to redemption at any time, at the option of the City, in whole or in part, from sources of funds available therefor (other than those described in Section 2.05(a)), at a redemption price equal to the principal amount thereof to be redeemed plus interest accrued to the redemption date, without premium. Such optional redemption payments shall reduce the Mandatory Sinking Fund Payments *pro rata* among all Bonds based upon the respective outstanding principal amounts, and with respect to each Bond shall be applied to Mandatory Sinking Fund Payments in inverse order of Sinking Fund Payment Dates.

The Bonds are subject to redemption on January 1 and July 1 of the respective years (herein referred to as a “Sinking Fund Payment Date”) and in the principal amounts (hereinafter referred to as a “Mandatory Sinking Fund Payment”) set forth below:

| Term Bond                 |                                                 |                                              |

**RECOMMENDATION**

Recommendation to amend BMCC Sections 24-457 Violation, 24-467 Failure to pay parking fees, 24-473, Penalties, 24-1004 Parking violation - Procedure generally, 24-1005 Same - Response failure action, 24-1006 Violation citation compliance failure; warrant for arrest.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

Article 24-1000 of the Billings, Montana City Code (BMCC) has not been reviewed or amended since approximately 1993. In the case of certain sections, it has been longer since there has been a review. Amendments are necessary to update the BMCC, to ensure proper alignment with Parking Division enforcement practices regarding violations, and to clarify procedures for those who wish to contest parking citations. Additionally, amendments are proposed that will consolidate the procedures for both issuance of citations and contesting citations in order to ensure uniformity among the various types of parking violations. The first reading of the Ordinance amendments was passed by the City Council on Monday, August 12, 2024. On the first reading of the Ordinance amendments, the motion included the deletion of Section 24-1011 and the second reading reflects the change.

Failure to pay the fee when due is designated as a municipal infraction and an alleged violation shall be enforced under and subject to the penalties and procedures as provided in Sec. 24-1004. Each violation that occurs is a separate offense.

**Section 3.** That Section 24-473 of the BMCC is amended so that such section shall read as follows:

**SECTION 24-473. Penalties**

Violations of the provisions in Division 5 – Fire Lanes are designated as municipal infractions.- An alleged violation of the provisions in Division 5 – Fire Lanes shall be enforced under and subject to the penalties and procedures as provided in Sec. 24-1004.

**Section 4.** That Section 24-1004 of the BMCC is amended so that such section shall read as follows:

**SECTION 24-1004. Parking violation – Procedure generally**

**(A)** Violation for improperly parked vehicle.

1. Whenever any motor vehicle, unattached trailer, or unattached camper, with or without a driver, is found parked or stopped in violation of any of the restrictions imposed by ordinance of this City or by state law, the vehicle may be cited for the appropriate parking violation. The citation shall be in a form authorized by the city. The city employee issuing the citation shall note the vehicle's license plate or vehicle identification number and any other information concerning the vehicle that will identify it and, if the driver is not present, shall serve the citation by placing same on the vehicle, by serving the citation on the owner/operator of the vehicle in person, or by serving the citation by regular mail on the registered owner at the registered owner's address as shown on the records of the motor vehicle division of the owner's state of residence.

2. The registered owner of a vehicle at the time the violation occurred shall be liable for all fines, fees and penalties related to the specific violation.

3. The registered owner at the time a vehicle is found to be in violation of any provisions of this article shall remain liable for all violations despite having subsequently sold, transferred, or otherwise conveyed the vehicle.

**(B)** Citations.

Employees under the supervision of the Parking Manager, as well as code enforcement personnel, college campus police, airport police and those under the supervision of the Chief of Police are authorized to provide enforcement of parking regulations and issue related citations for parking violations as set forth in the BMCC or violations of MCA Title 61 (Motor Vehicles) and MCA 49-4-302 (Disability Parking Permits). Employees under the supervision of the Parking Manager and under the supervision of the Chief of Police are authorized to immobilize and/or impound a vehicle in accordance with this section.

1. The form of the citation shall be designated by the City, but shall contain in substance the following information:
  - a. A statement that the citation represents a determination that a violation of this article or other parking prohibition has been committed by the owner or user of the vehicle and that the determination shall be final unless contested as provided by this article;
  - b. A statement that failure to pay a violation may result in immobilization and/or impoundment of the vehicle for which the owner may be liable for penalties and fees, including towing, handling and storage costs;
  - c. A statement of the specific provision of this article violated and for which the citation was issued;

- d. A statement of the monetary penalty established for the parking violation, including that the violation may subject the owner to additional administrative fees if not paid within twelve (12) calendar days of the date of issuance of the citation; and
  - e. Information advising the owner of the vehicle that they must admit the violation and pay the associated penalty, or deny the violation and request an appeal pursuant to BMCC 24-1004(D).
2. The citation represents a determination that a violation has been committed, and such determination shall be final unless contested as provided herein.
  3. Nothing herein shall be deemed to invalidate any previous notice or citation issued by the City regarding a violation under this article or other parking prohibition.
  4. The original citation must be filed with the Parking Division and may be disposed of only by official action of the City or by payment of a fine to the Finance Department or Parking Division.
- C. Response to citation required.
1. Any person who receives a citation of a violation of this article shall respond to such citation as provided herein within twelve (12) calendar days of the date of the issuance of the citation, by either paying the penalty set forth in the citation or requesting an administrative appeal pursuant to subsection D of this section. If the person receiving the citation fails within twelve (12) calendar days to either pay the penalty or to request an administrative appeal, said failure shall result in the assessment of a \$20.00 administrative fee which shall be in addition to the penalty.
  2. If the owner of a vehicle cited for a parking violation has not responded to the citation within twelve (12) calendar days as provided in subsection (C)(1) of this section, the City shall send a written notice of the citation no more than 60 calendar days from the date of issuance of the citation by regular mail to the last known address of the registered owner of the vehicle. Such notice shall state that if the owner of the vehicle does not respond to the written notice within thirty (30) days from the date of issuance of the notice of the citation by either paying the penalty and possible administrative fee or by requesting in writing an administrative appeal pursuant to these procedures, the owner shall be deemed to have waived the owner's right to an administrative appeal and the determination that a violation was committed shall be considered final. Any person who fails to request an administrative appeal or pay the fine described in this subsection shall be deemed to have refused to pay the fine levied by the citation and shall authorize the City to proceed to collect the fine and all possible administrative fees in any manner available to the City.
  3. All payments made by a person regarding a citation issued under this article shall be paid only to the Finance Department or Parking Division.

**D. Administrative appeal of parking citation.**

Any person cited for a violation of this article may contest the determination that a violation occurred by submitting to the City a notice of administrative appeal of the parking citation within the time parameters set forth in subsection (C) of this section. The notice of appeal must contain a written statement detailing the appellant's argument that the citation was issued in error and may include photographs, or any other information the appellant wishes to rely upon. Parking Division Manager ("Administrative Reviewer") shall review the information submitted and, within twenty (20) calendar days of receipt of the notice of appeal, the City shall inform the appellant via regular mail or other communication approved by the appellant, whether the citation is affirmed, modified, or dismissed. If the citing officer's decision is affirmed or modified, the petitioner shall have twelve (12) calendar days from the date of official communication of the Administrative Reviewer's decision to pay the penalty. Failure to pay within the twelve (12) calendar day period shall result in the assessment of a \$20.00 administrative fee which shall be in addition to the penalty, and shall authorize the City to proceed to collect the fine and all administrative fees in any manner available to the City.

**E. Rehearing and judicial review.**

1. The City Administrator or a designee shall be responsible for review of an Administrative Reviewer's decision. In no event shall the Administrative Reviewer whose decision is being reviewed be the designee.
2. A request for review of a decision of an Administrative Reviewer shall be submitted to the City Administrator or designee within twelve (12) calendar days of the Administrative Reviewer's determination. This written request may include a request for a hearing. Upon receipt of such request, the City Administrator or designee will schedule a time and place for hearing within twenty-one (21) calendar days of receipt of the request and will provide written notice of the date and time to the appellant. The City Administrator or designee shall have the power to review the facts and the law in order to affirm, reverse, or modify any original decision for error of fact or law.
3. Procedure. The hearing shall afford a reasonable opportunity for appellant(s) to demonstrate by the statements of witnesses and other evidence that the citation was invalid or unjustified. The City Administrator or designee shall establish the necessary rules and regulations regarding the conduct of such hearings.
4. Appearance of officer. The officer or other person authorized by the City who issued the citation shall not be required to appear at the hearing unless the City Administrator or a designee determines that the officer's presence is required. The City Administrator or a designee may grant one postponement if the officer is not available at the time of the hearing.
5. Determination. At the conclusion of the hearing, the City Administrator or a designee shall immediately render a decision, either finding the appellant liable and assessing a fine in the appropriate amount as authorized by the BMCC or declaring the violation unproven.

6. Failure to appear. Failure of the appellant to appear at a hearing when required to appear shall constitute an admission of the parking violation and shall subject the person charged with the violation to the appropriate fines and costs assessed by the City acting through the City Administrator or a designee and shall authorize the City to proceed to collect the fine and all administrative fees in any manner available to the City.
7. The decision of the City Administrator or a designee shall be the final decision by the City and the appropriate fines and costs assessed by the City acting through the City Administrator or designee shall be due immediately. Any person aggrieved by a decision may file a petition for judicial review in the Billings Municipal Court. An appeal must be brought within thirty (30) calendar days from the date of the decision of the City Administrator or a designee, and shall be confined to review of the record and questions of law.

**Section 5.** That Section 24-1005 of the BMCC is repealed.

**Sec. 24-1005. Reserved.**

**Section 6.** That Section 24-1006 of the BMCC is repealed.

**Sec. 24-1006. Reserved.**

**Section 7. EFFECTIVE DATE.** This ordinance shall be effective thirty (30) days after second reading and final adoption as provided by law.

**Section 8. REPEALER.** All resolutions, ordinances, and sections of the City Code inconsistent herewith are hereby repealed.

**Section 9. SEVERABILITY.** If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other provisions of this ordinance which may be given effect without the invalid provisions or application, and, to this end, the provisions of this ordinance are declared to be severable.

**RECOMMENDATION**

Staff recommends Council approve the Payment of Claims

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

Claims in the amount of \$10,660,213.93 have been reviewed and are presented for City Council payment approval. A complete listing of the claims for the week are available in the Finance Department. Payment Approval Process Every invoice for payment is entered into the City's accounting system and the backup documentation is scanned in and attached (physical invoices, additional e-mails explaining payments, bids, contracts, etc.). Each invoice goes through a multi-step approval process depending upon the amount of the payment. First, invoices are entered by the department requesting the payment and the department director or designee must perform an initial review and approval of the purchase. The number of approvals within the department can vary based upon the size of the department, but no less than one approver within each department must verify the payment. Second, all payments, regardless of size, must be approved by the Purchasing Agent or designee. The Purchasing Agent will review the payment to ensure purchasing procedures are followed and appropriate documentation is attached. If the payment is greater than \$1,000, then it must be approved by the Finance Director or designee. If that payment is greater than \$10,000, then it must be approved by the City Administrator or Assistant City Administrator. Once all approvals are completed, the payment is able to be made and the Accounts Payable Clerk can print the check. After all checks are printed, a list of all checks in excess of \$2,500 is generated and placed on the next City Council meeting for review.

**ALTERNATIVES**

No other alternatives were analyzed

**FISCAL EFFECTS**

Claims have a varying impact on department budgets, but are submitted by the departments and reviewed by Finance staff before being sent to the Council.

**RECOMMENDATION**

Staff recommends Council approve the Payment of Claims

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

Claims in the amount of \$3,083,963.58 have been reviewed and are presented for City Council payment approval. A complete listing of the claims for the week are available in the Finance Department. Payment Approval Process Every invoice for payment is entered into the City's accounting system and the backup documentation is scanned in and attached (physical invoices, additional e-mails explaining payments, bids, contracts, etc.). Each invoice goes through a multi-step approval process depending upon the amount of the payment. First, invoices are entered by the department requesting the payment and the department director or designee must perform an initial review and approval of the purchase. The number of approvals within the department can vary based upon the size of the department, but no less than one approver within each department must verify the payment. Second, all payments, regardless of size, must be approved by the Purchasing Agent or designee. The Purchasing Agent will review the payment to ensure purchasing procedures are followed and appropriate documentation is attached. If the payment is greater than \$1,000, then it must be approved by the Finance Director or designee. If that payment is greater than \$10,000, then it must be approved by the City Administrator or Assistant City Administrator. Once all approvals are completed, the payment is able to be made and the Accounts Payable Clerk can print the check. After all checks are printed, a list of all checks in excess of \$2,500 is generated and placed on the next City Council meeting for review.

**ALTERNATIVES**

No other alternatives were analyzed

**FISCAL EFFECTS**

Claims have a varying impact on department budgets, but are submitted by the departments and reviewed by Finance staff before being sent to the Council.

**RECOMMENDATION**

The Zoning Commission recommends approval of Zone Change 1051 and adoption of the findings of the 10 review criteria.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

This is a zone change request for property within the East Billings Urban Renewal District. The property is located at 122 N 12th St, north of 1st Ave N, and the previous location of the Billings Bronze foundry. The foundry experienced a catastrophic fire in February 2018, and the property has been vacant since that time. The current owner and potential developer is intending to build some live and work units on the property that will eventually front both N 12th St and 2nd Ave N with buildings. The property is legally described as Lots 6-12, Block 77, Billings Original Town.

The type of structure (frontage type) the developers would like to use is allowed in both EBURD-IS (current zoning) and EBURD-13 Main Street (proposed zoning). However, the EBURD-IS zone does not allow residential use except for employees and caretakers. In addition, only two such "dwelling units" would be allowed for each 10,000 square feet of building area. The proposed buildings will have much less floor area than required and may or may not provide housing for "employees or caretakers". The recent amendment to the zoning code regarding the allowance for multi-unit developments in mixed-use and commercial zones does not apply to industrial zone districts including the EBURD-IS zone. It does apply to the EBURD-13 Main Street zone. The property is just east of the current EBURD-13 Main Street zone boundary and does fit in with the intended uses and description of this proposed zoning district:

*EBURD 13th: The North 13th Street Main Street is intended to provide a walkable, shopping and dining corridor including office and residential areas adjacent to the Central Works and Industrial Sanctuary districts, while allowing appropriate craftsman industrial and commercial businesses.*

The property owner, Cal Paulson, and the agent, Zach Schopp, intend to develop the site with commercial shop spaces on the first floor and residential units above the shops. It is likely the structures will be attached side-by-side to achieve the urban form intended for the EBURD districts. There are no specific intended uses for the new structures other than shop space with residential apartments above those spaces.

**APPLICATION DATA**

**OWNER:** Cal Paulson  
**AGENT:** Zach Schopp  
**LEGAL DESCRIPTION:** Lots 6-12, Block 77, Billings Original Town  
**ADDRESS:** 122 N 12th St  
**CURRENT ZONING:** EBURD-Industrial Sanctuary (EBURD-IS)  
**PROPOSED ZONING:** EBURD-13 Main Street  
**EXISTING LAND USE:** Vacant  
**PROPOSED USE:** Side-by-side live/work buildings  
**SIZE OF PARCEL:** 24,500 square feet (.562 acres)

**SURROUNDING LAND USE & ZONING**

**NORTH:** Zoning: EBURD-IS Land Use: Western Ranch Supply storage lot  
**SOUTH:** Zoning: EBURD-IS Land Use: Adult Store  
**EAST:** Zoning: EBURD-IS Land Use: Wild Willy's Casino  
**WEST:** Zoning: EBURD-13 Main Street Land Use: Shafer's Wild Game Processing, Home Grown retail

The city adopted the East Billings Urban Renewal Master Plan in 2009 with the idea of updating and revising the existing zoning to support revitalization of this 400+ acre area east of downtown. The prior zoning for all property

within EBURD was either Controlled Industrial or Heavy Industrial. The zone district boundaries were set based on how the master plan envisioned the redevelopment patterns. These included areas for residential, mixed uses, artisan and maker spaces, as well as the more industrial oriented uses on the far eastern end of the district. The Central Works district covers much of the center of the EBURD, while the mixed use and residential areas are geographically closer to downtown. The industrial focus has been along the eastern edges and part of the railroad interface along Montana Avenue.

The previous use on the property, Billings Bronze, produced sculpture and bronze pieces for decades before it burned down in February 2018 due to an electrical problem. The foundry produced bronze sculptures for artists that are featured in Billings, in Montana, throughout the United States and world-wide. The loss of the foundry had a significant impact on the local artist community and the EBURD development district. The property is south and west of the current location of Red Oxx manufacturing and sits just 1/2 block north of 1st Ave North, a major transportation corridor into and out of downtown Billings. Re-development of the property would help the east end of the EBURD district increase the vitality of the district and improve public safety in the area.

The Planning staff reviewed the request and recommended approval to the City Zoning Commission based on draft proposed findings of the 10 review criteria on August 6, 2024. The Zoning Commission concurred with this recommendation and findings. The proposed zoning fits in with the existing master plan and zoning plan for the EBURD. More industrial type uses are for the Industrial Sanctuary zone districts. The proposed zone of EBURD-13 Main Street will allow compatible development to the adjacent EBURD-IS zones and will complement the existing EBURD-13 Main Street district to the west. Adding a residential population to this area will help with "eyes on the street" natural surveillance and increase public safety as well as the livelihood of the area. The adjacent uses and zones are compatible with the proposed zoning. No objections were received from the adjacent owners.

## **STAKEHOLDERS**

The applicant conducted the pre-application neighborhood meeting on April 24 at the subject property. No surrounding owners attended the meeting. The Planning staff published the legal advertisement, posted the property with a Zoning Request sign, mailed notice of the hearing to the property owners within 300 feet and published the application on the Current Zoning Application web page. Planning staff received no comments or inquiries concerning the zone change.

### **Zoning Commission Public Hearing August 6, 2024**

The Zoning Commission held a public hearing on August 6, 2024, and received the staff recommendation and testimony from the applicant's agent, Zach Schopp. There was no other testimony received. Chairperson Dan Brooks closed the public hearing.

Commission member Greg McCall made a motion to recommend approval and adoption of the 10 review criteria. The motion was seconded by Commission member Andy Megorden, and it was approved on a unanimous vote (5-0).

## **ALTERNATIVES**

The City Council may:

- Approve and adopt the findings of the ten review criteria for Zone Change 1051 as recommended by the Zoning Commission; or,
- Deny and adopt different findings of the ten review criteria for Zone Change 1051; or,
- Delay action on the zone change request for up to 30 days at the request of the applicant or on its own motion; or,
- Refer the application back to the Zoning Commission for an additional public hearing based on 1) new information submitted that the applicant and public has not had an opportunity to examine; or 2) new information has been presented that was never submitted or considered by the Zoning Commission or staff; or
- Allow the applicant to withdraw the zone change request.

The applicant has not requested a delay or withdrawal of the application.

## **FISCAL EFFECTS**

Approval or denial of the zone change should have no effect on the Planning Division budget.

## **SUMMARY**

Before making a decision on the zone change request, the City Council will consider the Zoning Commission's findings of the following criteria:

1. Is the new zoning designed in accordance with the Growth Policy?

The proposed zone change is consistent with the following guidelines of the 2016 Growth Policy:

Essential Investments:

- Infill development and development near existing city infrastructure may be the most cost effective.

#### Community Fabric:

- Cost-effective landscaping of public rights-of-way and entryways makes Billings more visually appealing to residents and visitors

#### Strong Neighborhoods:

- Zoning regulations that allow a mixture of housing types provide housing options for all age groups and income levels
- Zoning and subdivision regulations that utilize Crime Prevention Through Environmental Design (CPTED) strategies result in safer neighborhoods
- Implementation of the Infill Policy is important to encourage development of underutilized properties

#### Prosperity:

- A diversity of available jobs can ensure a strong Billings' economy
- Successful businesses that provide local jobs benefit the community
- Community investments that attract and retain a strong, skilled and diverse workforce also attracts businesses
- Retaining and supporting existing businesses helps sustain a healthy economy

The property is an underutilized site with access to full city services. Entrepreneurship in Billings has always been a foundation of the local economy. Providing a live/work housing option will support these local small business owners as well as providing an affordable housing choice in an area in need of people. The proposed residential use will support the principles of CPTED and will help deter crime in the area.

#### 2. Is the new zoning designed to secure from fire and other dangers?

The new zoning is a form-based code that requires site development standards and regulates uses to a lesser degree. The implementation of the form-based code along with building and fire codes during re-development will provide security from fire and other dangers.

#### 3. Whether the new zoning will promote public health, public safety and general welfare?

Public health and public safety will be promoted by the proposed zoning. The property has the potential to allow new mixed-use structures to be built to current building and safety codes. A full re-development of the property will benefit the general welfare by adding to the tax increment value of the EBURD. Vacant lots tend to attract vandals and transients. Development of this lot will help make this area of the EBURD safer.

#### 4. Will the new zoning facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements?

Transportation: The proposed zoning will not have any effect on the existing transportation system. The surrounding street system consists of arterial and local streets. Development of the property may require some changes in the infrastructure, but most of the right-of-way has been updated.

Water and Sewer: The City will provide water and sewer for the property. There will be no additional impacts on the system from the proposed zoning.

Schools and Parks: Schools and parks should not be affected by the proposed zoning.

Fire and Police: The subject property is served by city public safety services. The Police and Fire Departments had no concerns about the zone change.

#### 5. Will the new zoning provide adequate light and air?

The proposed zoning provides for sufficient building separations to allow for adequate light and air.

#### 6. Will the new zoning effect motorized and non-motorized transportation?

The new zoning will have no effect on the transportation system. Traffic generation will not affect the local street network and surrounding intersections are traffic controlled.

#### 7. Will the new zoning promote compatible urban growth?

The new zoning does promote compatibility with urban growth. The proposed zoning will allow this parcel to develop for residential and commercial uses that are compatible with the urban growth pattern.

8. Does the new zoning consider the character of the district and the peculiar suitability of the property for particular uses?

The proposed zoning does consider the character of the district and the suitability of the property for the proposed use. The proposed zoning is identical to the zoning to the north and west of the subject property and is an appropriate zone with the adjacent businesses and arterial streets.

9. Will the new zoning conserve the value of buildings?

There are no buildings on the property.

10. Will the new zoning encourage the most appropriate use of land throughout the City of Billings?

The proposed zoning will encourage an appropriate industrial use and building form on this property.

Meeting synopsis:

Zach Schopp, Bruce Tonn, and Matt Tucker held the meeting via zoom and in-person. The only attendee who came was the current property owner, Cal Paulson. Cal had asked about our vision for the property with the rezoning, and we explained that in order to add residential living above commercial spacing, we would need to rezone. He was excited about the idea. The rest of the meeting was spent chatting and waiting for any other potential attendees, none of whom showed up.

**To: City of Billings Planning Department**

**Subject: Zone Change Application for The Foundry Project at 122 N 12th St, Billings, MT 59101**

**Introduction:**

The Foundry Project LLC is under contract to purchase the property located at 122 N 12th St, Billings, MT 59101, with the intention to develop commercial and mixed-use buildings featuring commercial shop space on the ground floor and residential apartments above. This project aims to enhance the downtown area by providing workforce housing opportunities and fostering a vibrant, integrated community where people can live, work, and enjoy local amenities.

**Alignment with the City's Growth Policy:**

Our development plan aligns with the City of Billings' Growth Policy, which emphasizes managing growth by encouraging development within existing city limits, prioritizing areas with existing infrastructure, and fostering strong neighborhoods. The Foundry Project will contribute to this vision by redeveloping an underutilized property within the Billings Industrial Revitalization District (BIRD) into a dynamic mixed-use space that supports both commercial and residential needs.

**Statutory Criteria for Zone Change:**

*1. Designed in accordance with the growth policy:*

The Foundry Project supports the City's vision of promoting development within city limits where infrastructure exists, enhancing the unique character of neighborhoods, and offering diverse housing options. By integrating commercial and residential spaces, we aim to create a thriving community hub that reflects Billings' growth objectives.

*2. Secure from fire and other dangers:*

The new zoning and development will incorporate modern building codes and fire safety measures, ensuring a safe environment for residents and businesses. We will work closely with local fire departments to ensure compliance with all safety regulations.

*3. Promote public health, public safety, and general welfare:*

By providing workforce housing and local commercial spaces, our project will enhance the general welfare of the community. Residents will benefit from reduced commute times and improved access to amenities, contributing to their overall well-being.

*4. Facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements:*

The Foundry Project will leverage existing infrastructure and services, minimizing the need for new public investments. Our development will support the use of public transportation and non-motorized transportation, reducing traffic congestion and environmental impact.

*5. Provide adequate light and air:*

The design of our mixed-use building will ensure ample natural light and ventilation for both commercial and residential units, promoting a healthy living and working environment.

*6. Effect motorized and non-motorized transportation:*

Our project is strategically located to encourage walking, cycling, and the use of public transportation. We will include bike racks and pedestrian-friendly pathways to support non-motorized transportation options.

*7. Compatible with urban growth in the vicinity of cities or towns:*

The proposed development is in line with urban growth patterns in downtown Billings, complementing nearby commercial and residential areas. It will contribute to the ongoing revitalization efforts in the BIRD.

*8. Considers the character of the district and the peculiar suitability of the property for particular uses:*

The property's history as a commercial foundry makes it uniquely suitable for a mixed-use development that honors its industrial past while meeting current needs for commercial and residential space.

*9. Conserve the value of buildings:*

By redeveloping and repurposing the existing property, The Foundry Project will help conserve and potentially increase the value of nearby buildings, contributing positively to the overall property market in the area.

*10. Encourage the most appropriate use of land throughout Yellowstone County:*

Our project exemplifies the most appropriate use of land in this district by transforming a former industrial site into a mixed-use development that addresses contemporary urban needs, aligning with the county's broader goals for sustainable development.

*11. Compatibility with the zoning of nearby cities and towns:*

The mixed-use nature of our project is compatible with the zoning and development patterns in nearby areas, fostering a cohesive and integrated urban landscape.

**Conclusion:**

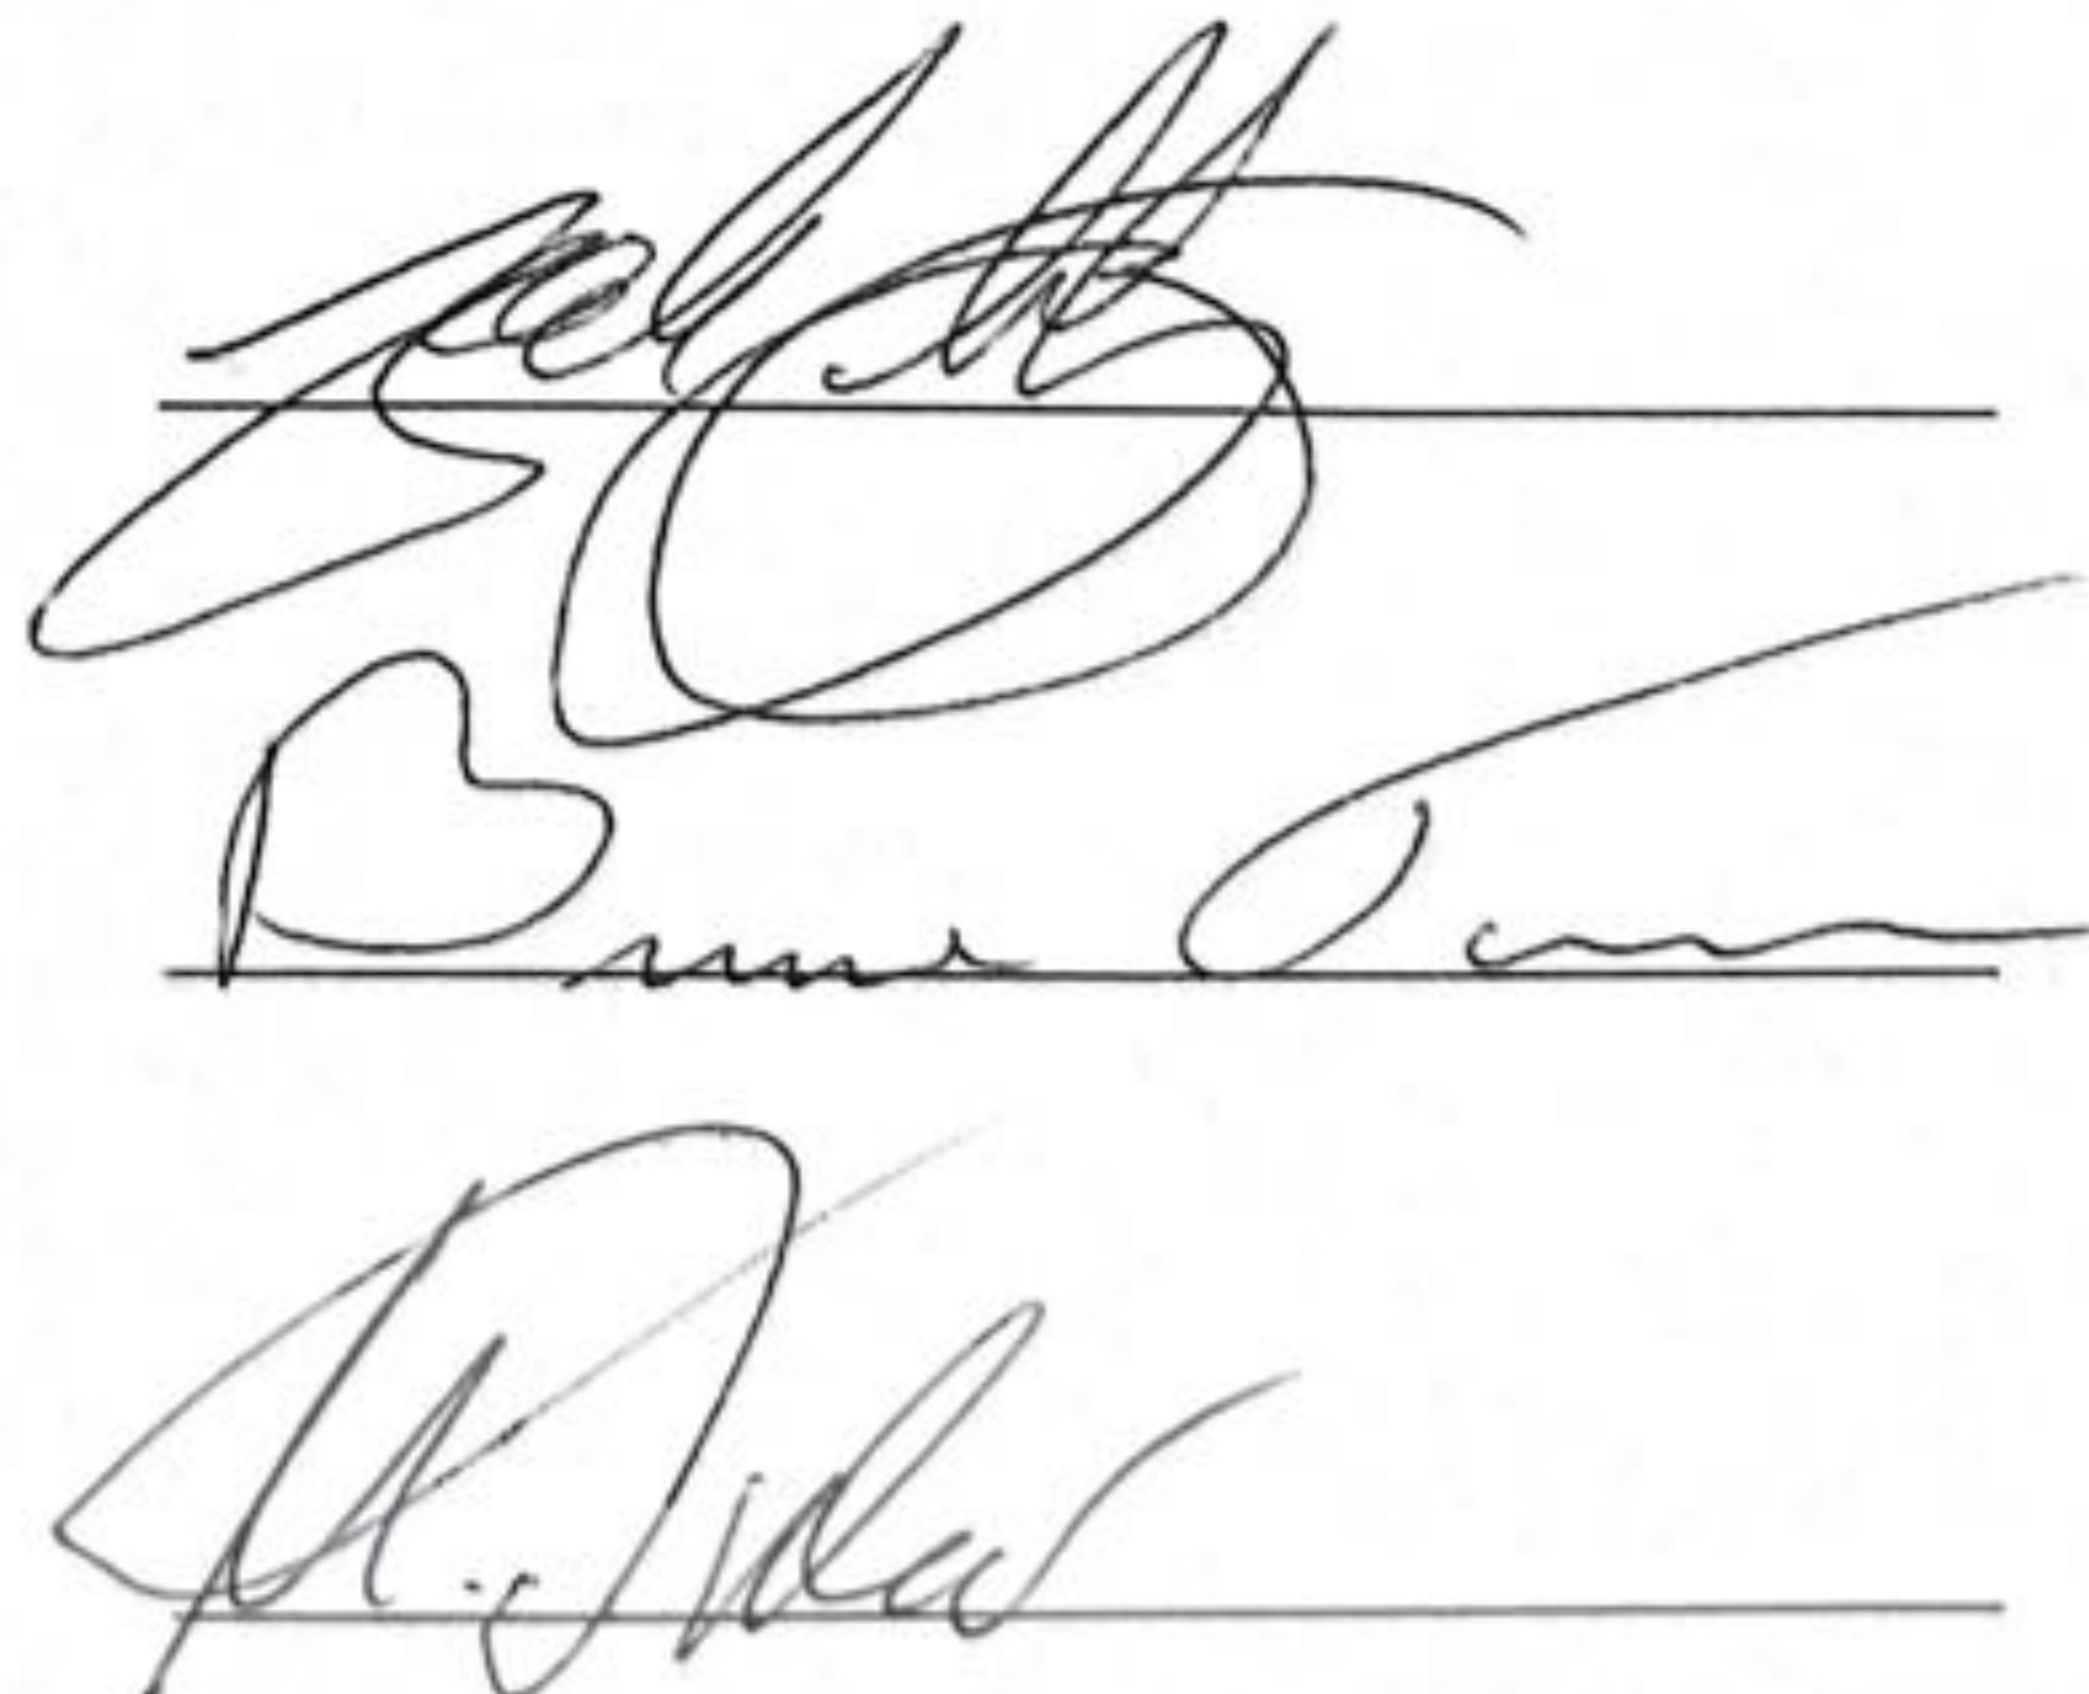

The Foundry Project LLC is committed to contributing to the City of Billings' vision for growth and community betterment through the thoughtful development of 122 N 12th St. Our project will enhance the downtown lifestyle, provide essential workforce housing, and support local businesses, aligning with the city's growth policy and statutory criteria for a zone change. We respectfully request approval for the proposed zone change to enable this transformative project.

Sincerely,

Zach Schopp

Zone Change 1051 – 112 N 12<sup>th</sup> St

**City Council Regular**

**Date:** 08/26/2024  
**Title:** Zone Change 1053 - 529 S Billings Blvd - N2 (Mid-Century Neighborhood) to CX (Heavy Commercial) - Public hearing and 1st reading  
**Presented by:** Nicole Cromwell  
**Department:** Planning & Community Services  
**Presentation:** Yes  
**Legal Review:** Not Applicable  
**Project Number:** PZX-24-00154

**RECOMMENDATION**

The Zoning Commission recommends approval and adoption of the 10 review criteria for Zone Change 1053.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

This is a zone change request for property located at 529 S Billings Blvd legally described as Parcel 1 of Certificate of Survey 666. The property is currently zoned N2 (Mid-Century Neighborhood), and shares a property line with Hanser's vehicle wrecking yard to the north. The site was originally developed with a residential home (1925) that is in significant disrepair. Hanser Properties purchased the parcel in late 2023 and the deed was filed in January 2024. Prior to this purchase, the property was filled with junk, trash, debris and salvaged materials by the previous owner and tenants. There were 11 code enforcement cases on the property between 2008 and 2023 - eight of those in the last 5 years. Since purchasing the property, Hanser Properties has cleared the lot of all debris and trash and secured the home. The residence is currently vacant.

The intent of the zone change is to allow Hanser Properties to use the rear portion of the property for storage of equipment used for the business. This would not include wrecked vehicles. Those vehicles would still be stored in the wrecking yard to the north. A wrecking yard is not a permitted use in the CX zone district. The wrecking yard to the north is zoned Light Industrial and has previously received special review approval from the City Council (2016).

This property is intended for the storage of abandoned vehicles that are towed by Hansers' Towing. Abandoned vehicles are reported to the Police Department or other public safety agencies. These are towed off the public street if not removed in a short period of time after notice is given to the owner. The towing company is required to store the towed vehicle for at least 30 days to give the owner time to retrieve the vehicle. Afterward, if not retrieved by the owner, the vehicle can be moved to the wrecking yard for parts or sent to a facility to be crushed. In addition, Hanser Properties would like to preserve the option in the future for residential uses on the property that will include all types of housing options, from single family to multifamily dwellings. The existing driveway will not be used for the immediate planned use as secure storage for abandoned vehicles. The tow trucks will enter through the wrecking yard and bring the abandoned vehicles into the rear portion of the subject property. The owners intend to remove the existing dwelling from the front, and install new fencing around the proposed storage area. Conversion of the property to this new use will require improvements to buffer the residential areas to the east and south.

South Billings Blvd is an arterial street with a large volume of daily traffic including all types of vehicles including tractor trailers, school buses, passenger vehicles and delivery vehicles. This section north of King Ave E is a main connection between the interstate and other arterial streets that go east to downtown and west to Laurel frontage Road and King Ave W. About 10,000 vehicle trips per day use this section of S Billings Blvd that does not include school traffic (Sept to May). An adjustment factor to adjust these traffic counts is between 1.1 and 1.2. There is a multi-use path constructed on this side of the street and is heavily used by school students and neighborhood residents.

The subject property received two previous zone changes prior to the 2021 zoning code overhaul and update. In May 1974, the property was changed from single family zoning (R96) to small lot single family zoning with options for multifamily dwellings (R60) - County Zone Change 14. In 2001, this lot and surrounding property was re-zoned from R60 and R96 to R70 and RMH zoning.

The subject property was not re-developed under those previous zoning changes while the property to the south and east was developed. Rebecca Estates off Newman Avenue is located in the former R70 zone district and Rebecca Estates Manufactured Home Park is located to the south in an RMH zone district. The current zoning for this parcel and for Rebecca Estates off Newman Avenue is N2 - Mid-Century Neighborhood and the manufactured home park is still zoned RMH. Property to the north and west is zoned Light Industrial (I1) and all these parcels are owned by

Hanser Properties. Hanser's Automotive started the development of the wrecking yard on the east side of S Billings Blvd in 2004 and completed the southern portion adjacent to the subject property in 2019.

The Planning staff reviewed the application and recommended approval to the Zoning Commission based on the draft proposed findings of the 10 review criteria for zone changes. The Zoning Commission concurred with the recommendation. The proposed zoning of CX is an interim and transitional zone between the existing I1 zoning and the N2 zoning to the south. The CX zone now allows the option for future development for residential use. The proposed use for storage of Hanser commercial vehicles as well as a dedicated long term storage space (30 to 60 days) of abandoned vehicles will allow the businesses to have secure off-street parking, reserving the ability for future redevelopment.

Expansion of the wrecking yard to this property would not be allowed in the CX zone. Re-development of the property will require a shielding fence and landscaping installed as per the B3 bufferyard standards in the zoning code. A B3 bufferyard is required between a CX zone used for non-residential purposes and any adjacent developed neighborhood zone. The B3 bufferyard is intended to diminish any negative impact on the adjacent homes by including trees and shrubs in addition to a sight-obscuring fence. Impacts to neighbors might include noise, dust, commercial lighting and similar activity that does not improve the quiet enjoyment of residential property. The required bufferyard should diminish these impacts to a great degree. Buildings and surrounding properties will benefit from property improvements and removal of nuisance conditions. Standards for commercial property adjacent to residential neighbors will apply to this property in addition to the landscaping requirements including shielded light fixtures if any are proposed. Single family residential uses along an arterial street tend to have a lower quality of life due to the impact of traffic volume and types of traffic that may include heavy trucks, buses and tractor trailers. Not all arterial streets have the same variety or volume of traffic, but S Billings Boulevard does have the volume and types of traffic that would tend to make single-family homes less comfortable.

**STAKEHOLDERS**

The applicant conducted a pre-application meeting at 502 S Billings Blvd on June 17, 2024. The synopsis of the meeting is attached. There were no surrounding owners who attended. The planning staff have not received input from any neighboring property owners. The Planning staff posted the property, mailed the surrounding property owners and placed a legal ad in the Yellowstone County News as required by the zoning regulations. In addition, the application was posted online on the "Current Zoning Applications" web page maintained by the Planning Division.

**Zoning Commission Public Hearing August 6, 2024**

The Zoning Commission held a public hearing on August 6, 2024, and received the Planning staff recommendation and testimony from the applicant, Shel Hanser of Hanser Properties, and the agent, JW Papez. No other testimony was received. Chairperson Dan Brooks closed the public hearing.

Commission member David Goss made a motion to recommend approval and adoption of the findings of the 10 review criteria. The motion was seconded by Commission member Andy Megorden, and was approved on a unanimous vote (5-0).

## ALTERNATIVES

The City Council may:

- Approve and adopt the findings of the ten review criteria for Zone Change 1053 as recommended by the Zoning Commission; or,
- Deny and adopt different findings of the ten review criteria for Zone Change 1053; or,
- Delay action on the zone change request for up to 30 days at the request of the applicant or on its own motion; or
- Refer the application back to the Zoning Commission for an additional public hearing based on 1) new information submitted that the applicant and public has not had an opportunity to examine; or 2) new information has been presented that was never submitted or considered by the Zoning Commission or staff; or
- Allow the applicant to withdraw the zone change request.

The applicant has not requested a delay or withdrawal of the application.

## FISCAL EFFECTS

The zone change will not have any effect on the Planning Division budget.

## SUMMARY

Prior to making a decision on the zone change request, the City Council shall consider the Zoning Commission's recommended findings of the following criteria:

1. Is the new zoning designed in accordance with the Growth Policy?

The proposed zone change is consistent with the following goals of the Growth Policy:

### Community Fabric:

- Attractive street-scapes provide a pleasant and calming travel experience in urban and suburban neighborhoods.

### Essential Investments:

- Infill development and development near existing city infrastructure may be the most cost-effective.

### Strong Neighborhoods:

- Implementation of the Infill Policy is important to encourage the development of underutilized properties.

### Prosperity

- Successful businesses that provide local jobs benefit the community.
- Retaining and supporting existing businesses helps sustain a healthy economy.

The South Billings Urban Renewal Master Plan envisioned this area between Newman Lane, Parkway Lane, Laurel Frontage Rd and King Ave E as the "Amend Village". This area of the Amend Village neighborhood north of Simpson Street up to Laurel Frontage Road was designated to increase business opportunities. The plan focused on re-invigorating the businesses along Laurel Frontage Rd by reintroducing street trees and better urban infrastructure. Hanser's Automotive has been a key agent of improvements on S Billings Blvd, including the installation of a "hawk" signal for a pedestrian crossing between their facilities on the west and east sides of the street, street lighting and street front landscaping.

The Hanser Automotive property on the west side of S Billings Blvd is constrained by adjacent property owners and uses. Additional areas for secure parking or equipment and business vehicles are limited on the west side of S Billings Blvd. The proposed zoning of CX on the subject property would allow some additional area for parking and storage of business vehicles. The existing wrecking facility directly north of the subject property would not expand on to this parcel as CX zoning does not allow this use. The existing zoning of N2 would only allow one structure with 1 or 2 units without additional street frontage. A re-development under this zone could include a private street that would expand the number of dwellings on the property from 2 dwelling units. It is not likely a new development of one or two-family dwellings would make sense at this location. The proposed zoning would allow re-development to provide a secure parking storage area for Hanser's Automotive. The CX zone and other non-residential development has to provide an effective buffer between this use and the adjacent residential neighborhood. The zoning district is compatible with the character of S Billings Blvd and there are protections in place for the adjacent residential neighborhoods. The Infill Policy encourages development of vacant and undervalued property within the city limits with emphasis on efficient use of existing city infrastructure and services. The Growth Policy supports increasing

opportunities for businesses to stay in Billings and continue to provide local jobs.

2. Is the new zoning designed to secure from fire and other dangers?

The new zoning requires minimum setbacks, open and landscaped areas and building separations. The new zoning, as do all zoning districts, provides adequate building separations and density limits to provide security from fire and other dangers.

3. Whether the new zoning will promote public health, public safety and general welfare?

Public health and public safety will be promoted by the proposed zoning. Re-development of the vacant land in the city will promote public health and safety as well as the general welfare by improving the appearance of the area and adding value to the tax increment district. The adjacent residential neighborhood will be protected through the application of the zoning standards for any new development of the property and landscaping.

4. Will the new zoning facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements?

**Transportation:** The proposed zoning will have little impact on the surrounding transportation system. The City Engineering Division will work closely with the owner to ensure any impacts are minimized.

**Water and Sewer:** The City already provides water and sewer to the property, but the existing residence is vacant. There will be no additional impact to the system at this time from the proposed zoning.

**Schools and Parks:** Schools and parks should be unaffected by the proposed zone change.

**Fire and Police:** The subject property is served by city public safety services. The Police Department had no concerns with the zone change and the Fire Department will be involved in any development plan and building permit(s).

5. Will the new zoning provide adequate light and air?

The proposed zoning provides for sufficient setbacks to allow for adequate separation between structures and adequate light and air.

6. Will the new zoning effect motorized and non-motorized transportation?

The new zoning will not have an immediate effect on vehicle and pedestrian traffic. The drive approach will remain in place. If the property is re-developed in the future, impacts on transportation will be evaluated at that time. Construction and demolition on the site may disrupt traffic patterns for short periods of time.

7. Will the new zoning will promote compatible urban growth?

The new zoning does promote compatibility with urban growth. The proposed zoning will allow commercial activity on an underutilized property as an infill project.

8. Does the new zoning consider the character of the district and the peculiar suitability of the property for particular uses?

The proposed zoning does consider the character of the district and the suitability of the property for the proposed use. Development will include new buffer yards and landscaping to better insulate the existing neighborhood from commercial uses.

9. Will the new zoning conserve the value of buildings?

The property is currently developed with one single family dwelling. The existing home can remain and will not be de-valued by the proposed zoning. Residential use is allowed in the CX zone.

10. Will the new zoning encourage the most appropriate use of land throughout the City of Billings?

The proposed zoning will permit commercial uses similar to surrounding uses to the north and west. Existing residential neighborhoods to the south and east will be protected by commercial development standards when that use is adjacent to a residential neighborhood.

**Sec. 27-1628. Zone change.**

A. *Purpose.* This zoning code, including the official zoning map, may be amended by the city council.

B. *Initiation of zone change.*

1. *Text amendment.* Proposals to amend the text of this zoning code (text amendment), may be initiated by the city council, the zoning commission, or the Yellowstone County Board of Planning.
2. *Zone change (map amendment).* Unless initiated by the city council, all applications for zone change must be submitted by the owner of the subject property, the contract purchaser, or the authorized agent of the owner.

C. *Procedures.*

1. *Common procedures.* Common procedures for review and decision of a zone change application are identified in Table 27-1600.1 and are summarized here for applicant convenience.
2. *Specific procedures.*
  - (a) A pre-application neighborhood meeting is required per section 27-1604.
    - (1) The applicant shall provide a signed statement affirming the pre-application neighborhood meeting was conducted in conformance with the requirements of subsection 27-1604(b)(3), and the zone change application is based on material presented at the meeting. The signed statement shall include a copy of the meeting notice, any written materials provided to the surrounding property owners, a brief synopsis of the meeting results, a roster of the persons attending the meeting and audio or written minutes of the meeting.
  - (b) Notice of a zone change application shall be provided as follows:
    - (1) *Publication.* Notice of the application shall be advertised in a newspaper of general circulation at least fifteen (15) calendar days in advance of the date of the public hearing.
    - (2) Mailed notice shall be provided to the applicant and/or applicant's authorized agent; and
      - a. Where the subject property is equal to or more than six hundred (600) feet to exterior coterminous city limits: All property owners within a 300-foot radius. Where the subject property is less than six hundred (600) feet to exterior coterminous city limits: All property owners within one thousand three

---

hundred twenty (1,320) feet. Coterminous city limits do not include unincorporated islands within the city limits.

- b. PD zone change: All property owners within one thousand three hundred twenty (1,320) feet.
- c. PND zone change: All property owners within one thousand three hundred twenty (1,320) feet.
- d. In addition to the notice above and before enacting on its own motion an amendment to the official zoning map, the city council shall provide written notification by mail of such amendment to each property owner whose name appears on the last tax record of the property subject to the amendment. The notification shall include what the proposed map amendment is, the time, date and place of the public hearing on the proposed amendment. Such notification shall be made at least fifteen (15) calendar days in advance of the date of public hearing.

(3) *Posted.* Place notice of the public hearing on the property subject to the zone change fifteen (15) calendar days in advance of the public hearing.

(4) Notice of a text amendment shall be published in the same manner as the publication requirement of a zone change application.

(c) Public hearings shall be held for both the city zoning commission review and city council review of the request for zone change or text amendment.

D. *Decision criteria.* The review and decision-making bodies shall consider the following statutory criteria in making a recommendation or decision regarding a zone change application:

- 1. Whether the new zoning is designed in accordance with the growth policy;
- 2. Whether the new zoning is designed to secure from fire and other dangers;
- 3. Whether the new zoning will promote public health, public safety and general welfare;
- 4. Whether the new zoning will facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements;
- 5. Whether the new zoning will provide adequate light and air;
- 6. Whether the new zoning will affect motorized and nonmotorized transportation;
- 7. Whether the new zoning will promote compatible urban growth;
- 8. Whether the new zoning considers the character of the district and the peculiar suitability of the property for particular uses;
- 9. Whether the new zoning will conserve the value of buildings; and
- 10. Whether the new zoning will encourage the most appropriate use of land throughout the city.

E. *Review and decision-making.*

1. *City zoning commission recommendation.*

(a) The city zoning commission shall make a recommendation to the city council to:

- (1) Deny the application;
- (2) Approve the application; or
- (3) Allow the application to be withdrawn.

- 
- (b) Recommendations from the zoning commission shall be based on findings of fact and shall be transmitted to the applicant or applicant's agent, and the city council within fifteen (15) calendar days of the date of the public hearing before the zoning commission.
  - (c) The recommendation of the zoning commission shall be published in a newspaper of general circulation.
  - (d) The zoning commission may, by a majority vote of the members present, delay action for a period not to exceed thirty (30) calendar days, without prejudice to the applicant. A report of the commission's recommendation and the zoning coordinator's findings and conclusions shall be submitted to the city council.

2. *City council action.*

- (a) The city council shall hold a public hearing within thirty (30) calendar days after the publication of the zoning commission recommendation.
- (b) Before taking action on a zone change application, and after presentation of the zoning commission report, the city council shall hold a public hearing on the application.
- (c) A second reading of the ordinance as required by BMCC section 2-232.
- (d) The city council shall:
  - (1) Approve the application;
  - (2) Deny the application;
  - (3) Allow withdrawal of the application; or
  - (4) Delay the application for a period not to exceed thirty (30) calendar days.

3. *Protest petition triggers supermajority vote requirement.* As provided in MCA 76-2-305(2), in the event of a protest petition against such zone change signed by the owners of twenty-five (25) percent or more of: (1) the area of the lots included in any proposed change; or (2) those lots or units, as defined in MCA 70-23-102, one hundred fifty (150) feet from a lot included in a proposed change, such proposed amendment shall not become effective except by the favorable vote of two-thirds ( $\frac{2}{3}$ ) of the present and voting members of the city council.

- (a) For purposes of this protest provision, each unit owner is entitled to have the percentage of the unit owner's undivided interest in the common elements of the condominium, as expressed in the declaration, included in the calculation of the protest.
- (b) If the property, as defined in MCA 70-23-102, spans more than one lot, the percentage of the unit owner's undivided interest in the common elements must be multiplied by the total number of lots upon which the property is located.
- (c) The percentage of the unit owner's undivided interest must be certified as correct by the unit owner seeking to protest a change or by the presiding officer of the association of unit owners.
- (d) The protest petition must be received in the planning and community services department office by 5:00 p.m. on the Friday preceding the first reading of the amendment by the city council.

City of Billings Zoning Commission  
Attn: Zoning Commission Chairman  
2825 3<sup>rd</sup> Ave. North  
Billings, MT 59101

**RE: Zone Change Tract 1, CS 666**

Mr. Chairman,

Hanser Properties, LP recently acquired a property located at 529 South Billings Boulevard. The subject property is located immediately adjacent to their existing operational facilities along South Billings Boulevard. The subject property is currently zoned Mid-Century Neighborhood (N2), and my client would seek to rezone the property to Heavy Commercial (CX). This zone change is necessary to facilitate usage of the property that is compatible with their existing operations, which are not permitted within (N2) zoning.

The rezoning from N2 to CX would not only allow Hanser Properties LP to utilize the property as part of their operations but would also allow for the potential construction of multi-family residential in the future.

The proposed zone change is in line with the City of Billings Growth Policy and will allow for more flexible usage of the property for future development.

Kind Regards,

James W. Papez

## Tract 1, Certificate of Survey 666 Zone Change Questions

**1. Whether the new zoning is designed in accordance with the growth policy;**

The rezoning of the property is in line with the current adopted growth policy of the City of Billings. This project would be considered an “infill development” that already has access to established City infrastructure making it a cost-effective solution to redevelopment. The commercial zoning will allow Hanser’s to utilize the property in conjunction with their existing operations that provide local jobs and valuable services to the greater Billings area. Additionally, the proposed zone change will also allow for both commercial and multi-family residential redevelopment potential on the subject property.

**2. Whether the new zoning is designed to secure from fire and other dangers;**

The proposed zone change from N2 (Mid-Century Neighborhood) to CX (Heavy Commercial) should not create any additional fire dangers. The redevelopment of the property will remove an abundance of accumulated waste and debris that currently exists on the property thereby reducing existing fire dangers. Additionally, two existing fire hydrants are located within 275’ of the subject property to provide adequate fire protection.

**3. Whether the new zoning will promote public health, public safety, and general welfare;**

The change from N2 to CX zoning will promote public health, safety and general welfare by removing existing dilapidated buildings from the subject property, thereby enhancing the neighborhood. The rezoned property will be equipped with a security fence that will reduce the potential for transient gathering. The CX zone also allows for the potential development of multifamily housing on the property in the future.

**4. Whether the new zoning will facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements;**

The zone change will not impact existing transportation and the property will retain the existing drive approach located on South Billings Blvd. Water and

sewer services are currently extended into the property which could be utilized, unless future development exceeds the capacity of the existing services. If this were to occur, both water and sewer mains are readily available in South Billings Blvd. to meet any increased usage. The change from N2 to CX is not anticipated to have any impact on schools or parks since the zone change would still allow for potential multi family housing in the future.

**5. Whether the new zoning will provide adequate light and air;**

The zone change will have minimal impacts on light and air in the surrounding area. Redevelopment of the property will likely increase the amount of open area compared to the existing site conditions. Any future improvements would be completed in compliance with the City of Billings zoning code for open areas and light.

**6. Whether the new zoning will affect motorized and nonmotorized transportation;**

The zone change is not anticipated to have any impact on motorized and non-motorized transportation. The subject property will retain the existing drive approach onto South Billings Blvd. An existing 10-foot wide multi-use path is located along the property frontage which promotes non-motorized transportation as well as enhanced access to motorized transportation facilities.

**7. Whether the new zoning will promote compatible urban growth;**

The zone change from N2 to CX will promote compatible urban growth through the increased allowable uses for the property. The CX zoning contains compatible uses that compliment the adjacent Light Industrial zoning to the north, while allowing for the potential future development of multifamily housing adjacent to the properties to the south and east.

**8. Whether the new zoning considers the character of the district and the peculiar suitability of the property for particular uses;**

The subject property is surrounded primarily by a mix of Light Industrial, Mid-Century Neighborhood, and Residential Mobile Home districts. The zone change from N2 to CX will allow for uses compatible with both the industrial and residential surrounding uses. The CX zoning contains compatible uses that complements the adjacent Light Industrial zoning to the north, while

allowing for the potential future development of multifamily housing adjacent to the residential properties to the south and east.

**9. Whether the new zoning will conserve the value of buildings;**

The existing property is occupied by a dilapidated residence, garage and discarded materials. The rezoning of the property will facilitate removal of the existing buildings, waste, and debris and promote redevelopment that enhances the appeal of the neighborhood, further discouraging transient presence. The variety of uses and redevelopment potential associated with CX zoning will help conserve and promote the value of buildings in the district.

**10. Whether the new zoning will encourage the most appropriate use of land throughout the city.**

The subject property is surrounded primarily by a mix of Light Industrial, Mid-Century Neighborhood, and Residential Mobile Home districts. The zone change from N2 to CX will allow for uses compatible with both the industrial and residential surrounding uses. The CX zoning contains compatible uses that complement the adjacent Light Industrial zoning to the north, while allowing for the potential future development of multifamily housing adjacent to the residential properties to the south and east.

**CITY ZONE CHANGE Pre-Application Statement of Owner(s) and Agent(s)**

The owner(s), contract purchasers (if any) and agents (if any) are required to submit this completed form and any attachments along with a completed zone change application packet, including any required fees, for a zone change to be processed by the Planning Division.

1. **Present Zoning:** Mid-Century Neighborhood Residential (N2)
  
2. **Written description of the Zone Change Plan** including existing and proposed new zoning:

Zone Change 1053 – 529 S Billings Blvd

**City Council Regular**

**Date:** 08/26/2024  
**Title:** Tax Increment Assistance to the Alberta Bair Theater from the Downtown Tax Increment Fund  
**Presented by:** Andy Zoeller, Finance Director  
**Department:** Finance  
**Presentation:** Yes  
**Legal Review:** No  
**Project Number:** N/A

**RECOMMENDATION**

The Downtown Billings Partnership (DBP) Board has reviewed the attached application for tax increment assistance and recommends the City Council not approve the request for tax increment finance funds from the Expanded North 27th Urban Renewal District to the Alberta Bair Theater Corporation, a 501(c)(3) non-profit.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

Alberta Bair Theater (ABT) is a non-profit corporation that runs the Alberta Bair Theater located at 2722 3rd Avenue North. Because this property is owned by the City and operated by a non-profit, there are no property taxes paid on the property. The City of Billings owns fee title to the property. The ABT has leased the property from the City to operate a performing arts theater since October 18, 1982. Under the terms of the current lease agreement, dated October 18, 2012, the ABT has the right to possess the property through October 17, 2072, and is entitled to make whatever renovations and improvements that it deems appropriate.

Alberta Bair Theater intends to install bollards along the sidewalk on N. Broadway and 3rd Ave N. The ABT is requesting \$112,065 toward the installation of bollards to provide protection of their building and pedestrians from vehicles. The total cost of improvements is estimated to be \$112,065, to be partially funded by the TIF and with \$29,065 from the ABT.

The DBP considered the application at its July 26th meeting and voted not to recommend \$83,000 in TIF assistance. The DBP's decision was based on the district's financial projections and current priorities, which emphasize downtown housing, mixed-use projects, and public safety. While acknowledging the significance of the ABT and its importance downtown, the DBP's recommendation reflects a prioritization of these goals and limited financial resources. The DBP board recommends waiting for the two-way street conversion to occur prior to investing in the bollards, as the reconfiguration may provide the traffic-calming and safety that is desired.

**ALTERNATIVES**

City Council may:

- Approve the application for TIF funds, contrary to the DBP's recommendation; or,
- Modify the requested amount or terms for the expenditure of TIF funds; or,
- Disapprove the application for TIF funds, in line with the DBP's recommendation.

**FISCAL EFFECTS**

This project was not included in the FY25 budget and the downtown TIF district lost 7.3% in taxable value this year. If approved, staff recommends that payment not occur until FY26 or later. The development agreement with the Rockman project (approved on 3/11/24), limits the ability for the TIF to fund new development projects prior to the completion of that project. The total amount requested for this project is \$83,000 and will need to be budgeted in future years, as funds are available.

# Large Project Incentive Grant

## Purpose:

The purpose of this program is to provide financial and practical assistance to develop or redevelop buildings within the boundaries of the Expanded North 27th Street Urban Renewal District (URD) in downtown Billings. This program will:

- 1) Assist in the economic revitalization and stabilization of the URD;
- 2) Attract and retain a stable clientele population within the URD;
- 3) Stimulate private investment within the URD;
- 4) Generate additional property tax revenues within the URD; and
- 5) Encourage and facilitate the remodeling and restoration of historically significant structures within the URD.

Large projects **must support** the goals of the [Downtown Billings Strategic Plan](#) and the [Urban Renewal Plan of the North 27<sup>th</sup> St. TIFD](#). Applicants are encouraged to consider the design aesthetic of the surrounding neighborhood when submitting a design for review.

*Applicants are reminded that grant awards made by the Downtown Billings Partnership (DBP) are discretionary in nature and should not be considered an entitlement by the applicant. All grant criteria contained herein are guidelines for awards and successful applicants may receive any amount up to the maximum award. Should an applicant meet all grant criteria, a grant may or may not be awarded at the DBP and Billings City Council's discretion due to funding limitation, competing applications, and/or competing priorities of the DBP.*

## Eligible Expenses:

**Section One:** All public governments as well as public corporations (501c3) inherently have a public benefit purpose. |---------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|
| Does it eliminate blight?                                                                                     | Blight may include but is not limited to conditions which represent a risk to public health, morals, safety, and welfare in its present condition. Examples range from physical dilapidation to improper or inefficient layout. For a more complete list of factors, refer to MCA 7-15-4206. | <b>3 points<br/>Y/N</b> |
| Does it add/keep/improve housing?                                                                             | Construction or rehabilitation of housing is a priority in the downtown area. Quantity, quality, and projected rental or sale rates of units are to be considered.                                                                                                                           | <b>3 points<br/>Y/N</b> |
| Does it improve the overall design/aesthetic (facade, signage, historic preservation, alleyscapes)?           | Structural restoration, wayfinding, activation of alleys, and celebration of downtown's historical character are priorities as well as indicators of a strong town/city.                                                                                                                     | <b>3 points<br/>Y/N</b> |
| Does it promote economic growth (increasing taxable value, maximizing opportunities for shoppers & visitors)? | Activating vacant buildings or improving its operations in terms of safety contribute positively to the taxable value. Eliminating vacancies and adding density of populations enhance the vitality, vibrancy, resiliency, and connectivity of the neighborhood.                             | <b>3 points<br/>Y/N</b> |
| Is it energy efficient (environmentally and/or sustainably)?                                                  | Obtaining LEED certification, rehabilitating an existing building, and maintaining up-to-date utilities not only ensure the safety of tenants but also enhance their health while keeping costs low.                                                                                         | <b>3 points<br/>Y/N</b> |

| <b>Tier 2</b>                                                                                                |                                                                                                                                                                                                                                                                                                   |                         |
|--------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|
| Does it add/maintain/enhance landscaping (trees, boulevards, nativescaping)?                                 | City Centers are often places of gatherings for cultural events, musical concerts, and artisan eateries and shopping in addition to being a place to work, live, and play. Greenery is essential in maintaining a healthy positive environment where inhabitants have access to natural elements. | <b>2 points<br/>Y/N</b> |
| Does it activate an inactive building/space (abandoned, empty, unoccupied)?                                  | Vacancies lead to stagnating or declining taxable value. They also tend to be dark, which attracts undesired activities, which impacts the perception of safety.                                                                                                                                  | <b>2 points<br/>Y/N</b> |
| Does it provide an improved pedestrian experience (seasonal decor, ambiance lighting, sidewalk activations)? | Robust storefronts and sidewalk furniture/amenities engage with pedestrians and offer a compelling invitation to continue exploring businesses.                                                                                                                                                   | <b>2 points<br/>Y/N</b> |

At the sole discretion of the DBP Board of Directors, applicants are required to seek endorsement from the TIF Development Committee, which shall consist of design professionals, business or property owners, community members with an interest in downtown vitality, and members of the DBP Board. Applications will be reviewed by the DBP staff under supervision of the Development Committee. The DBP shall review applications on a first come, first served basis for the duration of funding availability. Quarterly, all projects that are recommended for approval by the Committee shall be submitted to the DBP Board of Directors for recommendation to Billings City Council for final approval or disapproval of funding the project.

All applicants will be apprised of the status of their application by written communication from the DBP staff. Award recipients shall receive a Development Agreement indicating the amount of the incentive funds awarded and any conditions deemed necessary by the DBP Board for receipt of the award. Applicants are required to return a signed copy of the Development Agreement to the DBP staff before funds will be committed to the project.

**Release of Funds:**

It is the responsibility of the award recipient to maintain proper documentation of funds expended in the course of completing the project. Release of funds is subject to submission of this documentation to the DBP by the award recipient. The project must be completed essentially as presented to the Committee and DBP Board in order to receive payment.

Incentive funds will be paid out according to the following criteria:

1. Applicants must submit copies of all required building permits.
2. Payment documentation must be submitted to the DBP office at 116 N 29<sup>th</sup> St.
3. Incentive awards will be paid upon **completion** of the project.

**Acceptable documentation is defined as PAID invoices, statements, or schedule of values from vendors, contractors, or consultants clearly detailing the work completed for the project**

**Encumbrance Policy:**

Applicants receiving funding under this program during the course of a given fiscal year (July 1 through June 30) are eligible to carry forward/encumber unexpended funds for a **maximum of one additional fiscal year** if all effort has been made to begin the project in the initial year; and/or when circumstances related to weather, construction season, etc. prohibit the completion of the project. Applicants must advise the DBP by June 1<sup>st</sup> if they will be requesting an extension of their project schedule.

**Disclaimer:**

The Downtown Billings Partnership, Inc., its committees, partners and or affiliates are not responsible for the planning, design, or construction of improvements to property that is owned by the applicant. No warranties or guarantees are expressed or implied by the description of, application for, or participation in the Urban Renewal Project Program. The applicant is advised to consult with licensed architects, engineers, or building contractors before proceeding with final plans or construction.

## Project Information

### **Description of Project:**

Attach a narrative explaining the project and any other design information. Use this section to pitch your project and explain how it will eliminate blight and/or provide a benefit to the public.

For the safety of our patrons, both in and outside of the renovated theater, as well as passersby, installing bollards on the sidewalk to prevent accidents is extremely important.

Since the renovation, two traffic collisions near the theater have happened; one knocked down the lamp post and one-way street sign next to ABT and the other hit and injured a bicyclist and hit a parked car in front of the First United Methodist Church.

At least two more incidents have happened nearby recently.

In September of 2023, a 15-year-old girl was arrested on suspicion of driving under the influence and four other people were hospitalized when two vehicles collided at the intersection of Third Avenue North and North 27th Street. The collision caused the vehicles to wind up off the road, past the sidewalk, and on First United Congregational Church's lot.

More recently, two women were found passed out in a vehicle littered with empty White Claw cans after they apparently drove into a sign near Spitz Mediterranean Restaurant and crashed into the bollards in front of Spitz, destroying the bollards. After the collision, the driver turned the vehicle around and drove to The Billings Gazette's parking lot, where the two women were found unconscious. What would have happened to the restaurant had the bollards not been there is anyone's guess.

### **Rehabilitation Plans:**

Attach schematic design drawings and/or completed construction document plans - including site, landscaping, and other engineering design information.

See attached drawings by Sanderson Stewart

### **Project Schedule:**

Attach a timeline or schedule through completion.

We were hoping for this summer to coordinate with the conversion of the one-way street to two-way.

**RESOLUTION NO. 18-10750****A RESOLUTION OF THE CITY OF BILLINGS FORMING A  
POLICY FOR THE ADMINISTRATION OF URBAN  
RENEWAL AREAS OR DISTRICTS (URD) IN THE CITY.**

WHEREAS, MCA, Title 7, Chapter 15, Part 42, Section 51 declares: General powers of municipalities in connection with urban renewal. Every municipality shall have all the power necessary or convenient:

- (1) To carry out and effectuate the purposes and provisions of this part and part 43;
- (2) To undertake and carry out urban renewal projects within the municipality, to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this part and part 43, and to disseminate blight clearance and urban renewal information;
- (3) To organize, coordinate, and direct, within the municipality, the administration of the provisions of this part and part 43 as they apply to such municipality in order that the objective of remedying blighted areas and preventing the causes thereof within such municipality may be most effectively promoted and achieved and to establish such new office or offices of the municipality or to reorganize existing offices in order to carry out such purpose most effectively;
- (4) To exercise all or any part or combination of powers granted in this part or part 43; and

WHEREAS, the City of Billings reviews and adopts Urban Renewal Plans for each of its Urban Renewal Districts, and those Plans specify goals for each Urban Renewal District; and

WHEREAS, the City of Billings may establish local policies that guide the establishment, operations, funding and governance of urban renewal districts; and

WHEREAS, development of TIF (Tax Increment Financing) Policies would be in the best interest of the City.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BILLINGS, MONTANA:

That the City Council now makes and adopts the following TIF Policy:

## CITY OF BILLINGS TAX INCREMENT FINANCE POLICY

1. PERMITTED USES OF TIF FUNDS. TIF funds may be used for costs outlined in MCA, Title 7, Chapter 15, Part 42, Section 88. Urban Renewal Plans adopted by the City may limit what TIF funds may be spent on in any Urban Renewal District. Eligible costs may include, but are not limited to:
  - a. Land acquisition and assemblage, demolition and removal of structures, relocation of occupants, analysis to determine needs of an urban renewal area, administrative cost for redevelopment activities.
  - b. Public infrastructure, including, but not limited to: streets, storm drains, parking, public buildings, water and sewer lines, sidewalks, utility connections.
  - c. Private infrastructure with public benefit, including, but not limited to, building façades, windows, doors, fire suppression or alarm systems, storm drainage, environmental remediation, parking, and ADA access.
  
2. FINANCIAL ASSISTANCE THROUGH TIF. All financial assistance must be approved by the City Council prior to any activity receiving funding. Financial assistance should be requested prior to beginning construction. All activity (design and construction) must be completed prior to issuance of TIF funds from the City Finance Department. Financial thresholds and assistance tools are as follows:
  - a. A minimum of  $\geq$  \$5 of private investment for every \$1 of public investment is the preferred threshold to be met for each TIF application. The City Council reserves the right to approve any application that does not meet this minimum. The City Council also may make exceptions for projects of less than \$100,000, and for publicly owned projects, properties or facilities.
  - b. Grants may be made for uses listed in Part 1 above benefitting any government owned-land or buildings and for profit and non-profit businesses.
  - c. Bonding may be available at the discretion of the City Council.
  - d. All TIF grants will be formalized by a development agreement that must be signed by the grantee before the City will reimburse eligible expenses.
  
3. URD MANAGEMENT. Each URD in the City of Billings will be managed as follows:
  - a. Each URD should maintain a non-profit advisory board to make recommendations to the City Council regarding TIF expenditures. Unless specifically authorized by a Memorandum of Understanding (MOU) referenced in 3(b) below, a majority of board members must own or lease property within the district, or must represent such owner or lessee, and may include representation from residential or commercial property owners or lessees. Advisory Boards must carry insurance for their members and provide proof of insurance to the City.
  - b. A MOU must be executed between the advisory board and the City Council that defines the board's roles, responsibilities, authority, and processes, including for hiring and maintaining board support staff. The MOU must

contain language addressing conflict of interest situations for board members whose property may directly benefit from a TIF expenditure and for board support staff. The MOU also must include language that if there is the appearance of a conflict of interest the issue will be reviewed by City legal staff before moving forward.

- c. Training for all URD advisory boards will be conducted biannually in coordination with City staff and URD support staff. The training must include, but is not limited to: review of URD and TIF laws, Administrative Rules, ethics, conflicts of interest, meeting management, and maintenance of minutes and records.
- d. URD financial reporting will be consistent across all URDs and be set by coordination between the City Finance Director and the Planning and Community Services Director, and URD support staff.
- e. TIF application review and City Council staff report preparation will be conducted by the Planning and Community Services Department Director, in coordination with the Assistant City Administrator, Finance Director, and URD support staff.

PASSED by the City Council and APPROVED this 9<sup>th</sup> day of July, 2018.

ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE MODIFYING THE URBAN RENEWAL PLAN OF THE NORTH 27<sup>TH</sup> STREET DISTRICT URBAN RENEWAL AREA; MODIFYING THE BOUNDARIES OF THE DISTRICT; ADOPTING A MODIFIED URBAN RENEWAL PLAN INCLUDING A TAX INCREMENT PROVISION; APPROVING URBAN RENEWAL PROJECTS THEREIN AND AUTHORIZING THE ISSUANCE OF TAX INCREMENT URBAN RENEWAL REVENUE BONDS OF THE CITY TO FINANCE COSTS THEREOF

NOW, WHEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BILLINGS, MONTANA:

WHEREAS, on July 11, 2005 the City Council adopted Ordinance No. 05-5333, which created the North 27<sup>th</sup> Street District Urban Renewal Area (hereafter “North 27<sup>th</sup> Street District”) and adopted the Urban Renewal Plan of the North 27<sup>th</sup> Street District Urban Renewal Area (“N. 27<sup>th</sup> Street Plan”) that included a tax increment provision and endorsed urban renewal projects.

WHEREAS, on November 13, 2006 the City Council adopted Ordinance No. 06-5394 which expanded the boundaries and amended the N. 27<sup>th</sup> Street Plan to create the Extended N. 27<sup>th</sup> Street District that included a tax increment provision and endorsed urban renewal projects.

WHEREAS, it has been determined that the Extended North 27<sup>th</sup> Street District and the N. 27<sup>th</sup> Street Plan should be modified to include additional property contiguous to the Extended North 27<sup>th</sup> Street District.

WHEREAS, this Council on November 24, 2008, conducted a public hearing on a proposal to modify the N. 27<sup>th</sup> Street Plan by adopting the Urban Renewal Plan of the Expanded North 27<sup>th</sup> Street District Urban Renewal Area - 2008, thereby establishing a modified urban renewal area to be formally designated as the Expanded North 27<sup>th</sup> Street District Urban Renewal Area - 2008 (the “Expanded North 27<sup>th</sup> Street District - 2008” or “the Property”), and to undertake urban renewal projects therein, all as authorized by Montana Code Annotated, Title 7, Chapter 15, Parts 42 and 43, as amended (the “Act”).

WHEREAS, the Expanded North 27<sup>th</sup> Street District - 2008 is depicted on Attachment 1 (depicting the relationship of the Expanded North 27<sup>th</sup> District – 2008 to the Extended N. 27<sup>th</sup> Street District) and which is hereby incorporated herein and made a part hereof. Pursuant to this Ordinance, the boundaries of the Redevelopment Area are modified to reflect the addition of the Property depicted on the map on Attachment 1. The Redevelopment Area, as modified, is depicted on Attachment 1 and legally described on Attachment 2 (the “Resulting Redevelopment Area”) (each of which is hereby incorporated herein and made a part hereof). The Resulting Redevelopment Area is contiguous.

WHEREAS, opportunities have been presented to the City that makes it desirable for the City to consider urban renewal projects within the Expanded North 27<sup>th</sup> Street District - 2008 consisting of demolishing certain blighted structures within the district; improving such properties with new construction, landscaping, utilities, and other similar improvements; and making the properties so improved available for private redevelopment in accordance with the Act (the "Projects"). Development proposals to be considered for funding include mixed use projects, building renovations, services for the District and the construction or expansion of City owned parking structures within the District.

WHEREAS, the proposed modified urban renewal plan titled the Urban Renewal Plan of the Expanded North 27<sup>th</sup> Street District - 2008 is attached hereto as Attachment 3 (which is hereby incorporated herein and made a part hereof) (the "Modified Plan"). The Modified Plan contains a tax increment provision and will govern the operation and administration of the Expanded North 27<sup>th</sup> Street District - 2008.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Billings, Montana, as follows:

1. Findings. This Council hereby finds, determines and declares, based on the comments received at the public hearing and other studies and information available to this Council, that:

a. The Property presently contains structures and improvements that are in a state of substantial deterioration, are obsolete or defective, pose unsanitary or unsafe conditions, are vacant and unused, and have inappropriate uses. The present condition of the Property substantially impairs the sound functioning of the downtown area of the City and its environs, is conducive to juvenile delinquency and crime, poses the threat of vandalism or mischief and fire or loss, constitutes an economic and social liability, and is a menace to the public health, safety, and welfare of the residents of the City. Accordingly, the Council reaffirms its previous findings that the Property is a blighted area within the meaning of Section 7-15-4210 of the Act. This Council finds that the rehabilitation, redevelopment or a combination thereof of the Property is necessary and in the interest of the health, safety, morals or welfare of the residents of the City. This Council finds that undertaking measures to eradicate or diminish the blight affecting the Property will help to foster a more dynamic, livable, and vibrant downtown.

b. If Projects require relocation of displaced persons, a detailed relocation plan is required and will be prepared.

c. The Modified Plan conforms to the 2003 Billings and Yellowstone County Growth Policy and the City's Downtown Framework Plan.

d. The Modified Plan will afford maximum opportunity, consistent with the needs of the City as a whole, for the rehabilitation or redevelopment of the District by private enterprise.

e. A sound and adequate financial program is required for the financing of Projects, which program includes substantial private investment and financing and the sale and issuance by the City of Tax Increment Bonds in proportions yet to be determined, for the purpose of financing a portion of the costs of the Projects as set forth above.

f. Approved Projects will constitute urban renewal projects within the meaning of the Act and are authorized to be undertaken by the City.

2. Plan Adoption. The Modified Plan is hereby adopted and approved in all respects, including without limitation, the segregation and application of tax increments as provided in Sections 7-15-4282 through 7-15-4293 of the Act as provided therein. For purposes of allocating taxes according to the Act, the "prior assessed value" of taxable property within the Expanded North 27<sup>th</sup> Street District - 2008 is that value shown on the assessment rolls as of January 1, 2008.

3. Project Approval. Authorized Projects are hereby approved.

4. Bonds. This Council approves financing the costs of Urban Renewal Projects, or a portion thereof, with proceeds of the Bonds. The City is hereby authorized and directed to undertake activities and analysis ordinarily prerequisite to the issuance of tax increment urban renewal revenue bonds in a principal amount not to exceed \$10 million for financing of the costs of Urban Renewal Projects or a portion thereof.

5. Conditional Commitment. The adoption of the Plan does not constitute a guarantee or a firm commitment that the City will issue the Bonds or undertake Projects. If, based on comments or information made available to or obtained by the City, it appears that the issuance of the Bonds or Projects is not in the public interest or consistent with the purposes of the Act, the City reserves the right not to issue the Bonds or undertake the Project.

7. Repealer. All resolutions, ordinances, and sections of the City Code inconsistent herewith are hereby repealed.

8. Severability. If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other provisions of this ordinance which may be given effect without the invalid provisions or application, and, to this end, the provisions of this ordinance are declared to be severable.

9. Effective Date. This Ordinance shall be in full force and effect from and after the date that is 30 calendar days after the date set forth below.

ADOPTED by the City Council of the City of Billings, Montana, on second reading this 8<sup>th</sup> day of December, 2008.

## **SECTION 1 – INTRODUCTION**

On July 11, 2005, the City Council adopted an ordinance that (a) created the North 27<sup>th</sup> Street District Urban Renewal Area (“North 27<sup>th</sup> Street District”) and (b) adopted an urban renewal plan for the district. On November 13, 2006 the City Council adopted an ordinance that (a) expanded the North 27<sup>th</sup> Street District and (b) modified the urban renewal plan for the district. For reasons discussed in this Amendment to the Urban Renewal Plan of the North 27<sup>th</sup> Street District (“Plan”), it has been determined that the North 27<sup>th</sup> Street District should be expanded again to include other contiguous blighted properties in need of redevelopment. Further, it has been determined that this area, known as the Central Business District of Billings, has been and is in need of expanded public parking, enhanced pedestrian connections and experiences, improved public safety, and infrastructure improvements to public and private properties that will lead to increased taxable values. The existing urban renewal plan may be modified by ordinance in accordance with the procedure described in M.C.A. § 7-15-4221. The Urban Renewal Plan of the North 27<sup>th</sup> Street District approved by the City Council on July 11, 2005 and modified on November 13, 2006 is hereby included by reference as part of this amended Plan and shall remain applicable hereto except to the extent the original plan is explicitly or impliedly amended by this Plan. It is recognized as part of this Plan that the basic vision of the document known as Downtown Billings Framework Plan, adopted by the Billings City Council on December 22, 1997 and by the Yellowstone County Commissioners on December 23, 1997, is still valid and should be considered a part hereof. The terms defined in “Part I – DEFINITIONS” of the North 27<sup>th</sup> Street District Plan shall have the same meanings in this Plan unless a contrary meaning is expressed herein. The expanded district proposed in this Plan is hereafter referred to as the Expanded North 27<sup>th</sup> Street District - 2008 or the “District.”

## **SECTION 2 – BACKGROUND**

The original Downtown Redevelopment District, a downtown tax increment finance district, was created on December 20, 1975 by a resolution which cited hazardous conditions existing in the district due to overhead utility wires, inefficient land use, problems of access and circulation, physical constraints to development, random location of mixed uses and deteriorated building

conditions, and found that rehabilitation and redevelopment of the District would be in the public interest. That original district (hereafter “1975 District”) comprised one hundred and twenty four (124) blocks in the city center after the 1985 south expansion and the 2004 east expansion. The 1975 District expired March 1, 2008 but the Urban Renewal Plan and the Framework Plan used for that district, in many parts and in relation to this District remain valid.

Because the 1975 District has terminated, but many of the undesirable conditions continue to exist, it was determined that it would be in the best interest of the City to expand the North 27<sup>th</sup> Tax Increment District to assist the construction of public improvements, stabilize and grow the tax base, increase the parking inventory, increase the inventory of downtown residential property, stimulate multi-use development (“Multi-Use Facility Projects”), fill street level vacancies, provide expanded security, develop safe event locations with appropriate traffic control devices, expand the Business Improvement District, make modifications to street and intersection lighting, increase traffic calming and reduce the noise in the district through Quiet Zone management and further implement the vision of the Downtown Framework Plan.

Currently, there is a need to expand the North 27<sup>th</sup> Street District to encompass development needs on the North 27<sup>th</sup> Street corridor, the North Broadway corridor, the Old Town Neighborhood and the Montana Avenue Historic District (including expansion of the Historic District to include areas south of the railroad tracks), the Civic District, areas adjacent to the Medical Corridor, adjacent to the East Billings Urban Renewal Area and other underutilized properties within the Central Business District of Billings. Although there has been significant improvement in the valuation of property in much of the 1975 District, the area defined by this proposed expanded tax increment district has major properties that have been neglected for many years and continue to show signs of serious blight and tax base decline. Many parcels have been removed from the tax rolls and/or are delinquent on payments of taxes and fees. The Expanded North 27<sup>th</sup> Street District creates an opportunity to continue redevelopment of the center of downtown with a mixture of public and private investment in a roughly seventy-one-square-

block district (just over half of the size of the 1975 expanded district) encompassing the existing North 27<sup>th</sup> Street District.

The area has several pockets of low taxable value, with several lots of the land being owned by government and other non-profit entities and several buildings that are over 50% vacant.

The creation of the Expanded North 27<sup>th</sup> Street District is essential to any planned development at 4<sup>th</sup> Avenue North and North Broadway, redevelopment of the vacant Northern Hotel, improving security and expanding the clean safe and vibrant programs of the Business Improvement District, continuing redevelopment of the Civic Plaza area, developing the boundary areas of the Medical Corridor and the East Billings Urban Renewal Area, and expanding the Historic District. It could also assist with the essential remodeling of the Northern Hotel, the Babcock Theatre, the Westwood Building, the Lincoln Hotel Building. Public infrastructure construction within this expanded District could assist with the renovation and/or relocation of various City facilities, such as the public library. It is currently expected that the expanded North 27<sup>th</sup> Street District may help fund the following projects:

## **I. Business Programs and Projects**

- a. Business Retention
  - i. Targeted assistance and review of existing street level businesses
  - ii. Retail market survey
- b. Business Recruitment
  - i. Development of a “chainlet” network
  - ii. Business plan development assistance
  - iii. Association networking
  - iv. Business Improvement District support
  - v. Business cluster analysis
  - vi. Pedestrian study
    - 1. demographics
    - 2. directions
    - 3. linkages
    - 4. destinations
    - 5. wayfinding

## **II. Parking and Transportation**

- a. Increase use of public transit
- b. Parking structures to support current and future needs

- c. Explore parking linkages to adjacent destinations
- d. Explore parking management practices and programs
  - i. Off street parking
  - ii. On street parking

### **III. Crime Prevention and Public Safety**

- a. Cooperative Security Program
- b. Business Watch Program
- c. Crime and Fraud prevention programs
  - i. Geared towards street level businesses

### **IV. Management, Implementation and Maintenance**

- a. Downtown Billings Partnership, Inc. or its successor, management agreement
  - i. Project development
  - ii. Public awareness
  - iii. Advocacy and liaison between public and private sectors
- b. Business Improvement District expansion and development
  - i. Cooperative work agreements with PMDs
  - ii. Development and promotion of Conference Corridor
  - iii. BID expansion
  - iv. “Green” Management
    - 1. Recycling programs
    - 2. Tree management

### **V. Infrastructure Improvements**

- a. Public
  - i. Expansion of Historic District
  - ii. New Library
  - iii. New Planning Department Offices
  - iv. Public Parking and Greenspace
  - v. Intersection Lighting by Public Works
  - vi. New SILMDs for mid-block lighting
  - vii. Streetscapes and traffic calming plans
  - viii. Sidewalks, curbs and gutter improvements
    - 1. stabilization of vaults
  - ix. Relocation of public and private utility lines
- b. Public infrastructure improvements that would support the following development projects/programs
  - i. Workforce housing development
  - ii. Loft and Condo development
  - iii. Lodging development
  - iv. Conference Facilities

v. Entertainment venues

**SECTION 3 – SUMMARY OF BLIGHT FINDINGS**

The area in the proposed expansion of the North 27th Street District contains a great deal of blight. Within the district there is substantial structural deterioration, long-term land vacancy, a railroad spur line that has been abandoned and a major rail line that continues to divide the Central Business District. Several of the commercial buildings in the district are deteriorated and/or vacant and need demolition or renovation. Many of the storefronts and upper floors are vacant or under-occupied. Sidewalks are cracked; alleys are deteriorated, and, in general, much of the area is below accepted standards. In contrast to the above, there are certain properties within the district in good repair but included in the district to allow for a contiguous block of land within the district and because pockets of revitalization cannot be sustained if areas of neglect and blight surround them. Over time, without continued managed urban renewal, even these success stories will once again decline in taxable value. Most of the district falls into the blighted, neglected and under-utilized categories.

**SECTION 4 – DESCRIPTION OF BLIGHTED AREA**

The expanded urban renewal area described in this amended Plan incorporates most of the Central Business District. Within the district there are several older, single-story structures that have been retrofitted for offices and warehousing, numerous surface parking lots, and several vacant structures. Many of these structures are unsuited to their current uses because of age obsolescence and physical deterioration.

Montana's Urban Renewal Law (Montana Code Annotated Title 7, Chapter 15, Parts 42 and 43) provides the authority to declare the existence of blighted areas and to target them for improvements. "Blighted area" is defined in Section 7-15-4206(2), M.C.A., as follows:

*[A]n area that is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, and crime; substantially impairs or arrests the sound growth of the city or its environs; retards the provision of housing accommodations; or constitutes an economic or social liability or is detrimental*

*or constitutes a menace to the public health, safety, welfare, and morals in its present condition and use, by reason of:*

- (a) the substantial physical dilapidation; deterioration; defective construction, material, and arrangement; or age obsolescence of buildings or improvements, whether residential or nonresidential;*
- (b) inadequate provision for ventilation, light, proper sanitary facilities, or open spaces as determined by competent appraisers on the basis of an examination of the building standards of the municipality;*
- (c) inappropriate or mixed uses of land or buildings;*
- (d) high density of population and overcrowding;*
- (e) defective or inadequate street layout;*
- (f) faulty lot layout in relation to size, adequacy, accessibility, or usefulness;*
- (g) excessive land coverage;*
- (h) unsanitary or unsafe conditions;*
- (i) deterioration of site;*
- (j) diversity of ownership;*
- (k) tax or special assessment delinquency exceeding the fair value of the land;*
- (l) defective or unusual conditions of title;*
- (m) improper subdivision or obsolete platting;*
- (n) the existence of conditions that endanger life or property by fire or other causes; or*
- (o) any combination of the factors listed in this subsection (2).*

The land being added to the Plan area includes 405 (Exhibit A) property tax codes plus a segment of centrally assessed BN Railroad property. The complete, expanded Urban Renewal Area will have 481 property tax codes plus the segment of BN Railroad property. Within that total area, and as noted in the 2006 approved Urban Renewal Plan, there are many “target areas” that should be immediately considered for redevelopment. The properties on N. Broadway between 4<sup>th</sup> Avenue North and 6<sup>th</sup> Avenue North will need additional parking to facilitate the construction of a Stockman Bank facility. The area adjacent to the Northern Hotel on North Broadway is in need of parking due to the closure of the privately owned parking structure in that area due to unsafe and blighted conditions of the structure. The area east of the Yellowstone County Courthouse Lawn is targeted for a new federal courthouse and will need additional parking and green spaces. The area between the new MET transit facility on N. 25<sup>th</sup> Street and to the east boundary of the East Billings Urban Renewal Area (N. 22<sup>nd</sup> Street) is in need of redevelopment that could include workforce housing and parking. The status of the Battin Federal Courthouse is still unclear. The facility is contaminated with asbestos and is destined to become vacant with the completion of a new federal courthouse and office building. This

vacancy will present a redevelopment opportunity in the near future. The area surrounding City of Billings Park IV contains many surface parking lots that could be developed if Park IV is sold to a private developer. This area lacks high-rise housing with mixed use occupancy on the first floor. The future use of the Lincoln Center is unclear and it could be a redevelopment opportunity if the school district ceases its administrative and continuing education functions in the building. The properties on 1<sup>st</sup> Ave. S. and Minnesota Avenue are not currently in a Historic District and values remain stagnant as compared to the Montana Avenue area. The redevelopment of the south side of the railroad tracks has not kept up with the redevelopment north of the tracks and should be a target area. Several properties located between Montana Avenue and 1<sup>st</sup> Avenue North are severely underutilized and in need of redevelopment. Without attention to some of this blight, over time, the value of the Montana Avenue redevelopment will most likely be negatively impacted.

#### **SECTION 5 – DETERMINATION OF BLIGHT**

The proposed expansion area of the North 27<sup>th</sup> Street District contains a number of underdeveloped properties. The Council previously determined that the property included in the North 27<sup>th</sup> Street District was “blighted” within the meaning of the Act in Resolution 05-18276 adopted June 13, 2005 and Resolution 06-18488, adopted September 25, 2006. The Redevelopment Area, including the portion that is to be expanded to form the Expanded North 27<sup>th</sup> Street District - 2008, was previously determined to be blighted and an appropriate area for an urban renewal project in Resolution No. 12107 dated January 5, 1976. Deficiencies in public and private properties located in the district lead to a determination that the area continues to be blighted, as defined by state statute. Specific areas of blight on the site are listed below:

##### Deficient Structures in Expanded Area

There are several buildings that are over 50 years in age and do not qualify as being historically significant. Many are in poor repair and may contain potentially hazardous asbestos and lead paint.

#### Deficient Public Facilities in Extended Area

The streets, curbs, gutters and sidewalks in much of the area are in satisfactory repair. However, sewer and water utilities in the area are aging and have required frequent repairs in recent years. Several parking lots generally do not meet code requirements for paving, striping and landscaping. Many of them are cracked and crumbling. The city owned parking ramps within the area, except for Park IV have extensive “waiting lists” and public parking for adjacent office and commercial structures continues to be inadequate. Demand for parking will continue and additional and expanded parking structures will be required to accommodate commercial growth.

#### Deficient Land Use in Extended Area

In general, the area is under-utilized due to the significant amount of surface parking areas and a large number of single-story structures. The taxable value of this district must be stabilized and encouraged to grow.

### **SECTION 6 – THE SITE AND ITS RELATIONSHIP TO THE CITY**

As noted, the expanded North 27<sup>th</sup> Street Urban Renewal Area comprises most of the Central Business District (CBD) of the City of Billings.

### **SECTION 7 – LEGAL DESCRIPTION**

The legal description of the proposed Expanded North 27<sup>th</sup> Street District – 2008 is as follows:

**Beginning at a point at the intersection of the centerlines of 6<sup>th</sup> Avenue North and North 31<sup>st</sup> St. proceeding east along the centerline of 6<sup>th</sup> Ave. North to a point at the intersection of the centerlines of 6<sup>th</sup> Avenue North and N. 22<sup>nd</sup> Street proceeding south along the centerline of North 22<sup>nd</sup> Street, crossing the centrally assessed Burlington Northern Railroad property, to a point at the intersection of South 22<sup>nd</sup> Street and Minnesota Avenue proceeding west along the centerline of Minnesota Avenue to a point at the intersection of Minnesota Avenue and South 23<sup>rd</sup> Street proceeding south along the centerline of South 23<sup>rd</sup> Street to a point at the intersection of South 23<sup>rd</sup> Street and 1st Avenue South proceeding west along the centerline of 1<sup>st</sup> Avenue South to a point at the intersection of the centerlines of 1<sup>st</sup> Avenue South and South 31<sup>st</sup> Street proceeding north along the centerline of South 31<sup>st</sup> Street, crossing the centrally assessed Burlington Northern Railroad property, to the starting point at the intersection North 31<sup>st</sup> Street and 6<sup>th</sup> Avenue North encompassing all parcels and tax codes therein, all inclusive.**

Map of entire Expanded N. 27<sup>th</sup> District

## **SECTION 8 – PROPERTY DEVELOPERS**

New development in the proposed tax increment district will also be accomplished through the implementation of the Downtown Framework Plan. These Projects are described in Section 2 of this plan.

## **SECTION 9 – PROJECT RELATIONSHIP TO THE FRAMEWORK PLAN**

The proposed urban renewal area and expanded tax increment district is located generally in the center of the City and encompasses most of the “districts” as defined by the Billings Framework Plan (“Framework Plan”). One goal of the Framework Plan was to remove barriers to downtown circulation and development created by 4<sup>th</sup> Avenue North and 6<sup>th</sup> Avenue North and establish the area between the avenues as both a discreet district and a recognized extension of the CBD, thereby allowing potential ties to the medical corridor and MSU-Billings from the CBD. Generally, the Framework Plan stressed the downtown’s ability to make a positive impact on the entire city. The Framework Plan also recommended a private non-profit organization to assist the City of Billings with the management of the Tax Increment District through an annual work plan and contract. This Expanded N 27<sup>th</sup> Street District may be managed in a similar manner and could make use of the redevelopment and facilitation established through that management entity.

### **Framework Plan Recommendation: Housing**

The Framework Plan states that housing should be a top priority and that the City should continue to work with builders and developers to encourage downtown housing through various methods. Specifically, the plan states that high-rise housing is to be located in the east transition zone and portions of the north transition zone.

The formation of an expanded tax increment district will help to raise funds that can be used for construction or rehabilitation of public infrastructure necessary to attract and retain housing in the area.

## **Framework Plan Recommendation: Priorities**

The top priorities identified in the Framework Plan include the following:

- Development incentives, including business retention and recruitment
- Housing – demonstration projects
- Streetscape Kit of Parts – expand kit to include Minnesota Avenue
- Events Kit of Parts – Modern and safer traffic control devices may be needed
- Paring configuration adjustments – several one-way streets could be converted to 2-way
- 5<sup>th</sup> Avenue North Corridor preservation and enhancement

**This amendment to the Plan and the urban renewal projects that it contemplates specifically address all six of these priorities.**

### **SECTION 10 – CONFORMANCE TO THE GROWTH POLICY**

One of the requirements of Montana’s Urban Renewal Law (Title 7, Chapter 15, Parts 42 and 43) is that the urban renewal plan must conform to the community’s growth policy. The Yellowstone County and City of Billings Growth Policy (“Growth Policy”) refers to and promotes downtown redevelopment in a variety of ways. This amendment to the Plan is consistent with the current Growth Policy.

### **SECTION 11 – CERTAIN PLAN FEATURES AND FINANCIAL MATTERS**

Section 7-15-4217, M.C.A., of the Act requires cities to make certain findings when they adopt an urban renewal plan and approve Urban Renewal Projects. These are addressed below:

1. Most of the District contains no existing dwelling units or housing, and planned projects would not displace any persons from housing. Accordingly, there is no need to have a workable and feasible plan for substitute housing until and unless such a project is developed in the future.
2. This amended Plan conforms to the Growth Policy for the City as a whole and to the

Framework Plan.

3. This Modified Plan affords maximum opportunity, consistent with the needs of the City as a whole, for the rehabilitation or redevelopment of the Expanded North 27<sup>th</sup> Street District by private enterprise. It is unreasonable to expect that the district will be remain stabilized and/or redeveloped without substantial public support. Numerous properties within the area are dilapidated. As presently constituted, property in the district is not conducive to any sort of uniform or integrated development and, as presently existing, cannot compete with other areas of the City for substantial developments, particularly areas at the outskirts of the City. Experience has validated the foregoing facts and observations. This amended Plan is intended to facilitate the identification and construction of significant Urban Renewal Projects, which would not be possible without this Plan.
4. A sound and adequate financial program exists for financing projects, which include the sale and issuance by the City of the Bonds in an amount not to exceed the costs of the project, including administration costs and costs of issuance of the Bonds. Any approved Development Project will require commitments of substantial private financing that will provide the primary means for funding construction of the improvements.
5. This Expanded N. 27<sup>th</sup> Street District - 2008 may be modified at any time by the City Council as necessary to eliminate and prevent the development or spread of blighted areas, and encourage urban rehabilitation. The process for plan modification shall follow the procedures set forth in 7-15-4212 through 7-15-4219 MCA, with respect to initial adoption of this plan. For purposes of urban renewal district boundary changes only, the notice of public hearing, as described in 7-15-4215 MCA, may be mailed only to those owners whose properties are situated within the area of expansion or contraction of the Urban Renewal District boundaries. In cases where the boundaries are not modified, but the contents of the urban renewal plan are substantially modified, notification shall be mailed to all owners of property within the Urban Renewal District area.

## SECTION 12 – TAX INCREMENT

Tax increment financing is necessary to encourage private reinvestment within the District, which will further encourage economic growth in the District and Downtown Billings, create substantial employment opportunities, and increase the tax base of the City and other taxing jurisdictions. The expanded North 27<sup>th</sup> Street District is hereby established as a tax increment financing urban renewal area within the meaning of the Act, and, in particular, Section 7-15-4282 through 7-15-4293 of the Act. This Section constitutes a tax increment provision within the meaning of the Act. In connection therewith:

1. For the purpose of calculating the incremental taxable value each year for the life of the district, the base taxable value shall be calculated as current base taxable value of the district plus the base taxable value of all real and personal property added to the district by this amended plan and as show in Exhibit B as of **January 1, 2008**.
2. The City is hereby authorized to segregate the tax increment derived in the district and use and deposit such increment into the tax increment fund of the district for use as authorized by the Act and as authorized herein from time to time, including, without limitation, pledging the tax increment to repayment of Bonds.
3. The tax increment received from the district may be used to pay directly costs of an approved Development Project as may from time to time be approved by the Council. The Council also hereby authorizes the use of tax increment in the district to pay debt service on Bonds issued to finance a portion of the costs of these Development Projects, and costs associated with the sale and security of such Bonds in compliance with the Act, subject to any limitations imposed by the Montana Constitution and federal law.
4. The tax increment provision of the district will terminate upon the latter of:
  - a. The fifteenth (15<sup>th</sup>) year following the original creation of the district; or
  - b. The payment or provision for payment in full or discharge of all Bonds, and the payment of interest thereon, for which the tax increment has been pledged.

After termination of the tax increment provision, all taxes shall continue to be levied upon the actual taxable value of the taxable property in the district, but shall be paid into funds of the taxing bodies levying taxes within the district.

## SECTION 13 – CONCLUSIONS

The creation of this expanded North 27th Street Urban Renewal District will have a positive impact on Downtown Billings and no impact on the total taxable value flowing to the taxing entities from the now expired 1975 Urban Renewal District.

Expansion of the North 27<sup>th</sup> Street District is an essential first-step in completing what may be a number of urban renewal projects. If completed, mixed use projects approved within the first two years could stimulate over \$30 million in new construction, and possibly as much as \$15 million in re-sales and redevelopment. Approximately 500 new employees and new downtown residents could be located on the commercial and upper floors of possible mixed use projects. Thus, expansion of the district, in addition to further stabilizing the tax base, eliminating blight and providing renaissance to the CBD, will also bring new employees and residents to the CBD.

Mixed use development within the Expanded District ties in favorably with and actually stimulates the remodeling plans that are currently underway for several downtown properties. Additionally, like any major new development, the anticipated Stockman Bank construction at 4<sup>th</sup> Avenue North and North Broadway will have a stimulating effect on the surrounding area. Specific examples of this are:

1. It will tie the CBD to the medical corridor located immediately to the north of the development.
2. The Billings Clinic has purchased the Underriner property to the north and west of the Library. The Clinic's plans at this point have not been determined; however, the development proposed in this amended Plan will enhance and encourage future development by this group.

3. The Framework Plan encourages the development of the 5<sup>th</sup> Avenue North corridor. An enhanced Library, as accomplished by projects described in this Plan, will provide an excellent entrance to this corridor.
4. Future redevelopment and revitalization of structures like the Northern Hotel and the Babcock Theatre Building are enabled by this district.
5. This expanded district may assist with the completion of and continued modernization of City owned downtown parking structures.

In conclusion, expansion of the North 27<sup>th</sup> Street Urban Renewal District to include the property described in this amended Plan will have a positive effect on the CBD and the City.

Request for TIF Assistance - Alberta Bair Theater

Dear, Andy -

The DBP is hereby submitting a request for TIF assistance on behalf of the Alberta Bair Theater, the Nonprofit that manages the ABT campus on behalf of the City of Billings, for a project in the Expanded North 27th Street Urban Renewal District.

The project involves the installation of bollards along the sidewalk on N Broadway and 3rd Ave N. Since the completion of its renovations, at least four accidents have happened that could have been more catastrophic. One knocked down a street lamp and a one-way street sign next to the ABT. The other injured a bicyclist and damaged a parked car by the Church adjacent to and North of the ABT. This past Fall, a 15-year old driver was arrested on suspicion of driving under the influence and four other people were hospitalized when two vehicles collided at the intersection of 3rd Ave N & N 27th St. More recently, two women were found passed out in a vehicle littered with empty containers after they drove into a sign and bollards in front of Spitz Mediterranean Street Food almost kitty corner from the ABT. After the collision, the driver turned the vehicle around and drove to the Billings Gazette's parking lot where the driver and passenger were found unconscious.

The ABT is requesting \$83,000 toward the installation of bollards. The Board of Directors of the DBP support this project & recommend approval. This project complies with the Montana Code Annotated in terms of eligible expenses. Furthermore, this project conforms with goals & elements of the Urban Renewal Plan as well as the Downtown Billings Strategic Plan to contribute toward a safer environment and continuation of attracting visitors to downtown. This will ensure that a Historic yet recently renovated asset like the Alberta Bair Theater is preserved, modernized, and well protected to maintain a safe atmosphere for downtown visitors & attendees of the theater.

The DBP is requesting a position for review by the Billings City Council during its regular meeting Monday, August 26th.

Thank you for your consideration.

**RECOMMENDATION**

The Downtown Billings Partnership (DBP) Board has reviewed the attached application for tax increment assistance and recommends the City Council not approve the request for tax increment finance funds from the Expanded North 27th Urban Renewal District to the Cine Billings, d/b/a Art House Billings.

Due to the critical nature of needed improvements, I as City Administrator, recommend Council support staff bringing back a proposed approach to funding the improvements necessary to protect the structural integrity of the Babcock Theater property in 2024.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

Cine Billings, a non-profit organization, leases and manages the Babcock Theater located at 2810 2nd Avenue North. As the property is city-owned, and operated by a non-profit, it does not generate property tax revenue. (Lease agreement attached)

Cine Billings proposes to undertake substantial exterior rehabilitation work on the Babcock Theater. The planned improvements include repairs to the historic marquee, which is over 70 years old and has drainage issues compromising its safety. Additional work involves upgrading the vault beneath the sidewalk, which is showing signs of deterioration, as well as enhancing the entry doors for improved security and efficiency. Other planned upgrades include securing an abandoned brick chimney and making interior improvements to the balcony railing, stairs, and flooring. The estimated cost for these improvements is approximately \$586,929, with funding sources including a Montana Historic Preservation Grant and other contributions.

The DBP considered the application at its July 26th meeting and voted not to recommend \$300,000 in TIF assistance. The DBP's decision was based on the district's financial projections and current priorities, which emphasize downtown housing, mixed-use projects, and public safety. While acknowledging the significance of the Babcock Theater's improvements, and its importance downtown, the DBP's recommendation reflects a prioritization of these goals and limited financial resources.

Should the City Council decide to fund the project, it is important to note that the requested expenditures do align with the Urban Renewal Plan and Montana Code Annotated, as noted in the table below.

**Table 1.** Alignment of Proposed Improvements with City TIF Policy, Expanded N. 27th Urban Renewal District Plan, and MT Code Annotated.

**ALTERNATIVES**

City Council may:

- Approve the application for TIF funds, contrary to the DBP's recommendation; or,
- Modify the requested amount or terms for the expenditure of TIF funds; or,
- Disapprove the application for TIF funds, in line with the DBP's recommendation.

**FISCAL EFFECTS**

This project was not included in the FY25 budget. If approved, staff recommends that payment not occur until FY26 or later. The development agreement with the Rockman project (approved on 3/11/24), limits the ability for the TIF to fund new development projects prior to the completion of that project. The total amount requested for this project is \$300,000 and will need to be budgeted in future years, as funds are available.

ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE MODIFYING THE URBAN RENEWAL PLAN OF THE NORTH 27<sup>TH</sup> STREET DISTRICT URBAN RENEWAL AREA; MODIFYING THE BOUNDARIES OF THE DISTRICT; ADOPTING A MODIFIED URBAN RENEWAL PLAN INCLUDING A TAX INCREMENT PROVISION; APPROVING URBAN RENEWAL PROJECTS THEREIN AND AUTHORIZING THE ISSUANCE OF TAX INCREMENT URBAN RENEWAL REVENUE BONDS OF THE CITY TO FINANCE COSTS THEREOF

NOW, WHEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BILLINGS, MONTANA:

WHEREAS, on July 11, 2005 the City Council adopted Ordinance No. 05-5333, which created the North 27<sup>th</sup> Street District Urban Renewal Area (hereafter “North 27<sup>th</sup> Street District”) and adopted the Urban Renewal Plan of the North 27<sup>th</sup> Street District Urban Renewal Area (“N. 27<sup>th</sup> Street Plan”) that included a tax increment provision and endorsed urban renewal projects.

WHEREAS, on November 13, 2006 the City Council adopted Ordinance No. 06-5394 which expanded the boundaries and amended the N. 27<sup>th</sup> Street Plan to create the Extended N. 27<sup>th</sup> Street District that included a tax increment provision and endorsed urban renewal projects.

WHEREAS, it has been determined that the Extended North 27<sup>th</sup> Street District and the N. 27<sup>th</sup> Street Plan should be modified to include additional property contiguous to the Extended North 27<sup>th</sup> Street District.

WHEREAS, this Council on November 24, 2008, conducted a public hearing on a proposal to modify the N. 27<sup>th</sup> Street Plan by adopting the Urban Renewal Plan of the Expanded North 27<sup>th</sup> Street District Urban Renewal Area - 2008, thereby establishing a modified urban renewal area to be formally designated as the Expanded North 27<sup>th</sup> Street District Urban Renewal Area - 2008 (the “Expanded North 27<sup>th</sup> Street District - 2008” or “the Property”), and to undertake urban renewal projects therein, all as authorized by Montana Code Annotated, Title 7, Chapter 15, Parts 42 and 43, as amended (the “Act”).

WHEREAS, the Expanded North 27<sup>th</sup> Street District - 2008 is depicted on Attachment 1 (depicting the relationship of the Expanded North 27<sup>th</sup> District – 2008 to the Extended N. 27<sup>th</sup> Street District) and which is hereby incorporated herein and made a part hereof. Pursuant to this Ordinance, the boundaries of the Redevelopment Area are modified to reflect the addition of the Property depicted on the map on Attachment 1. The Redevelopment Area, as modified, is depicted on Attachment 1 and legally described on Attachment 2 (the “Resulting Redevelopment Area”) (each of which is hereby incorporated herein and made a part hereof). The Resulting Redevelopment Area is contiguous.

WHEREAS, opportunities have been presented to the City that makes it desirable for the City to consider urban renewal projects within the Expanded North 27<sup>th</sup> Street District - 2008 consisting of demolishing certain blighted structures within the district; improving such properties with new construction, landscaping, utilities, and other similar improvements; and making the properties so improved available for private redevelopment in accordance with the Act (the “Projects”). Development proposals to be considered for funding include mixed use projects, building renovations, services for the District and the construction or expansion of City owned parking structures within the District.

WHEREAS, the proposed modified urban renewal plan titled the Urban Renewal Plan of the Expanded North 27<sup>th</sup> Street District - 2008 is attached hereto as Attachment 3 (which is hereby incorporated herein and made a part hereof) (the “Modified Plan”). The Modified Plan contains a tax increment provision and will govern the operation and administration of the Expanded North 27<sup>th</sup> Street District - 2008.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Billings, Montana, as follows:

1. Findings. This Council hereby finds, determines and declares, based on the comments received at the public hearing and other studies and information available to this Council, that:

a. The Property presently contains structures and improvements that are in a state of substantial deterioration, are obsolete or defective, pose unsanitary or unsafe conditions, are vacant and unused, and have inappropriate uses. The present condition of the Property substantially impairs the sound functioning of the downtown area of the City and its environs, is conducive to juvenile delinquency and crime, poses the threat of vandalism or mischief and fire or loss, constitutes an economic and social liability, and is a menace to the public health, safety, and welfare of the residents of the City. Accordingly, the Council reaffirms its previous findings that the Property is a blighted area within the meaning of Section 7-15-4210 of the Act. This Council finds that the rehabilitation, redevelopment or a combination thereof of the Property is necessary and in the interest of the health, safety, morals or welfare of the residents of the City. This Council finds that undertaking measures to eradicate or diminish the blight affecting the Property will help to foster a more dynamic, livable, and vibrant downtown.

b. If Projects require relocation of displaced persons, a detailed relocation plan is required and will be prepared.

c. The Modified Plan conforms to the 2003 Billings and Yellowstone County Growth Policy and the City’s Downtown Framework Plan.

d. The Modified Plan will afford maximum opportunity, consistent with the needs of the City as a whole, for the rehabilitation or redevelopment of the District by private enterprise.

e. A sound and adequate financial program is required for the financing of Projects, which program includes substantial private investment and financing and the sale and issuance by the City of Tax Increment Bonds in proportions yet to be determined, for the purpose of financing a portion of the costs of the Projects as set forth above.

f. Approved Projects will constitute urban renewal projects within the meaning of the Act and are authorized to be undertaken by the City.

2. Plan Adoption. The Modified Plan is hereby adopted and approved in all respects, including without limitation, the segregation and application of tax increments as provided in Sections 7-15-4282 through 7-15-4293 of the Act as provided therein. For purposes of allocating taxes according to the Act, the "prior assessed value" of taxable property within the Expanded North 27<sup>th</sup> Street District - 2008 is that value shown on the assessment rolls as of January 1, 2008.

3. Project Approval. Authorized Projects are hereby approved.

4. Bonds. This Council approves financing the costs of Urban Renewal Projects, or a portion thereof, with proceeds of the Bonds. The City is hereby authorized and directed to undertake activities and analysis ordinarily prerequisite to the issuance of tax increment urban renewal revenue bonds in a principal amount not to exceed \$10 million for financing of the costs of Urban Renewal Projects or a portion thereof.

5. Conditional Commitment. The adoption of the Plan does not constitute a guarantee or a firm commitment that the City will issue the Bonds or undertake Projects. If, based on comments or information made available to or obtained by the City, it appears that the issuance of the Bonds or Projects is not in the public interest or consistent with the purposes of the Act, the City reserves the right not to issue the Bonds or undertake the Project.

7. Repealer. All resolutions, ordinances, and sections of the City Code inconsistent herewith are hereby repealed.

8. Severability. If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other provisions of this ordinance which may be given effect without the invalid provisions or application, and, to this end, the provisions of this ordinance are declared to be severable.

9. Effective Date. This Ordinance shall be in full force and effect from and after the date that is 30 calendar days after the date set forth below.

ADOPTED by the City Council of the City of Billings, Montana, on second reading this 8<sup>th</sup> day of December, 2008.

## **SECTION 1 – INTRODUCTION**

On July 11, 2005, the City Council adopted an ordinance that (a) created the North 27<sup>th</sup> Street District Urban Renewal Area (“North 27<sup>th</sup> Street District”) and (b) adopted an urban renewal plan for the district. On November 13, 2006 the City Council adopted an ordinance that (a) expanded the North 27<sup>th</sup> Street District and (b) modified the urban renewal plan for the district. For reasons discussed in this Amendment to the Urban Renewal Plan of the North 27<sup>th</sup> Street District (“Plan”), it has been determined that the North 27<sup>th</sup> Street District should be expanded again to include other contiguous blighted properties in need of redevelopment. Further, it has been determined that this area, known as the Central Business District of Billings, has been and is in need of expanded public parking, enhanced pedestrian connections and experiences, improved public safety, and infrastructure improvements to public and private properties that will lead to increased taxable values. The existing urban renewal plan may be modified by ordinance in accordance with the procedure described in M.C.A. § 7-15-4221. The Urban Renewal Plan of the North 27<sup>th</sup> Street District approved by the City Council on July 11, 2005 and modified on November 13, 2006 is hereby included by reference as part of this amended Plan and shall remain applicable hereto except to the extent the original plan is explicitly or impliedly amended by this Plan. It is recognized as part of this Plan that the basic vision of the document known as Downtown Billings Framework Plan, adopted by the Billings City Council on December 22, 1997 and by the Yellowstone County Commissioners on December 23, 1997, is still valid and should be considered a part hereof. The terms defined in “Part I – DEFINITIONS” of the North 27<sup>th</sup> Street District Plan shall have the same meanings in this Plan unless a contrary meaning is expressed herein. The expanded district proposed in this Plan is hereafter referred to as the Expanded North 27<sup>th</sup> Street District - 2008 or the “District.”

## **SECTION 2 – BACKGROUND**

The original Downtown Redevelopment District, a downtown tax increment finance district, was created on December 20, 1975 by a resolution which cited hazardous conditions existing in the district due to overhead utility wires, inefficient land use, problems of access and circulation, physical constraints to development, random location of mixed uses and deteriorated building

conditions, and found that rehabilitation and redevelopment of the District would be in the public interest. That original district (hereafter “1975 District”) comprised one hundred and twenty four (124) blocks in the city center after the 1985 south expansion and the 2004 east expansion. The 1975 District expired March 1, 2008 but the Urban Renewal Plan and the Framework Plan used for that district, in many parts and in relation to this District remain valid.

Because the 1975 District has terminated, but many of the undesirable conditions continue to exist, it was determined that it would be in the best interest of the City to expand the North 27<sup>th</sup> Tax Increment District to assist the construction of public improvements, stabilize and grow the tax base, increase the parking inventory, increase the inventory of downtown residential property, stimulate multi-use development (“Multi-Use Facility Projects”), fill street level vacancies, provide expanded security, develop safe event locations with appropriate traffic control devices, expand the Business Improvement District, make modifications to street and intersection lighting, increase traffic calming and reduce the noise in the district through Quiet Zone management and further implement the vision of the Downtown Framework Plan.

Currently, there is a need to expand the North 27<sup>th</sup> Street District to encompass development needs on the North 27<sup>th</sup> Street corridor, the North Broadway corridor, the Old Town Neighborhood and the Montana Avenue Historic District (including expansion of the Historic District to include areas south of the railroad tracks), the Civic District, areas adjacent to the Medical Corridor, adjacent to the East Billings Urban Renewal Area and other underutilized properties within the Central Business District of Billings. Although there has been significant improvement in the valuation of property in much of the 1975 District, the area defined by this proposed expanded tax increment district has major properties that have been neglected for many years and continue to show signs of serious blight and tax base decline. Many parcels have been removed from the tax rolls and/or are delinquent on payments of taxes and fees. The Expanded North 27<sup>th</sup> Street District creates an opportunity to continue redevelopment of the center of downtown with a mixture of public and private investment in a roughly seventy-one-square-

block district (just over half of the size of the 1975 expanded district) encompassing the existing North 27<sup>th</sup> Street District.

The area has several pockets of low taxable value, with several lots of the land being owned by government and other non-profit entities and several buildings that are over 50% vacant.

The creation of the Expanded North 27<sup>th</sup> Street District is essential to any planned development at 4<sup>th</sup> Avenue North and North Broadway, redevelopment of the vacant Northern Hotel, improving security and expanding the clean safe and vibrant programs of the Business Improvement District, continuing redevelopment of the Civic Plaza area, developing the boundary areas of the Medical Corridor and the East Billings Urban Renewal Area, and expanding the Historic District. It could also assist with the essential remodeling of the Northern Hotel, the Babcock Theatre, the Westwood Building, the Lincoln Hotel Building. Public infrastructure construction within this expanded District could assist with the renovation and/or relocation of various City facilities, such as the public library. It is currently expected that the expanded North 27<sup>th</sup> Street District may help fund the following projects:

## **I. Business Programs and Projects**

- a. Business Retention
  - i. Targeted assistance and review of existing street level businesses
  - ii. Retail market survey
- b. Business Recruitment
  - i. Development of a “chainlet” network
  - ii. Business plan development assistance
  - iii. Association networking
  - iv. Business Improvement District support
  - v. Business cluster analysis
  - vi. Pedestrian study
    - 1. demographics
    - 2. directions
    - 3. linkages
    - 4. destinations
    - 5. wayfinding

## **II. Parking and Transportation**

- a. Increase use of public transit
- b. Parking structures to support current and future needs

- c. Explore parking linkages to adjacent destinations
- d. Explore parking management practices and programs
  - i. Off street parking
  - ii. On street parking

### **III. Crime Prevention and Public Safety**

- a. Cooperative Security Program
- b. Business Watch Program
- c. Crime and Fraud prevention programs
  - i. Geared towards street level businesses

### **IV. Management, Implementation and Maintenance**

- a. Downtown Billings Partnership, Inc. or its successor, management agreement
  - i. Project development
  - ii. Public awareness
  - iii. Advocacy and liaison between public and private sectors
- b. Business Improvement District expansion and development
  - i. Cooperative work agreements with PMDs
  - ii. Development and promotion of Conference Corridor
  - iii. BID expansion
  - iv. “Green” Management
    - 1. Recycling programs
    - 2. Tree management

### **V. Infrastructure Improvements**

- a. Public
  - i. Expansion of Historic District
  - ii. New Library
  - iii. New Planning Department Offices
  - iv. Public Parking and Greenspace
  - v. Intersection Lighting by Public Works
  - vi. New SILMDs for mid-block lighting
  - vii. Streetscapes and traffic calming plans
  - viii. Sidewalks, curbs and gutter improvements
    - 1. stabilization of vaults
  - ix. Relocation of public and private utility lines
- b. Public infrastructure improvements that would support the following development projects/programs
  - i. Workforce housing development
  - ii. Loft and Condo development
  - iii. Lodging development
  - iv. Conference Facilities

v. Entertainment venues

**SECTION 3 – SUMMARY OF BLIGHT FINDINGS**

The area in the proposed expansion of the North 27th Street District contains a great deal of blight. Within the district there is substantial structural deterioration, long-term land vacancy, a railroad spur line that has been abandoned and a major rail line that continues to divide the Central Business District. Several of the commercial buildings in the district are deteriorated and/or vacant and need demolition or renovation. Many of the storefronts and upper floors are vacant or under-occupied. Sidewalks are cracked; alleys are deteriorated, and, in general, much of the area is below accepted standards. In contrast to the above, there are certain properties within the district in good repair but included in the district to allow for a contiguous block of land within the district and because pockets of revitalization cannot be sustained if areas of neglect and blight surround them. Over time, without continued managed urban renewal, even these success stories will once again decline in taxable value. Most of the district falls into the blighted, neglected and under-utilized categories.

**SECTION 4 – DESCRIPTION OF BLIGHTED AREA**

The expanded urban renewal area described in this amended Plan incorporates most of the Central Business District. Within the district there are several older, single-story structures that have been retrofitted for offices and warehousing, numerous surface parking lots, and several vacant structures. Many of these structures are unsuited to their current uses because of age obsolescence and physical deterioration.

Montana’s Urban Renewal Law (Montana Code Annotated Title 7, Chapter 15, Parts 42 and 43) provides the authority to declare the existence of blighted areas and to target them for improvements. “Blighted area” is defined in Section 7-15-4206(2), M.C.A., as follows:

*[A]n area that is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, and crime; substantially impairs or arrests the sound growth of the city or its environs; retards the provision of housing accommodations; or constitutes an economic or social liability or is detrimental*

*or constitutes a menace to the public health, safety, welfare, and morals in its present condition and use, by reason of:*

- (a) the substantial physical dilapidation; deterioration; defective construction, material, and arrangement; or age obsolescence of buildings or improvements, whether residential or nonresidential;*
- (b) inadequate provision for ventilation, light, proper sanitary facilities, or open spaces as determined by competent appraisers on the basis of an examination of the building standards of the municipality;*
- (c) inappropriate or mixed uses of land or buildings;*
- (d) high density of population and overcrowding;*
- (e) defective or inadequate street layout;*
- (f) faulty lot layout in relation to size, adequacy, accessibility, or usefulness;*
- (g) excessive land coverage;*
- (h) unsanitary or unsafe conditions;*
- (i) deterioration of site;*
- (j) diversity of ownership;*
- (k) tax or special assessment delinquency exceeding the fair value of the land;*
- (l) defective or unusual conditions of title;*
- (m) improper subdivision or obsolete platting;*
- (n) the existence of conditions that endanger life or property by fire or other causes; or*
- (o) any combination of the factors listed in this subsection (2).*

The land being added to the Plan area includes 405 (Exhibit A) property tax codes plus a segment of centrally assessed BN Railroad property. The complete, expanded Urban Renewal Area will have 481 property tax codes plus the segment of BN Railroad property. Within that total area, and as noted in the 2006 approved Urban Renewal Plan, there are many “target areas” that should be immediately considered for redevelopment. The properties on N. Broadway between 4<sup>th</sup> Avenue North and 6<sup>th</sup> Avenue North will need additional parking to facilitate the construction of a Stockman Bank facility. The area adjacent to the Northern Hotel on North Broadway is in need of parking due to the closure of the privately owned parking structure in that area due to unsafe and blighted conditions of the structure. The area east of the Yellowstone County Courthouse Lawn is targeted for a new federal courthouse and will need additional parking and green spaces. The area between the new MET transit facility on N. 25<sup>th</sup> Street and to the east boundary of the East Billings Urban Renewal Area (N. 22<sup>nd</sup> Street) is in need of redevelopment that could include workforce housing and parking. The status of the Battin Federal Courthouse is still unclear. The facility is contaminated with asbestos and is destined to become vacant with the completion of a new federal courthouse and office building. This

vacancy will present a redevelopment opportunity in the near future. The area surrounding City of Billings Park IV contains many surface parking lots that could be developed if Park IV is sold to a private developer. This area lacks high-rise housing with mixed use occupancy on the first floor. The future use of the Lincoln Center is unclear and it could be a redevelopment opportunity if the school district ceases its administrative and continuing education functions in the building. The properties on 1<sup>st</sup> Ave. S. and Minnesota Avenue are not currently in a Historic District and values remain stagnant as compared to the Montana Avenue area. The redevelopment of the south side of the railroad tracks has not kept up with the redevelopment north of the tracks and should be a target area. Several properties located between Montana Avenue and 1<sup>st</sup> Avenue North are severely underutilized and in need of redevelopment. Without attention to some of this blight, over time, the value of the Montana Avenue redevelopment will most likely be negatively impacted.

#### **SECTION 5 – DETERMINATION OF BLIGHT**

The proposed expansion area of the North 27<sup>th</sup> Street District contains a number of underdeveloped properties. The Council previously determined that the property included in the North 27<sup>th</sup> Street District was “blighted” within the meaning of the Act in Resolution 05-18276 adopted June 13, 2005 and Resolution 06-18488, adopted September 25, 2006. The Redevelopment Area, including the portion that is to be expanded to form the Expanded North 27<sup>th</sup> Street District - 2008, was previously determined to be blighted and an appropriate area for an urban renewal project in Resolution No. 12107 dated January 5, 1976. Deficiencies in public and private properties located in the district lead to a determination that the area continues to be blighted, as defined by state statute. Specific areas of blight on the site are listed below:

##### Deficient Structures in Expanded Area

There are several buildings that are over 50 years in age and do not qualify as being historically significant. Many are in poor repair and may contain potentially hazardous asbestos and lead paint.

#### Deficient Public Facilities in Extended Area

The streets, curbs, gutters and sidewalks in much of the area are in satisfactory repair. However, sewer and water utilities in the area are aging and have required frequent repairs in recent years. Several parking lots generally do not meet code requirements for paving, striping and landscaping. Many of them are cracked and crumbling. The city owned parking ramps within the area, except for Park IV have extensive “waiting lists” and public parking for adjacent office and commercial structures continues to be inadequate. Demand for parking will continue and additional and expanded parking structures will be required to accommodate commercial growth.

#### Deficient Land Use in Extended Area

In general, the area is under-utilized due to the significant amount of surface parking areas and a large number of single-story structures. The taxable value of this district must be stabilized and encouraged to grow.

### **SECTION 6 – THE SITE AND ITS RELATIONSHIP TO THE CITY**

As noted, the expanded North 27<sup>th</sup> Street Urban Renewal Area comprises most of the Central Business District (CBD) of the City of Billings.

### **SECTION 7 – LEGAL DESCRIPTION**

The legal description of the proposed Expanded North 27<sup>th</sup> Street District – 2008 is as follows:

**Beginning at a point at the intersection of the centerlines of 6<sup>th</sup> Avenue North and North 31<sup>st</sup> St. proceeding east along the centerline of 6<sup>th</sup> Ave. North to a point at the intersection of the centerlines of 6<sup>th</sup> Avenue North and N. 22<sup>nd</sup> Street proceeding south along the centerline of North 22<sup>nd</sup> Street, crossing the centrally assessed Burlington Northern Railroad property, to a point at the intersection of South 22<sup>nd</sup> Street and Minnesota Avenue proceeding west along the centerline of Minnesota Avenue to a point at the intersection of Minnesota Avenue and South 23<sup>rd</sup> Street proceeding south along the centerline of South 23<sup>rd</sup> Street to a point at the intersection of South 23<sup>rd</sup> Street and 1st Avenue South proceeding west along the centerline of 1<sup>st</sup> Avenue South to a point at the intersection of the centerlines of 1<sup>st</sup> Avenue South and South 31<sup>st</sup> Street proceeding north along the centerline of South 31<sup>st</sup> Street, crossing the centrally assessed Burlington Northern Railroad property, to the starting point at the intersection North 31<sup>st</sup> Street and 6<sup>th</sup> Avenue North encompassing all parcels and tax codes therein, all inclusive.**

Map of entire Expanded N. 27<sup>th</sup> District

## **SECTION 8 – PROPERTY DEVELOPERS**

New development in the proposed tax increment district will also be accomplished through the implementation of the Downtown Framework Plan. These Projects are described in Section 2 of this plan.

## **SECTION 9 – PROJECT RELATIONSHIP TO THE FRAMEWORK PLAN**

The proposed urban renewal area and expanded tax increment district is located generally in the center of the City and encompasses most of the “districts” as defined by the Billings Framework Plan (“Framework Plan”). One goal of the Framework Plan was to remove barriers to downtown circulation and development created by 4<sup>th</sup> Avenue North and 6<sup>th</sup> Avenue North and establish the area between the avenues as both a discreet district and a recognized extension of the CBD, thereby allowing potential ties to the medical corridor and MSU-Billings from the CBD. Generally, the Framework Plan stressed the downtown’s ability to make a positive impact on the entire city. The Framework Plan also recommended a private non-profit organization to assist the City of Billings with the management of the Tax Increment District through an annual work plan and contract. This Expanded N 27<sup>th</sup> Street District may be managed in a similar manner and could make use of the redevelopment and facilitation established through that management entity.

### **Framework Plan Recommendation: Housing**

The Framework Plan states that housing should be a top priority and that the City should continue to work with builders and developers to encourage downtown housing through various methods. Specifically, the plan states that high-rise housing is to be located in the east transition zone and portions of the north transition zone.

The formation of an expanded tax increment district will help to raise funds that can be used for construction or rehabilitation of public infrastructure necessary to attract and retain housing in the area.

## **Framework Plan Recommendation: Priorities**

The top priorities identified in the Framework Plan include the following:

- Development incentives, including business retention and recruitment
- Housing – demonstration projects
- Streetscape Kit of Parts – expand kit to include Minnesota Avenue
- Events Kit of Parts – Modern and safer traffic control devices may be needed
- Paring configuration adjustments – several one-way streets could be converted to 2-way
- 5<sup>th</sup> Avenue North Corridor preservation and enhancement

**This amendment to the Plan and the urban renewal projects that it contemplates specifically address all six of these priorities.**

### **SECTION 10 – CONFORMANCE TO THE GROWTH POLICY**

One of the requirements of Montana’s Urban Renewal Law (Title 7, Chapter 15, Parts 42 and 43) is that the urban renewal plan must conform to the community’s growth policy. The Yellowstone County and City of Billings Growth Policy (“Growth Policy”) refers to and promotes downtown redevelopment in a variety of ways. This amendment to the Plan is consistent with the current Growth Policy.

### **SECTION 11 – CERTAIN PLAN FEATURES AND FINANCIAL MATTERS**

Section 7-15-4217, M.C.A., of the Act requires cities to make certain findings when they adopt an urban renewal plan and approve Urban Renewal Projects. These are addressed below:

1. Most of the District contains no existing dwelling units or housing, and planned projects would not displace any persons from housing. Accordingly, there is no need to have a workable and feasible plan for substitute housing until and unless such a project is developed in the future.
2. This amended Plan conforms to the Growth Policy for the City as a whole and to the

Framework Plan.

3. This Modified Plan affords maximum opportunity, consistent with the needs of the City as a whole, for the rehabilitation or redevelopment of the Expanded North 27<sup>th</sup> Street District by private enterprise. It is unreasonable to expect that the district will be remain stabilized and/or redeveloped without substantial public support. Numerous properties within the area are dilapidated. As presently constituted, property in the district is not conducive to any sort of uniform or integrated development and, as presently existing, cannot compete with other areas of the City for substantial developments, particularly areas at the outskirts of the City. Experience has validated the foregoing facts and observations. This amended Plan is intended to facilitate the identification and construction of significant Urban Renewal Projects, which would not be possible without this Plan.
4. A sound and adequate financial program exists for financing projects, which include the sale and issuance by the City of the Bonds in an amount not to exceed the costs of the project, including administration costs and costs of issuance of the Bonds. Any approved Development Project will require commitments of substantial private financing that will provide the primary means for funding construction of the improvements.
5. This Expanded N. 27<sup>th</sup> Street District - 2008 may be modified at any time by the City Council as necessary to eliminate and prevent the development or spread of blighted areas, and encourage urban rehabilitation. The process for plan modification shall follow the procedures set forth in 7-15-4212 through 7-15-4219 MCA, with respect to initial adoption of this plan. For purposes of urban renewal district boundary changes only, the notice of public hearing, as described in 7-15-4215 MCA, may be mailed only to those owners whose properties are situated within the area of expansion or contraction of the Urban Renewal District boundaries. In cases where the boundaries are not modified, but the contents of the urban renewal plan are substantially modified, notification shall be mailed to all owners of property within the Urban Renewal District area.

## SECTION 12 – TAX INCREMENT

Tax increment financing is necessary to encourage private reinvestment within the District, which will further encourage economic growth in the District and Downtown Billings, create substantial employment opportunities, and increase the tax base of the City and other taxing jurisdictions. The expanded North 27<sup>th</sup> Street District is hereby established as a tax increment financing urban renewal area within the meaning of the Act, and, in particular, Section 7-15-4282 through 7-15-4293 of the Act. This Section constitutes a tax increment provision within the meaning of the Act. In connection therewith:

1. For the purpose of calculating the incremental taxable value each year for the life of the district, the base taxable value shall be calculated as current base taxable value of the district plus the base taxable value of all real and personal property added to the district by this amended plan and as show in Exhibit B as of **January 1, 2008**.
2. The City is hereby authorized to segregate the tax increment derived in the district and use and deposit such increment into the tax increment fund of the district for use as authorized by the Act and as authorized herein from time to time, including, without limitation, pledging the tax increment to repayment of Bonds.
3. The tax increment received from the district may be used to pay directly costs of an approved Development Project as may from time to time be approved by the Council. The Council also hereby authorizes the use of tax increment in the district to pay debt service on Bonds issued to finance a portion of the costs of these Development Projects, and costs associated with the sale and security of such Bonds in compliance with the Act, subject to any limitations imposed by the Montana Constitution and federal law.
4. The tax increment provision of the district will terminate upon the latter of:
  - a. The fifteenth (15<sup>th</sup>) year following the original creation of the district; or
  - b. The payment or provision for payment in full or discharge of all Bonds, and the payment of interest thereon, for which the tax increment has been pledged.

After termination of the tax increment provision, all taxes shall continue to be levied upon the actual taxable value of the taxable property in the district, but shall be paid into funds of the taxing bodies levying taxes within the district.

## SECTION 13 – CONCLUSIONS

The creation of this expanded North 27th Street Urban Renewal District will have a positive impact on Downtown Billings and no impact on the total taxable value flowing to the taxing entities from the now expired 1975 Urban Renewal District.

Expansion of the North 27<sup>th</sup> Street District is an essential first-step in completing what may be a number of urban renewal projects. If completed, mixed use projects approved within the first two years could stimulate over \$30 million in new construction, and possibly as much as \$15 million in re-sales and redevelopment. Approximately 500 new employees and new downtown residents could be located on the commercial and upper floors of possible mixed use projects. Thus, expansion of the district, in addition to further stabilizing the tax base, eliminating blight and providing renaissance to the CBD, will also bring new employees and residents to the CBD.

Mixed use development within the Expanded District ties in favorably with and actually stimulates the remodeling plans that are currently underway for several downtown properties. Additionally, like any major new development, the anticipated Stockman Bank construction at 4<sup>th</sup> Avenue North and North Broadway will have a stimulating effect on the surrounding area. Specific examples of this are:

1. It will tie the CBD to the medical corridor located immediately to the north of the development.
2. The Billings Clinic has purchased the Underriner property to the north and west of the Library. The Clinic's plans at this point have not been determined; however, the development proposed in this amended Plan will enhance and encourage future development by this group.

3. The Framework Plan encourages the development of the 5<sup>th</sup> Avenue North corridor. An enhanced Library, as accomplished by projects described in this Plan, will provide an excellent entrance to this corridor.
4. Future redevelopment and revitalization of structures like the Northern Hotel and the Babcock Theatre Building are enabled by this district.
5. This expanded district may assist with the completion of and continued modernization of City owned downtown parking structures.

In conclusion, expansion of the North 27<sup>th</sup> Street Urban Renewal District to include the property described in this amended Plan will have a positive effect on the CBD and the City.

**RESOLUTION NO. 18-10750****A RESOLUTION OF THE CITY OF BILLINGS FORMING A  
POLICY FOR THE ADMINISTRATION OF URBAN  
RENEWAL AREAS OR DISTRICTS (URD) IN THE CITY.**

WHEREAS, MCA, Title 7, Chapter 15, Part 42, Section 51 declares: General powers of municipalities in connection with urban renewal. Every municipality shall have all the power necessary or convenient:

- (1) To carry out and effectuate the purposes and provisions of this part and part 43;
- (2) To undertake and carry out urban renewal projects within the municipality, to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this part and part 43, and to disseminate blight clearance and urban renewal information;
- (3) To organize, coordinate, and direct, within the municipality, the administration of the provisions of this part and part 43 as they apply to such municipality in order that the objective of remedying blighted areas and preventing the causes thereof within such municipality may be most effectively promoted and achieved and to establish such new office or offices of the municipality or to reorganize existing offices in order to carry out such purpose most effectively;
- (4) To exercise all or any part or combination of powers granted in this part or part 43; and

WHEREAS, the City of Billings reviews and adopts Urban Renewal Plans for each of its Urban Renewal Districts, and those Plans specify goals for each Urban Renewal District; and

WHEREAS, the City of Billings may establish local policies that guide the establishment, operations, funding and governance of urban renewal districts; and

WHEREAS, development of TIF (Tax Increment Financing) Policies would be in the best interest of the City.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BILLINGS, MONTANA:

That the City Council now makes and adopts the following TIF Policy:

## CITY OF BILLINGS TAX INCREMENT FINANCE POLICY

1. PERMITTED USES OF TIF FUNDS. TIF funds may be used for costs outlined in MCA, Title 7, Chapter 15, Part 42, Section 88. Urban Renewal Plans adopted by the City may limit what TIF funds may be spent on in any Urban Renewal District. Eligible costs may include, but are not limited to:
  - a. Land acquisition and assemblage, demolition and removal of structures, relocation of occupants, analysis to determine needs of an urban renewal area, administrative cost for redevelopment activities.
  - b. Public infrastructure, including, but not limited to: streets, storm drains, parking, public buildings, water and sewer lines, sidewalks, utility connections.
  - c. Private infrastructure with public benefit, including, but not limited to, building façades, windows, doors, fire suppression or alarm systems, storm drainage, environmental remediation, parking, and ADA access.
  
2. FINANCIAL ASSISTANCE THROUGH TIF. All financial assistance must be approved by the City Council prior to any activity receiving funding. Financial assistance should be requested prior to beginning construction. All activity (design and construction) must be completed prior to issuance of TIF funds from the City Finance Department. Financial thresholds and assistance tools are as follows:
  - a. A minimum of  $\geq$  \$5 of private investment for every \$1 of public investment is the preferred threshold to be met for each TIF application. The City Council reserves the right to approve any application that does not meet this minimum. The City Council also may make exceptions for projects of less than \$100,000, and for publicly owned projects, properties or facilities.
  - b. Grants may be made for uses listed in Part 1 above benefitting any government owned-land or buildings and for profit and non-profit businesses.
  - c. Bonding may be available at the discretion of the City Council.
  - d. All TIF grants will be formalized by a development agreement that must be signed by the grantee before the City will reimburse eligible expenses.
  
3. URD MANAGEMENT. Each URD in the City of Billings will be managed as follows:
  - a. Each URD should maintain a non-profit advisory board to make recommendations to the City Council regarding TIF expenditures. Unless specifically authorized by a Memorandum of Understanding (MOU) referenced in 3(b) below, a majority of board members must own or lease property within the district, or must represent such owner or lessee, and may include representation from residential or commercial property owners or lessees. Advisory Boards must carry insurance for their members and provide proof of insurance to the City.
  - b. A MOU must be executed between the advisory board and the City Council that defines the board's roles, responsibilities, authority, and processes, including for hiring and maintaining board support staff. The MOU must

contain language addressing conflict of interest situations for board members whose property may directly benefit from a TIF expenditure and for board support staff. The MOU also must include language that if there is the appearance of a conflict of interest the issue will be reviewed by City legal staff before moving forward.

- c. Training for all URD advisory boards will be conducted biannually in coordination with City staff and URD support staff. The training must include, but is not limited to: review of URD and TIF laws, Administrative Rules, ethics, conflicts of interest, meeting management, and maintenance of minutes and records.
- d. URD financial reporting will be consistent across all URDs and be set by coordination between the City Finance Director and the Planning and Community Services Director, and URD support staff.
- e. TIF application review and City Council staff report preparation will be conducted by the Planning and Community Services Department Director, in coordination with the Assistant City Administrator, Finance Director, and URD support staff.

# Large Project Incentive Grant

## Purpose:

The purpose of this program is to provide financial and practical assistance to develop or redevelop buildings within the boundaries of the Expanded North 27th Street Urban Renewal District (URD) in downtown Billings. This program will:

- 1) Assist in the economic revitalization and stabilization of the URD;
- 2) Attract and retain a stable clientele population within the URD;
- 3) Stimulate private investment within the URD;
- 4) Generate additional property tax revenues within the URD; and
- 5) Encourage and facilitate the remodeling and restoration of historically significant structures within the URD.

Large projects **must support** the goals of the [Downtown Billings Strategic Plan](#) and the [Urban Renewal Plan of the North 27<sup>th</sup> St. TIFD](#). Applicants are encouraged to consider the design aesthetic of the surrounding neighborhood when submitting a design for review.

*Applicants are reminded that grant awards made by the Downtown Billings Partnership (DBP) are discretionary in nature and should not be considered an entitlement by the applicant. All grant criteria contained herein are guidelines for awards and successful applicants may receive any amount up to the maximum award. Should an applicant meet all grant criteria, a grant may or may not be awarded at the DBP and Billings City Council's discretion due to funding limitation, competing applications, and/or competing priorities of the DBP.*

|---------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| Does it eliminate blight?                                                                                     | Blight may include but is not limited to conditions which represent a risk to public health, morals, safety, and welfare in its present condition. Examples range from physical dilapidation to improper or inefficient layout. For a more complete list of factors, refer to MCA 7-15-4206. | <b>3 points</b><br>Y/N |
| Does it add/keep/improve housing?                                                                             | Construction or rehabilitation of housing is a priority in the downtown area. Quantity, quality, and projected rental or sale rates of units are to be considered.                                                                                                                           | <b>3 points</b><br>Y/N |
| Does it improve the overall design/aesthetic (facade, signage, historic preservation, alleyscapes)?           | Structural restoration, wayfinding, activation of alleys, and celebration of downtown's historical character are priorities as well as indicators of a strong town/city.                                                                                                                     | <b>3 points</b><br>Y/N |
| Does it promote economic growth (increasing taxable value, maximizing opportunities for shoppers & visitors)? | Activating vacant buildings or improving its operations in terms of safety contribute positively to the taxable value. Eliminating vacancies and adding density of populations enhance the vitality, vibrancy, resiliency, and connectivity of the neighborhood.                             | <b>3 points</b><br>Y/N |
| Is it energy efficient (environmentally and/or sustainably)?                                                  | Obtaining LEED certification, rehabilitating an existing building, and maintaining up-to-date utilities not only ensure the safety of tenants but also enhance their health while keeping costs low.                                                                                         | <b>3 points</b><br>Y/N |

| <b>Tier 2</b>                                                                                                |                                                                                                                                                                                                                                                                                                   |                        |
|--------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| Does it add/maintain/enhance landscaping (trees, boulevards, nativescaping)?                                 | City Centers are often places of gatherings for cultural events, musical concerts, and artisan eateries and shopping in addition to being a place to work, live, and play. Greenery is essential in maintaining a healthy positive environment where inhabitants have access to natural elements. | <b>2 points</b><br>Y/N |
| Does it activate an inactive building/space (abandoned, empty, unoccupied)?                                  | Vacancies lead to stagnating or declining taxable value. They also tend to be dark, which attracts undesired activities, which impacts the perception of safety.                                                                                                                                  | <b>2 points</b><br>Y/N |
| Does it provide an improved pedestrian experience (seasonal decor, ambiance lighting, sidewalk activations)? | Robust storefronts and sidewalk furniture/amenities engage with pedestrians and offer a compelling invitation to continue exploring businesses.                                                                                                                                                   | <b>2 points</b><br>Y/N |

At the sole discretion of the DBP Board of Directors, applicants are required to seek endorsement from the TIF Development Committee, which shall consist of design professionals, business or property owners, community members with an interest in downtown vitality, and members of the DBP Board. Applications will be reviewed by the DBP staff under supervision of the Development Committee. The DBP shall review applications on a first come, first served basis for the duration of funding availability. Quarterly, all projects that are recommended for approval by the Committee shall be submitted to the DBP Board of Directors for recommendation to Billings City Council for final approval or disapproval of funding the project.

All applicants will be apprised of the status of their application by written communication from the DBP staff. Award recipients shall receive a Development Agreement indicating the amount of the incentive funds awarded and any conditions deemed necessary by the DBP Board for receipt of the award. Applicants are required to return a signed copy of the Development Agreement to the DBP staff before funds will be committed to the project.

**Release of Funds:**

It is the responsibility of the award recipient to maintain proper documentation of funds expended in the course of completing the project. Release of funds is subject to submission of this documentation to the DBP by the award recipient. The project must be completed essentially as presented to the Committee and DBP Board in order to receive payment.

Incentive funds will be paid out according to the following criteria:

1. Applicants must submit copies of all required building permits.
2. Payment documentation must be submitted to the DBP office at 116 N 29<sup>th</sup> St.
3. Incentive awards will be paid upon **completion** of the project.

**Acceptable documentation is defined as PAID invoices, statements, or schedule of values from vendors, contractors, or consultants clearly detailing the work completed for the project**

**Encumbrance Policy:**

Applicants receiving funding under this program during the course of a given fiscal year (July 1 through June 30) are eligible to carry forward/encumber unexpended funds for a **maximum of one additional fiscal year** if all effort has been made to begin the project in the initial year; and/or when circumstances related to weather, construction season, etc. prohibit the completion of the project. Applicants must advise the DBP by June 1<sup>st</sup> if they will be requesting an extension of their project schedule.

**Disclaimer:**

The Downtown Billings Partnership, Inc., its committees, partners and or affiliates are not responsible for the planning, design, or construction of improvements to property that is owned by the applicant. No warranties or guarantees are expressed or implied by the description of, application for, or participation in the Urban Renewal Project Program. The applicant is advised to consult with licensed architects, engineers, or building contractors before proceeding with final plans or construction.

## PROJECT INFORMATION

### NARRATIVE OF PROJECT:

We are working to bring much needed rehabilitation to the exterior/entryway and interior safety needs of the Babcock Theater.

When Art House entered into agreement with the City of Billings to manage the space we had an understanding they City would provide funds as needed/available. After going through the budgeting process with City Staff and Council, we have been pointed towards TIF financing for what needs to be done to maintain this historic space. We have secured funding for the majority of the work, but after in-depth investigation and pricing, two major items have come back much higher than expected or budgeted. We are hoping TIF would be able to bridge the gap and help us continue to see the Babcock thrive!

The project entails both exterior and interior work that needs to be done.

#### EXTERIOR:

1. Marquee Rehabilitation: The Marquee is 70 years old and showing it's age in many ways. While we budgeted what we thought was appropriate to address the needs in front of us, after architectural assessment there is much work that must be done for the drainage system. If we do not address this issue, anything we do cosmetically will simply begin to rust again. This number represents our work to get another 70+ years of beauty out of the Marquee!
2. SideWalk/Vault Fix: Many sidewalks in Downtown Billings have a basement "vault" space underneath them. The Babcock's sidewalk support beams are severely eroded and need replacement. This requires taking up the old sidewalk, installing new steel support beams and relaying the sidewalk. All of this will be done to not only address the current erosion problem, but to also seal the space (better preventing erosion in the future).
3. Exterior Doors + Entryway: There is major energy loss with our current exterior door and they are not the most secure as a strong tug could open a locked door. We plan to replace the doors. On top of that our entryway floor is in need of a cosmetic upgrade that will be much safer and not as slippery when wet.
4. Brick Stack Demo: There is an abandoned brick chimney from the old boiler that is starting to erode and bricks have/are falling. This is a safety/liability issue we will address.

#### INTERIOR:

1. Mop Closet/Stairs Support: There is a section of flooring and stairs to the balcony that has sunk 3 inches over the past couple decades. We need to jack the floor up and resecure this section for safety and liability reasons.
2. Balcony Safety/Railing: As a historic property the Balcony of the Babcock does not meet current code requirements. While we are able to be grandfathered in and stay open, we are concerned for the safety of our community as it is a high risk area for someone to have an injury. We would like to address this by installing handrails up the middle of the balcony ailes/stairs.

Request for TIF Assistance - Babcock Theater

Dear, Andy -

The DBP is hereby submitting a request for TIF assistance on behalf of the Arthouse Cinema & Pub, the Nonprofit that manages the Babcock Theater campus on behalf of the City of Billings, for a project in the Expanded North 27th Street Urban Renewal District.

The project involves rehabilitation efforts of the 2810 2nd Ave N theater with mostly exterior work but some interior upgrades as well. Since its acquisition of the operations of the theater, the Arthouse Cinema & Pub has made several improvements to the structure of the Babcock but many significant areas are in desperate need of attention. The Historic Marquee is over 70 years old and its drainage system needs to be stabilized. The sidewalk is similar to many downtown sidewalks where there is a vault housed underneath, its support beams are severely eroded. The entrance doors are not the most secure or energy efficient and the path leading up to the door can get slippery due to water collection due to its uneven surface. Finally, there's an abandoned brick chimney that has eroded whose bricks are falling off in the alley. The interior includes adding railing in the balcony and jacking up stairs & flooring. The good news, the Arthouse Cinema & Pub has secured a grant, in-kind donations, and a fund to cover some of the costs.

The total project cost is \$586,929 but the request for TIF assistance is for \$300,000 toward the exterior improvements. The Board of Directors of the DBP support this project & recommend approval. This project complies with the Montana Code Annotated in terms of eligible expenses. Furthermore, this project conforms with many goals & elements of the Urban Renewal Plan as well as the Downtown Billings Strategic Plan to contribute toward a safer sidewalk and alley experience as well as safer and celebrated entryway to the theater. This will ensure a Historic asset like the Babcock Theater is preserved, maintained, and well presented to continue visitations downtown.

The DBP is requesting a position for review by the Billings City Council during its regular meeting Monday, August 26th.

Thank you for your consideration,

Mehmet Casey, Development Director | Downtown Billings Partnership

City of Billings

## **BABCOCK THEATER LEASE AGREEMENT**

THIS BABCOCK THEATER LEASE AGREEMENT (this "Lease" or this "Agreement") is made effective the 1<sup>st</sup> day of November 2018, by and between THE CITY OF BILLINGS, MONTANA of 210 N. 27<sup>th</sup> Street, Billings, MT 59101 ("City"), and ART HOUSE MANAGEMENT LLC, A MONTANA NONPROFIT LIMITED LIABILITY COMPANY, of 109 North 30<sup>th</sup> Street, Billings, MT 59101 ("Lessee").

### **WITNESSETH**

#### **1. Description of Leased Premises and Uses.**

Effective November 1, 2018, City leases to Lessee and Lessee leases from City, for the purpose of establishing and operating a performing arts center dedicated to the presentation and development of all of the performing arts for the benefit of the public, certain land, improvements, structures, and appurtenances more particularly described as follows (the "premises"):

Real property commonly known as the Babcock Theatre, located at 2810 ½ 2nd Avenue North, in Billings, Montana, more accurately described as:

Unit 1A together with an undivided 41 percent interest in the general common elements and limited common, if any, elements of HISTORIC BABCOCK BUILDING, Billings Original Townsite, a condominium project located on all of Lots 7-12 and a fractional portion of Lot 6 all in Block 93, according to the official plat on file in the Yellowstone County, Montana, Clerk and Recorder under Document No. 16312, as the unit boundaries and general and limited common elements are established, defined and identified in the Declaration of Unit Ownership for the Historic Babcock Building recorded June 25, 2010, under document No. 3553865, and the First Amendment to Declaration of Unit Ownership for Historic Babcock Building recorded on May 29, 2018, under Document No. 3850322, in the Yellowstone County, Montana Clerk and Recorder office.

As used herein, the "premises" refers to the portion of building, and any and all improvements located, constructed or established upon the property described above, whether made prior to the commencement of the term of this Lease, during the term of this Lease, or during the renewal term thereof.

Lessee understands that the premises includes: the theater area including main level, balcony, second floor concession areas and green room. The use of the Arcade Area shall be in accordance with the Historic Babcock Property Owner's Association's (HBPOA) Condo Bylaws and any amendments made to Bylaws thereafter, which are attached to this Lease Agreement as Attachment A.

City of Billings

**2. Term and Possession of Premises.**

Upon execution of this lease, the term of this lease shall be fifteen (15) years, with options to renew pursuant to Paragraph 27 of this Agreement. Notwithstanding the foregoing sentence, City and Lessee acknowledge that Lessee has been operating the Premises since August 1, 2018. It is understood that Lessee is responsible for all expenses related to the Babcock Theatre, and also retains net revenues for said property.

City acknowledges and agrees that (a) alcoholic beverages may be sold at the premises from time to time, (b) Cine Billings, a Montana nonprofit corporation doing business as Art House (“Art House”), is the sole member of Lessee, and (c) Art House owns a nonprofit arts on-premises beer and wine license and Lessee is authorized to sublease the premises to Art House solely for the purpose of alcoholic beverage sales, provided that Art House first completes the insurance requirements of Paragraph 16 of this Lease.

**3. Rent.**

The City recognizes the value to the City of Billings and its citizens of the development, continued use, and improvement of the premises as a performing arts center. In consideration of the above and the covenants and conditions of this Lease Agreement, Lessee agrees to pay the City rent for the premises in the amount of \$1.00 each year, payable on the date of this Lease Agreement and yearly on the anniversary of that date, for the full term of this Lease.

**4. Signage.**

Lessee shall have the right, at its expense, to select, install and maintain any signage so long as it fits within the original design and historic intent of the Premises and any HBPOA rules and/or policies, as well as in accordance with State or City of Billings ordinances.

**5. Covenants of Use.**

Lessee covenants and agrees to use the premises for general theater use to include, but not be limited to, movies, concerts, non-profit events, musical concerts, public speaking events and other special events mimicking the spirit of the previously listed activities. Intended use is outlined in the Proposal (Attachment B).

**6. Funding of Repairs and Renovations.**

City shall not be required to make any improvements, replacements of any kind or character to the leased premises except as provided below. Lessee shall not be obligated to make any renovations or improvements to the premises which are not authorized by the City and the HBPOA and mutually agreed to by Lessee.

## City of Billings

City shall provide Lessee funds as approved through the budget process by the Mayor and Council for improvements to the premises. Lessee shall make recommendations to City regarding improvements, however, City shall make final determination and approval of improvements.

Normal repairs within the Theater which do not exceed \$9,999.99, within the calendar year, in the aggregate, will be undertaken by the Lessee as soon after discovery as can reasonably be arranged. Competition for the procurement of goods and services shall be competed through the normal City process for improvements/repairs/equipment which exceed \$9,999.99. Any single expenditure exceeding \$9,999.99 must receive prior approval from the City Council. The time or date when such renovations and improvements shall be made and shall be coordinated with the City, the Lessee and the HBPOA. Lessee shall provide City with such reasonable information as Lessee has developed concerning such renovations and improvements as may be requested by City.

The Parties have created and will maintain a committee of at least five (5) interested parties as an advisory group known as the "Babcock Improvements Committee," who shall meet as needed, but at least annually, to review and approve all repairs and improvements to the Theater. To the extent possible, the Parties and Committee shall identify the desired projects for each year. The Parties acknowledge that such priorities may change on an as-needed basis.

The City's purchasing procedures shall not apply to any renovations and improvements made by Lessee at their own expense, without payment or reimbursement by the City; however, all renovations and improvements of \$500 or more shall be approved by the Babcock Improvements Committee and through the normal donation acceptance process by the City Council.

All renovations and improvements made by Lessee shall conform to applicable codes, ordinances, laws and regulations of the City of Billings and any other governmental authority or agency, and in accordance with HBPOA bylaws, and shall be owned solely by the City and remain with the property.

### **7. Warranties of Title and Quiet Possession.**

City covenants that City has a right to occupy the premises and has the full right to make this Lease and that Lessee shall have quiet possession of the premises during the term hereof.

### **8. Use Prohibited.**

Lessee shall not use, or permit the demised premises, or any part thereof, to be used, for any unlawful or illegal purpose or purposes that violate Federal, State or City of Billings ordinances or resolutions.

City of Billings

**9. HBPOA Non-Compete Clause.**

No uses shall be allowed that are in direct competition with the existing businesses of the Babcock Building, as a main source of income by the Lessee. For purposes of clarification, the sale of alcoholic beverages and concessions and occasional displays of works of art shall not be considered direct competition with existing businesses of the Babcock Building.

**10. Waste and Nuisance Prohibited.**

During the term of this Lease, Lessee shall comply with all applicable laws affecting the premises, the breach of which might result in any penalty to City or forfeiture of City's title to the premises. Lessee shall not commit or suffer to be committed any waste on the premises, or any nuisance.

**11. Abandonment of Premises.**

Lessee shall not vacate or abandon the demised premises at any time during the term hereof. If Lessee shall abandon, vacate, or surrender the demised premises, or be dispossessed by process of law, or otherwise, any personal property belonging to Lessee and left on the demised premises shall, at the option of the City, be deemed to be abandoned unless appropriate arrangements for removal have been agreed to by City and Lessee.

**12. Notices.**

All notices, demands or other writings in this Lease provided to be given or sent, by either party hereto to the other, shall be deemed to have been fully given or made or sent when made in writing and deposited in the United States mail, registered and postage prepaid, and addressed as follows:

City of Billings

The address to which any notice, demand, or other writing may be given or made or sent to any party as above provided may be changed by written notice given by such party as above provided.

**13. Taxes and Assessments.**

- a) From and after November 1, 2018, it is agreed that the premises shall be subject to, and Lessee shall pay and discharge as they become due, such taxes, assessments, rates, charges, license fees, municipal liens, levies, excises or imposts, whether general or special, or ordinary or extraordinary, of every name, nature and kind whatsoever, only to the extent such charges are imposed on other buildings owned by City.
- b) From and after November 1, 2018, it is agreed that the premises shall be subject to, and Lessee shall pay and discharge as they fall due during the term of this Lease, such special assessments, levies or charges, made by any municipal or political subdivision for local improvements only to the extent that such charges are imposed on other buildings owned by City.
- c) The City shall render payment for all items above and provide invoice(s) to Lessee for payment of such within 30 days of invoice date.

**14. Utilities.**

Effective November 1, 2018, Lessee shall fully and promptly pay for all water, gas, heat, light, power, telephone service, pro-rata share of HBPOA common expenses, and other public utilities of every kind furnished to the demised premises throughout the term hereof, and all other costs and expenses of every kind whatsoever of or in connection with the use, operation, and maintenance of the demised premises and all activities conducted thereon, and City shall have no responsibility of any kind for any thereof.

The City shall render payment for all separately metered utilities and those assessed by the HBPOA and provide invoice(s) to Lessee for payment of such within 30 days of invoice date.

**15. Fees.**

Lessee shall solely be responsible for obtaining and paying for any and necessary licenses and/or royalties required by law. Lessee solely shall be responsible for making any necessary payments to any union, guild or artists associations. The City assumes no responsibility for these fees. Lessee represents and warrants to the City that nothing contained in the performances, the merchandizing or anything else connected with the Lessee's performance pursuant to this Agreement shall violate or infringe on any patent, copyright, trademark, right of privacy or other statutory or common law right of any person, firm, corporation or other entity. Lessee warrants

City of Billings

that it shall obtain all licenses necessary in connection with the performances and/or sale of merchandise and agrees to supply copies thereof to the City (if requested) not less than five (5) days prior to the event date. The Lessee warrants that it has paid or will pay when due all necessary royalties due or license fees due Broadcast Music Incorporated (BMI), American Society of Composers, Authors and Publishers (ASCAP), the Society of European State Authors and Composers (SEASAC), and any other similar organization.

**16. Insurance.**

- a) Insurance Coverage of Demised Premises. Except as otherwise provided herein, Lessee shall at all times during the full term of this Lease and at Lessee's sole expense insure the demised premises with fire and extended coverage insurance in an amount equal to the replacement cost of the demised premises (which City and Lessee agree is presently \$845,000.00) with loss payable to City, Lessee, and the holder of any mortgage as their interests. City agrees that the premises may be so insured under any such insurance policy maintained by or in the name of the City, but the applicable portion of any premium paid by the City which relates to the premises shall be paid by the Lessee within thirty (30) days after notice to Lessee that City has made such payment. The City reserves the right to increase the minimum limits of coverage during the term of the agreement. The Responder shall provide a certificate of insurance in force and providing City shall be notified at least thirty (30) days before any cancellation or termination of said policy.
- b) Liability Insurance. Lessee shall maintain in effect throughout the term of this Lease liability insurance covering the demised premises, appurtenances, sidewalks, and parking lots (if applicable) abutting thereon in the minimum amount of Two Million Dollars, (\$2,000,000.00), combined single limits of liability for each occurrence for bodily injury or property damage regardless of the number of persons or organizations who sustain bodily injury or property damage or the number of claims made, or suits brought, on account of bodily injury or property damage.

Such insurance shall specifically insure Lessee against all liability assumed by them hereunder, as well as liability imposed by law and shall insure both City and Lessee. City and HBPOA shall be endorsed on any policies as a primary, additional named insured.

In addition, said policy or policies shall contain a provision that no cancellation thereof shall be effective by the insurer without thirty (30) days written notice to the City.

Lessee agrees that the premises may be so insured under any such insurance policy maintained by the City, but the applicable portion of any premium paid by the City which relates to the premises shall be paid by the Lessee within thirty (30) days after notice to Lessee that City has made such payment.

## City of Billings

Unless the above insurance coverages are provided under policies maintained by the City, at least twenty (20) days prior to the date of expiration of any of the insurance policies above mentioned, the Lessee shall deliver to the City a certificate of renewal of such policy indicating payment of the premiums therefore. All insurance policies carried by either party covering the property or the demised leased premises shall expressly waive any right, including subrogation, on the part of either party against the other. All policies shall require the insurance companies to notify the City in writing prior to any cancellation of the insurance.

- c) Lessee shall maintain in effect throughout the term of this Lease Liquor liability insurance in the minimum limit of \$1,000,000 each occurrence, naming the City as an additional insured.
- d) The City shall pay for and maintain property insurance and provide invoice(s) to Lessee for payment of such within 30 days of invoice date.

### **17. Indemnification of City and Lessee.**

Lessee agrees to indemnify, defend and save City, its officers, agents and employees harmless from any and all claims, demands, losses, damages, liabilities, judgments, litigation costs and expenses including reasonable attorney fees occasioned by, growing out of, or in any way arising or resulting from any intentional or negligent act or omission by Lessee or its agents, subcontractors or employees.

City agrees to indemnify, defend and save Lessee, its agents, subcontractors and employees harmless from any and all claims, demands, losses, damages, liabilities, judgments, litigation costs and expenses including reasonable attorney fees occasioned by, growing out of or in any way arising or resulting from any intentional or negligent act or omission by City, its agents or employees.

### **18. Default.**

In the event Lessee shall be in default of any covenant, agreement or condition provided for in this Agreement, or abandon or vacate the demised premises, or become a voluntary or involuntary bankrupt, or make an assignment for the benefit of creditors, or, in the event of a receiver or trustee being appointed for Lessee, then upon the occurrence of any one or more of such defaults, and after Lessee has been given notice by certified mail of such default, Lessee shall have thirty (30) days from the mailing of such notice within which to correct such default or defaults, and if no such corrections are made, City, in addition to any other rights or remedies it may have shall have the immediate right of re-entry and may remove all persons and property from the premises and may terminate this Lease, or at the option of the City, the City may proceed against the Lessee for all rentals to accrue under this Lease, or extension thereof. Either party may seek any legal or equitable remedy.

City of Billings

**19. Waiver.**

The failure of City to insist on a strict performance of any of the terms and conditions hereof shall be deemed a waiver of the rights or remedies that City may have regarding that specific instance only, and shall not be deemed a waiver of (1) City's right to insist on strict performance of the same or any other of the terms and conditions of this Agreement at any time subsequent thereto or (2) City's rights or remedies for any other subsequent breach or default in any terms or conditions.

**20. Mortgages.**

With the exception of the hiring of contractors who may have the right to record a notice of right to claim lien or a construction lien, Lessee shall have no right to place mortgages or have liens placed on the premises in connection with any renovations or improvement, without the written approval of City. Lessee shall promptly pay any such contractors. City shall have no right to place mortgages or have liens placed on the premises without the written approval of Lessee.

**21. Repairs and Destruction of Improvements.**

- a) Maintenance of Improvements. Lessee shall, throughout the term of this Lease, at its own cost, and without any expense to City, keep and maintain the demised premises and all appurtenances thereto, including sidewalks, and parking lots adjacent thereto, in good, sanitary, and neat order, condition and repair, and shall, subject to the conditions described in subparagraph (b) below, restore and rehabilitate any improvements of any kind which may be destroyed or damaged by fire, casualty, or any other cause whatsoever. City shall not be obligated to make any repairs, replacements or renewals of any kind, nature or description whatever, to the demised premises or any building, or improvements thereon except to the extent that insurance proceeds are available in accordance with subparagraph (b) below. Lessee shall also comply with and abide by all federal, state, county, municipal and other governmental statutes, ordinances, laws and regulations affecting the demised premises, the improvements thereon or any activity or condition on or in such premises.
- b) Damage and Destruction of Improvements. Except as stated herein, the damage, destruction or partial destruction of any part of the premises shall not release Lessee or City from any obligation hereunder. If insurance is maintained in the name of City pursuant to paragraph 15(a), it is agreed that any proceeds covering damage or destruction of the premises shall be made available to Lessee for such repair or restoration. If the premises are partially damaged but remain usable for their intended purpose with little or no interruption to Lessee for repairs, Lessee shall use all available insurance proceeds to, so far as such proceeds allow, promptly repair and restore the same. If the premises are substantially damaged or destroyed and thereby rendered completely unusable for their intended purpose, or their repair or reconstruction would

City of Billings

substantially interrupt the operations of Lessee, the parties shall mutually agree on how insurance proceeds resulting from the loss shall be used for the repair, rebuilding, new construction, and/or relocation of a performing arts center or facilities supportive of a performing arts center.

**22. Right to Sublease.**

Lessee shall not have the right to sublease or assign the demised premises in whole or in part except as allowed by Paragraph 2 or upon the express written consent of the City. Nothing in this paragraph shall limit or restrict Lessee's ability to rent, license, let, or otherwise contract the premises in whole or in part for short-term use by performance groups and other users in a manner typical of a theater or performing arts center.

**23. Surrender.**

Upon the expiration or other termination of this Lease and any renewal thereof, Lessee shall quit and surrender to City the demised premises broom clean, in good order and condition, ordinary wear and damage by elements excepted.

**24. Parties Bound.**

The covenants and conditions herein contained shall, subject to the provisions as to assignment, transfer and subletting, apply to and bind the successors, assigns, or trustees of the parties hereto.

**25. Net Lease.**

It is the intention of the parties hereto that this should be a net lease and City shall have no obligation whatsoever, except as herein specified, to make any expenditures for any reason whatsoever in connection with the leased premises, other than what is outlined herein.

**26. All Rights and Remedies To Be Cumulative.**

In the event of a breach of this Agreement, and unless expressly limited or supplemented herein, the parties shall have all remedies normally available to them whether by terms of contract, statute, or common law. In addition to any remedies for default given to City pursuant to paragraph 18 above, or by law, City and Lessee, in the event of a breach or a threatened breach by Lessee or City of any of the terms or conditions hereof, shall have the right of injunction to restrain the other party and the right to invoke any remedy allowed by law or in equity, as if the specific remedies of indemnity or reimbursement were not provided herein.

The rights and remedies given to the parties in this Lease are distinct, separate, and cumulative, and no one of them, whether or not exercised by a particular party, shall be deemed to be in exclusion of any of the others herein, or by law or equity provided. Either party may

City of Billings

seek any legal or equitable relief to cure, correct or remedy any default, to recover any damages for any default or to obtain any other remedy consistent with the purpose of this Lease Agreement.

**27. Renewal of Lease.**

If Lessee is not in material default under the terms and covenants of this Agreement, then Lessee may renew this Agreement at the expiration of the term described in paragraph 2 for three (3) additional five (5) year terms on the same terms and conditions, subject to the renewal procedures described herein. Lessee shall provide City with written notice of its intent to renew at least ninety (90) days before the applicable term of the Agreement expires. Rent for all renewal terms shall be \$1.00, annually, with the same payment schedule as described for the original term.

**28. Miscellaneous.**

Notwithstanding anything to the contrary herein contained, the successful party in any litigation resulting from the dispute between the parties in connection with this Lease shall be entitled to reasonable attorney's fees.

**29. Inspection of Premises.**

City shall have free access to the demised premises at all reasonable times for the purpose of examining or inspecting the conditions thereof or in order to exercise any right or power granted by law or reserved to City under the terms and provisions of this Lease Agreement.

**30. Time of Essence.**

Time is of the essence in all provisions of this Lease.

**31. Governing Law and Venue.**

It is agreed by and between the parties hereto that this Agreement shall be construed and enforced in accordance with the laws of the State of Montana. Venue for any suit between the parties arising out of this Agreement shall be the State of Montana Thirteenth Judicial District Court, Yellowstone County.

**32. Relationship of Parties.**

It is understood and agreed that the relationship of the parties hereto is strictly that of landlord and tenant and that this Lease shall not be construed as a joint venture or partnership. Lessee is not and shall not be deemed to be agent or representative of City.

City of Billings

**33. Amendments in Writing**

Any addenda or amendments to this Lease, including but not limited to any extensions of the initial term of this Lease shall be valid only if in writing and signed by the parties.

**IN WITNESS WHEREOF**, the parties hereto have executed this instrument the day and year first above written.

**MOLD DISCLOSURE  
STATEMENT**

In connection with the lease of **THE BABCOCK THEATER, 2810 ½ 2<sup>nd</sup> Ave. North, Billings, Montana** (the "Building"), which space constitutes inhabitable real property under the Montana Mold Disclosure Act (the "Act"), the **City of Billings, Montana, 210 N. 27<sup>th</sup> Street, Billings, Montana 59101**, hereinafter referred to as "Landlord," hereby provides the following disclosure:

1. **Statutory Mold Disclosure.** There are many types of mold. Inhabitable properties are not, and cannot be, constructed to exclude mold. Moisture is one of the most significant factors contributing to mold growth. Information about controlling mold growth may be available from your county extension agent or health department. Certain strains of mold may cause damage to property and may adversely affect the health of susceptible persons, including allergic reactions that may include skin, eye, nose and throat irritation. Certain strains of mold may cause infections, particularly in individuals with suppressed immune systems. Some experts contend that certain strains of mold may cause serious and even life-threatening diseases. However, experts do not agree about the nature and extent of health problems caused by mold or about the level of mold exposure that may cause health problems. The Centers for Disease Control and Prevention is studying the link between mold and serious health conditions. The seller, landlord, seller's agent, buyer's agent, or property manager cannot and does not represent or warrant the absence of mold. It is the buyer's or tenant's obligation to determine whether a mold problem is present. To do so, the buyer or tenant should hire a qualified inspector and make any contract to purchase, rent, or lease contingent upon the results of that inspection. A seller, landlord, seller's agent, buyer's agent, or property manager who provides this mold disclosure statement, provides for the disclosure of any prior testing and any subsequent mitigation or treatment for mold, and discloses any knowledge of mold is not liable in any action based on the presence of or propensity for mold in a building that is subject to any contract to purchase, rent, or lease.

2. **Knowledge of Mold.** By checking the box next to the applicable statement, the Landlord makes the following disclosure:

- The Landlord has no knowledge of the presence of mold in the Building.
- The Landlord has knowledge that mold is present in the Building and hereby makes the disclosure of such mold to the Tenant.

Based on the report from ASAP Property Inspections, LLC, dated July 18, 2017, the presence of mold in the Premises has not been reported.

3. **Testing of Building.** By checking the box next to the applicable statement, the Landlord makes the following disclosure:

- The Landlord has no knowledge that the Building has been tested for mold.
- The Building has been tested for mold. The Landlord has provided the Tenant with (i) a copy of all results of the testing that are available to Landlord, and (ii) a copy of documents or evidence of any subsequent mitigation or treatment. The Tenant hereby acknowledges receipt of said copies.

It is expressly provided that the furnishing of any test results and evidence of mitigation or treatment is not and shall not be construed as a promise, warranty, or representation of any sort by the Landlord, or by Landlord's officers, employees, agents or property managers.

If the Tenant contracts for testing of the Building for mold, then Tenant agrees to provide a copy of the results of the test, if available, to Landlord.

4. **Acknowledgment of Disclosures.** The Tenant, by signing a copy of this statement, expressly acknowledges receipt of this Disclosure Statement and acknowledges the specific disclosures set forth herein. Neither the Landlord nor its officers, employees, agents or property managers shall be liable in any action based on the presence of or propensity for mold in the Building that is subject to any rental or lease agreement.

**Date:** 08/26/2024  
**Title:** Tax Increment Assistance to the Billing Depot from the Downtown Tax Increment Fund  
**Presented by:** Andy Zoeller, Finance Director  
**Department:** Finance  
**Presentation:** Yes  
**Legal Review:** No  
**Project Number:** N/A

**RECOMMENDATION**

The Downtown Billings Partnership (DBP) Board has reviewed this application for tax increment assistance and recommends the City Council not approve the request for tax increment finance funds from the Expanded North 27th Urban Renewal District to the Billings Depot, Inc.

**BACKGROUND (Consistency with Adopted Plans and Policies, if applicable)**

Billings Depot, Inc. is a non-profit that manages the Depot campus located at 2310 Montana Avenue. As the property is owned by the City and managed by a non-profit, there are no property taxes paid on this particular property.

Billings Depot, Inc. intends to address a variety of issues within the historic buildings located on the Depot campus. These include exterior door refinishing, concrete walkway repairs, roof repairs, Post Building restoration, and flooring repairs. The TIF funds are for public sidewalk repairs and walkways around the Depot. The total cost of improvements is approximately \$570,000, and leverages a Montana Historic Preservation Grant and contributions made to the Depot.

The DBP considered the application at its July 26th meeting and voted not to recommend \$80,000 in TIF assistance. The DBP's decision was based on the district's financial projections and current priorities, which emphasize downtown housing, mixed-use projects, and public safety. While acknowledging the significance of The Depot's improvements and its importance downtown, the DBP's recommendation reflects a prioritization of these goals and limited financial resources.

**Table 1.** Alignment of Proposed Improvements with City TIF Policy, Expanded N. 27th Urban Renewal District Plan, and MT Code Annotated.

| Qualified Improvements | DBA Strategic Plan                 | City TIF Policy                                                                                                                                                                                                                                                                                 | Urban Renewal Plan                                                                                                                                                                                                                                                      | Montana Code Annotated |

**ALTERNATIVES**

City Council may:

- Approve the application for TIF funds, contrary to the DBP's recommendation; or,
- Modify the requested amount or terms for the expenditure of TIF funds; or,
- Disapprove the application for TIF funds, inline with the DBP's recommendation.

**FISCAL EFFECTS**

This project was not included in the FY25 budget and DOR just reported an approx. 7.3% reduction in value for the downtown TIF district. If approved, staff recommends that payment not occur until FY26 or later. The development agreement with the Rockman project (approved on 3/11/24), limits the ability for the TIF to fund new development projects prior to the completion of that project. The total amount requested for this project is \$80,000 and will need to be budgeted in future years, as funds are available.

BILLINGS DEPOT

BILLINGS DEPOT

*Hello,*

Thank you for considering the Billings Depot for the Tax Increment Financing Assistance.

We know you have many significant projects to consider and we're grateful for your time and review of our application.

The Billings Depot is listed on the National Register of Historic Places and spans four full city blocks along historic Montana Avenue in downtown Billings. It was built in 1909 to service three railroads and has greatly influenced the development of our City and the industry for the State.

In 2023, we were awarded a grant in the amount of \$414,000 from the State for preservation of our historic campus. We are graciously asking for \$132,500 in TIF assistance. This will help us reach the funding necessary to complete the project and serve as matching funds, so we can collect the full award of the grant from the State.

Included in this application you'll find our plan for campus renovations and letters of support from City organizations, all of whom work closely with the Depot in our collaborative efforts to drive transformational impact in our community.

This project is stand-alone and shovel-ready and can begin as soon as the remaining funding is secured. It will enhance the security, climate control, and safety of the property as well as help maintain the buildings' historic character and ensure its accessibility for future generations.

Thank you again for your time and consideration,

Graciously,

*Michelle Williams*

## Project Information

### DESCRIPTION OF PROJECT:

The Billings Depot was built in 1909 and continues to play a large role in the cultural and historic fabric of the Billings community. Maintenance and up-keep is vital in keeping the campus relevant, safe, and an attractive destination for cultural and heritage tourism, public and private functions, and business viability.

Since it's restoration in 2000, it has seen significant deterioration due to weather exposure and general use. The **Campus Impact Renovations** project: proposes to address a variety of infrastructure, maintenance, restorative, and energy efficiency issues, allowing the Depot to maintain the integrity of the historic buildings and increase public safety and security throughout the campus.

#### The project includes:

**Exterior Door Refinishing:** The existing doors of the main Depot building and The Post have degraded over time due to exposure and deferred maintenance. In addition to wood damage, the weather seals around the doors have almost completely worn away, allowing weather and rodents access to the building. Refinishing will bring the doors back to their former luster and significantly improve the buildings' energy efficiency and pest control.

#### **Concrete Walkway Repairs:**

A breakdown of the cement walkways around the Depot has caused significant gaps and now jeopardizes the foundation of our buildings. In addition, areas have begun to crumble and break away, causing signage to lean and creating pedestrian hazards. The project will restore damaged and degraded areas of concrete sidewalks and pathways throughout the Campus to ensure adequate accessibility and public safety.

**Roof Updates:** Due to hail and general weather, the paint on the roof is flaking, leaving the tiles exposed and in jeopardy of greater damage if left unattended. Additional snow spikes are also needed on three of the buildings to keep snow from falling onto the walking paths and potentially injuring pedestrians.

**The Historic Post Building Restoration:**

The Post is a small, 1,740 sq ft building, originally the historic mail building for the Depot. This has been used as a tenant space for some years and in 2018, this space was converted into the very first popup retail space for downtown Billings. As a popup retail environment, anyone can rent the space by the hour, day, week or month to launch a new business, host a networking event, sell handmade furniture, or even try out the downtown market for business expansion. The uses are unlimited.

A&E Design was responsible for the original restoration of the main Depot and will be the project lead for restoration of The Post.

Restoration of this space is meant to showcase the history of the building while making the space more energy efficient and more functional for the community. We'll be repairing damaged concrete flooring, refinishing wood doors and trim, resealing windows and doors, replacing existing lighting with period-accurate fixtures, repairing electrical, and creating a welcome area that feels like an old mailroom.

**Floor Repairs:** The floor in the baggage room is the original wood and we spend a lot of money to maintain and preserve it. However, due to the large number of events hosted at the Depot, there are some areas which are now in serious need of repair due to damaged wood planks and worn varnish. Part of this project is to repair the damaged areas of the floor to remove trip hazards and then refinish the entire surface to protect from further deterioration. The new coating on the floor is estimated to last 5-8 years once applied.

---

**ECONOMIC & COMMUNITY IMPACT:**

Once complete, this project will reflect a refreshed and enhanced campus image, encouraging a new audience to explore and occupy the area, which is beginning to appear neglected and unsafe.

The Campus Impact Renovations project: will address infrastructure, building updates, and restoration and maintenance. It involves renovations and updates which will enhance security, energy efficiency, and public safety so the Depot can maintain a state-of-good-repair and enhance future economic impact.

Economic impacts of the proposed project to the local and regional area as a result of the project completion include:

- **Residential housing** by improving quality of life and safe walkability of the downtown community helps bring new residents and businesses to downtown. It also supports the new residential developments of downtown and within the Historic Montana Avenue district.
- **Trades** associated with historic preservation work requires specialized skill sets from **local and regional contractors**, such as masonry cleaning/sealing and repainting, windows restoration, painting, roof restoration, electrical, millwork fabrication and carpentry skills, and concrete restoration and repair. Also, **new jobs and wage earners** in the areas of housekeeping, maintenance, catering, and service industry will all be utilized to support new services because of increased use of the Depot campus.
- **Educational opportunities** created through enhanced partnerships with local schools, colleges and career centers to support education, help develop skills necessary for a more advanced workforce and provide better access to the history of Billings.

The Depot is worked closely with Scheels, Big Sky Economic Development, Visit Billings, Visit SE Montana, and three colleges/universities to launch the first summer equipment rental popshop in The Post at the Billings Depot. This ran for only a few months in the summer but encouraged and supported workforce development, local tourism and economic development for Downtown Billings.

The completion of the Campus Improvement Project will allow the Depot to further strengthen this program as well as push further into others programming to provide greater support for tourism and community development.

- **Social structures.** As the perception and appeal of the historic Billings Depot Campus begins to change through this enhancement project, the use and interest of the Campus will reach a larger audience and also impact social behaviors
- A better sense of safety and security, rekindles interest in the Depot to attract a larger audience and **increase general use and visitation.** This also helps to support tourism, workforce development and economic impact
- As stated in Perceived Safety in Public Spaces from Stockholm University: *By offering publicly accessible space which connects other areas of the city, public spaces are vital for the existence of a well-functioning city. The way people perceive space determines the way space is used. One of the major factors that influences people's behavior is sense of safety. If people feel unsafe in an area, the behavior of people and sense of comfort is changed. The way people perceive their safety can tell a lot about the way people make use of certain parts of the city.*
  - o <http://www.diva-portal.org/smash/get/diva2:826168/FULLTEXT01.pdf>

- **Public health and safety** improve by addressing deteriorated and failing buildings and site/sidewalk components, security camera and monitoring, and vagrancy and vandalism issues.
- Increased **tourism and out-of-town event bookings**. The planned restoration and campus updates will allow us to better serve travelers and accommodate needs of event planners that are currently available in larger cities.
- **Tenant acquisition and longevity** is dependent on the quality and maintenance of the space. As the City of Billings Public Works prepares to end its lease in 2024, the Billings Depot is actively seeking a new tenant to take its place. The ability to do this in a timely manner is dependent on our ability to maintain the campus to address areas of public safety, energy efficiency, and beautification.

#### DEPOT MISSION & OPERATIONS:

**The mission of the Billings Depot is to preserve and protect the historic campus and actively contribute to the growth, spirit and vitality of the Billings community.**

We are dedicated to collaborating with our community partners to ensure the work we're doing at the Depot aligns and supports the overall goals and planning efforts for the community. The Depot is also one of the founding members of the Historic Montana Avenue Association (HMAA). This group is made up of property and business owners along Montana Avenue, dedicated to the beautification, preservation, and economic development of this historic district. The Depot, in collaboration with the other executive members of this group, have already succeeded in gaining approval for the installation of new pedestrian crosswalks to support traffic calming and walkability. Streetlights have been updated in the district and private security has been hired to work alongside local law enforcement to further improve the safety and walkability of Downtown. The Campus Impact Renovations project directly aligns with the goals and initiatives of HMAA in the areas of preservation and beautification.

**The Billings Depot brings thousands of people to Downtown Billings each year.**

In 2023, the Depot hosted over 130 private events which brought over 13,000 people to Downtown. In addition, the Depot hosted 7 signature events, each attracting between 200 to 1500 people. During the months of April through October, the Depot also hosts up to 50 dinner tours through our partnership with Destination America, a tour group out of Las Vegas. There are ~50 guests on each bus tour from all around the world, stopping at the Depot for dinner and a presentation on the history of Billings.

The City of Billings grew up around the Depot and we continue to be a vital contributor to our community. We want to celebrate this history and ensure continuation of historic use through preservation and restoration efforts. We are dedicated to enhancing the community, remaining relevant so we can be strong partners and strategically leveraging our resources to support overall community goals in economic development and downtown revitalization.

#### PROJECT SCHEDULE:

**Re: Grant Application to Montana Department of Commerce for  
Facility Improvements to Billings Depot**

To Whom It May Concern:

The City of Billings owns the building known as the Billings Depot, or simply the Depot, located within the historic area of downtown Billings on Montana Avenue. It is an historic building that was renovated and restored many years ago and is currently leased and managed by the Billings Depot, a non-profit organization. Many popular private events and corporate meetings are held each year at this facility as supervised by the Billings Depot organization. I have reviewed and familiarized myself with the proposed improvements to the facility and fully support the grant application to accomplish these crucial improvements.

Do not hesitate to contact me if there are any questions.

Very truly yours,

Kevin Iffland

Re: Historic Billings Depot

Dear Committee Members:

I write in strong support of the Billings Depot and its application for funds to repair and restore this historic landmark that generates great economic and cultural activity in downtown Billings.

The projects described in the grant application will maintain and protect the historical and architectural integrity of the Depot campus and improve safety and security. They will also stimulate economic development, promote community pride, and encourage statewide tourism in collaboration with community partners like the City of Billings, Downtown Billings Alliance, Big Sky Economic Development, and the Billings Chamber of Commerce & CVB.

The Billings Depot is fundamental to our city's history. The City of Billings was founded in 1882 by the land-development subsidiary of the Northern Pacific Railroad and named after the president of the railroad, Frederick Billings. Before becoming a railroad magnate, Billings played a major role in developing San Francisco and California after the 1849 goldrush and helped found the University of California, among many other accomplishments.

The Billings Depot served three major railroad networks that intersected here at the turn of the last century. The Depot has hosted presidents, dignitaries, and many historical figures over the years. In 1991 the Hollywood movie *Far and Away* was filmed there. The Depot received historic designation because it represents an important period of Billings'

[billingsmt.gov](http://billingsmt.gov)

history and has had a large influence on the types of businesses that grew up along the famous Montana Avenue.

Today, the Billings Depot continues to be a major supporter of our local economy and an important part of our cultural identity. Operated as an event center in partnership with many city organizations and nonprofits, thousands of people visit the Depot each year for business events, community celebrations, weddings, fundraisers and musical performances.

The Depot is a cornerstone of Billings and helps anchor our downtown's position as the geographic and cultural center of our community. Downtown is where the City of Billings presents its best face to the public. Local residents, regional visitors, and national and international tourists base their impressions of Billings on what they see downtown. Maintaining and revitalizing the historic Billings Depot campus will promote economic growth and foster pride in our rich local history.

The Depot's reputation for community collaboration and project execution is top notch, but it needs additional financial resources to complete the identified projects, which I am confident will be completed as promised.

Respectfully,

William A. Cole, Mayor  
City of Billings

Montana Department of Commerce  
Attn: Montana Historical Preservation Grant (MHPG) Committee  
301 South Park Avenue  
Helena, Montana 59620

Dear MHPG Committee Members:

This letter is submitted to you as confirmation that Visit Billings, the Convention and Visitors Bureau for Billings, is a supportive partner in the Historic Billings Depot's efforts to apply for, and obtain, a 2022 Montana Historical Preservation Grant.

The Billings Depot is a major partner in tourism for Billings and Montana. From hosting unique events that attract visitors from surrounding communities and states, to assisting Visit Billings with execution of familiarization tours, meeting and convention recruitment, and displaying the importance of historic preservation in Montana, the economic impact of this venue to Yellowstone County is crucial as Montana's largest community.

The Billings Depot sits along historic Montana Avenue which is right off the Interstate 90 corridor. The venue elevates the significance of the railroad industry today, and historically. Preserving this historic depot is extremely important locally, regionally, and nationally. Continued renovation and restoration efforts will help ensure this treasure remains available for Montana residents and Billings' visitors. During its 100+ year history, the Depot has been the center of the community. The staff and board of directors for the Billings Depot work tirelessly with strategic partners in the region building cohesive plans for downtown revitalization, historic preservation, and economic development. Today, the Depot remains the historic center of the community and Visit Billings is a proud partner.

Awarding a Montana Historic Preservation Grant to the staff and board of the Billings Depot will allow leadership to increase public awareness and recognition of the nationally registered historical place while continuing to protect this key district in eastern Montana.

Thank you for your consideration.

Graciously,

Montana Historical Preservation Grant Review  
Committee  
Department of Commerce  
301 South Park Ave.  
Helena, MT 59602

Dear Grant Review Committee:

Big Sky Economic Development is pleased to provide this letter in support of The Billings Depot Campus Impact Renovations: Historical Billings Depot Project.

Big Sky Economic Development (BSED) strives to sustain and grow Yellowstone County's vibrant economy and outstanding quality of life by providing leadership and resources for business creation, expansion, retention, new business recruitment and community development. The Billings Depot partners with Big Sky Economic Development's programs to grow our regional economy.

The Depot champions and supports many community endeavors by hosting training in Science, Technology, Engineering, Arts, & Mathematics (STEAM), or STEAM Fest, by launching educational programs for our youth to build critical skills needed for workforce development, short term popup retail space to support entrepreneurial growth, and creating a green space pocket park to beautify our community. The Billings Depot's project will elevate their ability to utilize the campus fully. Their projects and activities complement BSED's support of business and community development and furthers our work to build a foundation for a vibrant economy.

The Depot is a true leader in creating community collaboration through events and celebrating the rich history of The Depot. The Depot provides support to our Tourism industry which in turn creates/retains more jobs within the event industry. The Depot's project is a vision shared by our organization and others that supports the redevelopment, revitalization and historical preservation of our downtown core.

We believe that in bolstering the offerings of our downtown, we are making our community even more desirable when viewed through the lens of talent attraction and retention of workforce. The completion of this project will create a positive impact in both the near and long term. We respectfully ask that you give this project your full, thoughtful consideration.

Thank you for your time and charitable contributions to communities like ours.

Respectfully,

Billings Depot - Historic  
Preservation Grant

Dear Ms. Williams:

It is my pleasure to write this letter in support of the Billings Depot and their application for this Historic Preservation Grant. The Billings Depot is a valuable member of Downtown Billings and instrumental in providing an important layer of culture, art, and economic support to our vibrant community.

The Downtown Billings Alliance is honored to have The Billings Depot as a member of our Downtown Membership Association and partners regularly with the organization to further Downtown revitalization. This program aligns perfectly with the Downtown Billings Alliance Strategic Plan and our transformative goals, including "A Vibrant and Connected Downtown", "A Strong Downtown Identity", and "A Diverse Economic Engine". This historical asset is a valuable commodity to our community and The Billings Depot succeeds in bringing a lineup of exciting and diverse programs that enrich our downtown's historic arts & culture scene, driving tourism and visitors to our urban center. This organization is invaluable to not only the downtown core, but the city, and region as a whole.

The Billings Depot is a respected and beloved amenity to our community. This historic preservation grant will only enhance this venue and service and the Downtown Billings Alliance is honored to support their efforts. Please don't hesitate to reach out with any questions.

Sincerely,

Katy Easton

Dear Grant Review Committee:

On behalf of the Yellowstone Historic Preservation Board (YHPB), we are pleased to provide this letter of support of The Billings Campus Impact Renovations: Historical Billings Depot Project.

The goal of the YHPB is to promote the preservation of historic buildings, sites and neighborhoods. Since its inception in 1993, the preservation of Montana Avenue and its buildings has been a priority for YHPB and the City of Billings. In the early 90's, business and property owners along Montana Avenue recognized that an investment in the historic Billings Depot was the catalyst to spur rehabilitation and economic development in this district. Several things occurred to make this happen. The business owners worked together to establish the Montana Avenue Historic District in 1978, and in the early 1990's property owners helped the City of Billings prepare a rehabilitation program for the Depot. As part of that rehabilitation plan, Community Transportation Enhancement funds were programmed for the Depot's rehabilitation, Montana Avenue sidewalks were improved, and a Montana Avenue Streetscape project beautified the roadway for the public. Since that initial investment, Montana Avenue has boomed again!

The Depot continues to be the anchor of the district and an economic driver for many of the businesses located around it. The Depot's continuing support of community endeavors by hosting training, business development opportunities, tourism and education make it a true economic powerhouse.

The YHPB believes strongly in the opportunity to continue the usefulness and importance of our historic buildings and districts. The completion of this project will continue the Depot's legacy as a positive example of what a historic building can contribute to its community.

Thank you for your time and consideration for this wonderful and important building in our community.

Respectfully,

ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE MODIFYING THE URBAN RENEWAL PLAN OF THE NORTH 27<sup>TH</sup> STREET DISTRICT URBAN RENEWAL AREA; MODIFYING THE BOUNDARIES OF THE DISTRICT; ADOPTING A MODIFIED URBAN RENEWAL PLAN INCLUDING A TAX INCREMENT PROVISION; APPROVING URBAN RENEWAL PROJECTS THEREIN AND AUTHORIZING THE ISSUANCE OF TAX INCREMENT URBAN RENEWAL REVENUE BONDS OF THE CITY TO FINANCE COSTS THEREOF

NOW, WHEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BILLINGS, MONTANA:

WHEREAS, on July 11, 2005 the City Council adopted Ordinance No. 05-5333, which created the North 27<sup>th</sup> Street District Urban Renewal Area (hereafter “North 27<sup>th</sup> Street District”) and adopted the Urban Renewal Plan of the North 27<sup>th</sup> Street District Urban Renewal Area (“N. 27<sup>th</sup> Street Plan”) that included a tax increment provision and endorsed urban renewal projects.

WHEREAS, on November 13, 2006 the City Council adopted Ordinance No. 06-5394 which expanded the boundaries and amended the N. 27<sup>th</sup> Street Plan to create the Extended N. 27<sup>th</sup> Street District that included a tax increment provision and endorsed urban renewal projects.

WHEREAS, it has been determined that the Extended North 27<sup>th</sup> Street District and the N. 27<sup>th</sup> Street Plan should be modified to include additional property contiguous to the Extended North 27<sup>th</sup> Street District.

WHEREAS, this Council on November 24, 2008, conducted a public hearing on a proposal to modify the N. 27<sup>th</sup> Street Plan by adopting the Urban Renewal Plan of the Expanded North 27<sup>th</sup> Street District Urban Renewal Area - 2008, thereby establishing a modified urban renewal area to be formally designated as the Expanded North 27<sup>th</sup> Street District Urban Renewal Area - 2008 (the “Expanded North 27<sup>th</sup> Street District - 2008” or “the Property”), and to undertake urban renewal projects therein, all as authorized by Montana Code Annotated, Title 7, Chapter 15, Parts 42 and 43, as amended (the “Act”).

WHEREAS, the Expanded North 27<sup>th</sup> Street District - 2008 is depicted on Attachment 1 (depicting the relationship of the Expanded North 27<sup>th</sup> District – 2008 to the Extended N. 27<sup>th</sup> Street District) and which is hereby incorporated herein and made a part hereof. Pursuant to this Ordinance, the boundaries of the Redevelopment Area are modified to reflect the addition of the Property depicted on the map on Attachment 1. The Redevelopment Area, as modified, is depicted on Attachment 1 and legally described on Attachment 2 (the “Resulting Redevelopment Area”) (each of which is hereby incorporated herein and made a part hereof). The Resulting Redevelopment Area is contiguous.

WHEREAS, opportunities have been presented to the City that makes it desirable for the City to consider urban renewal projects within the Expanded North 27<sup>th</sup> Street District - 2008 consisting of demolishing certain blighted structures within the district; improving such properties with new construction, landscaping, utilities, and other similar improvements; and making the properties so improved available for private redevelopment in accordance with the Act (the "Projects"). Development proposals to be considered for funding include mixed use projects, building renovations, services for the District and the construction or expansion of City owned parking structures within the District.

WHEREAS, the proposed modified urban renewal plan titled the Urban Renewal Plan of the Expanded North 27<sup>th</sup> Street District - 2008 is attached hereto as Attachment 3 (which is hereby incorporated herein and made a part hereof) (the "Modified Plan"). The Modified Plan contains a tax increment provision and will govern the operation and administration of the Expanded North 27<sup>th</sup> Street District - 2008.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Billings, Montana, as follows:

1. Findings. This Council hereby finds, determines and declares, based on the comments received at the public hearing and other studies and information available to this Council, that:

a. The Property presently contains structures and improvements that are in a state of substantial deterioration, are obsolete or defective, pose unsanitary or unsafe conditions, are vacant and unused, and have inappropriate uses. The present condition of the Property substantially impairs the sound functioning of the downtown area of the City and its environs, is conducive to juvenile delinquency and crime, poses the threat of vandalism or mischief and fire or loss, constitutes an economic and social liability, and is a menace to the public health, safety, and welfare of the residents of the City. Accordingly, the Council reaffirms its previous findings that the Property is a blighted area within the meaning of Section 7-15-4210 of the Act. This Council finds that the rehabilitation, redevelopment or a combination thereof of the Property is necessary and in the interest of the health, safety, morals or welfare of the residents of the City. This Council finds that undertaking measures to eradicate or diminish the blight affecting the Property will help to foster a more dynamic, livable, and vibrant downtown.

b. If Projects require relocation of displaced persons, a detailed relocation plan is required and will be prepared.

c. The Modified Plan conforms to the 2003 Billings and Yellowstone County Growth Policy and the City's Downtown Framework Plan.

d. The Modified Plan will afford maximum opportunity, consistent with the needs of the City as a whole, for the rehabilitation or redevelopment of the District by private enterprise.

e. A sound and adequate financial program is required for the financing of Projects, which program includes substantial private investment and financing and the sale and issuance by the City of Tax Increment Bonds in proportions yet to be determined, for the purpose of financing a portion of the costs of the Projects as set forth above.

f. Approved Projects will constitute urban renewal projects within the meaning of the Act and are authorized to be undertaken by the City.

2. Plan Adoption. The Modified Plan is hereby adopted and approved in all respects, including without limitation, the segregation and application of tax increments as provided in Sections 7-15-4282 through 7-15-4293 of the Act as provided therein. For purposes of allocating taxes according to the Act, the "prior assessed value" of taxable property within the Expanded North 27<sup>th</sup> Street District - 2008 is that value shown on the assessment rolls as of January 1, 2008.

3. Project Approval. Authorized Projects are hereby approved.

4. Bonds. This Council approves financing the costs of Urban Renewal Projects, or a portion thereof, with proceeds of the Bonds. The City is hereby authorized and directed to undertake activities and analysis ordinarily prerequisite to the issuance of tax increment urban renewal revenue bonds in a principal amount not to exceed \$10 million for financing of the costs of Urban Renewal Projects or a portion thereof.

5. Conditional Commitment. The adoption of the Plan does not constitute a guarantee or a firm commitment that the City will issue the Bonds or undertake Projects. If, based on comments or information made available to or obtained by the City, it appears that the issuance of the Bonds or Projects is not in the public interest or consistent with the purposes of the Act, the City reserves the right not to issue the Bonds or undertake the Project.

7. Repealer. All resolutions, ordinances, and sections of the City Code inconsistent herewith are hereby repealed.

8. Severability. If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other provisions of this ordinance which may be given effect without the invalid provisions or application, and, to this end, the provisions of this ordinance are declared to be severable.

9. Effective Date. This Ordinance shall be in full force and effect from and after the date that is 30 calendar days after the date set forth below.

ADOPTED by the City Council of the City of Billings, Montana, on second reading this 8<sup>th</sup> day of December, 2008.

## **SECTION 1 – INTRODUCTION**

On July 11, 2005, the City Council adopted an ordinance that (a) created the North 27<sup>th</sup> Street District Urban Renewal Area (“North 27<sup>th</sup> Street District”) and (b) adopted an urban renewal plan for the district. On November 13, 2006 the City Council adopted an ordinance that (a) expanded the North 27<sup>th</sup> Street District and (b) modified the urban renewal plan for the district. For reasons discussed in this Amendment to the Urban Renewal Plan of the North 27<sup>th</sup> Street District (“Plan”), it has been determined that the North 27<sup>th</sup> Street District should be expanded again to include other contiguous blighted properties in need of redevelopment. Further, it has been determined that this area, known as the Central Business District of Billings, has been and is in need of expanded public parking, enhanced pedestrian connections and experiences, improved public safety, and infrastructure improvements to public and private properties that will lead to increased taxable values. The existing urban renewal plan may be modified by ordinance in accordance with the procedure described in M.C.A. § 7-15-4221. The Urban Renewal Plan of the North 27<sup>th</sup> Street District approved by the City Council on July 11, 2005 and modified on November 13, 2006 is hereby included by reference as part of this amended Plan and shall remain applicable hereto except to the extent the original plan is explicitly or impliedly amended by this Plan. It is recognized as part of this Plan that the basic vision of the document known as Downtown Billings Framework Plan, adopted by the Billings City Council on December 22, 1997 and by the Yellowstone County Commissioners on December 23, 1997, is still valid and should be considered a part hereof. The terms defined in “Part I – DEFINITIONS” of the North 27<sup>th</sup> Street District Plan shall have the same meanings in this Plan unless a contrary meaning is expressed herein. The expanded district proposed in this Plan is hereafter referred to as the Expanded North 27<sup>th</sup> Street District - 2008 or the “District.”

## **SECTION 2 – BACKGROUND**

The original Downtown Redevelopment District, a downtown tax increment finance district, was created on December 20, 1975 by a resolution which cited hazardous conditions existing in the district due to overhead utility wires, inefficient land use, problems of access and circulation, physical constraints to development, random location of mixed uses and deteriorated building

conditions, and found that rehabilitation and redevelopment of the District would be in the public interest. That original district (hereafter “1975 District”) comprised one hundred and twenty four (124) blocks in the city center after the 1985 south expansion and the 2004 east expansion. The 1975 District expired March 1, 2008 but the Urban Renewal Plan and the Framework Plan used for that district, in many parts and in relation to this District remain valid.

Because the 1975 District has terminated, but many of the undesirable conditions continue to exist, it was determined that it would be in the best interest of the City to expand the North 27<sup>th</sup> Tax Increment District to assist the construction of public improvements, stabilize and grow the tax base, increase the parking inventory, increase the inventory of downtown residential property, stimulate multi-use development (“Multi-Use Facility Projects”), fill street level vacancies, provide expanded security, develop safe event locations with appropriate traffic control devices, expand the Business Improvement District, make modifications to street and intersection lighting, increase traffic calming and reduce the noise in the district through Quiet Zone management and further implement the vision of the Downtown Framework Plan.

Currently, there is a need to expand the North 27<sup>th</sup> Street District to encompass development needs on the North 27<sup>th</sup> Street corridor, the North Broadway corridor, the Old Town Neighborhood and the Montana Avenue Historic District (including expansion of the Historic District to include areas south of the railroad tracks), the Civic District, areas adjacent to the Medical Corridor, adjacent to the East Billings Urban Renewal Area and other underutilized properties within the Central Business District of Billings. Although there has been significant improvement in the valuation of property in much of the 1975 District, the area defined by this proposed expanded tax increment district has major properties that have been neglected for many years and continue to show signs of serious blight and tax base decline. Many parcels have been removed from the tax rolls and/or are delinquent on payments of taxes and fees. The Expanded North 27<sup>th</sup> Street District creates an opportunity to continue redevelopment of the center of downtown with a mixture of public and private investment in a roughly seventy-one-square-

block district (just over half of the size of the 1975 expanded district) encompassing the existing North 27<sup>th</sup> Street District.

The area has several pockets of low taxable value, with several lots of the land being owned by government and other non-profit entities and several buildings that are over 50% vacant.

The creation of the Expanded North 27<sup>th</sup> Street District is essential to any planned development at 4<sup>th</sup> Avenue North and North Broadway, redevelopment of the vacant Northern Hotel, improving security and expanding the clean safe and vibrant programs of the Business Improvement District, continuing redevelopment of the Civic Plaza area, developing the boundary areas of the Medical Corridor and the East Billings Urban Renewal Area, and expanding the Historic District. It could also assist with the essential remodeling of the Northern Hotel, the Babcock Theatre, the Westwood Building, the Lincoln Hotel Building. Public infrastructure construction within this expanded District could assist with the renovation and/or relocation of various City facilities, such as the public library. It is currently expected that the expanded North 27<sup>th</sup> Street District may help fund the following projects:

## **I. Business Programs and Projects**

- a. Business Retention
  - i. Targeted assistance and review of existing street level businesses
  - ii. Retail market survey
- b. Business Recruitment
  - i. Development of a “chainlet” network
  - ii. Business plan development assistance
  - iii. Association networking
  - iv. Business Improvement District support
  - v. Business cluster analysis
  - vi. Pedestrian study
    - 1. demographics
    - 2. directions
    - 3. linkages
    - 4. destinations
    - 5. wayfinding

## **II. Parking and Transportation**

- a. Increase use of public transit
- b. Parking structures to support current and future needs

- c. Explore parking linkages to adjacent destinations
- d. Explore parking management practices and programs
  - i. Off street parking
  - ii. On street parking

### **III. Crime Prevention and Public Safety**

- a. Cooperative Security Program
- b. Business Watch Program
- c. Crime and Fraud prevention programs
  - i. Geared towards street level businesses

### **IV. Management, Implementation and Maintenance**

- a. Downtown Billings Partnership, Inc. or its successor, management agreement
  - i. Project development
  - ii. Public awareness
  - iii. Advocacy and liaison between public and private sectors
- b. Business Improvement District expansion and development
  - i. Cooperative work agreements with PMDs
  - ii. Development and promotion of Conference Corridor
  - iii. BID expansion
  - iv. “Green” Management
    - 1. Recycling programs
    - 2. Tree management

### **V. Infrastructure Improvements**

- a. Public
  - i. Expansion of Historic District
  - ii. New Library
  - iii. New Planning Department Offices
  - iv. Public Parking and Greenspace
  - v. Intersection Lighting by Public Works
  - vi. New SILMDs for mid-block lighting
  - vii. Streetscapes and traffic calming plans
  - viii. Sidewalks, curbs and gutter improvements
    - 1. stabilization of vaults
  - ix. Relocation of public and private utility lines
- b. Public infrastructure improvements that would support the following development projects/programs
  - i. Workforce housing development
  - ii. Loft and Condo development
  - iii. Lodging development
  - iv. Conference Facilities

v. Entertainment venues

**SECTION 3 – SUMMARY OF BLIGHT FINDINGS**

The area in the proposed expansion of the North 27th Street District contains a great deal of blight. Within the district there is substantial structural deterioration, long-term land vacancy, a railroad spur line that has been abandoned and a major rail line that continues to divide the Central Business District. Several of the commercial buildings in the district are deteriorated and/or vacant and need demolition or renovation. Many of the storefronts and upper floors are vacant or under-occupied. Sidewalks are cracked; alleys are deteriorated, and, in general, much of the area is below accepted standards. In contrast to the above, there are certain properties within the district in good repair but included in the district to allow for a contiguous block of land within the district and because pockets of revitalization cannot be sustained if areas of neglect and blight surround them. Over time, without continued managed urban renewal, even these success stories will once again decline in taxable value. Most of the district falls into the blighted, neglected and under-utilized categories.

**SECTION 4 – DESCRIPTION OF BLIGHTED AREA**

The expanded urban renewal area described in this amended Plan incorporates most of the Central Business District. Within the district there are several older, single-story structures that have been retrofitted for offices and warehousing, numerous surface parking lots, and several vacant structures. Many of these structures are unsuited to their current uses because of age obsolescence and physical deterioration.

Montana’s Urban Renewal Law (Montana Code Annotated Title 7, Chapter 15, Parts 42 and 43) provides the authority to declare the existence of blighted areas and to target them for improvements. “Blighted area” is defined in Section 7-15-4206(2), M.C.A., as follows:

*[A]n area that is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, and crime; substantially impairs or arrests the sound growth of the city or its environs; retards the provision of housing accommodations; or constitutes an economic or social liability or is detrimental*

*or constitutes a menace to the public health, safety, welfare, and morals in its present condition and use, by reason of:*

- (a) the substantial physical dilapidation; deterioration; defective construction, material, and arrangement; or age obsolescence of buildings or improvements, whether residential or nonresidential;*
- (b) inadequate provision for ventilation, light, proper sanitary facilities, or open spaces as determined by competent appraisers on the basis of an examination of the building standards of the municipality;*
- (c) inappropriate or mixed uses of land or buildings;*
- (d) high density of population and overcrowding;*
- (e) defective or inadequate street layout;*
- (f) faulty lot layout in relation to size, adequacy, accessibility, or usefulness;*
- (g) excessive land coverage;*
- (h) unsanitary or unsafe conditions;*
- (i) deterioration of site;*
- (j) diversity of ownership;*
- (k) tax or special assessment delinquency exceeding the fair value of the land;*
- (l) defective or unusual conditions of title;*
- (m) improper subdivision or obsolete platting;*
- (n) the existence of conditions that endanger life or property by fire or other causes; or*
- (o) any combination of the factors listed in this subsection (2).*

The land being added to the Plan area includes 405 (Exhibit A) property tax codes plus a segment of centrally assessed BN Railroad property. The complete, expanded Urban Renewal Area will have 481 property tax codes plus the segment of BN Railroad property. Within that total area, and as noted in the 2006 approved Urban Renewal Plan, there are many “target areas” that should be immediately considered for redevelopment. The properties on N. Broadway between 4<sup>th</sup> Avenue North and 6<sup>th</sup> Avenue North will need additional parking to facilitate the construction of a Stockman Bank facility. The area adjacent to the Northern Hotel on North Broadway is in need of parking due to the closure of the privately owned parking structure in that area due to unsafe and blighted conditions of the structure. The area east of the Yellowstone County Courthouse Lawn is targeted for a new federal courthouse and will need additional parking and green spaces. The area between the new MET transit facility on N. 25<sup>th</sup> Street and to the east boundary of the East Billings Urban Renewal Area (N. 22<sup>nd</sup> Street) is in need of redevelopment that could include workforce housing and parking. The status of the Battin Federal Courthouse is still unclear. The facility is contaminated with asbestos and is destined to become vacant with the completion of a new federal courthouse and office building. This

vacancy will present a redevelopment opportunity in the near future. The area surrounding City of Billings Park IV contains many surface parking lots that could be developed if Park IV is sold to a private developer. This area lacks high-rise housing with mixed use occupancy on the first floor. The future use of the Lincoln Center is unclear and it could be a redevelopment opportunity if the school district ceases its administrative and continuing education functions in the building. The properties on 1<sup>st</sup> Ave. S. and Minnesota Avenue are not currently in a Historic District and values remain stagnant as compared to the Montana Avenue area. The redevelopment of the south side of the railroad tracks has not kept up with the redevelopment north of the tracks and should be a target area. Several properties located between Montana Avenue and 1<sup>st</sup> Avenue North are severely underutilized and in need of redevelopment. Without attention to some of this blight, over time, the value of the Montana Avenue redevelopment will most likely be negatively impacted.

#### **SECTION 5 – DETERMINATION OF BLIGHT**

The proposed expansion area of the North 27<sup>th</sup> Street District contains a number of underdeveloped properties. The Council previously determined that the property included in the North 27<sup>th</sup> Street District was “blighted” within the meaning of the Act in Resolution 05-18276 adopted June 13, 2005 and Resolution 06-18488, adopted September 25, 2006. The Redevelopment Area, including the portion that is to be expanded to form the Expanded North 27<sup>th</sup> Street District - 2008, was previously determined to be blighted and an appropriate area for an urban renewal project in Resolution No. 12107 dated January 5, 1976. Deficiencies in public and private properties located in the district lead to a determination that the area continues to be blighted, as defined by state statute. Specific areas of blight on the site are listed below:

##### Deficient Structures in Expanded Area

There are several buildings that are over 50 years in age and do not qualify as being historically significant. Many are in poor repair and may contain potentially hazardous asbestos and lead paint.

#### Deficient Public Facilities in Extended Area

The streets, curbs, gutters and sidewalks in much of the area are in satisfactory repair. However, sewer and water utilities in the area are aging and have required frequent repairs in recent years. Several parking lots generally do not meet code requirements for paving, striping and landscaping. Many of them are cracked and crumbling. The city owned parking ramps within the area, except for Park IV have extensive “waiting lists” and public parking for adjacent office and commercial structures continues to be inadequate. Demand for parking will continue and additional and expanded parking structures will be required to accommodate commercial growth.

#### Deficient Land Use in Extended Area

In general, the area is under-utilized due to the significant amount of surface parking areas and a large number of single-story structures. The taxable value of this district must be stabilized and encouraged to grow.

### **SECTION 6 – THE SITE AND ITS RELATIONSHIP TO THE CITY**

As noted, the expanded North 27<sup>th</sup> Street Urban Renewal Area comprises most of the Central Business District (CBD) of the City of Billings.

### **SECTION 7 – LEGAL DESCRIPTION**

The legal description of the proposed Expanded North 27<sup>th</sup> Street District – 2008 is as follows:

**Beginning at a point at the intersection of the centerlines of 6<sup>th</sup> Avenue North and North 31<sup>st</sup> St. proceeding east along the centerline of 6<sup>th</sup> Ave. North to a point at the intersection of the centerlines of 6<sup>th</sup> Avenue North and N. 22<sup>nd</sup> Street proceeding south along the centerline of North 22<sup>nd</sup> Street, crossing the centrally assessed Burlington Northern Railroad property, to a point at the intersection of South 22<sup>nd</sup> Street and Minnesota Avenue proceeding west along the centerline of Minnesota Avenue to a point at the intersection of Minnesota Avenue and South 23<sup>rd</sup> Street proceeding south along the centerline of South 23<sup>rd</sup> Street to a point at the intersection of South 23<sup>rd</sup> Street and 1st Avenue South proceeding west along the centerline of 1<sup>st</sup> Avenue South to a point at the intersection of the centerlines of 1<sup>st</sup> Avenue South and South 31<sup>st</sup> Street proceeding north along the centerline of South 31<sup>st</sup> Street, crossing the centrally assessed Burlington Northern Railroad property, to the starting point at the intersection North 31<sup>st</sup> Street and 6<sup>th</sup> Avenue North encompassing all parcels and tax codes therein, all inclusive.**

## **SECTION 8 – PROPERTY DEVELOPERS**

New development in the proposed tax increment district will also be accomplished through the implementation of the Downtown Framework Plan. These Projects are described in Section 2 of this plan.

## **SECTION 9 – PROJECT RELATIONSHIP TO THE FRAMEWORK PLAN**

The proposed urban renewal area and expanded tax increment district is located generally in the center of the City and encompasses most of the “districts” as defined by the Billings Framework Plan (“Framework Plan”). One goal of the Framework Plan was to remove barriers to downtown circulation and development created by 4<sup>th</sup> Avenue North and 6<sup>th</sup> Avenue North and establish the area between the avenues as both a discreet district and a recognized extension of the CBD, thereby allowing potential ties to the medical corridor and MSU-Billings from the CBD. Generally, the Framework Plan stressed the downtown’s ability to make a positive impact on the entire city. The Framework Plan also recommended a private non-profit organization to assist the City of Billings with the management of the Tax Increment District through an annual work plan and contract. This Expanded N 27<sup>th</sup> Street District may be managed in a similar manner and could make use of the redevelopment and facilitation established through that management entity.

### **Framework Plan Recommendation: Housing**

The Framework Plan states that housing should be a top priority and that the City should continue to work with builders and developers to encourage downtown housing through various methods. Specifically, the plan states that high-rise housing is to be located in the east transition zone and portions of the north transition zone.

The formation of an expanded tax increment district will help to raise funds that can be used for construction or rehabilitation of public infrastructure necessary to attract and retain housing in the area.

## **Framework Plan Recommendation: Priorities**

The top priorities identified in the Framework Plan include the following:

- Development incentives, including business retention and recruitment
- Housing – demonstration projects
- Streetscape Kit of Parts – expand kit to include Minnesota Avenue
- Events Kit of Parts – Modern and safer traffic control devices may be needed
- Paring configuration adjustments – several one-way streets could be converted to 2-way
- 5<sup>th</sup> Avenue North Corridor preservation and enhancement

**This amendment to the Plan and the urban renewal projects that it contemplates specifically address all six of these priorities.**

### **SECTION 10 – CONFORMANCE TO THE GROWTH POLICY**

One of the requirements of Montana’s Urban Renewal Law (Title 7, Chapter 15, Parts 42 and 43) is that the urban renewal plan must conform to the community’s growth policy. The Yellowstone County and City of Billings Growth Policy (“Growth Policy”) refers to and promotes downtown redevelopment in a variety of ways. This amendment to the Plan is consistent with the current Growth Policy.

### **SECTION 11 – CERTAIN PLAN FEATURES AND FINANCIAL MATTERS**

Section 7-15-4217, M.C.A., of the Act requires cities to make certain findings when they adopt an urban renewal plan and approve Urban Renewal Projects. These are addressed below:

1. Most of the District contains no existing dwelling units or housing, and planned projects would not displace any persons from housing. Accordingly, there is no need to have a workable and feasible plan for substitute housing until and unless such a project is developed in the future.
2. This amended Plan conforms to the Growth Policy for the City as a whole and to the

Framework Plan.

3. This Modified Plan affords maximum opportunity, consistent with the needs of the City as a whole, for the rehabilitation or redevelopment of the Expanded North 27<sup>th</sup> Street District by private enterprise. It is unreasonable to expect that the district will be remain stabilized and/or redeveloped without substantial public support. Numerous properties within the area are dilapidated. As presently constituted, property in the district is not conducive to any sort of uniform or integrated development and, as presently existing, cannot compete with other areas of the City for substantial developments, particularly areas at the outskirts of the City. Experience has validated the foregoing facts and observations. This amended Plan is intended to facilitate the identification and construction of significant Urban Renewal Projects, which would not be possible without this Plan.
4. A sound and adequate financial program exists for financing projects, which include the sale and issuance by the City of the Bonds in an amount not to exceed the costs of the project, including administration costs and costs of issuance of the Bonds. Any approved Development Project will require commitments of substantial private financing that will provide the primary means for funding construction of the improvements.
5. This Expanded N. 27<sup>th</sup> Street District - 2008 may be modified at any time by the City Council as necessary to eliminate and prevent the development or spread of blighted areas, and encourage urban rehabilitation. The process for plan modification shall follow the procedures set forth in 7-15-4212 through 7-15-4219 MCA, with respect to initial adoption of this plan. For purposes of urban renewal district boundary changes only, the notice of public hearing, as described in 7-15-4215 MCA, may be mailed only to those owners whose properties are situated within the area of expansion or contraction of the Urban Renewal District boundaries. In cases where the boundaries are not modified, but the contents of the urban renewal plan are substantially modified, notification shall be mailed to all owners of property within the Urban Renewal District area.

## SECTION 12 – TAX INCREMENT

Tax increment financing is necessary to encourage private reinvestment within the District, which will further encourage economic growth in the District and Downtown Billings, create substantial employment opportunities, and increase the tax base of the City and other taxing jurisdictions. The expanded North 27<sup>th</sup> Street District is hereby established as a tax increment financing urban renewal area within the meaning of the Act, and, in particular, Section 7-15-4282 through 7-15-4293 of the Act. This Section constitutes a tax increment provision within the meaning of the Act. In connection therewith:

1. For the purpose of calculating the incremental taxable value each year for the life of the district, the base taxable value shall be calculated as current base taxable value of the district plus the base taxable value of all real and personal property added to the district by this amended plan and as show in Exhibit B as of **January 1, 2008.**
2. The City is hereby authorized to segregate the tax increment derived in the district and use and deposit such increment into the tax increment fund of the district for use as authorized by the Act and as authorized herein from time to time, including, without limitation, pledging the tax increment to repayment of Bonds.
3. The tax increment received from the district may be used to pay directly costs of an approved Development Project as may from time to time be approved by the Council. The Council also hereby authorizes the use of tax increment in the district to pay debt service on Bonds issued to finance a portion of the costs of these Development Projects, and costs associated with the sale and security of such Bonds in compliance with the Act, subject to any limitations imposed by the Montana Constitution and federal law.
4. The tax increment provision of the district will terminate upon the latter of:
  - a. The fifteenth (15<sup>th</sup>) year following the original creation of the district; or
  - b. The payment or provision for payment in full or discharge of all Bonds, and the payment of interest thereon, for which the tax increment has been pledged.

After termination of the tax increment provision, all taxes shall continue to be levied upon the actual taxable value of the taxable property in the district, but shall be paid into funds of the taxing bodies levying taxes within the district.

## SECTION 13 – CONCLUSIONS

The creation of this expanded North 27th Street Urban Renewal District will have a positive impact on Downtown Billings and no impact on the total taxable value flowing to the taxing entities from the now expired 1975 Urban Renewal District.

Expansion of the North 27<sup>th</sup> Street District is an essential first-step in completing what may be a number of urban renewal projects. If completed, mixed use projects approved within the first two years could stimulate over \$30 million in new construction, and possibly as much as \$15 million in re-sales and redevelopment. Approximately 500 new employees and new downtown residents could be located on the commercial and upper floors of possible mixed use projects. Thus, expansion of the district, in addition to further stabilizing the tax base, eliminating blight and providing renaissance to the CBD, will also bring new employees and residents to the CBD.

Mixed use development within the Expanded District ties in favorably with and actually stimulates the remodeling plans that are currently underway for several downtown properties. Additionally, like any major new development, the anticipated Stockman Bank construction at 4<sup>th</sup> Avenue North and North Broadway will have a stimulating effect on the surrounding area. Specific examples of this are:

1. It will tie the CBD to the medical corridor located immediately to the north of the development.
2. The Billings Clinic has purchased the Underriner property to the north and west of the Library. The Clinic's plans at this point have not been determined; however, the development proposed in this amended Plan will enhance and encourage future development by this group.

3. The Framework Plan encourages the development of the 5<sup>th</sup> Avenue North corridor. An enhanced Library, as accomplished by projects described in this Plan, will provide an excellent entrance to this corridor.
4. Future redevelopment and revitalization of structures like the Northern Hotel and the Babcock Theatre Building are enabled by this district.
5. This expanded district may assist with the completion of and continued modernization of City owned downtown parking structures.

In conclusion, expansion of the North 27<sup>th</sup> Street Urban Renewal District to include the property described in this amended Plan will have a positive effect on the CBD and the City.

**RESOLUTION NO. 18-10750****A RESOLUTION OF THE CITY OF BILLINGS FORMING A  
POLICY FOR THE ADMINISTRATION OF URBAN  
RENEWAL AREAS OR DISTRICTS (URD) IN THE CITY.**

WHEREAS, MCA, Title 7, Chapter 15, Part 42, Section 51 declares: General powers of municipalities in connection with urban renewal. Every municipality shall have all the power necessary or convenient:

- (1) To carry out and effectuate the purposes and provisions of this part and part 43;
- (2) To undertake and carry out urban renewal projects within the municipality, to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this part and part 43, and to disseminate blight clearance and urban renewal information;
- (3) To organize, coordinate, and direct, within the municipality, the administration of the provisions of this part and part 43 as they apply to such municipality in order that the objective of remedying blighted areas and preventing the causes thereof within such municipality may be most effectively promoted and achieved and to establish such new office or offices of the municipality or to reorganize existing offices in order to carry out such purpose most effectively;
- (4) To exercise all or any part or combination of powers granted in this part or part 43; and

WHEREAS, the City of Billings reviews and adopts Urban Renewal Plans for each of its Urban Renewal Districts, and those Plans specify goals for each Urban Renewal District; and

WHEREAS, the City of Billings may establish local policies that guide the establishment, operations, funding and governance of urban renewal districts; and

WHEREAS, development of TIF (Tax Increment Financing) Policies would be in the best interest of the City.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BILLINGS, MONTANA:

That the City Council now makes and adopts the following TIF Policy:

## CITY OF BILLINGS TAX INCREMENT FINANCE POLICY

1. PERMITTED USES OF TIF FUNDS. TIF funds may be used for costs outlined in MCA, Title 7, Chapter 15, Part 42, Section 88. Urban Renewal Plans adopted by the City may limit what TIF funds may be spent on in any Urban Renewal District. Eligible costs may include, but are not limited to:
  - a. Land acquisition and assemblage, demolition and removal of structures, relocation of occupants, analysis to determine needs of an urban renewal area, administrative cost for redevelopment activities.
  - b. Public infrastructure, including, but not limited to: streets, storm drains, parking, public buildings, water and sewer lines, sidewalks, utility connections.
  - c. Private infrastructure with public benefit, including, but not limited to, building façades, windows, doors, fire suppression or alarm systems, storm drainage, environmental remediation, parking, and ADA access.
  
2. FINANCIAL ASSISTANCE THROUGH TIF. All financial assistance must be approved by the City Council prior to any activity receiving funding. Financial assistance should be requested prior to beginning construction. All activity (design and construction) must be completed prior to issuance of TIF funds from the City Finance Department. Financial thresholds and assistance tools are as follows:
  - a. A minimum of  $\geq$  \$5 of private investment for every \$1 of public investment is the preferred threshold to be met for each TIF application. The City Council reserves the right to approve any application that does not meet this minimum. The City Council also may make exceptions for projects of less than \$100,000, and for publicly owned projects, properties or facilities.
  - b. Grants may be made for uses listed in Part 1 above benefitting any government owned-land or buildings and for profit and non-profit businesses.
  - c. Bonding may be available at the discretion of the City Council.
  - d. All TIF grants will be formalized by a development agreement that must be signed by the grantee before the City will reimburse eligible expenses.
  
3. URD MANAGEMENT. Each URD in the City of Billings will be managed as follows:
  - a. Each URD should maintain a non-profit advisory board to make recommendations to the City Council regarding TIF expenditures. Unless specifically authorized by a Memorandum of Understanding (MOU) referenced in 3(b) below, a majority of board members must own or lease property within the district, or must represent such owner or lessee, and may include representation from residential or commercial property owners or lessees. Advisory Boards must carry insurance for their members and provide proof of insurance to the City.
  - b. A MOU must be executed between the advisory board and the City Council that defines the board's roles, responsibilities, authority, and processes, including for hiring and maintaining board support staff. The MOU must

contain language addressing conflict of interest situations for board members whose property may directly benefit from a TIF expenditure and for board support staff. The MOU also must include language that if there is the appearance of a conflict of interest the issue will be reviewed by City legal staff before moving forward.

- c. Training for all URD advisory boards will be conducted biannually in coordination with City staff and URD support staff. The training must include, but is not limited to: review of URD and TIF laws, Administrative Rules, ethics, conflicts of interest, meeting management, and maintenance of minutes and records.
- d. URD financial reporting will be consistent across all URDs and be set by coordination between the City Finance Director and the Planning and Community Services Director, and URD support staff.
- e. TIF application review and City Council staff report preparation will be conducted by the Planning and Community Services Department Director, in coordination with the Assistant City Administrator, Finance Director, and URD support staff.

PASSED by the City Council and APPROVED this 9<sup>th</sup> day of July, 2018.

Request for TIF Assistance - Billings Depot Inc

Dear, Andy -

The DBP is hereby submitting a request for TIF assistance on behalf of the Billings Depot Inc, the Nonprofit that manages the Depot campus on behalf of the City of Billings, for a project in the Expanded North 27th Street Urban Renewal District.

The project involves rehabilitation efforts of the 2310 Montana Avenue campus with mostly exterior work but some interior upgrades as well. Since its 2000 restoration, the exterior doors have been failing lately, which is a security hazard for employees and events attendees within the campus. The concrete walkways have had their share of wear and tear due to the weather as well as near miss car accidents. The building's roof is in need of attention. The historic wood flooring is in need of maintenance. Finally, the Historic Post building is in need of several improvements for safety and energy efficiency enhancements. The good news, the Billings Depot Inc has secured three grants to cover the bulk of the work.

The total project cost is \$570,000 but the request for TIF assistance is for \$80,000 toward the cement walkways. The Board of Directors of the DBP support this project & recommend approval. This project complies with the Montana Code Annotated in terms of eligible expenses. Furthermore, this project conforms with many goals & elements of the Urban Renewal Plan as well as the Downtown Billings Strategic Plan to contribute toward a safer campus and recruitment of events/activities to downtown. This will ensure a Historic asset like the Depot is preserved, maintained, and well kept to keep up with the demand of activating that campus as a robust venue for downtown events.

The DBP is requesting a position for review by the Billings City Council during its regular meeting Monday, August 26th.

Thank you for your consideration.
