1. Call to Order and Welcome

a. No public comment.

2. Minutes – The September minutes were accepted as presented.

3. Old Business: Discussion about consultants and possible change of how the board would hire a consultant on a job-by-job basis.

The discussion was about the option the board has to hire consultants for specific jobs rather than have a consultant on a yearly contract. This means the board would need to have specific projects they wanted completed and then hire a consultant to complete the project. Dave let the board know the city finance office and the state are on board with the consultant on a job by job basis. Because the amount of money the board has to work with the city will not require RFP. The board would just need to have a consultant willing to complete the job and that is who the board would be contracted with.

After some discussion the board members present would like to have a web presence that we currently do not have. One that is updated and current with the things happening with the board and the projects that are being undertaken.

Dave will be looking at other communities to see what type of web sites they have to show the board.
