

## Resilient & Stylish

Model 965SM-W6

### Dimensions

**4' Bench - 56-7/16"L x 30-1/4"W x 33-3/8"H**

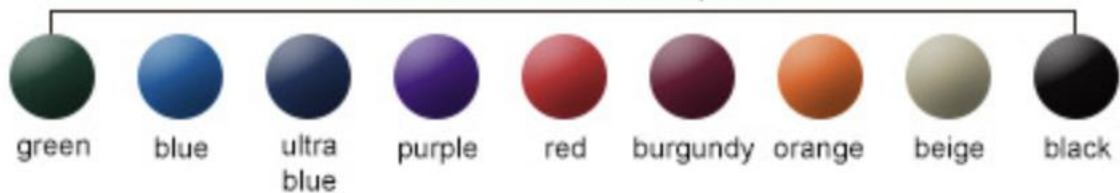

**6' Bench - 80-7/16"L x 30-1/4"W x 33-3/8"H**

Durable yet stylish and will get noticed, the pattern steel bench also provides convenient reliable seating. The modular design is expandable. Individual stand-alone benches can be connected with add-on units to increase seating capacity.

These modern engineered benches have 3/8" O.D. steel tube frame and one piece contoured seat and back constructed with 12-gauge steel. Diligently MIG welded and crafted, benches feature smooth rounded edges increasing the comfort and safety.

Sealed in impact resistant, UV stabilized modern finish coatings, the frame gets a resilient powder-coating and seat assembly is finished with durable polyethylene to help maintain perfect aesthetics. Enhance parks, gardens, schools and other outdoor facilities, applications are countless. Available with portable, surface and in-ground mounting. Wave steel benches.
