Introductions:

Public Comment Period: None

Comments received by the Multi-Modal Planner by phone or by email: N/A

Motion: Approval of the meeting minutes of July 28th, 2026, meeting. Stephanie Donovan motioned to approve, Christian Jette 2nd. Motion passed.

Multi-Modal Planner update:

Mike talked about the Pioneer Park trail concerns that was brought up at the July meeting. Mike talked with Public Utilities Department they did some work around a manhole on the trail. They were going to go out and fix the trail to make it safe, but next year the sewer main that runs under the trail is planned to be replaced next summer so what they will do is only going to be temporary.

Mike talked about KIM and how many events were going to be held this fall. It was also talked about if they knew of anyone that would like to help to have them reach out to Mike for information.

Mike also talked about the September meeting and how he has a conflict and needs to change the time. The committee has decided to move the meeting from the 22nd to the 29th. The meeting will be at the same time and room just different day.

Old Business:

A. Presentation:

Stephanie talked about what she has done so far and got feedback from the committee on it. The committee also discussed some other information that they would like to have on the presentation. The committee talked about what type of crash data they would like to have for the presentation. Mike told the committee that he would work on getting the maps they want for the presentation.

B. Cameras:

Christian talked with the committee about the cameras that were purchased and how there is a monthly fee that comes with them. The fee is only when you have the pictures and videos sent to email. Mike told the committee that the best way would be if that data is saved on an SD card. Scott talked about how they should go out and set up the cameras and decide on what setting the cameras should be set on.

C. E - bikes:

The committee talked about E-bikes and some of the problems that are hearing from the public and started talking about different ideas that could be done to help fix some of the problems with E-bikes. This will be discussed more at the September meeting.

New Business:

A. Crash data:

The committee talked about the July crash data that Mike provided to them. The committee talked about how they would like to possibly have the map show some different classification of the incidents. Mike told them he would look into possibly adding some different colors or other ways to show different classifications.

Future Agenda Items: None

Adjourned at 1:00pm: Kristy Halderman motioned to adjourn and Stephanie Donovan 2nd.
