---

Insight Global Finance has a wide variety of flexible financing options and technology refresh solutions. Contact your Insight representative for an innovative approach to maximizing your technology and developing a strategy to manage your financial options.

This purchase is subject to Insight's online Terms of Sale unless you are purchasing under an Insight Public Sector, Inc. contract vehicle, in which case, that agreement will govern.

Pricing and lead times for certain components, including, but not limited to, DRAM, NAND, DIMMs, and other constrained products, as well as any finished goods containing such components, including third-party provided services, are subject to manufacturer driven changes, government-imposed tariffs, component volatility, and other supply chain disruptions outside of Insight's control. If Insight's cost for such components, either separately or as part of finished goods or a third-party provided service, materially increases, or if supply is withdrawn or reallocated by its suppliers after the date of this quote and before shipment, Insight may re quote the affected line items. Client may accept the revised pricing, adjust configuration as proposed by Insight, or cancel the affected items. This provision regarding manufacturer-driven changes, tariffs, and component volatility takes precedence over any conflicting or inconsistent pricing or cancellation terms in any other agreement or purchase order between the parties.

**SOFTWARE AND CLOUD SERVICES PURCHASES:** If your purchase contains any software or cloud computing offerings ("Software and Cloud Offerings"), each offering will be subject to the applicable supplier's end user license and use terms ("Supplier Terms") made available by the supplier or which can be found at the "terms-and-policies" link below. By ordering, paying for, receiving or using Software and Cloud Offerings, you agree to be bound by and accept the Supplier Terms unless you and the applicable supplier have a separate agreement which governs.

**HARDWARE PURCHASES:** Tariffs imposed by the United States government on technology-related products may lead to cost increases for manufacturers and suppliers, who then pass these increases on to partners like Insight. Additionally, supply constraints, production delays, component shortages, and logistical pressures have contributed to cost increases and product shipment delays from manufacturers and suppliers. Insight is actively engaged with its contracting officials, suppliers, and partners to address these challenges. While we strive to honor initial price proposals and quotes, the fluid nature of the impact on manufacturer and supplier costs and product availability due to tariffs and supply disruptions could require a requote, subject to the contract terms if the purchase is being made under an Insight Public Sector, Inc. contract vehicle, before finalizing any subsequent or impacted proposals, quotes, and orders. Insight will not finalize any transaction involving a requote without the client's written consent.

Insight's online Terms of Sale can be found at the "terms-and-policies" link below.
