

# FEDERAL CERTIFICATION

Every four years our partners at the Federal Highway Administration and Federal Transit Administration conduct an evaluation of the Broward MPO's effectiveness as an agency.

**Your feedback is an essential part of this review.**

**We're calling all partnering agencies to provide direct input on how we can include and inform you on the transportation planning process.**

[Join us April 11-12, 2023\\* to give your feedback!](#)

**Focus Areas:**

**Linking Planning & NEPA (Environmental Streamlining)**

**UPWP**

**Long Range Transportation Plan – Financial Plan/Fiscal Constraint**
