About Us

MTECC is a self-governed and self-funded cooperative created by local municipalities to facilitate the planning, design, and construction of transportation-related projects throughout Broward County. Annual dues from participating municipalities cover overhead, while project costs are covered through federal project awards. At the first Mayor's and Elected Officials Roundtable hosted by the Broward MPO a need to oversee the implementation of federally awarded off-state highway projects was identified. The award of transportation funding to any given municipality is not frequent enough to justify permanent resources. With 31 municipalities within Broward County, many of the smaller municipalities face a greater relative burden, while also having some of the greatest transportation needs. This becomes an equity issue.

Why MTECC?

About Us

MTECC is a self-governed and self-funded cooperative created by local municipalities to facilitate the planning, design, and construction of transportation-related projects throughout Broward County. Annual dues from participating municipalities cover overhead, while project costs are covered through federal project awards. At the first Mayor's and Elected Officials Roundtable hosted by the Broward MPO a need to oversee the implementation of federally awarded off-state highway projects was identified. The award of transportation funding to any given municipality is not frequent enough to justify permanent resources. With 31 municipalities within Broward County, many of the smaller municipalities face a greater relative burden, while also having some of the greatest transportation needs. This becomes an equity issue.

**Why MTECC?**

Potential Types of Work

- | | | | |
|---------------|---------------------|--------------|---------------|
| 1. Bike Lanes | 3. Crosswalk | 5. Landscape | 7. Drainage |
| 2. Sidewalk | 4. ADA Enhancements | 6. Lighting | 8. Resiliency |

Why MTECC?

The Florida Department of Transportation's (FDOT) decision to end the delivery of federally funded off-state highway system projects using the Local Agency Program (LAP) requires significant technical resources and specialized administrative knowledge to navigate federal and state reporting requirements. There is a high cost and complexity of LAP delivery to individual municipalities.

The Broward MPO performed a study to assess its member governments' ability to apply for and administer federal discretionary transportation grant awards, as well as administer and implement LAP projects. This study identified deficiencies across member governments, both large and small, in their abilities to apply for and administer federal grants and LAP projects. No single city indicated that they could provide 100% of the required capabilities in either focus area.

MTECC Membership Benefits:

- Centralized engineering expertise with design, bid package preparation, construction oversight, inspection, right of way, etc.
- Centralized procurement. Efficient and timely project delivery
- Centralized public involvement team
- City only buys services necessary without the need to maintain staff

Authorized Activities of MTECC:

Federal Aid Project Administration

- LAP Certification
- Liability of Parties for Federal Aid Project Completion

Local Project Administration

- Provision of Services to Municipal Members
- Payment for Services
- Selection of Services

Accessibility

Persons needing assistance reading or interpreting items in this document, free of charge, are encouraged to contact the ADA Coordinator at (XXX) XXX-XXXX or [Accessibility Coordinator Email]. MTECC cannot ensure accessibility for items produced by other agencies or organizations.

Nondiscrimination

For complaints, questions or concerns about civil rights or nondiscrimination; or for special requests under the Americans with Disabilities Act, please contact Carl Ema, Administrative Services Manager/Title VI Coordinator at (954) 876-0052 or emac@browardmpo.org

Privacy

Under Florida law, e-mail addresses are public records. If you do not want your e-mail address released in response to a public records request, do not send electronic mail to this entity. Instead, contact this office by phone at (XXX) XXX-XXXX. Please note that our phone system can capture a voicemail as a recording, which, if emailed, may also be subject to a public records request.

The MTECC Procurement Department is responsible for the purchasing of commodities and services, including construction and the selection of professional services to be used for purposes as specified by Florida State Law, Chapter XXX.

As a public entity, MTECC strives to ensure that the procurement of goods and services is efficient, cost-effective, and in compliance with all of MTECC's policies and applicable laws. In addition, it is important to MTECC to make certain that such goods and services are solicited in such a manner that is fair and equitable to all potential providers.

Register for Vendor Notifications and How to Find MTECC's Bid Opportunities

To receive MTECC's notifications, vendors must register with MTECC by filling out the 'Vendor Registration Form' provided at the link below. By registering, vendors will automatically receive notification of any listed solicitations or updates to MTECC's Solicitations. Click here to register as a vendor with MTECC:
