(FPID 442212-1)

June 2023 | Information is preliminary and subject to change.

Upcoming Public Hearings

- ✓ Florida's Turnpike Enterprise will present the preferred project alternative for public input at two public hearings
- ✓ The same information will be presented at both public hearings

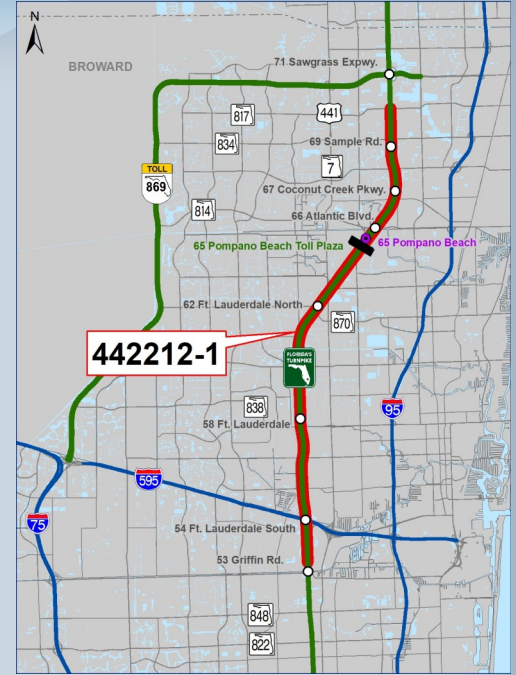

Participation Options:

Virtual (Online) or By Telephone in Listen-Only Mode

- Wednesday, July 19, 2023
- Formal presentation begins at 6:00 p.m.
- Interested persons can request to speak (make a formal comment) at registration or during the virtual public hearing
- Register at project website www.Turnpike595toWiles.com
- Registration will open by Friday, June 23, 2023

In-Person at the Chateau Mar Golf Resort located at 3501 Inverrary Blvd in Fort Lauderdale, FL

- Thursday, July 20, 2023
- Formal presentation begins at 6:00 p.m.
- Interested persons can request to speak at the venue

Project Needs & Benefits

- ✓ A portion of project limits is in Top Ten of Capacity Needs for Florida's Turnpike System
- ✓ Adds capacity for future travel demand (Year 2045)
- ✓ Improves safety, travel time reliability, and regional mobility options
- ✓ Facilitates traffic movement during emergency response and evacuation periods

Improvements Overview

- ✓ Provides a 10-lane mainline section on the Florida's Turnpike
- ✓ Includes 1 Thru Lane in both directions, at select segments
- ✓ Improvements to six existing interchanges
- ✓ New full interchange proposed at Oakland Park Boulevard
- ✓ New partial interchange (to/from north only) proposed at Cypress Creek Road/McNab Road
- ✓ Identification of potential noise wall locations

Community Engagement

- ✓ Extensive community and stakeholder engagement has occurred since study began
- ✓ Several community meetings conducted to receive community concerns
- ✓ Community and stakeholder feedback incorporated into project alternatives

Project Status

This project is currently in the PD&E Study phase. The PD&E Public Hearing is scheduled for 3rd Quarter 2023. Design and right-of-way acquisition is programmed in the Turnpike's Tentative FY 2024 - 2028 Work Program. There is no funding for Construction.
