---

Dear Partners,

I hope this message finds you well.

I am writing to inform you that I have accepted a new position, and therefore, I will be stepping down from my role as of today. While the process to hire a new person for the position I held is underway, Ismir Ripley, a D-4 in-house consultant, will be representing FDOT D-4 at the LCB board meetings and supporting the day-to-day program. I will still be with FDOT but in another role, working as the Multimodal Coordinator within the Office of Modal Development. Ismir can be contacted at:

Ismir Ripley  
Phone: 786-598-8774  
[Ismir.ripley@dot.state.fl.us](mailto:Ismir.ripley@dot.state.fl.us)

It has been a privilege to work alongside you all, and I appreciate the support and collaboration we have shared during my tenure.

Thank you for your understanding and cooperation.

Best regards,

*Modeline Acreus*
