And

**Replica, Inc.**, with its principal business address located at 3610 W. 95<sup>th</sup> Street, Leawood, KS 66206, (hereinafter referred to as (“CONTRACTOR”) for Cellphone/Location-Based Data Services (the “Project”).

WITNESSETH:

WHEREAS, the BMPO solicited Proposals from Contractors to provide the required expertise in connection with the Project; and

WHEREAS, Proposals were evaluated by an Evaluation and Selection Committee; and

WHEREAS, the Board of the BMPO has selected the CONTRACTOR, upon the recommendation of the Evaluation and Selection Committee to perform Services in connection with the Project; and

WHEREAS, on \_\_\_\_\_, the Board of the BMPO ratified the evaluation and recommendation of Proposals received in response to RFP No. 26-01 and authorized the appropriate BMPO officials to execute an agreement with the CONTRACTOR; and

WHEREAS, BMPO and CONTRACTOR desire to enter into an Agreement whereby the duties and obligations of each party to the other are set forth therein.

IN CONSIDERATION OF THE MUTUAL COVENANTS AND CONDITIONS HEREIN EXPRESSED AND THE FAITHFUL PERFORMANCE OF ALL SUCH COVENANTS AND CONDITIONS, THE PARTIES AGREE AS FOLLOWS:

## **SECTION 1. SCOPE OF SERVICES**

- 1.1** The CONTRACTOR must meet the requirements and perform the Scope of Services identified in the Request for Proposals for the Cellphone/Location-based Data Services, RFP No. 26-01, dated May 8, 2025, (“RFP”), referenced hereto and made a part hereof, as Exhibit “A”, and the CONTRACTOR’S Proposal, attached hereto and made a part hereof, as Exhibit “B” to this Agreement.
- 1.2** The parties agree that the Scope of Services, as specified in Exhibits “A”, and “B” (hereinafter collectively referred to as the “Services”) contain the description of CONTRACTOR’s obligations and responsibilities and are deemed to include preliminary considerations and prerequisites, and all labor, materials, equipment and tasks which are such an inseparable part of the work described that exclusion would render performance by CONTRACTOR impractical, illogical, or unconscionable.
- 1.3** CONTRACTOR agrees and acknowledges that CONTRACTOR is prohibited from exempting provisions of the Scope of Services and this Agreement in any of CONTRACTOR’s Services pursuant to this Agreement.

## **SECTION 2. TERM**

- 2.1** The term of this Agreement will be for a period of one (1) year (the “Term”), which shall begin on the date it is fully executed by both and shall remain in effect until such a time as the Services acquired in conjunction with the Contract Documents have been completed and accepted by the BMPO. After the initial Term, the BMPO shall have the sole option to extend the Term, at its discretion, for two (2) one year extensions. To exercise one or both annual extension(s), the BMPO, through its Executive Director, shall notify CONTRACTOR, in writing, at least 30 days, prior to the expiration of the then current term.
- 2.2** Prior to beginning the performance of any services under this Agreement, the CONTRACTOR must receive a Notice to Proceed. CONTRACTOR shall perform the services described in the Scope of Services within the time periods specified therein. Said time periods shall commence from the date of the Notice to Proceed for such Services.
- 2.3** The BMPO through its Executive Director and the CONTRACTOR may further extend this Agreement by mutual consent, in writing, for no more than six (6) months, prior to the expiration of the then current term. This provision in no way limits either party’s right to terminate this Agreement at any time during the initial term or any extension thereof, pursuant to Section 4 of the Agreement.

## **SECTION 3. COMPENSATION**

- 3.1** In consideration for the Scope of Services to be performed by CONTRACTOR pursuant this Agreement, the BMPO agrees to pay CONTRACTOR, in the manner

specified in the Scope of Services, the firm fixed price in the amount of **THREE HUNDRED THIRTY ONE THOUSAND AND NO/100 Dollars (\$331,000.00)**, contingent upon the appropriation of funds. The amount of compensation payable by the BMPO to CONTRACTOR shall be based upon the amounts as indicated on attached Exhibit "B", which amount shall be accepted by CONTRACTOR as full compensation for all such work performed under this Agreement. It is acknowledged and agreed by CONTRACTOR that these amounts are the maximum payable and constitute a limitation upon BMPO'S obligation to compensate CONTRACTOR for its Services related to this Agreement. This maximum amount, however, does not constitute a limitation of any sort, upon CONTRACTOR's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services.

- 3.2** CONTRACTOR may submit an invoice for compensation, developed and agreed upon by the BMPO Executive Director and CONTRACTOR, no more often than on a monthly basis, but only after the services for which the invoices are submitted have been completed. Invoices shall designate the nature of the services performed and shall also show a summary of fees with accrual of the total and credits for portions paid previously, where applicable.
- 3.3** **Invoices shall be submitted to the BMPO Project Manager and Accounts Payable ([accountspayable@browardmpo.org](mailto:accountspayable@browardmpo.org)) utilizing the BMPO Invoice Form** (attached hereto in Exhibit "C"). The BMPO will provide the BMPO Invoice Form in Excel format to the CONTRACTOR. The submission of travel expenses is not authorized, and such expenses shall not be reimbursed by the BMPO.
- 3.4** BMPO shall pay CONTRACTOR in accordance with the Florida Prompt Payment Act. Additionally, payment may be withheld by the BMPO Executive Director for failure of CONTRACTOR to comply with a term, condition or requirement of this Agreement.
- 3.5** Notwithstanding any provision of this Agreement to the contrary, the BMPO Executive Director may withhold, in whole or in part, payment to the extent necessary to protect BMPO from loss on account of inadequate or defective work which has not been remedied or resolved in a manner satisfactory to the Executive Director. The amount withheld shall not be subject to payment of interest by BMPO.
- 3.6** Payment shall be made to CONTRACTOR at:
- Replica, Inc.  
3610 W. 95<sup>th</sup> Street  
Leawood, KS 66206
- 3.7** CONTRACTOR agrees to keep such records and accounts as may be necessary in order to record complete and correct entries as to personnel hours charged for which CONTRACTOR receives reimbursement for a period of at least three (3) years after

completion of the work provided for in this Agreement. Such books and records shall be available at all reasonable times for examination and audit by BMPO.

- 3.8** If it should become necessary for BMPO to request CONTRACTOR to render any additional services to either supplement the services described in the RFP or to perform additional work, such additional work shall be performed only if set forth in an amendment to this Agreement.

#### **SECTION 4. TERMINATION**

- 4.1** The Executive Director may terminate Contracts approved by the BMPO Executive Committee, the BMPO Board, or Executive Director after consultation with the BMPO's General Counsel.
- 4.2** This Agreement may be terminated for cause if the CONTRACTOR is in breach and has not corrected the breach within thirty (30) days after written notice from the BMPO identifying the breach, or for convenience by action of the BMPO Board upon not less than sixty (60) days' written notice by the BMPO Executive Director.
- 4.3** This Agreement may be terminated for cause by the CONTRACTOR if the BMPO is in breach and has not corrected the breach within sixty (60) days after written notice from the CONTRACTOR identifying the breach.
- 4.4** Termination of this Agreement by the BMPO for cause shall include but not be limited to, failure to suitably perform the services, failure to continuously perform the services in a manner calculated to meet or accomplish the objectives of BMPO as set forth in this Agreement or multiple breaches of the provisions of this Agreement notwithstanding whether any such breach was previously waived or cured.
- 4.5** Notice of termination shall be provided in accordance with the "NOTICES" section of this Agreement.
- 4.6** In the event this Agreement is terminated for convenience, CONTRACTOR shall be paid for any services performed to the date the Agreement is terminated; however, upon being notified of BMPO's election to terminate, CONTRACTOR shall refrain from performing further services or incurring additional expenses under the terms of this Agreement. CONTRACTOR acknowledges and agrees that Ten Dollars (\$10.00) of the compensation to be paid by BMPO, the adequacy of which is hereby acknowledged by CONTRACTOR, is given as specific consideration to CONTRACTOR for BMPO's right to terminate this Agreement for convenience.
- 4.7** In the event this Agreement is terminated, any compensation payable by BMPO shall be withheld until all documents are provided to BMPO pursuant to Section 7.1 of this Agreement. In no event shall the BMPO be liable to CONTRACTOR

for any additional compensation, other than that provided herein, or for any consequential or incidental damages.

## **SECTION 5. UNCONTROLLABLE FORCES**

- 5.1** Neither BMPO nor the CONTRACTOR shall be considered to be in default of the Contract Documents if delays in or failure of performance shall be due to Uncontrollable Forces, the effect of which, by the exercise of reasonable diligence, the non-performing party could not avoid. The term "Uncontrollable Forces" shall mean any event which results in the prevention or delay of performance by a party of its obligations under the Contract Documents and which is beyond the reasonable control of the non-performing party. It includes, but is not limited to fire, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions.
- 5.2** Neither party shall, however, be excused from performance if nonperformance is due to forces which are preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied with reasonable dispatch. The non-performing party shall within a reasonable time of being prevented or delayed from performance by an uncontrollable force, give written notice to the other party describing the circumstances and uncontrollable forces preventing continued performance of the obligations of the Contract Documents.

## **SECTION 6: CLAIMS AND DISPUTES**

- 6.1** A Claim is a demand or assertion by one of the parties seeking an adjustment or interpretation of the terms of the Contract Documents, payment of money, extension of time or other relief with respect to the terms of the Contract Documents. The term "Claim" also includes other disputes and matters in question between the BMPO and the CONTRACTOR arising out of or relating to the Contract Documents. The responsibility to substantiate a Claim shall rest with the party making the Claim.
- 6.2** Initial notice of Claims by the CONTRACTOR shall be made in writing to the BMPO Project Manager within five (5) business days after the first day the CONTRACTOR is aware of the event giving rise to such Claim, or else the CONTRACTOR shall be deemed to have waived the Claim. Written supporting data shall be submitted to the BMPO Project Manager within thirty (30) calendar days after the occurrence of the event unless the BMPO grants additional time in writing, or else the CONTRACTOR shall be deemed to have waived the Claim. All Claims shall be priced so as to compensate the CONTRACTOR for its actual and direct labor, material and equipment costs and extended general conditions expenses, together with markup, as set forth below.

The BMPO Project Manager shall render a decision regarding any Claims within sixty (60) days of receipt of CONTRACTOR's initial notice of Claim.

- 6.3** The CONTRACTOR shall proceed diligently with its performance as directed by the BMPO, regardless of any pending Claim, unless otherwise agreed to by the BMPO in writing. The BMPO shall continue to make payments in accordance with the Contract Documents during the pendency of any Claim.
- 6.4** Prior to the initiation of any action or proceeding permitted by these Contract Documents to resolve Claims between the parties, the parties shall first make a good faith effort to resolve any such Claim through this section. If the CONTRACTOR fails to first submit its Claim to the Claim resolution process in this Section, the CONTRACTOR forever waives its right to bring any legal action against the BMPO for breach of contract arising from the Claim. The Contract shall be interpreted, construed and given effect in all respects according to the laws of the State of Florida. All parties agree and accept that jurisdiction of any controversies or legal problems arising out of this Contract, and any action involving the enforcement or interpretation of any rights hereunder, shall be exclusively in the state courts of the Seventeenth Judicial Circuit in Broward County, Florida, or the United States Federal District Court for the Southern District of Florida and venue for litigation arising out of this Contract shall be exclusively in such state or federal courts, forsaking any other jurisdiction which either party may claim by virtue of its residency or other jurisdictional device. BY ENTERING INTO THIS CONTRACT, CONTRACTOR AND BMPO HEREBY EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS CONTRACT.

## **SECTION 7. INDEMNIFICATION**

- 7.1** CONTRACTOR hereby agrees to indemnify and hold harmless the BMPO, and its officials, employees and agents, from liabilities, damages, losses and costs including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR and other persons employed or utilized by the CONTRACTOR in the performance of this Agreement. The provisions of this section shall survive the expiration or earlier termination of this Agreement. To the extent considered necessary by the BMPO Executive Director and the BMPO Attorney, any sums due CONTRACTOR under this Agreement may be retained by BMPO until all of BMPO'S claims for indemnification pursuant to this Agreement have been settled or otherwise resolved; and any amount withheld shall not be subject to payment of interest by BMPO.
- 7.2** Nothing herein is intended to serve as a waiver of sovereign immunity by the BMPO nor shall anything included herein be construed as consent to be sued by third parties in any matter arising out of this Agreement or any other contract. The BMPO is subject to section 768.28, Florida Statutes, as may be amended from time to time.

The provisions of this section shall survive termination of this Agreement.

## **SECTION 8. INSURANCE**

- 8.1** The CONTRACTOR shall furnish to the BMPO ACORD certificates of insurance that indicate that insurance coverage has been obtained which meets the requirements below. For Commercial General Liability and Automobile Liability insurance, the Broward Metropolitan Planning Organization **must** be shown as an additional insured with respect to these coverages.
- 8.1.1** Commercial General Liability Insurance on a commercial basis in an amount not less than \$2,000,000.00 per occurrence, and \$2,000,000.00 annual aggregate. The requested limits may be met through a combination of primary and umbrella coverages.
- 8.1.2** Professional Liability Insurance (Errors and Omissions) with limits not less than \$2,000,000.00 per occurrence, and \$2,000,000.00 annual aggregate.
- 8.1.3** Automobile Liability Insurance covering all owned, non-owned, and hired vehicles used in connection with the work, in an amount not less than \$1,000,000.00 per occurrence, and \$2,000,000.00 annual aggregate. Coverage shall stipulate that it is primary over any insurance or self-insurance program available to the BMPO.
- 8.1.4** Workers' Compensation Insurance for all employees of the CONTRACTOR as required by Florida Statutes Chapter 440.
- 8.2** The insurance coverage required shall include those classifications, as listed in the standard liability insurance manuals, which most nearly reflect the operations of the CONTRACTOR.

- 8.3.1** The company must be rated no less than "B" as a management, and no less than "Class V" as to financial strength, by the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey, or its equivalent, subject to the approval of the BMPO; or
- 8.3.2** The company must hold a valid Florida Certificate of Authority as shown in the latest "List of All Insurance Companies Authorized or Approved to do Business in Florida", issued by the State of Florida Department of Insurance and are members of the Florida Guaranty Fund.
- 8.4** Certificates will indicate no cancellation, modification, or change in insurance shall be made without thirty (30) days written advance notice to the certificate holder.

- 8.5** Compliance with the foregoing requirements shall not relieve CONTRACTOR of its liability and obligation under this section or under any other section if this section or under any other section of the Contract.
- 8.6** Issuance of a purchase order, work authorization or notice to proceed is contingent upon receipt of the insurance documents within ten (10) business days after the execution of the Contract by the BMPO. If the insurance certificate is received within the specific time frame, but not in the manner prescribed in this Section, the CONTRACTOR shall be verbally notified of such deficiency and shall have an additional five (5) calendar days to submit a corrected certificate to the BMPO. If the CONTRACTOR fails to submit the required insurance documents in the manner prescribed in this Agreement within five (5) business days after the executing of the Contract by an authorized official of the BMPO, CONTRACTOR shall be in default and the Contract documents may be rescinded. Under such circumstances, the CONTRACTOR may be prohibited from submitting future responses to BMPO procurements.
- 8.7** CONTRACTOR shall be responsible for assuring that the insurance certificate required in conjunction with this Section remain in force for the duration of the period of performance for any contractual agreement(s) resulting from this solicitation. If insurance certificates are scheduled to expire during the term hereof, the CONTRACTOR shall be responsible for submitting new or renewed insurance certificates to the BMPO at a minimum of thirty (30) calendar days in advance of such expiration. In the event that expired certificates are not replaced with new or renewed certificates which cover the term hereof, the BMPO shall suspend the Contract until such time as the new or renewed certificates are received by the BMPO in a manner prescribed in this Section; provided however, that this suspension period does not exceed thirty (30) days, the BMPO may at its sole discretion, terminate the Contract and seek re-procurement charges from the CONTRACTOR.
- 8.8** If, in the judgment of the BMPO, prevailing conditions warrant the provision by CONTRACTOR of additional liability insurance coverage or coverage which is different in kind, the BMPO reserves the right to require the provision by CONTRACTOR of an amount of coverage different from the amounts or kind previously required and shall afford written notice of such change in requirements thirty (30) days prior to the date on which the requirements shall take effect. Should CONTRACTOR fail or refuse to satisfy the requirement of changed coverage within thirty (30) days following the BMPO's written notice, the Contract shall be considered terminated on the date that the required change in policy coverage would otherwise take effect.
- 8.9** All Subcontractors retained or hired for the Work shall be required to maintain coverages, limits and term no less restrictive than those required of the CONTRACTOR. CONTRACTOR shall be responsible for monitoring insurance compliance of all its Subcontractors. Additionally, CONTRACTOR

shall make available to the BMPO proof of insurance of all Subcontractors upon request.

Such retention of such records and documents shall be at CONTRACTOR's expense. If any audit has been initiated and audit findings have not been resolved at the end of the retention period or three (3) years, whichever is longer, the books, records, and accounts shall be retained until resolution of the audit findings. If the Florida Public Records Act is determined by BMPO to be applicable to CONTRACTOR's records, CONTRACTOR shall comply with all requirements thereof; however, no confidentiality or non-disclosure requirement of either federal or state law shall be violated by CONTRACTOR. CONTRACTOR shall affirmatively comply with all applicable provisions of federal, state and local equal employment laws and shall not engage in or commit any discriminatory practice against any person based on race, age, religion, color, gender, sexual orientation, national origin, marital status, physical or mental disability, political affiliation or any other factor which cannot be lawfully used as a basis for service delivery. CONTRACTOR agrees to comply with the provisions set forth in attached Attachment "A", including Contractor's responsibility to incorporate the provisions in subcontracts, throughout the term of this Agreement.
- 9.5 Public Entity Crime Act.** CONTRACTOR represents that the execution of this Agreement will not violate the Public Entity Crime Act (Section 287.133, Florida Statutes), which essentially provides that a person or affiliate who is a contractor, consultant or other provider and who has been placed on the convicted vendor list

Violation of this section shall result in termination of this Agreement and recovery of all monies paid hereto, and may result in debarment from BMPO'S competitive procurement activities. In addition to the foregoing, CONTRACTOR further represents that there has been no determination, based on an audit, that it committed an act defined by Section 287.133, Florida Statutes, as a "public entity crime" and that it has not been formally charged with committing an act defined as a "public entity crime" regardless of the amount of money involved or whether CONTRACTOR has been placed on the convicted vendor list.

**9.6 Scrutinized Companies.** The CONTRACTOR certifies that it is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, Scrutinized Companies that boycott Israel List, and that it does not have business operations in Cuba or Syria as provided in Fla. The BMPO may require the CONTRACTOR to remove any employee or contractor it deems careless, incompetent, insubordinate, or otherwise objectionable and whose continued performance of the services is not in the best interest of the BMPO.

**9.8 Third Party Beneficiaries.** Neither CONTRACTOR nor BMPO intends to directly or substantially benefit a third party by entering into this Agreement. Therefore, the parties agree that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a claim against either of them. Based upon this Agreement the parties expressly acknowledge that it is not their intent to create any rights or obligations in any third person or entity under this Agreement.

**9.9 Notices.** Whenever either party desires to give notice to the other, it must be given by written notice, sent by certified U.S. mail, with return receipt requested, email transmission, express delivery service or hand delivery, addressed to the party for whom it is intended, at the place last specified, and the place for giving of notice shall remain such until it shall have been changed by written notice in compliance with the provisions of this paragraph. In addition, CONTRACTOR shall not subcontract any portion of the work required by this Agreement, except with the prior approval of the BMPO, which shall be in BMPO's sole and absolute discretion. A list of all such subcontractors shall be included in the Proposal. If additional subcontractors are to be used during the term of this Agreement, other than those submitted in the Proposal, a list of such subcontractors shall be provided to the BMPO, subject to BMPO's approval.

CONTRACTOR represents that all persons delivering the services required by this Agreement have the knowledge and skills, either by training, experience, education, or a combination thereof, to adequately and competently perform the

CONTRACTOR shall perform its duties, obligations and services under this Agreement in a skillful and respectable manner.

- 9.11 Conflicts.** Neither CONTRACTOR nor its employees shall have or hold any continuing or frequently recurring employment or contractual relationship that is substantially antagonistic or incompatible with CONTRACTOR's loyal and conscientious exercise of judgment related to its performance under this Agreement.

CONTRACTOR agrees that none of its officers or employees shall, during the term of this Agreement, serve as an expert witness against BMPO in any legal or administrative proceeding in which he or she is not a party, unless compelled by court process. Further, CONTRACTOR agrees that such persons shall not give sworn testimony or issue a report or writing, as an expression of his or her expert opinion, which is adverse or prejudicial to the interests of BMPO in connection with any such pending or threatened legal or administrative proceeding. The limitations of this section shall not preclude CONTRACTOR or any other persons from representing themselves in any action or in any administrative or legal proceeding.

In the event CONTRACTOR is permitted to utilize subcontractors to perform any services required by this Agreement, CONTRACTOR agrees to prohibit such subcontractors, by written contract, from having any conflicts within the meaning of this section.

- 9.12 Contingency Fee.** CONTRACTOR warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONTRACTOR, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONTRACTOR, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For a breach or violation of this provision, BMPO shall have the right to terminate this Agreement without liability and, at its discretion, to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift or consideration.

- 9.13 Materiality and Waiver of Breach.** BMPO and CONTRACTOR agree that each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. BMPO's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement.

- 9.14 Compliance with Laws.** CONTRACTOR shall comply with all federal, state, and local laws, codes, ordinances, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.
- 9.15 Severance.** In the event a portion of this Agreement is found by a court of competent jurisdiction to be invalid, the remaining provisions shall continue to be effective unless BMPO or CONTRACTOR elects to terminate this Agreement. An election to terminate this Agreement based upon this provision shall be made within seven (7) days after the finding by the court becomes final.
- 9.16 Joint Preparation.** The parties acknowledge that they have sought and received whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.
- 9.17 Priority of Provisions.** If there is a conflict or inconsistency between any term, statement, requirement, or provision of any exhibit attached hereto, any document or events referred to herein, or any document incorporated into this Agreement by reference and a term, statement, requirement, or provision of this Agreement, the term, statement, requirement, or provision contained in Articles 1 through 9 of this Agreement shall prevail and be given effect.
- 9.18 Applicable Law and Venue.** This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the state courts of the Seventeenth Judicial Circuit of Broward County, Florida.
- 9.19 Amendments.** No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement.
- 9.20 Prior Agreements.** This Agreement and its attachments constitute the entire agreement between CONTRACTOR and BMPO, and this document incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written. ## **1.8 SUBCONSULTANTS AND SUBCONTRACTORS**

All Subconsultants or Subcontractors are subject to BMPO approval. The BMPO reserves the right to reject any and all Subconsultants or Subcontractors listed by the Proposer and bears no responsibility or liability to the Proposer or Subconsultants or Subcontractors for any commitments made regarding the use of particular Subconsultants or Subcontractors for the Project.

The Proposer shall provide a list with its Proposal of all Subconsultants and Subcontractors that may perform Services on the Project. No changes to the list of Subconsultants and Subcontractors can be made after the deadline for submitting of Proposals without prior, written approval by the BMPO.

Subconsultants and Subcontractors shall have been successfully engaged in the particular type of business for a reasonable period of time and be qualified both technically and financially to perform the Work for which they are listed.

Subconsultants or Subcontractors failing to meet the above requirements shall be replaced by the Proposer at no additional cost to the BMPO, and substitutes are subject to the BMPO's approval.

1.8.1 Teaming. Proposers must select between submitting as a Prime Contractor (the "Proposer") or a Subcontractor when responding to this solicitation. Firms electing to submit as Prime Contractor may only respond once to this solicitation. In other words, Prime Contractors are limited to participation on a single team. If submitting as a Prime Contractor, a Proposer may not participate as a Subcontractor on another proposal for the same solicitation. If a Proposer fails to adhere to these restrictions and participates in more than one proposal, then the proposal which includes the Proposer as a Prime Contractor shall be found non-responsive.

## **1.9 RIGHT TO REJECT**

1.9.1 General. The BMPO, at its sole and absolute discretion, reserves the right to cancel and withdraw this RFP at any time, to reject any or all Proposals and reserves the right to make an award based solely on the written Proposals as submitted.

1.9.2 Responsiveness of Proposals and Disqualification. All Proposals must be in writing. A responsive Proposal is an offer which complies with and conforms to the requirements of the RFP. Proposals which, in the opinion of the BMPO, are non-responsive will be rejected. Proposals may be rejected if found to be conditional, irregular or not in conformance with the requirements and instructions contained herein. A Proposal may be found to be irregular or non-responsive for reasons including failure to utilize or complete forms, conditional Proposals, incomplete Proposals, indefinite or ambiguous Proposals and improper and/or undated signatures. All Proposals must be typed.

1.9.3 BMPO Staff shall perform an initial responsiveness determination of Proposals received. Any Proposal containing conditions that may materially affect the price of the Proposals or change the terms and conditions of the Contract Documents will be rejected as nonresponsive. Conditions include assumptions, exceptions, qualifications, points of discussion, and all other terms submitted by Proposers that may materially affect price or the Work. Price Proposals shall contain only BMPO Price Proposal forms. All blanks are to be filled in with requested pricing information. No comments or other writing remarks shall be contained on the Price Proposal forms. No other sheets of paper are to be included in the sealed Price Proposal envelope other than the BMPO forms. Failure to follow these simple instructions will result in Proposals being found nonresponsive.

1.9.4 All questions or request for changes to the Solicitation Documents may only be submitted during the question-and-answer period, **including such requests for changes in Attachment “B” BMPO Agreement. The Successful Proposer shall execute the BMPO Agreement, same as attached Attachment “B” to the RFP.** Proposers are not to mark their Price Proposals with the words “confidential”, “proprietary” or “trade secret”. All Proposals, generally, are public records subject to the provisions of Chap. 119, Fla. Stat., unless there is a specific exemption that applies to some portion of the Technical Proposal. Only those pages to which a public records exemption applies shall be marked as “confidential”, “proprietary” or “trade secret” with the correct statutory citation for the exemption stated on each page containing information that the Proposer claims is exempt. For every page marked “confidential”, “proprietary” or “trade secret”, the Proposer shall provide, in compliance with Florida law, the same page with such information redacted.

1.9.5 If a Proposer desires to request a condition to be considered, the Proposer must submit their request to the BMPO in writing during the period of time the Proposer may ask questions as outlined in this RFP. When submitting a condition to be considered during the question period, the Proposer shall specifically reference the corresponding section, paragraph, and page number which the Proposer wishes to be considered changed. Failure to follow these instructions shall result in the BMPO not considering the Proposer’s request.

1.9.6 Where conditions are proposed during the solicitation question period, the BMPO, in its sole discretion, shall determine whether to consider the condition, and/or the acceptability of the proposed condition. The BMPO is under no obligation to accept or consider any conditions.

1.9.7 Other Conditions Causing Disqualification of Proposers. Other conditions, which may cause rejection of Proposals, include, but are not limited to, a Proposer submitting more than one Proposal, qualified or contingent proposals, evidence of collusion among Proposers, obvious lack of experience or expertise to perform the Work, failure to perform or meet financial obligations for previous contracts, or evidence that a Proposer has a financial interest in another Contractor for the Work under this RFP.

1.9.8 Proposals may be rejected if more than one Proposal is received from an individual, Firm, partnership, or corporation, or combination thereof, under the same or different names. Such duplicate interest may cause the rejection of all Proposals in which such Proposer has participated.

1.9.9 Waivers. The BMPO, at its sole and absolute discretion, reserves the right to waive minor informalities or irregularities in this RFP or in the Proposals received as part of this RFP; where such is merely a matter of form and not substance, and the correction or waiver of which is not prejudicial to other Proposers. Minor irregularities are defined as those that will not have an

adverse effect on the BMPO's interest and will not materially affect the price of the Proposals by giving a Proposer an advantage or benefit not enjoyed by other Proposers.

## **1.10 MODIFICATION, RE-SUBMITTAL AND WITHDRAWAL OF PROPOSALS**

A Proposer may submit a modified Proposal to replace all or any portion of a previously submitted Proposal up until the due date and time shown in Section 1.4; only the latest version of the Proposal will be considered and evaluated. Any such revisions must be clearly provided so that no determination by the BMPO is necessary as to the portion of the Proposal to be replaced or modified.

1. Proposer shall complete and notarize where applicable the Required Documents identified in Section 1.11 of the RFP and shall submit in a separate sealed envelope.

2. **FINANCIAL INFORMATION**

This section shall include relevant information regarding the financial stability and strength of the Proposer. Each Proposer shall provide a copy of the most recent Dun and Bradstreet or Creditsafe report. A parent company Dun and Bradstreet or Creditsafe report is acceptable. A copy of the most recent audited financial statements will be accepted if a Dun and Bradstreet or Creditsafe report is unavailable. In the event the above listed financial reports are not available, the BMPO may consider a combination of both an unaudited financial statement and a copy of the latest tax return for the Proposer. Financial Information will be reviewed by the BMPO prior to the evaluation process set forth in Section 1.13 below as a factor to determine responsibility of the Proposer.

## 1.13 EVALUATION PROCESS

The BMPO's Evaluation/Selection Committee (hereinafter referred to as "COMMITTEE" or "ESC"), shall evaluate the Technical Proposals provided to it using the RFP Evaluation Criteria in Section 1.13.1. The final selection of the Successful Proposer will be based upon the evaluation process as described herein (the "Evaluation Process").

### 1.13.1 EVALUATION CRITERIA RFP 26-01

The criteria below will be used to evaluate each RFP Proposal. There are four (4) criteria, with points assigned to each according to their relative importance to the overall evaluation process for this RFP.

The ESC will review each responsive Proposal and establish a Technical Score. The Technical Score and the Price Score will then be combined into the Total Score for each Proposal (as more particularly described below in Section 1.13.5).

#### 1) AWARENESS OF PROJECT ISSUES (Maximum 35 Points)

The proposal shall include a brief discussion of how the vendor will support the purposes identified above. This also includes the use of Cellphone and Location-Based Data at a granular level to understand local traffic patterns and inform project selection and prioritizations. The proposal should address awareness of unique local and regional considerations.

- A. Explanation of data accessibility and format for ease of use and application.
  - Describe platform and/or software necessary for accessing, viewing, utilizing, and downloading data.
  - Detailed data formatting options and post-processing methodology, if any, that may be necessary prior to use.
- B. Discuss available technical support and guidance.
  - Elaborate on technical support availability and any technical training that may be provided.

#### 2) DATA (Maximum 35 Points)

##### A. Minimum Data Requirements and Supplemental/Additional Considerations

Proposed data set(s) provides data for use in model calibration and validation within the required region at the Traffic Analysis Zone (TAZ) level of resolution, at a minimum. Explanation of additional proposed data availability and resolutions should also be included, if applicable.

The proposed data set(s) should be consistent, reliable and complete (countywide). The data sets should depict features such as people, vehicle movements, freight and goods, and trip origins and destinations in the Tri-County region at Traffic Analysis Zone (TAZ) as well as a granular level to provide insights and/or inferences to be utilized for travel demand modeling, system performance management, and other planning activities. The proposal should include which features are accessible within the data along with relevant

explanations on how to extract these features from the raw data. The following list outlines the minimum data requirements identified as necessary for use by the PARTNERS:

- Trip origin and destination by time of day and mode
- Mode choice data
- External-external (EE), External-Internal (EI), and Internal-External (IE) trips
- Freight and/or goods movement
- Travel time

The proposed solution may include supplementary and/or complementary data elements in addition to the required components described above. Additional features of interest may include, but are not limited to, the following:

- Transit route and operations
- Bike and pedestrian data
- Express/toll lanes data
- TNC usage data
- CAV usage data
- Data integration strategies
- Real-time traffic monitoring data
- Micro-mobility data
- Socio-economic data
- Historical and/or special incidents, events, and trends

#### **B. Data Collection and Processing Methodology**

The proposal shall include a detailed explanation of the employed data collection and processing methodologies. Explanation should be transparent and easily understood to inform the BMPO on the processes used and related issues for consideration prior to choosing a data services solution, including but not limited to source of the data, data processing, cleaning, and validation, limitations and accuracy, privacy concerns, and availability.

- Source of the Proposed Data Set(s):
  - Describe the source and/or technology used to collect and extract the raw data.
  - Elaborate on providers involvement in collecting/purchasing data from a third-party source, if applicable. For example, freight vehicles might rely on location-based systems that do not feed into cell data sources.
- Data processing, cleaning, and validation methodology:
  - Explanation of methodology employed for converting raw data to processed usable data and insights.
  - Report on procedures and methods employed to extract features from raw data and differentiate between various modes, trip purposes, as well as other relevant features.
  - List conditions that are intentionally applied to filter out data throughout the process.
  - Specify any potential limitations, accuracy considerations, and/or intrinsic assumptions that may exist keeping in mind the context of the scope activities including data usability and analysis.

- The proposal should address the timeliness of data and the update schedule (annual, quarterly or continual).
- Privacy concerns:
  - Describe how data set(s) account for potential public privacy concerns or other relevant discretionary considerations.
  - Be responsible to conduct data privacy impact analysis periodically for privacy protection and compliance.
- Availability:
  - Specify who, when, and how long the BMPO (and respective consultants) can have access to the data and/or platform(s) for accessing the data as well as any restrictions on this availability.
  - Explain access protocols for the data and/or platform(s) including availability for offline access.
  - Elaborate on any availability restrictions that may exist due to the funding limitations outlined in the scope.

**3) RELEVANT EXPERIENCE AND INNOVATION (Maximum 10 Points)**

The proposal should include examples of proposed Cellphone/Location-Based Data usage for analyzing travel behavior and mobility by other public agencies and metropolitan areas with similar characteristics (such as population, diversity, land mass, etc.). The examples should include how the data was utilized for various activities, whether it replaced and/or improved upon conventional methods, and any lessons learned for future applications. The BMPO is seeking relevant documented use cases and/or examples for the following applications of the proposed data solution:

1. Use Case Examples for Long-Range Transportation Planning
2. Use Case Examples for Concept Development
3. Use Case Examples for Performance Monitoring

**4) COST (Maximum 20 points)**

The Proposer offering the lowest total price proposal shall receive the maximum 20 points for this criterion. The remaining Proposers shall be rated on a sliding scale using the following formula:

$$S = \left( \frac{a}{b} \right) \times 20$$

where:

- a = dollar amount of the lowest price proposal
- b = dollar amount of price proposal to be rated
- S = Price Proposal Score

## **1.13.2 EVALUATION CRITERIA AND RELATIVE WIGHTS**

### **Technical Proposal – Maximum 80%**

- Awareness of Project Issues – Maximum 35%
- Data – Maximum 35%
- Relevant Experience and Innovation – Maximum 10%

### **Price Proposal – Maximum 20%**

## **1.13.3 TECHNICAL EVALUATION CRITERIA SCORING**

9 – 10 Outstanding – Proposer exemplifies superior and/or exceptional characteristics in the evaluation criteria categories.

7 – 8 Very Good – Proposer illustrates extremely strong, but not exceptional, characteristics in the evaluation criteria categories.

5 – 6 Satisfactory – Proposer demonstrates competitive average characteristics in most of the evaluation criteria categories. Proposer may be particularly strong in only one or more areas.

3 – 4 Poor – Proposer does not stand out. Evaluator has substantial concerns about the overall strength of the Proposer.

1 – 2 Unsatisfactory – Proposer has serious deficiencies when compared to most of the evaluation criteria categories. In addition, several items may not be addressed or may be missing.

## **1.13.4 EVALUATION SELECTION COMMITTEE SCORING OF TECHNICAL PROPOSALS**

Proposals will be evaluated by an ESC appointed by the Executive Director or his/her designee. The BMPO Procurement Officer or his/her designee will perform an initial review of the Proposals, noting any deficiencies, informalities, or irregularities within the Proposal and will distribute this information with a copy of each Technical Proposal to each member of the ESC. The ESC members will independently evaluate the Technical Proposals for responsiveness and then score the Proposals using the RFP Evaluation Criteria set forth in Section 1.13.1 prior to the ESC meeting.

At the ESC meeting, the Committee will first review each Proposal for compliance with the minimum qualifications and mandatory requirements of the RFP and make a determination of responsiveness of the Proposals. Failure to comply with any mandatory requirements, as determined by the Committee, will disqualify a Proposal. The Committee will discuss their independent evaluations of the Proposals based on the evaluation criteria set forth in Section 1.13.1. Prior to announcing their scores, the ESC members may ask questions of each other, have discussion and make adjustments to any scoring. ESC members will then announce their scores per criterion. This process is conducted until all ESC members have announced their scores for all of the Technical Proposals evaluated. For every Technical Proposal evaluated, the scores shall be averaged for each criterion (“Average Criterion Scores”). The Average Criterion Scores shall be

weighted, if applicable, and totaled to determine each Technical Proposal's total Technical Proposal Score.

After the Technical Proposals are scored, the ESC will incorporate the Price Proposal Scores (using the scoring methodology provided below in Section 1.13.5) for those Price Proposals that have been deemed responsive.

In the event the final Committee scoring results in a tie for rankings of the most highly qualified Proposer(s), the Committee shall select the Proposer with the highest average ranking based on the individual Committee member rankings, with One (1) being the highest ranked, Two (2) being the second highest ranked, and so on. If there is still a tie, the Committee shall rank the Proposers that are tied based on the final scoring for the highest weighted Technical Proposal evaluation criterion. If still a tie, the last tie breaker will be determined by a coin toss.

The ESC also reserves the right to refrain from making a recommendation or recommend against award in the event that no Proposal is deemed advantageous to the BMPO.

### **1.13.5 FINAL SCORING, RANKING, AND SELECTION**

Proposers shall be assigned a Final Score using the formula provided below:

Final Score = Technical Proposal Score + Price Proposal Score

The Price Proposal Score =  $\frac{a}{b} \times 20 = S$

Where:     a = dollar amount of lowest Price Proposal  
              b = dollar amount of Price Proposal to be rated  
              s = Price Proposal score

$\frac{\text{Price of Lowest Price Proposal}}{\text{Price of Proposal Being Rated}} \times \text{maximum points available} = \text{Awarded Price Points}$

Example: The total points available for price in this RFP is twenty (20) points. If the cost of the lowest accepted proposal is \$100,000, they would be awarded twenty (20) points. If the second lowest accepted proposal is \$125,000, they would be awarded sixteen (16) points.

$\frac{\$100,000}{\$125,000} \times 20 = 16$

The Price Proposal score will then be added to the Technical Proposal Score to obtain the Final Score for each Proposer.

The highest ranked Proposer will be the Proposer with the highest Final Score.

## 1.14 REVIEW OF FACILITIES AND QUALIFICATIONS

After the Proposal due date and prior to execution of the Contract, the BMPO reserves the right to perform or have performed an on-site review of any Proposer's facilities and qualifications, as well as provided documentation. This review will serve to verify data and representations submitted by the Proposer and may be used to determine whether the Proposer has an adequate, qualified, and experienced staff, and can provide facilities and perform the Work. The review may also serve to verify whether the Proposer has adequate financial capability to meet the Contract requirements. Should the BMPO determine that the Proposal, or subsequently submitted documentation, has material misrepresentations or that the size or nature of the Proposer's facilities or the number of experienced personnel (including technical staff) are not adequate to ensure satisfactory Contract performance, or ascertains other bases for concern as to the Successful Proposer's ability to perform the Work, the BMPO has the right to reject the Proposal.

## 1.15 PROTEST PROCEDURES

The following are the BMPO's procedures for protesting solicitations and Contract Award.

### Definitions

**Interested Party** means any bidder or proposer with legal standing that is affected adversely by the BMPO's decision concerning a solicitation or Contract Award.

**Protest** means a written objection to the commercial terms or technical specifications in the solicitation or the Contract Award.

**Protest Period** means the 72 hours following the date of the posting of the Intent to Contract Award on the BMPO's website or the date of the issuance of an addendum as to the content of such addendum or the date of issuance of the Solicitation.

- (1) The BMPO provides Interested Parties with the opportunity for an administrative review of written Protests and strives to resolve any Protest expeditiously at the Procurement Officer's level to the maximum extent possible. Filing a Protest: Only an Interested Party may file a Protest regarding the Solicitation Documents issued by the BMPO by filing a written Notice of Protest with the BMPO within seventy-two (72) hours from the availability date of the Solicitation Documents set forth in the advertisement posted on the BMPO's website, excluding Saturdays, Sundays and legal holidays observed by the BMPO or from the date of the issuance of any addenda if specifically relating to the content of the addendum, excluding Saturdays, Sundays and legal holidays observed by the BMPO. Failure to file a Notice of Protest within the provided timeframes, for any reason whatsoever, shall constitute a complete and absolute waiver of Protest rights.

With respect to any Protest of Contract Award, the Notice of Protest shall be filed within the Protest Period. For Procurements not involving federal funds, the BMPO, at its sole discretion, may require in its Solicitation Documents that an Interested Party post with its formal Protest a Protest bond in the amount of 1% of the Contract amount or \$25,000, whichever is less. In the event the Interested Party receives an adverse determination on its Protest, the bond shall be forfeited to the BMPO.

An Interested Party shall file a formal written Protest within ten (10) business days of filing a Notice of Protest. In order to be considered, the Protest must contain: (i) the Interested Party's name, address, telephone number, email address, facsimile number, and taxpayer identification number; (ii) identification of the Procurement or Contract at issue; (iii) a complete and concise statement of the grounds for the Protest, supported by relevant documents; (iv) identification of all Persons with information germane to the Protest; (v) a chronology of efforts made to resolve the matter prior to filing the Protest; and (vi) a statement of the relief requested.

- (2) **Protest Decision:** The Procurement Officer shall reduce his or her decision to writing and shall transmit or otherwise furnish a copy of the decision to the Interested Party. The decision of the Procurement Officer shall be final and conclusive unless, within seven (7) business days from the date of such decision, the BMPO receives from the Interested Party a written request for review of the decision addressed to the Executive Director. The decision of the Executive Director shall be final and conclusive.
- (3) **Continuation of Performance:** The Procurement Officer shall determine whether the BMPO will proceed with Contract Award or, if the Contract has been awarded, whether to suspend performance of the Contract, pending a decision on the Protest. The BMPO has no obligation, however, to suspend award or performance of the Contract in the event of a Protest.
- (4) **Remedies:** If the BMPO determines that a Protest is valid, the Executive Director, at his or her sole discretion, may: (i) direct the Procurement Officer to issue a new or amended Solicitation; (ii) award the Contract or recommend that the Board award the Contract, if the Contract amount exceeds the Executive Director's approval authority; (iii) terminate or suspend performance of the Contract that is the subject of the Protest; or (iv) take any other action permitted by law to promote compliance with BMPO policies and applicable law.
- (5) **Filing of a Written Notice of Protest or Protest:** All Written Notices of Protests or Formal Protests must be filed with the Procurement Officer. All Protests must be received at the address shown on the Solicitation Documents during normal office hours of 9:00 am to 5:00 pm, local time. Failure to file a Notice of Protest or a Protest as discussed herein, shall constitute a complete and absolute waiver of any such rights.
- (6) **Informal Resolution:** The Procurement Officer may, at his or her sole discretion, agree to meet with the Interested Party within seven (7) calendar days, excluding Saturdays, Sundays and legal holidays observed by the BMPO, after the filing of a Protest to attempt to resolve the matter.

## **2.0 - GENERAL TERMS AND CONDITIONS**

### **2.1 CONTENTS OF SOLICITATION**

2.1.1 General Conditions. It is the sole responsibility of the Proposer to become thoroughly familiar with the Solicitation Documents and all terms and conditions affecting the performance of this RFP. By the submission of a Proposal to do the Scope of Services, the Proposer certifies that a careful review of the Solicitation documents has taken place, and that the Proposer is fully informed and understands the requirements of the Solicitation Documents and the quality and quantity of service to be performed. Pleas of ignorance by the Proposer of conditions that exist, or that may exist, will not be accepted as a basis for varying the requirements of the BMPO or the compensation to be paid to the Successful Proposer.

The Proposer is advised that this Solicitation is subject to all legal requirements and all other applicable City and County Ordinances and/or State Statutes and Federal Rules, or Regulations.

2.1.2 Conflicts in this Solicitation. Where there appears to be a conflict between the General Terms and Conditions, the Special Terms and Conditions, the Specifications or Scope of Services, or any addenda issued, the order of precedence shall be: the last addenda issued, the Specifications or Scope of Services, the Special Terms and Conditions, and then the General Terms and Conditions.

### **2.2 CRIMINAL CONVICTION DISCLOSURE**

Any individual who has been convicted of a felony during the past ten (10) years and any corporation, partnership, joint venture or other legal entity having an officer, director, or executive who has been convicted of a felony during the past ten (10) years shall disclose this information prior to entering into a Contract with and/or receiving funding from the BMPO.

### **2.3 CONFLICT OF INTEREST**

The award of the Contract hereunder is subject to the provisions of Chapter 112, Florida Statutes. On the Independence Affidavit Form, the Proposer shall list, and describe any relationships – professional, financial or otherwise – that it may have with the BMPO, its elected or appointed officials, its employees or agents or any of its agencies or component units for the past two (2) years, together with a statement explaining why such relationships do not constitute a conflict of interest relative to performing the services sought in this RFP. Additionally, the Proposer shall give the BMPO written notice of any other relationships – professional, financial or otherwise – that it enters into with the BMPO, its elected or appointed officials, its employees or agents or any of its agencies or component units during the solicitation period and during the term of the Agreement.

### **2.4 COST OF PROPOSALS**

All expenses involved with the preparation and submission of a Proposal to the BMPO, and any work performed in connection therewith, shall be borne by the Proposer(s). No payment shall be made for any responses received, nor for any other effort required of or made by the Proposer(s)

prior to commencement of Work as defined by a contract duly approved by the Executive Board of the BMPO.

## **2.5 DEMONSTRATION OF COMPETENCY**

2.5.1 A Proposal will only be considered from a firm that is regularly engaged in the business of providing the Scope of Services required by this RFP. The Proposer must be able to demonstrate a good record of performance and have sufficient financial resources, equipment, and organization to ensure that they can satisfactorily provide the Scope of Services if awarded the Contract as a result of this RFP.

2.5.2 The BMPO may conduct a pre-award inspection of the Proposer's site or hold a pre-award qualification hearing to determine if the Proposer possesses the requirement(s) as outlined in the above paragraph, and is capable of performing the requirement of the RFP. The BMPO may consider any evidence available regarding the financial, technical, or other qualifications and abilities of the Proposer, including past performance (experience) with the BMPO or any other governmental entity in making the award of any Contract.

2.5.3 The BMPO may require the Proposer to show evidence that it has been designated as an authorized representative of a manufacturer, supplier and/or distributor if required by this RFP.

2.5.4 The BMPO reserves the right to audit all records pertaining to and resulting from any award as a result of this RFP, financial or otherwise.

## **2.6 AWARD OF A CONTRACT**

2.6.1 Contract. After award, the attached Contract, inclusive of all attachments and any modifications that the BMPO, in its sole discretion may make, will constitute the entire Contract between the parties. The BMPO may award independent contracts to multiple Proposers, in its sole discretion, to secure the Scope of Services required by this RFP. After award, the Contract, including all attachments and any modifications that the BMPO, in its sole discretion may make, will constitute the entire Contract between the parties. No rights shall inure to the benefit of any Proposer pursuant to this RFP until the Contract has been executed by both parties thereto.

2.6.2 Additional Information. The award of a Contract may be preconditioned on the subsequent submission of other documents, as specified in the Special Terms and Conditions. The Successful Proposer(s) shall be deemed nonresponsive if such documents are not submitted in a timely manner and in the form required by the BMPO. Where the Successful Proposer(s) is deemed nonresponsive as a result of such failure to provide the required documents, the BMPO, may award any Contract for a specific project to another of the qualified responsive, responsible Proposer(s).

2.6.3 Independent Contractor. The Successful Proposer shall be a contractor operating independently from the BMPO. All employees and contractors to the Successful Proposer shall be considered to be, at all times, the sole employees or contractors of the Successful Proposer under its sole discretion and not an employee, Contractor, or agent of the BMPO. Nor shall employees and contractors to the Successful Proposer enjoy any privity of contract with the BMPO. Neither the Successful Proposer nor any of its employees shall receive BMPO benefits available to employees of the BMPO. The Successful Proposer shall supply competent and capable employees

and contractors. The BMPO may require the Successful Proposer to remove any employee or contractor it deems careless, incompetent, insubordinate, or otherwise objectionable and whose continued performance of the services is not in the best interest of the BMPO.

2.6.4 Warranty. Any implied warranty granted under the Uniform Commercial Code shall apply to all goods purchased under any Contract.

2.6.5 Estimated Quantities. Estimated quantities or estimated dollars, if provided, are for Proposer's guidance only. No guarantee is expressed or implied as to quantities or dollars that will be used during the period of any Contract. The BMPO is not obligated to place any order for a given amount subsequent to the award of any Contract. Estimates are based upon the BMPO's actual needs and/or usage during a previous contract period. Said estimates may be used by the BMPO for purposes of determining the qualified responsive, responsible Proposer meeting specifications.

2.6.6 Non-Exclusive Contract. Although the purpose of this RFP is to secure a Contract that can satisfy the total needs of the BMPO for the Project, it is hereby agreed and understood that any Contract does not constitute the exclusive rights of the Successful Proposer to receive all orders that may be generated by the BMPO in connection with the types of products and/or Services requested herein.

## **2.7 ASSIGNMENT: NON-TRANSFERABILITY OF PROPOSAL**

Proposals shall not be assigned or transferred. A Proposer who is, or may be, purchased by or merged with any other corporate entity during any stage of the RFP process, up to and including awarding of and execution of an Agreement, is subject to having its Proposal disqualified as a result of such transaction. The Executive Director shall determine whether a Proposal is to be disqualified in such instances.

If, at any time during the RFP process, filings, notices, or like documents are submitted to any regulatory agency concerning the potential acquisition of Proposer, or the sale of a controlling interest in the Proposer, or any similar transaction, Proposer shall immediately disclose such information to the BMPO. Failure to do so may result in the Proposal being disqualified, at the BMPO's sole discretion.

## **2.8 LEGAL REQUIREMENTS**

Proposers are required to comply with all provisions of federal, state, county and local laws, ordinances, BMPO rules and regulations that are applicable to the Scope of Services being offered in this RFP. Lack of knowledge of the Proposer shall in no way be a cause for relief from responsibility, or constitute a cognizable defense against the legal effects thereof.

## **2.9 FAMILIARITY/COMPLIANCE WITH LAWS, RULES AND ORDINANCES**

2.9.1 Familiarity. The submission of a response to the Request for Proposals on the Scope of Services requested herein shall be considered as a representation that the Proposer is familiar with all federal, state and local laws, ordinances, BMPO rules and regulations which affect those engaged or employed in the provision of such services, or equipment used in the provision of such

Scope of Services, or which in any way affects the conduct of the provision of such Scope of Services; and no plea of misunderstanding will be considered on account of ignorance thereof. If the Proposer discovers any provisions in the Solicitation Documents that are contrary to or inconsistent with any law, ordinance, rule, or regulation, the Proposer shall report it to the BMPO in writing without delay.

2.9.2 Compliance. The Successful Proposer understands that agreements between private entities and local governments are subject to certain laws and regulations, including laws pertaining to public records, conflict of interest, record keeping, etc. The BMPO and Successful Proposer(s) agree to comply with and observe all applicable laws, codes, and ordinances as they may be amended from time to time.

## **2.10 ADVERTISING**

In submitting a Proposal, Proposer agrees not to use the results therefrom as a part of any advertising or Proposer sponsored publicity without the express written approval of the BMPO Executive Director or designee.

## **2.11 APPLICABLE LAW AND VENUE**

The terms, conditions and provisions in this RFP shall be included and incorporated in the final Agreement between the BMPO and the successful Proposer(s). Any and all legal action necessary to interpret or enforce the Agreement will be governed by the laws of Florida. The venue for any litigation shall be Broward County, Florida.

## **2.12 EQUAL OPPORTUNITY AND DISADVANTAGED BUSINESS ENTERPRISE (“DBE”) PROGRAM**

As a sub-recipient of FHWA or FTA funding, BMPO is required to participate in the Florida Department of Transportation (FDOT) Disadvantaged Business Enterprise (DBE) Program. Currently, the approved FDOT program is 100% race neutral. This means that BMPO can likely achieve the overall aspirational goal of 10.54% (6.6% for FTA) without the use of contract goals.

1. The BMPO will not require use of DBEs by the consultant as a matter of contract, nor will it seek sanctions for failing to use DBEs.
2. The BMPO will not use bidder DBE commitments to evaluate bidder proposals or to select the winning consultant.
3. The BMPO will not employ local or regional preferences in the evaluation or award of the contract.
4. The BMPO is precluded from using any business program besides the FDOT DBE program. County or municipal small, minority or women’s programs will not be used in award, evaluation, or delivery of the contract.

Nevertheless, BMPO is committed to providing contracting opportunities to DBEs and other small businesses. For assistance with identifying DBEs for work on this contract, contact the FDOT Equal Opportunity Office at 850-414-4750 or visit the DBE Supportive Service Providers page at <https://www.fdotdbesupportservices.com/>. This office also recommends the use of certified DBEs listed in the Florida Unified Certification Program (UCP) in identifying DBEs for work on this contract, visit: <https://fdotxwp02.dot.state.fl.us/EqualOpportunityOfficeBusinessDirectory/>.

All Proposers must use the FDOT Equal Opportunity Compliance (EOC) system to enter required information, including a Bidders Opportunity List. The Successful Proposer must also immediately and regularly enter DBE commitments and payments into EOC. For information on accessing EOC, visit: <https://www.fdot.gov/equalopportunity/eoc.shtm> or contact the system administrator at [eoohelp@dot.state.fl.us](mailto:eoohelp@dot.state.fl.us).

Proposers, contractors/consultants, sub-recipients, or subcontractor/consultants may not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The bidder contractor/subcontract, sub-recipient, or subcontractor/consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of FHWA and/or FTA-assisted contracts. Failure to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deem appropriate.

### **2.13 PROHIBITION AGAINST CONSIDERING SOCIAL, POLITICAL, OR IDEOLOGICAL INTERESTS**

Pursuant to Section 287.05701, Florida Statutes, the BMPO will not give preference to a Proposer based on the Proposer's social, political, or ideological interests and will not request documentation of or consider such interests in the determination of a responsible Proposer.

## 4.0 - SCOPE OF SERVICES

### I. Purpose

The Broward Metropolitan Planning Organization (BMPO) is seeking to procure an annual subscription for Cellphone/Location-Based Data Collection that geolocates travel patterns and conducts origin/destination studies. The data will increase the accuracy of validation for the traffic model and provide a greater level of detail than current data sources for long-range planning, project selection, and short-term project selection and concept development. The data set should also lend itself for uses related to federal performance management measures and transportation planning and prioritization activities.

Proposals should provide the BMPO with necessary detailed information and understanding of the strengths, limitations, applicability, and costs of the proposed data set(s) before committing to an investment in the data.

### II. Background

The BMPO is a federally mandated public agency that is responsible for making policy on local transportation issues and deciding how to collaboratively spend federal money on important transportation projects that deliver solutions, help keep Broward County moving and improve quality of life for all. Among the Core Products of the BMPO is the Metropolitan Transportation Plan (MTP) that provides the planning framework for the identification and prioritization of transportation projects.

The BMPO is a partner with other local agencies that share the responsibility of developing, updating and maintaining the Southeast Florida Regional Planning Model (SERPM). The SERPM is used by the three MPOs in the development of their respective Metropolitan Transportation Plans and is also used by FDOT Districts Four and Six for multimodal projects.

One of the critical elements in the development and update of the SERPM model is current travel behavior data. As this is an ever-evolving field with technological advances in general and urban infill trends within the Tri-County Region (Broward, Miami Dade and Palm Beach Counties), the BMPO recognizes the need for a robust and multi-dimensional data collection effort to continue to enhance the SERPM model through better understanding the travel patterns and characteristics.

### III. Scope of Services

The BMPO also acknowledges that Cellphone/Location-Based Data may be able to support activities beyond transportation-related functions. The BMPO seeks to determine the feasibility of using the Cellphone/Location-Based Data set(s) to accomplish at least the following:

- Increase the accuracy of validation for the traffic model
  - Analyze regional travel and mobility to help validate data the region collected through conventional surveys and existing traffic monitoring programs, and to provide additional information and understanding of aspects of mobility that are not easily captured through currently available data sources.
  - Travel data beyond the major roadways
  - Greater precision to identify internal trip capture and O/D pairs among the TAZs for SERPM model

- Provide a greater level of detail for long-range planning
  - Information about trip length – analysis of needs for short trips (1-3 miles)
  - Comparison of through trips vs. local trips
- Provide a greater level of detail for short-term project selection
  - Information about travel patterns and volumes to public and private activity centers
- Provide a greater level of detail for concept development
  - Information to understand trip lengths, O/D pairs and networks
- Provide a greater level of detail for project prioritization
  - Provide data that is currently unavailable to address prioritization criteria
- Monitor performance on congested corridors to fulfill federal mandates for a regional Congestion Management Process (CMP)
  - Provide data to supplement conventional traffic counts in a greater variety of locations

IN CONSIDERATION OF THE MUTUAL COVENANTS AND CONDITIONS HEREIN EXPRESSED AND THE FAITHFUL PERFORMANCE OF ALL SUCH COVENANTS AND CONDITIONS, THE PARTIES AGREE AS FOLLOWS:

## **SECTION 1. SCOPE OF SERVICES**

- 1.1** The CONTRACTOR must meet the requirements and perform the Scope of Services identified in the Request for Proposals for the Cellphone/Location-based Data Services, RFP No. 26-01, dated May 8, 2025, (“RFP”), referenced hereto and made a part hereof, as Exhibit “A”, and the CONTRACTOR’S Proposal, attached hereto and made a part hereof, as Exhibit “B” to this Agreement.
- 1.2** The parties agree that the Scope of Services, as specified in Exhibits “A”, and “B” (hereinafter collectively referred to as the “Services”) contain the description of Contractor’s obligations and responsibilities and are deemed to include preliminary considerations and prerequisites, and all labor, materials, equipment and tasks which are such an inseparable part of the work described that exclusion would render performance by Contractor impractical, illogical, or unconscionable.
- 1.3** CONTRACTOR agrees and acknowledges that CONTRACTOR is prohibited from exempting provisions of the Scope of Services and this Agreement in any of CONTRACTOR’s Services pursuant to this Agreement.

## **SECTION 2. TERM**

- 2.1** The term of this Agreement will be for a period of one (1) year (the “Term”), which shall begin on the date it is fully executed by both and shall remain in effect until such a time as the Services acquired in conjunction with the Contract Documents have been completed and accepted by the BMPO. After the initial Term, the BMPO shall have the sole option to extend the Term, at its discretion, for two (2) one year extensions. To exercise one or both annual extension(s), the BMPO, through its Executive Director, shall notify CONTRACTOR, in writing, at least 30 days, prior to the expiration of the then current term.
- 2.2** Prior to beginning the performance of any services under this Agreement, the CONTRACTOR must receive a Notice to Proceed. CONTRACTOR shall perform the services described in the Scope of Services within the time periods specified therein. Said time periods shall commence from the date of the Notice to Proceed for such Services.
- 2.3** The BMPO through its Executive Director and the CONTRACTOR may further extend this Agreement by mutual consent, in writing, for no more than six (6) months, prior to the expiration of the then current term. - 3.1** In consideration for the Scope of Services to be performed by CONTRACTOR pursuant this Agreement, the BMPO agrees to pay CONTRACTOR, in the manner specified in the Scope of Services, the firm fixed price in the amount of \_\_\_\_\_ AND NO/100 Dollars (\$\_\_\_\_\_.00), contingent upon the appropriation of funds. The amount of compensation payable by the BMPO to CONTRACTOR shall be based upon the amounts as indicated on attached Exhibit "B", which amount shall be accepted by CONTRACTOR as full compensation for all such work performed under this Agreement. It is acknowledged and agreed by CONTRACTOR that these amounts are the maximum payable and constitute a limitation upon BMPO'S obligation to compensate CONTRACTOR for its Services related to this Agreement. This maximum amount, however, does not constitute a limitation of any sort, upon CONTRACTOR's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services.
- 3.2** CONTRACTOR may submit an invoice for compensation, developed and agreed upon by the BMPO Executive Director and Contractor, no more often than on a monthly basis, but only after the services for which the invoices are submitted have been completed. Invoices shall designate the nature of the services performed and shall also show a summary of fees with accrual of the total and credits for portions paid previously, where applicable.
- 3.3** **Invoices shall be submitted to the BMPO Project Manager and Accounts Payable ([accountspayable@browardmpo.org](mailto:accountspayable@browardmpo.org)) utilizing the BMPO Invoice Form** (attached hereto in Exhibit "C"). The BMPO will provide the BMPO Invoice Form in Excel format to the CONTRACTOR. The submission of travel expenses is not authorized, and such expenses shall not be reimbursed by the BMPO.
- 3.4** BMPO shall pay CONTRACTOR in accordance with the Florida Prompt Payment Act. Additionally, payment may be withheld by the BMPO Executive Director for failure of CONTRACTOR to comply with a term, condition or requirement of this Agreement.
- 3.5** Notwithstanding any provision of this Agreement to the contrary, the BMPO Executive Director may withhold, in whole or in part, payment to the extent necessary to protect BMPO from loss on account of inadequate or defective work which has not been remedied or resolved in a manner satisfactory to the Executive Director. The amount withheld shall not be subject to payment of interest by BMPO.
- 3.6** Payment shall be made to CONTRACTOR at:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

- 3.7** CONTRACTOR agrees to keep such records and accounts as may be necessary in order to record complete and correct entries as to personnel hours charged for which CONTRACTOR receives reimbursement for a period of at least three (3) years after completion of the work provided for in this Agreement. Such books and records shall be available at all reasonable times for examination and audit by BMPO.
- 3.8** If it should become necessary for BMPO to request CONTRACTOR to render any additional services to either supplement the services described in the RFP or to perform additional work, such additional work shall be performed only if set forth in an amendment to this Agreement.

#### **SECTION 4. TERMINATION**

- 4.1** The Executive Director may terminate Contracts approved by the BMPO Executive Committee, the BMPO Board, or Executive Director after consultation with the BMPO's General Counsel.
- 4.2** This Agreement may be terminated for cause if the CONTRACTOR is in breach and has not corrected the breach within thirty (30) days after written notice from the BMPO identifying the breach, or for convenience by action of the BMPO Board upon not less than sixty (60) days' written notice by the BMPO Executive Director.
- 4.3** This Agreement may be terminated for cause by the CONTRACTOR if the BMPO is in breach and has not corrected the breach within sixty (60) days after written notice from the CONTRACTOR identifying the breach.
- 4.4** Termination of this Agreement by the BMPO for cause shall include but not be limited to, failure to suitably perform the services, failure to continuously perform the services in a manner calculated to meet or accomplish the objectives of BMPO as set forth in this Agreement or multiple breaches of the provisions of this Agreement notwithstanding whether any such breach was previously waived or cured.
- 4.5** Notice of termination shall be provided in accordance with the "NOTICES" section of this Agreement.
- 4.6** In the event this Agreement is terminated for convenience, CONTRACTOR shall be paid for any services performed to the date the Agreement is terminated; however, upon being notified of BMPO's election to terminate, CONTRACTOR shall refrain from performing further services or incurring additional expenses under the terms of this Agreement. CONTRACTOR acknowledges and agrees that Ten Dollars (\$10.00) of the compensation to be paid by BMPO, the adequacy of which is hereby acknowledged by CONTRACTOR, is given as specific consideration to CONTRACTOR for BMPO's right to terminate this Agreement for convenience.

- 4.7 In the event this Agreement is terminated, any compensation payable by BMPO shall be withheld until all documents are provided to BMPO pursuant to Section 7.1 of this Agreement. In no event shall the BMPO be liable to CONTRACTOR for any additional compensation, other than that provided herein, or for any consequential or incidental damages.

## **SECTION 5. UNCONTROLLABLE FORCES**

- 5.1 Neither BMPO nor the CONTRACTOR shall be considered to be in default of the Contract Documents if delays in or failure of performance shall be due to Uncontrollable Forces, the effect of which, by the exercise of reasonable diligence, the non-performing party could not avoid. The term "Uncontrollable Forces" shall mean any event which results in the prevention or delay of performance by a party of its obligations under the Contract Documents and which is beyond the reasonable control of the non-performing party. It includes, but is not limited to fire, earthquakes, storms, lightning, epidemic, war, riot, civil disturbance, sabotage, and governmental actions.
- 5.2 Neither party shall, however, be excused from performance if nonperformance is due to forces which are preventable, removable, or remediable and which the non-performing party could have, with the exercise of reasonable diligence, prevented, removed, or remedied with reasonable dispatch. The non-performing party shall within a reasonable time of being prevented or delayed from performance by an uncontrollable force, give written notice to the other party describing the circumstances and uncontrollable forces preventing continued performance of the obligations of the Contract Documents.

## **SECTION 6: CLAIMS AND DISPUTES**

- 6.1 A Claim is a demand or assertion by one of the parties seeking an adjustment or interpretation of the terms of the Contract Documents, payment of money, extension of time or other relief with respect to the terms of the Contract Documents. The term "Claim" also includes other disputes and matters in question between the BMPO and the CONTRACTOR arising out of or relating to the Contract Documents. The responsibility to substantiate a Claim shall rest with the party making the Claim.
- 6.2 Initial notice of Claims by the CONTRACTOR shall be made in writing to the BMPO Project Manager within five (5) business days after the first day the Contractor is aware of the event giving rise to such Claim, or else the CONTRACTOR shall be deemed to have waived the Claim. Written supporting data shall be submitted to the BMPO Project Manager within thirty (30) calendar days after the occurrence of the event unless the BMPO grants additional time in writing, or else the CONTRACTOR shall be deemed to have waived the Claim. All Claims shall be priced so as to compensate the CONTRACTOR for its actual and

direct labor, material and equipment costs and extended general conditions expenses, together with markup, as set forth below.

The BMPO Project Manager shall render a decision regarding any Claims within sixty (60) days of receipt of CONTRACTOR's initial notice of Claim.

- 6.3** The CONTRACTOR shall proceed diligently with its performance as directed by the BMPO, regardless of any pending Claim, unless otherwise agreed to by the BMPO in writing. The BMPO shall continue to make payments in accordance with the Contract Documents during the pendency of any Claim.
- 6.4** Prior to the initiation of any action or proceeding permitted by these Contract Documents to resolve Claims between the parties, the parties shall first make a good faith effort to resolve any such Claim through this section. If the CONTRACTOR fails to first submit its Claim to the Claim resolution process in this Section, the CONTRACTOR forever waives its right to bring any legal action against the BMPO for breach of contract arising from the Claim. The Contract shall be interpreted, construed and given effect in all respects according to the laws of the State of Florida. All parties agree and accept that jurisdiction of any controversies or legal problems arising out of this Contract, and any action involving the enforcement or interpretation of any rights hereunder, shall be exclusively in the state courts of the Seventeenth Judicial Circuit in Broward County, Florida, or the United States Federal District Court for the Southern District of Florida and venue for litigation arising out of this Contract shall be exclusively in such state or federal courts, forsaking any other jurisdiction which either party may claim by virtue of its residency or other jurisdictional device. BY ENTERING INTO THIS CONTRACT, CONTRACTOR AND BMPO HEREBY EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS CONTRACT.

## **SECTION 7. INDEMNIFICATION**

- 7.1** To the fullest extent permitted by law, the CONTRACTOR hereby agrees to indemnify and hold harmless the BMPO, and its officials, employees and agents, from liabilities, damages, losses and costs including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR and other persons employed or utilized by the CONTRACTOR in the performance of this Agreement. The provisions of this section shall survive the expiration or earlier termination of this Agreement. To the extent considered necessary by the BMPO Executive Director and the BMPO Attorney, any sums due CONTRACTOR under this Agreement may be retained by BMPO until all of BMPO'S claims for indemnification pursuant to this Agreement have been settled or otherwise resolved; and any amount withheld shall not be subject to payment of interest by BMPO.

- 7.2 Nothing herein is intended to serve as a waiver of sovereign immunity by the BMPO nor shall anything included herein be construed as consent to be sued by third parties in any matter arising out of this Agreement or any other contract. The BMPO is subject to section 768.28, Florida Statutes, as may be amended from time to time.

The provisions of this section shall survive termination of this Agreement.

For Commercial General Liability and Automobile Liability insurance, the Broward Metropolitan Planning Organization **must** be shown as an additional insured with respect to these coverages.

- 8.6** Issuance of a purchase order, work authorization or notice to proceed is contingent upon receipt of the insurance documents within ten (10) business days after the execution of the Contract by the BMPO. - 8.8** If, in the judgment of the BMPO, prevailing conditions warrant the provision by CONTRACTOR of additional liability insurance coverage or coverage which is different in kind, the BMPO reserves the right to require the provision by CONTRACTOR of an amount of coverage different from the amounts or kind previously required and shall afford written notice of such change in requirements thirty (30) days prior to the date on which the requirements shall take effect. Should CONTRACTOR fail or refuse to satisfy the requirement of changed coverage within thirty (30) days following the BMPO’s written notice, the Contract shall be

considered terminated on the date that the required change in policy coverage would otherwise take effect.

**9.4 Policy of Non-Discrimination.** CONTRACTOR shall not discriminate against any person in its operations, activities or delivery of services under this Agreement. CONTRACTOR shall affirmatively comply with all applicable provisions of federal, state and local equal employment laws and shall not engage in or commit any discriminatory practice against any person based on race, age, religion, color, gender, sexual orientation, national origin, marital status, physical or mental disability, political affiliation or any other factor which cannot be lawfully used as a basis for service delivery. CONTRACTOR agrees to comply

with the provisions set forth in attached Attachment “A”, including Contractor’s responsibility to incorporate the provisions in subcontracts, throughout the term of this Agreement.

- 9.5 Public Entity Crime Act.** CONTRACTOR represents that the execution of this Agreement will not violate the Public Entity Crime Act (Section 287.133, Florida Statutes), which essentially provides that a person or affiliate who is a contractor, consultant or other provider and who has been placed on the convicted vendor list following a conviction for a Public Entity Crime may not submit a bid on a contract to provide any goods or services to BMPO, may not submit a bid on a contract with BMPO for the construction or repair of a public building or public work, may not submit bids on leases of real property to BMPO, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with BMPO, and may not transact any business with BMPO in excess of the threshold amount provided in Section 287.017, Florida Statutes, for category two purchases for a period of thirty six (36) months from the date of being placed on the convicted vendor list. Violation of this section shall result in termination of this Agreement and recovery of all monies paid hereto, and may result in debarment from BMPO’S competitive procurement activities. In addition to the foregoing, CONTRACTOR further represents that there has been no determination, based on an audit, that it committed an act defined by Section 287.133, Florida Statutes, as a “public entity crime” and that it has not been formally charged with committing an act defined as a “public entity crime” regardless of the amount of money involved or whether CONTRACTOR has been placed on the convicted vendor list.
- 9.6 Scrutinized Companies.** The CONTRACTOR certifies that it is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, Scrutinized Companies that boycott Israel List, and that it does not have business operations in Cuba or Syria as provided in Fla. Stat. §287.135, as may be amended or revised. BMPO may terminate the Agreement at the BMPO’s option if the CONTRACTOR is found to have submitted a false certification as provided under subsection (5) of Fla. Stat. §287.135, as may be amended or revised, or been placed on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List or has been engaged in business operations in Cuba, Syria, Sudan, or Scrutinized Companies that Boycott Israel List, as defined in Fla. Stat. § 287.135, as may be amended or revised.
- 9.7 Independent Contractor.** CONTRACTOR is an independent contractor under this Agreement. Services provided by CONTRACTOR pursuant to this Agreement shall be subject to the supervision of CONTRACTOR. In providing such services, neither CONTRACTOR nor its agents shall act as officers, employees or agents of the BMPO. Nor shall employees and contractors to the CONTRACTOR enjoy any privity of contract with the BMPO. Personnel policies, tax responsibilities, social security and health insurance, employee benefits, purchasing policies and other similar administrative procedures applicable to services rendered under this

Agreement shall be those of CONTRACTOR. This Agreement shall not constitute or make the parties a partnership or joint venture.

The CONTRACTOR shall supply competent and capable employees and contractors. The BMPO may require the CONTRACTOR to remove any employee or contractor it deems careless, incompetent, insubordinate, or otherwise objectionable and whose continued performance of the services is not in the best interest of the BMPO.

**9.8 Third Party Beneficiaries.** Neither CONTRACTOR nor BMPO intends to directly or substantially benefit a third party by entering into this Agreement. Therefore, the parties agree that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a claim against either of them. Based upon this Agreement the parties expressly acknowledge that it is not their intent to create any rights or obligations in any third person or entity under this Agreement.

**9.9 Notices.** Whenever either party desires to give notice to the other, it must be given by written notice, sent by certified U.S. mail, with return receipt requested, email transmission, express delivery service or hand delivery, addressed to the party for whom it is intended, at the place last specified, and the place for giving of notice shall remain such until it shall have been changed by written notice in compliance with the provisions of this paragraph. For the present, the parties designate the following as the respective places for giving of notice:

**9.10 Assignment and Performance.** Neither this Agreement nor any interest herein shall be assigned, transferred, or encumbered by CONTRACTOR. In addition, CONTRACTOR shall not subcontract any portion of the work required by this Agreement, except with the prior approval of the BMPO, which shall be in

BMPO's sole and absolute discretion. A list of all such subcontractors shall be included in the Proposal. If additional subcontractors are to be used during the term of this Agreement, other than those submitted in the Proposal, a list of such subcontractors shall be provided to the BMPO, subject to BMPO's approval.

CONTRACTOR represents that all persons delivering the services required by this Agreement have the knowledge and skills, either by training, experience, education, or a combination thereof, to adequately and competently perform the duties, obligations, and services set forth in the RFP and to provide and perform such services to BMPO's satisfaction for the agreed compensation.

CONTRACTOR shall perform its duties, obligations and services under this Agreement in a skillful and respectable manner.

- 9.11 Conflicts.** Neither CONTRACTOR nor its employees shall have or hold any continuing or frequently recurring employment or contractual relationship that is substantially antagonistic or incompatible with CONTRACTOR's loyal and conscientious exercise of judgment related to its performance under this Agreement.

CONTRACTOR agrees that none of its officers or employees shall, during the term of this Agreement, serve as an expert witness against BMPO in any legal or administrative proceeding in which he or she is not a party, unless compelled by court process. Further, CONTRACTOR agrees that such persons shall not give sworn testimony or issue a report or writing, as an expression of his or her expert opinion, which is adverse or prejudicial to the interests of BMPO in connection with any such pending or threatened legal or administrative proceeding. The limitations of this section shall not preclude CONTRACTOR or any other persons from representing themselves in any action or in any administrative or legal proceeding.

In the event CONTRACTOR is permitted to utilize subcontractors to perform any services required by this Agreement, CONTRACTOR agrees to prohibit such subcontractors, by written contract, from having any conflicts within the meaning of this section.

- 9.12 Contingency Fee.** CONTRACTOR warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONTRACTOR, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONTRACTOR, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For a breach or violation of this provision, BMPO shall have the right to terminate this Agreement without liability and, at its discretion, to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift or consideration.

- 9.13 Materiality and Waiver of Breach.** BMPO and CONTRACTOR agree that each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. BMPO's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement.
- 9.14 Compliance with Laws.** CONTRACTOR shall comply with all federal, state, and local laws, codes, ordinances, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.
- 9.15 Severance.** In the event a portion of this Agreement is found by a court of competent jurisdiction to be invalid, the remaining provisions shall continue to be effective unless BMPO or CONTRACTOR elects to terminate this Agreement. An election to terminate this Agreement based upon this provision shall be made within seven (7) days after the finding by the court becomes final.
- 9.16 Joint Preparation.** The parties acknowledge that they have sought and received whatever competent advice and counsel as was necessary for them to form a full and complete understanding of all rights and obligations herein and that the preparation of this Agreement has been their joint effort. The language agreed to expresses their mutual intent and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the parties than the other.
- 9.17 Priority of Provisions.** If there is a conflict or inconsistency between any term, statement, requirement, or provision of any exhibit attached hereto, any document or events referred to herein, or any document incorporated into this Agreement by reference and a term, statement, requirement, or provision of this Agreement, the term, statement, requirement, or provision contained in Articles 1 through 9 of this Agreement shall prevail and be given effect.
- 9.18 Applicable Law and Venue.** This Agreement shall be interpreted and construed in accordance with and governed by the laws of the State of Florida. Any controversies or legal problems arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the state courts of the Seventeenth Judicial Circuit of Broward County, Florida.
- 9.19 Amendments.** No modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement.
- 9.20 Prior Agreements.** This Agreement and its attachments constitute the entire agreement between CONTRACTOR and BMPO, and this document incorporates and includes all prior negotiations, correspondence, conversations, agreements,

and understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, the parties agree that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written. It is further agreed that no modification, amendment or alteration in the terms or conditions contained here shall be effective unless set forth in writing in accordance with Section 9.19 above.

- 9.21 Drug-Free Workplace.** CONTRACTOR shall maintain a drug-free workplace.
- 9.22 Incorporation by Reference.** The truth and accuracy of each “Whereas” clause set forth above is acknowledged by the parties. The attached Exhibits are incorporated hereto and made a part of this Agreement.
- 9.23 Multiple Originals.** This Agreement may be fully executed in TWO (2) copies by all parties each of which, bearing original signatures, shall have the force and effect of an original document.
- 9.24 Headings.** Headings are for convenience of reference only and shall not be considered in any interpretation of this Agreement.
- 9.25 Binding Authority.** Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.
- 9.26 Survival of Provisions.** Any terms or conditions of this Agreement that require acts beyond the date of its termination shall survive the termination of this Agreement, shall remain in full force and effect unless and until the terms of conditions are completed, and shall be fully enforceable by either party.
- 9.27 Disadvantaged Business Enterprise (DBE) Program.**
- 9.27.1** The contractor, sub-recipient, or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of USDOT assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate.
- 9.27.2** The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contract receives from the BMPO. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractor’s work is

satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the BMPO. This clause applies to both DBE and non-DBE subcontracts.

Dear Mr. Oscar Nelson and Evaluation Committee,

Replica is pleased to submit this proposal in response to the Broward MPO's Request for Proposals (RFP) for Cellphone/Location-Based Data Services (RFP NO. 26-01). We understand the MPO's objective is to procure this data to better understand travel patterns and improve model development and validation, project prioritization and concept development.

Replica specializes in providing granular, up-to-date mobility data and analytics to public agencies. We are confident that our data and expertise in mobility data science, aligns exceptionally well with the MPO's requirements.

Replica's deep expertise in transportation planning, policy, and modeling has allowed us to build a platform and comprehensive datasets unique to the industry. Replica combines the benefits of big data and sophisticated transportation modeling, with an accessible web-based platform that's interactive, easy-to-use, and compatible with all your digital tools. Replica offers detailed multimodal trip-level data, alongside demographic data to meet the needs of agencies for planning, engineering, and operations. We do this by incorporating a composite of over two dozen different input datasets and validating our outputs against what was observed on the ground. Whether the agency is focused on making decisions on safety treatments along specific corridors for pedestrians and cyclists, understanding broader regional travel trends, or pursuing grant funding for mobility hubs, the Replica platform will enable rich, detailed analysis to support the project.

We are eager to collaborate with you to ensure critical work on transportation planning, congestion management, safe streets, and more projects have the data insights needed to advance Broward MPO's goals. We look forward to discussing this opportunity with you and supporting your organization's success.

If you have any questions regarding our proposal, please contact: Sean Johnson by email at [sean@replicahq.com](mailto:sean@replicahq.com) or by phone at 712.310.1963.

Sincerely,  
Nick Bowden, CEO

**Replica Sources and Methodology**

Replica's seasonal trips tables and demographic and employment tables (Places) are created using high-fidelity activity-based travel models that simulate the movements of residents, visitors, and commercial vehicles in a given area. Replica produces models at the “megaregions” level, most of which cover between 10 and 50 million people and multiple states, for a typical weekday and typical weekend day in a given season. Data outputs can be queried down to the network link level.

Replica generates its data by running large-scale, computationally intensive simulations. These simulations allow us to deliver granular data outputs that match behavior in aggregate, but don’t surface the actual movements (or compromise the privacy) of any one individual. Rather than simply cleansing, normalizing, and scaling individual data sources, Replica uses a composite of data sources to:

1. Create a synthetic population that matches the characteristics of a given region
2. Train a number of behavior models specific to that region
3. Run simulations of those behavior models applied to the synthetic population in order to create a “replica” of transportation and economic patterns
4. Calibrate the outputs of the model against observed “ground-truth” to improve quality

In our data outputs, origin-destination pairs are consistent with human activities. Population demographics are accurate and correlate with appropriate movement. Recurring activities are coherent over time and capture a pattern of life. Routing between locations is consistent with local road networks and transportation options, and the scale of population and number of trips is appropriate for a given geographic extent.

**Source Data**

Replica builds its simulations using a diverse set of third-party data from public and private-sector sources. These sources include five categories of data:

1. **Mobile location data:** To create a representative sample of daily movement patterns within a place, Replica uses multiple types of mobile location data as inputs to our model – location-based services (LBS) data collected from cell phones; vehicle in-dash GPS data; and point-of-interest aggregates. Previous

versions of Replica's model also included cellular networks data as another source of mobile location data. Replica only acquires de-identified mobile location data.

2. **Consumer/resident data:** Demographic data from public and private sources provides the basis for determining where people live and work, and the characteristics of the population, such as age, race, income, and employment status.
3. **Built environment data:** Land use data (such as zoning regulations), building data (such as total square footage and use types), and transportation network data (such as road and transit networks) are used to determine where people live, work, and shop, and by what means it is possible to travel to each activity.
4. **Economic activity data:** Includes all transactions, including credit card, debit card, and cash transactions, that take place at a point of sale. With this input, Replica depicts the level and types of spending that occurred at a particular time and place.
5. **Ground truth data:** Ground truth data is used to calibrate and improve the overall accuracy of Replica outputs. The types of ground truth collected by Replica include auto and freight volumes, transit ridership, and bike and pedestrian counts. Ground truth is both acquired directly by Replica and provided by customers.

Each of Replica's data processing pipelines leverages a composite of these diverse data sets. This process minimizes the risk of sampling bias that exists in any single source on its own. For example, a product that relies more heavily on data from personal mobile devices risks failing to adequately simulate the portions of the population that do not have mobile devices or those who opt out of device tracking technologies. Our composite approach also creates resiliency against data quality issues and protects against disruptions of individual data sources.

## Methodology

Replica's process to generate its seasonal trips and demographics and employment tables (Replica Places) is best described in four steps:

### Step 1: Create Synthetic Population

Every season, Replica generates a nationwide synthetic population, statistically equivalent to the actual population, for the entirety of the United States. Replica creates a synthetic population in order to overcome the limitations of census data, which is only provided at the aggregate level. Synthetic populations allow Replica to assign attributes to individuals and households while protecting privacy and preserving spatial fidelity.

The synthetic population is generated using census and consumer marketing data. Replica applies data science techniques to this data that allow for: 1) modeling the dependencies in socio-demographic parameters and structure of the households, and 2) generating individual households that match census information at the required level of aggregation, such as block groups or tracts.

Each synthetic household consists of people with an assigned set of attributes: age, sex, race, ethnicity, employment status, household income, vehicle ownership status, and resident or visitor status. Workplace locations for all employed individuals are assigned based on the combination of mobile location data aggregates, census, and census land use information. These assignments are static in each seasonal model, but can and do change across seasons.

To begin each specific Places deployment, the population relevant for the specific megaregion and season is extracted from the nationwide population.

### **Step 2: Create Mobility Model**

Modern machine learning techniques are then used to develop travel personas. Personas are based on the composite of mobile location data for the megaregion and specific season. Personas are an extraction of behavioral patterns from individual devices that live in, work in, travel to, travel from, or pass through a specific region during the modeled season. Each persona is composed of three underlying behavioral-choice models: activity planning and sequencing (e.g., at home -> drive to work -> at work -> drive to shop -> at shop -> drive to home), destination location choice (i.e., the exact location people are traveling to and from), and travel mode (i.e., the chosen mode).

Replica's mobile-location data represents anywhere from 5% to 20% of a local population. Replica intentionally only acquires what data is necessary to build statistically representative models, another tenet of balancing model fidelity with user privacy.

### **Step 3: Generate Activity**

To simulate activity, the outputs from Step 1 and Step 2 are joined. Each synthetic household is assigned one or more personas using home and work locations as a primary input, enhanced with matching by available socio-demographic attributes and by the role of the person in a household. In effect, with travel behavior models assigned, each synthetic person can now make choices about when, where, and how to travel.

Replica uses three models to assign movements to the individuals in the synthetic population. The activity sequence model determines the activities of a person's day, including recurring activities (e.g., travel to work, school drop off), and one-time activities (e.g., shopping, visiting a restaurant, social visit to a friend's residence). The location choice model determines the specific location of each discretionary activity (e.g., what restaurant is chosen for lunch, where grocery shopping gets done), assigning a location at the point-of-interest level. The mode choice model determines how the trip will be made based on the state of the transportation network, accounting for available transit options and multiple driving routes.

Movement is then simulated with an agent-based approach that accounts for congestion and other interactions between individual travel itineraries.

### **Step 4: Calibrate**

After each individual simulation is run, the modeled outputs are compared to aggregate control group data (i.e., observed counts, or “ground truth”) for quality and reporting purposes. This calibration process involves solving a set of large-scale optimization problems with an objective function defined as “fit to observed ground truth.” We strike a careful balance to ensure that the calibration algorithms do not overfit the modeled outputs to the calibration data, as both outliers and a certain level of noise are often present in every dataset.

To complete this iterative calibration process, Replica always holds out some of its own ground truth data from the initial mobility simulation. Replica can also incorporate additional ground truth provided by its customers for additional quality enhancement.

As noted earlier, when a completed model is published, customers also have access to an associated quality report.

## 3.0 Relevant Experience and Innovation

### 1. Use Case Examples for Long-Range Transportation Planning

Replica data has been used in the Long-Range Transportation Planning (“LRTP”) context in a number of ways; the below are a few examples to help illustrate the potential of the data and applications for LRTP work.

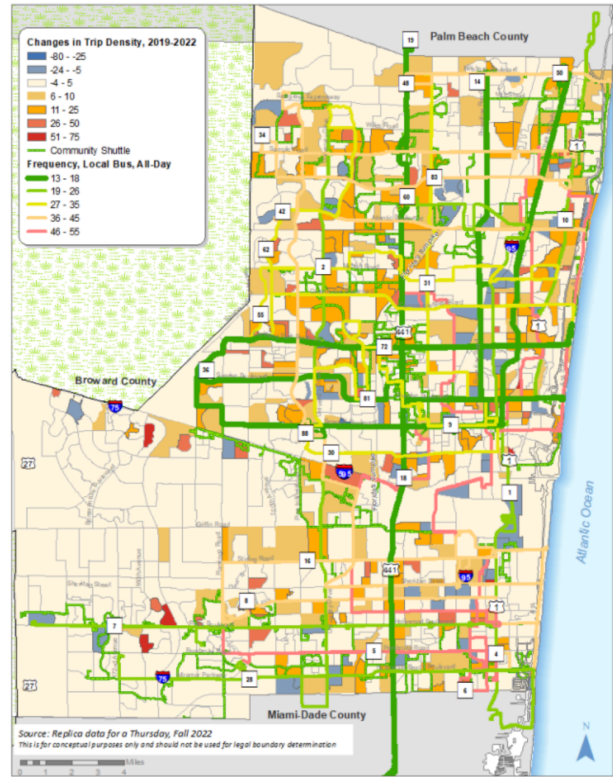

#### **Broward County Transit: Development Plan FY 2024-33**

Published in December 2023, Broward County’s Transit Development Plan incorporated Replica's data to gain insights into countywide travel behaviors. The data provided detailed information on origin-destination flows, trip purposes, and travel modes. This allowed planners to identify areas with high transit demand and to understand the mobility needs of different communities.

Map 2-26: Replica Trip Density, for a Thursday in Fall 2022, with Route Frequency

Map 2-27: Changes in Replica Trip Density from 2019 to 2022

**Replica data overlaid with transit frequency, Broward County Transit Development Plan**

Broward County Transit had previously completed data validations by comparing the Replica data to the Southeast Florida Regional Planning Model Version 8 (SERPM 8), concluding, in their [Premium Mobility Plan](#), that the data “was found to be consistent and therefore a viable source.” In the most recent long-range study, Replica was used in the following ways:

- Replica weekday and weekend trip data was overlaid with existing transit options as well as transit ordered by frequency of service, to identify areas with a high travel demand but relatively low transit service offered and vice versa.
- Trip data was also compared with peak hour transit headway to identify routes where travel demand would support additional headway and where existing headways may be excessive.
- Broward County also looked at the change in trip rates and purposes for transit trips from before the COVID-19 pandemic to after, allowing the agency to illustrate the nuances in their ridership changes.

The full plan can be viewed here:

## Texas DOT Statewide Long-Range Transportation Planning

Texas DOT has used Replica in a number of LRTP applications, including in several published studies. Some highlights of TXDOT’s use of Replica data in LRTP include:

1. **“Connecting Texas 2050”** Published in 2024, this Statewide Long Range Transportation plan serves as TxDOT's comprehensive blueprint for the state's transportation system through the year 2050.
  - a. One use of Replica data included trips and top O/Ds for inter-District Travel. This information was used as the baseline for travel demand across different regions and in projecting out to 2050, to plan for future infrastructure needs.

The full Connecting Texas 2050 plan can be accessed here:

<https://www.txdot.gov/content/dam/docs/projects/slrtp/connecting-texas-2050-slrtp-508c.pdf>

2. **“Texas Statewide Multimodal Transit Plan (‘SMTP’)”** An ancillary plan to Connecting Texas 2050, the SMTP (currently in the development) seeks to enhance mobility and connectivity, support economic development, and address congestion for Texans through 2050.
  - a. Replica data has been used in the SMTP to compare private auto trips to transit trips statewide.
  - b. The trip details provided detailed breakdowns of transit trip purposes, including employment, education, medical, social, and recreational activities. This granularity helped TxDOT identify the primary reasons for transit use and to plan for future services accordingly.
  - c. Replica’s Demographic and Equity data, including trips by older adults and those from zero-vehicle households, informed an assessment of mobility needs.

More information about the SMTP can be found in this presentation:

### **Boston Region MPO TDM23**

Boston Region MPO (BRMPO) has used Replica data in a number of contexts, including in long-range planning. Most recently, the MPO incorporated Replica data into the calibration of its Travel Demand Model (“TDM23”) to reflect post-pandemic travel patterns.

**Example of Boston Region MPO's use of Replica's WFH data**

Using 2019 as a base year, BRMPO's TDM23 was released in 2023, in support of their most recently released LTRP, *Destination 2050*, which can be found here:

<https://www.ctps.org/lrtp>. Replica's 2019 and 2023 data were used to calibrate the model to more recent travel patterns. After comparing the TDM outputs with Replica's 2019 data, it was determined that Replica's use was appropriate for this context and that newer Replica data would help re-align TDM23 with present day travel patterns. BRMPO has since published their TDM23 2.0 version, which uses the following Replica data sets:

1. Replica's observed free-flow speeds are used on network links to estimate non-congested travel times.
2. Replica's Work From Home (WFH) rates and change in rates were analyzed by Traffic Analysis Zones (as well as at the MPO level) and by industry.
3. Replica's vehicular volumes data on network links were used to supplement MassDOT's count program data. In addition, vehicular trip rates segmented by time of day were used as time of day factors.
4. Replica's Origin-Destination vehicular travel data, segmented by vehicle, was used to calibrate the TDM23 model. This included data from neighboring New Hampshire and Rhode Island.
5. Replica's commercial vehicle data was used to validate TDM23's O/D data. In comparison to a competitor's heavy duty truck data, Replica's data was found to be more consistent with TDM23's modeled truck O/D estimates. This led to the future directive that "Replica data will be leveraged to verify existing counts and

attempt to better understand and improve the model representation of medium and heavy trucks.”

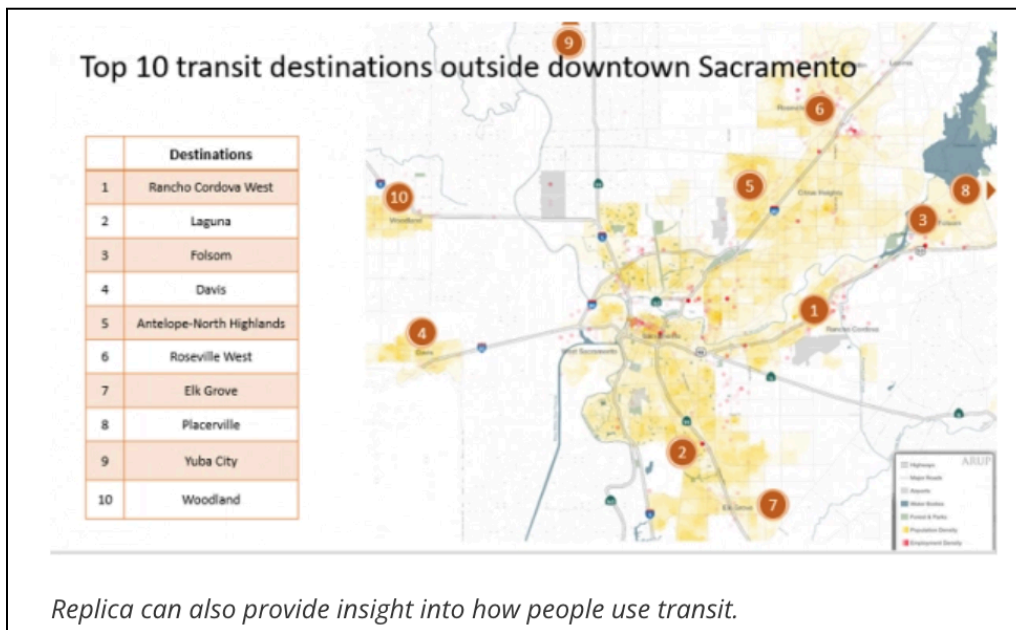

6. Replica’s pedestrian, bicycle, and transit data were also used to validate TDM23 O/D estimates. The pedestrian data in particular was found to be very consistent with TDM23 walk O/D estimates.

## 2. Use Case Examples for Concept Development

In addition to Long Range Transportation Planning, Replica data is useful for concept development and has been used by many agencies to provide a bridge between long-range visioning and project design or programming. Outlined below are a few examples of Replica data in the Concept Development application.

### Sacramento Area Council of Governments (SACOG) Development Planning

SACOG, Caltrans, and California Air Resources Board (CARB) have used Replica data in multiple contexts, including in analyzing transit network performance and measuring projects’ impacts on VMT in compliance with California’s Senate Bill 743. However one of SACOG’s earliest uses of Replica data was to understand rapidly changing regional travel patterns.

**Example of Replica data use in SACOG Concept Development.**

This data supported the development of transportation concepts aimed at improving mobility and accessibility across the Sacramento region. Specifically planners utilized Replica’s data on road link and transit line analysis, showing information such as trip origin, destination, length of trip, trip mode, breakdown of travelers, household income of

transit line users, and even the reason for the trip. More information on this work can be found here: <https://calcog.org/sacog-partners-to-replicate-new-data-insights/>.

### **Broward County Intersection Prioritization for Bike and Ped Detection Equipment**

Broward County received funding to upgrade thermal bike and pedestrian detection equipment at intersections. To help develop the concept and to determine the four intersections in greatest need of safety improvements, Broward partnered with Replica. Replica analyzed bike and pedestrian traffic data alongside crash statistics to rank intersections. The analysis factored in trip numbers and crashes to generate a prioritized list for safety upgrades.

The success of the initial pilot spurred Broward County to expand its analysis to assess 1500 more intersections. This data empowered Broward County to allocate resources efficiently, targeting intersections with high traffic and crash rates for maximum safety benefits.

### **Mid-America Regional Council (MARC) 79th Street Corridor Study**

The City of Overland Park, Kansas, in partnership with MARC, the region's MPO, conducted a corridor study for 79th Street as part of the Planning Sustainable Places Program. The corridor plan utilizes Replica data to analyze the relationship between land use and transportation along 79th Street and make recommendations regarding internal mobility enhancements and multi-modal opportunities along the corridor.

### **Capital Region Transportation Council (CDTC) I-890 Study**

In addition to using Replica data in the LRTP context, The CDTC, the MPO for the Capital region of New York State, has outlined they will use Replica in their I-890 Planning and Environmental Linkage ("PEL") Study. After dedicating \$440,000 in funding to the project as part of their FY2022-2027 TIP, the agency is setting out to evaluate design alternatives to improve access and mobility to all modes of transportation. As part of this concept development, the agency has reported they used Replica's Gate O-D analysis tool to assess various O/D flows in the I-890 PEL study area.

### 3. Use Case Examples for Performance Monitoring

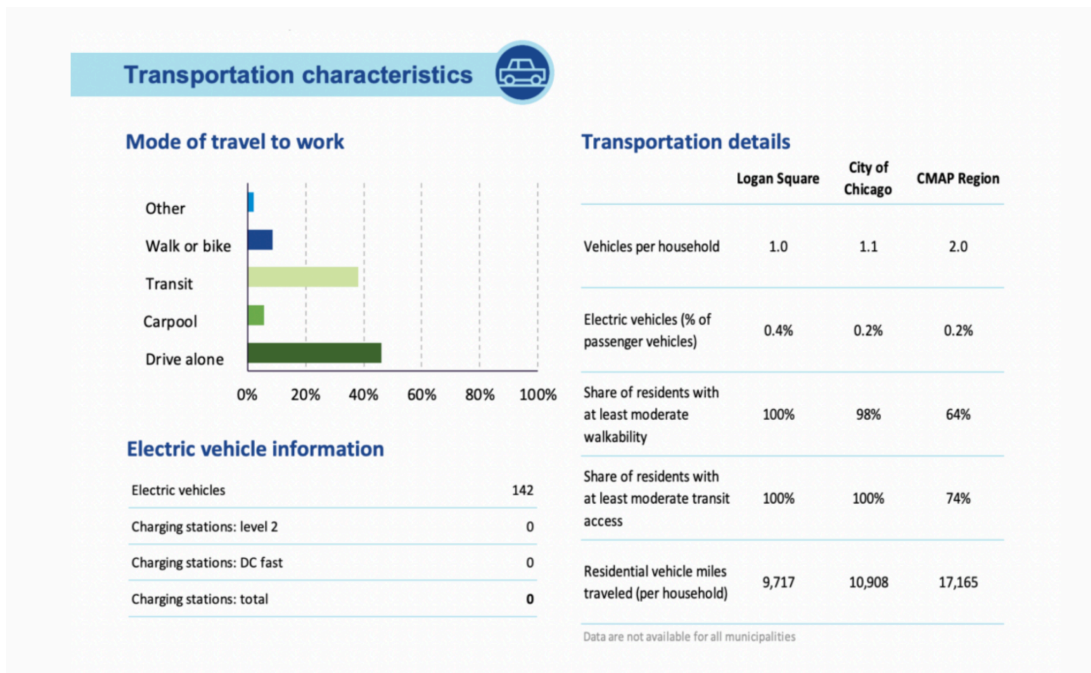

#### Indianapolis MPO (IMPO) Performance Monitoring

After procuring Replica data about a year ago, IMPO uses Replica data in several contexts, including using Replica’s AADT data in a dashboard which covers the agency’s 8-county region. IMPO members also use Replica’s Turning Movement Count and Annual Hourly Auto Volumes data.

However one of the agency’s chief reasons for procuring a Replica subscription was to use the data in support of Performance Monitoring reporting. To that end the agency also has access to Replica’s free flow, quarter hourly, and 85th percentile speeds for congestion monitoring, among other contexts. The agency has also been tapped in helping to develop a forthcoming Before-After corridor tool to monitor performance and quantify effectiveness of safety interventions.

More information about IMPO’s Replica subscription and data use can be found here: <https://www.indympo.org/maps-and-data/replicadata>.

#### Chicago Metropolitan Agency for Planning’s Emissions Inventory and Monitoring

#### Example of Replica data use in CMAP’s Local Transportation Emissions Monitoring

Chicago’s MPO, CMAP, regularly publishes an inventory of greenhouse gas emissions for the region’s seven counties. With their latest reports, CMAP was able to provide more local information than ever before, allowing for greater nuance in emissions monitoring. Replica’s data on trips by mode, EV use, and vehicle ownership, as well as the ability to use small, custom geographies directly in the application allowed the agency to publish

emissions monitoring reports for 77 Chicago Community Areas and 284 municipalities across northeastern Illinois, in addition to the 7 county area.

More information about CMAP’s emissions reports can be found here:

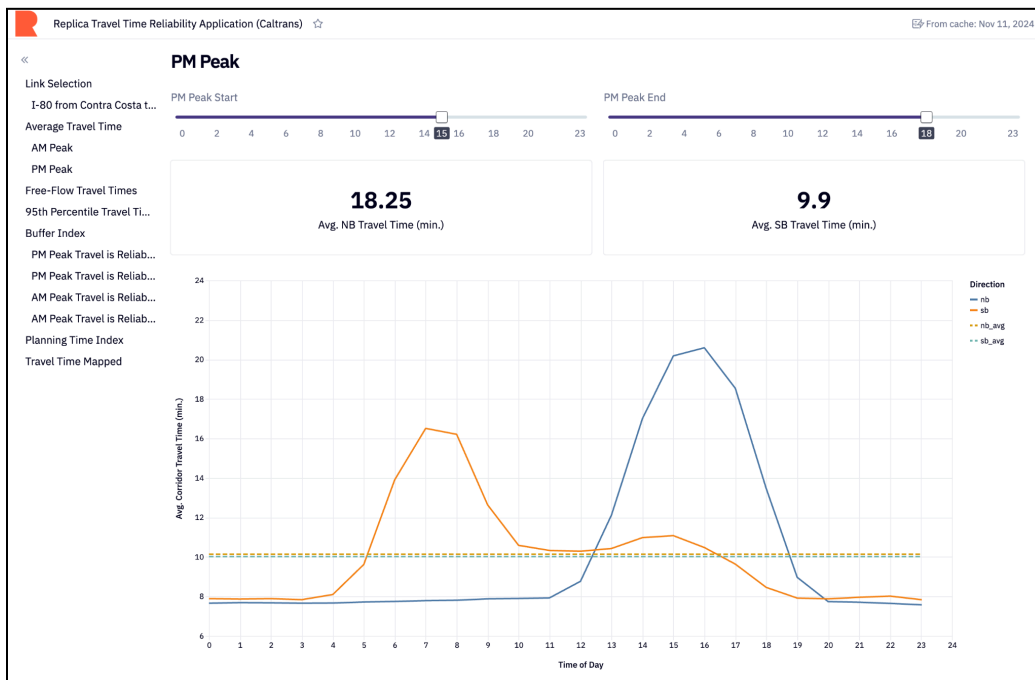

<https://www.replicahq.com/post/how-cmap-reports-local-transportation-emissions-with-replica-data>.

### Hagerstown/Eastern Panhandle MPO (HEPMPO) Congestion Management Process

HEPMPO, the MPO for cities and counties in Western Maryland and Eastern West Virginia, utilized Replica data in setting up a framework for evaluating and monitoring traffic congestion in their region. As detailed in their Congestion Management Process (CMP), the agency leveraged Replica’s intersection Turning Movement Count data, trip activity summaries, land use data, and transit use data. These datasets allowed not only the monitoring of existing conditions but also for more granular investigation as to the potential causes of congestion and strategies to mitigate it. In addition, Replica data was used to supplement existing data sources for monitoring travel times.

Other agencies using Replica for CMPs include Merrimack Valley Planning Commission in Massachusetts (MVPC), Tahoe Regional Planning Agency (TRPA), and Metropolitan Washington Council of Governments (MWCOCG). More information can be found in the CMP here: <https://hepmo.com/wp-content/uploads/2024/07/CMP-Final-7-25-24.pdf>.

### California Department of Transportation (Caltrans) Travel Time Reliability Monitoring

Caltrans has used Replica in a number of contexts, including performance monitoring as it relates to changes in VMT and congestion due to planned land use changes and other forecasts. Most recently Caltrans has begun evaluating use of a Travel Time Reliability application that displays reliability metrics for selected corridors and times of day. The tool reports total travel time on the corridor for each direction, corridor travel time by times of day, free-flow travel times, 95th percentile travel times, planning time index, and a buffer index that returns whether am and pm peak travel is reliable or not in each direction.

Instructions for Certification

Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200)

- a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.
- b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneously by reason of changed circumstances.
- d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).
- e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
- f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.
- g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.
- h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
