a. Metro Transportation Engineering Construction Cooperative (MTECC)

- Lowell Clary, Executive Director MTECC

MTECC is a self-governed and self-funded cooperative created by local municipalities to facilitate the planning, design, and construction of transportation related projects throughout Broward County. The MTECC Executive Director will provide an overview of the agency and how it can provide technical resources and specialized administrative knowledge to assist local partner governments to navigate federal and state LAP reporting requirements. MTECC administers projects on behalf of the local partners alleviating the additional burden and complexity associated with the LAP process.

b. Safe Streets for All Action Plan (SS4A)

- James Cromar, Executive Deputy Director
- Fazal Qureshi, Senior Engineer

The Broward Metropolitan Planning Organization and Broward County Government received an award from the United States Department of Transportation (USDOT) for the maximum \$5 million grant for the Safe Streets and Roads For All (SS4A) Action Plan. This robust, comprehensive plan aims to develop implementation strategies to prevent roadway deaths and serious injuries. Staff will present the layout of the executive plan, findings of the safety analysis and 8 focus plans, a demonstration of the Safety Dashboard and about the Actions that our region will need to take to achieve zero fatal and serious injury crashes by 2050.
