## ENTRANCE INTERVIEW QUESTIONS

### INTRODUCTION AND BRIEFING:

- Describe the evaluation process (LCB evaluates the CTC and forwards a copy of the evaluation to CTD).
- LCB reviews the CTC once every year to evaluate the operations and performance of the local coordinator.

LCB will be reviewing the following areas:

- Chapter 427, Rules 41-2 and 14-90, CTD Standards, and Local Standards
- Following up on the Status Report from last year and calls received from the Ombudsman program.
- Monitoring of contractors
- Surveying riders/beneficiaries, purchasers of service, and contractors
- LCB will issue a Review Report with findings and recommendations to CTC no later than 30 working days after review has concluded.
- Once the CTC has received the Review Report, the CTC will submit a Status Report to the LCB within 30 working days.
- Give an update of Commission level activities (last meeting update and next meeting date), if needed.

### COMPLIANCE WITH CHAPTER 427, F.S.

Review the CTC monitoring of its transportation operator contracts to ensure compliance with 427.0155(3), F.S.  
*“Review all transportation operator contracts annually.”* See TDSP, Pages 256-304; Appendix H

#### WHAT TYPE OF MONITORING DOES THE CTC PERFORM ON ITS OPERATOR(S) AND HOW OFTEN IS IT CONDUCTED?

1. Contractors are required to provide CTC with updated Driver Rosters by the twentieth (20) calendar day of each month. Roster shall indicate driver's name, date of hire, training dates, last Drug and Alcohol test, Motor Vehicle Record (MVR) review date and date of latest criminal record check. Contractors are required to maintain updated Driver Rosters in the Computerized Trip Management System (CTMS)
2. Contractors must provide CTC with evidence all drivers have completed the training program offered by CTC prior to any driver providing service and must attend a refresher class or repeat new driver training a minimum of once every two (2) years. Classes include Defensive Driver, Passenger Assistance Technique, Responding to Client Incidents, SUNsational Service and other training required by Provider.
3. Training information shall be included in the monthly operating summary package. Additionally, drivers are required to participate in a driver training program developed by CTC. Contractors must require all personnel providing transportation to possess the following, which shall be filed with CTC prior to personnel providing paratransit service: current, valid Broward County Chauffeur's Registration in accordance with requirements of Chapter 22-1/2, Broward County Code of Ordinances. Provider ADEPT driver roster is submitted weekly to Broward County Risk Management department. They verify daily for driver license violations which would require driver removal from operating a vehicle. Driver Training Program shall include a minimum of eighty (80) hours of training prior to driving a service vehicle. This shall include the following: Passenger Assistance Technique; Defensive Driver; Responding to Client Incidents; Vehicle breakdown, Vehicle and/or Passenger Accidents; Vehicle Orientation; Trip Scheduling; and biannual refresher classes.
4. CTC requests MVRs for Contractor's drivers on a periodic basis. When a report shows evidence of violations, CTC will promptly notify Contractor and Taxi Section of Broward County's Division of Consumer Affairs. Contractor must have procedures to periodically review drivers' MVRs. Compliance is monitored by CTC staff. Per Contract "County may request and review State of Florida MVRs for Contractor's drivers on a monthly basis".
5. Training program includes methods for measuring effectiveness of training in developing skill and improving performance. Methods shall be based on performance indicators which measure proficiency and not solely on Contractor meeting minimum training hours required. Such measurement procedure shall be provided to CTC upon request.
6. CTC performs annual evaluations of Contractors ensuring compliance with the System

Safety Program Plan, locally approved standards, FCTD and FDOT standards, annual operating data and insurance requirements.

7. CTC's direct involvement in day-to-day operations of service includes but is not limited to: on-street monitoring of drivers and vehicles, equipment and customer service inspections, contract compliance and quality control. Contractors cooperate fully with the CTC monitoring programs. Contractors provide full access to all driver records at operating facilities. Contractors are required to make available: work station, desk, telephone and chair if so requested.
8. CTC's on-street monitoring shall include but is not limited to: on-time performance, knowledge of service area and routing, driver assistance, manifest accuracy and completeness, driver and vehicle appearance, wheelchair lift condition and operation, wheelchair securement systems and use, safety equipment, driving habits and compliance with Florida Motor Vehicle Regulations. Language from Contractor Service Agreement (See page 6, #3).
9. Contractors provide CTC with service data via summary reports generated by CTMS and a bi-weekly invoice for each component of service for previous bi-weekly (Monday through Sunday) period. This information shall include but is not limited to the following: number of one-way passenger trips by type of trip; total hours of vehicle service; copies of daily reports for driver activity or other daily reports showing starting and ending times; starting and ending mileage for each vehicle; copies of trip tickets, log sheets or driver manifests; weekly reimbursement charges for services and denied trip requests.
10. CTC operates with zero trip denial rates. If one provider is unable to perform a requested trip due to capacity constraints another provider performs the trip.
11. Pursuant to Federal Transit Administration's (FTA) standards for precision, accuracy and accountability, CTC is required to report data to the National Transit Database (Section 15 data). As required by FTA, or CTC, Contractors shall collect Section 15 data and other "service supplied" information or "service consumed" information, as terms are defined in Section 15 of FTA regulations. Contractors are responsible for collection of financial and operational data, including on-board operational and passenger-related data and for transmittal to CTC on CTC approved forms as follows: operational and passenger-related data shall be submitted to CTC no less than weekly, financial data shall be submitted to CTC no less than quarterly and designated "service supplied" data shall be submitted to CTC thirty (30) days prior to termination of CTC's fiscal year. All source documents for Section 15 filings shall be subject to audit and shall be maintained by Contractors for five (5) years following final payment under their agreement with CTC.
12. Contractors must provide written monthly reports to CTC by the twentieth (20th) day of the month following the month of service. All required information shall be collected and reported individually for each funding component of service. Reports shall be submitted on a form developed by Contractor and approved by CTC and shall include, but not be limited to the following:
  - Brief Narrative: Brief narrative highlighting month's activities, unusual events, trends

and other noteworthy observations.

- Ridership: Number of one-way passenger trips, Personal Care Attendants (PCAs) and Companions on a day-by-day basis for each funding and fare entity and category.
- Miles and Hours: Total hours of service and vehicle miles on a day-by-day basis.
- Cost of Service: Total service revenue based upon contracted rates, collected fares and net revenue to provide service (total revenue less imputed fares).
- Service Quality Measures: On-time performance data, trips completed, missed trips and trip denials with an explanation.
- Efficiency Measures: Appropriate measures to include passengers per mile, hour or vehicle trip.
- Fleet Data: Updated fleet listings and status of all vehicles.
- Other: Accident/incident reports/briefs/findings, training activities/certifications, including sensitivity training and education, key personnel changes and suggested improvements.

13. All vehicles, wheelchair lifts or ramps and wheelchair securement devices are inspected annually by CTC staff. All vehicles must be approved, inspected and display an inspection sticker issued by CTC prior to providing service. Complaints received concerning any vehicle or its equipment, at CTC's discretion, may require vehicle to report to CTC's facility. If the complaint is related to safety issues, vehicle must report to the CTC immediately. Any vehicle found in violation of any contractual standard must be removed from service until violation is remedied.

14. CTC reserves the right through its agreements with Contractors, in its sole discretion, at any time, to inspect vehicles and maintenance facilities during normal working hours and to review Contractors' maintenance records.

15. Day-to-day monitoring is also conducted through CTC's Complaint Procedure. All client complaints shall be referred to CTC's Paratransit Customer Service. All complaints are entered into CTMS. Complaint will be forwarded to Contractor for written or electronic-response. Contractor's responses shall be made within three (3) business days of receipt of complaint. Complaints of more serious nature such as injury, driver misconduct and client safety shall be responded to by the end of that business day. Complaints are tallied each month, indicating total number of complaints and type of complaints, for each Contractor. The complaint standard is established at 0.2% of trips delivered in a calendar month.

16. CTC works closely with CTD's Ombudsman Program to resolve all service complaints and inquiries. CTC investigates each item as described above (see #15), contacts all concerned parties and sends CTD's Ombudsman Program a report on the resolution of the complaint/inquiry.

**Review the TDSP to determine the utilization of school buses and public transportation services [Chapter 427.0155(4)]**  
***“Approve and coordinate the utilization of school bus and public transportation services in accordance with the TDSP.”***

HOW IS THE CTC USING SCHOOL BUSES IN THE COORDINATED SYSTEM? N/A

School bus joint use program is not used in Broward County. Expense of liability insurance is a major concern raised by the School Board. In addition, lack of seat belts and air conditioning on school buses is a problem for TOPS customers. However, there is an agreement between Broward County Transit (BCT) and the School Board to provide emergency transportation services for residents to designated shelters in the event of a hurricane or other natural disaster. School Board services could be used for backup for assisted living facilities, mobile home parks and other congregate living sites.

**Rule 41-2.012(5)(b):** *“As part of the Coordinator’s performance, the local Coordinating Board shall also set an annual percentage goal increase for the number of trips provided within the system for ridership on public transit, where applicable. In areas where the public transit is not being utilized, the local Coordinating Board shall set an annual percentage of the number of trips to be provided on public transit.”*

## COORDINATED SYSTEM?

□ N/A

BCT is dedicated to improving its fixed-route bus system on an ongoing basis and has completed the following improvements to enhance accessibility:

- Of the 4,588 total bus stops within Broward County, 3,602 are ADA compliant.
- Of the 986 non-ADA compliant bus stops 280 bus stops are structurally unable to meet ADA requirements due to space/easement limitations. All BCT routes have ADA accessible bus stops.
- All bus drivers are trained to provide assistance upon request.
- All buses are equipped with voice annunciation systems which provide on-board automatic voice announcements in English, Spanish and Creole. They announce bus stops, major transfer points and safety advisories.
- All signage, both inside buses and at bus stops, complies with ADA regulations.

Customers requesting transportation services are directed to fixed-route service provided by BCT. Those unable to use fixed-route service are encouraged to apply for TOPS! paratransit service. Disabled customers who can use fixed-route bus service for some trips are granted ADA conditional eligibility and use paratransit service only for trips where bus service is not accessible or navigable.

BCT provides service to 410 square miles within Broward County. BCT fixed-route buses connect with Palm Beach and Miami-Dade transit systems and Tri-Rail. BCT's fleet has 415 fixed-route buses (all BCT buses are wheelchair accessible, and our bus operators provide assistance upon request) providing service on 43 weekday routes and 67 community buses operated in partnership with 17 municipalities. BCT transports 24 million passengers annually (65,743 daily) with an annual service mileage of over 14 million miles. There are 43 BCT Routes and 51 Community Shuttle Routes Monday-Friday. On Saturdays, service is reduced to 32 BCT directly operated Fixed Routes and 22 Community Bus Routes. Service is further reduced on Sundays, with BCT providing rides on 32 directly operated Fixed Routes and 5 Community Bus Routes. There are 4,588 designated bus stops and 1,385 bus stops have shelters with ads with a minimum of 50 shelters planned for in 2025.

BCT provides service into Miami-Dade and Palm Beach Counties.

Fixed-route service into Palm Beach County includes Route 19 to Sandalfoot and Route 10 to Mizner Park.

Fixed-route service into Miami-Dade County includes Route 18, 441 Breeze and University Breeze to Golden Glades; Route 2, 207th Street and University Drive; and Route 1, 28 and US 1 Breeze to Aventura Mall and 95 & 595 Express Buses from various Park & Rides to downtown Miami, Brickell, and Civic Center.

BCT provides free Wi-Fi on all buses.

This computerized bus tracking technology locates buses in service. It allows real time monitoring of bus movements, better control of bus headway, closer schedule adherence tracking and ability to direct maintenance crews faster in the event of vehicle breakdown or loss of communication. This technology allows BCT to improve dispatch efficiency and reliability of bus service. In addition, extensive information is collected for planning purposes.

**Status:** CAD/AVL uses cellular communications to provide frequent location reports from the bus and provides more reliable voice communications. CAD/AVL also allows real-time bus tracking information to be shared via website, mobile application, and passenger advisory signs located at bus stops and terminals. BCT has a CAD/AVL system in fixed-route and community busses.

#### Automatic Passenger Counters (APC)

APCs count passengers when they board and exit buses. This technology enables BCT to develop or refine bus schedules and collect information for planning purposes. APCs reduce the cost of collecting ridership information. It increases the amount and quality of information obtained and permits continuous sampling of stop-by-stop ridership. APCs can be used to meet National Transit Database data reporting requirements for tracking ridership data, improving system on-time performance and to maximize operational efficiencies.

**Status:** BCT is exploring options to replace its existing Automatic Passenger Counter (APC) system with newer technology that will result in greater data quality and reliability. A new APC system will interface with the new CAD/AVL system currently being installed.

#### Real Time Transit Information

This technology provides better customer service by disseminating timely and accurate service information about projected bus arrival and departure times, disruptions and delays, transfers and other transportation services at select locations. It also provides customers other travel related information: date and time, [transportation-related](#) security information, updates during emergencies and public service announcements. Access to information is provided through media including Passenger Advisory Signs (PAS), smart phones, mobile devices, internet, and dynamic message signs strategically located at bus shelters, transit centers, major office buildings and shopping centers. Riders use real time information to choose how they travel (bus, car or rail), which route and when. This technology ties into BCT's primary function – to give the best customer service by helping travelers make efficient use of time while waiting for a bus. Knowing when a bus will arrive or depart helps reduce traveler anxiety.

**Status:** The CAD/AVL system enables BCT to disseminate and provide bus arrival and departure times, delays and other [travel-related](#) information to provide improved customer service. CAD/AVL project scope includes PASs at three (3) major transfer locations and real-time information delivered through Interactive Voice Response (IVR), website, email, text messaging and mobile phone apps.

#### Traffic Signal Priority System (TSP)

TSP is an ITS strategy providing buses preference at traffic signals when they arrive at intersections or under certain conditions. BCT expects this technology to reduce bus delays

and maintain schedules with minimum impact on cross street traffic. TSP will improve mobility, reliability, [schedule](#), and efficiency.

**Status:** BCT is actively collaborating with its regional partners such as FDOT and Broward MPO, as well as Broward County Traffic Engineering to determine its potential application and benefits. Transit Division will begin testing this technology with the traffic light system once the CAD/AVL system is fully operational.

### **TOPS! Paratransit Customers and Fixed Route Service**

Eligible conditional status ADA paratransit customers may ride Broward County fixed-route buses free-of-charge without affecting their paratransit eligibility.

Broward County's fixed route service is the easiest and most affordable and economical way to travel throughout Broward County while the express bus service provides free, commuter park and ride locations, and travel along the major interstate highways to Miami on weekdays during morning and afternoon peak travel hours.

[MyRide.Broward.org](http://MyRide.Broward.org) helps customers know when the next three buses will arrive at their location.

Customers needing assistance to plan a trip can call 954-357-8400 and be sure to tell the customer service agent:

- Where customer is (city, major intersection or address)
- Where customer would like to go (destination)
- What days of the week customer wants to travel
- What time of day customer will be traveling

Passengers who prefer online trip planning assistance for travel on BCT buses can log on to Google Transit™ at [www.google.com/transit](http://www.google.com/transit). BCT offers riders an online trip planner as an alternative to driving directions. Passengers start by entering the starting and ending destination and expected departure or arrival time. Google Transit™ will provide up to three (3) suggested trip plans featuring trip maps, transfer instructions, and estimated arrival times.

### **Fares and Passes**

#### **New Mobile-Friendly Fareboxes**

All BCT buses have been retrofitted with mobile-friendly fareboxes. The new fareboxes make travel easier and more convenient for customers, who are now able to purchase a bus pass using their smartphone. The new fareboxes can process various forms of payments including mobile tickets, smart cards, and cash. Customers will also be able to connect with all South Florida Transportation systems.

#### **BCT Mobile Ticketing App**

To purchase a ticket through the mobile ticketing app a customer needs to: 1. Download the

Broward County Transit Mobile Ticketing App 2. Purchase ticket on customer's smartphone  
3. Scan and ride. View the instructional video <https://www.broward.org/BCT/Pages/Mobile-Ticketing-App.aspx>

All bus passes are not exchangeable, refundable or transferable. Damaged cards are invalid. Lost, stolen or damaged cards will NOT be replaced by BCT.

BCT partners with Broward County Homeless Initiative Partnership Administration to provide discounted bus passes, (50%), to agencies in Broward County serving homeless individuals. County Human Services provides BCT a list of agencies eligible to purchase discounted passes and is not a grant.

#### **Transfers between regular BCT bus service and BCT Express bus service**

Passengers using any BCT bus pass and transferring from a regular BCT route to an Express bus route, must pay a \$1.00 upgrade fee. Passengers with a Premium bus pass do not have to pay the \$1.00 upgrade fee. Passengers paying with cash, on a regular BCT bus route, will not be able to transfer to an Express bus route without paying the full premium fare when boarding the Express bus. Passengers using an All-Day bus pass will be required to pay the \$1.00 upgrade fee when boarding Express buses.

#### **Transfers from BCT to other South Florida Transit Systems**

When boarding a BCT bus, passenger pays the appropriate BCT fare and may request a transfer from the bus operator if transferring to Miami-Dade Transit (MDT), Palm Tran or Tri-Rail.

#### **Transfers to BCT to other South Florida Transit Systems**

When transferring from MDT, Palm Tran and Tri-Rail to BCT regular fixed-route bus service, passenger pays \$.50 with a transfer issued by MDT or Palm Tran and proof of fare payment

such as Easy Card and receipt issued by Tri-Rail. Tri-Rail passengers boarding BCT at any locations other than at a Tri-Rail station will be required to pay the full fare.

#### **Transfers between other South Florida Transit Systems and BCT Premium Express bus service**

Transfers to MDT or Tri-Rail from Premium Express Service, a transfer is issued and passenger must pay appropriate MDT or Tri-Rail fare. Transfer from MDT or Tri-Rail to Premium Express Service, a \$.50 transfer fee is required with the appropriate transfer from MDT or Tri-Rail. The Premium Express Service does not connect with Palm Tran. The Easy Card issued by MDT and Tri-Rail is not accepted as payment on any BCT bus.

#### **Upgrade Transfer Policy**

From BCT local to BCT Express: BCT bus pass plus \$1 upgrade, pertains to holders of all BCT passes: All Day, 3 Day, 7 Day, 10 Ride, Adult 31 Day Regular, Adult 31 Day Senior, Disabled/Medicare, Youth and College Student Pass.

#### **Bus Pass Purchase Online**

Bus passengers and authorized vendors can purchase bus passes online after creating an "Access Broward" account. Visit <https://www.broward.org/BCT/Pages/default.aspx> and click on "Fares," then select "Bus Pass Purchase." Broward County Transit (BCT) bus passes can be ordered online by making an electronic payment. Transit riders can order only 10-Ride, 7-Day, 31-Day Adult, 10-Ride Premium and 31-Day Premium bus passes. Reduced fare bus passes (Youth/Senior/Disabled/Medicare/College Student) must be purchased in person at the main terminal or authorized vendor locations as valid I.D. is required for age, student status and/or disability verification. Authorized bus pass vendors are able to purchase all bus passes online with the exception of the All-Day bus pass which can only be purchased onboard the bus.

When an online purchase is made, the customer will be sent an e-mail confirming the order. Standard shipping via the U.S. Postal Service (USPS) is free. Authorized bus pass vendors have the option of bus passes being shipped for free by USPS or by secure delivery for a graduated rate.

Online orders are usually processed within three business days. For orders shipped within the U.S., please allow 7-10 business days to receive your bus pass.

Orders may be placed 24-hours-a-day, seven-days-a-week; however, orders placed after 2:00 p.m. on Friday, weekends or holidays will be considered received the following business day and will usually be processed within three business days.

Online transaction information is processed using a 128-bit "Secure Socket Layer" (SSL) certificate. This protection makes it extremely difficult – if not impossible – for anyone to intercept personal or credit card information.

All online bus pass purchases are final; bus passes cannot be exchanged or refunded. BCT does not assume responsibility or liability for bus passes that are lost during shipping. Under Florida law, e-mail addresses are public records. If customers do not want their account registered email addresses released in response to a public records request, they should not register to purchase bus passes online.

BCT's Customer Relations and Communications Section develops and implements marketing, advertising and public relations programs to provide the public with information about current, new and enhanced bus service, special projects and events and benefits of riding public transportation. This section responds to a myriad of customer inquiries and provides personal trip planning through the customer information telephone center and Google Transit™ accessible on BCT's web site [www.broward.org/bct](http://www.broward.org/bct).

Improvements are ongoing at <https://www.broward.org/BCT/Pages/default.aspx>. Its redesign and more user-friendly layout have resulted in continued increases of monthly visits. Enhancements include 'Transit Flash,' a monthly e-newsletter sent to a customer e-mail database with up-to-date information online bus pass purchasing and translation from English to Spanish and Creole.

**Level of Availability (Coordination)  
Worksheet 3**

Planning – What are the coordinated plans for transporting the TD population?

Coordinated plans for transporting the TD population are described in Broward County's TDSP. The TDSP is updated annually by the MPO and CTC and adherence to the plan is closely monitored. **See the Introduction and Service Analysis of the current TDSP here: <https://www.browardmpo.org/major-initiatives/transportation-disadvantaged-services>**

Public Information – How is public information distributed about transportation services in the community?

Coordinated plans for transporting the TD population are described in Broward County's TDSP. The TDSP is updated annually by the MPO and CTC and adherence to the plan is

closely monitored. For the MPO's current Public Participation Plan, please see: <https://browardmpo.org/index.php/core-products/public-participation-plan-ppp> . To view the current TDSP plan, please visit: <https://www.browardmpo.org/major-initiatives/transportation-disadvantaged-services>

**Certification – How are individual certifications and registrations coordinated for local TD transportation services?**

TD Trips - Pursuant to Chapter 427 Florida Statutes, Broward County as the CTC under direction from CTD and in cooperation with the LCB, developed local eligibility guidelines. The CTC requires a written application for TD eligible customers, of whom there were 186 registered customers with TOPS! Door to door paratransit service and 3,650 registered customers for the TD Bus Pass Program. The CTC and LCB have an established Complaint and Grievance Procedure for applicants and customers. Applicant may request a review of the application by the CTC program director. TOPS! performed 251,434 TD trips.

**Eligibility Records – What system is used to coordinate which individuals are eligible for special transportation services in the community?**

**ADA:** ADA Eligible Trips - BCT is responsible for providing complementary paratransit services under the Americans with Disabilities Act of 1990. Customers under this service are eligible based upon Federal ADA Rules and Regulations. There were 6,632 active eligible ADA customers registered with TOPS! paratransit service. TOPS! Performed 626,233 complementary ADA trips.

Deleted: 6,422

Deleted: 568,975

ADA eligibility is determined by applicant's functional limitations in demonstrating ability to use a fixed-route bus and/or navigate the fixed-route system. Applicants complete a written application. A physician of the applicant's choice completes the medical section. Completed applications are reviewed by a third-party BCT-contracted medical functional assessment facility. Those applicants not receiving presumptive approval are sent for an assessment to determine appropriate service - ADA paratransit or fixed-route bus service. Assessments are conducted by a team of specifically trained professionals including physical and occupational therapists and comprise functional, cognitive, visual and respiratory evaluations. Applicants who qualify and are enrolled in ADA paratransit service must apply for re-certification every three (3) to five (5) years. The CTC has established an eligibility appeals board that meets as needed. BCT's Paratransit Services Section staff processed 9,400 applications and approved 6,451 applications for ADA and TD paratransit service this reporting period.

**Call Intake – To what extent is transportation coordinated to ensure that a user can reach a Reservationist on the first call?**

**Telephone Services:**  
Courteous and Polite Dealings: TOPS! Reservation Center shall ensure personnel assigned to service telephone lines maintain a courteous and polite attitude relating to services. All personnel assigned to service telephone lines shall announce their names in all telephone calls related to services addressed within this Agreement.  
  
Full Access To Service: Customers (within service area) shall be provided full, easy and toll-free access to paratransit services. Full access shall include Telephone Devices for the Deaf (TDD), and/or use of the Florida Relay Service provided by BellSouth (1-800-955-8770).

TOPS! Reservation Center shall have staff trained in proper TDD usage and available to answer during all service hours.

Customer Telephone Line: Client reservation telephone lines shall be exclusively utilized for paratransit service client services and shall not be used by TOPS! Reservation Center for any other purpose. Telephone lines must be answered by properly trained staff during all service hours.

Answering and On-Hold Time Standards: TOPS! Reservation Center shall establish a system to ensure calls shall be answered within five (5) rings and on-hold time shall be kept at minimum while customers are booking transportation. Maximum hold time shall be defined as no more than ninety (90) seconds. TOPS! Reservation Center shall establish a plan detailing how on-hold times may be kept to a minimum. This plan shall include maximum estimated hold times for both peak and off-peak travel times. Approximate peak times on weekdays are 6:00 a.m. until 9:00 a.m. and 3:00 p.m. until 5:00 p.m.

Reporting Function: TOPS! Reservation Center shall have a reporting function on the telephone system which measures: number of calls by function, average length of call, hold times, abandoned calls, cancellations and other reporting capabilities.

Hotline: TOPS! Reservation Center shall provide a "hotline" telephone number (unpublished) for exclusive use by COUNTY staff. Telephone hotline shall provide for direct communication in resolving day-to-day operational issues and shall be active and functioning during all hours of service delivery. The hotline shall be answered within five (5) rings and on-hold time shall be kept at a minimum. Maximum on-hold time shall be defined as no more than ninety (90) seconds. Hotline telephone number shall be supplied to COUNTY prior to initiating service and shall not be provided to other parties.

Reservations – What is the reservation process? How is the duplication of a reservation prevented?

Reservation Hours (Reservations): All requests for service shall be made available to client through TOPS! Reservation Call Center at 1-866-682-2258 or online. Reservations service operates seven (7) days-a-week between 8:00 a.m. and 5:00 p.m. and online reservations are available twenty-four (24) hours a day, seven (7) days a week. Eligible customers shall reserve paratransit service one (1) to three (3) days prior to requested date of service. Next day reservations must be completed before 5 p.m. Pick-up times may be negotiated provided all negotiations comply with ADA regulations. Passengers will receive their Service Window for each trip the night before travel, between 5 p.m. and 9 p.m., through an automated system. If the Service Window provided is not convenient and the passenger would like to negotiate a different time or wishes to cancel the trip, they must contact the Call Center. The system will call the passenger via the most current phone number(s) on file. If the passenger has an answering machine or voicemail, the system will leave a message. When the vehicle is approximately ten (10) minutes away from the passenger's location, the passenger will receive an automated Advanced Arrival Reminder Notification call.

Reservations shall be available to client by TOPS! Reservation Center through reservation agents or online [www.mytopstrips.org](http://www.mytopstrips.org). See TOPS! Rider's Guide for step-by-step on-line reservation details. The Riders' Guide is available at [www.broward.org/BCT](http://www.broward.org/BCT) (select "Paratransit").

All reservations are booked into CTMS-at the actual time of request and required data fields are updated, verified and entire reservation is read back to client for their approval. All reservations received during the day at TOPS! Reservations Center are constantly monitored and scheduled for efficiency, effectiveness and productivity.

Required Records: For each call, call taker shall, at a minimum, record the following information on the CTMS reservation screen:

- A. Name of client.
- B. Appropriate funding component of service.
- C. Client's Paratransit Service Identification Number.
- D. Pick-up location.
- E. Drop-off location.
- F. Desired drop-off time/appointment time
- G. Telephone number where caller can be reached.
- H. Number in party (including PCA and/or companion).

**Trip Allocation – How is the allocation of trip requests to providers coordinated?**

Trip/client/ allocations are determined during contract negotiations prior to execution of the agreement between CTC and transportation operators. Please note assigned site locations were voided at the start of the current Paratransit contract effective 1/1/2015.

**Scheduling – How is the trip assignment to vehicles coordinated?**

Scheduling: All trips must be scheduled through TOPS! Reservation Center. CONTRACTORS locally dispatch from Call Center supplied CTMS manifest. The following are requirements pertaining to scheduling and dispatching:

- A. Client is not permitted to request a specific driver.
- B. Appointment times and locations shall be confirmed with caller at time trip is reserved.
- C. Any changes made to an existing reservation shall be accompanied by supporting documentation a CTMS entry.
- D. If CONTRACTOR fails to deliver client to appointment on time, client shall not be penalized for return trip in the event client cannot be ready at scheduled return pick-up time. A window of thirty (30) minutes shall be given in situations involving late delivery to appointments from time client is ready for return trip.
- E. A minimum sixty (60) minute wait is required between the client's appointment time and the client's next pick-up time.

Transport – How are the actual transportation services and modes of transportation coordinated?

Transportation providers are responsible for the actual provision of services set forth in their formal agreements with CTC.

Dispatching – How is the real time communication and direction of drivers coordinated?

Scheduling: All trips must be scheduled through TOPS! Reservation Center.  
CONTRACTOR's dispatchers are required to communicate with drivers per Local Policy:  
Broward County Communication: CONTRACTOR shall be required to provide a base radio station and two-way mobile radios and/or cellular telephones for CONTRACTOR owned vehicles and sufficient portable two-way radios and/or cellular telephones to enable office and field supervisors to communicate with each other and dispatch staff.

General Service Monitoring – How is the overseeing of transportation operators coordinated?

CTC staff monitors performance of transportation operators through on-site visits, random audits of trip records, examination of invoices and monthly reports, customer complaints and careful monitoring of contractual service standards.

Daily Service Monitoring – How are real-time resolutions to trip problems coordinated?

CTC staff, customer service representatives, MPO staff, other County staff and contracted operators work very closely together and with customers to resolve day-to-day service issues that arise, often with immediate resolution. CTC staff coordinates and documents all efforts.

Trip Reconciliation – How is the confirmation of official trips coordinated?

CTMS tracks and reports coordination of trips.

Billing – How is the process for requesting and processing fares, payments and reimbursements coordinated?

Invoices are generated by CTMS, reviewed for accuracy and approved by CTC staff and processed for payment by BCT.

Reporting – How is operating information reported, compiled and examined?

Reporting requirements are specified in formal agreements with operators and coordination contractors. CTC staff compiles, examines and approves all reports.

Cost Resources – How are costs shared between coordinator and operators (s) in order to reduce overall costs of the coordinated program?

Administration services related to the program (eligibility, customer service, and quality control) are performed by CTC. The operators' Scope of Services is related to on-street performance.

Information Resources – How is information shared with other organizations to ensure smooth service provision and increased service provision?

Information is shared during meetings with three boards/committees: the Broward County Advisory Board for Individuals with Disabilities, South Florida Regional Transportation Authority's ADA Advisory Committee, and the Broward MPO through the LCB as well as presentations at the Commission for Transportation Disadvantaged annual workshops for

CTD staff and transportation professionals. Information is also shared with the following organizations in Broward County: Agency for Persons with Disabilities, Division of Blind Services, CareerSource Broward, Center for Independent Living, Vocational Rehab, Park 7 Veterans Club of Coral Springs, Veterans Affairs Voluntary Service (VAVS) Kling Clinic, South Florida AIDS Network (SFAN), Rock Island HOA, The Preserve at Palm-Aire, Learning Center for Vision Impaired Seniors, Lighthouse of Broward, National Federation of the Blind of Broward County, Davita Inc., Plantation Kidney Center, FMC Fresenius Dialysis Center, Tamarac Artificial Kidney Center, Cleveland Clinic, University of Miami (Deerfield Beach location), Memorial Health Systems, Holy Cross Hospital, South Florida Wellness Network, Jubilee, Broward Partnership – Fort Lauderdale, Broward Outreach – Hollywood, LifeNet, House of Hope, Club 55+ Senior Citizens “Coffee & Conversation” City of Fort Lauderdale, City of Pembroke Pines - Southwest Focal Point Senior Center, Northeast Focal Point, Northwest Focal Point, Tamarac Community Center and The Quest Center. Additionally, TD program information and applications can be found on our website: [www.broward.org/BCT](http://www.broward.org/BCT)

Overall – What type of formal agreement does the CTC have with organizations, which provide transportation in the community?

CTC has one (1) formal service contract agreements with operators of the paratransit system and ~~1~~18 formal agreements with all coordination contractors.
