

METRO TRANSPORTATION ENGINEERING & CONSTRUCTION COOPERATIVE

(MTECC)

Lowell R. Clary
Executive Director

October 2025

Key Elements of MTECC

MTECC

- Interlocal Agency
- Self funding by members
 - Primary funding through project awards
 - Municipality member annual dues to cover administrative costs
- Limited staff, consultants and contractors hired to deliver services

MTECC Benefits

MTECC

- Centralized engineering expertise with design, bid package preparation, construction oversight/inspection and public involvement.
- Centralized procurement
- Efficient & timely project delivery
- City selects MTECC services necessary without need to maintain staff for “one off” type projects

Founding Members

City MTECC Supported Projects

MTECC

- Active Projects
 - Pembroke Pines – FTA HUB Project
 - In design through 2026
 - Pursuing Ped Signal on Pines Blvd
 - Construction 2027
 - Coconut Creek – HUD Lyons Road Lighting Project
 - Design finished in 9 months by end of November 2025
 - MTECC procurement of lights/fixtures to save on taxes
 - Construction starts and finishes in 2026
 - Fort Lauderdale – FTA SE 17th Street HUB Project
 - Design underway and finished in early 2027
 - Construction in mid 2027
 - Discussions with Broward County on FTA and County match funds for signal upgrades

Key MTECC Staff

MTECC

- Board Members:
 - Commissioner Caryl Shuham – Chair
 - Commissioner Tim Fadgen
 - Mayor Rex Hardin
- Executive Director – Lowell Clary
- General Counsel Matt Pearl
- Contracting Officer – Chris Bross
- Program Manager – Christine Fanchi

Roles Established to Best Support Members

MTECC

- Each Project is Unique
- MTECC services set to best support the City on each project – goal is a quality project delivered timely
- City staff (Project Manager or PM) make key decisions and are active during the project process
- MTECC support/staff key activities in partnership with the City PM
- Follow City protocols for public meetings/input on the Project

Key Partners – Direct Relationships

MTECC

- Broward MPO
 - Grants from Federal Transit Administration
 - Grants from other Federal agencies other than those through Florida DOT
 - Administrative support via agreement (contracting, board support and finance and accounting)
- Florida DOT
 - Grants for LAP projects
 - LAP policies/procedures
- Member Cities
 - Active Projects – partnership

An aerial, black and white photograph of a busy city street. The street is filled with pedestrians, some walking, some pushing a stroller, and one person riding a bicycle. A large, white, hexagonal graphic is superimposed over the center of the image, containing text. The background shows a crosswalk with white stripes on a dark pavement.

THANK YOU

Lowell R. Clary
Executive Director
