

AGENDA

Metropolitan Transportation Engineering
& Construction Cooperative (MTECC)
Thursday, April 9, 2026, 9:00 a.m.
**100 West Cypress Creek Road,
6th Floor, Suite 650
Fort Lauderdale, FL 33309-2181**

REGULAR ITEMS

(All Items Open for Public Comment)

1. Call to Order
2. Approval of Minutes
3. Approval of Agenda

ACTION ITEMS

1. MOTION TO APPROVE: Budget Amendment 1 for the Fiscal Year 2025-26
Approved Budget.

DISCUSSION ITEMS

1. MTECC Project Status Update
2. Executive Director's Reports
3. PMC Report
4. General Counsel's Report
5. Budget to Actual Report

6. Board Comments

NEXT MEETING: DATE

***MOTION TO ADJOURN**

* Motion Requested

Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Carl Ema, Title VI Coordinator at (954) 876-0033/0052 or emac@browardmpo.org (or via Florida Relay at 711) at least seven days prior to the meeting.

For complaints, questions or concerns about civil rights or non-discrimination please contact: Carl Ema, Title VI Coordinator at the numbers or e-mail above.

**Metro Trans Engineering & Construction
Cooperative (MTECC)**

1.

Meeting Date: 04/09/2026

REQUESTED ACTION:

MOTION TO APPROVE: Budget Amendment 1 for the Fiscal Year 2025-26 Approved Budget.

WHAT THIS ACTION ACCOMPLISHES:

This provides the required budget adjustments to ensure the completion of the Coconut Creek Lyons Road Mobility and Safety Project and to complete the Audit of the MTECC Fiscal Year 2024-25 Financial Statements.

SUMMARY EXPLANATION/BACKGROUND:

Budget Amendment 1 includes updates to the following two key items:

- Coconut Creek Lyons Road Mobility and Safety Project – All final amounts are in for the various support contracts, contract for light poles/luminaires and the bid for construction on the project. The amounts are in line with prior design engineer of record estimates for the completion of the project. This will require use of at least a portion of the advance from the City of Coconut Creek of \$349,312. This amount is being added as additional revenue for the Project and allocated among the expense categories to balance to known contract costs and construction bid amounts. This results in the adjustments shown on page 9 of the attached document. Some key items of note:

- o We expected a savings reduction on the Program Management Work Order for Project Manager, Oversight and Reviews for the Project of at least \$60,000, with the savings being allocated toward completion of the Project. This will result in a Work Order reduction amendment of this amount.

- o We expect a small savings of \$5,000 on the Design Engineering Services Work Order, with the savings being allocated toward completion of the Project. This will result in a Work Order reduction amendment of this amount.

- o The City of Coconut Creek previously budget and appropriated the advance of \$349,312 for the Project. The City notified MTECC in a letter they concur with using the funds as needed to complete the Project. These amount is being added to the Coconut Creek Project in the Capital Projects Fund and allocated to select expense categories for the Project as shown on page 9.

- o This will increase the overall Project budget to \$3,859,312.

- o This will provide the required funds to support execution of the Construction Contract Agreement.

- Audit Services- the audit of the fiscal year 2024-25 financial statements has required additional services to complete. This was not at the fault of the audit team, but due to financial statements not being provided timely to the audit team. This is being addressed by the MTECC team. This requires an increase to the Audit Services expense line item of \$6,000. This is being offset by small reductions in other expense categories in the General Fund that

will not result in any reductions in the required MTECC services.

MTECC STAFF RECOMMENDATION(S):

Recommend approval of the proposed Amendment 1 to the MTECC Fiscal Year 2025-26 Approved Budget.

ADDITIONAL INFORMATION/PREPARER:

If you have any questions about this item, please contact Lowell Clary at (850) 212-7772 or claryl@mteccfl.org

MTECC Approved Budget
Resolution For Budget

Metro Transportation Engineering & Construction Cooperative

Approved Fiscal 2025-2026 Budget

Amendment 1

Background

The Metro Transportation Engineering & Construction Cooperative (MTECC) was established in 2022 by Interlocal Agreement “ILA” between the founding member municipal members of City of Hollywood, City of Plantation and the City of Pompano Beach under Section 163.01, Florida Statutes in cooperation with the Broward Metropolitan Planning Organization under Section 339.175, Florida Statutes. The founding municipal members appoint MTECC Board Members from their elected officials that form the MTECC Board. The MTECC Board provides policy direction for the operation of MTECC. MTECC shall be a separate legal entity, pursuant to Section 163.01(7), Florida Statutes. This Agreement was filed and recorded on May 31, 2022, with the Clerk of Court for Broward County, Florida in accordance with Section 163.01(11), Florida Statutes.

MTECC as an organization was created to facilitate the planning, design and construction of transportation related projects throughout the County. Under the ILA, additional municipalities in Broward County may join the MTECC through Interlocal Agreement with MTECC. A municipality must be a member of MTECC for MTECC to provide the planning, design, and construction of transportation related projects in the municipality.

From time-to-time, Federal funds become available through the Florida Department of Transportation and the Federal Transit Administration to fund projects that are on municipal roads and other transportation facilities (transitways, sidewalks, bikeways, etc.). Projects funded through Federal funding must comply with Federal laws, regulations and standards which in most cases vary from other projects implemented by municipalities. MTECC was primarily established to specialize in delivering projects that must meet Federal requirements to be efficient in delivering these projects for the member municipality. This prevents the various municipalities from the expense of meeting the Federal requirements on what may be a Federal funded project once or twice every three to five years.

Budget/Fund Structure

General Fund

General funds are for the general operations of a government entity. The MTECC General Fund supports the administrative operations of MTECC including contributions provided by MTECC municipality members under the ILA and the costs to support the following:

- MTECC Board activities and support.
- Executive Director for administrative activities.
- Board Attorney for administrative activities.
- Finance and Accounting for MTECC activities.
- Procurement support activities.

- Contract Management activities.
- Board public relations and involvement activities.
- Other administrative support activities.

Capital Project Fund

In the initial budget there are no revenues or projects in the MTECC Capital Projects Fund. Projects were added in fiscal year 2023-24 and fiscal year 2024-25 and the Capital Projects Fund for MTECC was created and began operations. The MTECC Capital Projects Fund accounts for projects when the MTECC Board receives a request from a MTECC member city and agrees to support the delivery of the project. The project must have funding associated with the project. Projects in the Capital Projects Fund by their nature may cover multiple years depending on the size and complexity of the project.

Project Accounting

The MTECC accounting system has been established to provide separate accounting for each MTECC project. This will include the project budget, city advances, revenues, expenditures, cash balances and project closeout.

Budget Process

The Proposed Budget is provided to develop the proposed budget in the late Spring of each year with the proposed budget presented to the MTECC Board in June or July of each year to be adopted in September of each year for the subsequent fiscal year October 1 to September 30.

Adopting the Budget

MTECC must adopt a balanced budget. A balanced budget as defined in Florida Statutes 166.241(2) is where the amount available from taxation and other sources, including amounts carried over from prior fiscal years, must equal the total appropriations for expenditures and reserves.

MTECC does not have any taxing authority and relies upon contributions from municipal members and grants for capital projects from partners such as FDOT and the Federal Transit Administration. MTECC will hold a public hearing on the tentative budget that is published for public review at least 5 days before the hearing. The budget becomes effective on October 1. The legal level of adoption is at the Fund Level for the MTECC General Fund and at the project level for the Capital Projects Fund.

Amending the Adopted Budget

State law allows changes to the adopted budget at any time throughout the fiscal year and up to 60 days after the fiscal year end (Florida Statutes 166.241(4)). These changes include budget amendments, which increase or decrease the total budget of a fund. Any budget amendments move funds from Budgeted Reserve in the MTECC General Fund or at a project level for a capital project in the Capital Projects Fund require MTECC Board approval.

Budget Monitoring

The budget is monitored monthly by the Executive Director to track variances between the actual and budgeted amounts, to identify trends and to estimate end-of-year results. Monthly financial reports are distributed to the MTECC Board members and all MTECC municipal members, Broward MPO, and for each project to the funding partner for the project. The Executive Director shall monitor the MTECC

General Fund and each project in the Capital Projects Fund to evaluate the adequacy of funds year to date and through the end of the year. The Executive Director shall propose budget amendments to increase or decrease revenues and/or appropriated expenditures to maintain a balanced budget during each fiscal year for the MTECC General Fund and each project in the Capital Projects Fund.

Operating Budget Policies

Budgetary basis refers to the reporting of revenues and expenditures or expenses in the financial statements as they are recognized in the accounts. The basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. All Governmental Funds are accounted for using the modified accrual basis of accounting except that encumbrances are treated as the equivalent of expenditures, as opposed to a reservation of fund balance. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the fiscal period. Expenditures are generally recognized, under the modified accrual basis of accounting, when the related fund liability is incurred. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due, using the current financial resources measurement focus of accounting. At year-end, open encumbrance balances lapse.

The Annual Comprehensive Financial Reporting presents the status of the MTECC's finances on a basis consistent with Generally Accepted Accounting Principles (GAAP) (that is, the Governmental Funds use the modified accrual basis of accounting) In order to provide a meaningful comparison of actual results with the budget, the Annual Comprehensive Financial Reporting presents MTECC's operations on a GAAP basis and also shows fund expenditures and revenues on a budget basis for the Special Revenue and Capital Projects Funds. MTECC is required to prepare a balanced budget in which current revenues will be sufficient to support current expenditures.

MTECC General Fund Financial Reserve Policies

In general, MTECC should maintain adequate fund balances or reserves to handle unexpected decreases in revenues plus a reasonable level for extraordinary unbudgeted expenditures. For measurement purposes, the minimum target fund balance in the MTECC General Fund is the equivalent of 90 days of average expenditure for the MTECC General Fund and should be computed annually and remain unappropriated. On an annual basis, projections of reserve requirements and a plan for the use of additions for the current year shall be made in accordance with relevant MTECC policies.

Capital Projects Fund Project Level Financial Reserve Policies

The Executive Director will analyze each project grant amount and establish a reserve amount for each project in coordination with the project team experts, funding partner and municipal member where the project is located. This reserve shall be maintained at the project level of the Capital Projects Fund and used for unexpected expenditures on the project. This reserve shall be monitored monthly and updated as needed to ensure there is adequate funding for each project.

Capital Improvement Policies

MTECC shall coordinate the development of the MTECC Capital Improvement Plan with the development of the MTECC General Fund Budget and in coordination with funding partners such as the Broward MPO, FDOT, Federal Transit Administration and MTECC municipal members. MTECC shall have a five-year capital improvement plan that identifies specific projects and project phases by year within

the five-year period. Each year, a new year will be added to the five-year capital improvement plan. Future operating expenditures and revenues associated with new capital improvement will be projected and included in the Five-Year Capital Improvement Plan.

MTECC shall capture the expenditures for capital improvement projects by project and at the completion of the project transfer the project value to the municipal member that by agreement will own the project for long-term operations and maintenance.

Revenue Policies

MTECC depends on funding partners to provide grants for the MTECC operations and capital projects being implemented by MTECC. MTECC will include revenues as required by the ILA in the MTECC General Budget and any other grants that may be made by MTECC municipal members for MTECC operations. MTECC Capital Projects Funds revenues shall be developed based on executed grant agreements from project funding partners. Legally restricted revenues will be used for the specific purpose dictated by the issuer. To ensure compliance with revenue, reserve and budget policies, MTECC staff shall analyze and prepare reports annually to monitor, project and estimate revenues and expenditures, on an annual basis and forward for the next fiscal year.

Expenditure Policies

Expenditures are a rough measure of MTECC's service output. While many expenditures can be easily controlled, unanticipated service demands may strain our ability to maintain a balanced budget. To ensure proper control of expenditures and provide for a quick and effective response to adverse financial situations, expenditures and purchase commitments will be made in a form and process that is legal, appropriate, funded, authorized and sufficiently documented. Also, expenditures and purchase commitments will be recorded in an accurate and timely fashion.

Budget In Brief

Proposed budget amounts for fiscal year 2025-2026 includes:

Revenues. The revenues will involve an assessment to the MTECC member cities (assumes cities of Coconut Creek, Deerfield Beach, Fort Lauderdale, Hallandale Beach, Hollywood, Pembroke Pines, Plantation, and Pompano Beach) of \$25,000 per City. Any new MTECC members will be assessed a \$50,000 initial year fee for joining MTECC should additional cities join MTECC during fiscal year 2025-26.

Expenditures. The budget expenditures for general administrative activities in fiscal year 2025-26 include the following major categories.

General Administrative

- Board Expense – these include Board preparation, meeting minutes and related support.
- MTECC Legal Counsel – general support for Board meetings and administrative activities
- MTECC Executive Director – general support for Board meetings and administrative management and oversight of MTECC activities
- Program Management Consultant –
 - general support for Board meetings and technical support for administrative activities,
 - web development and support,
 - media relations and public involvement support for general MTECC activities
- Finance and Accounting – supports finance and accounting activities for MTECC.

- Insurance – overall insurance coverage for the Board and MTECC activities.
- Technology – technology required for general activities of MTECC operations.
- Annual Audit – required annual audit of MTECC activities.
- Other Administrative Expenses – this covers general administrative expenses that made not be addressed in other categories.

Budgeted Reserve. The Budgeted Reserve for the MTECC General Fund Budget for fiscal year 2025-26 is assumed to be \$240,500 or 79% of the annual expenditures of the MTECC General Fund. As projects are added to the MTECC Capital Project Fund any advances from the General Fund will be reimbursed back to the General Fund.

MTECC Capital Project Fund

During Fiscal Year 2023-24, cities (Pembroke Pines (two projects), Coconut Creek and City of Fort Lauderdale) have officially requested and the MTECC Board has approved moving forward with assistance for MTECC support federal grant funded projects. One Pembroke Pines project was relocated to the City and Florida Department of Transportation in fiscal year 204-25. The MTECC Projects Fund has been added to the annual budget with an amended amount for fiscal year 2023-24 and fiscal year 2024-25. Each specific project is brought forward for MTECC Board review and approval to amend in the full project budgets funding from FDOT/City to fund items such as:

- MTECC Executive Director – items such as project scope development, meetings, negotiations, oversight, reporting, management of consultants and related project specific activities
- MTECC Legal Counsel – project level items such as draft agreements, negotiations, finalizing agreements, and availability for any project level issues.
- Procurement – project level task orders and procurement processes
- Program Management Consultant
 - PMC Project Manager – project scope development, meetings, negotiations, oversight, management of PMC staff, reporting, etc.
 - PMC Design Consultant Manager – contract/project manager for design consultant on behalf of MTECC – scope development, manage design consultant activities for oversight, coordination, reporting, invoicing, payments, etc.
 - MTECC/City – design reviews at 30%, 60%, 90% plans and acceptance of 100% plans
 - Construction Bid Preparation – assist design consultant will the development of the plans, specifications, special provisions to prepare for construction bid.
- Design Consultant – team responsible for the implementation of the design project.
- Construction – the contractor responsible for building the project.
- CEI – team responsible for the construction engineering and inspection of the construction project.

The Proposed Budget is amended as each Project and the associated budget is added as Project Agreements and Budget Amendments are approved by the MTECC Board. This will include reimbursement to the General Fund Budget from the Capital Projects Fund.

Capital Project Fund Balances – the anticipated unused budget for each project will be carried forward to the subsequent fiscal year to continue the delivery of each project.

Budget Amendment 1 for Fiscal Year 2025-26

Budget Amendment 1 includes updates to the following two key items:

- **Coconut Creek Lyons Road Mobility and Safety Project** – All final amounts are in for various support contracts, contract for light poles/luminaires and the bid for construction on the project. The amounts are in line with prior design engineer of record estimates for the completion of the project. This will require use of at least a portion of the advance from the City of Coconut Creek of \$349,312. This amount is being added as additional revenue for the Project and allocated among the expense categories to balance to known contract costs and construction bid amounts. This results in the adjustments shown on page 9 of this document. Some key items of note:
 - We expected a savings reduction on the Program Management Work Order for Project Manager, Oversight and Reviews for the Project of at least \$60,000, with the savings being allocated toward completion of the Project. This will result in a Work Order reduction amendment of this amount.
 - We expect a small savings of \$5,000 on the Design Engineering Services Work Order, with the savings being allocated toward completion of the Project. This will result in a Work Order reduction amendment of this amount.
 - The City of Coconut Creek previously budget and appropriated the advance of \$349,312 for the Project. The City notified MTECC in a letter they concur with using the funds as needed to complete the Project. These amount is being added to the Coconut Creek Project in the Capital Projects Fund and allocated to select expense categories for the Project as shown on page 9.
 - This will increase the overall Project budget to **\$3,859,312.**
 - **This will provide the required funds to support execution of the Construction Contract Agreement.**
- **Audit Services-** the audit of the fiscal year 2024-25 financial statements has required additional services to complete. This was not at the fault of the audit team, but due to financial statements not being provided timely to the audit team. This is being addressed by the MTECC team. This requires an increase to the Audit Services expense line item of \$6,000. This is being offset by small reductions in other expense categories in the General Fund that will not result in any reductions in the required MTECC services.

RESOLUTION NO. 2026-__

A RESOLUTION OF THE BOARD OF THE METRO TRANSPORTATION ENGINEERING AND CONSTRUCTION COOPERATIVE (MTECC) AMENDING THE OPERATING BUDGET FOR THE 2025–2026 FISCAL YEAR TO INCORPORATE FUNDING FOR THE LYONS ROAD PEDESTRIAN MOBILITY SAFETY PROJECT IN THE CITY OF COCONUT CREEK; PROVIDING FOR IMPLEMENTATION AND AN EFFECTIVE DATE.

WHEREAS, the Broward Metropolitan Planning Organization (BMPO) is the Grantee of a Community Project Funding Grant (hereinafter referred to as the “Grant”) from the U.S. Department of Housing and Urban Development (“HUD” or “Grantor”) for the Lyons Road Pedestrian Mobility Safety Project (the “Project”), identified as BMPO Project No. B-23-CP-FL-0383; and

WHEREAS, the City of Coconut Creek (the “City”), the BMPO, and MTECC have entered into a Triparty Agreement for the implementation of the Project (the “Project Agreement”); and

WHEREAS, pursuant to the Project Agreement, the BMPO has programmed grant funding in the amount of \$3,510,000, and the City has committed to provide local funding, including but not limited to a contribution of \$35,000, applicable project costs, and any cost overruns as required under the Project Agreement; and

WHEREAS, MTECC has procured design, construction, and related services for the completion of the Project, including the updated project costs amount of \$3,859,312 including contracts for design, program management, construction inspection and engineering, light poles and luminaires, and construction that for the completion of the Project; and

WHEREAS, the MTECC Board desires to amend the MTECC operating budget for the 2025–2026 fiscal year to incorporate the City’s financial contributions and Contract amounts, and to ensure sufficient resources are appropriated to complete the Project in accordance with the Project Agreement, Grant requirements, and Project specifications.

WHEREAS, the audit services required to audit the fiscal year 2024-25 financial statements has required additional services due to extenuating circumstances that is funded from reductions in other budget categories in the General Fund,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF THE METRO TRANSPORTATION ENGINEERING AND CONSTRUCTION COOPERATIVE, AS FOLLOWS:

Section 1. Recitals Adopted. Each of the foregoing recitals is hereby adopted and confirmed.

Section 2. Budget Amended. The Board hereby amends the MTECC Fiscal Year 2025–2026 budget in the form attached hereto as Exhibit “A” to:

- (a) recognize and appropriate the City of Coconut Creek’s local funding contributions as provided in the Tri-Party Project Agreement in the amount of \$349,312 added to the Capital Projects Fund for the Coconut Creek Lyons Road Mobility Safety Project; and
- (b) amend the amounts for design, program management, construction engineering and inspection, light poles and luminaires, and construction for the completion of the Lyons Road Mobility Safety Project, together with any related project costs necessary for delivery of the Project.
- (c) Amend several expense categories down that are not needed to add funds to the Audit Services expense category for additional audit costs.

Section 3. Implementation. The Executive Director is hereby authorized to take any and all actions necessary to implement the amendment to the Fiscal Year 2025–2026 budget and to carry out the purposes of this Resolution, including administering project funds and executing documents consistent with the Project Agreement.

Section 4. Effective Date. This Resolution shall become effective upon adoption.

ADOPTED this ___ day of _____, 2026.

SUMMARY:

MTECC Project Status Update

Attachments

Project Status Update - April 2026

LYONS ROAD PEDESTRIAN SAFETY PROJECT (B23-CP-FL0383), City of Coconut Creek

- **Project Summary:** Pedestrian Lighting along west side of Lyons Road, Atlantic Blvd. to Sawgrass Expressway
- **Design Schedule:** Final sealed plans received November 2025
- **Key Activities since March 2026:**
 - Luminaires delivered to City on 3/24/26
 - Light Poles expected delivery week of April 13, 2026
 - CEI contracted executed 3/24/26
 - Construction Bids (3) received 3/24/2026 at 4:00pm. Lowest bidder 3% under final engineering estimate.
- **Upcoming Major Milestone:** Contractor NTP in mid-April.
- **Project Critical Path:** Construction NTP in April 2026.
- **Anticipated Construction Start:** April 2026
- **Anticipated Project Completion:** Twelve months after Construction Contract or approximately March 2027.
- **Project HUD Grant Budget:** \$3,510,000 – propose adding City advance of \$349,312 to ensure completion of the Project.

PEMBROKE MOBILITY HUB (#4334293), City of Pembroke Pines

- **Project Summary:** Mobility Hub improvements within Pembroke Pines City Center to include transit bus stops, new shared use path, new bike lanes, path lighting, crosswalks, and pedestrian signal.
- **Design Schedule:** 60% plans submitted 1/30/2026, final plans expected in August 2026 due to addition of pedestrian signalization plans for FDOT ROW.
- **Key Activities since March 2026:**
 - FDOT approved Pedestrian Signal at Pines Blvd/SW 106th Avenue.
 - 4 Permits submitted- SFWMD clear, FDOT, awaiting BCDD & BCTED comments.
 - MTECC reviewed grant funding with estimated construction estimate.
- **Upcoming Major Milestone:** Submit Ped. Signal Plans and revised FDOT permit- June 2026
- **Project Critical Path:** Permitting approvals from 3 agencies.
- **Anticipated Construction Start:** September 2026
- **Anticipated Project Completion:** December 2027
- **Project FTA Grant Budget:** \$2,609,352

SUMMARY:

Executive Director's Reports

Attachments

March 2026

MTECC Executive Director Activities

March 2026

Board Activities:

- Prepared items for the Board Meeting Agenda.
 - Summaries of Approval Items
 - Reviewed and signed off on Meeting Agenda
- Participated in March 12, 2026, Board Meeting

Administrative Activities:

- MTECC Staff Meetings – routine MTECC staff meetings are held virtually (March 4, 17, and 31) to schedule and follow up on key MTECC activities.
- Finance and Accounting Services:
 - Input on year-end transactions for fiscal year ended September 30, 2025. Meeting with finance and accounting staff to update project receivables, revenues, and city advance accounts to finalize year end accounting. These items have been very challenging with the current outside CPA staff requiring extra time of MTECC staff and the audit team. This is being addressed with the MTECC team and the outside CPA over the next month.
 - Worked to help resolve key issues with the budget reporting prepared by the outside CPA firm. Provided concerns to CPA firm for follow up.
 - Bill.com planned implementation still delayed for updates to Wells Fargo and accounting system for contract payments. Still issues with Wells Fargo. Hope to have resolved in April.
 - Reviewed and recommended approval of invoices submitted for payments during the month of February and cleaned up items on older invoices to catch up all invoices to current.
- Program Management Services:
 - Coordination of activities with Program Management Consultant (PMC) during March.
 - Discussed staffing and rate updates. Discussed ongoing task orders. .

Potential Projects

- **Deerfield Beach** – The City has a new public works director. A discussion was held in March with the City public works director and we plan to have further discussions to see how MTECC can best integrate into the deliver of LAP projects for the City. This includes the following project that is currently in design with construction funded in fiscal year 2026-27
 - Project Number 4455291 - 2021 MPO CSLOP # 17 VARIOUS LOCATIONS: NW 45TH STREET FROM NW18TH TERRACE TO MILITARY TRAIL; CRYSTAL LAKE DR FROM NW 45TH STREET TO MILITARY TRAIL. - fiscal year 2026-27 **\$2,411,194**
- **Pembroke Pines/Miramar** – A meeting was scheduled of April 9 to discuss two projects that cover both cities. This would be for construction of the projects.
 - 4369801 - PEMBROKE ROAD FROM DOUGLAS ROAD (SW 89 AV) TO SR-817/UNIVERSITY DRIVE – FDOT is providing the design and right-of-way acquisition for the project. In a prior meeting all parties agreed Pembroke Pines would be the lead with MTECC supporting delivery. fiscal year 2027-28 **\$14,227,663**
 - 4496901 - PEMBROKE RD FROM SW 145TH AVE TO FLAMINGO ROAD – Design is underway for a trail for bikes and pedestrians by the City and FDOT. Pembroke Pines has been asked to construct the project.. fiscal year 2027-28 **\$7,495,223**
