Motorola Solutions will be free to use, reproduce, license or otherwise distribute and exploit the Feedback to improve and enhance the Solution and otherwise, without any obligation to Customer. Customer acknowledges that Motorola Solutions' receipt of the Feedback does not imply or create recognition by Motorola Solutions of either the novelty or originality of any idea. Customer further agrees that all fixes, modifications and improvements to the Solution conceived by or made by Motorola Solutions that are based, either in whole or in part, on the Feedback are the exclusive property of Motorola Solutions and all right, title and interest in and to such fixes, modifications or improvements to the Solution will vest solely in Motorola Solutions.

Capitalized terms used in this SSA, but not defined herein, will have the meanings set forth in the Agreement.

1. **Addendum.** This SSA governs Customer's purchase or evaluation of Subscription Software from Motorola and will form part of the Parties' Agreement. Additional Subscription Software-specific addenda or other terms and conditions may apply to certain Subscription Software, where such terms are provided or presented to Customer.

### **2. Delivery of Subscription Software.**

2.1. **Delivery.** During the Agreement Term, Motorola will provide to Customer the Subscription Software in accordance with the terms of the Agreement. Motorola will provide Customer advance notice (which may be provided electronically) of any planned downtime. Delivery will occur upon Customer's receipt of credentials required for access to the Subscription Software or upon Motorola otherwise providing access to the Subscription Software. If agreed upon in an Ordering Document, Motorola will also provide Services related to such Subscription Software.

2.2. **User Credentials.** If applicable, Motorola will provide Customer with administrative user credentials for the Subscription Software, and Customer will ensure such administrative user credentials are accessed and used only by Customer's employees with training on their proper use. Customer will protect, and will cause its Authorized Users, to protect, the confidentiality and security of all user credentials, including any administrative user credentials, and maintain user credential validity, including by updating passwords. "**Authorized Users**" are defined as Customer's employees, full-time contractors engaged for the purpose of supporting the Equipment and Services that are not competitors of Motorola. Customer will be liable for any use of the Subscription Software through such user credential (including through any administrative user credentials), including any changes made to the Subscription Software or issues or user impact arising therefrom.

2.3. **Beta Services.** If Motorola makes any beta version of a software application ("**Beta Service**") available to Customer, Customer may choose to use such Beta Service at its own discretion, provided, however, that Customer will use the Beta Service solely for purposes of Customer's evaluation of such Beta Service, and for no other purpose. Customer acknowledges and agrees that all Beta Services are offered "as-is" and without any representations or warranties or other commitments or protections from Motorola. Motorola will determine the duration of the evaluation period for any Beta Service, in its sole discretion, and Motorola may discontinue any Beta Service at any time. Customer acknowledges that Beta Services, by their nature, have not been fully tested and may contain defects or deficiencies.

### **3. Subscription Software License and Restrictions.**

3.1. **Subscription Software License.** Subject to Customer's and its Authorized Users' compliance with the Agreement, including payment terms, Motorola hereby grants Customer and its Authorized Users a limited, non-transferable, non-sublicenseable, and non-exclusive license to use the Subscription Software identified in an Ordering Document, and the associated Documentation, solely for Customer's internal business purposes. The foregoing license grant will be limited to use in the territory and to the number of licenses set forth in an Ordering Document (if applicable), and will continue for the applicable Subscription Term. Customer may access, and use the Subscription Software only in Customer's owned or controlled facilities, including any authorized mobile sites; provided, however, that Authorized Users using authorized mobile or handheld devices may also log into and access the Subscription Software remotely from any location. No custom development work will be performed under this Addendum.

3.2. **End User Licenses.** Notwithstanding any provision to the contrary in the Agreement, certain Subscription Software is governed by a separate license, EULA, or other agreement, including terms governing third-party software, such as open source software, included in the Subscription Software. Customer will comply, and ensure its Authorized Users comply, with such additional license agreements.

3.3. **Customer Restrictions.** Customers and Authorized Users will comply with the applicable Documentation and the copyright laws of the United States and all other relevant jurisdictions (including the copyright laws where Customer uses the Subscription Software) in connection with their use of the Subscription Software. Customer will not, and will not allow others including the Authorized Users, to make the Subscription Software available for use by unauthorized third parties, including via a commercial rental or sharing arrangement; reverse engineer, disassemble, or reprogram software used to provide the Subscription Software or any portion thereof to a human-readable form; modify, create derivative works of, or merge the Subscription Software or software used to provide the Subscription Software with other software; copy, reproduce, distribute, lend, or lease the Subscription Software or Documentation for or to any third party; take any action that would cause the Subscription Software, software used to provide the Subscription Software, or Documentation to be placed in the public domain; use the Motorola Solutions, Inc. Subscription Software to compete with Motorola; remove, alter, or obscure, any copyright or other notice; share user credentials (including among Authorized Users); use the Subscription Software to store or transmit malicious code; or attempt to gain unauthorized access to the Subscription Software or its related systems or networks. "**Documentation**" is defined as training manuals, and other deliverables such as reports, specifications, designs, plans, drawings, analytics, or other information provided with the Equipment and Services, which specify technical and performance features, capabilities, users or operation.

#### **4. Term.**

**4.1. Customer acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Subscription Software and Documentation, and that Customer's breach of the Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Customer breaches this Agreement, in addition to termination, Motorola will be entitled to all available remedies at law or in equity (including immediate injunctive relief).

#### **5. Liability.**

**5.1.
