

June 18, 2025

Thank you for submitting comments on the application Asphalt Inc. submitted for a Quarry/Mine Permit. LCRA considered comments from you and more than 2,000 other members of the public in evaluating whether the application meets the standards of the Highland Lakes Watershed Ordinance, which is focused on protecting water quality in the Highland Lakes watershed.

We greatly appreciate you taking the time to provide feedback on the application.

After a thorough review of the application, subsequent information and updated plans provided by the applicant and all comments from you and other members of the public, LCRA has determined the application meets ordinance standards. Consequently, LCRA has issued a Quarry/Mine Permit to the proposed project.

The permit and LCRA's response to comments from you and other members of the public are available for review at www.lcra.org/quarrycomments.
