

Dear Burnet County,

In light of the recent flooding, and the destruction that it has caused throughout the community, we want to extend our support during this difficult time. To assist with cleanup and recovery efforts, we are donating the following construction materials to be used for temporary roads:

1,000 tons of RAP/millings

We know how important it is for the community to come together in times like these, and we hope this contribution helps support the work being done to restore homes, businesses, and infrastructure.

Please don't hesitate to reach out if there's anything else we can do to assist. Our team stands ready to support however we can.
