RE: Federal Highway Administration Funding; Local Public Agency Acquisition Report

Good day Judge Wilson,

The Texas Department of Transportation, in compliance with Federal Requirements, compiles an annual statistical report with details that include parcel acquisition and relocation assistance on Right of Way Projects. The Federal Highway Administration has expanded the report to include information not readily available from within the Department.

We need your assistance regarding projects where State participation was not involved in the right of way acquisition or relocation assistance, and the project was eligible for Federal participation in any aspect of project development, including construction. These projects would include County Roads, City Streets, and off-system projects like bridges and urban projects, where additional right of way was necessary.

The report covers the period from **September 1, 2024, through August 31, 2025**. Please complete the attached "Local Public Agency Real Estate Acquisition Report" to provide the following information:

1. Number of parcels acquired by negotiation and amount of compensation to Grantors.
2. Number of parcels acquired by condemnation and amount of compensation to Grantors.
3. Number of parcels acquired by administrative settlement and amount of compensation to Grantors.
4. Number of parcels acquired by donation and total value of the parcels.
5. The number of projects.

OUR VALUES: People • Accountability • Trust • Honesty

OUR MISSION: Through collaboration and leadership, we deliver a safe, reliable, and integrated transportation system that enables the movement of people and goods.

An Equal Opportunity Employer

In order to meet Federal deadlines, **please return this letter and the attached report by e-mail to lisa.dublin@txdot.gov no later than September 17, 2025.** All reports received will be compiled and sent to our Right of Way Division office in Austin for preparation of the annual statistical report to the Federal Highway Administration. If you have any questions or need additional information, please feel free to call Lisa Dublin at (512) 826-3162 (m). Your assistance is greatly appreciated.

Sincerely,

Lisa Dublin

Lisa Dublin
