BURNET COUNTY BUDGET POLICY

The stewardship of public funds is one of the greatest responsibilities the Commissioner's Court is tasked with. Therefore, the establishment and maintenance of budget policy is critical to ensure County officials protect public interests and promote citizens' confidence in County government...

I. General Policies

1. Burnet County will operate on a fiscal year which begins on October 1st and ends on September 30th.
2. Burnet County will continuously identify areas within the County for evaluation in order to improve efficiency and manage costs.
3. Cost/Benefit studies will be conducted, where appropriate and applicable, on non-recurring and recurring expenditures as well as capital projects.
4. Approved annual budgets, with amendments as approved by the Commissioner's Court, are the management control device utilized by the County. Annual appropriated budgets are adopted for the General, Road and Bridge and Debt Services Funds and lapse at fiscal year end.
5. Each department should make every effort to manage expenditures in a fiscally prudent manner. All programs should be monitored on a regular basis to ensure viability, necessity and efficiency.
6. Proposed expenditure recommendations shall include the following:
 - a. General Fund operating and maintenance expenditures
 - b. Road and Bridge Fund operating and maintenance expenditures
 - c. Debt Service Fund expenditures
 - d. Any additional information as requested by the Court
7. Technology requests should increase the efficiency of County government by improving the delivery of service, reducing duplication of data, increasing the accuracy of data, consolidating data entry efforts, reduce the necessity to add staff in future years or be required because of a new statutory requirement.

9. In order to maintain efficient and cost-effective services to the citizens of Burnet County, all budget requests are recommended to be prepared from the modified zero-based budgeting process justifying the proposed expenditures as well as utilizing the most current information and trend analysis.

II. Revenue and Transfer Policies

1. Burnet County will establish user charges and fees as permitted by law at a level related to the cost of providing that service to include direct and indirect costs.
2. When necessary, Burnet County will permit increases or decreases in user charges and fees. These charges and fees should be monitored and re-evaluated annually by each department head and/or elected official.
3. The County shall continuously seek public and private grants as well as other outside funding sources.
4. Road and Bridge increases in revenues will be allocated based on the methodology approved in a regular session of commissioners' court dated, July 25, 2017. That allocation is based on a combination of 50% of the revenue an even disposition of 25% to each precinct and the other 50% based on the current years taxable value per precinct.
5. Burnet County allows a department head, appointed/elected official or his/her designee to request line item transfers within their departmental budget throughout the fiscal year as outlined in section 6. Commissioners Court approval for all line items below transfers within operating sub-categories will not be required, unless deemed necessary by the County Auditor. Pursuant to Local Government Code Section 111.070, the Commissioner's Court may spend County funds only in strict compliance with the budget. The Commissioner's Court by order may amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing an emergency expenditure.
6. There will be no line item transfers approved from the following funds:
 - a. Salaries (except to other salary line items, if it follows county policy)
 - b. Fringe benefits (FICA, Retirement, and Health Benefits)
 - c. Gasoline
 - d. Cell Phones
 - e. Utilities
 - f. Contracts and Agreements
 - g. Capital Expenditures

7. It is the responsibility of each elected official/ department head to stay within their allotted budget (LGC111). Anytime a line item exceeds the budgeted amount a line item transfer must be immediately prepared from allowable line items within the department's budget and submitted to the court for approval. (LGC 111.070c). In the event that the department does not act, the County Auditor shall present a recommended line item transfer to the Commissioners Court to assist in the efficient and effective operations of the county by performing certain budget transfer activity which will aid the Commissioner's Court in assessing needs to appropriateness of fiscal activity. (GA-0154)

III. Reserve Policies

1. Burnet County will maintain at least a 25% level of fund balance in the General and Road & Bridge funds and 20% in Debt Service fund to mitigate current and future risks, maintain an exceptional bond rating, and for long-term planning.
2. It is imperative that all department heads as well as elected officials continuously review expenditures to ensure fiscal responsibility.

IV. Budget Amendment Policies

1. Pursuant to Local Government Code, Section 111.070 (b), the Commissioner's Court may authorize an emergency expenditure as an amendment to the original budget only in case of a grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention.
2. All budget amendments must be placed on the regular agenda for consideration by the Commissioner's court and any amendments creating an increase in budgetary commitment for the next fiscal year shall be specifically noted.
3. The re-appropriation at the beginning of a fiscal year of funds committed under a valid purchase orders issued prior to August 31st issued but unspent by September 30th of the prior fiscal year may require a budget amendment. These budget amendments have no net effect on spending but simply change the accounting year for expenditures.

V. Capital Improvement Policies

1. Capital improvement projects include major equipment, software purchases as well as construction and remodeling requiring extensive funding.
2. Capital improvement projects may be paid from current revenues or bonds. Bonds or other forms of debt will normally be used for capital projects when appropriate.

VI. Personnel Policies

1. It is the priority of the Court to provide adequate and qualified staffing for offices and departments while ensuring efficiency. Requests for staff should be made only for new programs and/or upon demonstrated increases in service requirements that cannot be met with improved technology or changes in procedures.

2. Positions will only be recommended and approved when a verifiable need is demonstrated. Complete documentation to include any applicable and verifiable statistics, metrics, compliance requirements, job description, etc. should be provided at the time of the request.
3. The Court encourages and supports allocating funding to ensure the County's work force is properly trained. It is recommended that all department heads as well as elected officials additionally support reasonable continuing education requests.
4. The Court strives to ensure, where possible and practical, that employee compensation will be competitive with other similarly situated counties and/or local municipalities.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

**NOTICE OF APPLICATION AND PRELIMINARY DECISION
FOR WATER QUALITY LAND APPLICATION PERMIT
FOR MUNICIPAL WASTEWATER****NEW****PERMIT NO. WQ0016769001**

APPLICATION AND PRELIMINARY DECISION. Arete Thomas Ranch Holdings, LLC, c/o Allen Boone Humphries Robinson LLP, 919 Congress Avenue, Suite 1500, Austin, Texas 78701, has applied to the Texas Commission on Environmental Quality (TCEQ) for a new permit, TCEQ Permit No. WQ0016769001 to authorize the disposal of treated domestic wastewater at a daily average flow not to exceed 510,000 gallons per day via surface irrigation on 191 acres of public access land. This permit will not authorize a discharge of pollutants into water in the state. TCEQ received this application on April 7, 2025.

The domestic wastewater treatment facility and disposal site will be located approximately 1.2 miles northwest of the intersection of Paleface Ranch Road and State Highway 71, in Travis County, Texas 78669, and 0.9 miles northwest of the intersection of Haynie Flat Road and Paleface Ranch Road, Burnet County, Texas 78669. The wastewater treatment facility and disposal site will be located in the drainage basin of Pedernales River in Segment No. 1414 of the Colorado River Basin. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. For the exact location, refer to the application.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-98.10984,30.426025&level=18>

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at Laura Bush Community Library, Front Desk, 9411 Bee Cave Road, Austin, in Travis County and Spicewood Community Library, Front Desk, 1011 Spur 191, Spicewood, in Burnet County, Texas. The application, including any updates, and associated notices are available electronically at the following webpage:

<https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tlap-applications>.

ALTERNATIVE LANGUAGE NOTICE. Alternative language notice in Spanish is available at <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>. El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/plain-language-summaries-and-public-notice>.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision.** A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.
