Service Charge Commercial - Repair - 1 MAN CSE01 This service charge covers the cost of dispatching one skilled technician to your location to diagnose and repair your commercial or industrial door or gate system. This service is designed to address a wide range of issues and restore the functionality of your door or gate quickly and efficiently. What's included: This service charge typically includes: Diagnosis: A thorough inspection and diagnosis of the problem with your door or gate system. Labor: One technician's labor for the time spent repairing your door or gate. Troubleshooting: Identifying the root cause of the issue and implementing the necessary repairs. Minor Adjustments: Making any necessary adjustments to ensure proper operation and balance. Safety Inspection: A safety inspection after the repair to ensure the door or gate is operating safely and in compliance with industry standards.	1.00	\$189.00	\$0.00	\$189.00

Common Repair Issues Covered:

Door or Gate Issues:

Broken springs
Damaged panels or sections

Misaligned tracks

Faulty hinges or rollers
Broken cables

Weather seal replacement

Operator Issues:

Motor malfunctions
Limit switch problems
Control board issues
Safety sensor malfunctions
Remote control or keypad issues

Benefits of this Service:

Expert Technicians: Our technicians are highly trained and experienced in repairing all types of commercial doors and gates.

Minimized Downtime: We strive to provide prompt and efficient service to minimize downtime and keep your operations running smoothly.

Quality Repairs: We use high-quality parts and industry best practices to ensure lasting repairs.

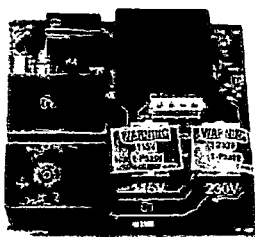

Safety and Compliance: We ensure that all repairs meet industry safety standards and regulations.

Important Notes:

This service charge covers the labor for one technician. If additional technicians or specialized equipment are required, additional charges may apply.

The cost of any replacement parts is not included in this service charge and will be quoted separately.

Contact our customer service team to schedule a repair service for your commercial door or gate.

Liftmaster 1PH L5 Power Board 115/230V K001D8396-1 For Commercial Operator LMC12

The LiftMaster 1PH L5 Power Board K001D8396-1 is a critical component for LiftMaster commercial garage door openers using Logic 5.0 controls. This single-phase power board provides the electrical power and control signals necessary for the opener's motor and various functions, ensuring reliable and safe operation.

Key Features:

1.00	\$349.00	\$0.00	\$349.00
------	----------	--------	----------

Single-Phase Power: Designed for single-phase power applications with 115/230V compatibility.

Logic 5.0 Compatibility: Works seamlessly with LiftMaster Logic 5.0 commercial operators, providing advanced control and functionality.

K4 Relay: Features the K4 relay for enhanced performance and reliability.

Essential Functions: Controls motor operation, safety features, lighting, and other accessories.

Easy Installation: Designed for straightforward installation as a replacement part for your existing LiftMaster commercial operator.

Benefits:

Reliable Power: Provides consistent and dependable power to the garage door opener.

Enhanced Safety: Supports the opener's safety features, including obstruction sensing and automatic reversing.

Improved Performance: Ensures smooth and efficient operation of the garage door.

Direct Replacement: A perfect replacement for faulty or damaged power boards in compatible LiftMaster operators.

Compatible with the following LiftMaster Commercial Operators:

Logic 5.0 operators, including models: H, J, and HJ series

T501L5

(Always check your operator's documentation to confirm compatibility)

Replaces these part numbers:

K001D8396

K001D8072-1

Important Note:

This power board is specifically designed for LiftMaster commercial operators with Logic 5.0 controls. It is not compatible with residential openers or other commercial models.

To: Elizabeth Edwards <eedwards@burnetsheriff.com>

Good Morning,

I hope you had a wonderful Thanksgiving. Attached is an invoice I received from XLR8 but I do not see where a PO was set up. Can you please help me with this?

Thanks,
Helen

On Mon, Dec 1, 2025 at 9:50 AM Elizabeth Edwards <eedwards@burnetsheriff.com> wrote:

Good morning Helen,

I hope you had a fabulous Thanksgiving.

I'm hoping you have access to see any and all outstanding invoices for XLR8, please.

I just sent in a PO request for additional embroidery for our newest employee but need to be ready for the potential outstanding invoices.

Thank you for your time,

EE

Good morning.

Please look over the attached invoice from D&W Printing. If everything looks good, please approve. I also noticed that we lack a Purchase Order (PO) for this invoice. Please make sure to request a PO for all purchases.

Thank you.

Yes ma'am, approved.

Thank you, also will ensure we develop processes that ensure a PO request is submitted with all purchases.

Thanks again!
