Subject: AAACAP Area Plan Public Comment Period
To:

Dear General Assembly Representative,

Early this week, the Area Agency on Aging of the Capital Area (AAACAP) opened the public comment period for its 2027-29 Area Plan. We invite you, community members, partners, and other stakeholders to review and provide feedback on its draft before the comment period ends on April 30. The plan outlines priorities, goals, and strategies to support older adults, caregivers, and communities across the CAPCOG 10-county region.

Public input is essential to ensuring the plan reflects the needs, experiences, and priorities of those we serve. We welcome comments from older adults, family caregivers, service providers, and community members. Everyone is encouraged to provide feedback on the proposed plan. So please also share this email with anyone whom may work with or need services or supports from AAACAP. All comments received will be carefully considered and may inform revisions to the final plan.

The draft and two other attachments are attached but can also be reviewed at <https://www.capcog.org/event/27-29-aaacap-area-plan-comments/>.

Instructions for providing feedback:

- Submit comments by email to Shirley Trapani, CAPCOG's Aging Services Special Projects Manager, at strapani@capcog.org
- The plan has line numbers in the left side margin. Please identify the line number or a number range to which the comment pertains. Providing the line number(s) will ensure your comment is correctly identified within the main plan document.
- Feel free to add a screenshot of the text that your comment is related to and insert it into the email or add it as an attachment.

Please Note: Formatting and pagination issues will be updated following the incorporation of public comments and corrections.

Jennifer Scott, CAPCOG's Aging Services Director, would like to thank your time and participation in this matter.

Mason W. Canales
