Richard,

Thanks for getting the quotes. Sheriff Boyd will review the SO budget tomorrow to see if a category exists from which the monthly rental can be paid immediately. Auditor Kelley and I will look at how to proceed with a permanent solution.

The SO will turn in an Agenda Item Request Form by Friday to request a Request for Bid (RFB) for generator and switch and Budget adjustment,

Please provide the Sheriff and Auditor with the specifications for both the switch and the generator sufficient to operate all necessary emergency equipment. If this can be purchased through the state contract (cooperative purchasing system) we should attempt that instead of issuing a RFB.

Thanks

We have received two pricing options for the generator: a weekly rate of **\$3,159.55** and a monthly rate of **\$7,577.87**.

Based on the anticipated timeline for replacement and installation, I recommend proceeding with the **monthly option**. If the project extends beyond a couple of weeks, the monthly rate becomes significantly more cost-effective. For comparison, four weeks

at the weekly rate totals approximately **\$12,638.20**, making the monthly option the more economical choice by a substantial margin.
