Dear Stakeholders,

We would like to inform you that the Regulatory Efficiency Review requested by the Texas Regulatory Efficiency Office (TREO) has been initiated.

As outlined in the correspondence from TREO Director Jerome Greener, our agency will be conducting a review of applicable administrative rules in accordance with Texas Government Code Chapter 465. This review will include an evaluation of existing rules to identify potential amendments or repeals that may improve regulatory efficiency.

Our team has begun the review process and will work collaboratively with TREO as they conduct their independent assessment. Follow-up communication will be provided to stakeholders as the review progresses and additional information becomes available.

We appreciate your support and engagement throughout this process. There is nothing you need to do or send us at this time. Should you have any questions, please feel free to contact our office.
