Burnet County Judge Oakley
Burnet, Texas

Dear James,

We enjoyed your presence and company at the tour of the Fuchs House in Horseshoe Bay yesterday. The leaders and citizens of the City of Horseshoe Bay appreciate all that Burnet County government does for the City. The close working environment between our two entities is greatly appreciated. It is a joy to work with you and Commissioner Joe Don Dockery.

The City would like to ask for some assistance refurbishing the Historical Fuchs House dating to the late 1800's. We would like to replace the roof with a historically approved one as soon as possible to protect the structure inside. The City has the assistance of several talented and dedicated volunteers working with the Burnet County Historical Commission to secure funds for a significant rehabilitation. However, until that is accomplished we are concerned that the poor condition of the wood shingle roof may jeopardize the inside of the home.

If you need any further information, please contact City Manager Stan R. Farmer at sfarmer@horseshoe-bay-tx.gov or 830-598-9940.

Sincerely,

Stephen T. Jordan
Mayor
City of Horseshoe Bay, Texas
