Description of Structure(s) covered _____

Research Pest Control, Inc agrees to treat structure(s) on the property as described above, and
only in area(s) noted on the graph on page 2, for the control of rodents/animals. These specific
rodent / animal control services are furnished to property (as listed above) for the mutually
agreed upon sum below. Warranty coverage for this service will expire in N/A from
the completion of said services. Any resulting service(s) will transpire ONLY under the following
terms and conditions:

- Research Pest Control, Inc will provide additional treatment during the contract period if
rodent/animal infestation is found occurring from treated area(s), without cost to the owner.
- Research Pest Control, Inc will not be responsible for rodent/animal infestation occurring from
untreated area(s).
- Re-inspection of the structure(s) by an authorized technician of Research Pest Control, Inc must be
performed. If any new treatment is deemed necessary in order to provide complete exclusion, it will
be discussed, and an estimate for that treatment will be negotiated.

RODENT DAMAGE DISCLAIMER: Research Pest Control Inc's responsibility for rodent
and/or animal damage (past, present, or future) is limited exclusively to the treatment of the
covered structure(s). Under no circumstances shall Research Pest Control Inc be responsible
for the repair of covered structure(s) due to rodent/animal damage. It is also understood that,
if applicable, the services as described will not begin until any structural repairs that the
Research Pest Control technician has deemed necessary to the structure(s) are completed.
Unless customer can exhibit proof otherwise, it is further understood that once Research Pest
Control has deemed structure as rodent (or animal) free, the service is considered complete.
The owner agrees to bind himself to pay Research Pest Control, Inc. as compensation for
labor, materials, and services herein contracted for, not including repairs and replacements,
the sum of:
