

AVS v

Danny Guess

125 Co Rd 256

Burnet, Texas 78611

I am a long time resident of the Burnet and Bertram area and reside in the Shady Grove area.

I was a Firefighter for the city of Austin for 31 years and am now retired.

During the years I worked for the Fire Department I began employment in 1974 as a fire specialist and then became a driver, Lieutenant, and then a Captain. I was also a certified EMT. I was recognized for outstanding rescue operations during one of the major floods in Austin. Beside the regular duties I have also done numerous building inspections.

While also employed at the City of Austin I worked as a home builder and installer of Earth Stoves. Prior to my employment as a firefighter I was employed by LCRA, constructing sub stations. I have built 4 of my own homes and added on to one.

I am a graduate of Burnet High School and attend school at Bertram until they were consolidated. I have been married for 47 years and have 2 children and even better, 2 grandchildren. My hobbies are restoring classic cars, ranching, building, and spending the summers caring for the 2 grandchildren.

I appreciate your consideration for this position and would look forward to volunteering more in my community.

Sincerely

Danny Guess
