RE: ESD Commissioner

Mr. Joe Don Dockery,

After talking to Dewey Hollingsworth last week, I would like to be considered for the position of EDS Commissioner to you, Joe Don Dockery, County Commissioner # 4. I want to help The Spicewood Community, The Spicewood VFD and EMS to thrive and be frugal and responsible for tax dollars collected.

Thank You

RE: Biography

Mr. Joe Don Dockery,

My name is Vernon Randolph Steele known as Randy Steele. I was Texas born in 1949. I went to grade school in Bertram and moved to Oklahoma City in 1960. I attended Moore, Oklahoma school thru the 11th grade and then moved to San Antonio where I graduated from Jefferson High School. I attended San Antonio College for 2-1/2 years. I got married in 1969 and am still married to my wife Karen. We have 2 boys and 4 grandkids.

When I was a kid growing up I used to love to come to Spicewood to my Granddads ranch off Middleton Rd and CR 408. My Grand Dad, Morris Middleton used to take me to Hollingsworth Corner where he would catch up on the latest news or play dominoes under the tree. There I met James Burton, Eli Fowler, Dawson Lewis and other old farmers and ranchers. I also remember Dewey Hollingsworth, then a teenager. We still have the Middleton Ranch now as a family ranch where we converted a large out building into a family kids camp bunk house. We just finished our 17th annual kids camp there in June.

I moved to Austin in 1970 with my wife and first son. Austin was different then and in 2013 I had enough of liberal Austin and we moved to Spicewood and built a new house just up the street from the Fire Station at 400 Gregg Dr. where we now live. It looks like we found a home and love the community and convenient location.

I have been in the construction industry most of my life. My company, R Steele Enterprises, Inc. specializes in light commercial projects. We have done hotels and other projects all over the East Coast, as well as in Austin, Houston, Dallas and San Antonio. Over the years I have been involved with budgets, time lines, project management, estimating and customer relations.

Sincerely,
