Dear Burnet County Commissioners Court,

After much thought, prayers and careful consideration, please accept this letter as the formal notification that I have chosen to retire as of December 31, 2018 and will be leaving my position with Burnet County and the Texas A&M AgriLife Extension Service as the Burnet County Family & Community Health Agent.

I would like to thank each of you, the citizens of Burnet County and the Texas A&M AgriLife Extension Service for allowing me the opportunity to serve as your Family and Community Health Agent for the past seven years. I have many fond memories of programming and networking opportunities that came my way through this position.

Please know that I will do my best to ensure that the required reports are completed and all records, program information and resources are left in satisfactory order. If I can be of any assistance during this transition, please let me know.

I would like to especially thank you for providing the amazing facilities for the Burnet County AgriLife Extension program. It has been a pleasure to enjoy being able to showcase our programs with our resources readily available to use. I feel very fortunate to have had the opportunity to work in Burnet County and would like to offer my best wishes for continued success through this position in the future.

Sincerely,

Linda Wells, BS/MA
