LCRA FUNDING				\$ 100,000
REMAINDER TO ALLOCATE				\$ 70,000

LCRA PASS THRU FUNDING ALLOCATION GUIDELINES:

Burnet County, Texas was provided \$100,000 from the Lower Colorado River Authority (LCRA) to assist in recovery efforts from the October 2018 flooding event. The intent of this assistance is to help ensure the health and safety of the public in debris removal.

The Burnet County Commissioners Court has determined it will allocate the majority of the funding out to the unincorporated areas and municipalities affected by the flood event. The methodology to be used is by basing the allocation on number of homes damaged by the flooding of October 2018. That allocation is attached.

The dumpsters cannot be provided for individual use, applications MUST be from a Municipality, POA, or combined GROUP of homeowners in the area.

The assistance is to provide help for debris removal and not to be used for repair and/or improvement of private property.

All dumpsters are to be filled by the applicant, no county resources are available for this project.

The municipalities may use the allocation for any approved debris removal in their municipality.

For dumpster request(s) in the unincorporated areas of Burnet County to be used for debris, please contact:

Commissioner Jim Luther, Jr. (512) 715-4112, JLuther@burnetcountytexas.org

Commissioner Joe Don Dockery (512) 715-2911, JDockery@burnetcountytexas.org

Signs will be placed at the dumpsters showing the type of debris not allowed. **Please do not use the dumpsters for mud, treated lumber, HHW, etc.**

Application process starts: **01/07/2019 and will continue until funding is expended.**

Cleanup to start and end: **01/14/2019-02/28/2019**

Applications and reports should be sent to: Karen Hardin, Director of County Administration
KHardin@burnetcountytexas.org

Written reports may be provided to Burnet County for actual use of the funding.

Burnet, Texas 78611

Dear Judge Oakley,

Please allow this letter to serve as a formal request for the disbursement of the \$15,000 allocated to the City of Marble Falls as part of the LCRA Pass Thru Funding granted to Burnet County.

In an effort to ensure the health and safety of the public and in accordance with the guidelines set forth, the funding will be utilized to remove debris and clean the waterways in the area of Johnson Park and the public boat ramp as well as the waterway surrounding both our primary and emergency raw water intake locations.

The City of Marble Falls appreciates the support of LCRA and Burnet County as we continue recovery efforts following the October 2018 Flood.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Hodge". The signature is fluid and cursive, with a long horizontal stroke at the end.

RE: LCRA Pass-through Funding

Dear Judge Oakley,

I would like to thank you, as well as Commissioners Dockery and Luther, for assistance that was provided to the residents of Southern Burnet County who were affected by the October 2018 flood and for the County's generous offer to pass through a portion of the funds received from LCRA.

Please let this letter serve as the City's intent to utilize the \$5,000 appropriation earmarked for the City of Meadowlakes for the following purposes:

- Replacement of the perimeter fence surrounding the City's raw water intake damaged by the October flood.
- Removal and disposal of flood debris near the City's raw water intake and Meadowlakes POA Lakeside Park.
- Provide dumpsters to be used by residents for their cleanup of the lake front during the lowering of Lake Marble Falls.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Johnnie Thompson", is written over a horizontal line.
