

APPENDIX G

Groundwater Availability Certification for Platting

Pursuant to 232.0032 of the Texas Local Government Code, if the source of the water supply intended for the subdivision is groundwater under that land, the plat application shall have attached to it a statement that:

1. Is prepared for the plat applicant by an engineer or geoscientist licensed to practice in the State of Texas.
2. Certifies that adequate groundwater is available for the subdivision.

The form and content of this certification shall be in compliance with all applicable rules of the Texas Commission on Environmental Quality (TCEQ), including 30 Texas Administrative Code, Chapter 230. The plat applicant also shall transmit to the Texas Water Development Board (TWDB) and the Central Texas Groundwater Conservation District (CTGCD) information required by 30 Texas Administrative Code, Chapter 230. Prior to the approval, if any, of the plat by the Burnet County Commissioners Court, the plat applicant shall confirm and verify in writing to the Burnet County Commissioners Court, using the TCEQ form, that all required information has been transmitted to the TWDB and the CTGCD.
