

To Burnet, Tx County

Hello we our the Killough at 133 Elm street Granite Shoals Tx. We were advised in writing to tell why our Tax's our late, First of all we Know our problems our not yours. We have owned this property for at Least 30 years or longer. We love the Hill Country but each year its Harder to visit. We planned for this to be our retirement home but due To a daughter and her Three wonderful boys ages 5,10,11 we needed to help raise them. Their now 16,20,21, high school and two Received grants going to Corpus Christi A&M College. This is still Their home. The boys have part time jobs, Proud of them.

Norman is my big concern lots of health issues no longer can drive but we still live like the world is wonderful lots of laughter. I still work at the ACISD Transportation as a Bus Monitor I do love this job. Starting my eighth year. Our age Norm 82 me 80 until Oct.

After talking with your tax office speaking with Jeff Goble to send a check for taxes he had to let us know he could take the money which was not enough but the tax penalty would go on each month and we did not have it and our borrowing has come to a halt. Next thing was to call School District a very nice helpful lady, then called Burnet County very nice and helpful they called back to have me write this letter as to why I need help.

After looking into our financial situation lots of talking Normans health issues price of everything going up not getting to visit this place like it should be We will be selling, or renting not sure.

We have made lots of mistakes in our lifetime but barring on our paid for home here was the biggest. Doctors and Hospitals were pressuring us lots of phone calls so we paid them we our now still paying 25.00 a month after help from an attorney. Norm is worth it.

We our asking this one time for help on penalties we owe.

Thank You

Norman & Betty Killough 1206 Enterprise Blvd. Rockport,tx. 78382.
