Dear Judge Oakley:

We have received notice from the U.S. Secretary of Agriculture that your county has been designated eligible to apply for low-interest emergency disaster loans based on drought occurring October 1, 2019 and continuing. Twenty-five Texas counties have been declared primary natural disaster areas. There are an additional fifty-two other Texas counties designated as a contiguous counties.

The Secretary has notified the Administrator of the Farm Service Agency (FSA) to immediately make emergency loans available to eligible applicants in your county. Your local FSA office will have the details on this program.

In addition, the Small Business Administration (SBA), in an agreement with the U.S. Department of Agriculture (USDA), provides low-interest federal disaster loans to eligible small businesses dependent on farmers and ranchers in counties that have received a disaster declaration from the Secretary of Agriculture.

I have enclosed a copy of the information provided by the USDA. If you have any questions, please call Debra Rivier-Harris at (512) 424-7835.
