Stephanie,

Will you please place the following on the next agenda?

* Discuss the purchase of a computer for JP #4 out of Justice Court Technology funds and take action as necessary.

Thank you,

Karin

Karen,

Thank you for your response. If there are not funds available from the Cares Act, I would like to purchase one from the Tech fund. We do need it for our courtroom.

Sincerely,
Debbie Bindseil

Judge Bindseil,

I received the email below from Ana and I will check with Ben to see what is available. I do not know yet what funding if any the County will be receiving under the new expanded Cares Act. If there is not a laptop or surface pro available, do you want to purchase a new one out of the Justice Court Technology funds?

Karin

Good afternoon Kathy,

Our office is in need of a surface pro. Some litigants have no access to technology and we are required to accomodate them by providing access to a device.

The OCA is prohibiting in person hearings unless the District Judge recertifies the operating plan. Would you please check if we can obtain access to any funds that could help provide an additional laptop for the JP4 office?

Did we receive any sort of grants of funds with the bill that was recently passed? We have bench trials scheduled and will NEED to have a way to accommodate defendants without access to the internet. Please advise, Thank you.
