Re: Project 211707
Lots 5A and 5B, Granite Shoals Subdivision No. 1

Dear Codey:

Concerning water service to the above referenced proposed replat. Kingsland Water Supply Corporation (KWSC) does have water service available to this area of replat.

When service is desired and all financial obligations to KWSC are met, we can make tap(s) and install meter(s) to provide service to the desired lot(s) in accordance with our Tariff.

Just a reminder; all lots with water wells will have to meet all KWSC requirements. At the time the meters are placed there will be an on-site Customer Service Inspection by KWSC field personnel to insure there are no "Cross Connections." Each CSI does have a Fee based per KWSC Tariff. If you have additional questions, please contact me.

Sincerely

Leonard Leinfelder
General Manager
