Stephanie and Cindy,

Will you please place the following on the next agenda?

* Discuss and take action to authorize the purchase of technology equipment in the amount of \$9,300 from JP #1 Justice Court Technology funds.

Thanks,

Karin

Good afternoon, Karin!

I would like to utilize money in the JP1 Tech Fund for the following equipment:

- 1 Surface Workbook \$3,500
- 2 Epson Scanners \$700 each
- 1 Ticket Printer \$2,000
- 1 Stalker Radar \$2,400

Prices are approximate, for a total of \$9,300. Some of the requested items will be used by Constable Ray for the benefit of my office.

Please let me know if you require additional information.

THANK YOU!

Please let me know what items you would like to purchase, and we can get it on the next agenda for approval. I believe all the items would be allowable out of tech funds.

Approximate prices are as follows: Surface Workbook \$3,500, Two (2 @ \$700) Scanners \$1,400, Ticket Printer \$2,000 and Stalker Radar \$2,400.

Thank you,

Karin

That's okay!!! Just keep in mind that you can dip into these funds (as the law allows) for items that Leslie is needing.

I am so sorry for the late response. With Joan and Carole retiring, I have been a little behind. I'll work on getting you those figures.

Good afternoon!

The reason I'm asking about these funds is that I would like to help Leslie Ray pay for some of the items he's needing for his new truck. Additionally, I need a new Surface Workbook and possibly two new scanners.
