To whom it may concern

I am writing to you to ask that the Property Tax Late penalty recently assessed against my residence in Burnet County be waived. My reason for asking is that I did in fact put my Tax Payment in the mail on January 30th 2023. I understand it received a postmark of February 3rd due to the Ice Storm that affected mail pickup in the Spicewood TX Area (where I mailed it from)

I have attached an image of the cashed check showing the 01-31-23 date. I assumed by dropping it in the mail in Spicewood on the 30th it would be there by the 31st. I obviously had no idea the storm was going to be that bad.

I appreciate your attention to this matter. If you need any further information please let me know.

I have also written Burnet CISD asking them to forgive as well.

Regards

Greg Blumberg
