Regarding: Changing address from 800 Hill St to 710 Hill Street in Council Creek

Dear Jessica,

I wanted to take the time to thank you for your quick response to the dilemma we had on our home address on Hill Street in Council Creek being the exact same address number as the "Hill Street" in the city limits of Burnet.

My husband and I greatly appreciate you and Mr. Luther looking into this situation so expediently.

Thank you so much for discussing this with me and resolving the matter by changing our house number since changing the street name would not have been feasible.

The turnaround time was less than a week after my letter to Mr. Luther and you. I was expecting it to take longer, because I know you probably have more important issues than mine to deal with.

So again a big thank you so much for your assistance with this matter.

Kindest regards,
