"Officials made a choice to approve, adopt and purchase uncertified, non-compliant election voting equipment that do not adhere to the standards set forth in Title 8 of the Texas Election Code for every election we've had since 2020."

"Texans have experienced innumerable injuries caused by the Constitutional violations of their state and local officials."

"How does the ballot box help when Texans must cast a vote to an unlawful or uncertified, non-compliant EVS [electronic voting system] that illegalizes their vote?"

These are all direct quotes from this article: [Accreditation Failures Usurp Voters](#)

That article expands on claims presented by Jarrett Woodward to the Burnet County Commissioners on August 8, 2023, Agenda item #5. I would like to point out that no one at the county has refuted any claim made by Mr. Woodward. **Not one.** And yet the Commissioners have already approved consolidated precincts and vote centers for the November 2023 election, and the Burnet County Elections Administrator, Doug Ferguson, has already posted a Notice in the local papers regarding the County's intent to use the unlawful, uncertified, non-compliant electronic voting system in the

November 2023 election. In fact, Mr. Ferguson has already completed the "logic & accuracy" test on the machines on Monday, September 18, 2023.

Commissioners: Are you planning to formally adopt the unlawful, uncertified, non-compliant electronic voting system for the November 2023 election?

It is well past time for Judge Oakley, Commissioners Luther, Beierle, Wall and Dockery, Election Administrator Ferguson, County Attorney Arredondo, District Attorney McAfee and Sheriff Boyd, as well as every member of the Burnet County Republican Party Executive Committee, to educate themselves on the corrupt, uncertified, legally deficient voting system that Burnet County has used since at least 2009.

Please watch EVERY VIDEO on this website: <https://www.machinefreevoting.com/>

Why is it that certain requirements of federal and state election law are not being followed in Burnet County?

Ignorance of the law is NO EXCUSE.

Sincerely,
